This merger continues our string of strategic acquisitions. The combination of First State Bank of North Texas with Prosperity will create a \$2.3 billion regional community bank with market capitalization of approximately \$440 million. This is the fifth acquisition in Dallas since October 2002 and is an excellent geographic fit with our existing Dallas franchise, added Mark Lovvorn, Prosperity's Dallas Area Chairman. Together, our combined organization will be able to offer our customers a broader and more sophisticated array of products and services, while continuing to provide the highest level of customer and community service.

We continue to believe that our commitment to building customer relationships will lead to increased shareholder value. Our style of banking true relationship banking, where customers actually talk to decision makers has allowed us to grow from a small single location with \$50 million in assets in 1987 into the dynamic organization we are today, said Prosperity's Senior Vice President Dan Rollins. The combination of our organizations will further our strategic goals of maintaining consistently strong earnings growth by leveraging our product and service capabilities over an expanded customer base.
