As The First American Corporation (the Company) previously reported in its Quarterly Report on Form 10-Q for the quarter ended March 31, 2008, the Company has reorganized its two business groups and the underlying segments to reflect how the assets and operations will be divided and managed when the previously announced separation of its financial services and information solutions businesses is consummated. The five business segments are:

Title Insurance and Services;

Specialty Insurance;

Information and Outsourcing Solutions;

Data and Analytic Solutions; and

Risk Mitigation and Business Solutions.

The Company is filing this Current Report on Form 8-K to conform financial information and disclosures for its reportable operating segments and certain related financial information and disclosures previously set forth in its Annual Report on Form 10-K for the year ended December 31, 2007 (the Annual Report), to be consistent with the current presentation. This report reflects changes in all segment-related data as a result of the business segment reorganization. The business segment reorganization had no effect on the Company's previously reported consolidated results of operations, financial condition, or cash flows and all other information in the Annual Report remains unchanged and has not otherwise been updated for events occurring after the date of the report. Historical segment financial information has been revised to reflect these new operating segments.

Accordingly, exhibit 99.1 to this Current Report restates in their entirety the following items of the Annual Report:

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations; and

Item 8. Financial Statements and Supplementary Data.

The information in this Current Report should be read in conjunction with the Company's Annual Report, which was filed with the Securities and Exchange Commission on February 29, 2008.
