FOR IMMEDIATE RELEASE

#### Hitachi and Omron Announce Joint Venture Details

#### For Hitachi-Omron Terminal Solutions, Corp.

Tokyo, May 11, 2004 Hitachi, Ltd. (NYSE:HIT / TSE: 6501) and Omron Corporation (TSE / OSE: 6645) today decided the outline of a joint venture for combining their ATM and other information equipment businesses. Today s decision is based on an agreement between the two companies that was reached on January 26, 2004.

The new company, to start operations on October 1, 2004, will be called Hitachi-Omron Terminal Solutions, Corp. and will be responsible for the planning, development, manufacture and sales of ATMs and other self-service machines, terminal systems and other information equipment as well as for the modules and solutions businesses.

Aiming for a globally competitive position, in an information equipment market expected to see growth during the ubiquitous era, the new company will fulfill broad customer needs by providing optimal solutions based on recognition and handling technologies for cash, cards, passbooks, forms, etc. and other human interface technologies that enable simple operation for customers and end-users.

### **Reorganization Overview**

| a) Method used for corporate separation                                                                                                                                                                                                                                                                          |
|                                                                                                                                                                                                                                                                                                                  |
| Hitachi and Omron will transfer their business units to a new company jointly established by them through a joint corporate separation. Hitachi will conduct a simple corporate separation in accordance with Article 374-6 of the Commercial Code of Japan.                                                     |
|                                                                                                                                                                                                                                                                                                                  |
| b) Reason for using this method                                                                                                                                                                                                                                                                                  |
| Hitachi and Omron have agreed to jointly establish a company with the aims of increasing the efficiency of information equipment and module                                                                                                                                                                      |
| development, stabilizing the information equipment and module businesses, and bolstering business activities in Japan and overseas, including the solutions business. The method was chosen to ensure a smooth transition of business activities to the new company.                                             |
| (3) Stock allocation                                                                                                                                                                                                                                                                                             |
|                                                                                                                                                                                                                                                                                                                  |
| a) Allocation ratio                                                                                                                                                                                                                                                                                              |
|                                                                                                                                                                                                                                                                                                                  |
| To ensure that the allocation ratio is fair and appropriate, Hitachi and Omron each asked third parties to examine the value of their respective business to be separated. Based on discussions by the two companies concerning the results of these examinations, Hitachi and Omron agreed on a ratio of 55:45. |
|                                                                                                                                                                                                                                                                                                                  |
| b) Stock allocation                                                                                                                                                                                                                                                                                              |
|                                                                                                                                                                                                                                                                                                                  |
| Hitachi will receive 55,000 shares of common stock to be issued by the new company.                                                                                                                                                                                                                              |
| Omron will receive 45,000 shares of common stock to be issued by the new company.                                                                                                                                                                                                                                |
|                                                                                                                                                                                                                                                                                                                  |
| c) Basis for calculations, calculation method and results of third-party calculations                                                                                                                                                                                                                            |

| The third parties analyzed the shareholder value on a consolidated basis of the two companies businesses that are to be separated, and calculated |
|---------------------------------------------------------------------------------------------------------------------------------------------------|
| the allocation ratio based on a comprehensive consideration of the results of applying the discounted cash flow method, peer company              |
| comparisons and other methods. This process was conducted based on an examination of various documents regarding separation that were             |
| provided by the two parties as well as discussions with the two parties.                                                                          |

(4) Payments

There will be no payments with regard to the allocation of shares.

#### FOR IMMEDIATE RELEASE

## Hitachi, TOKICO and Hitachi Unisia Automotive Sign Merger Agreement

| Tokyo, May 25, 2004    | Hitachi, Ltd. (NYSE:HIT / TSE:6501 /      | Hitachi ), TOKICO LTD. (TSE:7232 /        | TOKICO ) and Hitachi Unisia Automotive, |
|------------------------|-------------------------------------------|-------------------------------------------|-----------------------------------------|
| Ltd. ( Unisia ) annour | nced that they have signed a merger agree | ement today. This agreement is based on n | nerger memorandum of understanding      |
| dated March 26, 2004.  |                                           |                                           |                                         |

### 1. Overview of the Merger Agreement

## (1) Method used for merger

As the surviving company, Hitachi will absorb TOKICO and Unisia, which will be dissolved thereafter. Shares of TOKICO will be de-listed as of September 27, 2004.

### (2) Merger ratio

Hitachi and TOKICO asked Nomura Securities Co., Ltd. ( Nomura Securities ) and KPMG Corporate Finance K.K. ( KPMG ), respectively, to calculate proposed merger ratios. Based on discussions by Hitachi and TOKICO with reference to the results of these proposals, the two companies agreed on the merger ratio as follows:

| Company          | Hitachi | TOKICO |
|------------------|---------|--------|
| <br>Merger ratio | 1       | 0.521  |

Hitachi shares will not exchange its shares for those of Unisia because Unisia is a wholly owned subsidiary of Hitachi.

### Notes

## 1. Stock allocation ratio

- 0.521 Hitachi shares will be allotted for every 1 TOKICO share held. However, this may change based on discussions among the three companies if there is a significant change in the three companies financial position between now and the merger date.
- No allocation will be made with respect to 26,952,434 shares of TOKICO common stock held by Hitachi.
- Hitachi will use treasury stock instead of issuing new shares for all the shares allocated at the time of this merger.

| - 2 -                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |  |  |  |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |  |  |  |
| 2. Calculation methods and basis of calculations used by third parties                                                                                                                                                                                                                                                                                                                                                                                                                                                            |  |  |  |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |  |  |  |
| Nomura Securities used the market value method with respect to Hitachi, and the market value, peer company comparison and discounted cash flow methods with respect to TOKICO. Nomura Securities calculated a merger ratio proposal based on a comprehensive analysis using these results.                                                                                                                                                                                                                                        |  |  |  |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |  |  |  |
| KPMG used the market value method with respect to Hitachi, and the market value, discounted cash flow and the adjusted net worth methods for TOKICO. KPMG calculated a merger ratio proposal based on a comprehensive analysis using these results.                                                                                                                                                                                                                                                                               |  |  |  |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |  |  |  |
| 3. New Hitachi shares issued as a result of this merger                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |  |  |  |
| No new shares will be issued because Hitachi will use its treasury stock.                                                                                                                                                                                                                                                                                                                                                                                                                                                         |  |  |  |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |  |  |  |
| (3) Payments                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |  |  |  |
| Hitashi will nov 4 van nor 1 TOVICO abore held as an agriculant to TOVICO a interior dividend from April 1 2004 to September 20, 2004                                                                                                                                                                                                                                                                                                                                                                                             |  |  |  |
| Hitachi will pay 4 yen per 1 TOKICO share held as an equivalent to TOKICO s interim dividend from April 1, 2004 to September 30, 2004, within three months of the date of merger to shareholders recorded in TOKICO s register of shareholders and beneficial shareholders or registered rights holders at the end of the day prior to the merger date. However, this may change based on discussions between Hitachi and TOKICO if there is a significant change in TOKICO s financial position between now and the merger date. |  |  |  |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |  |  |  |
| (4) Capital Stock                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |  |  |  |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |  |  |  |

#### **Cautionary Statement**

Certain statements found in this document may constitute forward-looking statements as defined in the U.S. Private Securities Litigation Reform Act of 1995. Such forward-looking statements reflect management is current views with respect to certain future events and financial performance and include any statement that does not directly relate to any historical or current fact. Words such as anticipate, believe, expect, estimate, intend, plan, project and similar expressions which indicate future events and trends are used to assist readers in identifying these forward-looking statements. Such statements are based on currently available information and are subject to various risks and uncertainties that could cause actual results to differ materially from those projected or implied in the forward-looking statements and from historical trends. Certain forward-looking statements are based on current assumptions of future events which may not prove to be accurate. Undue reliance should not be placed on forward-looking statements, as such statements speak only as of the date of this document.

Factors that could cause actual results to differ materially from those projected or implied in any forward-looking statement and from historical trends include, but are not limited to:

- rapid technological change, particularly in the Information & Telecommunication Systems segment and Electronic Devices segment;
- uncertainty as to Hitachi s ability to continue to develop and market products that incorporate new technology on a timely and cost-effective basis and to achieve market acceptance for such products;
- fluctuations in product demand and industry capacity, particularly in the Information & Telecommunication Systems segment, Electronic Devices segment and Digital Media & Consumer Products segment;
- increasing commoditization of information technology products, and intensifying price competition in the market for such products;
- fluctuations in rates of exchange for the yen and other currencies in which Hitachi makes significant sales or in which Hitachi s assets and liabilities are denominated, particularly between the yen and the U.S. dollar;
- uncertainty as to Hitachi s ability to access, or access on favorable terms, liquidity or long-term financing, particularly in the context of limited credit availability currently prevailing in Japan;
- uncertainty as to Hitachi s ability to implement measures to reduce the potential negative impact of fluctuations in product demand and/or exchange rates;
- general economic conditions and the regulatory and trade environment of Hitachi s major markets, particularly, the United States, Japan and elsewhere in Asia, including, without limitation, continued stagnation or deterioration of the Japanese economy, or direct or indirect restriction by other nations on imports;

Table of Contents 18

-

uncertainty as to Hitachi s access to, and ability to protect, certain intellectual property rights, particularly those related to electronics and data processing technologies;

- uncertainty as to the success of alliances upon which Hitachi depends, some of which Hitachi may not control, with other corporations in the design and development of certain key products; and
- uncertainty as to general market price levels for equity securities in Japan, declines in which may require Hitachi to write-down
  equity securities it holds.

The factors listed above are not all-inclusive and are in addition to other factors contained in Hitachi s periodic filings with the U.S. Securities and Exchange Commission and in other materials published by Hitachi.

### Regarding the merger between Hitachi, Ltd. and TOKICO LTD.

Hitachi, Ltd. and TOKICO LTD. are Japanese companies. Information distributed in connection with the proposed merger is subject to Japanese disclosure requirements, which are different from those of the U.S. Financial information included herein is prepared in accordance with Japanese accounting standards and may therefore not be comparable to the financial information of U.S. companies.

It may be difficult for you to enforce your rights and any claim you may have arising under the federal securities laws in respect of the merger, since the companies are located in Japan, and some or all of its officers and directors are residents of Japan. You may not be able to sue the companies or their officers or directors in a Japanese court for violations of the U.S. securities laws. Finally, it may be difficult to compel the companies and their affiliates to subject themselves to a U.S. court s judgment.
