Item 1.01 Entry into a Material Definitive Agreement.

On June 26, 2014, DURECT Corporation entered into a Loan and Security Agreement (the "Loan Agreement") with Oxford Finance LLC, pursuant to which Oxford provided a \$20 million secured single-draw term loan to the Company with a maturity date of July 1, 2018. The term loan was fully drawn at close and the proceeds are to be used for working capital and general business requirements. The term loan is secured by substantially all of the assets of the Company, except that the collateral does not include any equity interests in the Company, any intellectual property (including all licensing, collaboration and similar agreements relating thereto), and certain other excluded assets. The term loan repayment schedule provides for interest only payments for the first 18 months, followed by consecutive equal monthly payments of principal and interest in arrears starting on February 1, 2016 and continuing through the maturity date. The Loan Agreement provides for a 7.95% interest rate on the term loan, a \$150,000 facility fee that was paid at closing and a final payment equal to 8% of the principal amount of the term loan, which is due when the term loan becomes due or upon the prepayment of the facility. If the Company elects to prepay the loan, there is also a prepayment fee between 1% and 3% of the principal amount of the term loan depending on the timing and circumstances of prepayment.

The Loan Agreement contains customary representations, warranties and covenants of the Company, as well as customary events of default and indemnification obligations of the Company. The foregoing description is only a summary of certain provisions of the Loan Agreement and is qualified in its entirety by the terms of the Loan Agreement, a copy of which will be filed as an exhibit to the Company's Form 10-Q for the quarter ended June 30, 2014.
