PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

Our Board of Directors is requesting that you permit your common stock to be represented at the Annual Meeting of Stockholders of Extreme Networks, to be held on Wednesday, December 3, 2003, or any postponement or adjournment thereof, by the proxy named on the enclosed proxy card for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully. Voting materials, which include the Proxy Statement, the 2003 Annual Report on Form 10-K for the fiscal year ended June 29, 2003, and the accompanying proxy card, will be first mailed on or about October 28, 2003 to all stockholders entitled to vote at the annual meeting, and, on the same date, electronic versions of these documents will be sent via email to stockholders who have registered for electronic delivery.

Who May Vote

You may vote your Extreme Networks common stock if our records show that you owned your shares on October 20, 2003. At the close of business on that date, 117,025,878 shares of Extreme Networks common stock were outstanding and eligible to vote. You are entitled to one vote for each share held.

Voting Your Proxy

To assure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the annual meeting in person. Instructions for voting by telephone, by using the Internet or by mail are on your proxy card. When you vote via the Internet or by phone, your vote is recorded immediately. We encourage our stockholders to vote using these methods whenever possible. If you attend the annual meeting, you may also submit your vote in person, and any previous votes that you submitted, whether by Internet, phone or mail, will be superseded by the vote that you cast at the annual meeting. A stockholder who has given a proxy may revoke it at any time before it is exercised by filing with the Investor Relations department of Extreme Networks a written revocation or a duly executed proxy bearing a later date or by voting in person at the annual meeting.

For those stockholders who are voting by Internet and received notification by mail, follow these steps:

For those stockholders who are voting by telephone, follow these steps:

1. Dial 1-800-690-6903 using a touch-tone telephone.
2. You will be prompted to enter the twelve-digit control number contained in the proxy card or voting instruction form accompanying the Proxy Statement.
3. Follow the instructions the vote voice provides you to submit your voting instructions.

These electronic and telephone voting procedures are valid under Section 212(c)(2) of the Delaware General Corporation Law.

Whether you hold shares in your name or through a broker, bank or other nominee, you may vote without attending the meeting. You may vote by granting a proxy or, for shares held through a broker, bank or other nominee, by submitting voting instructions to that nominee. For shares held through a broker, bank or other nominee, follow the voting instructions set forth above. If you provide specific voting instructions, your shares will be voted as you have instructed. If you hold shares in your name and sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board of Directors. All shares represented by valid proxies received before the meeting will be voted.

Votes Needed to Hold the Meeting

The annual meeting will be held if a majority of the Extreme Networks outstanding shares entitled to vote, whether present in person or represented by proxy, is represented at the meeting. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, even if you wish to abstain from voting on some or all matters introduced at the meeting, if you are present and vote in person at the meeting, or have properly submitted a proxy card or voted by telephone or by using the Internet. Votes for and against, abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary power with respect to that item and has not received instructions from the beneficial owner.

Matters to Be Voted On at the Meeting

The following matters will be presented for your consideration at the annual meeting:

1. A proposal to elect the Class II directors to hold office for a three-year term and until their successors are elected and qualified or until their earlier resignation or removal;
2. A proposal to amend our Employee Stock Purchase Plan to increase the maximum number of shares of common stock that may be issued thereunder by three million (3,000,000) shares;

Edgar Filing: EXTREME NETWORKS INC - Form DEF 14A

3. A proposal to ratify the appointment of Ernst & Young LLP as our independent auditors for the fiscal year ending June 27, 2004; and
4. The transaction of such other business as may properly come before the meeting.

Cost of This Proxy Solicitation

We will pay the costs of the solicitation. We may request banks and brokers and other custodians, nominees and fiduciaries to solicit their customers who own our common stock and will reimburse them for reasonable out-of-pocket expenses. Our employees, directors, officers and others may solicit proxies on our behalf, personally or by telephone, without additional compensation. We are soliciting proxies electronically through the Internet from stockholders who previously registered to receive proxy materials electronically through the Internet. We have hired Automatic Data Processing, Inc. to manage the tabulation, printing and distribution of our Proxy Statement.

Table of Contents

To reduce the expense of delivering duplicate voting materials to our stockholders who may have more than one Extreme Networks stock account, unless otherwise requested, pursuant to current householding rules, we will deliver only one set of voting materials, which includes the Proxy Statement, proxy card and the 2003 Annual Report to Stockholders on Form 10-K, to stockholders who share the same address.

How To Obtain A Separate Set of Voting Materials

If you share an address with another stockholder and have received only one set of voting materials, you may write or call us to request a separate copy of these materials at no cost to you. For future annual meetings, you may request separate voting materials, or request that we send only one set of voting materials to you if you are receiving multiple copies, by calling our Investor Relations department at: (408) 579-3030, or by writing us at: Extreme Networks, Inc., 3585 Monroe Street, Santa Clara, CA 95051, Attn: Investor Relations.

PROPOSAL ONE:

ELECTION OF DIRECTORS

We have a classified Board of Directors consisting of two Class I directors, three Class II directors and two Class III directors. The current term of the Class II directors will expire on the date of the upcoming annual meeting. One of the Class II directors, Lawrence K. Orr, has decided not to stand for re-election. At the recommendation of the Board of Directors Nominating and Corporate Governance Committee, the Board of Directors nominees for election at the 2003 annual meeting to Class II of the Board of Directors are Bob L. Corey and Peter Wolken, who are both currently members of the Board of Directors of Extreme Networks. Please see below for information concerning each nominee. If elected, Messrs. Corey and Wolken will serve as directors until the annual meeting of stockholders in 2006 and until their successor are elected and qualified or until their earlier resignation or removal. The Board of Directors currently has a mandatory retirement age of seventy, and pursuant to such policy, Mr. Wolken intends to retire from the Board in May 2004.

If Messrs. Corey and Wolken decline to serve or become unavailable for any reason, or if a vacancy occurs before the election, although management knows of no reason to anticipate that this will occur, the proxies may be voted for such substitute nominee as the Nominating and Corporate Governance Committee or the Board of Directors may designate. For further detail regarding the Board of Directors, refer to
STRUCTURE OF THE BOARD OF DIRECTORS.

Vote Required

The person receiving the highest number of votes represented by outstanding shares of common stock present or represented by proxy and entitled to vote at the annual meeting of stockholders will be elected. PROPOSAL TWO:

APPROVAL OF AMENDMENT TO THE EMPLOYEE STOCK PURCHASE PLAN

In January 1999 the Board of Directors adopted the Extreme Networks Employee Stock Purchase Plan, also referred to as the Stock Purchase Plan, and the stockholders approved the adoption of the Stock Purchase Plan in February 1999. The Stock Purchase Plan permits eligible employees to acquire shares of Extreme Networks common stock through periodic payroll deductions during certain offering periods at a designated price as described in more detail below.

A total of 4,000,000 shares of common stock have been reserved for issuance under the Stock Purchase Plan. As of September 30, 2003, an aggregate 3,176,961 shares have been issued under the Stock Purchase Plan. Accordingly, 823,039 shares remain available for issuance. If we do not receive stockholder approval to increase the Stock Purchase Plan reserve, then we anticipate our current reserve of 823,039 shares to be depleted in the third quarter of fiscal year 2004.

The Board of Directors believes that approval of this amendment is in the best interests of Extreme Networks and our stockholders. The Board of Directors believes that the opportunity to participate in the Stock Purchase Plan, which allows the purchase of shares at a discount from market price, is important to attract and retain qualified employees essential to the success of Extreme Networks and is important to provide such persons with incentives to perform in the best interest of Extreme Networks.

Summary of the Provisions of the Stock Purchase Plan.

The following summary of the Stock Purchase Plan is qualified in its entirety by the specific language of the Stock Purchase Plan, a copy of which is available to any stockholder upon request.

General. The Stock Purchase Plan is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code. Each participant in the Stock Purchase Plan is granted at the beginning of each offering period under the plan the right to purchase through accumulated payroll deductions up to a specified number of shares of the common stock of Extreme Networks. The purchase right is automatically exercised on the last day of each purchase period within the offering unless the participant has withdrawn from the Stock Purchase Plan prior to such date.

Shares Subject to Plan. Currently, a maximum of four million (4,000,000) of Extreme Networks authorized but unissued or reacquired shares of common stock may be issued under the Stock Purchase Plan, subject to appropriate adjustment in the event of a stock dividend, stock split, reverse stock split, recapitalization, combination, reclassification or similar change in Extreme Networks capital structure or in the event of any merger, sale of assets or other reorganization of Extreme Networks. The Board of Directors has amended the Stock Purchase Plan, subject to stockholders approval, to increase the share reserve by three million (3,000,000) shares to seven million (7,000,000) shares. If any purchase right expires or terminates, the shares subject to the unexercised portion of such purchase right will again be available for issuance under the Stock Purchase Plan.

Edgar Filing: EXTREME NETWORKS INC - Form DEF 14A

Administration. The Stock Purchase Plan is administered by the Board of Directors. Subject to the provisions of the Stock Purchase Plan, the Board of Directors determines the terms and conditions of purchase rights granted under the Stock Purchase Plan. The Board of Directors will interpret the Stock Purchase Plan and purchase rights granted thereunder, and all determinations of the Board of Directors will be final and binding on all persons having an interest in the Stock Purchase Plan or any purchase rights. The Stock Purchase Plan provides, subject to certain limitations, that Extreme Networks will indemnify any director, officer or employee against all reasonable expenses, including attorney's fees, incurred in connection with any legal action arising from such person's action or failure to act in administering the Stock Purchase Plan.

Eligibility. Any of our employees or employees of any present or future parent or subsidiary corporation of Extreme Networks designated by the Board of Directors for inclusion in the Stock Purchase Plan is eligible to

Table of Contents

participate in an offering to purchase stock under the Stock Purchase Plan so long as the employee is customarily employed for at least 20 hours per week and more than five months per calendar year. However, no employee who owns or holds stock options to purchase, or as a result of participation in the Stock Purchase Plan would own or hold options to purchase, five percent or more of the total combined voting power or value of all classes of stock of Extreme Networks or of any parent or subsidiary corporation of Extreme Networks is entitled to participate in the Stock Purchase Plan. As of September 30, 2003 approximately 750 of our employees were eligible to participate in the Stock Purchase Plan.

Offerings. Generally, each offering of our common stock under the Stock Purchase Plan is for a period of twelve months. Offering periods commence on the first day of February, May, August and November of each year and end on the last day of the following April, July, October and January, respectively. Each offering period is generally comprised of four three-month purchase periods. Shares are purchased on the last day of each purchase period. The Board of Directors may establish a different term for one or more offerings periods or purchase periods or different commencement or ending dates for an offering period or a purchase period, provided that no offering may have a term exceeding 27 months.

Participation and Purchase of Shares. Participation in the Stock Purchase Plan is limited to eligible employees who authorize payroll deductions prior to the start of an offering period. Payroll deductions may not exceed 15% (or such other rate as the Board determines) of an employee's compensation for any pay period during the offering period. Once an employee becomes a participant in the Stock Purchase Plan, that employee will automatically participate in each successive offering period which begins after the final purchase date until such time as that employee withdraws from the Stock Purchase Plan, becomes ineligible to participate in the Stock Purchase Plan, or terminates employment. Subject to certain limitations, each participant in an offering has a purchase right equal to the number of whole shares determined by dividing the participant's aggregate payroll deduction by the applicable purchase price for the purchase period. During any calendar year, no participant may accrue the right to purchase under the Stock Purchase Plan shares of our common stock having a fair market value exceeding \$25,000 (measured by the fair market value of our common stock on the first day of the relevant offering period). In addition, no more than 1,250 shares may be purchased by a participant on a purchase date, and no more than an aggregate of 400,000 shares may be purchased by all Stock Purchase Plan participants on a given purchase date. At the end of each purchase period, we issue to each participant in the offering the number of shares of our common stock determined by dividing the amount of payroll deductions accumulated for the participant during that purchase period by the purchase price, subject to the limitations set forth above. The price per share at which shares are sold generally equals 85% of the lesser of the fair market value per share of our common stock on the first day of the offering period or the purchase date. The fair market value of our common stock on any relevant date generally will be the closing price per share on such date as reported on the Nasdaq National Market. On September 30, 2003, the closing price of our common stock as reported on the Nasdaq National Market was \$6.32 per share. Any payroll deductions under the Stock Purchase Plan not applied to the purchase of shares will be returned to the participant, unless the amount remaining is less than the amount necessary to purchase a whole share of common stock, in which case the remaining amount may be applied to the next purchase period or offering period. A participant may withdraw from an offering at any time without affecting his eligibility to participate in future offerings. However, once a participant withdraws from an offering, that participant may not again participate in the same offering.

Change-in-Control. The Stock Purchase Plan provides that, in the event of a change-in-control, the acquiring or successor corporation may assume our rights and obligations under the Stock Purchase Plan or substitute substantially equivalent purchase rights for such corporation's stock. If the acquiring or successor corporation elects not to assume or substitute for the outstanding purchase rights, a final purchase date will be specified by the Board of Directors on a date to occur on or before the date of the change-in-control. Any purchase rights that are not assumed, substituted for, or exercised prior to the change-in-control will terminate.

Termination or Amendment. The Stock Purchase Plan will continue until terminated by the Board of Directors or until all of the shares reserved for issuance have been issued. The Board of Directors may at any

Table of Contents

time amend or terminate the Stock Purchase Plan, except that the approval of Extreme Networks stockholders is required within twelve months of the adoption of any amendment increasing the number of shares authorized for issuance under the Stock Purchase Plan, or changing the definition of the corporations which may be designated by the Board of Directors as corporations the employees of which may participate in the Stock Purchase Plan.

Summary of Federal Income Tax Consequences of the Stock Purchase Plan. The following summary is intended only as a general guide as to the United States federal income tax consequences under current law of participation in the Stock Purchase Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances. A participant recognizes no taxable income either as a result of commencing participation in the Stock Purchase Plan or purchasing shares of our common stock under the terms of the Stock Purchase Plan. If a participant disposes of shares purchased under the Stock Purchase Plan within either two years from the first day of the applicable offering period or within one year from the purchase date, known as disqualifying dispositions, the participant will realize ordinary income in the year of such disposition equal to the amount by which the fair market value of the shares on the purchase date exceeds the purchase price. The amount of the ordinary income will be added to the participant's basis in the shares, and any additional gain or resulting loss recognized on the disposition of the shares will be a capital gain or loss, which will be long-term if the participant's holding period is more than twelve months. If the participant disposes of shares purchased under the Stock Purchase Plan at least two years after the first day of the applicable offering period and at least one year after the purchase date, the participant will realize ordinary income in the year of disposition equal to the lesser of (i) the excess of the fair market value of the shares on the date of dispositions over the purchase price or (ii) 15% of the fair market value of the shares on the first day of the applicable offering period. The amount of any ordinary income will be added to the participant's basis in the shares, and any additional gain recognized upon the disposition after such basis adjustment will be a long-term capital gain. If the fair market value of the shares on the date of disposition is less than the purchase price, there will be no ordinary income and any loss recognized will be a long-term capital loss. If the participant still owns the shares at the time of death, the lesser of (i) the excess of the fair market value of the shares on the date of death over the purchase price or (ii) 15% of the fair market value of the shares on the first day of the offering period in which the shares were purchased will constitute ordinary income in the year of death. Extreme Networks should be entitled to a deduction in the year of a disqualifying disposition equal to the amount of ordinary income recognized by the participant as a result of the disposition, except to the extent such deduction is limited by applicable provisions of the Internal Revenue Code or the regulations thereunder. In all other cases, no deduction is allowed to Extreme Networks.

Shares Purchased by Certain Persons

The aggregate numbers of shares of our common stock purchased by certain persons under the Stock Purchase Plan since its inception through September 30, 2003 are as follows: (i) Gordon L. Stitt, President and Chief Executive Officer, 8,274 shares; (ii) Stephen Haddock, Vice President and Chief Technology Officer, 9,761 shares; (iii) Alexander J. Gray, Vice President and Chief Operating Officer, no shares; (iv) Harold L. Covert, former Vice President and Chief Financial Officer, 5,503 shares; (v) Christopher N. Todd, Senior Vice President, Worldwide Sales, no shares; (vi) all current executive officers as a group, an aggregate of 28,815 shares; and (vii) all employees, including current officers who are not executive officers, as a group, an aggregate of 3,148,146 shares. None of our directors who are not executive officers are eligible to participate in the Stock Purchase Plan. Since its inception, no shares have been issued under the Stock Purchase Plan to any other nominee for election as a director, or any associate of any such director, nominee or executive officer, and no other person has been issued five percent or more of the total amount of shares issued under the Stock Purchase Plan.

Vote Required and Board of Directors Recommendation. The affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the annual meeting at which a quorum representing a majority of all outstanding shares of our common stock is present and entitled to vote, either in person or by proxy, is required for approval of this proposal. Abstentions and broker non-votes will each be counted as present

Table of Contents

for purposes of determining the presence of a quorum. Abstentions will have the same effect as a negative vote on this proposal. Broker non-votes will have no effect on the outcome of the vote. The Board of Directors believes that the proposed amendment to the Stock Purchase Plan to increase the share reserve by 3,000,000 shares from 4,000,000 shares to 7,000,000 shares is in the best interests of Extreme Networks and its stockholders as discussed above.

THEREFORE, THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO AMEND THE STOCK PURCHASE PLAN TO INCREASE THE NUMBER OF SHARES RESERVED FOR ISSUANCE THEREUNDER BY 3,000,000 SHARES FROM 4,000,000 SHARES TO 7,000,000 SHARES.

Table of Contents**PROPOSAL THREE:****RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS**

The Board of Directors has appointed Ernst & Young LLP to serve as independent auditors to audit the financial statements of Extreme Networks for the fiscal year ending June 27, 2004. Ernst & Young LLP has acted in this capacity since its appointment in fiscal year 1997. A representative of Ernst & Young LLP will be present at the annual meeting and will be available to respond to appropriate questions.

Principal Accountant Fees and Services

The following table sets forth the aggregate fees billed to Extreme Networks for the fiscal years ended June 30, 2002 and June 29, 2003 by Ernst & Young LLP:

	Fiscal Year 2003	Fiscal Year 2002
Audit Fees	\$ 1,195,000	\$ 638,000
Audit-Related Fees	\$ 46,000	\$ 309,000
Tax Fees	\$ 567,000	\$ 625,000
All Other Fees	\$ 554,000	\$ 422,000

Audit-related fees billed during fiscal years 2002 and 2003 were for services provided in connection with the Sarbanes-Oxley Act of 2002. The tax fees billed during fiscal years 2002 and 2003 related to domestic and foreign tax-planning and tax return preparation. All other fees billed during fiscal years 2002 and 2003 were for services provided in connection with export compliance reviews and statutory audits.

Representatives of Ernst & Young LLP normally attend most meetings of the Audit Committee. The Audit Committee pre-approves the engagement of Ernst & Young LLP for all audit and non-audit services. The Audit Committee on an annual basis reviews the audit and non-audit service performed by Ernst & Young LLP, and reviews and approves the fees charged by Ernst & Young LLP. The Audit Committee has considered the role of Ernst & Young LLP in providing tax and audit services and other non-audit services to Extreme Networks and has concluded that such services are compatible with Ernst & Young LLP's independence as Extreme Networks' auditors.

Vote Required and Board of Director's Recommendation

Stockholder ratification of the selection of Ernst & Young LLP as independent auditors is not required by the Extreme Networks bylaws or otherwise. The Board of Directors, however, is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of Extreme Networks and its stockholders.

Approval of this proposal requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the annual meeting of stockholders, at which a quorum representing a majority of all outstanding shares of our common stock is present and voting, either in person or by proxy. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the vote on this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY ERNST & YOUNG LLP AS EXTREME NETWORKS INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING JUNE 27, 2004.

Option Exercises and Fiscal Year 2003 Year-End Values

The following table provides the specified information concerning exercises of options to purchase our common stock in the fiscal year ended June 29, 2003, and unexercised options held as of June 29, 2003, by the persons named in the Summary Compensation Table. A portion of the shares subject to these options are not yet vested, and would be subject to repurchase by us at a price equal to the option exercise price, if the corresponding options were exercised before those shares had vested. There were no exercises of options by any of the officers in the Summary Compensation Table during the fiscal year ended June 29, 2003. In May 2003, Messrs. Stitt, Haddock and Covert surrendered to Extreme Networks stock options previously granted to them representing 1,650,000 shares, 855,000 shares and 1,150,000 shares, respectively.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

Pursuant to the terms of our offer of employment to Alexander J. Gray, our Vice President and Chief Operating Officer, Mr. Gray is entitled to a lump sum payment equal to six months of his then effective base salary in the event that we terminate Mr. Gray for a reason other than cause, as defined in Mr. Gray's offer of employment.

In connection with his termination of employment with us, Harold L. Covert, our former Chief Financial Officer, agreed to serve us in a consulting capacity and is entitled to receive payments in an amount equal to his then effective base salary for a six-month period which began on September 30, 2003. In addition, we have agreed to pay Mr. Covert's premiums for continued group health insurance coverage during the same six-month period.

As a result of Extreme Networks' performance during the economic downturn, effective July 1, 2003, Messrs. Stitt and Haddock voluntarily agreed to a reduction of their annual salaries by 50% for the first and second quarters of fiscal year 2004. The voluntary reduction will remain in effect until January 1, 2004. See REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION.

On July 17, 2001, the Board of Directors ratified and approved an amended policy regarding the acceleration of vesting of shares subject to options for officers and directors upon a change-in-control. The amended policy defines a change-in-control as a single or series of sales or exchanges of voting stock, a merger or consolidation, the sale, or transfer of all or substantially all of the assets, or a liquidation wherein the stockholders immediately before the change-in-control do not retain, immediately after the change-in-control, more than 50% of the total combined voting power of Extreme Networks or the corporation to which the assets were transferred. This amended policy applies to all options granted to executive officers and directors after July 17, 2001. The policy provides as follows:

1. *For Officers of Extreme Networks:* (i) as of the effective date of the change-in-control, the number of vested shares shall be equal to the number of vested shares determined pursuant to the applicable vesting schedule in the option grant agreement, plus fifty percent (50%) of the difference between the number of option shares and the number of vested shares determined pursuant to the applicable vesting schedule in the option grant agreement, rounded down to the nearest whole number; and (ii) after the effective date of the change-in-control, the remaining shares of stock subject to the option that are not vested shares shall vest in equal monthly installments over one-half of the period beginning on the effective date of the change-in-control and ending upon termination of the vesting schedule in the option grant agreement, subject to the officer's continuous service with Extreme Networks.

2. *For Directors of Extreme Networks:* in the event of a change-in-control that occurs prior to the director's termination of service with Extreme Networks, the shares subject to options shall be fully vested.

Prior to adopting the above amended policy regarding the acceleration of vesting of shares subject to options for officers and directors, we entered into agreements with each executive officer and director providing for certain benefits in the event of a change-in-control. These agreements provide for accelerated vesting of shares subject to options granted to officers and directors in the event of a change-in-control as

Edgar Filing: EXTREME NETWORKS INC - Form DEF 14A

defined in the agreement between such officer or director and Extreme Networks. The options granted to officers and directors pursuant to these agreements have, over the passage time, become fully vested, surrendered to Extreme Networks, terminated due to the officer's or director's departure from Extreme Networks or exchanged in the Voluntary Option

Exchange Program (See the REPORT OF THE COMPENSATION COMMITTEE ON THE VOLUNTARY OPTION EXCHANGE PROGRAM). Any options granted prior to July 17, 2001 to an officer or director and subject to an agreement providing for accelerated vesting of shares subject to options upon a change-in-control, are either terminated or fully vested.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Except as otherwise disclosed in this proxy statement, during the fiscal year ended June 29, 2003, there was not, nor is there any currently proposed transaction or series of similar transactions to which Extreme Networks was or is to be a party in which the amount involved exceeds \$60,000, and in which any executive officer, director or holder of more than 5% of any class of voting securities of Extreme Networks and members of that person's immediate family had or will have a direct or indirect material interest.

We entered into indemnification agreements with each of the executive officers and directors. Such indemnification agreements require us to indemnify these individuals to the fullest extent permitted by law.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers, directors and persons who beneficially own more than 10% of our common stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission (the "SEC"). These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms filed by such person.

Based solely on our review of the forms furnished to us and written representations from certain reporting persons, we believe that all filing requirements applicable to our executive officers, directors and persons who beneficially own more than 10% of our common stock were complied with in the fiscal year ended June 29, 2003, except that a statement of changes in beneficial ownership of securities with respect to one transaction by Peter Wolken was not timely filed.

STRUCTURE OF THE BOARD OF DIRECTORS

Our Board of Directors currently consists of seven directors. The directors are divided into three classes - Class I, Class II and Class III, with each class consisting of nearly the same number of directors as possible and each class having a three-year term. The Class I directors are Messrs. Gordon L. Stitt and Kenneth Levy. The Class II directors are Messrs. Bob L. Corey, Peter Wolken and Lawrence K. Orr, but Mr. Orr has decided not to stand for re-election at the 2003 annual meeting of stockholders. The Class III directors are Messrs. Charles Carinalli and Promod Haque.

The structure of the Board of Directors is staggered, so that Class II, Class III and Class I directors will serve until the annual meetings of stockholders to be held in 2003, 2004 and 2005, respectively, and until their respective successors are duly elected and qualified. At each annual meeting of stockholders, the successors to directors whose term will then expire will be elected to serve from the time of election and qualification until the third annual meeting following their election.

The Board of Directors elects our President, Chief Financial Officer and Secretary. All other executive officers are elected by the Board of Directors or, in the case of Assistant Secretary, by the Secretary. All officers serve at the discretion of the Board of Directors. Each of our officers and directors, other than non-employee directors, devotes his full time to the affairs of Extreme Networks. Our non-employee directors devote such time to our affairs as is necessary to discharge their duties. There are no family relationships among any of our directors, officers or key employees.

The Board of Directors held 14 meetings during the fiscal year ended June 29, 2003. No director serving on the Board of Directors in fiscal year 2003 attended fewer than 75% of such meetings of the Board of Directors and the committees on which he serves.

Table of Contents

Committees of the Board of Directors

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Each of these Committees has a written charter that has been approved by the Board of Directors.

The members of the Audit Committee during fiscal year 2003 were Messrs. Charles Carinalli, Promod Haque and Lawrence K. Orr. Because Mr. Orr is not standing for re-election as a Class II director, effective immediately after the 2003 Annual Meeting of stockholders, Mr. Orr will no longer be a member of the Board of Directors or the Audit Committee. Upon joining the Board of Directors on October 23, 2003, Mr. Corey was appointed to the Audit Committee and designated as the Audit Committee financial expert as defined by the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder.

The Audit Committee retains our independent auditors, reviews and approves the planned scope, proposed fee arrangements and terms of engagement of the independent auditors, reviews the results of our annual audit, evaluates the adequacy of accounting and financial controls, reviews the independence of our auditors, and oversees Extreme Networks' financial reporting on behalf of the Board of Directors. The Audit Committee is also responsible for establishing procedures for the receipt, retention and treatment of complaints received by Extreme Networks regarding questionable accounting or auditing matters, including the anonymous submission by our employees of concerns regarding accounting or auditing matters. In addition, the Audit Committee reviews with our independent auditors the scope and timing of their audit services and any other services they are asked to perform, the independent auditors' report on our consolidated financial statements following completion of their audit, and our critical accounting policies and procedures and policies with respect to our internal accounting and financial controls. The Audit Committee held twelve meetings during the fiscal year ended June 29, 2003. For more information about the Audit Committee, see **REPORT OF THE AUDIT COMMITTEE** below.

The members of the Compensation Committee during fiscal year 2003 were Messrs. Charles Carinalli, Promod Haque and Peter Wolken. The Compensation Committee discharges the Board of Directors' responsibilities relating to the compensation for our executive officers and directors, including salaries, bonus levels and stock option grants. The Compensation Committee held four meetings during the fiscal year ended June 29, 2003. For more information about the Compensation Committee, see **REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION** below.

The members of the Nominating and Corporate Governance Committee during fiscal year 2003 were Messrs. Promod Haque and Kenneth Levy. The Nominating and Corporate Governance Committee identifies, reviews, evaluates and nominates candidates to serve on our Board of Directors, is responsible for recommending corporate governance principles, codes of conduct and compliance mechanisms applicable to Extreme Networks, and assists the Board of Directors in its annual reviews of the performance of the Board, each committee and management. The Nominating and Corporate Governance Committee held one meeting in fiscal year 2003.

The Nominating and Corporate Governance Committee has not received from stockholders any recommendations for nominees, and has not established procedures for considering any recommendations it might receive; however, it will duly consider any such recommendations, provided that timely notice of such nominations have been given in writing addressed to the Secretary in accordance with our bylaws. Stockholder recommended nominees to be presented at the fiscal year 2004 annual meeting must be received by us at our principal executive offices, no later than June 30, 2004.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the quality of our financial statements and our financial reporting on behalf of the Board of Directors. Management has the primary responsibility for the financial statements, maintaining appropriate accounting and financial reporting principles and policies and the reporting process, including internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Ernst & Young LLP, our independent auditors, is responsible for expressing an opinion as to the conformity of our audited financial statements with accounting principles generally accepted in the United States. Members of the Audit Committee are not full-time employees of Extreme Networks and are not, and do not represent themselves to be, accountants or auditors by profession or experts in the fields of accounting and auditing. It is not the duty or responsibility of the Audit Committee or its members to conduct any type of auditing or accounting review or procedure, and each member of the Audit Committee relies on the integrity of those persons and organizations within and outside Extreme Networks from whom it receives information and the accuracy of the financial and other information provided to the Audit Committee.

The Audit Committee consists of three directors each of whom, in the judgment of the Board, is an independent director as defined in the listing standards for The Nasdaq Stock Market. In January 2003, the Audit Committee adopted a revised Audit Committee charter to reflect the new rules and standards issued by the Securities and Exchange Commission. A copy of our revised Audit Committee charter is attached as Annex A.

The Audit Committee has discussed and reviewed with the auditors all matters required to be discussed under the Statement on Auditing Standards No. 61 *Communication with Audit Committees*. The Audit Committee has received from the auditors a formal written statement describing all relationships between the auditors and Extreme Networks that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1 *Independence Discussions with Audit Committees*, discussed with the auditors any relationships that may impact their objectivity and independence, and satisfied itself as to the auditors' independence.

The Audit Committee discussed with our independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examination, their consideration of our internal controls in connection with their audit, our internal audits and the overall quality of our financial reporting. Additionally, the Audit Committee has discussed and reviewed the audited financial statements with management.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended June 29, 2003 for filing with the Securities and Exchange Commission. The Audit Committee and the Board of Directors have also recommended ratification of our independent auditors for the fiscal year ending June 27, 2004.

The aggregate fees billed for professional services rendered for the audit of our annual financial statements by Ernst & Young LLP for fiscal year 2003 and for their review of the interim financial statements included in our Forms 10-Q for fiscal year 2003 were \$1,195,000. The aggregate fees billed for professional services rendered by Ernst & Young LLP, other than the audit fees, were \$1,167,000. These fees were for professional services including domestic and foreign tax-planning, tax return preparation, statutory audits and export compliance reviews.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee (the "Committee") is comprised of three independent, non-employee members of our Board of Directors. The Committee is responsible for setting and administering policies governing the annual compensation of our executive officers. The Committee periodically reviews the performance and compensation levels for executive officers and makes adjustments as warranted by competitive conditions or other circumstances.

Compensation Philosophy

Our philosophy concerning compensation for executive officers is to directly link their compensation to continuous improvements in our performance and increased stockholder value. The key elements of this philosophy are as follows:

1. provide a competitive total compensation package that enables us to attract, retain and reward executive officers who contribute to our success;
2. establish incentives that relate to our annual and long-term business strategies and objectives; and
3. provide variable compensation that is directly linked to the performance of Extreme Networks and stockholder return.

Consistent with this philosophy, the compensation package offered to executive officers includes: (i) base salary, (ii) variable incentive awards in the form of performance bonuses, and (iii) long-term, equity incentives in the form of stock options.

Base Salary

The Committee annually assesses the performance and sets the salary of the President and Chief Executive Officer, Gordon L. Stitt. The Committee also conducts an annual review of base salaries for all other executive officers and makes adjustments based on (i) salary recommendations from Mr. Stitt, (ii) individual performance evaluations of executive officers for the previous year, (iii) financial results from the previous year, and (iv) published salary surveys for companies of comparable size in the technology sector. Furthermore, the Committee sets both financial- and operational-based objectives and goals, including sales and spending forecasts for the upcoming year, to determine salaries for the executive officers.

As a result of our performance during the prolonged downturn in the economy, and in particular the technology sector, and as a part of our cost control efforts, effective July 1, 2003, Mr. Stitt and Mr. Haddock voluntarily requested the Committee to approve a reduction of their salaries by 50% for the first and second quarters of fiscal year 2004. The voluntary reduction will remain in effect until January 1, 2004. The Committee agreed to honor these requests.

For more information regarding the compensation and employment arrangements of Mr. Stitt and other executive officers, see EXECUTIVE COMPENSATION-Compensation of Executive Officers and Employment Contracts and Termination of Employment and Change-in-Control Arrangements.

Executive Bonuses

To reinforce the attainment of our goals, the Committee believes that a significant portion of the annual compensation of our executive officers should be in the form of executive bonuses. The Committee believes that this type of bonus program, in which bonuses are based on Extreme Networks attaining strategic and financial goals and other objectives set by the our Board of Directors, properly aligns the interests of our executive officers with the interests of our stockholders. We administer an Executive Bonus Program by which each of our executive officers can earn a cash bonus for the fiscal year. Under this program, the Committee sets a level of performance for Extreme Networks based on the above measures, which must be attained before any bonuses are awarded.

Table of Contents

The Committee establishes an amount that may be awarded to each of our executive officers. The amount for fiscal year 2003 was based on two weighted components. Operating profit goals account for 70% of such amount and quality goals account for the remaining 30%.

Each executive officer's bonus is based on a percentage of the base salary paid to such executive officer as the Committee determines, which in fiscal year 2003, was 60% for the Chief Executive Officer, 50% for the Senior Vice President - Worldwide Sales and 40% for all other executive officers.

The Chief Executive Officer may in his discretion reduce a bonus payable to an executive officer, based upon the Chief Executive Officer's evaluation of such executive officer's job performance or other factors deemed appropriate. In fiscal year 2003, we did not achieve our corporate financial performance targets, so no executive bonuses were paid. See EXECUTIVE COMPENSATION Summary Compensation Table.

Stock Options

The Committee believes that equity ownership by executive officers provides incentives to build stockholder value and aligns the interests of executive officers with those of the stockholders. Therefore, we periodically grant stock options to executive officers under our stock option plan. Stock options are granted at the current market price and will only have value if our stock price increases over the exercise price. Additionally, in February 2003, Extreme Networks amended the 2001 Nonstatutory Stock Option Plan and 2000 Nonstatutory Stock Option Plan to provide for the right to receive stock appreciation right awards, restricted stock awards and awards of bookkeeping units representing the right to receive shares of stock on one or more future dates.

The Committee determines the amount and frequency of option grants for executive officers, after consideration of recommendations from the Chief Executive Officer. Recommendations for options are based upon the relative position and responsibilities of each executive officer, previous and expected contributions of each officer to Extreme Networks, previous option grants to such executive officers, as well as recruitment and retention considerations. Option grants vest in accordance with vesting schedules determined for each grant as appropriate to assist in retaining and motivating key employees. Variations in vesting schedules may also represent equitable adjustments as a result of significant fluctuations in the market price of our stock over time. During fiscal year 2003, the Committee approved a new hire option grant for 500,000 shares to Alexander J. Gray. Additionally, Messrs. Stitt, Haddock and Covert surrendered to Extreme Networks stock options granted to them representing 1,650,000 shares, 855,000 shares and 1,150,000 shares, respectively. See Stock Option Grants in Fiscal Year 2003 above.

Chief Executive Officer Compensation

Mr. Stitt's compensation as President and Chief Executive Officer for fiscal year 2003 was established by the Committee in accordance with the guidelines described above. In addition, the Committee considers certain incentive objectives based on our performance as it relates to revenue levels and earnings-per-share levels, as well as compensation levels of President/Chief Executive Officers of companies of comparable size in the technology industry.

As a result of our performance during the prolonged downturn in the economy, and in particular the technology sector, effective July 1, 2003, Mr. Stitt voluntarily requested the Committee to approve a reduction of his salary by 50% for the first and second quarters of fiscal year 2004. The voluntary reduction will remain in effect until January 1, 2004.

Mr. Stitt's salary for fiscal year 2003 was \$220,000 and the Board of Directors did not grant him any stock options. We did not meet some of our financial performance goals for fiscal year 2003 and therefore Mr. Stitt did not receive an executive bonus award.

Table of Contents

Compliance with Section 162(m) of the Internal Revenue Code of 1986

We have considered the provisions of Section 162(m) of the Internal Revenue Code of 1986, and related Treasury Department regulations, which restrict deductibility of executive compensation paid to our Chief Executive Officer and each of the four other most highly compensated executive officers holding office at the end of any year to the extent such compensation exceeds \$1,000,000 for any of such officers in any year and does not qualify for an exception under the statute or regulations. Income from options granted under our stockholder-approved stock option plan would generally qualify for an exemption from these restrictions so long as the options are granted by a committee whose members are non-employee directors and have an exercise price no less than the fair market value of the shares on the date of grant. We expect that the Compensation Committee will continue to be comprised of non-employee directors, and that to the extent such Committee is not so constituted for any period of time, the options granted during such period will not be likely to result in compensation exceeding \$1,000,000 in any year. The Committee does not believe that in general other components of our compensation will be likely to exceed \$1,000,000 for any executive officer in the foreseeable future, and therefore concluded that no further action with respect to qualifying such compensation for deductibility was necessary at this time. In the future, the Committee will continue to evaluate the advisability of qualifying its executive compensation for deductibility of such compensation. The Committee's policy is to qualify its executive compensation for deductibility under applicable tax laws as practicable.

**REPORT OF THE COMPENSATION COMMITTEE
ON THE VOLUNTARY OPTION EXCHANGE PROGRAM**

In early 2003, the Compensation Committee began considering the options held by our employees and the fact that a broad decline in the price of Extreme Networks common stock resulted in a substantial number of stock options granted pursuant to the 1996 Amended Stock Option Plan, the 2000 Nonstatutory Stock Option Plan and the 2001 Nonstatutory Stock Option Plan (collectively, the Plans) having exercise prices well above the recent historical trading prices of our common stock. Management advised the Compensation Committee that management believed that employee turnover was likely to increase in part because the total compensation package for long-term employees, which included substantial options with exercise prices well above the then-current trading price of the common stock, had little or no value as an incentive to retain and motivate employees. In addition, existing option grants were not competitive with competing offers from other companies, since options granted to new hires at other companies would be granted at current trading prices.

The Compensation Committee believed that (i) our success in the future would depend in large part on our ability to retain a number of our highly skilled technical and managerial personnel, (ii) competition for such personnel would continue to be intense, (iii) the loss of key employees could have a significant adverse impact on our business, and (iv) it would be important and cost-effective to provide meaningful equity incentives to employees in order to improve our performance and the value for our stockholders. The Compensation Committee considered granting new options to existing employees at fair market value, but recognized that the size of the option grants required to offset the decline in market price would result in significant additional dilution to stockholders and that such grants would potentially exceed the option reserve, resulting in a potential charge to earnings if the price at the time of the annual meeting of stockholders was greater than the price at the time the grants were approved. The Compensation Committee recognized that an exchange of existing options with exercise prices higher than fair market value, for new options at fair market value, would provide an additional incentive to employees based on the potential for stock price appreciation. The Compensation Committee also recognized that it could require the new options to be subject to new vesting restrictions so that optionees participating in the exchange would have incentives to remain with Extreme Networks. Considering these factors, the Compensation Committee determined it to be in the best interests of Extreme Networks and its stockholders to exchange outstanding stock options under the Plans at the optionee's election, with new options with extended vesting and exercise prices equal to current market value, thus restoring the incentives for employees to remain with us and contribute to the attainment of our business and financial objectives and the creation of value for our stockholders.

Accordingly, on February 25, 2003, the Compensation Committee approved an offer to all of our employees, excluding executive officers, non-employee directors and sales executives reporting directly to the Vice President, Worldwide Sales, to exchange outstanding options with exercise prices greater than \$12.00 for new options to purchase three shares of our common stock for every five shares surrendered. Any new options would be issued no earlier than six months and one day from April 21, 2003, the last day of the offer period.

The new options for all eligible options exchanged have a vesting schedule that is based on the grant date of the eligible option exchanged, and vest each month of the employee's continuous employment with us, as follows: twenty-five percent (25%) of each option immediately vested on October 23, 2003, and (i) for employees who have been continuously employed with us for two years or more as of March 3, 2003, the remaining seventy-five percent (75%) of each option vests at a rate of 1/24 per month of continuous employment over the next two years following October 23, 2003 and (ii) for employees who have been employed with us for less than two years as of March 3, 2003, the remaining seventy-five percent (75%) of each option vests at a rate of 1/36 per month of continuous employment over the next three years following October 23, 2003.

Table of Contents

The option exchange was completed in its entirety on October 23, 2003; options for 9,294,746 shares with exercise prices ranging from \$12.00 to \$91.375 were canceled on April 22, 2003, and options for 5,069,322 shares were issued at an exercise price equal to the fair market value of our common stock on October 23, 2003. All new options terminate no later than 10 years from October 23, 2003. Solely as a result of the option exchange program, the total number of outstanding options were reduced by 4,225,424.

Notwithstanding the foregoing, the Board may establish a different duration for one or more Offering Periods or different commencing or ending dates for such Offering Periods; provided, however, that no Offering Period may have a duration exceeding twenty-seven (27) months. 8. RIGHT TO PURCHASE SHARES.

8.1 Grant of Purchase Right. Except as set forth below, on the Offering Date of each Offering Period, each Participant in such Offering Period shall be granted automatically a Purchase Right consisting of an option to purchase, on each Purchase Date within such Offering Period, that number of whole shares of Stock determined by dividing the aggregate payroll deductions collected from the Participant by the applicable Purchase Price on such Purchase Date; provided, that no Participant may purchase more than One Thousand Two Hundred Fifty (1,250) shares of Stock on any Purchase Date.

8.2 Calendar Year Purchase Limitation. Notwithstanding any provision of the Plan to the contrary, no Participant shall be granted a Purchase Right which permits his or her right to purchase shares of Stock under the Plan to accrue at a rate which, when aggregated with such Participant's rights to purchase shares under all other employee stock purchase plans of a Participating Company intended to meet the requirements of Section 423 of the Code, exceeds Twenty-Five Thousand Dollars (\$25,000) in Fair Market Value (or such other limit, if any, as may be imposed by the Code) for each calendar year in which such Purchase Right is outstanding at any time. For purposes of the preceding sentence, the Fair Market Value of shares purchased during a given Offering Period shall be determined as of the Offering Date for such Offering Period. The limitation described in this Section shall be applied in conformance with applicable regulations under Section 423(b)(8) of the Code.

8.3 Aggregate Purchase Limitation. Notwithstanding any provision of the Plan to the contrary, in no event shall the aggregate number of shares of Stock under the Plan to be purchased by all Participants on a Purchase Date exceed Three Hundred Thousand (400,000). The Board in its discretion may make any pro rata adjustment necessary to effectuate this Section.

Unless otherwise provided by the Board prior to the commencement of an Offering Period, the Purchase Price for that Offering Period shall be eighty-five percent (85%) of the lesser of (a) the Fair Market Value of a share of Stock on the Offering Date of the Offering Period, or (b) the Fair Market Value of a share of Stock on the Purchase Date.

Table of Contents

10. ACCUMULATION OF PURCHASE PRICE THROUGH PAYROLL DEDUCTION.

Shares of Stock acquired pursuant to the exercise of all or any portion of a Purchase Right may be paid for only by means of payroll deductions from the Participant's Compensation accumulated during the Offering Period for which such Purchase Right was granted, subject to the following:

10.1 Amount of Payroll Deductions. Except as otherwise provided herein, the amount to be deducted under the Plan from a Participant's Compensation on each payday during an Offering Period shall be determined by the Participant's Subscription Agreement. The Subscription Agreement shall set forth the percentage of the Participant's Compensation to be deducted on each payday during an Offering Period in whole percentages of not less than one percent (1%) (except as a result of an election pursuant to Section 10.3 to stop payroll deductions made effective following the first payday during an Offering) or more than fifteen percent (15%). Notwithstanding the foregoing, the Board may change the limits on payroll deductions effective as of any future Offering Date.

10.2 Commencement of Payroll Deductions. Payroll deductions shall commence on the first payday following the Offering Date and shall continue to the end of the Offering Period unless sooner altered or terminated as provided herein.

10.3 Election to Change or Stop Payroll Deductions. During an Offering Period, a Participant may elect to increase or decrease the rate of or to stop deductions from his or her Compensation by delivering to the Company an amended Subscription Agreement authorizing such change on or before the Change Notice Date. The **Change Notice Date** shall be a date prior to the beginning of the first pay period for which such election is to be effective as established by the Company from time to time and announced to the Participants. A Participant who elects to decrease the rate of his or her payroll deductions to zero percent (0%) shall nevertheless remain a Participant in the current Offering Period unless such Participant withdraws from the Plan as provided in Section 12.1.

10.4 Administrative Suspension of Payroll Deductions. The Company may, in its sole discretion, suspend a Participant's payroll deductions under the Plan as the Company deems advisable to avoid accumulating payroll deductions in excess of the amount that could reasonably be anticipated to purchase the maximum number of shares of Stock permitted during a calendar year under the limit set forth in Section 8.2. Payroll deductions shall be resumed at the rate specified in the Participant's then effective Subscription Agreement at the beginning of the next Purchase Period the Purchase Date of which falls in the following calendar year.

10.5 Participant Accounts. Individual bookkeeping accounts shall be maintained for each Participant. All payroll deductions from a Participant's Compensation shall be credited to such Participant's Plan account and shall be deposited with the general funds of the Company. All payroll deductions received or held by the Company may be used by the Company for any corporate purpose.

Table of Contents

10.6 **No Interest Paid.** Interest shall not be paid on sums deducted from a Participant's Compensation pursuant to the Plan.

10.7 **Voluntary Withdrawal from Plan Account.** A Participant may withdraw all or any portion of the payroll deductions credited to his or her Plan account and not previously applied toward the purchase of Stock by delivering to the Company a written notice on a form provided by the Company for such purpose. A Participant who withdraws the entire remaining balance credited to his or her Plan account shall be deemed to have withdrawn from the Plan in accordance with Section 12.1. Amounts withdrawn shall be returned to the Participant as soon as practicable after the withdrawal and may not be applied to the purchase of shares in any Offering under the Plan. The Company may from time to time establish or change limitations on the frequency of withdrawals permitted under this Section, establish a minimum dollar amount that must be retained in the Participant's Plan account, or terminate the withdrawal right provided by this Section.

11. PURCHASE OF SHARES.

11.1 **Exercise of Purchase Right.** On each Purchase Date, each Participant who has not withdrawn from the Plan and whose participation in the Offering has not terminated before such Purchase Date shall automatically acquire pursuant to the exercise of the Participant's Purchase Right the number of whole shares of Stock determined by dividing (a) the total amount of the Participant's payroll deductions accumulated in the Participant's Plan account during the Purchase Period and not previously applied toward the purchase of Stock by (b) the Purchase Price. No shares of Stock shall be purchased on a Purchase Date on behalf of a Participant whose participation in the Offering or the Plan has terminated before such Purchase Date.

11.2 **Pro Rata Allocation of Shares.** In the event that the number of shares of Stock which might be purchased by all Participants in the Plan on a Purchase Date exceeds the number of shares of Stock available in the Plan as provided in Section 4.1 or the limit provided for in Section 8.3, the Company shall make a pro rata allocation of the remaining shares in as uniform a manner as shall be practicable and as the Company shall determine to be equitable. Any fractional share resulting from such pro rata allocation to any Participant shall be disregarded.

11.3 **Delivery of Certificates.** As soon as practicable after each Purchase Date, the Company shall arrange the delivery to each Participant, as appropriate, of a certificate representing the shares acquired by the Participant on such Purchase Date; provided that the Company may deliver such shares to a broker that holds such shares in street name for the benefit of the Participant. Shares to be delivered to a Participant under the Plan shall be registered in the name of the Participant, or, if requested by the Participant, in the name of the Participant and his or her spouse, or, if applicable, in the names of the heirs of the Participant.

11.4 **Return of Cash Balance.** Any cash balance remaining in a Participant's Plan account following any Purchase Date shall be refunded to the Participant as soon as practicable after such Purchase Date. However, if the cash to be returned to a Participant pursuant to the preceding sentence is an amount less than the amount that would have been necessary to purchase an additional whole share of Stock on such Purchase Date, the Company may retain such amount in the Participant's Plan account to be applied toward the purchase of shares of Stock in the subsequent Purchase Period or Offering Period, as the case may be.

11.5 Tax Withholding. At the time a Participant's Purchase Right is exercised, in whole or in part, or at the time a Participant disposes of some or all of the shares of Stock he or she acquires under the Plan, the Participant shall make adequate provision for the foreign, federal, state and local tax withholding obligations of the Participating Company Group, if any, which arise upon exercise of the Purchase Right or upon such disposition of shares, respectively. The Participating Company Group may, but shall not be obligated to, withhold from the Participant's compensation the amount necessary to meet such withholding obligations.

11.6 Expiration of Purchase Right. Any portion of a Participant's Purchase Right remaining unexercised after the end of the Offering Period to which the Purchase Right relates shall expire immediately upon the end of the Offering Period.

11.7 Reports to Participants. Each Participant who has exercised all or part of his or her Purchase Right shall receive, as soon as practicable after the Purchase Date, a report of such Participant's Plan account setting forth the total payroll deductions accumulated prior to such exercise, the number of shares of Stock purchased, the Purchase Price for such shares, the date of purchase and the cash balance, if any, remaining immediately after such purchase that is to be refunded or retained in the Participant's Plan account pursuant to Section 11.4. The report required by this Section may be delivered in such form and by such means, including by electronic transmission, as the Company may determine.

12. WITHDRAWAL FROM OFFERING OR PLAN.

12.1 Voluntary Withdrawal from the Plan. A Participant may withdraw from the Plan by signing and delivering to the Company a written notice of withdrawal on a form provided by the Company for such purpose. Such withdrawal may be elected at any time prior to the end of an Offering Period; provided, however, that if a Participant withdraws from the Plan after the Purchase Date of a Purchase Period, the withdrawal shall not affect shares of Stock acquired by the Participant on such Purchase Date. A Participant who voluntarily withdraws from the Plan is prohibited from resuming participation in the Plan in the same Offering from which he or she withdrew, but may participate in any subsequent Offering by again satisfying the requirements of Sections 5 and 7.1. The Company may impose a requirement that the notice of withdrawal from the Plan be on file with the Company for a reasonable period prior to the effectiveness of the Participant's withdrawal.

12.2 Automatic Withdrawal from an Offering. If the Fair Market Value of a share of Stock on a Purchase Date of an Offering Period (other than the final Purchase Date of such offering) is less than the Fair Market Value of a share of Stock on the Offering Date for such Offering Period, then every Participant shall automatically be (a) withdrawn from such Offering Period after the acquisition of shares of Stock on the Purchase Date and (b) enrolled in the new Offering Period effective on its Offering Date.

12.3 Return of Payroll Deductions. Upon a Participant's voluntary withdrawal from the Plan pursuant to Sections 12.1 or automatic withdrawal from an Offering pursuant to Section 12.2, the Participant's accumulated payroll deductions which have not been applied toward the purchase of shares of Stock (except, in the case of an automatic withdrawal pursuant to Section 12.2, for an amount necessary to purchase an additional whole share as provided in Section 11.4) shall be refunded to the Participant as soon as practicable after the withdrawal, without the payment of any interest, and the Participant's interest in the Plan or the Offering, as applicable, shall terminate. Such accumulated payroll deductions to be refunded in accordance with this Section may not be applied to any other Offering under the Plan.

13. TERMINATION OF EMPLOYMENT OR ELIGIBILITY.

Upon a Participant's ceasing, prior to a Purchase Date, to be an Employee of the Participating Company Group for any reason, including retirement, disability or death, or the failure of a Participant to remain an Eligible Employee, the Participant's participation in the Plan shall terminate immediately. In such event, the payroll deductions credited to the Participant's Plan account since the last Purchase Date shall, as soon as practicable, be returned to the Participant or, in the case of the Participant's death, to the Participant's legal representative, and all of the Participant's rights under the Plan shall terminate. Interest shall not be paid on sums returned pursuant to this Section 13. A Participant whose participation has been so terminated may again become eligible to participate in the Plan by again satisfying the requirements of Sections 5 and 7.1.

14. CHANGE IN CONTROL.

14.1 Definitions.

(a) An **Ownership Change Event** shall be deemed to have occurred if any of the following occurs with respect to the Company: (i) the direct or indirect sale or exchange in a single or series of related transactions by the stockholders of the Company of more than fifty percent (50%) of the voting stock of the Company; (ii) a merger or consolidation in which the Company is a party; (iii) the sale, exchange, or transfer of all or substantially all of the assets of the Company; or (iv) a liquidation or dissolution of the Company.

(b) A **Change in Control** shall mean an Ownership Change Event or a series of related Ownership Change Events (collectively, the **Transaction**) wherein the stockholders of the Company immediately before the Transaction do not retain immediately after the Transaction, in substantially the same proportions as their ownership of shares of the Company's voting stock immediately before the Transaction, direct or indirect beneficial ownership of more than fifty percent (50%) of the total combined voting power of the outstanding voting stock of the Company or the corporation or corporations to which the assets of the Company were transferred (the **Transferee Corporation(s)**), as the case may be. For purposes of the preceding sentence, indirect beneficial ownership shall include, without limitation, an interest resulting from ownership of the voting stock of one or more corporations which, as a result of the Transaction, own the Company or the Transferee Corporation(s), as the case may be, either directly or through one or more subsidiary corporations. The Board shall have the right to determine whether multiple sales or exchanges of the voting stock of the Company or multiple Ownership Change Events are related, and its determination shall be final, binding and conclusive.

14.2 Effect of Change in Control on Purchase Rights. In the event of a Change in Control, the surviving, continuing, successor, or purchasing corporation or parent corporation thereof, as the case may be (the **Acquiring Corporation**), may assume the Company's rights and obligations under the Plan. If the Acquiring Corporation elects not to assume the Company's rights and obligations under outstanding Purchase Rights, the Purchase Date of the then current Purchase Period shall be accelerated to a date before the date of the Change in Control specified by the Board, but the number of shares of Stock subject to outstanding Purchase Rights shall not be adjusted. All Purchase Rights which are neither assumed by the Acquiring Corporation in connection with the Change in Control nor exercised as of the date of the Change in Control shall terminate and cease to be outstanding effective as of the date of the Change in Control.

15. NONTRANSFERABILITY OF PURCHASE RIGHTS.

A Purchase Right may not be transferred in any manner otherwise than by will or the laws of descent and distribution and shall be exercisable during the lifetime of the Participant only by the Participant.

16. COMPLIANCE WITH SECURITIES LAW.

The issuance of shares under the Plan shall be subject to compliance with all applicable requirements of federal, state and foreign law with respect to such securities. A Purchase Right may not be exercised if the issuance of shares upon such exercise would constitute a violation of any applicable federal, state or foreign securities laws or other law or regulations or the requirements of any securities exchange or market system upon which the Stock may then be listed. In addition, no Purchase Right may be exercised unless (a) a registration statement under the Securities Act of 1933, as amended, shall at the time of exercise of the Purchase Right be in effect with respect to the shares issuable upon exercise of the Purchase Right, or (b) in the opinion of legal counsel to the Company, the shares issuable upon exercise of the Purchase Right may be issued in accordance with the terms of an applicable exemption from the registration requirements of said Act. The inability of the Company to obtain from any regulatory body having jurisdiction the authority, if any, deemed by the Company's legal counsel to be necessary to the lawful issuance and sale of any shares under the Plan shall relieve the Company of any liability in respect of the failure to issue or sell such shares as to which such requisite authority shall not have been obtained. As a condition to the exercise of a Purchase Right, the Company may require the Participant to satisfy any qualifications that may be necessary or appropriate, to evidence compliance with any applicable law or regulation, and to make any representation or warranty with respect thereto as may be requested by the Company.

17. RIGHTS AS A STOCKHOLDER AND EMPLOYEE.

A Participant shall have no rights as a stockholder by virtue of the Participant's participation in the Plan until the date of the issuance of a certificate for the shares purchased pursuant to the exercise of the Participant's Purchase Right (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company). No adjustment shall be made for dividends, distributions or other rights for which the record date is prior to the date such certificate is issued, except as provided in Section 4.2. Nothing herein shall confer upon a Participant any right to continue in the employ of the Participating Company Group or interfere in any way with any right of the Participating Company Group to terminate the Participant's employment at any time.

18. **LEGENDS.**

The Company may at any time place legends or other identifying symbols referencing any applicable federal, state or foreign securities law restrictions or any provision convenient in the administration of the Plan on some or all of the certificates representing shares of Stock issued under the Plan. The Participant shall, at the request of the Company, promptly present to the Company any and all certificates representing shares acquired pursuant to a Purchase Right in the possession of the Participant in order to carry out the provisions of this Section. Unless otherwise specified by the Company, legends placed on such certificates may include but shall not be limited to the following:

THE SHARES EVIDENCED BY THIS CERTIFICATE WERE ISSUED BY THE CORPORATION TO THE REGISTERED HOLDER UPON THE PURCHASE OF SHARES UNDER AN EMPLOYEE STOCK PURCHASE PLAN AS DEFINED IN SECTION 423 OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED. THE TRANSFER AGENT FOR THE SHARES EVIDENCED HEREBY SHALL NOTIFY THE CORPORATION IMMEDIATELY OF ANY TRANSFER OF THE SHARES BY THE REGISTERED HOLDER HEREOF. THE REGISTERED HOLDER SHALL HOLD ALL SHARES PURCHASED UNDER THE PLAN IN THE REGISTERED HOLDER'S NAME (AND NOT IN THE NAME OF ANY NOMINEE).

19. **NOTIFICATION OF SALE OF SHARES.**

The Company may require the Participant to give the Company prompt notice of any disposition of shares acquired by exercise of a Purchase Right within two (2) years from the date of granting such Purchase Right or one (1) year from the date of exercise of such Purchase Right. The Company may require that until such time as a Participant disposes of shares acquired upon exercise of a Purchase Right, the Participant shall hold all such shares in the Participant's name (or, if elected by the Participant, in the name of the Participant and his or her spouse but not in the name of any nominee) until the lapse of the time periods with respect to such Purchase Right referred to in the preceding sentence. The Company may direct that the certificates evidencing shares acquired by exercise of a Purchase Right refer to such requirement to give prompt notice of disposition.

20. **NOTICES.**

All notices or other communications by a Participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

21. **INDEMNIFICATION.**

In addition to such other rights of indemnification as they may have as members of the Board or officers or employees of the Participating Company Group, members of the Board and any officers or employees of the Participating Company Group to whom authority to act for the Board or the Company is delegated shall be indemnified by the Company against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan, or any right granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by independent legal counsel selected by the Company) or paid by them in satisfaction of a judgment in any such action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct in duties; provided, however, that within sixty (60) days after the institution of such action, suit or proceeding, such person shall offer to the Company, in writing, the opportunity at its own expense to handle and defend the same.

22. **AMENDMENT OR TERMINATION OF THE PLAN.**

The Board may at any time amend or terminate the Plan, except that (a) such termination shall not affect Purchase Rights previously granted under the Plan, provided that the Board may terminate the Plan (and any Offering thereunder) on any Purchase Date if the Board determines that such termination is in the best interests of the Company and its stockholders except as permitted under the Plan, and (b) no amendment may adversely affect a Purchase Right previously granted under the Plan (except to the extent permitted by the Plan or as may be necessary to qualify the Plan as an employee stock purchase plan pursuant to Section 423 of the Code or to obtain qualification or registration of the shares of Stock under applicable federal, state or foreign securities laws). In addition, an amendment to the Plan must be approved by the stockholders of the Company within twelve (12) months of the adoption of such amendment if such amendment would authorize the sale of more shares than are authorized for issuance under the Plan or would change the definition of the corporations that may be designated by the Board as Participating Companies. In the event that the Board approves an amendment to increase the number of shares authorized for issuance under the Plan (the *Additional Shares*), the Board, in its sole discretion, may specify that such Additional Shares may only be issued pursuant to Purchase Rights granted after the date on which the stockholders of the Company approve such amendment, and such designation by the Board shall not be deemed to have adversely affected any Purchase Right granted prior to the date on which the stockholders approve the amendment.
