#### **Item 8.01 Other Events.**

On June 7, 2013, we reported on the launch of BELVIQ (pronounced BEL-VEEK) in the United States. BELVIQ will be available to patients by prescription in US pharmacies beginning June 11. Eisai Inc. is responsible for the marketing and distribution of BELVIQ under its marketing and supply agreement with our wholly owned subsidiary, Arena Pharmaceuticals GmbH. In connection with the US launch of BELVIQ, we achieved \$65 million in milestones from Eisai.

Our marketing and supply agreement with Eisai covers most of North and South America. Eisai has submitted a marketing authorization application for BELVIQ in Mexico, and plans to submit applications for the approval of BELVIQ in Canada and Brazil this year. We also have a BELVIQ marketing and supply agreement with Ildong Pharmaceutical Co., Ltd., for South Korea, and Ildong plans to submit an application for the approval of BELVIQ in South Korea around the end of this year.

#### **Forward-Looking Statements**

Certain statements in this Form 8-K are forward-looking statements that involve a number of risks and uncertainties. Such forward-looking statements include statements about the launch and availability of BELVIQ; rights, obligations, milestones, payments, expectations and future activities related to the marketing and supply agreements with Eisai and Ildong; and regulatory filings, review and approval of BELVIQ. For such statements, we claim the protection of the Private Securities Litigation Reform Act of 1995. Actual events or results may differ materially from our expectations. Factors that could cause actual results to differ materially from the forward-looking statements include, but are not limited to, the following: risks related to commercializing drugs, including regulatory, manufacturing and supply issues and the availability of BELVIQ and pace of market acceptance; cash and revenues generated from BELVIQ, including the impact of competition; our revenues will be based in part on management's estimates, judgment and accounting policies, and incorrect estimates or disagreement regarding our estimates or accounting policies may result in changes to our guidance or previously reported results; the timing and outcome of regulatory review is uncertain, and BELVIQ may not be approved for marketing when expected or ever by any other regulatory agency; regulatory decisions in one territory may impact regulatory decisions in other territories and our business prospects; government and commercial reimbursement and pricing decisions; risks related to relying on collaborative arrangements; the timing and receipt of payments and fees, if any, from collaborators; the entry into or modification or termination of collaborative arrangements; unexpected or unfavorable new data; nonclinical and clinical data is voluminous and detailed, and regulatory agencies may interpret or weigh the importance of data differently and reach different conclusions than us or others, request additional information, have additional recommendations or change their guidance or requirements before or after approval; data and other information related to any of our research and development may not meet safety, efficacy or other regulatory requirements or otherwise be sufficient for further research and development, regulatory review or approval or continued marketing; our ability to obtain and defend patents; the timing, success and cost of our research and development programs; results of clinical trials and other studies are subject to different interpretations and may not be predictive of future results; clinical trials and other studies may not proceed at the time or in the manner expected or at all; having adequate funds; and satisfactory resolution of litigation or other disagreements with others. Additional factors that could cause actual results to differ materially from those stated or implied by our forward-looking statements are disclosed in our filings with the Securities and Exchange Commission. These forward-looking statements represent our judgment as of the time of the filing of this Form 8-K. We disclaim any intent or obligation to update these forward-looking statements, other than as may be required under applicable law.
