PROXY STATEMENT
FOR
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 2, 2005

SOLICITATION, VOTING, AND REVOCABILITY OF PROXIES

The Board of Directors of Radiologix, Inc. ("Radiologix" or the "Company") is soliciting the accompanying proxy card for use at the Company's Annual Meeting of Stockholders to be held on Thursday, June 2, 2005, at 9:00 a.m., local time (the "Annual Meeting") and at any adjournments of the Annual Meeting, for the purposes set forth in this proxy statement and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at 2200 Ross Avenue, 39th Floor, Dallas, Texas 75201-2776. The Company's telephone number is (214) 303-2776. This proxy statement, the accompanying proxy card, and a copy of the Company's 2004 Annual Report to Stockholders are first being sent or given to stockholders on or about May 3, 2005.

Record Date; Outstanding Shares

Stockholders of record at the close of business on April 18, 2005 (the "Record Date"), are entitled to notice of and to vote at the Annual Meeting and any adjournments. On the Record Date, 22,270,584 shares of the Company's Common Stock, par value \$.0001 per share ("Common Stock"), were issued and outstanding.

Revocability of Proxies

Any proxy given in response to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked before they are voted at the Annual Meeting by (i) filing a written notice of revocation bearing a later date than the accompanying proxy card with the Company's Secretary (Michael L. Silhol), (ii) executing a later dated proxy card relating to the same shares and delivering it to the Company's Secretary before or at the Annual Meeting, or (iii) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy.

Voting and Solicitation

Each share of Common Stock is entitled to one vote for each director to be elected and upon all other matters submitted for a vote at the Annual Meeting. Cumulative voting for directors is not permitted.

Edgar Filing: RADIOLOGIX INC - Form DEF 14A

Radiologix will pay the cost of soliciting proxies. In addition to soliciting proxies by mail, Radiologix may solicit proxies by personal interview, telephone, and similar means. No director, officer, or employee of Radiologix will be specially compensated for these activities.

Quorum; Abstentions, Broker Non-Votes

The required quorum for transacting business at the Annual Meeting is the presence in person or by proxy of a majority of the shares eligible to be cast by holders of Common Stock issued and outstanding on the Record Date. Shares voted FOR, AGAINST, or ABSTAIN are treated as being present at the meeting for purposes of establishing a quorum. They are also treated as shares entitled to vote at the Annual Meeting (the Votes Cast).

Abstentions will be counted to determine the total number of Votes Cast with respect to a proposal (other than the election of directors).

Brokers who hold shares in street name for customers generally may not vote on certain matters unless they have received instructions from beneficial owners. Brokers who do not receive instructions, however, may vote on the election of directors. In this proxy statement, broker non-votes means votes that brokers could have cast on other matters with respect to uninstructed shares if the brokers had received their customers instructions. Broker non-votes will be counted to determine the presence or absence of a quorum, but will not be counted in determining the number of Votes Cast with respect to a particular proposal on which a broker has expressly not voted. Accordingly, a broker non-vote will not have any effect on the outcome of the voting on the business items described in the accompanying Notice of Annual Meeting of Stockholders.

Vote Required

The affirmative vote of a plurality of the Common Stock present in person or represented by proxy at the Annual Meeting is required to elect the nominees for director named above.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* ELECTION OF THE NOMINEES FOR DIRECTOR NAMED ABOVE.

MEETINGS OF DIRECTORS AND COMMITTEES

Radiologix is managed under the direction of the Board of Directors. The Board meets to review significant developments affecting Radiologix and to act on matters requiring Board approval. It also holds special meetings when important matters require Board action between scheduled meetings. The Board met eight times during 2004. Each member of the Board participated in at least 75% of all Board and applicable committee meetings held. Directors are encouraged to attend the Annual Meeting. Two directors attended Radiologix's 2004 Annual Meeting of Stockholders.

The Board has established Audit, Compensation and Stock Plan Administration, and Nominations and Governance Committees to devote attention to specific subjects and to assist it in the discharge of its responsibilities. The functions of these committees, their current members, and the number of meetings held during 2004 are described below. The Board of Directors has determined that all members of its committees are independent directors under Securities and Exchange Commission rules and under American Stock Exchange listing standards, except for Dr. Sherman, who was appointed to the Compensation and Stock Plan Administration Committee in 2004. The Board determined that exceptional and limited circumstances exist that require his membership on the Compensation and Stock Plan Administration Committee to best serve the interests of the Company and its stockholders. In addition, the Board has determined that Mr. Farrell qualifies as an audit committee financial expert under Securities and Exchange Commission rules. The Board has adopted a written charter for each committee, which is available on our website at www.radiologix.com.

Audit Committee. The Audit Committee: (i) appoints Radiologix's independent registered public accounting firm and monitors that firm's independence; (ii) reviews Radiologix's policies and procedures on maintaining its accounting records and the adequacy of its internal controls; (iii) considers and pre-approves the range of audit and non-audit services performed by independent auditors and fees for those services; and (iv) reviews and considers whether to approve all transactions between Radiologix and any of its officers, directors, or other affiliates. Members of the Audit Committee are Paul D. Farrell, Joseph C. Mello, and John R. Gunn. Mr. Farrell serves as Chairman of the Audit Committee. The Audit Committee met nine times during 2004.

Compensation and Stock Plan Administration Committee. The Compensation and Stock Plan Administration Committee (the Compensation Committee) provides recommendations to the Board regarding salaries and other compensation of Radiologix executive officers. Members of the Compensation Committee are Marvin S. Cadwell, Joseph C. Mello, and Michael L. Sherman, M.D. Mr. Mello serves as Chairman of the Compensation Committee. The Compensation Committee met five times during 2004.

Nominations and Governance Committee. The Nominations and Governance Committee (the Nominations Committee) provides recommendations to the Board regarding persons qualified to serve on the Company's Board of Directors, any of its committees, or as an executive officer. Members of the Nominations Committee are Marvin S. Cadwell, Paul D. Farrell, and Joseph C. Mello. Mr. Cadwell serves as Chairman of the Nominations Committee. The Nominations Committee did not meet in 2004.

The Nominations Committee does not have a formal process of identifying nominees for director or a policy with regard to the consideration of director candidates recommended by security holders. Director

nominees have normally been identified based upon suggestions by outside directors, management members, or stockholders. The Board of Directors believes that the informal process has been adequate given the Company's size and given the historically small number of candidates recommended by stockholders. Proposed nominees are not evaluated differently depending upon who has recommended them.

Generally, Radiologix's director selection criteria include: integrity; high level of relevant education or relevant business experience; broad-based business acumen; understanding of our business and industry; capacity for independent and strategic thinking and willingness to share ideas; ability to work as a constructive member of a team for the benefit of stockholders; willingness to participate in the Board and its activities; and diversity of experiences, expertise and backgrounds among board members.

The Board of Directors reviews periodically whether a more formal policy should be adopted. If a stockholder wishes to propose a nominee for board membership at an annual meeting, the name of that nominee and related personal and other information as indicated in the Company's bylaws should be forwarded to Radiologix, in care of the corporate Secretary, at least 60 days before the annual meeting to assure time for meaningful consideration by the Board of Directors.

**PROPOSAL II: RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Ernst & Young LLP has been appointed as the Company's independent registered public accounting firm for 2005, subject to stockholder ratification. Representatives of Ernst & Young LLP, the Company's independent registered public accounting firm for 2004, are expected to be present at the Annual Meeting with the opportunity to make a statement if they so desire and to be available to respond to appropriate questions.

Vote Required

The affirmative vote of a majority of the shares of Common Stock present in person or represented by proxy at the Annual Meeting and entitled to vote is required to ratify the appointment of Ernst & Young LLP.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THE PROPOSAL TO RATIFY THE APPOINTMENT OF ERNST & YOUNG LLP.

Audit Committee Report

The Audit Committee met and held discussions with management, who represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee reviewed and discussed the consolidated financial statements and internal control over financial reporting with both management and Ernst & Young LLP. The Audit Committee also discussed with Ernst & Young LLP matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). The Company's independent auditors also provided the Audit Committee with written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with Ernst & Young LLP their independence. The Audit Committee considered the services that Ernst & Young

Edgar Filing: RADIOLOGIX INC - Form DEF 14A

LLP performed for Radiologix during 2004 other than in conjunction with the audit and review of its consolidated financial statements and determined that those services are compatible with maintaining Ernst & Young LLP's independence.

Based upon the Audit Committee's discussion with management and Ernst & Young LLP, and the Audit Committee's review of management's representation and Ernst & Young LLP's report to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for 2004, filed with the Securities and Exchange Commission.

Audit Fees ¹	\$676,495	\$452,700
Audit-Related Fees ²	27,545	19,500
Tax Fees ³	134,380	382,100
Subtotal	<u>838,420</u>	<u>854,300</u>

Total	<u>\$838,420</u>	<u>\$905,400</u>

(1) Audit Fees include fees for the audit of Radiologix's consolidated financial statements for the years ended December 31, 2004, and 2003; the audit of management's assessment included in Management's Report on Internal Control Over Financial Reporting as of December 31, 2004; and reviews of the consolidated financial statements included in Radiologix's Quarterly Reports on Form 10-Q during the applicable years. The sum reported in the 2003 column represents the audit of the 2003 consolidated financial statements and a re-audit of Radiologix's 2001 consolidated financial statements, which were previously audited by Arthur Andersen LLP. No adjustments were made to the previously reported 2001 consolidated financial statements as a result of the re-audit.

(2) Audit-Related Fees include fees for preparation assistance in 2004 to comply with Section 404 of the Sarbanes-Oxley Act of 2002 and the audit of Radiologix's 401(k) defined contribution plan in 2003.

- (4) All Other Fees include fees for discussions related to the Sarbanes-Oxley Act of 2002 and Ernst & Young LLP accounting research.

Pre-approval of Audit and Non-Audit Services of Independent Auditor

The Audit Committee's policy is to pre-approve audit and non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services, and other services. Pre-approval is generally provided up to 12 months from the date of pre-approval and any pre-approval is detailed as to the particular service or category of services. The Audit Committee may delegate pre-approval authority to one or more of its members when expedited services are necessary and has delegated authority to management related to unanticipated smaller projects that arise during the year. These engagements may not aggregate more than \$10,000 quarterly for audit/accounting services and \$10,000 quarterly in the aggregate for tax services. The Audit Committee has determined that the provision of non-audit services by Ernst & Young LLP is compatible with maintaining Ernst & Young LLP's independence.

OTHER BUSINESS

The enclosed proxy card confers on the proxy holders discretionary authority to vote on other business that may properly come before the Annual Meeting, including matters as to which Radiologix did not receive notice a reasonable time before this proxy statement is mailed, and including a motion, if any, to adjourn the meeting to provide more time to solicit additional votes. Management knows of no other such business. If any other business properly comes before the Annual Meeting, the persons named in the enclosed form of proxy intend to vote the shares they represent as Radiologix may recommend.

Radiologix may make matching contributions of up to 3% of the participant's compensation if the participant contributes 6% or more of their compensation. For participants who contribute less than 6% of their compensation, matching contributions may be made up to 50% of the amount contributed. Edgar Filing: RADIOLOGIX INC - Form DEF 14A

- (2) Dollar amounts in these columns represent the value that might be realized upon exercise of the options immediately before they expire, assuming that the market price of Common Stock appreciates from the grant date at assumed annual rates of 5% and 10% (compounded annually) until the end of the 10-year term. The Securities and Exchange Commission prescribed the assumed appreciation rates. They are not intended to forecast future appreciation, if any, of the price of the Common Stock. These numbers do not take into account option provisions for early expiration following termination of employment, nontransferability, or vesting periods. Accordingly, Radiologix believes that the potential realizable price appreciation amounts included in the table may be overstated.

- (3) Mr. Abbasi's options vested as to 150,000 options upon grant to him on November 24, 2004, in connection with his appointment as President and Chief Executive Officer. In addition, 7,291 options will vest on the last day of each month through the first 48 months of his employment. The remaining 24 shares will vest as to eight options on the last day of November in each of 2006, 2007, and 2008. These options will not be exercisable until one year after the grant date.
- (4) Mr. Silhol joined Radiologix on March 8, 2004. His options vest as to 1/60th of the option shares each month for 60 months beginning one month after the grant date.
- (5) Radiologix employed Mr. Sabolik from March 15, 2004, through December 31, 2004. His options vested as to 100,000 shares upon grant to Mr. Sabolik on March 17, 2004. Upon termination of his employment, the remaining 200,000 options were forfeited. In connection with a mediation settlement agreement between Radiologix and Mr. Sabolik, the period during which he can exercise the vested 100,000 options was extended from March 31, 2005, to December 31, 2005.

The following table sets forth information about options exercised in 2004 by the Named Executives and the unexercised options held by the Named Executives at December 31, 2004.

Employment Contracts

Radiologix has employment agreements with Messrs. Abbasi, Murdock, and Silhol, each of whom receives annual base salaries at the rate of \$500,000, \$250,000, and \$225,000, respectively. Each executive is eligible to participate in any bonus or incentive compensation plan that Radiologix may make available to its executive officers. Mr. Abbasi's employment agreement has a four-year term, with automatic successive

Edgar Filing: RADIOLOGIX INC - Form DEF 14A

one year renewals unless Mr. Abbasi or Radiologix gives notice to the contrary. Mr. Abbasi's employment agreement contains a covenant not to compete with Radiologix for two years following termination of employment. The employment agreements of Messrs. Murdock and Silhol contain covenants not to compete for one year following termination of employment

Pursuant to his employment agreement, Mr. Abbasi was awarded 300,000 restricted shares of Common Stock and options to purchase 500,000 shares of Common Stock. In connection with the commencement of

their employment with Radiologix in March 2004 and February 2005, respectively, Messrs. Silhol and Murdock were granted options to acquire 100,000 shares and 200,000 shares of Common Stock, respectively. For additional information on the awards to Messrs. Abbasi and Silhol, see Security Ownership of Certain Beneficial Owners and Management, notes 3 and 9, and Executive Compensation Stock Option Grants and Exercises, notes 3 and 4. Mr. Murdock's options were awarded with an exercise price of \$4.75 per share (the closing sale price of the Common Stock on the American Stock Exchange on the award date) and vest in 60 equal monthly installments over five years.

Mr. Abbasi's employment agreement provides that Radiologix will pay him a lump sum severance payment in an amount equal to two times his then current salary if his employment terminates due to Disability, without Cause, a material default by Radiologix, or an Adverse Change in Duties (as those terms are defined in the employment agreement). Mr. Abbasi will also receive two times his most recent bonus or next targeted bonus, whichever is less. The employment agreements of Messrs. Murdock and Silhol provide that Radiologix will pay the executive a lump sum severance payment in an amount equal to the executive's then current salary if the executive's employment terminates for the same reasons specified in Mr. Abbasi's employment agreement.

Until his termination of employment with Radiologix, Radiologix also had an employment agreement with Mr. Linehan. He received an annual salary of \$440,000. Mr. Sabolik's annual salary was \$285,000.

In connection with Mr. Linehan's resignation as President, Chief Executive Officer, and a director, Radiologix entered into a Resignation Agreement and Release with Mr. Linehan on September 20, 2004. Pursuant to the Resignation Agreement and Release, Radiologix and Mr. Linehan agreed to terminate Mr. Linehan's 2003 employment agreement. However, Mr. Linehan agreed to comply with his confidentiality agreement with Radiologix, not to compete against Radiologix, and not to solicit certain parties for one year following his resignation. He also released Radiologix from any employment related claims, except his right to enforce the Resignation Agreement and Release, his rights to indemnification under Radiologix's charter, bylaws, or any other applicable policy, including any applicable director and officer insurance policy. As consideration for the release given and covenants made by Mr. Linehan in the Resignation Agreement and Release, Radiologix agreed: that the 300,000 Radiologix stock options granted to him upon commencement of his employment with Radiologix that were vested as of September 20, 2004, would remain exercisable until September 20, 2005; and to pay to Mr. Linehan \$235,000 in cash as wages, less the required state and federal deductions. Radiologix also agreed to release Mr. Linehan from claims Radiologix may have against him, other than claims that arose out of an action or omission Mr. Linehan (i) made in bad faith; (ii) made without a reasonable belief that the action or omission was in the best interests of Radiologix; or (iii) that was unlawful or illegal.

On March 22, 2005, Radiologix entered into a Mediation Settlement Agreement with its former Senior Vice President and Chief Financial Officer, Richard J. Sabolik. Pursuant to the Mediation Settlement Agreement, Mr. Sabolik agreed to release Radiologix from any claims he may have against Radiologix arising out of his hiring, employment, termination of his employment, or otherwise. However, Mr. Sabolik will retain his right to enforce the Mediation Settlement Agreement, his rights under Radiologix's 401(k) retirement plan, his rights pursuant to his Indemnification Agreement, dated as of April 15, 2004, with Radiologix, and his rights to indemnification under Radiologix's charter, bylaws, or any other applicable policy, including any applicable director and officer insurance policy. As consideration for the release given and covenants made by Mr. Sabolik in the Mediation Settlement Agreement, Radiologix agreed: that the 100,000 Radiologix stock options that were vested as of December 31, 2004, and granted to Mr. Sabolik as of March 17, 2004, will remain exercisable until December 31, 2005; and to pay to Mr. Sabolik \$150,000 in cash as wages, less required state and federal deductions. Radiologix also agreed to release Mr. Sabolik from all claims Radiologix may have against him, as permitted by law.

Change in Control Agreements

Radiologix's employment agreements with its executive officers contain change of control provisions.

Mr. Abbasi's employment agreement provides that if his employment with Radiologix is terminated in connection with a Change of Control (i) by Radiologix, except for Cause, or (ii) by Mr. Abbasi with Good Reason (as those terms are defined in the employment agreements), then Radiologix will make a lump sum severance payment to him. The amount of severance to be paid is 2.99 times the sum of his annual base salary plus 2.99 times his most recent annual bonus (or 60% of the executive's then current salary in lieu of the most recent bonus). Radiologix will provide 24 months of benefits, other than medical insurance. Medical benefits will be provided until the earlier of 18 months after the effective date of termination or until Mr. Abbasi obtains substantially equivalent benefits from another party. If the severance payments are subject to excise tax, then Radiologix will pay the executive an additional amount to cover the tax.

The employment agreements of Messrs. Murdock and Silhol generally provide that if their employment with Radiologix is terminated in connection with a Change of Control (i) by Radiologix, except for Cause, or (ii) by them with Good Cause (as those terms are defined in the employment agreements), then Radiologix will make a lump sum severance payment to them in the amount of two times the executives' current annual salary and two times their most recent annual bonus. Radiologix will provide health care and other insurance until the earlier of 24 months from date of termination or until the executives obtain substantially equivalent benefits from another party. If the severance payments are subject to excise tax, then Radiologix will pay the executive an additional amount to cover the tax.

Mr. Linehan's employment agreement provided that if his employment terminated following a change in control transaction (as defined in his employment agreement), then Radiologix would pay him two times his most recent annual base salary and two times the amount of his most recent bonus, as well as provide up to two years of other employee benefits.

Director Compensation

Pursuant to the Company's Amended and Restated Bylaws, Board members may be compensated in a manner and at a rate determined from time to time by the Board. Directors who are Radiologix employees do not receive additional compensation for serving on the Board. Directors who are not Radiologix employees receive \$45,000 in restricted stock units issued under the Company's 2004 Long-Term Incentive Compensation Plan (Plan) when they begin service as a director and then annually at the time of the Company's next Annual Stockholders Meeting. Each award converts into deferred stock units on the first anniversary of the date the award was granted and remains deferred until one year after the earliest of: (i) retirement, resignation, or termination from board service; or (ii) a change in control of the Company, as defined in the Plan. Non-employee directors receive a monthly retainer of \$1,500 for Board service, \$500 for committee service, and \$250 for service as a committee chair. A non-employee director who serves as Chairman of the Board receives a monthly retainer of \$5,000. Non-employee directors also receive \$1,000 for personal attendance at any Board or committee meeting and \$500 for attendance by telephone.

Marvin S. Cadwell was appointed Chairman of the Board effective December 4, 2002. In consideration of his service as Chairman, Mr. Cadwell receives \$5,000 per month. He also received an option to purchase 50,000 shares of Radiologix Common Stock at an exercise price of \$4.69, which was the closing price of the Common Stock on the American Stock Exchange on the date the option was granted. The option vested for 30,000 shares on December 4, 2003, and will vest thereafter for 833 shares per month for 24 months. Mr. Cadwell served as Interim Chief Executive Officer from September 2004 through November 2004. He was paid on a per diem basis of \$2,200.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the tax deduction of a public company to \$1,000,000 for compensation paid to its chief executive officer or any of its four other highest paid officers. Radiologix has not adopted a policy with respect to annual executive compensation in excess of \$1,000,000.

REPORT ON EXECUTIVE COMPENSATION

Compensation Philosophy

The Compensation Committee is composed of independent directors and advisors who are not employees of Radiologix and who qualify as disinterested persons for purposes of Section 16(b) under the Securities Act of 1934, except for Dr. Sherman, who was appointed to the Compensation and Stock Plan Administration Committee in 2004. The Board determined that exceptional and limited circumstances exist that require his membership on the Compensation Committee to best serve the interests of the Company and its stockholders. The Compensation Committee is responsible for reviewing all aspects of the Company's executive compensation programs and administering the Company's 2004 Long-Term Incentive Compensation Plan. In addition, the Compensation Committee is responsible for reviewing and recommending to the Board policies and programs for the development of management personnel and management structure and organization. Members of the Compensation Committee are Messrs. Cadwell, Mello, and Sherman. Mr. Mello chairs Compensation Committee meetings. The Compensation Committee meets during the fiscal year to establish target base compensation levels for the Company's executive officers for that year and to finalize bonuses for the previous year's performance with the concurrence of the Board.

The Compensation Committee believes that compensation for the Company's employees, including the Named Executives, must be in amounts sufficient to attract, retain and motivate employees, while at the same time maintaining a productive relationship to the Company's service and financial performance. Moreover, the Compensation Committee believes that compensation decisions should foster career opportunities for, and aid the development of, employees and encourage and reward employees who put the Company's interests ahead of their own.

The Company's compensation philosophy is based on the following general principles:

To achieve compensation levels for executive officers through base salaries and bonuses (based on short-term and long-term Company and individual performance) to attract and retain the most qualified individuals.

To align employees' and stockholders' interests in maximizing stockholder value by granting options to purchase Common Stock.

Compensation of the Chief Executive Officer and Other Executive Officers

Sami S. Abbasi was appointed President and Chief Executive Officer in November 2004, after more than eight years of service to Radiologix in various executive positions. At the time of his appointment as President and Chief Executive Officer, Mr. Abbasi was serving as Executive Vice President and Chief Operating Officer with a base salary of \$325,000. In connection with his appointment as President and Chief Executive Officer, Radiologix entered into a new employment agreement with him, establishing a new base salary of \$500,000 per year. He was also awarded 300,000 shares of restricted Common Stock and options to purchase up to 500,000 shares of Common Stock at their market value on the option grant date. The Compensation Committee's basis for Mr. Abbasi's new base salary was the competitive employment market. The Compensation Committee awarded Mr. Abbasi a bonus of \$175,000 for his performance in 2004. No specific weights were assigned to any specific performance measures.

The employment agreements of Messrs. Murdock and Silhol established a base salary and provided for bonuses determined by the Compensation Committee. The Compensation Committee awarded Mr. Silhol a bonus of \$53,000 for his performance in 2004. No specific weights were assigned to any specific performance measures. Mr. Murdock joined Radiologix in 2005.

In 2004 the Board also approved option grants to Messrs. Abbasi, Sabolik, and Silhol. In determining the number of shares to grant under these options, the Board took into account the Company's performance, individual job performance, the Company's desire to properly compensate the executives, and the need to recruit experienced and skilled executives to the Company. No specific weights were assigned to any of these factors.

Radiologix entered into an employment agreement with Stephen D. Linehan in February 2003 upon his appointment as President and Chief Executive Officer. Mr. Linehan's employment agreement established a base salary of \$440,000 per year and included options to acquire up to 900,000 shares of the Company's Common Stock. Mr. Linehan's employment with Radiologix terminated on September 20, 2004.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

The Company's Board of Directors participated in compensation decisions during 2004. No director is or has been an officer or employee of any entity on which any executive officer of Radiologix or its subsidiaries serves as a director or a member of the Compensation Committee.

Code of Ethics

The Board of Directors has adopted a Code of Conduct and Ethics (the "Code of Conduct") applicable to the Company's directors, officers, and employees. The Code of Conduct is available on our website at www.radiologix.com. If Radiologix makes any substantial amendments to the Code of Conduct or grants any waiver, including any implicit waiver, from a provision of the Code of Conduct to the Company's directors, officers, or employees, we will disclose the nature of the amendment or waiver on that website or in a report on Form 8-K.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors, executive officers, and beneficial owners of more than 10% of the Common Stock to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of Radiologix. Based solely upon its review of copies of the forms received, Radiologix believes that all such reports were submitted on a timely basis during 2004, except that each of Dr. Sherman and Mr. Abbasi inadvertently reported late options to acquire shares of common stock on Form 4 in 2004. Mr. Gunn's initial report on Form 3 was filed on September 10, 2004; his appointment to the board was effective September 1, 2004. Mr. Sabolik's initial Form 3 was filed March 24, 2004; his employment began March 15 and he was awarded a stock option effective March 17, 2004. Dr. Sherman filed a Form 4 on July 30, 2004, to report options awarded automatically on July 15, 2004, and a restricted stock grant on July 27, 2004.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total return on the Common Stock over the period commencing January 1, 1999, and ending December 31, 2004, with the Russell 2000 Index and a Peer Group Index. Each index assumes \$100 invested at the close of trading on January 1, 1999, and reinvestment of dividends.

- (1) The peer group index includes the following companies: Alliance Imaging, Inc., AmSurg Corp, Pediatrix Medical Group, Inc., Renal Care Group, Inc., and United Surgical Partners International, Inc. The returns of each company included in the peer group index have been weighted according to its stock market capitalization at the beginning of each period included in the graph. U.S. Oncology, Inc. was included in the 2003 peer group but is not included in the 2004 peer group because it was acquired by a private investor.

STOCKHOLDER PROPOSALS AND COMMUNICATIONS

Pursuant to Securities and Exchange Commission rules, stockholder proposals must be delivered to Radiologix at its principal executive offices no later than January 2, 2006, to be considered for inclusion in Radiologix's proxy statement for the 2006 annual meeting of stockholders. In accordance with Section 13 of the Company's bylaws, stockholder proposals to be considered at the 2006 annual meeting but not to be included in the proxy statement for that meeting will be considered untimely before April 1, 2006, or after May 2, 2006.
