Item 8.01 Other Events.

Litigation Related to Trust Termination

As previously disclosed, on January 8, 2009, we were served by Trust Venture, on behalf of the Trust, with a purported derivative action filed in the Circuit Court of Tuscaloosa County, Alabama (the Court). The lawsuit relates to the non-operating net profits interest (NPI) held by the Trust on certain wells owned by Robinson's Bend Production II, LLC (RBP II), a subsidiary of the Company, in the Robinson's Bend Field in Alabama, and alleges, among other things, a breach of contract under the conveyance associated with the NPI (the Conveyance) and the agreement establishing the Trust and asserting that above market rates for services were paid, reducing the amounts paid to the Trust in connection with the NPI. The lawsuit seeks unspecified damages and an accounting of the NPI. The Court has made the Trust a nominal party to the lawsuit. At a preliminary hearing on February 17, 2011, the Court approved a form of notice of a settlement among the parties to be sent by the Trust to its unitholders. On April 13, 2011, the Court approved the settlement. The effective date of the settlement was June 13, 2011. The settlement with Trust Venture, its successor and the Trust provides, among other things:

RBP II will make a payment of \$1.2 million to reimburse Trust Venture and its successor for their legal fees and expenses incurred in prosecuting the lawsuit;

RBP II will make an irrevocable offer to purchase the NPI relating to the Robinson's Bend Field from the Trust for at least \$1 million, when it is separately offered for sale by the Trust at public auction within 180 days of the effective date of the settlement, with such bid amount to be deposited by RBP II in a third-party escrow account pending the public auction. RBP II, as well as any other bidders at the auction, shall have a right to submit a higher topping bid;

The parties agree that the cumulative deficit balance in the NPI account is approximately \$5.8 million as of September 30, 2010, and that no further payments will be due to the Trust with respect to the NPI unless and until the cumulative deficit balance is reduced to zero;

Trust Venture and its successor agree, on behalf of the Trust, that all prior and current calculations, charges and deductions contained in such cumulative deficit NPI balance are in compliance with the terms of the Conveyance and, to the extent applicable thereunder, do not exceed competitive contract charges prevailing in the area for any such operations and services;

The Water Gathering and Disposal Agreement between RBP II and another subsidiary of the Company will be amended to reduce the fee from \$1.00 per barrel to \$0.53 per barrel beginning on the first day of the month following the effective date of the settlement and to extend the term for an additional ten years, and Trust Venture and its successor agree, on behalf of the Trust, that the fees under such agreement do not exceed competitive contract charges prevailing in the area for the operations and services provided under such agreement during the extended term of such agreement;

Edgar Filing: Constellation Energy Partners LLC - Form 8-K

A mutual release among the parties and a dismissal with prejudice of the lawsuit; and

An effective date of the settlement upon final approval by the Court.

The foregoing description of the Third Amendment to Water Gathering and Disposal Agreement set forth above is qualified in its entirety by reference to such amendment, the full text of which is filed herewith as Exhibit 99.1. The foregoing description of the Settlement and Release Agreement is qualified in its entirety by reference to such agreement, the full text of which is filed herewith as Exhibit 99.2.
