Report of Independent Registered Public Accounting Firm

The Board of Directors

Markel Corporation

The Administrative Committee

Markel Corporation Retirement Savings Plan:

We have audited the accompanying statements of assets available for benefits of the Markel Corporation Retirement Savings Plan (the Plan) as of December 31, 2004 and 2003, and the related statements of changes in assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets available for benefits of the Markel Corporation Retirement Savings Plan as of December 31, 2004 and 2003, and the changes in assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MARKEL CORPORATION RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2004 and 2003

(1) Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Markel Corporation Retirement Savings Plan (the Plan).

(a) Basis of Presentation

The accompanying financial statements, which present the assets of the Plan, and changes in those assets, have been prepared on the accrual basis of accounting. Accordingly, contributions to the Plan and interest and dividend income are recognized as earned; plan benefits and withdrawals are recorded when paid and net appreciation and depreciation of investments are recognized as they occur. Participant loans receivable represent loans to participants made against their vested balances as permitted by the Plan.

(b) Use of Estimates

Accounting principles generally accepted in the United States of America (U.S. GAAP) require the plan administrator to make estimates and assumptions when preparing financial statements. Actual results could differ from those estimates.

(c) Investments

The Plan's investments are stated at fair value. The fair value of Markel Corporation common stock is based upon the quoted market price of the stock as of the end of each year. Investments in shares of mutual funds are valued according to the net asset values of the funds on the basis of fair values of the assets and liabilities thereof. Participant loans are valued at the principal amount outstanding, which approximates fair value.

The change in the difference between the fair value and the cost of investments held at the beginning and end of each year, adjusted for realized gains or losses on investments sold during the year, is reflected in the Statements of Changes in Assets Available for Benefits as appreciation or depreciation in fair value of investments.

Edgar Filing: MARKEL CORP - Form 11-K

The cost of investments sold is determined on the basis of average cost. Purchases and sales of investments are recorded on a settlement date basis. The recording of these transactions on a trade-date basis would not have had a material impact on the accompanying financial statements. Dividends are recorded on the ex-dividend date.

(d) Income Taxes

The Plan is in receipt of a favorable determination letter dated August 12, 2002, which states that the Plan complies in form with the series of tax law changes collectively referred to as GUST. The plan administrator believes the Plan is designed and operated in compliance with the plan document and current law for the years under audit. Accordingly, participants have not been taxed on their salary reduction contributions, or investment earnings related to these contributions, when received by the trustee under the Plan. Ordinarily, participants are subject to tax on these amounts when they receive distributions from the Plan.

Table of Contents

MARKEL CORPORATION RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2004 and 2003

Under normal circumstances, the Plan will not be taxed on its dividend and interest income, any realized investment gains or any unrealized appreciation on investments.

(e) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Assets Available for Benefits.

(2) Summary of Significant Provisions of the Plan

The following description of the Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all North American employees of Markel Corporation and its wholly owned domestic subsidiaries (the Company). Employees, age 18 or older, are eligible for the Plan upon date of employment, with matching Company contributions commencing after 1 year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by an administrative committee appointed by the chief executive officer of the Company. The assets of the Plan are held in trust under an agreement with Fidelity Management Trust Company (the Trustee), with administrative services provided by Fidelity Institutional Retirement Services Company, a division of Fidelity Investments Institutional Services Company, Inc.

(b) Contributions

Each year, the Company is obligated to contribute to the Plan, subject to service requirements, an amount equal to 6% of each participant's compensation. The Company also contributes under the matching provision of the Plan an amount equal to 100% of the first 2% and 50% of the next 2% of compensation contributed by a participant, not to exceed 3% of the participant's compensation for any such year. Participants may contribute, in whole percentage increments, up to 50% of their annual compensation, excluding bonuses, on a pre-tax basis up to a limit of \$13,000 in 2004. In addition, participants that reach age 50 before the close of the plan year can elect to make a catch-up contribution to the Plan for the plan year. The amount of the catch-up contribution is limited to \$3,000 for 2004. The allocation of both employer and participant

Edgar Filing: MARKEL CORP - Form 11-K

contributions to the various funds is based upon the individual participant's election. One-third of the employer's contribution, representing up to 3% of a participant's annual compensation, will be allocated to a company stock fund; however, once the funds are invested in the company stock fund, the participant has the ability to redirect these funds at their discretion.

Participant contributions, as shown in the accompanying Statements of Changes in Assets Available for Benefits, include amounts rolled over into the Plan from other qualified plans totaling \$1,248,699 and \$1,326,166 for the years ended December 31, 2004 and 2003, respectively.

Table of Contents

MARKEL CORPORATION RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2004 and 2003

(c) Participant Accounts

Each participant's account is credited with the participant's and Company's contributions and earnings of the Plan. The posting of earnings is made on a daily basis.

(d) Vesting and Plan Termination

Participants are immediately vested in their own contributions plus earnings thereon. Vesting in the Company's contributions is based on years of service as follows:

<u>Years of vesting service</u>	<u>Vested percentage</u>
Less than two years of service	0%
Two years of service	20%
Three years of service	50%
Four or more years of service	100%

In accordance with the provisions of the Plan, any portion of the Company's contributions that has not vested at the time of a participant's withdrawal shall be forfeited by the participant, and applied to reduce future Company contributions. For the years ended December 31, 2004 and 2003, forfeited amounts totaled \$126,656 and \$98,021, respectively.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their respective employer contributions.

(e) Payment of Benefits

Upon termination of service, participants may receive a lump sum amount equal to the value of their vested account within 60 days of the quarter end in which termination occurred or their account will continue to be held in the trust fund until the participant reaches age 65 or dies, whichever occurs first.

(f) Participant Loans

The Plan contains a provision for loans to participants with the consent of the plan administrator. Under the terms of the Plan, participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$30,000 or 30% of the vested value of the participant's account, or under certain conditions, up to a maximum of the lesser of \$50,000 or 50%. Loans bear interest at a market rate and are repayable in accordance with terms established by the Plan.

(g) Investment Options

The Plan offers 16 investment fund options: Markel Corporation common stock, the Fidelity Magellan Fund, the Fidelity Puritan Fund, the Fidelity Equity Income Fund, the Fidelity Retirement Money Market Portfolio, the Fidelity Stock Selector Fund, the Fidelity Intermediate Bond Fund, the Fidelity Contrafund, the Fidelity Overseas Fund, the Fidelity Small Capital Independence Fund, the Fidelity Freedom 2000 Fund, the Fidelity Freedom 2010 Fund, the Fidelity Freedom 2020 Fund, the

Notes to Financial Statements

December 31, 2004 and 2003

Fidelity Freedom 2030 Fund, the Fidelity Freedom 2040 Fund, and the Fidelity Freedom Income Fund. Participants in the Plan are able to direct into which fund contributions are invested as discussed in note 2(b). Participants are allowed to change investment options daily, except for the company stock fund, for which participants may change investment options on a real-time basis.

(3) Investments

The Plan's investments are held by a trustee-administered trust fund. The following tables present the fair value of investments at December 31, 2004 and 2003 that represent 5% or more of the Plan's assets at the end of the respective years:

	December 31, 2004	
	Number of shares or units	Fair value
Markel Corporation common stock	167,523	\$ 60,978,246

Fidelity Freedom 2020 Fund	67,411	61,470
Fidelity Freedom 2030 Fund	47,517	60,159
Fidelity Freedom 2040 Fund	26,538	36,636
Fidelity Freedom Income Fund	1,894	3,614
	<u> </u>	<u> </u>
Net appreciation in fair value	\$ 22,253,097	17,310,785
	<u> </u>	<u> </u>

(4) Administrative Expenses

The administrative expenses of the Plan have been paid by the Company to the Trustee. Expenses paid by the Company totaled approximately \$62,504 and \$53,832 for the years ended December 31, 2004 and 2003, respectively.

(5) Reconciliation of Financial Statements to Form 5500

In accordance with U.S. GAAP, the Plan accounts for amounts allocated to withdrawing participants when paid. For purposes of reporting on Form 5500, these distributions are recorded in the period such amounts are authorized to be paid to participants. Such treatment may result in a

Edgar Filing: MARKEL CORP - Form 11-K

difference between the Plan's Form 5500 and the accompanying financial statements. For the year ended December 31, 2004, there were no such differences. For the year ended December 31, 2003, benefits paid to participants per Form 5500 differed from the accompanying financial statements by \$(2,233).

(6) Related Party Transactions

The Plan owned 167,523 shares of Markel Corporation common stock as of December 31, 2004, which had a cost basis of \$22,407,175 and a fair value of \$60,978,246. During the year, 18,788 shares of Markel Corporation common stock were purchased at a total cost of \$5,494,766 and 10,151 shares, with a cost basis of \$1,699,676, were sold for \$2,960,132.

Certain plan investments are shares of mutual funds with Fidelity Investments Institutional Services Company, Inc., an affiliate of the Plan's trustee, who is a party-in-interest.
