PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON NOVEMBER 25, 2003

This Proxy Statement and the accompanying form of proxy is furnished to stockholders of AquaCell Technologies, Inc. ("Company") in connection with the solicitation of proxies, in the accompanying form, by the Board of Directors of the Company for use in voting at the Annual Meeting of Stockholders to be held at The Center Club, 650 Town Center Drive, Costa Mesa, California 92626 on November 25, 2003, at 11:00 a.m., and at any and all adjournments thereof. Any proxy given pursuant to this solicitation may be revoked by the person giving it by giving notice to the Secretary of the Company in person, or by written notification actually received by the Secretary, at any time prior to its being exercised. Unless otherwise specified in the proxy, shares represented by proxies will be voted FOR the election of the nominees listed herein.

The Company's executive offices are located at 10410 Trademark Street, Rancho Cucamonga, CA 91730. On or about October 23, 2003, this Proxy Statement and the accompanying form of proxy, together with a copy of the Annual Report of the Company

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

for the fiscal year ended June 30, 2003, are to be mailed to each stockholder of record at the close of business on October 3, 2003.

VOTING SECURITIES

The Board of Directors has fixed the close of business on October 3, 2003, as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting. Only stockholders of record at the close of business on that date will be entitled to vote at the Annual Meeting or any and all adjournments thereof. As of October 3, 2003, the Company had issued and outstanding 10,454,255 shares of Common Stock, the Company's only class of voting securities outstanding. Each stockholder of the Company will be entitled to one vote for each share of Common Stock registered in his name on the record date. The presence, in person or by proxy, of a majority of all of the outstanding shares of Common Stock constitutes a quorum at the Annual Meeting. Proxies relating to "street name" shares that are returned to the Company but marked by brokers as "not voted" will be treated as shares present for purposes of determining the presence of a quorum on all matters but will not be treated as shares entitled to vote on the matter as to which authority to vote is withheld by the broker ("broker non-votes"). The election of directors requires a plurality vote of those shares voted at the Annual Meeting with respect to the election of directors. "Plurality" means that the individuals who receive the largest number of votes cast "FOR" are elected as directors. Consequently, any shares not voted "FOR" a particular nominee (whether as a result of a direction to withhold authority or a broker non-vote) will not be counted in such nominee's favor. All other matters to be voted on will be decided by the affirmative vote of a majority of the shares present or represented at the Annual Meeting and entitled to vote. On any such matter, an abstention will have the same effect as a negative vote, but because shares held by brokers will not be considered entitled to vote on matters as to which the brokers withhold authority, a broker non-vote will have no effect on the vote. Stockholders who purchased shares of common stock in the September 2003 private placement must abstain from voting on Proposal No. 3.

The following table sets forth certain information as of October 3, 2003 (on which date 10,454,255 shares of the Company's Common Stock were outstanding), with respect to (i) those persons or groups known to the Company to beneficially own more than 5% of the Company's Common Stock, (ii) each director and nominee, (iii) each executive officer whose compensation exceeded \$100,000 in fiscal 2003, and (iv) all directors and executive officers as a group. The information is determined in accordance with Rule 13d-3 promulgated under the Securities Exchange Act of 1934 based upon information furnished by the persons listed or contained in filings made by them with the Securities and Exchange Commission.

The Amex's listing standards define "financially literate" as being able to read and understand fundamental financial statements (including a company's balance sheet, income statement and cash flow statement).

Pursuant to the audit committee's written charter, which was adopted on June 1, 2000, the audit committee's responsibilities include, among other things:

The Company's audit committee has met and held discussions with management and its independent auditors. Management represented to the committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Company's independent auditors also provided the audit committee with the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the committee discussed with the independent auditors and management the auditors' independence, including with regard to fees for services rendered during the fiscal year and for all other professional services rendered by the Company's independent auditors. Based upon the committee's discussion with management and the independent auditors and the committee's review of the representations of management and the report of the independent auditors to the audit committee, the committee recommended that the Board of Directors include the audited consolidated financial statements in its annual report on Form 10-KSB for the fiscal year ended June 30, 2003.

The Compensation Committee of the Board of Directors met once during the 2003 fiscal year. The Committee has not developed a formal compensation policy for the Company's executive officers.

Summary of 1998 Incentive Stock Plan

Our 1998 Incentive Stock Plan, covering 1,000,000 shares of our Common Stock, is administered by the Compensation Committee of our Board of Directors. Among the Compensation Committee's powers will be the authority to:

- . interpret the plan;
- . establish rules and regulations for its operation;
- . select officers, other key employees, consultants and advisors to receive awards; and
- . determine the form, amount and other terms and conditions of awards.

Directors, officers, key employees and independent

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

contractors will be eligible to participate in the plan. The selection of participants is within the discretion of the Compensation Committee.

The plan provides for the grant of any or all of the following types of awards:

- . stock options, including nonqualified stock options and incentive stock options;
- . stock awards;
- . stock appreciation rights;
- . performance shares; and
- . performance units.

Awards may be granted by themselves, in combination or in tandem with other awards as determined by the Compensation Committee.

- . Under the plan, the Compensation Committee may grant awards in the form of nonqualified stock options or incentive stock options, shares of our Common Stock, stock appreciation rights, performance shares or performance units. The Compensation Committee, with regard to each stock option, will determine the number of shares subject to the option, the manner and time of the option's exercise and vesting, and the exercise price per share of stock subject to the option. The following limitations are applicable under the plan: no incentive stock options may be exercisable later than ten years after the date they are granted and no nonqualified stock options may be exercisable later than fifteen years after the date they are granted;
- . the aggregate fair market value at the time of grant of shares of Common Stock with respect to which incentive stock options are exercisable for the first time by a participant during any calendar year cannot be more than \$100,000;
- . the exercise price of a stock option will not be less than 100% of the fair market value of the shares of Common Stock on the date the option is granted for incentive stock options or less than 85% of the market value for non qualified stock options (or, in either case, not less than 110% of fair market value if the optionee is an officer, director or a 10% stockholder);
- . the option price must be paid by a participant by check or, in the discretion of the Compensation Committee, by delivery of our Common Stock; and
- . awards may be subject to such terms, conditions, restrictions or limitations, as the Compensation Committee deems appropriate, including restrictions on transferability and continued employment.

Under the plan, each stock appreciation right will entitle

the holder to elect to receive the appreciation in the fair market value of the shares subject to the stock appreciation right up to the date the right is exercised. Stock appreciation rights may be granted independent of, or in connection with, stock options. In the case of stock appreciation rights issued independent of stock options, the appreciation shall not be measured from a value less than 85% of the fair market value of the shares on the date of grant. If the stock appreciation rights are issued in connection with stock options, the appreciation shall be measured from not less than the option price. No stock appreciation right may be exercised earlier than six months after the date of grant or later than the earlier of the term of the related option or fifteen years after the date it was granted.

Performance shares and units may be awarded either alone or in addition to other awards and will consist of:

- . in the case of performance shares, the right to receive shares of Common Stock or cash of equal value at the end of a specified performance period; or
- . in the case of performance units, the right to receive a fixed dollar amount, payable in cash or shares of Common Stock or a combination of both at the end of a specified performance period.

The Compensation Committee may condition the performance shares or units on the attainment of specified performance goals or such other facts or criteria as the committee shall determine.

The plan provides that awards shall not be transferable otherwise than by law or by will or the laws of descent and distribution. However, the Compensation Committee may permit the transferability of an award to members of the participant's immediate family or trusts or family partnerships for the benefit of such family members.

The Board of Directors has the right to amend, suspend or terminate the plan at any time, subject to the rights of participants under any outstanding awards. However, no amendment to the plan may be made without the approval of our stockholders if such approval is required by law or regulatory authority.

Proposal No. 4 hereinafter seeks stockholder approval of an amendment to the 1998 Plan increasing the number of shares thereunder from 1,000,000 to 2,000,000. (See Proposal No. 4.) No Plan securities were issued to any of the Company's executive officers or directors during the last fiscal year.

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

Description of Capital Stock

General

Our authorized capital stock consists of 50 million shares of capital stock, par value \$0.001 per share. Currently 40 million of such shares of capital stock are classified as Common Stock and 10 million are classified as Preferred Stock. On October 3, 2003, 10,429,255 shares of our common stock were outstanding and held by 123 stockholders of record and the Company believes approximately 700 holders in the float. Our Restated Certificate of Incorporation authorizes the Board to classify any of the unissued shares of authorized Preferred Stock into one or more different classes or series of Preferred Stock which may be issued from time to time with such distinctive designations, rights and preferences as may be determined by the Board. We may issue Preferred Stock for possible future financings of acquisitions or for general corporate purposes without any legal requirement that further stockholder authorization for such issuance be obtained. The issuance of Preferred Stock could have the effect of making an attempt to gain control of us more difficult by means of a merger, tender offer, proxy contest or otherwise. Preferred Stock, if issued, could have a preference on dividend payments which could affect our ability to make dividend distributions to the holders of our Common Stock.

Common Stock

Dividends. Holders of our Common Stock will be entitled to dividends declared and payable at such times and in such amounts as the Board will from time to time determine out of funds legally available therefore. The rights of holders of our Common Stock to receive dividends will be subject and subordinate to the rights of any future holders of Preferred Stock as may be authorized by us.

Liquidation. Upon our liquidation, dissolution or winding up (either voluntary or involuntary), after payment of liabilities, any future holders of classes of our Preferred Stock or other senior stock, as may be authorized by us, will be entitled to receive the payment of all liquidation and other preference amounts; the holders of our Common Stock will be entitled to receive our remaining assets available for distribution to our stockholders pro rata according to the number of shares held. The following shall not constitute a liquidation, dissolution or winding up for the foregoing purposes:

10

- . our consolidation or merger with or into another corporation;
- . a merger of any other corporation with or into us or
- . the sale of all or substantially all of our property or business (other than in connection with a winding up of our business).

Voting. Each holder of our Common Stock is entitled to one vote for each share held of record on each matter submitted to vote of holders of our Common Stock.

Other Rights. There are no preemptive or other subscription conversion, redemption or sinking fund rights or provisions with respect to shares of our Common Stock. We hold annual stockholder meetings, and special meetings may be called by the President or Secretary or holders of at least 20% of the total voting power of all outstanding share of our capital stock then entitled to vote or a majority of the Board. Our Restated Certificate of Incorporation may be amended in accordance with the Delaware General Corporation Law, subject to certain limitations set forth therein.

Outstanding Options and Warrants

As of record date, up to 6,339,638 shares of Common Stock are issuable pursuant to outstanding options and warrants as follows:

- . 506,000 shares of Common Stock are issuable, in connection with outstanding options, at a weighted average exercise price of \$0.90; and
- . 5,833,638 shares of Common Stock are issuable, in connection with outstanding warrants, at a weighted average exercise price of \$2.55.

Series A Preferred Stock

Our Board has designated 1,870,000 shares of our preferred stock as Series A Preferred Stock, 1,185,000 shares of which were issued to private placement investors in April and May, 2003.

Dividends. The series A preferred stock will pay a cash dividend, payable quarterly, at the rate of 8% per annum.

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

Dividends will cumulate if not paid.

Liquidation Preference. The series A preferred stock will have priority over common stock in the event of liquidation equal to its stated value, plus accrued and unpaid dividends.

Voluntary Conversion. Each share of the series A preferred stock will be convertible, at the option of the holder, into one share of common stock (subject to standard adjustments for stock splits and dividends).

Mandatory Conversion. Each share of the series A preferred stock automatically converts into common stock if (i) the closing price of the common stock is at least \$1.89 per share (subject to standard adjustments for stocks, splits and dividends) for 20 consecutive trading days and (ii) either (a) at least one year has passed since the issuance of the preferred stock or (b) a registration statement registering the resale of the common stock issuable upon conversion has been declared effective by the SEC and the related prospectus remains current.

Voting. Holders of the series A preferred stock will not have voting rights until their shares are converted into common stock, except as required by Delaware Law.

Seniority. We may establish other series of preferred stock senior to or parri passu with the series A preferred stock.

PROPOSAL NO. 3

TO RATIFY THE ISSUANCE OF 1,703,031 SHARES OF COMMON STOCK
IN CONNECTION WITH A PRIVATE PLACEMENT COMPLETED IN SEPTEMBER,
2003 TO COMPLY WITH AMEX RULE 713

In November 2002 we began exploring ways in which we could raise additional capital to execute our business strategy and concluded that raising capital privately was the most effective way to raise the minimum amount of proceeds we foreseeably needed in the shortest time frame. In April 2003 we completed a private placement of 685,000 Series A Convertible Preferred shares at \$0.63 per share together with a matching number of warrants exercisable at \$1.16 per share. In May 2003 we completed a second private placement of 500,000 Series A Convertible Preferred shares at \$0.75 per share with a matching number of warrants exercisable at \$1.60 per share. In both cases the warrant exercise price exceeded the closing price of the Company's common stock on AMEX on the day prior to the closing of the private placement. The sale of 1,185,000 Preferred A shares, convertible into common shares on a one-to-one basis represented less than 20% of the Company's common stock, and therefore did not require stockholders' approval pursuant to AMEX Rule 713.

In September 2003, the Company completed an additional private placement of 1,703,031 shares of its common stock at \$1.50 per share, each share accompanied by a warrant exercisable at \$4.00 per share. All sales of convertible preferred and common stock were made at a discount to market at the time of each transaction, as this provided the Company with the fastest access to funds necessary to execute our business plan. The Company

believed that due to distinction between the securities sold and the lapse in time between the placements, that Rule 713 was inapplicable. The shares underlying both the convertible preferred shares and the warrants as well as the common shares issued in the private placements are being registered with the Securities and Exchange Commission. In connection with this registration, we are seeking to list the additional shares on AMEX. We were informed by the listing qualifications personnel at AMEX that the issuance of the preferred and common shares should be considered together. Under those circumstances the issuances exceed the 20% limitation of Rule 713. After additional discussions with the AMEX, we agreed that we would seek stockholders' approval of the September issuance.

The AMEX has the authority to delist the securities of any issuer that fails to comply with its listing criteria, including the stockholder voting provisions of Rule 713. Therefore, if we do not obtain stockholders' approval to issue the 1,703,031 shares of common stock in excess of the limits of Rule 713, and we nonetheless issue such shares, the Company's common stock could be delisted from the AMEX. In the event of the delisting of the Company's securities from the AMEX, trading, if any, in the Company's securities would thereafter be conducted in the non-Nasdaq over-the-counter market. As a result of such delisting, the market price of the Company's common stock could be adversely affected and an investor could find it more difficult to dispose, or to obtain accurate quotations as to the market value, of the common stock.

The Board of Directors recommends a vote FOR Proposal No. 3.

PROPOSAL NO. 4:
AMENDMENT OF THE COMPANY'S 1998 INCENTIVE STOCK PLAN

In order to provide the Company the ability to issue options, the Board adopted the 1998 Incentive Stock Plan (the "1998 Plan") on August 28, 1998. The 1998 Plan is intended to encourage stock ownership by officers, employees, independent contractors and advisors of the Company and thereby enhance their proprietary interest in the Company.

On September 14, 2003, the Board of Directors adopted a resolution, subject to shareholder approval, to amend the 1998 Plan to increase the number of shares issuable thereunder from 1,000,000 to 2,000,000. The Board of Directors believes that stock options are valuable tools for the recruitment, retention and motivation of qualified employees, including officers and other persons who can contribute materially to the Company's success. As of June 30, 2003, options to purchase 476,000 shares were outstanding under the 1998 Plan. The Board of Directors believes that equity ownership by management and other employees has contributed to the Company's growth over the past five years. The Board believes that it is important to have additional shares

available under the 1998 Plan to provide adequate incentives to the Company's growing workforce and to continue aligning the interests of management with those of the Company's stockholders.

Edgar Filing: AQUACELL TECHNOLOGIES INC - Form PRER14A

A summary of the significant provisions of the 1998 Plan, as amended from 1,000,000 shares to 2,000,000 shares is set forth below.

Administration of the 1998 Plan

The 1998 Plan is administered by the compensation committee (the "Committee") consisting of two or more persons who are appointed by, and serve at the pleasure of, the Board and each of whom is a "disinterested person" as that term is defined in Rule 16b of the General Rules and Regulations under the Securities Exchange Act of 1934. Subject to the express provisions of the 1998 Plan, the Committee has the sole discretion to determine to whom among those eligible, and the time or times at which, options will be granted, the number of shares to be subject to each option and the manner in and price at which options may be exercised. In making such determinations, the Committee may take into account the nature and period of service of eligible employees, their level of compensation, their past, present and potential contributions to the Company and such other factors as the Committee in its discretion deems relevant. Options are designated at the time of grant as either "Incentive Stock Options" intended to qualify under Section 422 of the Internal Revenue Code (the "Code") or "non-qualified options" which do not so qualify.

The Committee may amend, suspend or terminate the 1998 Plan at any time, except that no amendment may be adopted without the approval of shareholders which would (i) increase the maximum number of shares which may be issued pursuant to the exercise of options granted under the Plan; (ii) change the eligibility requirements for participation in the 1998 Plan; (iii) permit the grant of any incentive stock option under the 1998 Plan with an option price of less than 10% of the fair market value of the shares at the time such incentive stock option is granted; or (iv) extend the term of any incentive stock options or the period during which any incentive stock options may be granted under the 1998 Plan.

Unless the 1998 Plan is terminated earlier by the Board, the 1998 Plan will terminate on December 31, 2008.

Shares Subject to the Plan

No more than 2,000,000 shares of Common Stock may be issued pursuant to the exercise of options granted under the 1998 Plan. If any option expires or terminates for any reason, without having been exercised in full, the unpurchased shares subject to such option will be available again for purposes of the 1998 Plan.

Under certain circumstances involving a change in the number of shares of Common Stock without the receipt by the Company of any consideration therefore, such as a stock split, stock consolidation or payment of a stock dividend, the class and aggregate number of shares of Common Stock in respect of which options may be granted under the 1998 Plan, the class and number of shares subject to each outstanding option and the option price per share will be proportionately adjusted. In addition, if the Company is involved in a merger, consolidation, dissolution or

liquidation, the options granted under the 1998 Plan will be adjusted or, under certain conditions, will terminate, subject to the right of the option holder to exercise his option or a comparable option substituted at the discretion of the Company prior to such event. An option may not be transferred other than by, will or by the laws of descent and distribution, and during the lifetime of the option holder may be exercised only by such holder.

Participation

The Committee is authorized to grant incentive stock options from time to time to such employees of the Company as the Committee, in its sole discretion, may determine. Employees of the Company, advisors and independent contractors providing services to the Company are eligible to receive non-qualified options under the 1998 Plan. There are approximately 25 people who may participate in the 1998 Plan at the present time.

Option Price

The exercise price of each option is determined by the Committee, but may not, in the case of incentive stock options, be less than 100% of the fair market value of the shares of Common Stock covered by the option on the date the option is granted. In the case of non-qualified options, the option price per share may be less than, equal to or greater than the fair

13

market value of the shares of Common Stock covered by the option on the date the option is granted but not less than 85% of the Fair Market Value of the Common Stock shares on the grant date. If an incentive stock option is to be granted to an employee who owns over 10% of the total combined voting power of all classes of the Company's stock, then the exercise price may not be less than 110% of the fair market value of the Common Stock covered by the incentive stock option on the date the option is granted.

Terms of Options

The Committee has the discretion to fix the term of each option granted under the 1998 Plan, except past the maximum length of term of each option is 10 years, subject to earlier termination as provided in the Plan.

Required Vote

The affirmative vote of holders of a majority of the shares of Common Stock present, in person or by proxy, at the Annual Meeting is required to approve the 1998 Plan pursuant to the following resolution:

"RESOLVED, that the Company's 1998 Stock Option Plan be amended to provide for the issuance of up to 2,000,000 shares in the aggregate."
