PROXY STATEMENT

The Board of Directors of Samaritan Pharmaceuticals, Inc. (the "Company") is soliciting proxies to be voted at the Annual Meeting of Stockholders (the "Annual Meeting") of the Company to be held on October 23, 2007, beginning at 10:00 a.m., local time, which will be held at the offices of Samaritan Therapeutics, Inc., 1000 de la Gauchetiere West, Suite 2400, Montreal, Quebec H3B 4W5, and any postponements or adjournments of the meeting. We intend to mail a Notice of Internet Availability of Proxy Materials (sometimes referred to as the "Notice") and to make this proxy statement available to our stockholders of record entitled to vote at the Annual Meeting on or about September 5, 2007.

PROXY SOLICITATION AND VOTING INFORMATION

What is the purpose of the Annual Meeting?

At the Company's Annual Meeting, stockholders will act upon the matters outlined on the Notice of Meeting on the cover page of this Proxy Statement which relates to the election of four (4) directors to serve on the Company's Board, the Amendment to our Articles of Incorporation to increase the number of authorized

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

shares of Common Stock to 250,000,000, and ratification of the appointment of Sherb & Co., LLP as the Company's independent auditors for the fiscal year ending December 31, 2007.

What is a Notice of Internet Availability of Proxy Materials?

In accordance with rules and regulations recently adopted by the Securities and Exchange Commission, instead of mailing a printed copy of our proxy materials to each stockholder of record, we may now furnish proxy materials, including this Proxy Statement, the proxy card and the Company's Annual Report to Stockholders for the fiscal year ended December 31, 2006 ("fiscal 2006"), to our stockholders by providing access to such documents on the Internet. You will not receive printed copies of the proxy materials unless you request them. Instead, the Notice will instruct you as to how you may access and review all of the proxy materials. The Notice also instructs you as to how you may submit your proxy on the Internet. If you would like to receive a paper or e-mail copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

Who can attend the Annual Meeting?

All stockholders as of the Record Date, or their duly appointed proxies, may attend the Annual Meeting. Registration will begin at 9:00 a.m., and seating will begin immediately thereafter. If you attend, please note that you may be asked to present valid picture identification, such as a driver's license or passport. Please also note that if you hold your shares in "street name" (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the Record Date and check in at the registration desk at the Annual Meeting.

Who is entitled to vote?

Stockholders of record at the close of business on August 29, 2007 (the "Record Date"), may vote at the Annual Meeting. Each share of the Company's Common Stock, \$.001 par value ("Common Stock") is entitled to one vote on each voting matter.

What constitutes a quorum at the meeting?

A majority of the outstanding shares of the Company's Common Stock, represented in person or by proxy, will constitute a quorum for transacting business. On the Record Date, the outstanding shares of Common Stock were 27,711,255.

If I am a stockholder of record of the Company's shares, how do I vote?

If you are a stockholder of record as of the Record Date, you may vote in person at the Annual Meeting. We will give you a ballot when you arrive.

If you do not wish to vote in person or you will not be attending the Annual Meeting, you may vote by proxy. You may vote by proxy over the Internet, over the telephone or by mail. The procedures for voting by proxy are as follows:

5

- o To vote by proxy on the Internet, go to www.shareholdervote.info to complete an electronic proxy card.

- o To vote by proxy using the enclosed proxy card (if you received a printed copy of these proxy materials by mail), complete, sign and date your proxy card and return it promptly in the envelope provided.

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

If you vote by proxy on the Internet, your vote must be received by 11:59 p.m. Eastern Time on October 21, 2007 to be counted.

The Company is providing Internet proxy voting to allow you to vote your shares on-line, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

What if my shares are not registered directly in my name but are held in street name?

If at the close of business on August 29, 2007 your shares were held in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in "street name," and the Notice is being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares in your account.

If I hold shares in street name, how do I vote?

If you are a beneficial owner of shares held in street name and you received a printed copy of these proxy materials by mail, you should have received a proxy card and voting instructions with these materials from the organization that is the record owner of your shares rather than from the Company. You may complete and mail that proxy card or you may vote by telephone or over the Internet as instructed by that organization in the proxy card.

If you are a beneficial owner of shares held in street name and you received a Notice by mail, you should follow the instructions included in the Notice to view the proxy materials and transmit your voting instructions. For a beneficial owner to vote in person at the annual meeting, you must obtain a valid proxy from the record owner. To request the requisite proxy form, follow the instructions provided by your broker or contact your broker.

What are broker non-votes?

Under the rules of various national and regional securities exchanges, brokers may generally vote on routine matters, such as the election of directors and ratification of the appointment of the Company's independent registered public accounting firm, but cannot vote on non-routine matters unless they have received voting instructions from the person for whom they are holding shares. If your broker does not receive instructions from you on how to vote particular shares on matters on which your broker does not have discretionary authority to vote, your broker will return the proxy form to the Company, indicating that he or she does not have the authority to vote on these matters. This is generally referred to as a "broker non-vote" and will affect the outcome of the voting. You are encouraged to provide directions to your broker as to how you want your shares voted on all matters to be brought before the meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures. This ensures that your shares will be voted at the annual meeting.

6

What vote is required to approve matters at the Annual Meeting?

The election of directors at the Annual Meeting requires the affirmative vote of a plurality of the votes cast at the meeting. That means that the nominees who

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

receive the highest number of vote totals for the number of vacancies to be filled will be elected as directors. Therefore, a vote to withhold authority for any nominee or the entire slate will not affect the outcome of the election unless there are more nominees than there are vacancies to be filled.

In order to be approved, the proposal to increase the number of authorized common shares, as well as any other matter that may be voted on at the meeting, would require the affirmative vote of a majority of the shares of outstanding Common Stock. As noted above, management of the Company is not aware at this time of any matter that may be submitted to vote of the shareholders at the annual meeting other than the election of directors, an increase in the number of authorized common shares and the ratification of selection of independent registered public accountants.

How are votes counted?

We will hold the Annual Meeting if holders of a majority of the shares of Common Stock entitled to vote either sign and return their proxy cards or attend the meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card.

If your shares are held in the name of a nominee, and you do not inform the nominee by October 8, 2007 how to vote your shares (so-called "Broker Non-Votes"), the nominee may vote them as it sees fit only on matters that are determined to be routine, and not on any other proposal. Broker Non-Votes will be counted as present to determine if a quorum exists but will not be counted as present and entitled to vote on any non-routine proposal.

How can I revoke my proxy?

After you return a proxy, you may revoke it at any time before its use by following the instructions provided in the Notice, or by (1) delivering a written notice of revocation to Kristi Eads our Company's Corporate Secretary, (2) submitting a properly executed, subsequently-dated proxy or (3) voting in person at the annual meeting. We will honor the proxy card with the latest date.

Who pays for the costs of soliciting proxies?

The Company will be responsible for all costs of soliciting proxies, including charges made by brokers and others holding Common Stock in their names or in the names of nominees, for reasonable expenses incurred in sending proxy materials to beneficial owners and obtaining their proxies. In addition to solicitation by mail, directors, officers and employees of the Company may solicit proxies personally and by telephone, all without extra compensation.

Stockholder proposals to be presented at next annual meeting.

In order for stockholder business to be included in the Company's proxy statement for a meeting or properly brought before that meeting by a stockholder, the stockholder must have given timely notice in writing to our Corporate Secretary. A stockholder proposal for the 2008 annual meeting must be received at the Company's principal executive offices at 101 Convention Center Drive, Suite 310, Las Vegas, NV 89109 not later than February 28, 2008 to be considered timely. Inclusion of stockholder proposals in the Company's proxy statement for a meeting also requires satisfaction of certain conditions established by the U.S. Securities and Exchange Commission ("SEC").

Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Compensation Committee. Cynthia Thompson (Chairman), Welter "Budd" Holden, and Dr. Erasto Saldi currently serve on the Compensation Committee. The Compensation Committee administers our executive compensation program. Each member of the Committee is a non-employee and an independent director. The Compensation Committee is responsible for establishing salaries and administering the incentive programs for our Chief Executive Officer and other executive officers. The Compensation Committee has designed the Company's compensation program based on the philosophy that all of our executives are important to our success, with our executive officers setting the direction of our business and having overall responsibility for our results. As with other pharmaceutical companies, we operate in a highly competitive and difficult economic environment. Accordingly, the Compensation Committee has structured the Company's compensation to accomplish several goals: (a) to attract and retain very talented individuals, (b) to reward creativity in maximizing business opportunities and (c) to enhance stockholder value by achieving our short-term and long-term business objectives.

Nominating and Corporate Governance Committee. Welter "Budd" Holden (Chairman), Dr. Erasto Saldi, and Dr. Laurent Lecanu currently serve on the Nominating Committee. The nominating committee is responsible for overseeing corporate governance matters, reviewing possible candidates for Board membership and recommending nominees for election. Standards of Business Conduct and Ethics

The Board has adopted Standards of Business Conduct and Ethics that are applicable to all employees and directors, including our Chief Executive

Officer, Chief Financial Officer, other executive officers and senior financial personnel. A copy of our Standards of Business Conduct and Ethics is available on our website at www.samaritanpharma.com. Information on our website is not incorporated by reference. PROPOSAL NO. 2: AMEND THE ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

Nevada law permits the Company to issue shares of Common Stock only to the extent such shares have been authorized for issuance under its Articles of Incorporation. Increasing the amount of authorized Common Stock will ensure that sufficient shares will be available to raise additional capital through the sale of equity securities, to acquire another company or its assets, to establish strategic relationships, to provide equity incentives to employees, or for such other corporate purposes that our Board determines are in the best interests of the Company and its stockholders.

The Company currently has forty one million six hundred sixty six thousand six hundred sixty seven (41,666,667) authorized shares of Common Stock, of which twenty seven million seven hundred eleven thousand two hundred (27,711,200) common shares issued and outstanding as of August 15, 2007 and five million (5,000,000) authorized shares of preferred stock, of which none are outstanding.

From time to time, the Company is approached to license complementary technology, acquire or merge with Companies with similar technologies. In addition, the Company is occasionally presented larger in-licensing opportunities which require large up front payments which normally correlates with larger sales revenue. Since the Company would benefit with an associated increase in sales and revenue, the Company would like to be in position for such an occurrence. While the Company has no plans or proposals at this time, the Board has determined that it is in the best interest of our stockholders to pursue strategic acquisitions and alliances to acquire critical mass and would like to take advantage of opportunities as they are presented. Given the Company's present financial position, the Company believes it should reserve a sufficient number of authorized shares to keep the Company liquid with reserves of cash to execute its core business activities such as expensive clinical trials. Therefore, the Company believes it must be able to issue shares of our Common Stock in order to accomplish any value added significant strategic merger/acquisition, in-licensing of approved products for sales and revenue or licensing of complementary technology. The Board believes that increasing the number of our authorized shares of Common Stock to 250,000,000 shares will provide a sufficient number of authorized shares of Common Stock for the foreseeable future.

In addition, the Board believes that it is prudent to increase the authorized number of shares of Common Stock to the proposed level in order to have a sufficient number of shares of Common Stock to provide a reserve of shares available for issuance to meet business needs as they may arise in the future. Such business needs may include, without limitation, financings, acquisitions, establishing strategic relationships with corporate partners, providing equity incentive to employees, officers or directors, forward stock splits or similar transactions.

Accordingly, our Board is requesting that the stockholders approve an amendment to our Articles of Incorporation, under Section 78.390 of the Nevada General Corporations Code, to increase of the number of authorized shares of Common

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

Stock to 250,000,000 shares. The Board has no present agreement, arrangement or plan to issue any of the shares for which approval is sought. If the amendment is approved by the stockholders, the Board does not intend to solicit further stockholder approval prior to the issuance of any additional shares of Common Stock, except as may be required by applicable law.

Purpose and Effect of the Amendment

The increase in authorized Common Stock will not have any immediate effect on the rights of existing stockholders. The Board, however, will have the authority to issue authorized Common Stock without further stockholder approval, except as may be required by applicable law or the rules or regulations of any exchange or market on which our class of Common Stock may trade. To the extent that additional authorized shares are issued in the future, they may decrease your existing percentage equity ownership of the Company.

12

The increase in the authorized number of shares of Common Stock and the subsequent issuance of such shares could have the effect of delaying or preventing a change in control of the Company such as a hostile takeover without further action by the stockholders. Shares of authorized and unissued common stock could, within the limits imposed by applicable law, be issued in one or more transactions which would make a change in control of the Company more difficult, and therefore a hostile takeover less likely. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of Common Stock and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of the Company.

The Board is not currently aware of any attempt to take over or acquire the Company. While it may be deemed to have potential anti-takeover effects, the proposed amendment to increase the authorized Common Stock is not prompted by any specific effort or takeover threat currently perceived by management.

Article Subject to Amendment

If the proposed amendment is approved by the stockholders, the first paragraph of Article FOURTH of the Company's Articles of Incorporation will be amended to read as follows:

"FOURTH: The corporation is authorized to issue 250,000,000 shares of "Common Stock", \$0.001 par value. The Board is hereby authorized to fix or alter the rights, preferences, privileges and restrictions granted to or imposed upon any series of Common Stock, and the number of shares constituting any such series and the designation thereof, or any of them. The Board is also authorized to increase or decrease the number of shares of any series, prior or subsequent to the issue of that series, but not below the number of shares of such series then outstanding. In case the number of shares of any series shall be so decreased, the shares constituting such decrease shall resume the status which they had prior to the adoption of the resolution originally fixing the number of shares of such series."

Required Vote

The affirmative vote of a majority of the shares of outstanding Common Stock is required for approval of this proposal. Abstentions and broker non-votes will be counted as present for purposes of determining if a quorum is present. Abstentions and broker non-votes will have the same effect as a negative vote on this proposal.

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

Recommendation of the Board of Directors

Our Board unanimously recommends that the stockholders vote "FOR" the proposal to amend the Articles of Incorporation to increase the number of authorized shares of Common Stock to 250,000,000 shares.

PROPOSAL NO. 3: RATIFICATION OF APPOINTMENT OF AUDITORS

General

The Board, upon the recommendation of its Audit Committee, has ratified the selection of SHERB & CO., LLP to serve as our independent registered public accounting firm for the fiscal year ended December 31, 2007, subject to ratification by our stockholders.

13

Representatives of SHERB & CO., LLP will be present at the Annual Meeting to answer questions. They also will have the opportunity to make a statement if they desire to do so.

We are asking our stockholders to ratify the selection of SHERB & CO., LLP as our independent registered public accounting firm. Although ratification is not required by our Bylaws or otherwise, the Board is submitting the selection of SHERB & CO., LLP to our stockholders for ratification because we value our stockholders' views on the Company's independent registered public accounting firm and as a matter of good corporate practice. In the event that our stockholders fail to ratify the selection, it will be considered as a direction to the Board and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm, subject to ratification by the Board, at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

Audit and Non-Audit Fees

The following table presents fees for professional audit services rendered by SHERB & CO., LLP for the audit of the Company's annual financial statements for the fiscal years ended December 31, 2006 and December 31, 2005, and fees billed for other services rendered by SHERB & CO LLP during those periods:

	2006 -----	2005 -----
Audit fee:	\$45,000	\$33,000
Audit-related fees:	\$ 15,000	\$9,000
Tax fees:	\$ -	\$ -
All other fees:	\$ 4,025	\$ 1,385
	-----	-----
Total:	\$64,025	\$43,385

Audit fees consisted principally of audit work performed on the consolidated financial statements and internal control over financial reporting, as well as work generally only the independent registered public accounting firm can reasonably be expected to provide, such as statutory audits. The Company generally does not engage SHERB & CO., LLP, for other services, other than Edgar services.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Consistent with SEC rules regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Prior to engagement of the independent registered public accounting firm for the next year's audit, management will submit a list of services and related fees expected to be rendered during that year within each of categories of services to the Audit Committee for approval.

14

Audit services include audit work performed on the financial statements and internal control over financial reporting, as well as work that generally only the independent registered public accounting firm can reasonably be expected to provide, including comfort letters, statutory audits and discussions surrounding the proper application of financial accounting and/or reporting standards.

Audit-Related services are for assurance and related services that are traditionally performed by the independent registered public accounting firm, including due diligence related to mergers and acquisitions, employee benefit plan audits, and special procedures required to meet certain regulatory requirements.

Tax services include all services, except those services specifically related to the audit of the financial statements, performed by the independent registered public accounting firm's tax personnel, including tax analysis; assisting with coordination of execution of tax-related activities, primarily in the area of corporate development; supporting other tax-related regulatory requirements; and tax compliance and reporting.

All Other services are those services not captured in the audit, audit-related or tax categories.

The Company generally does not request such services from the independent registered public accounting firm. Prior to engagement, the Audit Committee pre-approves independent public accounting firm services within each category and the fees for each category are budgeted. The Audit Committee requires the independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging the independent registered public accounting firm.

The Audit Committee may delegate pre-approval authority to one (1) or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Audit Committee Report

The Audit Committee of the Board is composed of three (3) independent directors.

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

The Audit Committee operates under a written charter adopted by the Board and attached as Exhibit A to the proxy statement filed with the SEC on April 3, 2001.

The Audit Committee is responsible for overseeing the Company's financial reporting process on behalf of the Board. The members of the Audit Committee consist of independent directors Mr. H. Thomas Winn, Ms. Cynthia C. Thompson and Dr. Erasto Saldi. Each year, the Audit Committee recommends to the Board, subject to stockholder ratification, the selection of the Company's independent auditors.

Management is responsible for the Company's financial statements and the financial reporting process, including internal controls. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and for issuing a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and SHERB & CO., LLP. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee has

15

reviewed and discussed the consolidated financial statements with management and the independent auditors. The Audit Committee discussed with SHERB & CO., LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). These matters included a discussion of SHERB & CO., LLP's judgments about the quality (not just the acceptability) of the Company's accounting principles as applied to financial reporting.

SHERB & CO., LLP also provided the Audit Committee with the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with SHERB & CO., LLP that firm's independence. The Audit Committee further considered whether the provision by SHERB & CO., LLP of the non-audit services described elsewhere in this Proxy Statement is compatible with maintaining the auditors' independence.

Based upon the Audit Committee's discussion with management and the independent auditors and the Audit Committee's review of the representation of management and the disclosures by the independent auditors to the Audit Committee, the Audit Committee recommended to the Board that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the SEC. The Audit Committee and the Board have also recommended the selection of SHERB & CO., LLP as the Company's independent auditors for 2007, subject to stockholder ratification.

The Audit Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that the Company specifically incorporates the Audit Committee Report by reference therein.

The Audit Committee:

Mr. H. Thomas Winn (Chairman)
Ms. Cynthia C. Thompson
Dr. Erasto Saldi

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

Required Vote

The affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting will be required to ratify the appointment of SHERB & CO., LLP as our independent auditors for the fiscal year ending December 31, 2007. Broker non-votes and abstentions are not treated as votes cast for this purpose and have no effect on the outcome of the vote.

Recommendation of the Board of Directors

The Board unanimously recommends that the Stockholders vote "FOR" the ratification of SHERB & CO., LLP as our independent registered public accounting firm for 2007.

COMPENSATION DISCUSSION AND ANALYSIS

Overview. The Compensation Committee administers our executive compensation program. Each member of the Compensation Committee is a non-employee and an independent director. The Compensation Committee is responsible for establishing salaries, administering the incentive programs, and determining the total compensation for our Chief Executive Officer and other executive officers. The Compensation Committee seeks to achieve the following goals with the Company's executive compensation programs: to attract, motivate and retain key executives and to reward executives for value creation. The Compensation Committee seeks to foster a performance-oriented environment by tying a significant portion of each executive's cash and equity compensation to the achievement of performance targets that are important to the Company and its stockholders. The Company's executive compensation program has three principal elements: base salary, cash bonuses and equity incentives under the Amended Samaritan Pharmaceuticals, Inc. 2001 Stock Incentive Plan and Samaritan Pharmaceuticals, Inc. 2005 Stock Incentive Plan.

We conducted an annual benchmark review of the aggregate level of our executive compensation, as well as the mix of elements used to compensate our executive officers. This review is based on a survey of executive compensation, "BioWorld Executive Compensation Report", conducted by an independent third party, Thomson BioWorld.

Compensation Philosophy. The Compensation Committee has designed the Company's compensation program based on the philosophy that all of our executives are important to our success, with our executive officers setting the direction of our business and having overall responsibility for our results. As with other pharmaceutical companies, we operate in a highly competitive and difficult economic environment. Accordingly, the Compensation Committee has structured the Company's compensation to accomplish several goals: (a) to attract and retain very talented individuals, (b) to reward creativity in maximizing business

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

opportunities and (c) to enhance stockholder value by achieving our short-term and long-term business objectives.

Elements of Compensation

Executive compensation consists of the following elements:

Base Salary. The Compensation Committee considers peer data as well as individual performance when approving base salaries for executive officers. The Compensation Committee evaluates individual performance based on the achievement of corporate or divisional operating goals and subjective criteria, as well as the Chief Executive Officer's evaluation of the other executive officers. No specific weight is assigned to any particular factor. Dr. Thomas Lang and Dr. Christos Dakas each have employment agreements negotiated at arm's length with the Compensation Committee, and each such agreement provides for a minimum annual base salary. In setting base salaries, the Board has considered (a) the contributions made by each executive to our Company, (b) compensation paid by peer companies to their executive officers and (c) outside compensation reports. In 2006, all executive officers received salary increases of approximately five percent (5%) reflecting competitive trends, general economic conditions as well as a number of factors relating to the particular individual, including the performance of the individual executive, and level of experience, ability and knowledge of the job.

18

Bonuses. The Compensation Committee has the authority to award discretionary bonuses to our executive officers. The incentive bonuses are intended to compensate officers for achieving financial and operational goals and for achieving individual annual performance objectives. These objectives vary depending on the individual executive, but relate generally to strategic factors such as a) initial signing of an employment agreement; b) upon acceptance of filing of a new drug application by the FDA; c) the FDA approval to move from one phase to the next phase in the FDA application process; d) pharmaceutical sales goals achieved e) completion of an in-licensing contract; f) completion of an out-licensing contract; and g) increases in market capitalization. The Compensation Committee did not award any cash bonuses to the executive officers in 2006.

Long-Term Incentive Program. We believe that long-term performance is achieved through an ownership culture that encourages such performance by our executive officers through the use of stock and stock-based awards. Our stock compensation plans have been established to provide certain of our employees, including our executive officers, with incentives to help align those employees' interests with the interests of stockholders. The Compensation Committee believes that the use of stock and stock-based awards offers the best approach to achieving our compensation goals. We have not adopted stock ownership guidelines and our stock compensation plans have provided the principal method for our executive officers to acquire equity or equity-linked interests in our Company. We believe that the annual aggregate value of these awards should be set near competitive median levels for comparable companies. However, due to the early stage of our business, we expect to provide a greater portion of total compensation to our executives through our stock compensation plans than through cash-based compensation. The Compensation Committee makes stock awards to executive officers and this type of award may occur in future years, based on the Compensation Committee's assessment of the Company's needs and objectives, which are as follows.

Stock Options. Our Compensation Committee is the administrator of our stock option plans. Stock option grants are made at the commencement of employment

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

and, occasionally, following a significant change in job responsibilities or to meet other special retention or performance objectives. The Plans are designed to (a) reward executives for achieving long-term financial performance goals over a three (3) year to ten (10) year period, (b) provide retention incentives for executives and (c) tie a significant portion of an executive's total compensation to our long-term performance. Periodic stock option grants are made at the discretion of the Compensation Committee to eligible employee and, in appropriate circumstances, the Compensation Committee considers the recommendations of members of management, such as Dr. Janet Greeson, our Chief Executive Officer, and Eugene Boyle, Chief Financial Officer. In 2006, certain named executive officers were awarded stock options in the amounts indicated in the sections entitled "Summary Compensation Table" and "Grants of Plan Based Awards". The short and long-term compensation program includes stock options granted under the Amended Samaritan Pharmaceuticals, Inc. 2001 Stock Incentive Plan and the Samaritan Pharmaceuticals, Inc. 2005 Stock Incentive Plan (together, the "Plans") as well as non-qualified stock options. Stock options for our executive officers, key employees and key consultants are part of our incentive program and link the enhancement of shareholder value directly to their total compensation. The Compensation Committee determines the number of stock options granted based upon several factors: (a) level of responsibility, (b) expected contribution towards our performance and (c) total compensation strategy for mix of base salary, short-term incentives and long-term incentives.

Our Plans authorize us to grant options to purchase shares of Common Stock to our employees, directors and consultants. Stock options granted by us typically have an exercise price equal to the fair market value of our Common Stock on the day of grant, and typically vest twenty-five percent (25%) yearly, and generally expire between three and ten years after the date of grant. Incentive stock options also include certain other terms necessary to assure compliance with the Internal Revenue Code of 1986, as amended.

19

Stock Appreciation Rights. Our Amended Samaritan Pharmaceuticals, Inc. 2001 Stock Incentive Plan and the Samaritan Pharmaceuticals, Inc. 2005 Stock Incentive Plan authorizes us to grant stock appreciation rights, or SARs. A SAR represents a right to receive the appreciation in value, if any, of our Common Stock over the base value of the SAR. The base value of each SAR equals the value of our Common Stock on the date the SAR is granted. Upon surrender of each SAR, unless we elect to deliver Common Stock, we will pay an amount in cash equal to the value of our Common Stock on the date of delivery over the base price of the SAR. SARs typically vest based upon continued employment on a pro-rata basis over a four-year period, and generally expire ten years after the date of grant. Our Compensation Committee is the administrator of our stock appreciation rights plan. To date, no SARs have been awarded to any of our executive officers.

Restricted Stock Grants. Our Compensation Committee has and may in the future elect to make grants of restricted stock to our executive officers.

Other Compensation. The amounts shown in the Summary Compensation Table under the heading "Other Compensation" represent the value of Company matching contributions to the executive officers' 401(k) accounts and the taxable value of certain life insurance benefits. Executive officers did not receive any other perquisites or other personal benefits or property.

Chief Executive Officer Compensation. The Compensation Committee uses the same factors in determining the compensation of the Chief Executive Officer as it does for the executive officers. The Chief Executive Officer's base salary for Fiscal 2006 was \$482,434, and as of December 31, 2006, the Chief Executive

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

Officer has accrued compensation of \$335,846 which could be converted into restricted shares, at the executive's option. The Chief Executive Officer received other compensation as indicated in the Summary Compensation Table.

The Compensation Committee is mindful of the potential impact upon the Company of Section 162(m) of the Code, which provides that compensation in excess of \$1,000,000 paid to the President and CEO or to any of the other four most highly compensated executive officers of a public company will not be deductible for federal income tax purposes unless such compensation satisfies one of the enumerated exceptions set forth in Section 162(m) of the Code. The Compensation Committee has reviewed our compensation plans and programs with regard to the deduction limitation set forth in Section 162(m) of the Code. Based on this review, the Compensation Committee anticipates that the annual bonus, long term incentive plan bonus and gain, if any, recognized by our President and CEO and named executive officers upon the exercise of stock options or SARS meet the requirements for deductibility under Section 162(m) of the Code.

Compensation Committee Report

The Compensation Committee of the Board is composed of three (3) independent directors. The Compensation Committee does not have a written charter. The Compensation Committee is responsible for overseeing the Company's compensation process on behalf of the Board. The members of the Compensation Committee consist of independent directors Ms. Cynthia C. Thompson, Chairman, Welter "Budd" Holden, and Dr. Erasto Saldi.

The Compensation Committee has reviewed and discussed this Compensation Discussion & Analysis (CD&A) with management. Based on the review and discussions, the Compensation Committee recommended to the Board that the CD&A be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006, for filing with the SEC and this Proxy Statement.

Each executive has the option to convert their respective accrued compensation into restricted shares. In 2006, George Weaver exercised his option and the Board of Directors approved the conversion of \$15,000 into restricted shares. As of December 31, 2006, the restricted shares have not been issued, since the Company was awaiting an additional share application approval from the AMEX. Subsequently, the shares were issued in the 1st Quarter 2007.
- 2) The Company and Dr. Greeson have entered into an employment agreement, a copy of which is attached as Exhibit 10.9 to the Company's Quarterly Report on Form 10-QSB as filed with the SEC on August 14, 2002. The agreement filed on August 14, 2002 expired as of December 31, 2005.
- 3) The Company and Mr. Boyle have entered into an employment agreement, a copy of which is attached as Exhibit 10.8 to the Company's Quarterly Report on Form 10-QSB as filed with the SEC on August 14, 2002. The agreement filed on August 14, 2002 expired as of December 31, 2005.
- 4) On June 1, 2004, the Company entered into an employment agreement with Dr. Thomas Lang for a term of four (4) years. Dr. Lang is entitled to a base salary of \$300,000 per year which may be paid in stock pursuant to a formula as set forth in the agreement. Dr. Lang is entitled to

receive bonus payments of \$50,000 for each Investigational New Drug Applications "granted" by the FDA. Dr. Lang has received a one-time signing bonus of 16,667 options to purchase our Common Stock at \$6.00 per share, such options to expire after three (3) years. Dr. Lang was

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

- entitled to moving expenses up to \$30,000. Dr. Lang shall receive a grant of 200,000 options, one-quarter (1/4) of which shall vest each year. The price of the options shall be \$6.48 with a term of ten (10) years. Upon termination of the employment agreement, such 200,000 options (vested and non-vested) shall expire within thirty (30) days thereafter. Dr. Lang shall have the opportunity to participate in all of the Company's qualified defined benefit and defined contribution retirement plans (subject to eligibility requirements in such plans), three (3) weeks paid vacation (and paid holidays observed by the Company).
- 5) On June 29, 2005 the Company entered into an employment arrangement with Christos Dakas to serve as the European Business Development and Managing Director of Samaritan Pharmaceuticals S.A. in Greece, once such entity is established ("Samaritan Pharmaceuticals Europe"). Dr. Dakas shall receive a base salary of (Euro) 105,280 per year, a car allowance equal to (Euro) 12,852 per year and a performance based bonus to be awarded annually at the discretion of the CEO of the Company. Dr. Dakas also is entitled to receive 16,667 Company stock options priced at \$2.94 which was one hundred ten percent (110%) of the market price effective July 11, 2005 and said options expire after three (3) years, or after thirty (30) days after Dr. Dakas leaves his employ with Samaritan Pharmaceuticals Europe. Dr. Dakas is entitled to health insurance and other benefit programs per Samaritan Pharmaceuticals Europe. The amounts shown in this column cover amounts for the payment of Medicare/Social Security taxes, life insurance premiums and life annuity premiums for the benefit of the particular employee, and the employers matching contribution to the particular employees 401(k).
- 6) Effective January 1, 2006, the Company has fully adopted the provisions of SFAS No. 123R and related interpretations as provided by SAB 107. As such, compensation cost is measured on the date of the grant as the excess of the current market price of the underlying stock over the exercise price. Such compensation amounts, if any, are amortized over the respective vesting periods of the option grant. The Company applies this statement prospectively. Had the Company applied this statement retrospectively, the amount in this column for fiscal year 2005, Eugene Boyle would have been \$1,297,831, and Dr. Christos Dakas would have been \$14,320; the amount for fiscal year 2004, Dr. Janet Greeson would have been \$2,024,871, Eugene Boyle would have been \$912,069, Dr. Thomas Lang would have been \$1,114,625 and George Weaver would have been \$5,660. These amounts represent the estimated present value of these stock options at the respective date of grant, calculated using the Black-Scholes option pricing model, based on the following assumptions used in developing the grant valuations: an volatility of 110% for options granted for 2006; an average volatility of 41% for options granted during 2005 and an average volatility of 82% for options granted during 2004; a risk-free interest rate of 5% per year for options granted in 2006, 2005 and 2004; and a dividend yield of 0% for options granted in years 2006, 2005 and 2004. The actual value of the options, if any, realized by an officer will depend on the extent to which the market value of the Common Stock exceeds the exercise price of the option on the date the option is exercised. Consequently, there is no assurance that the value realized by an officer will be at or near the value estimated above. These amounts should not be used to predict stock performance.
- 7) The amounts shown in this column cover amounts for the payment of medical and dental insurance, short and long term disability insurance, Medicare/Social Security taxes, car allowances, life insurance premiums, life annuity premiums and accidental death and dismemberment insurance for the benefit of the particular employee, and the employers matching contribution to the particular employees 401(k).
- 8) We adopted a tax-qualified employee savings and retirement plan, or 401(k) plan, covering our full-time employees located in the United

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

States. The 401(k) plan is intended to qualify under Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code"), so that contributions to the 401(k) plan by employees, and the investment earnings thereon, are not taxable to employees until withdrawn from the 401(k) plan. Under the 401(k) plan, employees may elect to reduce their current compensation up to the statutorily prescribed annual limit and have the amount of such contribution contributed to the 401(k) plan. The 401(k) plan does permit additional matching contributions to the 401(k) plan by us on behalf of participants in the 401(k).

None of our named executives participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by us. The Compensation Committee, which is solely comprised of "outside directors" as defined for purposes of Section 162(m) of the Code, may elect to adopt qualified or non-qualified defined benefit plans if the Compensation Committee determines that doing so is in our best interests.

Nonqualified Defined Contribution and Other Deferred Compensation Plans

The Rabbi Trust agreements would become irrevocable upon a change of control of Samaritan. The Company may make contributions to the Rabbi Trust agreements from time to time, and additional funding may be required upon a change of control. To the extent funded, the Rabbi Trust agreements are to be used, subject to their terms and to the claims of the Company's general creditors in specified circumstances, to make payments under the terms of the benefit plans, employment agreements and other employment arrangements as the Company may specify from time to time. To date, only restricted shares have been deferred into the nonqualified deferred compensation plan, thus the plan will be settled in restricted shares.

- 1) Effective January 1, 2006, the Company has fully adopted the provisions of SFAS No. 123R and related interpretations as provided by SAB 107. As such, compensation represents the estimated present value of these stock options at the respective date of grant, calculated using the Black-Scholes option pricing model, based on the following assumptions used in developing the grant valuations an volatility of 98% for options granted; a risk-free interest rate of 5% per year for options; and a dividend yield of 0% for options granted in years 2006. The actual value of the options, if any, realized by an officer will depend on the extent to which the market value of the Common Stock exceeds the exercise price of the option on the date the option is exercised. Consequently, there is no assurance that the value realized by an officer will be at or near the value estimated above. These amounts should not be used to predict stock performance.

Change of Control Plan

On May 30, 2006 the Board approved and adopted the Change in Control Severance Plan for Certain Covered Executives and Employees of Samaritan Pharmaceuticals (the "Change in Control Plan"), effective May 30, 2006. The Change in Control Plan is intended to help avoid the loss and distraction of certain key employees of the Company in the event of a change in control. The Plan has an initial term of three (3) years with automatic three-year extensions, unless terminated by the Board at least six (6) months prior to the end of the then current term.

The Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Senior Vice Presidents, Vice Presidents, and Directors are eligible to participate in the Change in Control Plan, and the Board may designate other employees of the Company as Plan participants. The Company shall pay or cause to be paid to the participant a cash severance calculated based on a multiplier of four (4) months of base salary for every year of service up to maximum in of either twenty four (24) months or thirty six (36) months depending on the participants job title or job category. The severance amount equals the applicable multiplier times the sum of (A) the participant's highest annual rate of base salary as reported on the participant's W-2 for employee or on the participant's 1099 for directors within the thirty six (36) month period immediately preceding the effective date of the change in control and (B) the participant's maximum annual target bonus in effect upon the date of the change in control under the Company's bonus plan or the Participant's actual earned commission incentive for the last two quarters, which will be annualized, prior to the change in Control, not to exceed the target at 100% of achievement as defined in the Company's Sales Incentive Plan in effect upon the date of the change in control.

The Change in Control Plan provides that, if, within three years following a "change in control" (as defined in the Change in Control Plan), a Participant's employment is terminated by the Company without "cause" (as defined in the Change in Control Plan) or by the Participant for "good reason" (as defined in the Change in Control Plan), the Participant is eligible for severance benefits equal to a multiple of the sum of the Participant's base salary and the higher of the Participant's target bonus opportunity during the year in which the

Edgar Filing: SAMARITAN PHARMACEUTICALS INC - Form DEF 14A

change in control occurs or his or her target bonus opportunity following the change in control. Each Participant will also receive his or her salary through the date of termination, a pro rata target bonus payment for the year in which the termination occurs, a pro rata long-term incentive payment to the extent provided in the Company's Long Term Incentive Plan, and any earned but unpaid long-term incentive payments or annual bonuses. In the event that a Participant becomes subject to an excise tax under section 280G of the Internal Revenue Code of 1986, as amended, the Participant will generally be entitled to receive an additional amount such that the Participant is placed in the same after-tax position as if no excise tax had been imposed. The Change in Control Plan may be amended by the Board at any time, except that no amendment that adversely affects the rights or potential rights of a Participant will be effective in the event that a change in control occurs within three (3) year of such amendment.

In the event the named executive officers were terminated without "cause" or they terminated their employment for "good reason" following a change of control, the named executive officers would receive the following severance payments (based on current salary rates, the average bonuses of the named executive officers for the last three fiscal years as the highest bonus and additional retirement benefits). Assuming the employment of our executive officers were to be terminated without cause (whether through constructive termination or otherwise) on December 31, 2006, the following individuals would be entitled to payments in the amounts set forth: Dr. Janet Greeson, \$1,286,496; Eugene Boyle, \$643,248; Dr. Thomas Lang, \$244,970; Dr. Christos Dakas, \$68,037; and George Weaver, \$130,731. The foregoing does not include any amounts that would be payable under the "gross-up" provisions of the change of control employment agreements, or any amounts attributable to the accelerated vesting of equity awards upon a change of control.
