PROXY STATEMENT

FOR THE

2014 ANNUAL MEETING OF STOCKHOLDERS

JUNE 16, 2014

Our Board of Directors is soliciting proxies for the 2014 annual meeting of stockholders. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the Meeting. Please read it carefully.

The Board has set April 21, 2014 as the record date for the Meeting. Stockholders of record who owned our common stock on that date are entitled to vote at and attend the Meeting, with each share entitled to one vote. Stockholders who hold shares in street name may vote at the Meeting only if they hold a valid proxy from their broker. As of the record date, there were 110,522,882 shares of common stock outstanding and entitled to vote at the Meeting.

Voting materials, which include this Proxy Statement, a proxy card and our 2014 Annual Report, will be mailed to stockholders on or about May 5, 2014. These materials are also available free of charge on the Internet at <http://www.RRDEZProxy.com/2014/Direct>.

Our Annual Report on Form 10-K for the year ended December 31, 2013 is available on the Internet at our website at www.direct.com in the Investor Relations section or through the SEC's electronic data system called IDEA (formerly EDGAR) at www.sec.gov. To request a printed copy of our Form 10-K, which we will provide to you without charge, either: write to Investor Relations, DURECT Corporation, 10260 Bubb Road, Cupertino, CA 95014 or e-mail Investor Relations at info@direct.com.

In this Proxy Statement:

We, us, our and the Company refer to DURECT Corporation

Annual Meeting or Meeting means the 2014 annual meeting of stockholders

Board of Directors or Board means our Board of Directors

SEC means the Securities and Exchange Commission

We have summarized below important information with respect to the Annual Meeting.

Edgar Filing: DURECT CORP - Form DEF 14A

Time and Place of the Annual Meeting

The Annual Meeting is being held on Monday, June 16, 2014, at 9:00 a.m. local time at 10240 Bubb Road, Cupertino, CA 95014. All stockholders who own shares of our stock as of April 21, 2014, the record date, may attend the Annual Meeting.

Purpose of the Proxy Statement and Proxy Card

You are receiving a Proxy Statement and proxy card from us because you owned shares of our common stock on April 21, 2014, the record date. This Proxy Statement describes issues on which we would like you, as a stockholder, to vote. It also gives you information on these issues so that you can make an informed decision.

When you sign the proxy card, you appoint James E. Brown and Felix Theeuwes as your representatives at the Meeting. James E. Brown and Felix Theeuwes will vote your shares as you have instructed them on the proxy card, at the Meeting. This way, your shares will be voted whether or not you attend the Meeting. Alternatively, you may vote your shares on the Internet or by telephone by following the instructions on your proxy card. Even if you plan to attend the Meeting it is a good idea to complete, sign and return your proxy card in advance of the Meeting just in case your plans change.

Proposals to Be Voted on at This Year's Annual Meeting

You are being asked to vote on:

1. The election of three Class II directors to serve on our Board of Directors until our 2017 annual meeting of stockholders;
2. An amendment to the 2000 Stock Plan to increase the number of shares of the Company's Common Stock available for issuance by 4,000,000 shares and to re-approve its material terms;
3. An advisory vote on the approval of executive compensation; and
4. The ratification of our appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year.

The Board of Directors recommends a vote FOR each proposal.

Voting Procedure

You may vote by mail, phone or the Internet.

To vote by mail, please sign your proxy card and return it in the enclosed, prepaid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct. To vote by phone or the Internet, please follow the instructions as listed on the proxy card.

You may vote in person at the Meeting.

We will pass out written ballots to anyone who wants to vote at the Meeting. If you hold your shares in street name, you must request a legal proxy from your stockbroker in order to vote at the Meeting. Holding shares in street name means your shares of stock are held in an account by your stockbroker, bank, or other nominee, and the stock certificates and record ownership are not in your name. If your shares are held in street name and you wish to attend the Annual Meeting, you must notify your broker, bank or other nominee and obtain the proper documentation to vote your shares at the Annual Meeting.

You may change your mind after you have returned your proxy.

If you change your mind after you return your proxy, you may revoke your proxy at any time before the polls close at the Meeting. You may do this by:

signing another proxy with a later date, or

voting in person at the Annual Meeting.

Multiple Proxy Cards

Edgar Filing: DURECT CORP - Form DEF 14A

If you received more than one proxy card, it means that you hold shares in more than one account. Please sign and return all proxy cards to ensure that all your shares are voted.

Delivery of Documents to Security Holders Sharing an Address

Only one Proxy Statement and annual report is being delivered to you if you share an address with another stockholder, unless we receive contrary instructions from you or one of the other stockholder(s). We will deliver promptly upon written or oral request a separate copy of the Proxy Statement and annual report to you if you share an address to which we delivered a single copy of the documents; this request should be directed to Matthew J. Hogan, Chief Financial Officer, DURECT Corporation, 10260 Bubb Road, Cupertino, CA 95014, 408-777-4936.

Quorum Requirement

Shares are counted as present at the Meeting if the stockholder either:

is present and votes in person at the Meeting, or

has properly submitted a proxy card.

A majority of our outstanding shares as of the record date must be present at the Meeting (either in person or by proxy) in order to hold the Annual Meeting and conduct business. This is called a quorum.

Consequences of Not Returning Your Proxy; Broker Non-Votes

If your shares are held in your name, you must return your proxy (or attend the Annual Meeting in person) in order to vote on the proposals. If you are a beneficial owner of shares and your brokerage firm or other similar organization does not receive voting instructions from you, your brokerage firm may either:

vote your shares on routine matters, or

leave your shares unvoted.

If you are a beneficial owner and hold your shares in street name through a broker or other nominee and do not provide the organization that holds your shares with voting instructions, the broker or other nominee will determine if it has the discretionary authority to vote on the particular matter. Under applicable rules, brokers have the discretion to vote on routine matters but do not have discretion to vote on non-routine matters. For example, if you do not provide voting instructions to your broker, the broker could vote your shares for the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year (Proposal 4) because that is deemed to be a routine matter, but the broker could not vote your shares for either of the other three proposals on the agenda for the Annual Meeting.

If you do not provide voting instructions to your broker and the broker has indicated that it does not have discretionary authority to vote on a particular proposal, your shares will be considered broker non-votes with regard to that matter. Broker non-votes will be considered as represented for purposes of determining a quorum but generally will not be considered as entitled to vote with respect to that proposal. Broker non-votes are not counted for purposes of determining the number of votes cast with respect to a particular proposal. Thus, a broker non-vote will make a quorum more readily obtainable, but the broker non-vote will not otherwise affect the outcome of the vote on a proposal that requires the affirmative vote of a majority of the shares present and entitled to vote.

We encourage you to provide instructions to your brokerage firm by voting your proxy. This ensures that your shares will be voted at the Meeting.

Effect of Abstentions

Abstentions are counted as shares that are present and entitled to vote for the purposes of determining the presence of a quorum and as votes AGAINST for purposes of determining the approval of any matter submitted to the stockholders for a vote.

Required Vote

Assuming a quorum is present, the three nominees receiving the highest number of votes of shares that are present and entitled to vote will be elected as Class II directors. The vote required to approve the proposed amendment to the 2000 Stock Plan and to reapprove its material terms, as set forth in Proposal 2, and to ratify the appointment of the independent registered public accounting firm, as set forth in Proposal 4, is the affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the meeting and entitled to vote.

Proposal 3 is an advisory vote; however, the Compensation Committee and the Board of Directors will consider the voting results on these proposals.

Vote Solicitation; No Use of Outside Solicitors

DURECT Corporation is soliciting your proxy to vote your shares at the Annual Meeting. In addition to this solicitation by mail, our directors, officers, agents, and other employees may contact you by telephone, Internet, in person or otherwise to obtain your proxy. These persons will not receive any additional compensation for assisting in the solicitation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners. We will reimburse these entities and our transfer agent for their reasonable out-of-pocket expenses in forwarding proxy material. We have not retained the services of a proxy solicitor.

Voting Procedures

Votes cast by proxy or in person at the Annual Meeting will be tabulated by a representative of Computershare, our transfer agent, who will act as the Inspector of Election. The Inspector will also determine whether a quorum is present at the Annual Meeting. The shares represented by the proxy cards received, properly marked, dated, signed and not revoked, will be voted at the Annual Meeting. If you are a shareholder of record (that is, if your shares are held in your name and not in street name by a brokerage firm) and you sign, date and return a proxy card but do not give specific voting instructions, then the proxy holders will vote your shares in the manner recommended by our Board of Directors on all matters presented in this proxy statement, and the proxy holders may determine in their discretion regarding any other matters properly presented for a vote at the Meeting. Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of votes cast.

We believe that the procedures to be used by the Inspector to count the votes are consistent with Delaware law concerning voting of shares and determination of a quorum.

Publication of Voting Results

We will announce preliminary voting results at the meeting. We will publish the final results in a current report on Form 8-K, which we will file with the SEC within four business days of the meeting. You can get a copy on our website at www.durect.com in the Investor Relations section, by contacting Matthew J. Hogan, our Chief Financial Officer, at (408) 777-4936 or the SEC at (800) 732-0330 for the location of the nearest public reference room, or through the IDEA (formerly EDGAR) system at www.sec.gov.

Other Business

We do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement. However, if any other business is properly presented at the Annual Meeting, your signed proxy card gives authority to James E. Brown and Felix Theeuwes to vote on such matters at their discretion.

Stockholder Proposals For The 2015 Annual Meeting

To have your proposal included in our proxy statement for our 2015 annual meeting, you must submit your proposal in writing no later than January 4, 2015 to Matthew J. Hogan, Chief Financial Officer and Secretary, DURECT Corporation, 10260 Bubb Road, Cupertino, CA 95014. Any such proposal must also comply with Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act), and the regulations thereunder, as well as our bylaws, which may be obtained free of charge by written request to Matthew J. Hogan, Chief Financial Officer and Secretary, DURECT Corporation, 10260 Bubb Road, Cupertino, CA 95014.

Pursuant to our bylaws, stockholders must provide notice of any business that they wish to submit for consideration at the 2015 annual meeting to our executive offices (Attention: Secretary) no later than March 18, 2015 and no earlier than February 16, 2015; provided, however, that if the 2015 annual meeting is moved more than 30 days prior to or 60 days after the anniversary of the Annual Meeting and less than 60 days notice is provided to stockholders, then notice of a stockholder proposal must be received within 10 days of public notice of the meeting.

PROPOSAL NO. 1**ELECTION OF DIRECTORS**

Our Certificate of Incorporation provides that our Board of Directors is divided into three classes, with staggered three-year terms. Our Class II directors, whose terms expire at the Annual Meeting and who are being nominated for re-election, are David R. Hoffmann, Jon S. Saxe and Jay Shepard. Our Class III directors, whose terms expire at our 2015 annual meeting, are James E. Brown and Armand P. Neukermans. Our Class I directors, whose terms expire at our 2016 annual meeting, are Felix Theeuwes, Simon X. Benito and Terrence F. Blaschke. You only elect one class of directors at each annual meeting. The other classes continue to serve for the remainder of their three-year terms. David R. Hoffmann, Jon S. Saxe and Jay Shepard, currently Class II directors, are nominees for re-election at the Annual Meeting. Each nominee has consented to serve an additional three-year term.

Vote Required

If a quorum is present, the three nominees receiving the highest number of votes of shares that are present and entitled to vote will be elected as directors for the ensuing three years. Unless marked otherwise, proxies received will be voted FOR the election of David R. Hoffmann, Jon S. Saxe and Jay Shepard. If additional people are nominated for election as directors through the stockholder proposal process which includes written notification to us within specified time frames, the proxy holders intend to vote all proxies received by them in a way that will ensure that as many as possible of the nominees listed above are elected. If this happens, the specific nominees to be voted for will be determined by the proxy holders.

The Board, Board Committees and Meetings

Corporate governance is typically defined as the system that allocates duties and authority among a company's stockholders, board of directors and management. The stockholders elect the Board and vote on extraordinary matters; the Board is our governing body, responsible for hiring, overseeing and evaluating management, particularly the Chief Executive Officer; and management runs our day-to-day operations. The Board reviews succession planning on an annual basis and has a written succession plan. Our Board currently consists of 8 directors.

Independent Directors. Each of our directors other than Drs. Theeuwes and Brown qualify as independent directors as defined in the current rules of the NASDAQ Global Market. NASDAQ's definition of independent director includes a series of objective tests, such as that the director is not a Company employee and has not engaged in various types of business dealings with us. In addition, as further required by NASDAQ rules, the Board has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, our directors reviewed and discussed information provided by our directors and us with regard to each director's business and personal activities as they may relate to us and our management.

Board and Committee Responsibilities. The primary responsibilities of the Board are oversight, counseling and direction to our management in the long-term interests of the Company and its stockholders. The Chief Executive Officer and management are responsible for seeking the advice and, in appropriate situations, the approval of the Board with respect to extraordinary actions to be undertaken by us.

The Board and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time as appropriate. The Board has delegated various responsibilities and authority to different Board committees as described in this section of the proxy statement. Committees regularly report on their activities and actions to the full Board.

Board Leadership Structure. The roles of Board chair and principal executive officer are currently separated. Our Board chair is currently Felix Theeuwes, our Chief Scientific Officer, and our principal executive officer is currently James E. Brown, our President and Chief Executive Officer. In December 2010, David R. Hoffmann was designated lead independent director. As in the past, it is expected that executive sessions will be conducted including the Chairman and independent directors (excluding the Chief Executive Officer) and including just the independent directors at each regularly scheduled meeting of the Board of Directors.

Board Oversight of Risk. The Board of Directors is responsible for overseeing the Company's risks. In carrying out this responsibility, the Board evaluates the most critical risks relating to our business, allocates responsibilities for the oversight of risks among the full Board and its committees, and ensures that management has established effective systems and processes for managing the Company's risks. Additionally, because risk is inherently present in the Company's strategic decisions, the Board analyzes risk on an ongoing basis in connection with its consideration of specific proposed actions.

While the Board is responsible for oversight, management is responsible for identifying and communicating risk to the Board. Management fulfills this obligation in a variety of ways, including its establishment of appropriate and effective internal processes for the identification of risk. Management may report its findings to the full Board or its committees. Committees of the Board play an important role in risk oversight, including the Audit Committee, which oversees our processes for assessing risks and the effectiveness of our internal controls, and the Compensation Committee, which oversees risks present in the Company's compensation programs. Committees, to the extent that they deem appropriate or as required by their charters, report their findings and deliberations with respect to risk to the full Board.

In fulfilling its duties, the Audit Committee oversees and works in conjunction with our independent registered public accounting firm, Ernst & Young, LLP. In accordance with its charter, the Audit Committee is responsible for making examinations as necessary to monitor corporate financial reporting and the internal and external audits of the Company, reporting to the Board the results of such examinations and recommending changes that may be made in the Company's internal accounting controls. The Compensation Committee, with the assistance of its compensation consultants, periodically reviews the Company's compensation policies and profile with management to ensure that executive compensation incentivizes its executive officers to meet the Company's goals and strategic objectives. The Audit Committee periodically performs an analysis of risks arising from our compensation policies and practices and has concluded that such policies and practices are not reasonably likely to expose the Company to material risk.

Board Committees and Charters. The Board currently has, and appoints the members of, standing Audit, Compensation, and Nominating and Corporate Governance Committees. Each of the Board committees has a written charter approved by the Board. Copies of each charter are available on our website at www.durect.com under "About DURECT Corporate Policies/Governance."

Audit Committee. The Audit Committee has been established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee assists the Board in its general oversight of our financial reporting, internal controls and audit functions, and is directly responsible for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm. In 2013, the Audit Committee held four meetings. The responsibilities and activities of the Audit Committee are described in greater detail in the "Audit Committee Report." At the end of the last fiscal year, the Audit Committee was composed of the following directors: Simon X. Benito, David R. Hoffmann and Jon S. Saxe. Mr. Hoffmann has served as Chairman of the Audit Committee since September 2004.

Among other matters, the Audit Committee monitors the activities and performance of our external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent registered public accounting firm may be retained to perform non-audit services. Our independent registered public accounting firm, Ernst & Young LLP, provides the Audit Committee with the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and the Audit Committee discusses with the independent registered public accounting firm and management that firm's independence.

In accordance with Audit Committee policy and the requirements of law, all services to be provided by Ernst & Young are pre-approved by the Audit Committee. Pre-approval includes audit services, audit-related services, tax services and other services. In its pre-approval and review of non-audit service fees, the Audit Committee considers, among other factors, the possible effect of the performance of such services on the auditor's independence. To avoid certain potential conflicts of interest in maintaining auditor independence, the law prohibits a publicly traded company from obtaining certain non-audit services from its auditing firm.

As required by NASDAQ rules, the members of the Audit Committee each qualify as "independent" under special standards established for members of audit committees. The Audit Committee also includes at least one member who is determined by the Board to meet the qualifications of an "audit committee financial expert" in accordance with SEC rules. David R. Hoffmann is the director who has been determined by the Board of Directors to be the Audit Committee financial expert. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Hoffmann's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon Mr. Hoffmann any duties, obligations or liability that are greater than are generally imposed on him as a member of the Audit Committee and the Board, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or the Board.

Compensation Committee. The Compensation Committee reviews and approves salaries, performance-based incentives and other matters relating to executive compensation, and administers our stock option plans, including reviewing and granting stock options to executive officers. The Compensation Committee also reviews and approves various other Company compensation policies and matters. The Compensation Committee held two meetings in 2013. For more information, see the Compensation Committee Report. At the end of the last fiscal year, the Compensation Committee was composed of Simon X. Benito, David R. Hoffmann, Armand P. Neukermans and Jon S. Saxe. Mr. Benito was appointed as a member of the Compensation Committee at the end of last year to succeed Mike Casey, who retired as a director effective December 31, 2013. Dr. Neukermans has served as Chairman of the Committee since March 2004. As required by NASDAQ rules, the members of the Compensation Committee each qualify as independent under special standards established for members of compensation committees. In addition, the Compensation Committee, from time to time, retains independent compensation consultants to assist it with benchmarking of executive and Board compensation. In 2013, the Compensation Committee retained Setren, Smallberg & Associates, Inc. as an independent compensation consultant, and previously, from 2008 to 2012, the Compensation Committee retained J. Richard & Co. as an independent compensation consultant. The process by which compensation is set for executive officers is described in the Compensation Discussion and Analysis below under the heading Setting Officer Compensation.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee identifies, evaluates and recommends to the Board individuals, including individuals proposed by stockholders, qualified to serve as members of the Board and the nominees for election as directors at the next annual or special meeting of stockholders at which directors are to be elected. The Nominating and Corporate Governance Committee also identifies, evaluates and recommends to the Board individuals to fill any vacancies or newly created directorships that may occur between such meetings. The Nominating and Corporate Governance Committee also is responsible for preparing and recommending to the Board adoption of corporate governance guidelines, reviewing and assessing our Code of Ethics, and overseeing and conducting an annual evaluation of the Board's performance. The Nominating and Corporate Governance Committee held three meetings in 2013. At the end of the last fiscal year, the Nominating and Corporate Governance Committee was composed of Simon X. Benito, Terrence F. Blaschke and Jay Shepard. Mr. Benito was appointed as Chairman of the Committee at the end of last year to succeed Mike Casey who retired as a director effective December 31, 2013. As required by NASDAQ rules, the members of the Nominating and Corporate Governance Committee each qualify as independent under special standards established for members of the committee.

Criteria for Board Membership. In recommending candidates for appointment or re-election to the Board, the Nominating and Corporate Governance Committee considers the appropriate balance of experience, skills and characteristics required of the Board of Directors, and seeks to insure that at least a majority of our directors are independent under NASDAQ rules, and that members of the Audit Committee meet the financial literacy and sophistication requirements under NASDAQ rules and at least one of them qualifies as an audit committee financial expert under SEC rules. Nominees for director are selected on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of our business environment and willingness to devote adequate time to Board duties.

Stockholder Nominees. The Nominating and Corporate Governance Committee will consider written proposals from stockholders for nominees for director. Any such nominations should be submitted to the Nominating and Corporate Governance Committee, c/o Matthew J. Hogan, Chief Financial Officer and Secretary, 10260 Bubb Road, Cupertino, CA 95014 and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Exchange Act (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the names and addresses of the stockholders making the nomination and the number of shares of the Company's common stock which are owned beneficially and of record by such stockholders; and (c) appropriate biographical information and a statement as to the qualification of the nominee, and should be submitted in the time frame described in our bylaws and under the caption Stockholder Proposals for 2015 Annual Meeting above.

Process for Identifying and Evaluating Nominees. The Nominating and Corporate Governance Committee believes that the Company is well-served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the Nominating and Corporate Governance Committee will renominate incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the Nominating and Corporate Governance Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of the Board, our senior management, stockholder nominations, and, if the Nominating and Corporate Governance Committee deems appropriate, a third-party search firm. The Nominating and Corporate Governance Committee will evaluate each candidate's qualifications and check relevant references; in addition, such candidates will be interviewed by at least one member of the Nominating and Corporate Governance Committee. Candidates meriting serious consideration will then meet with the members of the Board. Based on this input, the Nominating and Corporate Governance Committee will evaluate which of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board that this candidate be appointed to fill a current vacancy on the Board or presented for the approval of the stockholders, as appropriate.

Consideration of Diversity. The Nominating and Corporate Governance Committee believes that the interests of the stockholders are best served by a Board of Directors whose members collectively have a diverse balance of experience, skills and characteristics as appropriate to our business because it encourages a full discussion on Board topics from a variety of viewpoints and with the benefit of many different experiences. Although we do not have a policy regarding diversity, in looking for a candidate who will best meet the particular needs of the Board at the time, the Nominating and Corporate Governance Committee does consider whether the specific skills, background and work experience of a candidate would add to and complement the existing viewpoints represented by the present Board members. The Nominating and Corporate Governance Committee believes that the current Board composition does represent a diversity of experience and skills appropriate to our business.

Attendance at Board, Committee and Annual Stockholders Meetings. The Board held six meetings in 2013. All directors are expected to attend each meeting of the Board and the committees on which they serve, and are also strongly encouraged to attend our annual meeting of stockholders. Each director attended at least 75% of all Board and applicable committee meetings during 2013. All directors attended our 2013 annual meeting of stockholders.

Communications from Stockholders to the Board. The Board recommends that stockholders initiate any communications with the Board in writing and send them c/o the Company's Secretary, Matthew J. Hogan. Stockholders can send communications by e-mail to matt.hogan@durect.com, by fax to (408) 777-3577 or by mail to Matthew J. Hogan, Chief Financial Officer and Secretary, DURECT Corporation, 10260 Burbank Road, Cupertino, California 95014. This centralized process will assist the Board in reviewing and responding to stockholder communications in an appropriate manner. The name of any specific intended Board recipient should be noted in the communication. The Board has instructed the Secretary to forward such correspondence only to the intended recipients; however, the Board has also instructed the Secretary, prior to forwarding any correspondence, to review such correspondence and, in his discretion, not to forward certain items if they are deemed to be of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration. In such cases, some of that correspondence may be forwarded elsewhere in the Company for review and possible response.

Code of Ethics

In December 2003, the Board approved an amended Code of Ethics applicable to all of our employees, officers and directors. The purpose of the Code of Ethics is to deter wrongdoing and, among other things, promote compliance with applicable laws, fair dealing, proper use and protection of our assets, prompt and accurate public company reporting, reporting of accounting complaints or concerns and avoidance of conflicts of interest and usurpation of corporate opportunities.

Our Code of Ethics can be found on our corporate website at www.durect.com under About DURECT Corporate Policies/Governance. If we make any substantive amendments to the Code of Ethics or grant any waiver from a provision of the Code of Ethics to any executive officer or director, we will promptly disclose the nature of the amendment or waiver by a method selected by the Board of Directors and in conformity with applicable SEC and NASDAQ rules.

Whistleblower Policy

In December 2003, in compliance with Section 301 of the Sarbanes-Oxley Act, the Audit Committee of the Board of Directors established procedures for the receipt, retention, and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters, and confidential, anonymous employee submissions of concerns regarding questionable accounting or auditing matters (Whistleblower Policy). Our Whistleblower Policy can be found on our corporate website at www.durect.com under About DURECT Corporate Policies/Governance.

Recommendation of the Board:

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR*

THE ELECTION OF ALL NOMINEES NAMED ABOVE.

PROPOSAL NO. 2

APPROVAL OF AN AMENDMENT TO THE 2000 STOCK PLAN TO INCREASE THE NUMBER OF SHARES OF OUR COMPANY'S COMMON STOCK AVAILABLE FOR ISSUANCE BY 4,000,000 SHARES AND REAPPROVAL OF ITS MATERIAL TERMS

General

The purpose of the Company's 2000 Stock Plan (the "Stock Plan") is to offer incentives to attract and retain the best available personnel for positions of substantial responsibility and by providing additional incentive to employees, consultants and directors to promote the success of the Company's business. Stock options, stock purchase rights, restricted stock, restricted stock units, stock appreciation rights and cash awards may be granted under the Stock Plan (each an "Award"). Options granted under the Stock Plan may be either incentive stock options, as defined in section 422 of the Code, or non-statutory stock options.

As of April 21, 2014, Awards (net of expired or canceled Awards) covering an aggregate of 28,536,248 shares of common stock had been granted under the Stock Plan. 1,260,252 shares of common stock (plus any shares that might in the future be returned to the Stock Plan as a result of expiration of Awards) remain available for future grant under the Stock Plan. As of April 21, 2014, there were 25,147,044 options outstanding under the Stock Plan, with an average exercise price of \$2.62 and a remaining average life of 6.2 years. There were no stock awards, other than stock options, outstanding under the Stock Plan as of April 21, 2014. The proposed increase of 4,000,000 available shares is intended to be sufficient to meet the Company's projected needs for at least the next two years.

We are also asking our stockholders to approve the material terms of the Stock Plan so that the company will continue to have the ability to grant performance-based awards (in addition to stock options and stock appreciation rights) that are intended to be exempt from the \$1 million deductibility limit under Section 162(m) of the Code. Under Section 162(m), the federal income tax deductibility of compensation paid to our chief executive officer and to each of our three other most highly-compensated executive officers (other than the chief financial officer) may be limited to the extent that such compensation exceeds \$1 million in any one year. Under Section 162(m), we may deduct compensation in excess of that amount if it qualifies as performance-based compensation, as defined in Section 162(m). Re-approval for Section 162(m) is required every five years, and if the stockholders approve the amended and restated Stock Plan stockholder re-approval of the material terms of the Stock Plan will not be required again under Section 162(m) until 2019. Obtaining stockholder approval is only one of several conditions that must be satisfied for awards under the Stock Plan to qualify as performance-based compensation, and the rules and regulations promulgated under Section 162(m) are complicated and subject to change from time to time, potentially with retroactive effect. Accordingly, it is possible that awards intended to qualify as performance-based compensation could be determined by the Internal Revenue Service not to so qualify. In addition, we may choose to provide awards under the Stock Plan that are not intended to qualify as performance-based compensation.

Two of the material terms of the Stock Plan are that the maximum number of shares that may be granted subject to options and other stock awards under the Stock Plan to any employee during any single fiscal year is 1,500,000 shares and that the maximum amount payable pursuant to any cash award granted under the Stock Plan for any fiscal year that is intended to qualify as performance-based compensation under Section 162(m) will not exceed \$1,000,000. These limits are included in the Stock Plan specifically for purposes of Section 162(m).

To qualify stock awards other than options and stock appreciation rights as performance-based compensation, these Awards must be made subject to performance conditions approved by the Board's Compensation Committee and our stockholders as required under Section 162(m) regulations. The Company may or may not apply performance criteria and qualify the Awards under Section 162(m), but the Company believes it is in the best interests of the Company and its stockholders to have the ability to do so.

The Stock Plan currently permits the Company to issue such Awards incorporating performance objectives and provides that these performance objectives (Qualifying Performance Criteria) may be based upon: (1) cash flow (including operating cash flow or free cash flow) ; (2) earnings (including gross margin, earnings before interest and taxes, earnings before taxes, and net earnings) ; (3) earnings per share; (4) growth in earnings or earnings per share; (5) stock price; (6) return on equity or average stockholders equity; (7) total stockholder return; (8) return on capital; (9) return on assets or net assets; (10) return on investment; (11) revenue; (12) income or net income; (13) operating income or net operating income; (14) operating profit or net operating profit; (15) operating margin; (16) return on operating revenue; (17) market share; (18) contract awards or backlog; (19) overhead or other expense reduction; (20) growth in stockholder value relative to the moving average of the S&P 500 Index or a peer group index; (21) credit rating; (22) strategic plan development and implementation (including individual performance objectives that relate to achievement of the Company s or any business unit s strategic plan); (23) improvement in workforce diversity; and (24) such other similar criteria as may be determined by the Administrator (as defined below). As amended, the Stock Plan would include the performance objectives identified in numbers 1-23, as well as the following additional performance objectives: (i) expenses; (ii) economic value added; (iii) product quality; (iv) number of customers; (v) objective customer indicators; (vi) customer satisfaction; (vii) new product invention or innovation; (viii) profit after taxes; (ix) pre-tax profit; (x) working capital; (xi) sales; (xii) advancement of the Company s product pipeline; (xiii) consummation of strategic transactions; (xiv) reduction in cash utilization; and (xv) addition of technologies and products. To the extent that the Administrator determines that an Award will be granted subject to Qualifying Performance Criteria, such criteria will be specified with respect to a particular Award by our Compensation Committee in a manner designed to comply with Section 162(m). These criteria may be applied to the Company as a whole or to a business unit, parent, subsidiary or business segment, either individually, alternatively or in any combination, and may be measured either annually or cumulatively over a period of years, on an absolute basis, or relative to a pre-established target, to previous years results or to a designated comparison group, and on a pre-tax or after-tax basis, in each case as specified by the Administrator in the award agreement. The Company generally attempts to ensure that any Awards under the Stock Plan meet the standards of Section 162(m) but may not do so in every instance.

Stockholder approval of the Stock Plan as amended pursuant to this proposal will constitute re-approval of the material terms of the Stock Plan, including the limitations on stock awards and the Qualifying Performance Criteria, for Section 162(m) purposes.

A copy of the Stock Plan, as amended, will be filed with the SEC contemporaneously with this Proxy Statement as Exhibit 1 and is available online at www.sec.gov or from the Company upon request by any stockholder. The following description of the Stock Plan is only a summary and so is qualified by reference to the complete text of the Stock Plan. Except as otherwise noted, this summary reflects the amendments proposed above.

Administration. The Stock Plan is administered by the Board of Directors or a committee designated by the Board (the Administrator). The Compensation Committee presently acts as the Administrator.

Eligibility. Nonstatutory stock options, stock awards and cash awards may be granted under the Stock Plan to employees, directors (including non-employee directors) and consultants of the Company, its parent and subsidiaries. Incentive stock options may be granted only to employees of the Company, its parent or its subsidiaries. The Administrator, in its discretion, selects the individuals to whom stock options and other stock awards, as well as cash awards, may be granted, the time or times at which such Awards are granted, and the terms of such Awards to be granted under the Stock Plan. As of April 21, 2014, the Company had approximately 104 employees and consultants and 6 non-employee directors who are eligible to participate in the Stock Plan.

Amended Plan Benefits. The grant of options, other stock awards, and cash awards under the Stock Plan to employees, including the Named Executive Officers, is subject to the discretion of the Administrator. As of the date of this proxy statement, there has been no determination by the Administrator with respect to future Awards

under the Stock Plan to employees. However, the Company has implemented an automatic, non-discretionary award program for non-employee directors pursuant to which non-employee directors will receive automatic grants of options on terms and conditions to be determined by the Administrator. Accordingly, future Awards to employees, consultants and non-employee directors are not yet determinable. No Awards, other than options, have been granted under the Stock Plan during or with respect to the fiscal year ended December 31, 2013. The following table sets forth information with respect to the stock options granted to the Named Executive Officers, all executive officers as a group, all directors who are not executive officers as a group, and all employees and consultants (excluding executive officers) as a group under the Stock Plan during fiscal year ended December 31, 2013. These grants may not be indicative of future grants under the Stock Plan. As of April 21, 2014, the closing sales price of the Company's common stock was \$1.34 per share.

Name	Number of shares subject to options granted under the Stock Plan	Weighted average exercise price per share
James E. Brown, D.V.M.	343,628	\$ 1.21
Matthew J. Hogan, M.B.A.	201,886	\$ 1.21
Felix Theeuwes, D.Sc.	400,194	\$ 1.21
Su Il Yum, Ph.D.	207,909	\$ 1.21
All executive officers as a group (4 persons)	1,153,617	\$ 1.21
All directors who are not executive officers (7 persons)	422,403	\$ 1.15
All current and former employees and consultants (excluding executive officers) as a group (104 persons)	3,016,829	\$ 1.22

Nontransferability of Awards. Unless otherwise determined by the Administrator, options, stock awards and cash awards granted under the Stock Plan are not transferable other than by will or the laws of descent and distribution. Options and stock awards may be exercised during the lifetime of the holder of the option or stock award only by the holder.

Stock Options

Exercise Price. The Administrator determines the exercise price of options at the time the options are granted. The exercise price of a stock option may not be less than 100% of the fair market value of our common stock on the date of grant of such option, and the exercise price of an incentive stock option to an employee who is also a 10% stockholder must have an exercise price at least equal to 110% of the fair market value of our common stock on the date of grant of such option. The Company may grant options with exercise prices less than 100% of the fair market value of our common stock on the date of grant in connection with an acquisition by the Company of another company. The fair market value of our common stock is generally the closing sales price as quoted on the NASDAQ Global Market of The NASDAQ Stock Market on the date of grant. No option may be repriced to reduce the exercise price of such option without stockholder approval (except in connection with a change in our capitalization, such as a stock split or a recapitalization, merger or certain other transactions). In addition, no option may be cancelled at a time when its exercise price exceeds the fair market value of the underlying shares of common stock subject to the option in exchange for another option, stock appreciation right, or other award or for a cash payment (except in connection with a change in our capitalization, such as a stock split or a recapitalization, merger or certain other corporate transactions). Notwithstanding the foregoing, canceling an option in exchange for another option, stock appreciation right or other Award with an exercise price, purchase price or base appreciation amount (as defined below) that is equal to or greater than the exercise price of the original option will not be subject to stockholder approval.

Exercise of Option; Form of Consideration. The Administrator determines when options vest and become exercisable, and in its discretion may accelerate the vesting and/or exercisability of any outstanding option. The means of payment for shares issued upon exercise of an option are specified in each option agreement. The Stock Plan permits payment to be made by cash, check, promissory note, other shares of common stock of the

Company (with some restrictions), broker assisted same-day sale, withholding of shares subject to the option (with some restrictions) or any other means of consideration permitted by applicable law.

Term of Option. The term of an option may be no more than ten years from the date of grant; provided that the term of an incentive stock option may not be more than five years from the date of grant for an optionee who is also a 10% stockholder. No option may be exercised after the expiration of its term.

Termination of Options. Generally, we have granted options that provide that if an optionee's service to the Company as an employee, consultant or director terminates, such individual's vested options will remain exercisable for periods of between 60 days and a year, with special longer periods of two years for certain director options and for up to seven years for certain options granted in lieu of salary or director fees. The Administrator shall have the authority to extend the period of time for which an option is to remain exercisable following optionee's termination; provided that in no event will an option be exercisable later than the expiration of the term of the option.

Stock Awards

Stock awards may be stock grants, stock purchase rights, stock units or stock appreciation rights. Stock grants are awards of a specific number of shares of our common stock. Stock purchase rights are rights to purchase our common stock. Stock units represent a promise to deliver shares of our common stock, or an amount of cash or property equal to the value of the underlying shares, at a future date. Stock appreciation rights are rights to receive cash and/or shares of our common stock based on the appreciation in the fair market value of a specific number of shares of our common stock. Each stock award is evidenced by a stock award agreement between the Company and the participant. The Stock Plan allows the Administrator broad discretion to determine the terms of individual awards, including the number of shares that such participant shall be entitled to purchase or receive and the price (if any) to be paid by the recipient in connection with the issuance of the shares. Each stock award agreement will contain provisions regarding (i) the number of shares subject to such stock award or a formula for determining such number, (ii) the purchase price of the shares, if any, and the means of payment for the shares, (iii) the performance criteria (including the Qualifying Performance Criteria), if any, and level of achievement versus these criteria that will determine the number of shares granted, issued, retainable and vested, as applicable, (iv) such terms and conditions on the grant, issuance, vesting and forfeiture of the shares, as applicable, as may be determined from time to time by the Administrator, (v) restrictions on the transferability of the stock award, and (vi) such further terms and conditions, in each case not inconsistent with the Stock Plan, as may be determined from time to time by the Administrator. Shares may be granted under the Stock Plan as stock awards without requiring the participant to pay the Company an amount equal to the fair market value of our common stock as of the Award grant date in order to acquire the Award shares. Notwithstanding the foregoing, stock appreciation rights may not be granted with a base appreciation amount that is less than fair market value on the grant date. The maximum term of stock appreciation rights is ten (10) years.

The following actions will be subject to stockholder approval unless such actions are taken in connection with a change in our capitalization, such as a stock split or a recapitalization, merger or certain other corporate transactions: (i) the reduction in the price used to determine the amount payable to a participant upon exercise of any stock appreciation right granted under the Stock Plan (such price referred to herein as the base appreciation amount); or (ii) the cancellation of a stock appreciation right at a time when its base appreciation amount exceeds the fair market value of the underlying shares of common stock subject to the stock appreciation right in exchange for another option, stock appreciation right, other award or for a cash payment. Notwithstanding the foregoing, canceling a stock appreciation right in exchange for another option, stock appreciation right or other Award with an exercise price, purchase price or base appreciation amount that is equal to or greater than the base appreciation amount of the original stock appreciation right will not be subject to stockholder approval.

Cash Awards

Each cash award granted under the Stock Plan will be subject to Qualifying Performance Criteria and will be reflected in an agreement containing provisions regarding (1) the target and maximum amount payable to the participant as a cash award, (2) the Qualifying Performance Criteria and level of achievement versus the criteria that will determine the amount of such payment, (3) the period as to which performance shall be measured for establishing the amount of any payment, (4) the timing of any payment earned by virtue of performance, (5) restrictions on the alienation or transfer of the cash award prior to actual payment, (6) forfeiture provisions, and (7) such further terms and conditions, in each case not inconsistent with the Stock Plan, as may be determined from time to time by the Administrator. The maximum amount payable as a cash award that is settled for cash may be a multiple of the target amount payable. The maximum amount payable pursuant to a cash award granted under the Stock Plan for any fiscal year intended to satisfy the requirements to performance based compensation under Section 162(m) may not exceed \$1,000,000. Nothing in the Stock Plan prevents the Company from granting cash awards outside of the Stock Plan to any individual.

Adjustments on Changes in Capitalization, Merger or Change of Control

In the event of any stock dividend, stock split, reverse stock split, recapitalization, combination, reclassification or similar change to the capital structure of the Company without receipt of consideration by the Company, or in the event of distribution to the stockholders of cash or stock other than an ordinary cash dividend, appropriate adjustments will be made to (i) the number of shares subject to the Stock Plan, (ii) the number of shares that may be awarded to any individual under the Stock Plan during a single fiscal year, and (iii) the price per share and number of shares under each outstanding Award. Any such adjustments shall be made by the Board, and the decision of the Board shall be final, binding and conclusive.

In the event of a proposed sale of all or substantially all of the Company's assets or a merger of the Company with or into another corporation, each outstanding Award shall be assumed or an equivalent Award shall be substituted by the successor corporation or a parent or subsidiary of such successor corporation, unless the successor corporation does not agree to assume such Award, in which case such Award shall accelerate immediately prior to the consummation of the transaction.

In the event of a proposed dissolution or liquidation of the Company, each Award will terminate immediately prior to the consummation of the dissolution or liquidation, unless otherwise determined by the Administrator.

Amendment and Termination of the Stock Plan

The Board may amend, alter, suspend or discontinue the Stock Plan. However, the Company shall obtain stockholder approval for any amendment to the Stock Plan to the extent necessary and desirable to comply with applicable laws and listing requirements. Generally, no such action by the Board or stockholders may alter or impair any outstanding Award under the Stock Plan without the written consent of the holder. In addition, without the written consent of the stockholders, no amendment shall be made that would result in a repricing of options or stock appreciation rights by (i) reducing the exercise price or base appreciation amount of outstanding options or stock appreciation rights or (ii) cancelling an outstanding option or stock appreciation right held by a participant and re-granting to the participant a new option with a lower exercise price, a stock appreciation right with a lower base appreciation amount, or another Award or for a cash payment, in either case other than in connection with a change in the Company's capitalization, merger or certain other corporate transactions. The Stock Plan will terminate in June 2020.

U.S. Federal Income Tax Consequences of Options under the Stock Plan

THE FOLLOWING IS A GENERAL SUMMARY OF THE TYPICAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS OR OTHER AWARDS UNDER THE STOCK PLAN. IT DOES NOT DESCRIBE STATE OR OTHER TAX CONSEQUENCES OF THE ISSUANCE AND EXERCISE OF OPTIONS OR OF OTHER AWARDS.

Nonstatutory Stock Options. The grant of a nonstatutory stock option under the Stock Plan will not result in any federal income tax consequences to the participant or to the Company. Upon exercise of a nonstatutory stock option, the participant is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares at the time of exercise. This income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. The Company does not receive a tax deduction for any such gain.

A nonstatutory stock option can be considered non-qualified deferred compensation and subject to Section 409A of the Code. If such a nonstatutory stock option does not meet the requirements of Code Section 409A, the option can result in the acceleration of income recognition, an additional 20% tax obligation, plus penalties and interest.

Incentive Stock Options. The grant of an incentive stock option under the Stock Plan will not result in any federal income tax consequences to the participant or to the Company. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and the Company receives no deduction at the time of exercise. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares. If the participant does not dispose of the shares within two years after the incentive stock option was granted, nor within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. The Company is not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods (referred to as a "disqualifying disposition"), he or she must recognize ordinary income in the year of the disposition. The amount of ordinary income generally is the lesser of (i) the difference between the amount realized on the disposition and the exercise price or (ii) the difference between the fair market value of the stock at the time of exercise and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long or short-term capital gain, depending on whether the stock was held for more than one year. The Company, in the year of the disqualifying disposition, is entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and so long as the participant's total compensation is deemed reasonable in amount.

The "spread" under an incentive stock option i.e., the difference between the fair market value of the shares at exercise and the exercise price is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares within the calendar year in which the incentive stock options are exercised. However, such a sale of shares within the year of exercise will constitute a disqualifying disposition, as described above.

Stock Appreciation Rights. Recipients of stock appreciation rights ("SARs") generally should not recognize income until the SAR is exercised (assuming there is no ceiling on the value of the right). Upon exercise, the recipient will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such exercise. Recipients who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon exercise of a SAR. Recipients will recognize gain upon the disposition of any shares received on exercise of a SAR equal to the excess of (i) the amount realized on such disposition over (ii) the

ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as we withhold the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

A SAR can be considered non-qualified deferred compensation and subject to Section 409A of the Code. If such a SAR does not meet the requirements of Code Section 409A, the SAR can result in the acceleration of income recognition, an additional 20% tax obligation, plus penalties and interest.

Restricted Stock and Stock Purchase Rights. The grant of restricted stock and stock purchase rights will subject the recipient to ordinary compensation income on the difference between the amount paid for the shares subject to the Award and the fair market value of the shares on the date that the restrictions lapse. This income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. The Company does not receive a tax deduction for any such gain.

Recipients of restricted stock and stock purchase rights may make an election under Section 83(b) of the Code ("Section 83(b) Election") to recognize as ordinary compensation income in the year that such restricted stock is granted or stock purchase right is exercised, the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition will be long or short-term capital gain to the recipient. The Section 83(b) Election must be made within thirty days from the time the restricted stock is granted or the time when restricted stock is purchased through a stock purchase right.

Restricted Stock Units. Recipients of restricted stock units generally should not recognize income until such units are converted into cash or shares. Upon conversion, the recipient will normally recognize taxable ordinary income for federal income tax purposes equal to the amount of cash and fair market value of the shares, if any, received upon such conversion. Recipients who are employees will be subject to withholding for federal income and employment tax purposes with respect to income recognized upon conversion of the restricted stock units. Participants will recognize gain upon the disposition of any shares received upon conversion of the restricted stock units equal to the excess of (i) the amount realized on such disposition over (ii) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long or short-term capital gain depending on whether the shares were held for more than one year. The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the recipient's total compensation is deemed reasonable in amount.

Restricted stock units also can be considered non-qualified deferred compensation and subject to Section 409A of the Code. If such an Award of restricted stock units does not meet the requirements of Code Section 409A, the restricted stock units will result in an additional 20% tax obligation, plus penalties and interest to such recipient.

Other Stock Awards. Other stock awards will generally be taxed in the same manner as nonstatutory stock options, and the participant will recognize ordinary income on the dates when the shares subject to the stock

awards are issued and no longer subject to a substantial risk of forfeiture or when the shares becomes transferable, if earlier. The participant's ordinary income is measured as the difference between the amount paid for the shares, if any, and the fair market value of the shares on the date the shares are no longer subject to forfeiture. This income is subject to withholding for federal income and employment tax purposes. The Company is entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and so long as the Company withholds the appropriate taxes with respect to such income (if required) and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. The Company does not receive a tax deduction for any such gain.

Cash Awards. Upon receipt of cash, the recipient will have taxable ordinary income, in the year of receipt, equal to the cash received. Any cash received will be subject to tax withholding by the Company. Unless limited by Section 162(m) of the Code, the Company will be entitled to a tax deduction in the amount and at the time the recipient recognizes compensation income.

PROPOSAL NO. 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act added Section 14A to the Securities Exchange Act of 1934 requiring that we provide our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

As described in greater detail under the heading *Compensation Discussion and Analysis*, we seek to closely align the interests of our named executive officers with the interests of our stockholders. Our compensation programs are designed to reward our named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total stockholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

This vote is advisory, which means that the vote on executive compensation is not binding on the Company, our Board of Directors or the Compensation Committee of the Board of Directors. The vote on this resolution is not intended to address any specific element of compensation, but rather relates to the overall compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission. To the extent there is a significant vote against our named executive officer compensation as disclosed in this proxy statement, the Compensation Committee will evaluate whether any actions are necessary to address our stockholders' concerns.

The affirmative vote of a majority of the shares present or represented and entitled to vote either in person or by proxy is required to approve this Proposal 3. Accordingly, we ask our stockholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2014 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

Recommendation of the Board:

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR*

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee (for purposes of this analysis, the Committee) of the Board has responsibility for establishing, implementing and continually monitoring adherence with our compensation practices. The Committee makes all compensation decisions for our Chief Executive Officer (our CEO) and Chief Financial Officer (our CFO), as well as the other individuals included in the Summary Compensation Table below (our Named Executive Officers) and all of our Vice Presidents. In this proxy, we refer to those persons as our Officers.

Philosophy and Elements

All of our compensation programs are designed to attract and retain key employees, motivating them to achieve and rewarding them appropriately for their performance. Different programs are geared to short and longer-term performance with the goal of increasing stockholder value over the long term. Executive compensation programs impact all employees by setting general levels of compensation and helping to create an environment of goals, rewards and expectations. Because we believe the performance of every employee is important to our success, we consider the effect of executive compensation and incentive programs on all of our employees.

We believe that the compensation of our Officers should reflect the extent of their success as a management team and in addition, their individual performance, in attaining key operating objectives, such as advancing our product pipeline, entering into strategic collaborative agreements and maintaining our financial strength, and ultimately, increasing stockholder value. We believe that the performance of our Officers in managing the Company, considered in light of general economic and specific Company, industry and competitive conditions, should be the basis for determining their overall compensation. We also believe that their compensation should not be based on the short-term performance of our stock, whether favorable or unfavorable, but rather that the price of our stock will, in the long-term, reflect our operating performance, and ultimately, the management of the Company by our Officers. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option and other equity incentive programs.

Elements of compensation for our executives include: salary, bonus, stock incentive awards and perquisites. We choose to pay each element of compensation in order to attract and retain the necessary executive talent, reward performance and provide incentive for their balanced focus on long-term strategic goals as well as short-term performance. The amount of each element of compensation is determined by or under the direction of the Committee, which uses the following factors to determine the amount of salary and other benefits to pay each executive:

performance against corporate and individual objectives for the previous year;

value of their unique skills and capabilities to support our long-term performance;

performance of their general management responsibilities;

contribution as a member of our executive management team;

difficulty of achieving desired results in the coming year and years to follow; and

compensation paid by companies deemed by the Committee to be comparable to us.

These elements fit into our overall compensation objectives by helping to secure the future potential of our products and operations, continuing to meet our business objectives, providing proper compliance and regulatory guidance, and helping to create an effective and cohesive team. Our policy for allocating between long-term and currently paid compensation is to ensure adequate base compensation to attract and retain personnel, while providing incentives to maximize long-term value for us and our stockholders. Likewise, we provide cash

compensation in the form of base salary to meet competitive salary norms and reward performance on an annual basis and in the form of bonus compensation to reward superior performance against specific annual goals. We provide non-cash compensation (i.e., stock options) to reward superior performance against specific objectives and long-term strategic goals. Our compensation package for our Named Executive Officers for fiscal year 2013 ranged from 41% to 63% in cash compensation and 37% to 59% in non-cash compensation, including benefits and equity-related awards. We believe that this structure is competitive within the marketplace and appropriate to fulfill our stated policies. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Committee reviews information from relevant peer companies, and such other information as it considers appropriate, to determine the appropriate level and mix of incentive compensation.

Setting Officer Compensation

Process

At one or more meetings at the end of each fiscal year (usually in December) or early in the following fiscal year (usually in January or February), the Committee reviews our performance during the fiscal year against established corporate objectives, individual Officer performance and history of all the elements of each Officer's total compensation in comparison with the compensation of executive officers in an appropriate peer group as described below. After due consideration of the foregoing, the Committee:

sets the base salaries for our Officers for the following fiscal year;

approves individual Officer bonus payments for performance for the prior fiscal year;

approves stock options that will be granted to each Officer for performance for the prior fiscal year;

adopts the management incentive plan (including objectives and weighting) for the following fiscal year; and

decides upon general compensation guidelines and overall salary, bonus and stock option budgets for all employees. The specific basis for the determination of base salaries, bonuses and stock option grants to Officers is detailed below.

Role of Executive Officers

The CEO and the Chairman and Chief Scientific Officer (the "CSO") annually review the performance of each Officer (other than the CEO and the CSO, whose performance is reviewed by the Committee) with the assistance and input from our head of Human Resources. The conclusions reached and recommendations made based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Committee. Officers, other than the CEO and the CSO, are not present at the time of these deliberations. The Committee can exercise its discretion in modifying any recommended adjustments or awards to executives and ultimately makes the final decision with respect to the compensation of all our Officers. The CEO and the CSO are not present during the Committee's deliberations and discussion on their individual compensation.

Benchmarking

To assist the Committee in benchmarking executive compensation, the Committee in 2013 retained Setren Smallberg & Associates, Inc., an independent compensation consulting firm, and previously, from 2008 to 2012, retained J. Richard & Co., an independent compensation consulting firm, to collect and synthesize data from several sources as detailed below.

To benchmark our Officer cash bonuses and equity awards for performance in fiscal year 2013 and base salaries for fiscal year 2014, the Committee reviewed compensation information as reported in the definitive

proxies for fiscal year 2012 from the following public life sciences companies: Alexza Pharmaceuticals, Amicus Therapeutics, Anacor Pharmaceuticals, Anika Therapeutics, Corcept Therapeutics Inc., Depomed, Dyax, Geron, Inmed, Pain Therapeutics, Pozen, Savient, Sucampo, Sunesis, Trius Therapeutics and Zogenix (the Peer Companies). The Committee selected the Peer Companies as a relevant comparison group for us based on various criteria including similarity of business, employee headcount, market capitalization and revenue, and reviewed the proposed Peer Companies with Setren Smallberg & Associates, Inc. for appropriateness as a comparison group. Where such source did not provide sufficient information with respect to the bonus and equity compensation of certain officer positions, the Committee used compensation information from The Radford Global Life Sciences Survey (2013) (the 2013 Radford Survey) as a supplement. The Committee took into consideration the summarized compensation data from the Peer Companies along with the data from the 2013 Radford Survey when setting base salaries applicable for fiscal year 2014 and the cash bonuses and stock options awards to our Officers for performance in fiscal 2013.

Base Salary

It is the goal of the Committee to establish salary compensation for our Officers that is competitive with comparable peer companies. In setting Officer base salaries for fiscal year 2014 (which were set in January 2014), the Committee reviewed the salary compensation of officers with comparable qualifications, experience and responsibilities as reported in the 2013 Radford Survey and definitive proxies from the Peer Companies. It is not our policy to pay our CEO or other Officers at the highest level relative to their respective counterparts at the Peer Companies. The Committee generally targets compensation for our Officers at the 50th percentile of compensation paid to similarly situated executives at the Peer Companies. Variations to this objective may occur as dictated by the experience and performance level of the individual and market factors. We believe that this gives us the opportunity to attract and retain talented managerial employees both at the senior executive level and below, yet conserves our financial resources, to the benefit of our stockholders.

For fiscal year 2014, Officers received a 3% merit increase in base salary effective April 1, 2014. Further, to preserve cash and continue aligning the interests of the Company's officers with the interests of the Company's stockholders, four Officers volunteered to receive a reduction in the portion of their salary paid in cash ranging from approximately 4% to 33%. Consequently, effective April 1, 2014, a portion of what would have been their salary will be paid in cash and a portion of what would have been their salary will be paid in options. The total shares subject to these options were determined by using a standard Black-Scholes option-pricing model, and the vesting occurs on a quarterly basis over a year, subject to continued service. The total reduction in annualized cash base salary associated with these four officers was \$203,750, and the total number of associated options granted was 196,633.

For fiscal year 2013, Officers received a 3% merit increase in base salary effective April 1, 2013, with the exception of our CEO and CSO who received no increase in base salary. Further, to preserve cash and continue aligning the interests of the Company's officers with the interests of the Company's stockholders, six Officers volunteered to receive a reduction in the portion of their salary paid in cash ranging from approximately 5% to 33%. Consequently, effective February 1, 2013, a portion of what would have been their salary was paid in cash and a portion of what would have been their salary was paid in options. The total shares subject to these options were determined by using a standard Black-Scholes option-pricing model, and the vesting occurs on a quarterly basis over a year, subject to continued service. The total reduction in annualized cash base salary associated with these six officers was \$248,830, and the total number of associated options granted was 314,976.

Bonus (Non-Equity Incentive Plan Compensation)

The cash bonus element of our executive compensation is designed to reward our Officers for the achievement of shorter-term corporate goals, measurable on an annual basis, as well as, with certain exceptions noted below for the CEO and CSO, individual Officer performance. Our general process for determining the bonus element of our Officer compensation for fiscal years 2013 and 2014 performance is set forth below.

In setting the target bonus for which each Officer would be eligible for fiscal 2013 and 2014 performance, the Committee reviewed the data from the then-current peer companies (and the most recent available Radford Survey where applicable) with respect to the bonuses of officers with comparable qualifications, experience and responsibilities at companies in their recommended peer groups. Based on the foregoing, for performance in fiscal year 2013 and 2014, the Committee set the target bonus for the CEO and CSO at 60% of such individual's base salary, and for all other Officers at 30%–40% of such individual's base salary. The two factors used by the Committee to determine the percentage of the target amount to be awarded to any individual Officer other than the CEO and CSO are the individual performance of such Officer during the relevant fiscal year and the Company's performance as a whole against pre-set corporate objectives for such fiscal year (the "Corporate Objectives"). The Committee retains the discretion to adjust actual bonus payments based on other factors, as discussed below.

The Corporate Objectives for each fiscal year are typically established by the Committee in consultation with our Officers at the end of the previous fiscal year or no later than the first quarter of such fiscal year. The Corporate Objectives comprise product development, financial, business development and operational goals with varying degrees of difficulty and have associated target dates for accomplishment. Each objective is weighted based on the importance of the accomplishment of the objective to the Company's overall value. At the end of each fiscal year, the Committee makes a determination of the overall percentage of the Corporate Objectives accomplished by the Company as a whole during the fiscal year. The Committee exercises its reasonable discretion in determining the percentage of Corporate Objectives accomplished by the Company, including, for example, taking into account the achievement of any listed objective above expectations or the accomplishments of the Company that were not listed in the Corporate Objectives.

For fiscal year 2013, the Corporate Objectives against which Officer performance was evaluated consisted of, among others, the following goals.

Financial

The primary financial goal was to minimize overall corporate cash utilization such that net cash consumption did not exceed \$16 million.

Business Development

The primary business development goal was to achieve new revenue of \$5 million from new projects or newly activated existing partnered projects.

In addition, we had goals that included generating at least \$1 million in revenue from feasibility agreements with third parties, advancing one feasibility project into a development agreement, and completing a development/commercialization agreement for at least one current development-stage program.

Product Development

POSIDUR™: The primary goals related to achieving acceptance of the New Drug Application (NDA) submission by the FDA, providing responses to FDA queries promptly such that the PDUFA date was not impacted, and implementing steps toward commercialization that also would assist our business development efforts.

ORADUR® Programs: The primary goals related to continued support of our licensee Pfizer's efforts to prepare for resubmission of the NDA for REMOXY®, and achieving a formulation in our ORADUR-ADHD program that meets our target product profile in a Phase I study.

Relday : The primary goals related to assisting our licensee Zogenix in completing a successful Phase I study.

Edgar Filing: DURECT CORP - Form DEF 14A

After evaluating the Company's performance against the Corporate Objectives established for 2013, the Committee determined that the overall percentage of Corporate Objectives accomplished by the Company as a whole for fiscal year 2013 was 80%.

The Committee believes that the accomplishments of the Company as a whole are an important measure of the performance of all of our Officers, including the effectiveness of their leadership and teamwork. In particular, the percentage of the total eligible amount that is normally awarded to the CEO and CSO as a bonus is based entirely on the Company's overall performance and accomplishment of the Corporate Objectives because the Committee believes that the paramount duty of these individuals is leadership. Thus, the bonus awarded to the CEO and the CSO for fiscal year 2013 was computed by multiplying 80% (the percentage determined by the Committee based on Corporate Objectives accomplished and the Company's overall performance) by 60% of the CEO or CSO's base notional salary in fiscal year 2013 (the target bonus amount that such individual is eligible to receive as set by the Committee). For fiscal year 2013, the Committee applied a weighting of Corporate Objectives (from 80% to 90% or 95%, depending on the Officer) and applied a weighting of individual performance (from 20% to 10% or 5%, depending on the Officer) for Officers other than the CEO and CSO. Bonuses for fiscal year 2013 for the CEO and CSO continued to be based solely on Corporate Objectives.

The individual performance of each Officer, except for the CEO and CSO, is assessed as part of an annual written performance appraisal performed typically at the end of each fiscal year. At the end of each fiscal year or early in the following fiscal year, each Officer, together with his or her supervisor (e.g., the CEO or CSO), agrees upon a written set of objectives for the following fiscal year pertinent to the Officer individually (which includes goals for the functional area or business managed by such Officer). The supervisor also assesses the accomplishments of the Officer in such fiscal year against the applicable pre-established objectives for that Officer in such year, and arrives at a percentage of goals accomplished. For performance in fiscal year 2013, the bonus of each Officer other than the CEO or CSO was determined as follows:

$$\text{Bonus Amount} = (A\% * B\% + C\% * D\%) * E\% * \text{Base Salary}$$

A = the percentage (5%, 10% or 20%) of individual performance applicable to the Officer

B = the percentage of personal objectives accomplished by the Officer as determined by the Officer's supervisor

C = the percentage (80%, 90% or 95%) of weighting of Corporate Objectives

D = the percentage of Corporate Objectives accomplished and overall performance by the Company as determined by the Committee

E = the percentage (30%, 35% or 40%) of the base salary set as the maximum bonus target applicable to the Officer
Notwithstanding the general practice with respect to determination of Officer bonuses set forth above, the Committee retains complete discretion to adjust the result obtained using the general approach for individual variations in performance or business considerations.

With respect to bonuses for fiscal year 2013 performance, in order to preserve cash and to more closely align the interests of the Company's shareholders, management recommended and the Committee agreed that 25% of the bonus award would be paid in cash and 75% of the bonus award would be paid in options to employees relative to 2013 performance. The total shares subject to each bonus option were determined by using a standard Black-Scholes option-pricing model. Options to purchase 569,219 shares subject to the bonus options that fully vested upon grant were granted to our Officers in January 2014. In February 2014, the four Named Executive Officers voluntarily declined to receive cash bonuses totaling \$157,897 awarded by the Committee. In so doing, this represents the third consecutive year in which the four Named Executive Officers have received no cash bonus for performance in the preceding year, with fully vested options to purchase 759,544 shares having been granted to our Officers in February 2013 in respect of bonuses awarded by the Committee relative to fiscal year 2012 performance.

Equity Incentive Program

We intend that our equity incentive program is the primary vehicle for offering long-term incentives and rewarding our Officers and key employees. We also regard our equity incentive program as a key retention tool. This is a very important factor in our determination of the type of award to grant and the number of underlying shares that are granted in connection with that award. Because of the direct relationship between the value of an option and the market price of our common stock, we have always believed that granting stock options is the best method of motivating our Officers to manage the Company in a manner that is consistent with our interests and those of our stockholders. It is our typical practice to grant stock options to our Officers and all employees annually in connection with our annual employee performance appraisal.

At the same meeting(s) during which the Committee determines our Officer base salaries for the following fiscal year and bonuses for performance in the previous fiscal year, the Committee also determines the ranges of stock options for which our Officers are eligible by rank. The Committee sets these ranges after consideration of (a) the value of equity incentive awards of officers with comparable qualifications, experience and responsibilities at the then-current peer companies, (b) the dilution that would be created by the stock options awards for that fiscal year (the Burn Rate) and (c) the overall value of equity held by our employees as a retention incentive. The Committee's general philosophy is that the value of our equity incentive awards to our Officers should be competitive with the then-current peer companies subject to the Company maintaining a Burn Rate for its equity incentive programs that is not overly dilutive to our stockholders and comparable to other companies in the then-current peer group.

For our annual stock option grant in connection with the Company's fiscal year 2012 performance appraisal, the date of grant which was February 5, 2013, the Committee targeted a Burn Rate (computed as total shares subject to option grants to all employees including Officers for the entire fiscal year divided by total outstanding shares as of December 31, 2012) of approximately 2.5%. For our annual stock option grant in connection with the Company's fiscal year 2013 performance appraisal, the date of grant which was January 31, 2014, the Committee targeted a Burn Rate (computed as total shares subject to option grants to all employees including Officers for the entire fiscal year divided by total outstanding shares as of December 31, 2013) of approximately 1.6%.

The factors used by the Committee to determine the specific number of shares underlying any stock option grant to any individual Officer other than the CEO and the CSO are the individual performance of such Officer during the relevant fiscal year and the performance of the Company as a whole against the Corporate Objectives. As with bonuses, the specific number of shares underlying the stock option grants to our CEO and CSO is determined based on the performance of the Company as a whole against the Corporate Objectives.

In addition, our Board of Directors and Compensation Committee may grant equity compensation to our Officers and employees at any time for incentive and retention purposes in keeping with our non-cash equity compensation practices outlined below.

Perquisites

Except as otherwise described in this Proxy Statement, our Officers are entitled to no benefits that are not otherwise available to all of our employees. In this regard it should be noted that we do not provide pension arrangements (other than our 401(k) plan), post-retirement health coverage or similar benefits for our Officers or employees.

The perquisites we provided in fiscal 2013 were as follows. We provide life insurance to all employees (including Officers) with a limit of three times the employee's salary (up to \$250,000 of insurance per employee). The premium on over \$50,000 of life insurance is treated as taxable income and is reported on W-2 forms of all employees. In addition, we provide medical, dental and vision insurance, accidental death and

dismemberment insurance, short-term and long-term disability insurance to all employees. We pay for approximately 85% of the total premium for medical, dental and vision insurance, respectively, and 100% of the total premium for accidental death and dismemberment insurance, short-term and long-term disability insurance. Our Officers, as with our employees, are eligible to participate in our 2000 Employee Stock Purchase Plan.

Post-Employment Compensation

Pension Benefits

We do not provide pension arrangements or post-retirement health coverage for our executives or employees. Our executive officers, as with all eligible employees, are eligible to participate in our 401(k) plan. We do not provide matching contributions for any of our employees including our Officers.

Nonqualified Deferred Compensation

We do not provide any nonqualified deferred contribution or other deferred compensation plans.

Other Post-Employment Payments

All of our employees, including our Officers, are employees-at-will and as such do not have employment contracts with us. We also do not provide post-employment health coverage or other benefits, except in connection with the change of control agreements, details of which are included below under **Change of Control Agreements**.

Stock Option Practices

Overview

It is our practice to grant stock options to all of our employees. Stock options award levels are determined based on market data and vary among individuals based on their positions within the Company and their individual performance. Stock Options are generally granted in connection with:

the hiring of employees (including Officers);

the promotion of employees (including Officers);

the annual performance appraisal of employees (including Officers);

rewarding certain employees (including Officers) for exceptional accomplishments; and

from time to time for incentive and retention purposes.

We also, from time-to-time, and on an infrequent basis, grant stock options to certain consultants with specialized skills who provide important services to us. All of our stock options are granted under and pursuant to the terms of our 2000 Stock Plan (the **Plan**).

Authority

The Board has delegated the authority to grant stock options under specified terms and conditions to a committee consisting of our CEO, CSO and CFO (the **Officer Committee**) in connection with the hiring and promotion of non-Officer employees and the rewarding of non-Officer employees for exceptional performance. Other than as expressly delegated by the Committee or the Board in accordance with the Stock Plan, the authority to grant stock options and other equity compensation resides exclusively with the Committee or the Board. In particular, the Committee or the Board has the exclusive authority to grant stock options to Directors and Officers.

Timing of Grants

Options to newly hired Officers are approved by action of our Board or the Committee by meeting or unanimous written consent prior to and granted effective as of the first day of employment of such Officer, typically at the same time as the ratification of their employment. Options to newly hired employees who are not Officers and where the number of shares underlying the stock option grant does not exceed 50,000 shares are granted by unanimous written consent of the Officer Committee on the tenth business day of the subsequent calendar month of their hire, and the Officer Committee meets or acts by unanimous written consent on or before the tenth business day of the calendar month to approve the option grants to be made on the tenth business day of the calendar month.

Annual grants of stock options to our employees and Officers are made usually in January or February of each year after the conclusion of our annual Company-wide performance appraisal of all employees for the previous fiscal year. Even though the Committee may complete the evaluation of the performance of Officers prior to the completion of the performance appraisal process for the entire Company, it has been our practice in the last several years to grant the stock options to Officers simultaneously with the grant of stock options to our employees.

Other than as described above with respect to newly hired employees, it is our practice to grant stock options (such as in connection with promotions, rewarding exceptional accomplishments and grants to consultants) effective on the date of the Board, Committee or Officer Committee's action by meeting or unanimous written consent.

We do not have a policy that precludes the granting of stock options when the Company or the Board is in possession of material nonpublic information or at certain periods in relation to our earnings releases. Although the Committee has considered whether such a policy would be advisable, the Committee does not feel that adoption of such policy is warranted at present since we grant stock options based on timelines in the normal course of business independent of the occurrence of these types of events (e.g., at a pre-established date each month for newly hired employees, on the first date of employment for newly hired Officers or upon the completion of the Company's annual performance appraisal with respect to the annual grant). The Committee will periodically review the need for any such type of policy on timing, but at present, reserves the right to grant stock options at any time consistent with our policies, the Stock Plan and applicable laws and regulations.

Exercise Price and Other Terms

The exercise price for stock options we grant is the fair market value of our common stock as defined in the Stock Plan, which is the closing price on the day of the grant of our common stock on the NASDAQ Global Market. Stock options granted to our employees (including Officers) typically have a term of 10 years. Annual grants of stock options in 2013 and 2014 generally vest on a quarterly basis over four years following the date of grant. Options in lieu of cash bonus generally vest immediately on the date of grant. Options in lieu of salary generally vest quarterly over one (1) year following the date of grant. On an infrequent basis, the Board or the Committee has granted stock options to employees (including Officers) with different vesting patterns consistent with the Stock Plan. The term and vesting of options granted to consultants vary depending on the circumstances.

Stock options, subject to required vesting, are exercisable for the term of the option so long as the optionee maintains continuous status as an employee or consultant with the Company. Generally, we have granted options that provide that if an optionee's service to the Company as an employee, consultant or director terminates, such individual's vested options will remain exercisable for periods of between 60 days and a year, with special longer periods of two years for certain director options and for up to seven years for certain options granted in lieu of salary or director fees. The Administrator shall have the authority to extend the period of time for which an option is to remain exercisable following optionee's termination; provided that in no event will an option be exercisable later than the expiration of the term of the option.

Hedging and Stock Ownership Policies

Our insider trading policy provides that all employees and Officers may not engage in any transactions that suggest speculation in our stock (that is, an attempt to profit in short-term movements, either increases or decreases, in the stock price). The policy notes that many hedging transactions, such as collar transactions, contingent or forward sales, and other similar or related arrangements, are prohibited. Specifically, our insider trading policy precludes any employee or Officer from engaging in any short sale, sale against the box or any equivalent transaction involving our stock (or the stock of any of our business partners in any of the situations described above).

We do not have a stock ownership policy.

Most Recent Advisory Vote on Executive Compensation

The Committee noted that at the 2013 Annual Meeting held on June 25, 2013, the Company's executive compensation was approved on a non-binding, advisory basis based upon the following votes:

For	Against	Abstain	Broker Non-Vote
54,721,026	834,573	200,671	33,886,369

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid during a single year to a corporation's chief executive officer and four other most highly paid executive officers. Qualifying performance-based compensation will not be subject to the deduction limitation if certain requirements are met. We periodically review the potential consequences of Section 162(m) and may structure the performance-based portion of our executive compensation with the intent to comply with certain exemptions available under Section 162(m). However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interests of the stockholders, after taking into consideration changing business conditions or the officer's performance.

Accounting for Stock-Based Compensation

Stock-based compensation is estimated at the date of grant based on the stock award's fair value using the Black-Scholes option-pricing model and is recognized as expense ratably over the requisite period in a manner similar to other forms of compensation paid to employees and directors. Our financial statements include more information regarding accounting for stock-based compensation.

In 2013, 2012, and 2011, we did not grant any stock awards and we do not currently offer pension or nonqualified deferred compensation plans.

Cash bonuses were awarded in the first quarter of 2014 relative to 2013 performance to James E. Brown (\$60,095), Matthew J. Hogan (\$26,301), Felix Theeuwes (\$44,786), and Su Il Yum (\$26,715); subsequently, these cash bonuses were voluntarily declined by the Named Executive Officers. - (5) Dr. Brown's notional salary for fiscal year 2014 increased by 3% to \$515,814 effective April 1, 2014 compared to \$500,791 effective April 1, 2013. There was no change to Dr. Brown's notional salary for fiscal year 2013 compared to fiscal years 2012 and 2011 (i.e., \$500,791). However, to more closely align the interests of the Company's named executive officers with the interests of the Company's stockholders, Dr. Brown volunteered to receive a reduced portion of his salary in cash and accordingly his cash salary was reduced by \$50,000 to \$465,814 effective April 1, 2014 and by \$50,079 to \$450,712 effective February 1, 2012. In lieu of this cash compensation, he was granted a stock option to purchase 48,077, 63,391 and 96,306 shares of the Company's common stock in March 2014, February 2013 and 2012, respectively. The

- vesting associated with the option is as follows: one-fourth (1/4) of the total shares subject to the option shall vest quarterly over one (1) year following the date of grant, subject to continued service. In the event of Dr. Brown's termination of service with the Company for a reason other than Cause, the post-termination exercise period for the options shall be seven (7) years, subject to the ten (10) year term of the option. In February 2014, Dr. Brown voluntarily declined a cash bonus of \$60,095 for his performance in fiscal year 2013.
- (6) Mr. Hogan's notional salary for fiscal year 2014 increased by 3% to \$334,966 effective April 1, 2014 compared to \$325,210 effective April 1, 2013. There was no change to Mr. Hogan's notional salary for fiscal year 2012 as compared to fiscal year 2011 (i.e., \$315,738). However, to more closely align the interests of the Company's named executive officers with the interests of the Company's stockholders, Mr. Hogan volunteered to receive a reduced portion of his salary in cash and accordingly his cash salary was reduced by \$16,750 to \$318,216 effective April 1, 2014 and by \$15,787 to \$309,423 and \$299,951 effective April 1, 2013 and February 1, 2012, respectively. The vesting associated with the option is as follows: one-fourth (1/4) of the total shares subject to the option shall vest quarterly over one (1) year following the date of grant, subject to continued service. In the event of Mr. Hogan's termination of service with the Company for a reason other than Cause, the post-termination exercise period for the options shall be seven (7) years, subject to the ten (10) year term of the option. In February 2014, Mr. Hogan voluntarily declined a cash bonus of \$26,301 for his performance in fiscal year 2013.
- (7) Dr. Theeuwes' notional salary for fiscal year 2014 increased by 3% to \$384,417 effective April 1, 2014 compared to \$373,221 effective April 1, 2013. There was no change to Dr. Theeuwes' notional salary for fiscal year 2013 as compared to fiscal year 2012 (i.e., \$373,221). Dr. Theeuwes' notional salary for fiscal years 2012 represented an approximately 25% decrease as compared to his salary for fiscal year 2011. This decrease reflected a transition to 75% time for fiscal year 2012, effective February 1, 2012. In addition, in order to preserve cash and to more closely align the interests of the Company's named executive officers with the interests of the Company's shareholders, Dr. Theeuwes volunteered to receive a reduction by \$125,000 in the portion of his salary to be paid in cash to \$259,417 and \$248,221 effective April 1, 2014 and February 1, 2012, respectively. In the event of Dr. Theeuwes' termination of service with the Company for a reason other than Cause, the post-termination exercise period for the options shall be seven (7) years, subject to the ten (10) year term of the option. In February 2014, Dr. Theeuwes voluntarily declined a cash bonus of \$44,786 for his performance in fiscal year 2013.
- (8) Dr. Yum's notional salary for fiscal year 2014 increased by 3% to \$342,881 effective April 1, 2014 compared to \$332,894 effective April 1, 2013. There was no change to Dr. Yum's notional salary for fiscal year 2012 compared to fiscal year 2011 (i.e., \$323,198). However, to more closely align the interests of the Company's named executive officers with the interests of the Company's stockholders, Dr. Yum volunteered to receive a reduced portion of his salary in cash and accordingly his cash salary was reduced by \$32,320 to \$300,574 and \$290,878 effective April 1, 2013 and February 1, 2012, respectively. In lieu of this cash compensation, he was granted a stock option to purchase 40,911 and 62,153 shares of the Company's common stock in February 2013 and 2012, respectively. The vesting associated with these options is as follows: one-fourth (1/4) of the total shares subject to the option shall vest quarterly over one (1) year following the date of grant, subject to continued service. In the event of Dr. Yum's termination of service with the Company for a reason other than Cause, the post-termination exercise period for the options shall be seven (7) years, subject to the ten (10) year term of the option. CHANGE OF CONTROL AGREEMENTS

In April 2004, our Board of Directors adopted a change of control policy applicable to our officers who hold the rank of Vice President and above (who are not party to any other change of control agreement with us) which provides that, in the event that such officer's employment is terminated without cause or constructively terminated, in connection with and prior to a change in our control, or within twenty-four months following a change in our control, then: (1) the unvested portion of any stock option held by such officer shall automatically accelerate so as to become completely vested as of the effective date of the termination, and (2) such officer shall receive a cash payment equal to one year of such officer's then current salary, provided that such cash payment will be equal to two years of such officer's then current salary in the case of James E. Brown or Felix Theeuwes. Any such benefits are conditioned upon such officer delivering to us an effective release releasing us or our successor from any and all claims the officer may have against such entities related to or arising in connection with his or her employment, term of such employment and termination thereof, and the officer agreeing, for the period during which she or he is receiving or has received payment of cash severance (but not exceeding two years), he or she will not, directly or indirectly, act as a partner, joint venturer, consultant, officer, director, employee, agent, independent contractor or stockholder of any company or business organization (including any unit or division of any company or organization) whose business is the development and marketing of products and services that are directly competitive with the products and services being developed and marketed by us immediately prior to our change of control. In September 2008, we amended the policy for compliance with Section 409A of the Code such that any such cash payment shall be payable in equal installments over the twelve month period, subject to a six month delay as required to avoid adverse tax consequences to specified employees under Code Section 409A. In December 2013, we further amended the policy to conform with Code Section 409A and other legal requirements.

In April 2004, our Board of Directors adopted a change of control policy applicable to all employees other than officers who hold the rank of Vice President and above which provides that, in the event that such employee's employment is terminated without cause or constructively terminated, in connection with and prior to a change in our control, or within twenty-four months following a change in our control, then: (1) the unvested portion of any stock option held by such employee shall automatically accelerate so as to become completely vested as of the effective date of the termination, and (2) such employee shall receive a payment of 2 weeks of such employee's then current salary for each full year of employment with us (taking into consideration the period of employment by the surviving entity as employment with us), up to a maximum total severance payment equal to 12 months of such employee's then current salary. Had a change in control occurred during fiscal 2013 and had their employment been terminated on December 31, 2013, our Named Executive Officers would have been eligible to receive the payments set forth in the columns under the heading "Terminations Within 24 Months of a Change in Control" in the table below.

Terminations Within 24 Months of a Change in Control

Name	Severance Payments	Value of Accelerated Unvested Options (1)
James E. Brown	\$ 1,001,582	\$ 132,635
Matthew J. Hogan	\$ 325,210	\$ 107,296
Felix Theeuwes	\$ 746,442	\$ 144,963
Su Il Yum	\$ 332,894	\$ 109,022

- (1) The value of accelerated vesting of the options is based solely on the excess, if any, of \$1.73 per share, the closing market price on December 31, 2013, over the exercise price of the unvested portion (as of December 31, 2013) of our Named Executive Officers' stock options. Because many of our stock options have exercise prices higher than our current stock price, if our stock value was higher at the time of any actual termination of employment, additional stock options could have considerable value.

DIRECTOR COMPENSATION**Overview of Compensation and Procedures**

The Compensation Committee reviews the level of compensation of our non-employee directors on an annual basis. To determine how appropriate the current level of compensation for our non-employee directors is, we have historically obtained data from a number of different sources including:

publicly available data describing director compensation in peer companies;

survey data collected by our human resources department; and

information obtained directly from other companies.

In 2009 and 2012, the Compensation Committee retained J. Richard & Co., an independent compensation consultant, to analyze director compensation programs used by public life sciences companies comparable to us. Based upon J. Richard & Co.'s analysis and input, the Compensation Committee determined that our director compensation was below that provided by companies comparable to us. As a result of these findings, and in an effort to ensure our ability to attract and retain qualified directors, we changed our non-employee director compensation structure in December 2009, in April 2013 and in September 2013. In 2013, the Compensation Committee retained Setren Smallberg and Associates, Inc., an independent compensation consulting firm, to analyze the director compensation programs. As a result of that review, we increased the number of options granted to non-employee directors when they first become a director (from 35,000 shares to 70,000). All other board compensation practices remained unchanged.

We compensate non-employee members of the board through a mixture of cash and equity-based compensation. Effective December 2009, each non-employee director is eligible to receive an attendance fee of \$1,500 for each Board meeting attended and \$500 for each telephonic Board meeting, and a cash retainer fee equal to \$30,000 per year (increased in December 2009 from \$25,000 per year) paid on a quarterly basis in arrears. In addition, for each Board committee on which a non-employee director serves, he or she shall be eligible to receive an attendance fee of \$1,000 for each committee meeting attended and a cash retainer fee equal to \$8,000, \$6,000 and \$5,000 per year for serving on the Audit Committee, Compensation Committee, and Nominating and Corporate Governance Committee respectively (as compared to \$7,500, \$5,000 and \$5,000 per year respectively for 2009) paid on a quarterly basis in arrears; provided that the cash retainer to be received by the chairperson of the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee is \$22,500, \$15,000 per year and \$12,000 per year, respectively, each paid on a quarterly basis in arrears.

In February 2013, to preserve cash and more closely align the interests of the Company's directors with the interests of the Company's stockholders, the non-employee directors agreed to receive a portion of their retainers in stock options. The total shares subject to each option in lieu of cash retainer was determined by using a standard Black-Scholes option-pricing model. The exercise price per share of the options was \$1.21, the closing price of the Company's common stock on the NASDAQ Global Market on the date of grant. The vesting associated with the options is as follows: one-fourth (1/4) of the total shares subject to the option shall vest quarterly over one (1) year following the date of grant, subject to continued service. In the event of the optionee's termination of service with the Company for a reason other than Cause, the post-termination exercise period for the options shall be seven (7) years, subject to the ten (10) year term of the option.

Armand P. Neukermans, Ph.D.	\$ 15,000	18,987
Jon S. Saxe	\$ 15,000	18,987

In March 2014, to preserve cash and more closely align the interests of the Company's directors with the interests of the Company's stockholders, the non-employee directors also agreed to receive a portion of their retainers in stock options. The total shares subject to each option in lieu of cash retainer was determined by using a standard Black-Scholes option-pricing model. The exercise price per share of the options was \$1.36, the closing price of the Company's common stock on the NASDAQ Global Market on the date of grant. The vesting associated with the options is as follows: one-fourth (1/4) of the total shares subject to the option shall vest quarterly over one (1) year following the date of grant, subject to continued service. In the event of the optionee's termination of service with the Company for a reason other than Cause, the post-termination exercise period for the options shall be seven (7) years, subject to the ten (10) year term of the option.

All of our current non-employee directors receive stock option grants as part of their compensation for their service. When each non-employee director first becomes a director, he or she receives nonstatutory options to purchase shares of our common stock, which by approval of the Board of Directors was increased by 5,000 shares to a total of 35,000 shares in December 2009 and was increased again by 35,000 shares to a total of 70,000 shares in September 2013 as a result of the review by our independent compensation consultant. These options have a ten-year term and become exercisable in installments of one-third of the total number of shares granted on each anniversary of the grant. Additionally, each director who has served for at least 6 months will receive options to purchase an additional 20,000 shares of our common stock on the date of the annual stockholder meeting (Annual Grant), which by approval of the Board of Directors was increased by 5,000 shares to a total of 25,000 shares in December 2009 and was increased again by 10,000 shares to a total of 35,000 shares in April 2013, and such Annual Grant vests on the day before the first anniversary of the date of grant of the Annual Grant. These options are for a ten-year term. In each case, the size of the option grants would be adjusted to reflect any stock splits, stock dividends, combinations or similar transactions. The exercise price of the options granted under our Directors' Plan must be at least 100% of the closing price of our common stock on the NASDAQ Global Market on the date the option is granted. Options granted on or after June 24, 2013 may be exercised only (1) while the individual is serving as a director on the Board, (2) within 12 months after termination by death or disability or (3) within 24 months after the individual's term as director ends for any other reason. Stock options to directors had been granted under our Directors' Plan until the expiration of the plan in September 2010, after which stock options to directors have been granted under our 2000 Stock Plan.

Employee directors receive no additional compensation for serving on our Board of Directors.

The following table sets forth certain information regarding the compensation of each non-employee member of our Board of Directors for the fiscal year ended December 31, 2013.

As required by NASDAQ rules, the Audit Committee of the DURECT Corporation Board of Directors is composed of three independent directors. The committee operates under a written charter adopted by the Board of Directors in March 2000 and last revised in June 2013.

The Audit Committee recommends to the Board of Directors, subject to stockholder ratification, the selection of an accounting firm to be engaged as the Company's independent registered public accounting firm. The independent registered public accounting firm is responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and to issue a report thereon. Management is responsible for our internal controls and the financial reporting process. The Audit Committee is responsible for monitoring and overseeing these processes.

The Audit Committee held four meetings during the fiscal year 2013. Management represented to the Audit Committee that our financial statements were prepared in accordance with U.S. generally accepted accounting principles. In 2014, the Audit Committee met and reviewed and discussed the audited financial statements for fiscal year 2013 with management and the Company's independent registered public accounting firm.

The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Public Company Accounting Oversight Board Audit Standard No. 16, Communications with Audit Committees.

The Audit Committee has received and reviewed the written disclosures and the letter from the independent registered public accounting firm, Ernst & Young LLP as required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence. Additionally, the Audit Committee has discussed with Ernst & Young LLP the issue of its independence from DURECT Corporation.

Based on its review of the audited financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, our executive officers and persons who own more than 10% of our common stock (collectively, Reporting Persons) to file initial reports of ownership and changes in ownership of our common stock. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Based upon our review of the reporting forms we received and written representations from certain persons that no other reports were required to be filed by those persons, we believe that all filing requirements applicable to our officers, directors and 10% stockholders were complied with for fiscal year 2013.

- (c) **Committee Composition.** If a Committee has been appointed pursuant to this Section 4, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board. From time to time the Board may increase the size of any Committee and appoint additional members thereof, remove members (with or without cause) and appoint new members in substitution therefor, fill vacancies (however caused) and remove all members of a Committee and thereafter directly administer the Plan, all to the extent permitted by the Applicable Laws and, in the case of a Committee administering the Plan pursuant to Section 4(b) above, to the extent permitted or required by Rule 16b-3 and Section 162(m) of the Code.
- (d) **Powers of the Administrator.** Subject to the provisions of the Plan and in the case of a Committee, the specific duties delegated by the Board to such Committee, and subject to the approval of any relevant authorities, including the approval, if required, of any Stock Exchange, the Administrator shall have the authority, in its discretion:

 - (ii) to select the Consultants and Employees to whom Options, Stock Awards and Cash Awards or any combination thereof may from time to time be granted hereunder;
 - (iii) to determine whether and to what extent Options, Stock Awards and Cash Awards or any combination thereof are granted hereunder;
 - (iv) to determine the number of shares of Common Stock to be covered by each such Award granted hereunder;
 - (v) to approve forms of agreement for use under the Plan;

Edgar Filing: DURECT CORP - Form DEF 14A

- (vi) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder. Such terms and conditions include, but are not limited to, the

exercise and/or purchase price (if applicable), the time or times when an Award may be exercised (which may or may not be based on performance criteria), the vesting schedule, any vesting and/or exercisability acceleration or waiver of forfeiture restrictions, the acceptable forms of consideration, the term, and any restriction or limitation regarding any Award or the Shares relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine and may be established at the time an Award is granted or thereafter;

- (vii) to determine the terms and restrictions applicable to Stock Awards and the Restricted Stock purchased by exercising such Stock Awards; and
- (viii) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan;
- (ix) in order to fulfill the purposes of the Plan and without amending the Plan, to modify grants of Options, Stock Awards and Cash Awards to participants who are foreign nationals or employed outside of the United States in order to recognize differences in local law, tax policies or customs;
- (x) to allow Participants to satisfy withholding tax amounts by electing to have the Company withhold from the Shares to be issued upon exercise of a Nonstatutory Stock Option or vesting of a Stock Award that number of Shares having a Fair Market Value equal to the amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined in such manner and on such date that the Administrator shall determine or, in the absence of provision otherwise, on the date that the amount of tax to be withheld is to be determined. All elections by a Participant to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may provide;
- (xi) to correct administrative errors;
- (xii) to modify or amend each Award, including, but not limited to, the acceleration of vesting and/or exercisability, provided, however, that any such amendment is subject to Section 20 of the Plan and except as set forth in that Section, may not impair any outstanding Award unless agreed to in writing by the Participant;
- (xiii) to authorize conversion or substitution under the Plan of any or all options, stock appreciation rights or stock awards held by service providers of an entity acquired by the Company (the **Conversion Awards**). Any conversion or substitution shall be effective as of the close of the merger, acquisition or other transaction. The Conversion Awards may be Nonstatutory

Stock Options or Incentive Stock Options, as determined by the Administrator, with respect to options granted by the acquired entity; provided, however, that with respect to the conversion of stock appreciation rights in the acquired entity, the Conversion Awards shall be Nonstatutory Stock Options. Unless otherwise determined by the Administrator at the time of conversion or substitution, all Conversion Awards shall have the same terms and conditions as Awards generally granted by the Company under the Plan;

- (xiv) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;
- (xv) to impose such restrictions, conditions or limitations as it determines appropriate as to the timing and manner of any resales by a Participant or other subsequent transfers by the Participant of any Shares issued as a result of or under an Award, including without limitation, (A) restrictions under an insider trading policy and (B) restrictions as to the use of a specified brokerage firm for such resales or other transfers;

Edgar Filing: DURECT CORP - Form DEF 14A

- (xvi) to provide, either at the time an Award is granted or by subsequent action, that an Award shall contain as a term thereof, a right, either in tandem with the other rights under the Award or as an alternative thereto, of the Participant to receive, without payment to the Company, a number of Shares, cash or a combination thereof, the amount of which is determined by reference to the value of the Award; and

(xvii) to make all other determinations deemed necessary or advisable for administering the Plan and any Award granted hereunder.

(e) **Effect of Administrator's Decision.** All decisions, determinations and interpretations of the Administrator shall be final and binding on all holders of Options, Stock Awards or Cash Awards.

5. **Eligibility.**

(a) **Recipients of Grants.** Nonstatutory Stock Options, Stock Awards and Cash Awards may be granted to Employees and Consultants. Incentive Stock Options may be granted only to Employees. An Employee or Consultant who has been granted an Option, Stock Award or Cash Award may, if he or she is otherwise eligible, be granted additional Options, Stock Awards or Cash Awards.

(b) **Type of Option.** Each Option shall be designated in the Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designations, to the extent that the aggregate Fair Market Value of Shares with respect to which Options designated as Incentive Stock Options are exercisable for the first time by any Optionee during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 5(b), Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares subject to an Incentive Stock Option shall be determined as of the date of the grant of such Option.

(c) **Employment Relationship.** The Plan shall not confer upon the holder of any Option or Stock Award any right with respect to continuation of employment or consulting relationship with the Company, nor shall it interfere in any way with such holder's right or the Company's right to terminate his or her employment or consulting relationship at any time, with or without cause.

6. **Term of Plan.** The Plan became effective upon its initial approval by the stockholders of the Company in March 2000 and was amended and restated effective as of the Restatement Effective Date. It shall continue in effect for a term of ten (10) years from the Restatement Effective Date unless sooner terminated under Section 20 of the Plan.

7. **Term of Option.** The term of each Option shall be the term stated in the Option Agreement; provided, however, that the term shall be no more than ten years from the date of grant thereof or such shorter term as may be provided in the Option Agreement and provided further that, in the case of an Incentive Stock Option granted to an Optionee who, at the time the Option is granted, owns stock representing more than 10% of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Option shall be five years from the date of grant thereof or such shorter term as may be provided in the Option Agreement.

8. **Limitation on Grants to Employees.** Subject to adjustment as provided in Section 17 below, the maximum number of Shares which may be subject to Options and Stock Awards granted to any one Employee under this Plan for any fiscal year of the Company shall be 1,500,000 Shares.

9. **Option Exercise Price and Consideration.**

(a) **Exercise Price.** The per share exercise price for the Shares to be issued pursuant to exercise of an Option shall be such price as is determined by the Board and set forth in the applicable agreement, but shall be subject to the following:

(i) In the case of an Incentive Stock Option that is:

- (A) granted to an Employee who, at the time of the grant of such Incentive Stock Option, is a Ten Percent Holder, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant.

(B) granted to any other Employee, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Nonstatutory Stock Option, the per Share exercise price shall be no less than 100% of the Fair Market Value per Share on the date of grant; or

(iii) Notwithstanding the foregoing, Options may be granted with a per Share exercise price other than as required above pursuant to a merger or other corporate transaction.

(b) **No Option Repricings, Exchanges or Buyouts.** Other than in connection with a change in the Company's capitalization, merger or certain other transactions (as described in Section 17 of the Plan), the following actions will be subject to stockholder approval: (i) the reduction of the exercise price of any Option granted under the Plan or (ii) the cancellation of an Option at a time when its exercise price exceeds the Fair Market Value of the underlying Shares, in exchange for another Option, Stock Appreciation Right or other Award or for a cash payment. Notwithstanding the foregoing, canceling an Option in exchange for another Option, Stock Appreciation Right or other Award with an exercise price, purchase price or base appreciation amount that is equal to or greater than the exercise price of the original Option shall not be subject to stockholder approval.

(c) **Permissible Consideration.** The consideration to be paid for the Shares to be issued upon exercise of an Option, including the method of payment, shall be determined by the Administrator (and, in the case of an Incentive Stock Option, shall be determined at the time of grant) and may consist entirely of (1) cash, (2) check, (3) promissory note (subject to the provisions of Section 153 of the Delaware General Corporation Law), (4) other Shares that (x) in the case of Shares acquired upon exercise of an Option, have been owned by the Optionee for more than six months on the date of surrender or such other period as may be required to avoid a charge to the Company's earnings, and (y) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which such Option shall be exercised, (5) authorization for the Company to retain from the total number of Shares as to which the Option is exercised that number of Shares having a Fair Market Value on the date of exercise equal to the exercise price for the total number of Shares as to which

the Option is exercised, (6) delivery of a properly executed exercise notice together with such other documentation as the Administrator and the broker, if applicable, shall require to effect an exercise of the Option and delivery to the Company of the sale or loan proceeds required to pay the exercise price and any applicable income or employment taxes, (7) any combination of the foregoing methods of payment, or (8) such other consideration and method of payment for the issuance of Shares to the extent permitted under the Applicable Laws. In making its determination as to the type of consideration to accept, the Administrator shall consider if acceptance of such consideration may be reasonably expected to benefit the Company.

10. **Exercise of Option.**

(a) **Procedure for Exercise: Rights as a Stockholder.** Any Option granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator, including performance criteria with respect to the Company and/or the Optionee, and as shall be permissible under the terms of the Plan. The Administrator shall have the discretion to determine whether and to what extent the vesting of Options shall be tolled during any unpaid leave of absence; provided, however, that in the absence of such determination, vesting of Options shall be tolled during any leave that is not a leave required to be provided to the Optionee under Applicable Law. In the event of military leave, vesting shall toll during any unpaid portion of such leave, provided that, upon an Optionee's returning from military leave (under conditions that would entitle him or her to protection upon such return under the Uniform Services Employment and Reemployment Rights Act), he or she shall be given vesting credit with respect to Options to the same extent as would have applied had the Optionee continued to provide services to the Company throughout the leave on the same terms as he or she was providing services immediately prior to such leave.

An Option may not be exercised for a fraction of a Share.

An Option shall be deemed to be exercised when written (including electronic) notice of such exercise has been given to the Company in accordance with the terms of the Option by the person entitled to exercise the Option and the Company has received full payment for the Shares with respect to which the Option is exercised. Full payment may, as authorized by the Board, consist of any consideration and method of payment allowable under Section 9(c) of the Plan. Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such stock certificate promptly upon exercise of the Option. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 17 of the Plan.

Exercise of an Option in any manner shall result in a decrease in the number of Shares that thereafter may be available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

- (b) **Termination of Employment or Consulting Relationship.** Subject to Section 10(c) below, in the event of termination of an Optionee's Continuous Status as an Employee or Consultant with the Company, such Optionee may, but only within three months (or such other period of time not less than 30 days as is determined by the Administrator, with such determination in the case of an Incentive Stock Option being made at the time of grant of the Option and not exceeding three months) after the date of such termination (but in no event later than the expiration date of the term of such Option as set forth in the Option Agreement), exercise his or her Option to the extent that the Optionee was entitled to exercise it at the date of such termination. To the extent that the Optionee was not entitled to exercise the Option at the date of such termination, or if the Optionee does not exercise such Option to the extent so entitled within the time specified herein, the Option shall terminate. No termination shall be deemed to occur and this Section 10(b) shall not apply if (i) the Optionee is a Consultant who becomes an Employee, or (ii) the Optionee is an Employee who becomes a Consultant.

(c) **Disability of Optionee.**

- (i) Notwithstanding Section 10(b) above, in the event of termination of an Optionee's Continuous Status as an Employee or Consultant as a result of his or her total and permanent disability (within the meaning of Section 22(e)(3) of the Code), such Optionee may, but only within twelve months from the date of such termination (but in no event later than the expiration date of the term of such Option as set forth in the Option Agreement), exercise the Option to the extent otherwise entitled to exercise it at the date of such termination. To the extent that the Optionee was not entitled to exercise the Option at the date of termination, or if the Optionee does not exercise such Option to the extent so entitled within the time specified herein, the Option shall terminate.
- (ii) In the event of termination of an Optionee's Continuous Status as an Employee or Consultant as a result of a disability which does not fall within the meaning of total and permanent disability (as set forth in Section 22(e)(3) of the Code), such Optionee may, but only within six months from the date of such termination (but in no event later than the expiration date of the term of such Option as set forth in the Option Agreement), exercise the Option to the extent otherwise entitled to exercise it at the date of such termination. However, to the extent that such Optionee fails to exercise an Option which is an Incentive Stock Option (**ISO**) (within the meaning of Section 422 of the Code) within three months of the date of such termination, the Option will not qualify for ISO treatment under the Code. To the extent that

the Optionee was not entitled to exercise the Option at the date of termination, or if the Optionee does not exercise such Option to the extent so entitled within six months from the date of termination, the Option shall terminate.

- (d) **Death of Optionee.** In the event of the death of an Optionee during the period of Continuous Status as an Employee or Consultant since the date of grant of the Option, or within 30 days following termination of the Optionee's Continuous Status as an Employee or Consultant, the Option may be exercised, at any time within six months following the date of death (but in no event later than the expiration date of the term of such Option as set forth in the Option Agreement), by such Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent of the right to exercise that had accrued at the date of death or, if earlier, the date of termination of the Optionee's Continuous Status as an Employee or Consultant. To the extent that the Optionee was not entitled to exercise the Option at the date of death or termination, as the case may be, or if the Optionee does not exercise such Option to the extent so entitled within the time specified herein, the Option shall terminate.
 - (e) **Extension of Exercise Period.** The Administrator shall have full power and authority to extend the period of time for which an Option is to remain exercisable following termination of an Optionee's Continuous Status as an Employee or Consultant from the periods set forth in Sections 10(b), 10(c) and 10(d) above or in the Option Agreement to such greater time as the Board shall deem appropriate, provided that in no event shall such Option be exercisable later than the date of expiration of the term of such Option as set forth in the Option Agreement.
 - (f) **Rule 16b-3.** Options granted to Reporting Persons shall comply with Rule 16b-3 and shall contain such additional conditions or restrictions as may be required thereunder to qualify for the maximum exemption for Plan transactions.
11. **Stock Grants and Stock Unit Awards.** Each Stock Award Agreement reflecting the issuance of a Stock Grant or Stock Unit shall be in such form and shall contain such terms and conditions as the Administrator shall deem appropriate. The terms and conditions of such agreements may change from time to time, and the terms and conditions of separate agreements need not be identical, but each such agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:
- (a) **Consideration.** A Stock Grant or Stock Unit may be awarded in consideration for such property or services as is permitted under Applicable Law, including for past services actually rendered to the Company or a Subsidiary for its benefit.
 - (b) **Vesting.** Shares of Common Stock awarded under an agreement reflecting a Stock Grant and a Stock Unit award may, but need not, be subject to a share repurchase option, forfeiture restriction or other conditions in favor of the Company in accordance with a vesting or lapse schedule to be determined by the Administrator.
 - (c) **Termination of Participant's Continuous Service.** In the event a Participant's Continuous Service terminates, the Company may reacquire any or all of the Shares held by the Participant which have not vested or which are otherwise subject to forfeiture or other conditions as of the date of termination under the terms of the agreement.
 - (d) **Transferability.** Rights to acquire Shares under a Stock Grant or a Stock Unit agreement shall be transferable by the Participant only by will or by the laws of descent and distribution.
12. **Stock Purchase Rights.**
- (a) **Rights to Purchase.** Stock Purchase Rights may be issued either alone, in addition to, or in tandem with other awards granted under the Plan and/or cash awards made outside of the Plan. After the Administrator determines that it will offer Stock Purchase Rights under the Plan, it shall advise the

offeree in writing of the terms, conditions and restrictions related to the offer, including the number of Shares that such person shall be entitled to purchase, the price to be paid, and the time within which such person must accept such offer, which shall in no event exceed 30 days from the date upon which the Administrator made the determination to grant the Stock Purchase Right. The purchase price of Shares subject to Stock Purchase Rights shall be as determined by the Administrator. The offer to purchase Shares subject to Stock Purchase Rights shall be accepted by execution of a Stock Award Agreement in the form determined by the Administrator.

- (b) **Repurchase Option.** Unless the Administrator determines otherwise, the Stock Award Agreement shall grant the Company a repurchase option exercisable upon the voluntary or involuntary termination of the purchaser's employment with the Company for any reason (including death or disability). The purchase price for Shares repurchased pursuant to the Restricted Stock Award Agreement shall be the original purchase price paid by the purchaser and may be paid by cancellation of any indebtedness of the purchaser to the Company. The repurchase option shall lapse at such rate as the Administrator may determine.
- (c) **Other Provisions.** The Restricted Stock Purchase Agreement shall contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Administrator in its sole discretion. In addition, the provisions of Restricted Stock Purchase Agreements need not be the same with respect to each purchaser.
- (d) **Rights as a Stockholder.** Once the Stock Purchase Right is exercised, the purchaser shall have the rights equivalent to those of a stockholder, and shall be a stockholder when his or her purchase is entered upon the records of the duly authorized transfer agent of the Company. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Stock Purchase Right is exercised, except as provided in Section 17 of the Plan.

13. **Stock Appreciation Rights.**

- (a) **General.** Stock Appreciation Rights may be granted either alone, in addition to, or in tandem with other Awards granted under the Plan. The Administrator may grant Stock Appreciation Rights to eligible Participants subject to terms and conditions not inconsistent with this Plan and determined by the Administrator. The specific terms and conditions applicable to the Participant shall be provided for in the Stock Award Agreement. Stock Appreciation Rights shall be exercisable, in whole or in part, at such times as the Administrator shall specify in the Stock Award Agreement.
- (b) **Exercise of Stock Appreciation Right.** Upon the exercise of a Stock Appreciation Right, in whole or in part, the Participant shall be entitled to a payment in an amount equal to the excess of the Fair Market Value on the date of exercise of a fixed number of Shares covered by the exercised portion of the Stock Appreciation Right, over the base appreciation amount of the Shares pursuant to the Stock Appreciation Right. The amount due to the Participant upon the exercise of a Stock Appreciation Right shall be paid in such form of consideration as determined by the Administrator and may be in cash, Shares or a combination thereof, over the period or periods, in each case as specified in the Stock Award Agreement. A Stock Award Agreement may place limits on the amount that may be paid over any specified period or periods upon the exercise of a Stock Appreciation Right, on an aggregate basis or as to any Participant. A Stock Appreciation Right shall be considered exercised when the Company receives written notice of exercise in accordance with the terms of the Stock Award Agreement from the person entitled to exercise the Stock Appreciation Right.
- (c) **Nonassignability of Stock Appreciation Rights.** Except as determined by the Board, no Stock Appreciation Right shall be assignable or otherwise transferable by the Participant except by will or by the laws of descent and distribution.

- (d) **Base Appreciation Amount and Term of Stock Appreciation Right.** Notwithstanding anything herein to the contrary, the price used to determine the amount payable to a Participant (in accordance with Section 13(b) above) upon exercise of any Stock Appreciation Right granted under the Plan (referred to in the Plan as the base appreciation amount) shall be no less than 100% of the Fair Market Value per Share on the date of grant; provided, however, that Stock Appreciation Rights may be granted with a base appreciation amount other than as required above pursuant to a merger or other corporate transaction. The term of each Stock Appreciation Right shall be the term stated in the Stock Award Agreement; provided, however, that the term shall be no more than ten years from the date of grant thereof or such shorter term as may be provided in the Stock Award Agreement.
- (e) **No Repricings, Exchanges or Buyouts.** Other than in connection with a change in the Company's capitalization, merger or certain other transactions (as described in Section 17 of the Plan), the following actions will be subject to stockholder approval: (i) the reduction of the base appreciation amount of any Stock Appreciation Right granted under the Plan or (ii) the cancellation of a Stock Appreciation Right at a time when its base appreciation amount exceeds the Fair Market Value of the underlying Shares, in exchange for another Option, Stock Appreciation Right or other Award or for a cash payment. Notwithstanding the foregoing, canceling a Stock Appreciation Right in exchange for another Option, Stock Appreciation Right or other Award with an exercise price, purchase price or base appreciation amount that is equal to or greater than the base appreciation amount of the original Stock Appreciation Right shall not be subject to stockholder approval.
14. **Cash Awards.** Each Cash Award will confer upon the Participant the opportunity to earn a future payment tied to the level of achievement with respect to one or more performance criteria established for a performance period of not less than one (1) year.
- (a) **Cash Award.** Each Cash Award shall contain provisions regarding (i) the target and maximum amount payable to the Participant as a Cash Award, (ii) the performance criteria and level of achievement versus these criteria which shall determine the amount of such payment, (iii) the period as to which performance shall be measured for establishing the amount of any payment, (iv) the timing of any payment earned by virtue of performance, (v) restrictions on the alienation or transfer of the Cash Award prior to actual payment, (vi) forfeiture provisions, and (vii) such further terms and conditions, in each case not inconsistent with the Plan, as may be determined from time to time by the Administrator. The maximum amount payable as a Cash Award may be a multiple of the target amount payable, but the maximum amount payable pursuant to that portion of a Cash Award granted under this Plan for any fiscal year to any Participant that is intended to satisfy the requirements for performance based compensation under Section 162(m) of the Code shall not exceed U.S. \$1,000,000.
- (b) **Performance Criteria.** The Administrator shall establish the performance criteria and level of achievement versus these criteria which shall determine the target and the minimum and maximum amount payable under a Cash Award, which criteria may be based on financial performance and/or personal performance evaluations. The Administrator may specify the percentage of the target Cash Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code. Notwithstanding anything to the contrary herein, the performance criteria for any portion of a Cash Award that is intended to satisfy the requirements for performance-based compensation under Section 162(m) of the Code shall be a measure established by the Administrator based on one or more Qualifying Performance Criteria selected by the Administrator and specified in writing not later than 90 days after the commencement of the period of service to which the performance goals relates, provided that the outcome is substantially uncertain at that time (or in such other manner that complies with Section 162(m)).
- (c) **Timing and Form of Payment.** The Administrator shall determine the timing of payment of any Cash Award. The Administrator may provide for or, subject to such terms and conditions as the Administrator may specify, may permit a Participant to elect for the payment of any Cash Award to be deferred to a specified date or event. The Administrator may specify the form of payment of Cash

Awards, which may be cash or other property, or may provide for a Participant to have the option for his or her Cash Award, or such portion thereof as the Administrator may specify, to be paid in whole or in part in cash or other property.

- (d) **Termination of Employment.** The Administrator shall have the discretion to determine the effect a Termination of Employment due to (i) disability, (ii) death or (iii) otherwise shall have on any Cash Award.
15. **Section 162(m) Compliance.** Any Stock Award (other than an Option or any other Stock Award having a purchase price equal to 100% of the Fair Market Value on the date such award is made) or Cash Award that is intended as qualified performance-based compensation within the meaning of Section 162(m) of the Code must not be granted before achievement of one or more Qualifying Performance Criteria or may be granted before such achievement, provided that the Award does not vest or become exercisable before achievement of the Qualifying Performance Criteria. Notwithstanding anything to the contrary herein, the Committee shall have the discretion to determine the time and manner of compliance with Section 162(m) of the Code as required under applicable regulations and to conform the procedures related to the Award to the requirements of Section 162(m).
16. **Taxes.**
- (a) As a condition of the grant, exercise or vesting of an Option, Stock Award or Cash Award granted under the Plan or issuance of Shares under the Plan, the Participant (or in the case of the Participant's death, the person exercising the Option, Stock Award or Cash Award) shall make such arrangements as the Administrator may require for the satisfaction of any applicable federal, state, local or foreign withholding tax obligations that may arise in connection with the exercise of Option, Stock Award or Cash Award and the issuance of Shares. The Company shall not be required to issue any Shares or pay any cash under the Plan until such obligations are satisfied.
- (b) In the case of an Employee and in the absence of any other arrangement, the Employee shall be deemed to have directed the Company to withhold or collect from his or her compensation an amount sufficient to satisfy such tax obligations from the next payroll payment otherwise payable after the date of an exercise of the Option or Stock Award.
- (c) In the case of Participant other than an Employee (or in the case of an Employee where the next payroll payment is not sufficient to satisfy such tax obligations, with respect to any remaining tax obligations), in the absence of any other arrangement and to the extent permitted under the Applicable Laws, the Participant shall be deemed to have elected to have the Company withhold from the Shares to be issued upon exercise of the Option or Stock Award that number of Shares having a Fair Market Value determined as of the applicable Tax Date (as defined below) equal to the minimum statutory amounts required to be withheld. For purposes of this Section 16, the Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined under the Applicable Laws (the **Tax Date**).
- (d) If permitted by the Administrator, in its discretion, a Participant may satisfy his or her tax withholding obligations upon exercise of an Option or Stock Award by surrendering to the Company Shares that (i) in the case of Shares previously acquired from the Company, have been owned by the Participant for more than six (6) months on the date of surrender, and (ii) have a Fair Market Value determined as of the applicable Tax Date equal to the minimum statutory amounts required to be withheld.
- (e) Any election or deemed election by a Participant to have Shares withheld to satisfy tax withholding obligations under Section 16(c) or (d) above shall be irrevocable as to the particular Shares as to which the election is made and shall be subject to the consent or disapproval of the Administrator. Any election by a Participant under Section 16(d) above must be made on or prior to the applicable Tax Date.

- (f) In the event an election to have Shares withheld is made by a Participant and the Tax Date is deferred under Section 83 of the Code because no election is filed under Section 83(b) of the Code, the Participant shall receive the full number of Shares with respect to which the Option is exercised but such Participant shall be unconditionally obligated to tender back to the Company the proper number of Shares on the applicable Tax Date.

17. **Adjustments Upon Changes in Capitalization, Merger or Certain Other Transactions.**

- (a) **Changes in Capitalization.** Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by each outstanding Option or Stock Award, and the number of shares of Common Stock that have been authorized for issuance under the Plan but as to which no Options or Stock Awards have yet been granted or that have been returned to the Plan upon cancellation or expiration of an Option or Stock Award, and the number of shares set forth in Sections 3(i) and 8 above, as well as the price per share of Common Stock covered by each such outstanding Option or Stock Award, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination, recapitalization or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. In the event of any distribution of cash or other assets to stockholders other than a normal cash dividend, the Board shall also make such adjustments as provided in this Section 17(a) or substitute, exchange or grant Awards to effect such adjustments (collectively adjustments). Any such adjustments to outstanding Awards will be effected in a manner that precludes the enlargement of rights and benefits under such Awards. Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option or Stock Award.
- (b) **Dissolution or Liquidation.** In the event of the proposed dissolution or liquidation of the Company, the Board shall notify the Optionee at least 15 days prior to such proposed action. To the extent it has not been previously exercised, the Option or Stock Award will terminate immediately prior to the consummation of such proposed action.
- (c) **Merger or Sale of Assets.** In the event of a proposed sale of all or substantially all of the Company's assets or a merger of the Company with or into another corporation, each outstanding Award shall be assumed or an equivalent option or right shall be substituted by such successor corporation or a parent or subsidiary of such successor corporation, unless the successor corporation does not agree to assume the Award or to substitute an equivalent award, in which case such Award shall accelerate immediately prior to the consummation of the merger or sale of assets. For purposes of this Section 17(c), an Option or Stock Award shall be considered assumed, without limitation, if, at the time of issuance of the stock or other consideration upon such merger or sale of assets, each holder of an Option or Stock Award would be entitled to receive upon exercise of the Option or Stock Award the same number and kind of shares of stock or the same amount of property, cash or securities as such holder would have been entitled to receive upon the occurrence of such transaction if the holder had been, immediately prior to such transaction, the holder of the number of Shares of Common Stock covered by the Option or the Stock Award at such time (after giving effect to any adjustments in the number of Shares covered by the Option or Stock Award as provided for in this Section 17); provided, however, that if such consideration received in the merger or sale of assets is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of an Option or Stock Award (or, as applicable, vesting of a Stock Award), for each Share subject to

such Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per Share consideration received by holders of Common Stock in the merger or sale of assets.

- (d) **Certain Distributions.** In the event of any distribution to the Company's stockholders of securities of any other entity or other assets (other than dividends payable in cash or stock of the Company) without receipt of consideration by the Company, the Administrator may, in its discretion, appropriately adjust the price per share of Common Stock covered by each outstanding Option or Stock Award to reflect the effect of such distribution.

18. **Non-Transferability of Awards.**

- (a) **General.** Except as set forth in this Section 18, Awards may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any(b) manner other than by will or by the laws of descent or distribution. The designation of a beneficiary by a Participant will not constitute a transfer. An Option or Stock Award may be exercised, during the lifetime of the holder of an Option or Stock Award, only by such holder or a transferee permitted by this Section 18.
- (b) **Limited Transferability Rights.** The Administrator may in its discretion grant transferable Nonstatutory Stock Options pursuant to Option Agreements specifying the manner in which such Nonstatutory Stock Options are transferable.

- 19. **Time of Granting Awards.** The date of grant of an Award shall, for all purposes, be the date on which the Administrator makes the determination granting such Award, or such other date as is determined by the Board; provided, however, that in the case of any Incentive Stock Option, the grant date shall be the later of the date on which the Administrator makes the determination granting such Incentive Stock Option or the date of commencement of the Optionee's employment relationship with the Company. Notice of the determination shall be given to each Employee or Consultant to whom an Award is so granted within a reasonable time after the date of such grant.

20. **Amendment and Termination of the Plan.**

- (a) **Authority to Amend or Terminate.** The Board may at any time amend, alter, suspend or discontinue the Plan, but no amendment, alteration, suspension or discontinuation shall be made that would impair the rights of any Optionee or holder of Stock Awards or Cash Awards under any grant theretofore made, without his or her consent. In addition, to the extent necessary and desirable to comply with the Applicable Laws, the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required. In addition, unless approved by the stockholders of the Company, no amendment shall be made that would result in a repricing of Options or Stock Appreciation Rights by (x) reducing the exercise price or base appreciation amount of outstanding Options and Stock Appreciation Rights or (y) canceling an outstanding Option or Stock Appreciation Right held by a Participant and re-granting to the Participant a new Option with a lower exercise price, a Stock Appreciation Right with a lower base appreciation amount, or another Award, in either case other than in connection with a change in the Company's capitalization, merger or certain other transactions pursuant to Section 17 of the Plan.
- (b) **Effect of Amendment or Termination.** No amendment or termination of the Plan shall adversely affect Options, Stock Awards or Cash Awards already granted, unless mutually agreed otherwise between the Optionee or holder of the Stock Awards or Cash Awards and the Board, which agreement must be in writing and signed by the Optionee or holder of the Stock Awards or Cash Awards and the Company.

- 21. **Conditions Upon Issuance of Shares.** Shares shall not be issued pursuant to the exercise of an Option or Stock Award unless the exercise of such Option or Stock Award and the issuance and delivery of such

Shares pursuant thereto shall comply with all relevant provisions of law, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, and the requirements of any Stock Exchange.

Notwithstanding any other provision of the Plan or any agreement entered into by the Company pursuant to the Plan, the Company shall not be obligated, and shall have no liability for failure, to issue or deliver any Shares under the Plan unless such issuance or delivery would comply with the Applicable Laws, with such compliance determined by the Company in consultation with its legal counsel.

As a condition to the exercise of an Option or Stock Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by law.

22. **Reservation of Shares.** The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.
23. **Agreements.** Options, Stock Awards and Cash Awards shall be evidenced by written Option Agreements, and Stock Award Agreements and Cash Award Agreements respectively, in such form(s) as the Administrator shall approve from time to time.
24. **Stockholder Approval.** If required by Applicable Laws, continuance of the Plan shall be subject to approval by the stockholders of the Company within twelve months before or after the date the Plan, as amended and restated effective June 16, 2014, is adopted. Such stockholder approval shall be obtained in the degree and manner required under the Applicable Laws.
25. **Unfunded Obligation.** Participants shall have the status of general unsecured creditors of the Company. Any amounts payable to Participants pursuant to the Plan shall be unfunded and unsecured obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974, as amended. Neither the Company nor any Parent or Subsidiary shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Participant account shall not create or constitute a trust or fiduciary relationship between the Administrator, the Company or any Parent or Subsidiary and a Participant, or otherwise create any vested or beneficial interest in any Participant or the Participant's creditors in any assets of the Company or a Parent or Subsidiary. The Participants shall have no claim against the Company or any Parent or Subsidiary for any changes in the value of any assets that may be invested or reinvested by the Company with respect to the Plan.
