MARC OCZACHOWSKI
CHIEF EXECUTIVE OFFICER

Dear EDAP Shareholders,

We are pleased to convey to you that our upcoming shareholders' meeting is scheduled to convene on June 24, 2010. EDAP's Board of Directors and management would like to take this opportunity to request your support for the attached resolutions that are detailed in the enclosed Board report. By voting in favor of the existing and proposed resolutions, you will provide the Company with the flexibility to continue to pursue its development strategy. .

At the shareholders meeting on October 30, 2009, you approved resolutions that allowed us to conduct negotiations with our bondholders with the intention to reduce part of our convertible debt. Thereafter, we implemented a supplement to the existing debt contract, which allowed for redemption of USD 1.5 million. Additional delegations included in the attached resolutions provide for an extension of such resolutions to ensure implementation within an appropriate timeframe without convening additional shareholders meetings. At our June 24, 2010 assembly, we are proposing additional resolutions that will allow certain categories of persons, including physicians using EDAP technologies, management and directors, to participate in future capital raises.

These anticipated increases in capital, aimed principally at improving the Company's balance sheet and providing management with the flexibility to pursue strategic objectives, will be implemented within the existing authorized dilution parameters that have already received shareholder approval.

The enclosed Board of Directors report provides a summary of resolutions submitted to your vote on June 24, 2010.

In the name of the Board of Directors of EDAP,
I wish to thank you for your continuous support.

Sincerely,

Philippe CHAUVEAU
Chairman of the Board

DECISIONS RELATING TO THE ORDINARY GENERAL SHAREHOLDERS' MEETING

Management report on 2009 activity closed on December 31, 2009:

We invite you to read the management report available as per French dispositions and the Company's 2009 Annual Report on 2009 consolidated accounts (available on the Company's website www.edap-tms.com, Investor Relations section) to have a detailed view of our 2009 activity and subsequent events which occurred since January 1, 2010.

DECISIONS RELATING TO THE EXTRAORDINARY SHAREHOLDERS' MEETING

Prior to examining the various proposals submitted to your approval, please find below a summary of the reasons that have led us to call the extraordinary general meeting.

On October 30, 2009, we convened you to submit to you certain resolutions allowing us to renegotiate, in the best of your interests, with the OCRABSA holders the bond indebtedness of the Company and, if need be, to seize financing opportunities in order to strengthen the Company's resources and its growth potential. We would now like to renew and thus extend the validity of the delegations granted to the Board of Directors in order to renegotiate the bond indebtedness of the Company, within the dilution limit previously authorized (resolutions 5, 7, 8 and 9). The resolutions submitted to you would therefore allow your Board of Directors to have all authorizations to best take advantage of any opportunities for renegotiation it may have, and to provide the Company with the most flexibility so as to respond, under the best conditions, to any opportunity in the course of such renegotiation without having to reconvene the shareholders.

In addition, in accordance with French and international standards and in the interest of the Company, in the view of its development, it seems appropriate to us to grant various financial delegations to your Board of Directors (resolutions 10 to 13), which would allow it to implement share capital increases, immediately or in the future, with or without preferential subscription rights, with the same objective of responding to opportunities which may present themselves to the Company and thus allow it to increase shareholder equity.

Finally, in line with the profit-sharing plan that the Company intends to implement in favor of its employees and officers, we propose that you grant a delegation of authority to your Board of Directors so that it may carry out share capital increases reserved to one or more categories of persons who meet certain specified characteristics and to grant an authorization to your Board of Directors to allow it to grant options to purchase the Company's shares (resolutions 14 and 15).

Please note that we believe that it is important to stay within the limits on dilution of shareholders previously authorized by the extraordinary Shareholders' Meetings of May 22, 2007, February 26, 2009 and October 30, 2009 (resolution 6). Therefore the maximum aggregate nominal amount of share capital increases that may be consummated pursuant to the delegations we propose you to grant to your Board of Directors would remain set at 846,608.10 euros, i.e., a maximum number of shares of 6,512,370 with a nominal value of 0.13 euros each. This amount would be the same as the amount set by the Shareholders' Meeting of October 30, 2009 which was of 926,437.07 euros, after having subtracted the portion of the authorizations already used by the Board of Directors since that date. This amount would be an aggregate maximum which would be the same for all resolutions providing for share capital increases. To this amount must be added, if need be, the additional amount of the shares or securities to be further issued to preserve the rights of the holders of securities giving access to share capital or other rights giving access to share capital.

Please also note that the delegations granted pursuant to resolutions 7, 8, 9, 10, 11 and 15 will replace the prior delegations having the same purpose already granted.

In the event that the Board of Directors uses the delegations of authority granted to it pursuant to these resolutions, it shall report to the next shareholders' general meeting on the use made by it of such delegations, in accordance with applicable laws and regulations.

For each of the delegations submitted to your approval, the reports established by the Company's statutory auditor will be read to you.

We propose to hereinafter review each of the resolutions submitted to your approval in the Extraordinary Shareholders' Meeting:

1. Renegotiation of the company's bond indebtedness

We remind you that the Board of Directors, during its meeting of October 29, 2007, using the delegation of authority granted to it pursuant to the tenth resolution of the combined general meeting of May 22, 2007, decided to issue 20,000 convertible bonds with detachable warrants to purchase ordinary shares ("OCRABSA") in favor of certain named persons, representing a total amount of USD 20,000,000 in bonds.

In the context described in resolution 5, we ask you to authorize the Board of Directors to renegotiate the Company's bond indebtedness and to decide, subject to, to the extent necessary, the approval of the proposed amendments by an OCRABSA holders meeting (the "masse"), any amendments of the terms of OCRABSA, and, as necessary, the related contractual documentation.

2. Financial delegations to be granted to the board of directors

Resolution 6 enables to set the maximum aggregate nominal amount of the share capital increases that may be consummated and the debt securities that may be issued pursuant to the delegations submitted to your vote at 846,608.10 euros, i.e., a maximum of 6,512,370 shares to be issued with a nominal value of 0.13 euros each, which is the same amount as the amount set by the Shareholders' Meetings dated May 22, 2007, February 26, 2009 and October 30, 2009, after having subtracted the portion of the authorizations already used by the Board of Directors since that latter date.

The first three delegations of authority submitted to your approval (resolutions 7 to 9) are in line with the decisions that may be made by your Board of Directors in the context of the renegotiation of the Company's indebtedness.

The four other delegations of authority submitted to your approval (resolutions 10 to 13) will allow the Board of Directors to respond to any capital-raising opportunities which would prove necessary in order to finance the development of the Company.

The Board of Directors would have all powers to implement these delegations, in accordance with applicable law and the Company's by-laws, in order, without limiting the generality hereof, to set the dates, the terms and conditions of any issuance, the form and characteristics of shares or securities giving access to the share capital or debt securities to be issued, with or without a premium. The Board of Directors shall, in particular, determine the amount to be issued, set the date of dividend rights, including retroactive, for the shares or securities giving access to the share capital or debt securities to be issued, determine the method of paying-up and, if need be, the strike price, the exercise period of the securities, or the terms of the exercise of the rights for exchange, conversion, repayment or attribution by other manner of shares or securities giving access to the share capital, subject to the limits set in the delegations submitted to your approval.

The Board of Directors would have all powers to implement these delegations, on one or more occasions, and in such proportions and at any such times it may deem appropriate, and to issue the corresponding securities or, as the case may be, to postpone such issuances, enter into all agreements to ensure the success of the contemplated issuances, acknowledge the completion of such issuances and amend accordingly the by-laws and more generally, to do the following:

- determine, in accordance with applicable laws, the possible adjustments of the terms under which the securities may in the future give access to the share capital,
- suspend, if need be, the exercise of rights attached to such securities as permitted by laws and regulations, for a maximum period of three (3) months,

- deduct any amounts from the share premiums, in particular, the cost of any capital increases,
-

- ensure in the future the protection of the rights of holders of securities giving access to the share capital of the Company in accordance with applicable laws and regulations,
- take all measures and perform all formalities required in light of the issuance, listing and financial services for the securities issued pursuant to this resolution and the exercise of rights attached thereto.

For the purposes hereof, the Board of Directors asks you to approve or renew the resolutions mentioned below, using the legal mechanism of delegation of authority, and to delegate your authority to it in order to:

- decide, in one or more occasions, share capital increases reserved for OCRABSA holders by issuance of shares of the Company in order to (i) pay in the form of ordinary shares the quarterly interest and/or (ii) pay in the form of shares any conversion premium of the OCRABSA and/or (iii) make any other payment in the form of shares to the holders of the OCRABSA, with cancellation of the shareholders' preferential subscription rights in favor of the holders of OCRABSA, being specified that the issuance price of the shares that may be issued pursuant to this delegation would be determined by the Board of Directors in accordance with the terms of the OCRABSA, as in full force and effect as at the date of subscription of the shares (resolution 7)
- increase the share capital by issuance of shares or any securities giving access to the share capital, with cancellation of the shareholders' preferential subscription rights in favor of a category of persons (holders of OCRABSA), intended to be exchanged for OCRABSA within the framework of a private exchange offer initiated by the Company, being specified that the issuance price and, as the case may be, the conversion price of securities issued pursuant to this delegation would be determined by the Board of Directors in accordance with the negotiations it will carry out with the holders of OCRABSA (resolution 8)
- increase the share capital by issuance of shares or any securities giving access to the share capital, with cancellation of the shareholders' preferential subscription rights in favor of a category of persons (holders of OCRABSA), intended to be remitted to holders of OCRABSA who would contractually waive their rights of conversion or repayment of all or part of the OCRABSA, being specified that the issuance price, and as the case may be, the conversion price of securities issued pursuant to this delegation would be determined by the Board of Directors in accordance with the over-the-counter negotiations it will carry out with the holders of OCRABSA (resolution 9)
- increase the share capital by issuance of shares or any securities giving access to the share capital of the Company or giving a right to allocation of debt securities, with preservation of the Company's shareholders' preferential subscription rights (resolution 10)
- increase the share capital by issuance of shares or any securities giving access to the share capital of the Company or giving a right to allocation of debt securities, with cancellation of the shareholders' preferential subscription rights, through a public offering, being specified that the Company may proceed by way of the filing of a registration statement with the Securities and Exchange Commission in the United States. The issuance price of shares, securities or debt securities issued pursuant to this delegation would be determined by the Board of Directors as such price would result from the mechanism of supply and demand as per the so-called book-building method developed by professional customs (specifying, however, that if the shares of the Company are admitted for trading on a regulated market when this delegation is used, the price shall be set in accordance with the provisions of article L. 225-136-1° of the French Commercial code). In any case, the price so determined by the Board of Directors may represent a discount compared to the trading price of the Company's share on the NASDAQ (resolution 11)
- increase the share capital by issuance of shares or any securities giving access to the share capital, with cancellation of the shareholders' preferential subscription rights in favor of one or several categories of persons who meet certain specified characteristics, being specified that the issuance price (or the amount of the counterparty which is due to the

Company for each share to be issued, in the case of issuance of securities giving access to the Company's share capital) will be set in accordance with usual market practices, by reference to the price offered to institutional investors in the context of said global placement, in accordance with the over-the-counter negotiations the Board of Directors will carry out with said investors. In any case, the price so determined by the Board of Directors may represent a discount compared to the trading price of the Company's share on the NASDAQ (resolution 12).

Pursuant to this resolution 12, you are asked to cancel the shareholders' preferential subscription rights for the shares and securities which would be issued hereto and to reserve subscription of such shares to the new or existing investors who meet all of the criteria specified in A. or B. below, for a minimum individual subscription amount of 250,000 euros or its counter-value in foreign currencies as at the date of subscription (issuance premium included):

- A.
- (i) institutional investors being, as the case may be, qualified institutional buyers or institutional accredited investors under U.S. law or qualified investors (investisseurs qualifiés) under French law (e.g., investment funds, investment companies, pension funds, banks and other financial institutions, insurance companies, etc.) having their main place of business, their management or their management company located in the United States, Canada, the European Union or Switzerland; and
 - (ii) specialized in the health care or biotechnologies secteurs or specialized in investing in companies with high growth potential, and having an established track record in respect of investments in small and mid-cap companies; and
 - (iii) which are prepared to make an investment decision in respect of the Company solely based on available public information, provided, however, that each prospective investor will be required to enter into a confidentiality agreement regarding the proposed investment prior to any disclosure to it of the name of the Company; or
- B. any placement agent or underwriter in connection with the offering or the placement of shares or securities giving access to the Company's share capital to investors meeting the criteria set forth in A. above, as part of such agent's or underwriter's compensation for their services.
- increase the share capital by issuance of shares or any securities giving access to the share capital, with cancellation of the shareholders' preferential subscription rights in favor of a category of persons who meet certain specified characteristics, being specified that the issuance price (or the amount of the counterparty which is due to the Company for each share to be issued, in the case of issuance of securities giving access to the Company's share capital) will be set in accordance with usual market practices, in accordance with the over-the-counter negotiations the Board of Directors will carry out with said practitioners. In any case, the price so determined by the Board of Directors may represent a discount compared to the trading price of the Company's share on the NASDAQ (resolution 13).

In this resolution, you are asked to cancel the shareholders' preferential subscription rights for the shares and securities which would be issued hereto and to reserve subscription in favor of the following new or existing investors, with a maximum of 100 subscribers, with a minimum individual subscription amount of 10,000 euros or its counter-value in foreign currencies as at the date of subscription (issuance premium included): practitioners who have used the Company's technologies over the course of the last 24 months preceding the issuance of the shares, subject to compliance with the applicable laws and professional ethics.

3. DELEGATIONS TO BE GRANTED IN THE SCOPE OF THE PROFIT-SHARING PLAN IN FAVOR OF THE COMPANY'S EMPLOYEES AND OFFICERS

The Company intends to implement a profit-sharing plan in favor of its employees and officers. Consequently, your Board of Directors asks you to grant it various delegations for such purposes.

We propose to you below to review each of these delegations (resolutions 14 to 16), detailed in the draft resolutions, and for which the reports established by the Company's statutory auditor will be read to you.

The Board of Directors asks this general meeting to vote on the resolutions mentioned below and to:

- delegate its authority to the Board of Directors to increase the share capital by issuance of shares or any securities giving access to the share capital, within the maximum nominal amount of 846,608.10 euros, with cancellation of shareholders' preferential subscription rights in favor of the following category of persons: directors and officers of the Company who cannot be granted options to subscribe or purchase shares, thus allowing them to take a stake in the Company's share capital, being specified that the issuance price would be set by the Board of Directors, by reference to the price of the latest transaction on the Company's share capital carried out during the 6 months prior to the issuance, with a premium or discount of respectively 10% more or less compared to such price. In any case, the price so determined by the Board of Directors may represent a discount compared to the trading price of the Company's share on the NASDAQ (resolution 14)
- delegate its authority to the Board of Directors to allocate options to purchase the Company's shares on the basis of existing treasury shares, i.e. for a maximum of 229.100 shares, which does not trigger any dilution for shareholders (resolution 15), being specified that the exercise price of each option to purchase shares would be set by the Board of Directors on the day the option is granted, by reference to the trading price per share at the close of the trading day before the day on which the Board of Directors decides to grant the options, without being less than (i) 95% of the average such price of the American Depositary Shares of the Company listed on the NASDAQ calculated on the basis of the last twenty (20) trading sessions prior to the granting of such options, and (ii) 95% of the average purchase price of the shares purchased by the Company for the purpose of granting them to the Company's employees or officers
- delegate its authority to the Board of Directors to decide for a maximum amount of 42,549 euros, one or several capital increases by issuance of ordinary shares of the Company, directly or through an employee mutual fund reserved for participants in the Company's employee savings scheme (resolution 16). This last resolution is submitted to you pursuant to the provisions of articles L. 225-129-6 of the French Commercial code

However, your Board of Directors reminds you that, taking into account the organization of the Company, this proposal does not fall within the Company's profit-sharing policy. Consequently, we recommend that you do not vote in favor of this resolution submitted for your approval.

In this context, we ask you to vote on the aforementioned resolutions whose text is proposed to you by your Board of Directors.

The Board of Directors
