Once again, we are pleased to take advantage of the Securities and Exchange Commission rule allowing companies to furnish proxy materials to their stockholders over the Internet. We believe that this e-proxy process expedites stockholders' receipt of proxy materials, while also lowering the costs and reducing the environmental impact of our Annual Meeting. On or about March 12, 2015, we will mail to our stockholders who have not already requested paper material, a Notice of Internet Access and Availability of Proxy Materials (Notice), which contains instructions on how to vote, access our 2015 Proxy Statement and 2014 Annual Report on Form 10-K (Annual Report) online, and how to request paper copies of the materials. All stockholders who have elected to continue to receive paper copies will receive a copy of the Proxy Statement and Annual Report by mail. The Proxy Statement also contains instructions on how you can (i) receive a paper copy of the Proxy Statement and Annual Report, if you only received a Notice by mail, or (ii) elect to receive your Proxy Statement and Annual Report over the Internet, if you received them by mail this year.

At the Annual Meeting you will be asked to vote on the following matters and to transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof:

1. To elect three directors to hold office until the 2018 Annual Meeting of Stockholders;
2. To ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2015;
3. To provide an advisory vote to approve the Company's executive compensation; and
4. To approve the amendment and restatement of the TreeHouse Foods, Inc. Equity and Incentive Plan, including an increase in the number of shares subject to the plan.

The matters listed above are fully discussed in the Proxy Statement accompanying this Notice. A copy of our Annual Report is available online or by request as previously described.

The record date for the Annual Meeting is February 27, 2015. Only stockholders of record as of February 27, 2015, are entitled to notice of, and to vote at, the Annual Meeting.

Whether or not you attend the Annual Meeting, it is important that your shares be represented and voted at the Annual Meeting. Therefore, I urge you to promptly vote and submit your proxy by phone, via the Internet, or by completing, signing, dating, and returning the enclosed proxy

PROXY STATEMENT

SUMMARY OF THE ANNUAL MEETING

We are furnishing this Proxy Statement in connection with the solicitation of proxies by the Board of Directors (**Board**) of TreeHouse Foods, Inc. (**TreeHouse**, **Company**, **we**, **us**, or **our**, as the context requires) for use in voting at our 2015 Annual Meeting of Stockholders (**Meeting**). The Meeting will be held at 2015 Spring Road, Lower Level, Conference Room A, Oak Brook, Illinois 60523, on Thursday, April 23, 2015, at 9:00 a.m. Central Time for the purpose of considering and acting upon the matters specified in the notice accompanying this Proxy Statement. This Proxy Statement is being sent to stockholders on or about March 12, 2015.

Who May Vote

If you are a stockholder of record on February 27, 2015, you are entitled to vote at the Meeting. As of that date, there were 42,790,334 shares of the Company's common stock (**Common Stock**) outstanding, the only class of voting securities outstanding. You are entitled to one vote for each share of Common Stock you own, without cumulation, on each matter to be voted upon at the Meeting.

How Proxies Work

Only votes cast in person at the Meeting or received by proxy before the beginning of the Meeting will be counted at the Meeting. Giving us your proxy means you authorize us to vote your shares at the Meeting in the manner you direct. If your shares are held in your name, you can vote by proxy in three convenient ways:

By Internet: Go to www.envisionreports.com/thfi and follow the instructions.

By Telephone: Call toll-free 1-800-652-VOTE (8683) and follow the instructions.

By Mail: Complete, sign, date and return your proxy card in the enclosed envelope.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 12:00 a.m. Central Time on April 23, 2015.

As permitted by Securities and Exchange Commission (**SEC**) rules, TreeHouse is making this Proxy Statement and its Annual Report on Form 10-K (**Annual Report**) available to its stockholders electronically via the Internet. On or about March 12, 2015, we will mail our stockholders a Notice of Internet Access and Availability of Materials (**Notice**), which contains instructions on how to vote, access this Proxy Statement and our Annual Report online, and how to request paper copies of the materials. If you receive a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may submit your proxy over the Internet. If you receive a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials contained in the Notice.

Table of Contents

If your proxy is properly returned, the shares it represents will be voted at the Meeting in accordance with your instructions. If you execute and return your proxy but do not give specific instructions, your shares will be voted as follows:

FOR the election of each of the three nominees for director set forth herein;

FOR the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2015;

FOR the advisory approval of the compensation of the Company's named executive officers as described in this Proxy Statement under Compensation Discussion and Analysis and Executive Compensation;

FOR the approval of the amendment and restatement of the TreeHouse Foods, Inc. Equity and Incentive Plan, including an increase in the number of shares subject to the plan; and

with respect to any other matter that may properly come before the Meeting, at the discretion of the persons voting the respective proxies.

The Board does not intend to bring any matters before the Meeting except those indicated in the Notice. If any other matters properly come before the Meeting, however, the persons named in the enclosed proxy, or their duly constituted substitutes acting at the Meeting, will be authorized to vote or otherwise act thereon in accordance with their judgment on such matters.

Shares Held Through a Bank, Broker or Other Nominee

If you are the beneficial owner of shares held in street name through a bank, broker, or other nominee, such bank, broker, or nominee, as the record holder of the shares, must vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker can vote your shares with respect to discretionary items but not with respect to non-discretionary items. On non-discretionary items for which you do not give instructions, the shares will be treated as broker non-votes. A discretionary item is a proposal that is considered routine under the rules of the New York Stock Exchange (the NYSE). Shares held in street name may be voted by your broker on discretionary items in the absence of voting instructions given by you. The proposal concerning the ratification of the independent registered public accounting firm (Proposal 2) is discretionary. All other proposals to be voted on at the Meeting are non-discretionary.

Quorum

Stockholders of record may vote their proxies by telephone, Internet or mail. By using your proxy to vote in one of these ways, you authorize any of the three officers whose names are listed on the front of the proxy card accompanying this Proxy Statement to represent you and vote your shares. Holders of a majority of the shares entitled to vote at the Meeting must be present in person or represented by proxy to constitute a quorum. Of course, if you attend the Meeting, you may vote by ballot. If you are not present, your shares can be voted only when represented by a properly submitted proxy. Abstentions and broker non-votes (as described below under the heading Required Vote) are counted for purposes of determining whether a quorum is met.

Revoking a Proxy

Submitting your proxy now will not prevent you from voting your shares at the Meeting if you desire to do so, as your proxy is revocable at your option. You may revoke your proxy at any time before it is voted at the Meeting by:

delivering to Thomas E. O'Neill, our Executive Vice President, General Counsel, Chief Administrative Officer and Corporate Secretary, a signed written revocation letter dated later than the date of your proxy;

Edgar Filing: TreeHouse Foods, Inc. - Form DEF 14A

submitting a proxy to the Company with a later date; or

attending the Meeting and voting in person (your attendance at the Meeting will not, by itself, revoke your proxy; you must also vote in person at the Meeting).

Table of Contents

Required Vote

The election of the nominees for director (Proposal 1) in an uncontested election will become effective only upon the affirmative vote of shares of common stock representing a majority of the votes cast for or against such nominee. The ratification of the selection of our independent registered public accounting firm (Proposal 2), the advisory approval of the compensation of the Company's named executive officers as described in this Proxy Statement under Compensation Discussion and Analysis and Executive Compensation (Proposal 3), the approval of the amendment and restatement of the TreeHouse Foods, Inc. Equity and Incentive Plan, including an increase in the number of shares subject to the plan (Proposal 4) and the approval of any other matter that may properly come before the Meeting will become effective only upon the affirmative vote of shares of common stock representing a majority of the votes cast for or against such proposal. Votes cast as for or against are counted as a vote, while votes cast as abstentions will not be counted as a vote but will be counted for purposes of determining a quorum. Abstentions will have no effect on the election of directors or Proposals 2 and 3. So-called broker non-votes (brokers failing to vote by proxy shares of the common stock held in nominee name for customers on any non-discretionary matters) will not be counted as votes at the Meeting and will not have a direct impact on any non-discretionary proposal (i.e., Proposal 1 (election of directors) or Proposal 3).

Resignation Policy

Our Corporate Governance Guidelines utilize a resignation policy in the election of directors. Accordingly, if an incumbent director nominee receives a greater number of votes marked against his or her election than votes marked for his or her election, that nominee is required to tender his or her resignation following certification of the stockholder vote. The Nominating and Corporate Governance Committee is required to make recommendations to the Board with respect to any such resignation. The Board is required to take action with respect to this recommendation and to disclose its decision-making process.

Method and Cost of Soliciting and Tabulating Votes

The solicitation of proxies from our stockholders is being made by the Board and management of the Company. TreeHouse will bear the costs of soliciting and tabulating your votes, including the cost of preparing and mailing the Proxy Statement, the Proxy Card, Notice and the Annual Report. TreeHouse has retained the services of Broadridge Financial Solutions, Inc., to assist in distributing these proxy materials. D.F. King & Co., Inc. will act as our proxy solicitor in soliciting votes for a fee of approximately \$13,000 plus the reimbursement of reasonable out of pocket expenses. Solicitation will be primarily through the use of the U.S. Postal Service and the Internet, but our officers, directors and regular employees may solicit proxies personally or by telephone without additional remuneration for such activity.

TreeHouse will reimburse banks, brokers, and other holders of record for reasonable, out-of-pocket expenses for forwarding these proxy materials to you, and obtaining proxies from you, according to certain regulatory fee schedules. The actual amount will depend on variables such as the number of packages mailed, the number of stockholders receiving electronic delivery, and postage costs.

Computershare, our transfer agent, will act as the proxy tabulator and Inspector of Elections.

Householding

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies. We have not implemented householding rules with respect to our record holders. However, a number of brokers with account holders who are stockholders may be householding our proxy materials. If a stockholder receives a householding notification from his, her or its broker, a single proxy statement and annual report will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise.

Table of Contents

Stockholders who currently receive multiple copies of the proxy materials at their address and would like to request householding of their communications should contact their broker. In addition, if any stockholder that receives a householding notification wishes to receive a separate annual report and proxy statement at his, her or its address, such stockholder should also contact his, her or its broker directly. Stockholders who in the future wish to receive multiple copies may also contact the Company at: 2021 Spring Road, Suite 600, Oak Brook, IL, 60523, Attention: Investor Relations or by phone at (708) 483-1331.

ELECTION OF DIRECTORS (PROPOSAL 1)

We have a classified Board consisting of three classes. At each annual meeting a class of directors is elected for a term of three years to succeed any directors whose terms are expiring. We believe this classified board structure is appropriate for the Company. Obtaining a three-year commitment from our directors assists us in retaining highly qualified directors who have experience and familiarity with our business and the markets in which we operate. The Board believes that such long-term institutional knowledge benefits TreeHouse and enables the Board to better consider and provide long-term strategic planning.

At the Meeting, you will elect a total of three directors to hold office, subject to the provisions of the Company's By-Laws, until the annual meeting of stockholders in 2018 and until their successors are duly elected and qualified. Unless you instruct otherwise, the shares represented by your proxy will be voted FOR the election of Mr. Frank J. O'Connell, Mr. Terdema L. Ussery, II and Mr. David B. Vermynen, the nominees set forth below. The affirmative vote of a majority of the votes cast is required to elect each director. In other words, the number of votes for a director must exceed the number of votes against a director in order to elect such director. For information regarding our resignation policy, see Summary of the Annual Meeting Resignation Policy in this Proxy Statement.

Messrs. O'Connell, Ussery and Vermynen, have each agreed to be nominated and to serve as a director if elected. However, if any nominee at the time of his or her election is unable or unwilling to serve, or is otherwise unavailable for election, and as a result, another nominee is designated by the Board, then you or your designee will have discretion and authority to vote or refrain from voting for such nominee.

Director Independence

The NYSE listing rules require that a majority of the Company's directors be independent. The Board determined that (i) Messrs. Bayly, O'Brien, O'Connell, Smith and Ussery and Ms. Ferguson and Ms. Sardini have no direct or indirect material relationships with management, and that they satisfy the NYSE's independence guidelines and are independent and (ii) that Messrs. Reed and Vermynen are not independent.

All members of our Audit, Compensation and Nominating and Corporate Governance Committees are independent directors and our Compensation Committee members meet the enhanced independence requirements for Compensation Committee members under the NYSE's listing standards. The Board has determined that all of the members of our Audit Committee also satisfy the SEC independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from the Company or any of its subsidiaries other than their directors' compensation. The portion of the Corporate Governance Guidelines addressing director independence is attached to this Proxy Statement as *Appendix B*.

Nomination of Directors

The Board is responsible for approving candidates for Board membership and has delegated the process of screening and recruiting potential director nominees to the Nominating and Corporate Governance Committee in consultation with the Chairman of the Board and Chief Executive Officer. The Nominating and Corporate Governance Committee seeks candidates who have a reputation for integrity, honesty, and adherence to high ethical standards and who have demonstrated business acumen, experience, and an ability to exercise sound judgment in matters that relate to the current and long-term objectives of the Company. The Nominating and Corporate Governance Committee considers diversity as one of a number of factors in identifying nominees for director. The Committee views diversity broadly to include diversity of experience, skills, and viewpoint as well as traditional diversity concepts such as race and gender. When the Nominating and Corporate Governance Committee reviews a candidate for Board membership, the Nominating and Corporate Governance Committee looks specifically at the candidate's background and qualifications in light of the needs of the Board and the Company at that time, given the then-current composition of the Board. The aim is to assemble a Board that provides a significant breadth of experience, knowledge, and abilities that assist the Board in fulfilling its responsibilities. The current members of the Board hold or have held senior executive positions in large, complex organizations and have operating experience that meets this objective. In these positions, they have gained experience in core management skills, such as strategic and financial planning, public company financial reporting, compliance, risk management, and leadership development. Many of our directors also have experience serving on boards of directors and board committees of other public companies and have an understanding of corporate governance practices and trends.

The Nominating and Corporate Governance Committee receives suggestions for new directors from a number of sources, including current Board members and stockholders. It also may, in its discretion, employ a third party search firm to assist in identifying candidates for director. Once a potential director candidate has been identified, including through the recommendation of a stockholder in accordance with the procedures set forth in our By-laws, the Nominating and Corporate Governance Committee evaluates the candidate according to the factors described above.

BOARD LEADERSHIP STRUCTURE

Board Chairman and CEO Roles

The Board has determined that the appropriate leadership structure for the Board at this time is for Mr. Reed, our Chief Executive Officer and President, to serve as Chairman of the Board, while also selecting an independent, non-management director to serve as a lead director (Lead Independent Director) to provide independent leadership. Mr. Reed possesses detailed and in-depth knowledge of the issues, opportunities, and challenges facing the Company and its businesses and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters.

His combined role enables decisive leadership, ensures clear accountability, and enhances the Company's ability to communicate its message and strategy clearly and consistently to the Company's stockholders, employees, customers, and suppliers, particularly during times of turbulent economic and industry conditions.

With the exception of Messrs. Reed and Vermeylen, each of the directors is independent, and the Board believes that the independent directors provide effective oversight of management.

We do not have a formal policy that requires the Chief Executive Officer or any other member of management to serve as Chairman of the Board, and the Board, in its discretion, may subsequently decide to change our leadership structure.

Lead Independent Director

The Company has chosen to combine the Chairman and Chief Executive Officer roles, and as a result, the Board appointed the Lead Independent Director to coordinate the activities of the other non-management directors, and to perform such other duties and responsibilities described below and as the Board may from time to time determine.

Currently, the Lead Independent Director is Ann M. Sardini. The role of the Lead Independent Director includes:

Conducting and presiding at executive sessions of the Board;

Serving as a liaison to and acting as a regular communication channel between the non-employee members of the Board and the Chief Executive Officer of the Company;

In the event of the unavailability or incapacity of the Chairman of the Board, calling and conducting special meetings of the Board; and

Consulting with the Chairman and Chief Executive Officer about the concerns of the Board.

While serving as Lead Independent Director, Ms. Sardini has followed governance practices established by the Board that support effective communication and effective Board performance. The Lead Independent Director role fosters a Board culture of open discussion and deliberation, with thoughtful evaluation of risk to support sound decision-making.

Our directors undergo an annual Board self-evaluation to determine whether the Board and its committees are functioning effectively. As part of the self-evaluation process, directors provide feedback evaluating Board effectiveness and committee effectiveness on multiple criteria. The Nominating and Corporate Governance Committee receives comments from all directors and reports annually to the Board with an assessment of the Board's performance. Each committee also conducts a self-evaluation and reports its assessment of effectiveness to the Board. The assessments are discussed with the full Board each year.

Determination That Current Board Leadership Structure is Appropriate

The Board has determined that the current Board leadership structure is appropriate for TreeHouse for the following reasons:

The current structure is working well and the Lead Independent Director is highly effective in his/her role;

There is strong evidence that the Board is acting independently;

Table of Contents

There are effectiveness and efficiency advantages of having a Chairman of the Board with the Chief Executive Officer's significant food industry strategy, marketing, and operations knowledge and experience;

The Board has open discussions and thoughtful deliberations, especially in the evaluation of risk and in support of sound decision-making;

The current size, food industry focus, and relatively straightforward organizational structure of the Company allows the Chairman of the Board and Chief Executive Officer roles to be effectively combined; and

The non-management directors meet regularly in private sessions to discuss issues regarding the Company.

The Board's Role in Risk Oversight

Together with the Board's standing committees, the Board is responsible for ensuring that material risks are identified and managed appropriately. The Board and its committees regularly review material operational, financial, compensation and compliance risks with senior management. As part of its responsibilities as set forth in its charter, the Audit Committee is responsible for discussing with management the Company's policies and guidelines to govern the process by which risk assessment and risk management are undertaken by management, including guidelines and policies to identify the Company's major financial risk exposures, and the steps management has taken to monitor and control such exposures. For example, our Vice President of Internal Audit reports to the Audit Committee on a regular basis with respect to compliance with our risk management policies. The Audit Committee also performs a central oversight role with respect to financial and compliance risks, and reports on its findings at each regularly scheduled meeting of the Board after meeting with our Vice President of Internal Audit and our independent auditor, Deloitte & Touche LLP. The Compensation Committee considers risk in connection with its design of compensation programs for our executives. The Nominating and Corporate Governance Committee annually reviews the Company's Corporate Governance Guidelines and their implementation. Each committee regularly reports to the Board.

Meetings of the Board of Directors

The Board met six times during 2014. Each of the members of the Board participated in over 75% of the meetings of the Board and committees that took place while such person was a member of the Board and the applicable committee. Members of the Board are expected to attend each meeting, as set forth in the Company's Corporate Governance Guidelines. It is the Board's policy that all of our directors attend the Annual Meeting of Stockholders, absent exceptional cause. Each of the directors attended the Annual Meeting of Stockholders in 2014. The non-management directors of the Company meet regularly (at least quarterly) in executive sessions of the Board without management present. The Lead Independent Director presides over non-management sessions.

The Board has established standing Audit, Compensation, and Nominating and Corporate Governance Committees. The Board determines the membership of each of these committees from time to time, and only outside directors serve on these committees.

The report of the Compensation Committee is set forth later in this Proxy Statement.

Role of Compensation Consultants

The Compensation Committee has elected to engage Meridian Compensation Partners, LLC (Meridian) as the Compensation Committee's on-going independent executive compensation consultant. Meridian does not provide consulting services to the Company other than the services provided directly to the Compensation Committee. Meridian provides a review of the competitiveness and appropriateness of all elements of compensation for the Chief Executive Officer, Chief Financial Officer and the three most highly compensated executive officers of the Company other than the Chief Executive Officer and Chief Financial Officer (collectively, the Named Executive Officers or NEOs) and advice on new and existing executive compensation programs and other related matters.

At the Compensation Committee's direction, management provides all executive compensation materials to the independent consultant and discusses all such materials and recommendations with the independent consultant. The independent consultant considers the information and provides independent data to the Compensation Committee to facilitate its decision-making process. The independent consultant regularly meets with the Compensation Committee in executive sessions without members of management present.

The Compensation Committee has reviewed the independence of Meridian in light of SEC rules and NYSE listing standards regarding compensation consultants and has concluded that Meridian's work for the Compensation Committee does not raise any conflict of interest.

Compensation Risk Assessment

Senior human resource executives of the Company and the Compensation Committee consultant have conducted a risk assessment of our employee compensation programs, including our executive compensation programs. The Compensation Committee and its consultant reviewed and discussed the findings of the assessment and concluded that our employee compensation programs are designed with the appropriate balance of risk and reward in relation to our Company's overall business strategy and do not incentivize executives or other employees to take unnecessary or excessive risks. As a result, we believe that risks arising from our employee compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In its discussions, the Compensation Committee considered the attributes of our programs in 2014, including:

The appropriate compensation mix between fixed (base salary) and variable (annual and long-term incentive) pay opportunities;

The assessment of fixed, variable, and total direct compensation pay opportunities with market data and market practices for the NEOs;

The alignment of annual and long-term incentive award objectives to ensure that both types of awards encourage consistent behaviors and sustainable performance results;

Performance metrics that are tied to key Company measures of short and long-term performance;

The alignment of the timing of the achievement and realization of income from annual and long-term incentive performance and payouts from these plans;

Stretch yet achievable performance targets in the annual and long-term incentive plans; and

The mix of long-term incentive vehicles that encourage value creation, retention, and stock price appreciation.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides information regarding the compensation program in place for NEOs. This section includes information regarding, among other things, the overall objectives of our compensation program and each element of compensation that we provide.

Objectives of Our Compensation Program

TreeHouse was formed in 2005 by Dean Foods Company ("Dean Foods") through a spin-off of the Dean Specialty Foods Group and the subsequent issuance of TreeHouse common stock to Dean Foods shareholders. Six months prior to the spin-off, Dean Foods recruited Messrs. Reed, Vermynen (our former President and Chief Operating Officer who transitioned to a consulting role effective July 1, 2011), O'Neill, Walsh and E. Nichol McCully (our former Chief Financial Officer who retired in April 2006) to lead the Company. These individuals collectively invested \$10 million of their own money in Company stock and received a compensation package that Dean Foods Company determined was fair and comparable to other spun-off companies. In connection with the spin-off, on June 28, 2005, Messrs. Reed, Vermynen, O'Neill, Walsh and McCully received restricted stock and restricted stock units which would vest only after performance criteria were achieved (referred to as the Founder Award Grant) as well as pre-approved stock options.

Since the Company's inception in 2005, our overriding compensation philosophy, goals and objectives for executive compensation programs have been:

To attract, motivate and retain superior leadership talent for the Company.

To closely link NEO compensation to our performance goals with particular emphasis on rapid growth, operational excellence and acquisitions through attractive annual incentive opportunities based on stretch targets.

To support business strategies, plans and initiatives that drive superior long-term value for stockholders.

To link pay to performance by providing a significant majority of NEOs' total compensation opportunity in variable or at-risk compensation programs (annual and long-term incentive plans).

To align our NEOs' financial interests with those of our stockholders by delivering a substantial portion of their total compensation in the form of equity awards and other long-term incentive vehicles.

Our Compensation Aligns to Business Results

Our Compensation Committee is committed to the principle of aligning actual compensation received by our executives to the business results of the Company. Our performance goals require significant effort to obtain target and we hold our executives accountable to those objectives. Our Compensation Committee has never exercised discretion in determining final payouts of incentives. As seen in the chart below, over eight years, our annual cash incentive payouts have varied widely from year-to-year, depending upon the Company's performance against its annual cash flow and operating net income targets (as described in the Components of Compensation section).

Table of Contents

In addition to the annual incentive plan, the Compensation Committee provides a portion of long term incentive (LTI) compensation to senior executives in the form of Performance Units or Cash LTIP awards. These LTI awards were first granted in 2008 and are paid on the 3rd anniversary of the grant date. Awards granted in 2009 through 2011 were in the form of cash; with all other years being Performance Units. The Company plans to continue using Performance Units as the primary method of delivering these awards. The following chart shows the variability of the amounts earned associated with these LTI awards over the past four years, each year representing the culmination of the two and a half year performance cycle (see the Summary of 2014 Executive Compensation Program section for further details).

While the Compensation Committee targets a specific level of total compensation to each NEO based on competitive pay practices and their individual skill and experience, the actual compensation received by each executive is determined by the financial and stock price performance of the Company. The charts below show the Company's total shareholder return and net operating income growth on a one year and three year basis, highlighting the alignment of our financial results and shareholder value.

Compensation Process Overview

Below we highlight certain executive compensation practices that we consider instrumental in driving company performance while mitigating risk, as well as practices that we avoid because we do not believe they would serve the interest of the shareholders.

What We Do

Maintain a pay mix that is majority performance-based.

Fully disclose the financial performance drivers used in our incentives, in numeric terms.

Use different performance metrics in the annual incentive and long-term incentive plan, to avoid heavy reliance on one definition of success.

Maintain stock ownership guidelines for executives.

Table of Contents

Require double trigger vesting for cash severance payments in the executive severance policy.

Retain an independent compensation consultant engaged by, and reporting directly to, the Compensation Committee.

Hold Compensation Committee executive sessions without management present.

Maintain an incentive recoupment, or "claw back" policy.

Allow stockholders the right to call special meetings via majority voting.

What We Don't Do

Backdate stock options.

Reprice stock options without shareholder approval.

Permit hedging transactions or short sales by executives or directors.

Permit pledging or holding company stock in a margin account by executives or directors.

Maintain excise tax gross-up provisions for executives.

We do not have a "poison pill" take-over defense plan.

We believe our key stakeholders, including stockholders and employees, are best served by having our executives focused and rewarded based on the long-term results of the Company. In addition, it is important that a significant portion of NEO pay be tied to incentive compensation to reinforce our pay-for-performance compensation philosophy.

In 2014, at target, NEOs received over half (52%-66%) of their total compensation opportunity awarded through long-term incentive awards. In addition, NEOs received, on average, approximately 17% of their total compensation opportunity in the form of the annual incentive award. In total, approximately 73% of NEOs' total direct compensation opportunity, on average, is delivered in the form of incentive compensation, which supports our pay-for-performance compensation philosophy.

Total Compensation Pay Mix of NEOs in 2014 (Opportunity at Target)

Executives	% Base Salary	% Annual Incentive	% Long-Term Incentive
Sam K. Reed	17%	17%	66%
Dennis F. Riordan	26%	18%	56%
Christopher D. Sliva	28%	19%	53%
Thomas E. O'Neill	27%	19%	54%
Harry J. Walsh	27%	19%	54%
Rachel Bishop*	36%	12%	52%

* For Ms. Bishop, base salary was prorated for 2014 based on a May 2014 hire date. Included in Ms. Bishop's base salary percentage is \$465,627 paid to Ms. Bishop in cash as a new hire bonus. Ms. Bishop's long-term incentive percentage includes her annual grant issued in June 2014 as well as a one-time new hire long-term incentive award granted in May 2014 as detailed in the 2014 Grant of Plan Based Awards table. On a normalized basis Ms. Bishop's base salary, annual incentive and long-term incentive percentages would be 35%, 21% and 44%, respectively.

We work with the Compensation Committee's consultant, Meridian, to review our compensation programs to ensure competitiveness and benchmark these programs (on a size-adjusted basis) with companies with whom we compete for our management talent. We use benchmark data as one of the many factors to determine the competitive positioning of each executive. The Compensation Committee does not target a specific percentile of market but rather reviews both 50th and 75th percentile competitive levels and determines each named executive officer's pay levels based upon a number of factors including: performance, experience, skills, the nature of their role within TreeHouse and competitive benchmark information. These companies consist of competitors in one or more of our product categories and other similar companies in the private label and general food and beverage industry and form TreeHouse's compensation comparator group (the Compensation Comparator Group). The 2014 Compensation Comparator Group was modified from the prior year to include Hillshire Brands Co, Pinnacle Foods, Inc., Post Holdings and WhiteWave Foods Co. and exclude Ralcorp, and J&J Snack Foods. Ralcorp was removed as it was purchased by Conagra and is no longer an independent publicly traded company. J&J Snack Foods was removed from the group due to small market capitalization size. The newly added companies were added because they both fall within relevant size parameters and are considered by the Compensation Committee to be competitors for executive talent. Finally, Green Mountain Coffee Roasters changed its name to Keurig Green Mountain, Inc. The 2014 Compensation Comparator Group is as follows:

Company	2013 Annual Revenues	March 28, 2014 Market Capitalization

In addition to the Compensation Comparator Group, Meridian provides survey data for other companies of similar size to the Company from both general industry and the packaged foods sector. We believe that this additional information broadens our awareness of the practices of companies with whom we compete for management talent. Meridian then uses a combination of these sources to help us determine appropriate salary levels, annual incentive target percentages and metrics used in the annual incentive plan, and appropriate long-term incentive plan design, including grant values for our Named Executive Officers. The Compensation Committee also considers recommendations from the Company's Chief Executive Officer regarding salary, annual incentive and long-term incentive awards for senior executives other than the Chief Executive Officer.

Once NEO total compensation opportunities have been determined using the above-mentioned executive compensation data sources, we set performance objectives for our management team with respect to annual and

Table of Contents

long-term incentives based on a review of a broader food and beverage-focused performance comparator group (the Performance Comparator Group). We do this by considering the market expectations of the Performance Comparator Group in setting our budgets with targets reflecting performance that exceeds the expected performance of this group. We believe this provides a clear and objective way of ensuring our management team's compensation and incentives are aligned with stockholder interests. There is considerable overlap between our Compensation Comparator Group used for benchmarking and our Performance Comparator Group used to set performance goals. However, the Performance Comparator Group contains some larger companies who are business competitors of the Company, but are too large to use for relevant compensation market comparisons.

The following companies are included in our Performance Comparator Group*:

Archer Daniels Midland Co.	Flowers Foods, Inc.	Kellogg Co.
B&G Foods, Inc.	General Mills, Inc.	Kraft Food Group
Campbell Soup Co.	Hain Celestial Group, Inc.	Lancaster Colony Corp
ConAgra Foods Inc.	Ingredion	McCormick & Co. Inc.
Dean Foods	J&J Snack Foods Corp.	The Hillshire Brands Company
Farmer Bros. Inc.	JM Smucker Co.	Snyders-Lance, Inc.

* We removed H.J. Heinz Company from our Performance Comparator Group as it was acquired and is no longer a publicly traded company.

Role of 2014 Advisory Approval of Executive Compensation in the Compensation Setting Process

The Compensation Committee reviewed the results of the 2014 stockholder advisory approval of NEO compensation and incorporated the results as one of many factors considered in connection with the discharge of its responsibilities. A substantial majority (over 88%) of our stockholders at the 2014 Annual Meeting approved the compensation program described in our 2014 proxy statement. The Company regularly communicates with its major shareholders to gather their input regarding the Company, including any concerns related to executive compensation. The Compensation Committee did not implement any material changes to our executive compensation program as a direct result of the 2014 stockholder advisory approval of NEO compensation.

Components of Compensation

There are three primary components to our management compensation program: base salary, annual cash incentive and long-term incentive compensation. Our management team has been assembled to lead a growth company that will expand significantly in size and complexity over time. The Compensation Committee sets total compensation (base salary, annual cash incentive and long-term incentive) of each individual executive based on their unique skills, experience and performance. We seek to have each of these pay components at levels that are competitive with our Compensation Comparator Group. The Company continues to assess the competitive position of each of our components of compensation in relation to our competitors.

Base Salary: For 2014, we increased the salaries for the executive officers (including NEOs) by 2.7%, effective March 1, 2014, after evaluating market data from several leading survey sources (including Meridian, Hewitt, Hay Group and Mercer).

Annual Cash Incentive Plan: The annual incentive for all NEOs is based on attaining specific annual performance targets such as the operating net income targets determined by the Board, as adjusted positively or negatively for unusual items, and cash flow targets. The operating net income measure was selected because it aligns with and helps drive our profitable growth strategy. The operating cash flow measure has been chosen because substantive positive cash flow enables us to pay down debt and help fund our growth through acquisition strategy.

For all NEOs in 2014, the amount of the potential incentive was 80% tied to the achievement of an operating net income target of approximately \$146 million (based on the Company's budgeted operating net income established by the Compensation Committee), adjusted (as approved by the Compensation Committee) for acquisitions and unusual items. The remaining 20% of the potential incentive was tied to the achievement of

Table of Contents

an operating cash flow target of approximately \$160 million. We do not otherwise use discretion in determining the amount of incentive compensation paid to NEOs. We consider the market expectations of our stock in the following fiscal year and year-over-year internal stretch goals, in setting our budget with targets reflecting performance that exceeds the expected performance of our Performance Comparator Group. In establishing goals, the Compensation Committee strives to ensure that the targets are consistent with the strategic goals set by the Board, and that the goals set are sufficiently ambitious so as to provide meaningful results, but with an opportunity to exceed targets if performance exceeds expectations. We believe the annual incentive plan keeps management focused on attaining strong near term financial performance. The 2014 annual incentive opportunity for the NEOs was awarded as follows:

		Minimum	Target	Maximum	Actual
Sam K. Reed	Chairman, Chief Executive Officer, and President	\$ 0	\$ 987,000	\$ 1,974,000	\$ 633,107
Dennis F. Riordan	Executive Vice President and Chief Financial Officer	\$ 0	\$ 359,800	\$ 719,600	\$ 230,792
Christopher D. Sliva	Executive Vice President of TreeHouse Foods, Inc. and President of Bay Valley Foods, LLC	\$ 0	\$ 369,600	\$ 739,200	\$ 237,079
Thomas E. O'Neill	Executive Vice President, General Counsel, Chief Administrative Officer and Corporate Secretary	\$ 0	\$ 323,400	\$ 646,800	\$ 207,444
Harry J. Walsh	Executive Vice President, Acquisitions Integration	\$ 0	\$ 323,400	\$ 646,800	\$ 207,444
Rachel Bishop	Senior Vice President, Strategy	\$ 0	\$ 240,000	\$ 480,000	\$ 153,947

NEOs begin to earn payouts under the plan upon achievement of 90% of the targets ratably up to the achievement of targeted payment upon the full achievement of 100% of the targets. In addition, a NEO can earn 200% of the targeted payment if 110% or more of the targets are achieved. In 2014, after adjusting for unusual items and acquisitions, we attained approximately \$142 million in operating net income or 97.2% of the operating net income target, which provided a payout of 72.2% on this performance measure. In 2014, TreeHouse achieved approximately \$149 million of the operating cash flow or 93.2% of the cash flow target which resulted in a 31.8% of target payment on this performance measure. On a combined basis, approximately 64.1% of the target was earned. The actual amounts listed in the table above are included in the summary compensation table.

Long-Term Incentive Compensation: The long-term incentive compensation program was established to ensure that our senior management team is focused on long-term growth, profitability, and value creation. We believe our key stakeholders, including stockholders and employees, are best served by having our executives focused and rewarded based on the longer-term results of our Company. We accomplish this through five primary programs, the use of which has varied over the years:

Stock Options

Restricted Stock

Restricted Stock Units

Cash Long-Term Incentive Plan

2014 Long-Term Incentive Grant

Edgar Filing: TreeHouse Foods, Inc. - Form DEF 14A

The Compensation Committee reviews the long-term incentive (LTI) plan on an annual basis. In determining the target LTI award opportunity for 2014, the Compensation Committee considers the overall total

Table of Contents

compensation positioning of each executive relative to our Compensation Comparator Group, the individual performance of each NEO and the past annual LTI target opportunity provided. The Committee believes the 2014 target LTI opportunities provide a competitive value that aligns each executive's long-term compensation opportunities with the interest of shareholders. The LTI plan designs of our Compensation Comparator Group were carefully considered for prevalence and mix of long-term incentive vehicles utilized in their programs. Balancing the needs of our business strategy, market practices, and share availability, an LTI plan was designed, approved, and implemented. Each year, the Compensation Committee, with the assistance of Meridian, reviews the design of the LTI plan and makes revisions if necessary.

For NEOs, TreeHouse Vice Presidents, and Bay Valley Foods Senior Vice Presidents, we utilized three LTI vehicles to deliver the appropriate value: non-qualified stock options, restricted stock units and performance units.

Stock Options: The non-qualified stock options vest annually in three approximately equal tranches, subject to the grantee's continued employment with TreeHouse, beginning on the first anniversary of the grant date, and represented 37.5% of the LTI grant value.

Restricted Stock Units: The restricted stock units vest annually in three approximately equal tranches, subject to the grantee's continued employment with TreeHouse, beginning on the first anniversary of the grant date, and represented 25% of the LTI grant value.

Performance Units: Performance units are earned based on achieving operating net income goals in each of the performance periods. Performance is measured over three consecutive periods for each award: a six-month period beginning on the date of grant through the end of the calendar year, and two 12-month periods for each successive calendar year. Each performance unit grant is also subject to a cumulative 30-month performance period that can impact the overall payout of the award. The number of units that will be earned is based on the level of achievement relative to the targets. There is no payout below 80% achievement, and payout is capped at 200% of target if achievement meets or exceeds 120% of the operating net income target. The performance units are converted to stock or cash at the discretion of the Compensation Committee on the third anniversary of the date of grant. The Company expects the performance units to be settled in stock and has the shares available to do so.

The operating net income measure used in the performance units (as the performance measure) is substantially different than the metric used in the annual incentive plan, as the targets used are based on long term market expectations of our stock (over a 2 1/2 year performance period) that incorporate future acquisition growth, whereas the measure used in the annual incentive plan only considers organic growth (over a one year period). The target growth measures are based on an analysis of growth expectations of our company and those of our Performance Comparator Group. The selected growth metric represents a stretch goal that is only achievable through the combination of long-term strategic decisions and operating efficiencies. Payouts of these awards have varied over the years and have ranged from 17% to 200%.

The 2014 performance unit grant represents 37.5% of the 2014 LTI grant value. The performance periods of the 2014 performance units are as follows: July 1, 2014 through December 31 2014; calendar year 2015; calendar year 2016; and the cumulative period July 1, 2014 through December 31, 2016.

For the performance period July 1, 2014 through December 31, 2014, the operating net income target was approximately \$72 million. The operating net income targets for calendar years 2015, 2016 and the cumulative performance period are 111.5% of calendar year 2014 operating net income budget, 111.4% of the calendar year 2015 target, and the sum of the three target amounts, respectively.

For TreeHouse and Bay Valley Foods senior director level leaders, we delivered the LTI value using two vehicles: stock options and restricted stock units.

Stock Options: The non-qualified stock options vest annually in three approximately equal tranches, subject to the grantee's continued employment with TreeHouse, beginning on the first anniversary of the grant date, and represented 37.5% of the LTI grant value.

Table of Contents

Restricted Stock Units: The restricted stock units vest annually in three approximately equal tranches, subject to the grantee's continued employment with TreeHouse, beginning on the first anniversary of the grant date, and represented 62.5% of the LTI grant value.

For all other eligible participants, the LTI value was delivered through the granting of restricted stock units that vest ratably over a three year period, subject to the grantee's continued employment at TreeHouse, beginning on the first anniversary of the grant date.

2012 Long-Term Incentive Grant

The performance periods for the performance unit awards granted on June 27, 2012 ended on December 31, 2014 and will be converted to stock upon approval of the Compensation Committee in April 2015. The conversion will take place on the third anniversary of the grant date. The table below demonstrates the calculation used to determine the number of performance units earned in each period.

If the Percentage of Target Earned is 100% or greater	$((\text{Percentage of Target Earned} - 100\%)*5) + 100\%$
If the Percentage of Target is less than 100%	$((\text{Percentage of Target Earned} - 80\%)*2.5) + 50\%$

Stock Ownership and Holding Policies

Since the Company's inception in 2005, when the original five executive officers invested \$10 million of their own money into the Dean Specialty Foods spin-off, we have maintained a strong stock ownership culture at TreeHouse, with our NEO stock positions traditionally exceeding stock ownership guidelines at nearly all Fortune 500 companies. In addition, the NEO team beneficially owns approximately 3.7% of TreeHouse shares outstanding as of February 27, 2015.

Consistent with prevalent and best practices at publicly traded companies, in February 2012, we adopted formal stock ownership guidelines for our corporate officers. These guidelines provide that our officers must achieve, within five years of reaching officer status, specified stock ownership levels based on a multiple of such officer's base salary. Shares of stock owned outright or through a trust, restricted stock and restricted stock units count towards fulfillment of the guidelines. The required stock ownership levels that must be attained by our corporate officers within the five-year period are as follows:

Position	Required Share Ownership Level
Chief Executive Officer	5X of Base Salary
Other Named Executive Officers	3X of Base Salary
Other Senior Vice Presidents	2X of Base Salary

All of our corporate officers are currently in compliance with these guidelines with the exception of Ms. Bishop, who recently joined TreeHouse Foods, Inc. in May 2014.

Edgar Filing: TreeHouse Foods, Inc. - Form DEF 14A

Based on the practice of significant stock ownership at TreeHouse and desire to give freedom of choice, we do not have equity holding policies for employees upon the exercise of stock options and the vesting of performance units or restricted stock units.

General Compensation Matters

All matters of our executive compensation programs are reviewed and approved by the Compensation Committee of the Board. This includes approving both the amounts of compensation and the timing of all grants. The Compensation Committee is given full access to its compensation expert, and has elected to use Meridian to provide consulting services with respect to the Company's executive compensation practices including salary, bonus, perquisites, equity incentive awards, deferred compensation and other matters. The Compensation Committee regularly meets with Meridian representatives without the presence of Company management.

More details regarding the employment agreements of our management investors are summarized below.

Executive Perquisites: TreeHouse annually reviews the Company's practices for executive perquisites with the assistance of Meridian. We believe that the market trend is moving toward a cash allowance in lieu of various specific executive benefits such as automobile plans, financial planning consulting or club fees. We have granted an annual allowance of \$25,000 to Mr. Reed and \$10,000 to all other NEOs to cover these types of benefits. This approach reduces the administrative burden of such programs and satisfies the desire to target market practices. These allowances are not included as eligible compensation for bonus or other purposes, and do not represent a significant portion of the executive's total compensation. Our Board has also adopted policies regarding the personal use of the Company-owned aircrafts by our NEOs. Generally, personal use is permitted, subject to availability. Personal use of the Company aircrafts is principally utilized by our Chief Executive Officer. Personal use by other NEOs is infrequent. We calculate compensation for personal use based on the incremental costs of operating the aircrafts. The largest single component of this cost is fuel. The 2014 Summary Compensation Table beginning on page 34 of this Proxy Statement contains itemized disclosure of all perquisites to our NEOs, regardless of amount.

Deferred Compensation Plan: Our Deferred Compensation Plan allows certain employees, including the NEOs, to defer receipt of salary and/or bonus payments. Deferred amounts are credited with earnings or losses based on the rate of return of mutual funds selected by the participants in the plan. We do not match amounts that are deferred by employees in the Deferred Compensation Plan. However, to the extent that employees in the Deferred Compensation Plan have their match in the 401(k) plan limited as a result of participating in the Deferred Compensation Plan, the lost match would be credited instead to the Deferred Compensation Plan. Distributions are paid either upon termination of employment or at a specified date (at least two years after the original deferral) in the future, as elected by the employee. The employee may elect to receive payments in either a lump sum or a series of installments. Participants may defer up to 100% of eligible salary and bonus payments. The Deferred Compensation Plan is not funded by us, and participants have an unsecured contractual commitment from us to pay the amounts when due. When such payments are due to employees, the cash will be distributed from our general assets.

We provide deferred compensation to permit our employees to save for retirement on a tax-deferred basis. The Deferred Compensation Plan permits them to do this while also receiving investment returns on deferred amounts, as described above. We believe this is important as a retention and recruitment tool, as many of the companies with which we compete for executive talent provide a similar plan for their senior employees.

Employment Agreements: We have entered into employment agreements with Messrs. Reed, O'Neill, Walsh, Riordan and Sliva. These agreements provide for payments and other benefits if the officer's employment terminates for a qualifying event or circumstance, such as being terminated without Cause or leaving employment for Good Reason, as these terms are defined in the employment agreements. The agreements also provide for benefits upon a qualifying event or circumstance after there has been a Change-in-Control (as defined in the agreements) of the Company. Additional information regarding the employment agreements, including a definition of key terms and a quantification of benefits that would have been received by our NEOs had termination occurred on December 31, 2014, is found under the heading Potential Payments Upon Termination Or Change In Control.

We believe these severance programs are an important part of our overall compensation arrangements for our NEOs. We also believe these agreements will help to secure the continued employment and dedication of our NEOs prior to or following a change in control, without concern for their own continued employment. We also believe it is in the best interest of our stockholders to have a plan in place that will allow management to pursue

Table of Contents

all alternatives for the Company without undue concern for their own financial security. We also believe these agreements are important as a recruitment and retention device, as most of the companies with which we compete for executive talent have similar agreements in place for their senior employees. We have received consulting services from Meridian with regard to market practices in an evaluation of severance programs.

In February 2014, we amended the agreements with Messrs. Reed, O'Neill and Walsh to remove the excise tax gross-up provision from each agreement. Consequently, under their current employment agreements, none of our named executive officers (including Messrs. Riordan and Sliva, and Ms. Bishop) will receive a gross up payment from the Company to the extent they incur excise taxes under Section 4999 of the Code.

401(k) Savings Plan: Under the TreeHouse Foods Savings Plan (the Savings Plan), a tax-qualified retirement savings plan, Company employees, including our NEOs, may contribute up to 80% of regular earnings on a before-tax basis into their Savings Plan accounts (subject to IRS limits). Total contributions may not exceed 80% of eligible compensation. In addition, under the Savings Plan, we match an amount equal to one dollar for each dollar contributed by participating employees on the first 3% of their eligible compensation and fifty cents for each additional dollar contributed on the next 2% of their eligible compensation. Amounts held in Savings Plan accounts may not be withdrawn prior to the employee's termination of employment, or such earlier time as the employee reaches the age of 59½, subject to certain exceptions established by the IRS.

Recoupment Policy: We have adopted a recoupment (clawback) policy effective for all cash and equity based incentive awards granted on or after January 1, 2014. The policy applies to all our employees at or above the Vice President level (which includes our NEOs) and is administered by our Compensation Committee. Under the policy, if the Company is required to restate its financial statements due to material noncompliance with its financial reporting requirements under securities laws and a covered individual is determined to have knowingly and willfully engaged in conduct which was a material factor in such restatement, the Compensation Committee may seek reimbursement of any excess compensation from any cash and equity based awards granted to such covered individual in the preceding 3 years (or preceding 12 months in the case of recoupment of proceeds from the sale of shares pursuant to stock options or restricted stock units).

Tax Treatment of Executive Compensation: Section 162(m) of the Code imposes a limitation on the deductibility of non-performance-based compensation in excess of \$1 million for the Chief Executive Officer of the Company and each of the three next most highly compensated executive officers (other than the Chief Financial Officer). The TreeHouse Foods, Inc. Equity and Incentive Plan is designed to allow us to grant awards that may qualify for the performance-based exception to the Section 162(m) deductibility limit. Many of our key incentive programs are linked to the financial performance of the Company, and, therefore, we believe that we will preserve the deductibility of these executive compensation payments. However, deductibility of executive compensation is only one important factor considered by the Compensation Committee when determining compensation and the Compensation Committee retains the flexibility to award compensation that is not intended to meet the performance-based compensation exception or that may exceed the limitation on deductibility under Section 162(m) when it believes it is in the Company's and stockholders' best interests.

Walsh. These AIP amounts are reported as Non-Equity Incentive Plan Compensation in the 2014 Summary Compensation Table. Payouts under the AIP may range from \$0 up to the maximum as described above. Therefore, in accordance with SEC rules, we have omitted the threshold column.

- (b) Consists of performance units that are granted under the TreeHouse Foods, Inc. Equity and Incentive Plan. The performance unit awards have a cumulative performance period of July 1, 2014 to December 31, 2016. For the interim performance period of July 1, 2014 to December 31, 2014, the performance measure results were 110.6% of target; accordingly, each NEO earned 153.1% of the first tranche of the award.
- (c) Consists of restricted stock units granted under the TreeHouse Foods, Inc. Equity and Incentive Plan that vest annually in three approximately equal tranches, beginning on the first anniversary of the grant date. The award granted on May 27, 2014 for Ms. Bishop pertains to a one-time new hire award that vests in two approximately equal tranches, beginning on the first anniversary of the grant date.
- (d) Consists of non-qualified stock options granted under the TreeHouse Foods, Inc. Equity and Incentive Plan that vest annually in three approximately equal tranches, beginning on the first anniversary of the grant date. The non-qualified options have a strike price of \$79.89 which was the closing price of our Common Stock on date of grant.
- (e) The grant date fair value of the performance units is based on target performance.

Employment Agreements

On January 27, 2005, the Company entered into employment agreements with Messrs. Reed, O'Neill and Walsh. These individuals are referred to as the management investors. The terms of these employment agreements are substantially similar, other than the individual's title, salary, bonus, option, restricted stock, and restricted stock unit entitlements. The employment agreements provided for a three-year term that ended on June 28, 2008. The employment agreements also provide for one-year automatic extensions, absent written notice from either party of its intention not to extend the agreement.

Under the employment agreements, each management investor is entitled to a base salary at a specified annual rate, plus an incentive bonus based upon the achievement of certain performance objectives to be determined by the Board. The employment agreements also provided that each management investor received restricted shares and restricted stock units of our Common Stock and options to purchase additional shares of our Common Stock, subject to certain conditions and restrictions on transferability. These grants were intended to cover a three year period, from 2005 through the end of 2007. In 2008, the management investors began to participate in the Company's long-term incentive grants as summarized in the tables above. The initial restricted shares and restricted stock units are no longer outstanding, and the stock options expire on June 27, 2015.

Each management investor is also entitled to participate in any benefit plan we maintain for our senior executive officers, including any life, medical, accident, or disability insurance plan, and any pension, profit sharing, retirement, deferred compensation or savings plan for our senior executive officers. We also will pay the reasonable expenses incurred by each management investor in the performance of his duties to us and indemnify the management investor against any loss or liability suffered in connection with such performance.

We are entitled to terminate each employment agreement with or without Cause (as defined in the employment agreements). Each management investor is entitled to terminate his employment agreement for Good Reason (as defined in the employment agreements) which includes a reduction in base salary or a material alteration in duties and responsibilities or for certain other specified reasons, including the death, disability or retirement of the management investor. If an employment agreement is terminated without Cause by us or with Good Reason by a management investor, the management investor will be entitled to a severance payment equal to two times (or three times, in the case of Mr. Reed) the sum of the annual base salary payable and the target bonus amount owed to the management investor immediately prior to the end of the employment period, plus continuation of all health and welfare benefits for two years (three years in the case of Mr. Reed). If an employment agreement is terminated under the same circumstances and within 24 months after a change of control of the Company, the management investor will be entitled to a severance payment equal to three times the annual base salary and target bonus amount payable to the management investor immediately prior to the end of the employment period, plus continuation of all health and welfare benefits for three years.

In February 2014, we amended the agreements with Messrs. Reed, O'Neill and Walsh to remove the excise tax gross-up provision from each agreement. Consequently, under their current employment agreements, none of our named executive officers (including Messrs. Riordan and Sliva and Ms. Bishop) will receive a gross up payment from the Company to the extent they incur excise taxes under Section 4999 of the Code.

Messrs. Riordan and Sliva are also covered under individual employment agreements, the terms of which are similar in nearly all material respects to the management investor agreements (as amended) with regard to salary, bonus, benefits plans and severance. The exception is that they did not receive the three year equity grant that was provided to the management investors in 2005. Messrs. Riordan and Sliva have been receiving long-term incentive grants, which are summarized in the tables above and described below, since they joined the Company.

Ms. Bishop began her employment with us in May 2014, and is covered under the TreeHouse Foods, Inc. Executive Severance Plan (Severance Plan), and is entitled to the severance provisions for involuntary termination by the Company without Cause or for voluntary termination by the executive for Good Reason. The Severance Plan provides payments for three tiers of executives. Ms. Bishop is considered a tier two executive and is eligible for severance payments equal to one times her base salary and target incentive compensation. In the event of Ms. Bishop's involuntary termination by the Company without Cause or her voluntary termination for Good Reason within 24 months of a change in control, under the Severance Plan, Ms. Bishop is entitled to severance equal to two times her base salary plus two times her target incentive compensation.

Awards

The grant for each NEO is listed in the 2014 Grants of Plan Based Awards Table on page 35. The significant features of the 2014 equity incentives are as follows:

2014 Non-Qualified Stock Options

The NEOs received an annual stock option grant on June 27, 2014, that vests annually in three approximately equal tranches, beginning on the first anniversary of the grant date.

2014 Restricted Stock Units

The NEOs and other managers of the Company received an annual restricted stock unit grant on June 27, 2014, that vests annually in three approximately equal tranches, beginning on the first anniversary of the grant date. Additionally, Ms. Bishop received a one-time new hire restricted stock unit award on May 27, 2014 that vests annually in two approximately equal tranches, beginning on the first anniversary of the grant date.

2014 Performance Units

The performance units are earned based on achieving operating net income goals in each of the performance periods listed below and represented 37.5% of the LTI grant value. The performance periods of the 2014 performance units are as follows: July 1, 2014 through December 31, 2014; calendar year 2015; calendar year 2016; and the cumulative period of July 1, 2014 through December 31, 2016. The performance units will be converted to stock or cash at the discretion of the Compensation Committee on the third anniversary of the date of grant. The Company expects the performance units to be settled in stock and has the shares available to do so. For the performance period July 1, 2014 through December 31, 2014, the operating net income target was approximately \$72 million. The operating net income targets for calendar years 2015, 2016 and the cumulative performance period are 111.5% of calendar year 2014 operating net income budget, 111.4% of the calendar year 2015 target, and the sum of the three target amounts, respectively. The number of units that will be earned is based on the level of achievement relative to the targets. There is no payout below 80% achievement, and payout is capped at 200% of target if achievement meets or exceeds 120% of the operating net income target.

payments under the Deferred Compensation Plan. Deferred amounts are credited with earnings or losses based on the return of mutual funds selected by the executive, which the executive may change at any time. We do not make contributions to participants' accounts under the Deferred Compensation Plan, except to the extent that employees in the plan have their Company matching contributions in the 401(k) plan limited as a result of participating in the Deferred Compensation Plan. Distributions are made in either a lump sum or an annuity as chosen by the executive at the time of the deferral.

The earnings on Mr. Reed's and Ms. Bishop's Deferred Compensation Plan accounts were measured by reference to a portfolio of publicly available mutual funds chosen by Mr. Reed and Ms. Bishop in advance and administered by an outside third party. As presented above, Mr. Reed's 2014 annualized gain was approximately 3.5% while Ms. Bishop's 2014 gain was approximately 1.0%. Messrs. Riordan, Sliva, O'Neill and Walsh do not participate in the Deferred Compensation Plan.

Potential Payments Upon Termination Or Change In Control

As noted on page 36 of this Proxy Statement, we have entered into employment agreements with all of our NEOs, except for Rachel Bishop who is covered under the Severance Plan. The employment agreements and Severance Plan provide for payments of certain benefits, as described below, upon the termination. The NEOs' rights upon termination of his/her employment depend upon the circumstance of the termination. Central to an understanding of the rights of each NEO under the agreements is an understanding of the definitions of Cause and Good Reason that are used in the employment agreements and Severance Plan. For purposes of the employment agreements and Severance Plan:

We have Cause to terminate the NEO if the NEO has engaged in any of a list of specified activities, including refusing to perform duties consistent with the scope and nature of his position, committing an act materially detrimental to the financial condition and/or goodwill of us or our subsidiaries, commission of a felony or other actions specified in the definition.

The NEO is said to have Good Reason to terminate his employment and thereby gain access to the benefits described below if we assign the NEO duties that are materially inconsistent with his position, reduce his compensation, call for relocation, or take certain other actions specified in the definition.

The employment agreements and Severance Plan require, as a precondition to the receipt of these payments, that the NEOs sign a standard form of release in which the NEO waives all claims that the NEO might have against us and certain associated individuals and entities. The NEOs' employment agreements and Severance Plan also include non-compete and non-solicit provisions that would apply for a period of one year following the NEO's termination of employment, and confidentiality provisions that would apply for an unlimited period of time following the NEO's termination of employment.

The employment agreement for each NEO and Severance Plan specifies the payment to each individual in each of the following situations:

Involuntary termination without cause or resignation with Good Reason

Retirement

Death or disability

Termination without Cause or with Good Reason after change-in-control

Meridian has reviewed the existing change-in-control severance provisions of our NEOs' employment agreements and Severance Plan relative to the current practices of our Compensation Comparator Group and has found our practices to be within the norms of the group.

Employment Agreements/Severance Plan

Edgar Filing: TreeHouse Foods, Inc. - Form DEF 14A

In the event of an involuntary termination of the NEO without Cause, or resignation by the NEO for Good Reason, the NEO will receive two times his base salary and target bonus (three times in the case of Mr. Reed and

Table of Contents

one times in the case of Ms. Bishop), and continuation of all health and welfare benefits for two years (three years in the case of Mr. Reed and one year in the case of Ms. Bishop).

In the event of an involuntary termination of the employee without Cause, or resignation by the employee for Good Reason within a 24 month period immediately following a change-in-control of the Company, the NEO will receive three times the amount of his base salary and target bonus (two times in the case of Ms. Bishop), and continuation of all health and welfare benefits for three years (two years in the case of Ms. Bishop). Upon amendment of the employment agreements of Messrs. Reed, O'Neill and Walsh in February 2014, no employees are eligible to receive a gross-up payment from the Company to the extent they incur excise taxes under Section 4999 of the Code.

In the event of death, disability or retirement, the NEO will receive no additional severance payments. In the event of disability, NEOs (with the exception of Ms. Bishop) receive continuation of health and welfare benefits for two years (three years in the case of Mr. Reed). The Severance Plan does not provide health and welfare benefits in the event of disability.

TreeHouse Foods, Inc. Equity and Incentive Plan

The Company has issued equity awards to our NEOs that are subject to the terms and conditions of the Equity and Incentive Plan.

In the event of an involuntary termination of the NEO without cause, or resignation by the NEO for Good Reason, no unvested options shall become vested or exercisable, nor will unvested restricted stock or restricted stock units vest. For performance unit awards, the NEO shall receive accrued awards plus a pro rata portion of the award (based on the number of full calendar months served during the performance period divided by the length of the performance period) that would have accrued for the performance period in which the NEO was terminated without Cause by the Company.

In the event of a change-in-control, unvested stock options will become fully vested; the restrictions on the restricted stock and restricted stock units will lapse. For performance units, they will be cancelled in exchange for a payment equal to the value that would have been payable had each performance unit been deemed equal to 100% (or such greater or lesser percentage as determined by the Compensation Committee) of its initially established dollar value.

In the event of death or disability unvested options will become fully vested, and upon death, disability or retirement, a pro rata portion of the restricted stock and restricted stock units that would be eligible for lapse of restrictions on the next anniversary date of the grant will lapse. All unvested stock options, restricted stock and restricted stock unit awards will be forfeited for any other reason of termination. For the performance units, the NEO shall receive accrued awards plus a pro rata portion of the award (based on number of full calendar months served during the performance period divided by the length of the performance period) that would have accrued for the performance period in which the NEO was terminated due to death, disability, or retirement.

TreeHouse Foods, Inc. Annual Incentive Plan

In the event of an involuntary termination of the NEO without cause, or resignation by the NEO for Good Reason, no portion of the Annual Incentive Award will be received by the NEO.

In the event of death, disability or retirement, the NEO will receive a pro rata portion of the Annual Incentive Award (based on the number of full calendar months served during the performance period divided by the length of the performance period).

In the event of an involuntary termination without cause or resignation for good reason following a change in control, the NEO will receive a pro rata portion of the Annual Incentive Award (based on the number of full calendar months served during the performance period divided by the length of the performance period).

In the event of a change in control without termination, no portion of the Annual Incentive Award will be received by the NEO.

Board Stock Ownership and Age Requirements

At the same time that we adopted formal stock ownership guidelines for management, we also adopted ownership guidelines for the Board. All outside directors are covered by the guidelines and must achieve a stock ownership level equal to three times their annual retainer within five years of joining the Board. Similar to the management guidelines, shares of stock owned outright or through a trust, restricted stock and restricted stock units count towards fulfillment of the guidelines. All of our outside directors are currently in compliance with these guidelines.

We have not set an upper age limit for Board members as we feel that highly experienced directors on our Board have provided and will continue to provide our management team with great insight and wisdom into our business. In addition to our experiences, several corporate boards across the United States benefit greatly from more seasoned business leaders.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is currently composed of four independent directors, Ms. Ferguson, Messrs. O'Brien, O'Connell and Ussery, and operates pursuant to a written charter. The Company's management is responsible for its internal accounting controls and the financial reporting process. The Audit Committee is responsible for overseeing and monitoring the integrity of the Company's financial statements, accounting and financial reporting processes, systems of internal control over financial reporting, compliance with legal and regulatory financial accounting requirements, audits of the Company's financial statements, and review of the performance of the Audit Committee. The Audit Committee also regularly receives and reviews reports from the third party whistleblower hotline provider.

The Company's independent registered public accounting firm, Deloitte & Touche LLP, is responsible for performing an independent audit of the Company's consolidated financial statements and internal controls over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB) and to issue reports thereon. The Audit Committee's responsibilities are to monitor and oversee the audit process, and to appoint, compensate and evaluate the performance of the independent registered public accounting firm.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent registered public accounting firm a formal written statement describing all relationships between the independent registered public accounting firm and the Company that might bear on the independent registered public accounting firm's independence consistent with PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, and discussed with Deloitte & Touche LLP any relationships that may impact its objectivity and independence, and the Audit Committee satisfied itself as to Deloitte & Touche LLP's independence. The Audit Committee has reviewed and discussed the financial statements with management. The Audit Committee also discussed with management and Deloitte & Touche LLP the quality and adequacy of the Company's internal controls and the internal audit department's organization, responsibilities, budget and staffing. The Audit Committee reviewed both with Deloitte & Touche LLP and the internal auditors their audit plans, audit scope, and identification of audit risks.

The Audit Committee discussed and reviewed with Deloitte & Touche LLP all communications required by PCAOB Auditing Standard No. 16, Communications with Audit Committees, and, with and without management present, discussed and reviewed the results of Deloitte & Touche LLP's audit of the financial statements. The Audit Committee also discussed the results of the internal audit examinations.

Based on the Audit Committee's discussions with management and Deloitte & Touche LLP and the Audit Committee's review of the representations of management and the report of the independent registered public accounting firm, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the SEC.

In order to assure that the provision of audit and non-audit services provided by Deloitte & Touche LLP, our independent registered public accounting firm, does not impair its independence, the Audit Committee is required to pre-approve all audit services to be provided to the Company by Deloitte & Touche LLP, and all other services, including review, attestation and non-audit services, other than de minimis services that satisfy the requirements of the NYSE and the Exchange Act, pertaining to de minimis exceptions.

This report is respectfully submitted by the Audit Committee of the Board.

FEES BILLED BY INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The following table presents fees billed for professional services rendered for the audit of our consolidated financial statements, audit of our internal controls over financial reporting and review of our quarterly reports on Form 10-Q and fees billed for other services rendered by Deloitte & Touche LLP for 2013 and 2014:

	2013	2014
Audit Fees	\$ 1,903,000	\$ 2,589,523
Audit-related Fees	\$ 405,760	\$ 817,270
Tax Fees	\$ 63,932	\$ 271,059
All other Fees	\$ 2,615	\$ 0
Total Fees	\$ 2,375,307	\$ 3,677,852

Audit fees include fees associated with the annual audit of our consolidated financial statements and internal controls over financial reporting and reviews of the Company's quarterly reports on Form 10-Q. Audit fees have

Table of Contents

increased over prior year primarily due to the procedures associated with the acquisitions and the growth of the Company (\$350,000) as well as the incremental procedures performed in connection with the Company's debt and equity offerings and the change to the 2013 COSO framework (\$240,000).

Audit-related fees include consultation concerning financial accounting and SEC reporting standards and due diligence services performed in connection with the Company's acquisitions. Audit related fees are higher in 2014, as the acquisitions in our current year, in total, were significantly larger than those acquired in 2013. The increase in tax fees is primarily due to tax services provided in connection with pre-acquisition tax periods from newly acquired entities. All other fees are for any other services not included in the first three categories. The Audit Committee pre-approved all of the audit, audit-related, tax and other services in accordance with the pre-approval policies described above under the heading "Committee Reports - Report of the Audit Committee" and determined that the independent accountant's provision of non-audit services is compatible with maintaining the independent accountant's independence.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

We maintain policies and procedures relating to the review, approval or ratification of transactions in which we are a participant and in which any of our directors, executive officers, major stockholders or their family members have a direct or indirect material interest. We refer to these individuals and entities in this proxy statement as related parties. Our Code of Ethics, which is available on our website at www.treehousefoods.com, prohibits our employees, including our executive officers, and directors from engaging in specified activities without prior approval. These activities typically relate to conflict of interest situations where an employee or director may have significant financial or business interests in another company competing with or doing business with us, or who stands to benefit in some way from such a relationship or activity.

We review all relationships and transactions in which the Company and our directors, executive officers, or their immediate family members are participants, to determine whether such persons have a direct or indirect material interest and whether such transactions involve at least \$120,000. Our law department has responsibility for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related party transactions and for then determining, based upon the facts and circumstances, whether the Company or a related party has a direct or indirect material interest in the transaction. Each year, we require our directors and executive officers to complete a questionnaire, among other things, to identify such related party relationships and transactions. We also require that directors and executive officers notify our General Counsel of any changes during the course of the year to the information provided in the annual questionnaire as soon as possible and we gather information regarding possible related party transactions throughout the year. As required under SEC rules, transactions involving the Company that exceed \$120,000 and that a related party has a direct or indirect material interest in will be disclosed in our Proxy Statement. Our Board has responsibility for reviewing and approving or ratifying related person transactions.

Mr. Vermynen became a senior consultant with the Company in July 2011 and in accordance with his consulting agreement, is paid \$300,000 annually. The consulting agreement is renewable on an annual basis. As a result of the consulting agreement with Mr. Vermynen and the related payments, the Company has concluded that Mr. Vermynen is not an independent Director at this time.

ADVISORY VOTE TO APPROVE THE COMPANY'S EXECUTIVE COMPENSATION

(PROPOSAL 3)

Pursuant to Section 14A of the Exchange Act, we are seeking the advisory approval of stockholders of the Company's executive compensation program and practices as disclosed in this Proxy Statement. As approved by its stockholders at the 2011 Annual Meeting of Stockholders, consistent with the Board's recommendation, the Company is submitting this proposal for a non-binding vote on an annual basis. Stockholders are being asked to vote on the following advisory resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's executive officers, as disclosed in the 2015 Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2014 Summary Compensation Table and the other related tables and disclosure.

The Company has a pay-for-performance philosophy that forms the foundation of our decisions regarding executive compensation. This philosophy and the compensation structure approved by the Compensation Committee are central to the Company's ability to attract, retain and motivate individuals who can achieve superior financial results in the best interests of the Company and its stockholders. To that end, our program links pay to performance by delivering a significant majority of the total compensation opportunity of our NEOs in variable or "pay at risk" compensation programs (annual and long-term incentive plans). Our program also aligns the NEOs' financial interest with those of our stockholders by delivering a substantial portion of their total compensation in the form of equity awards and other long-term incentive vehicles.

We urge our stockholders to read "Compensation Discussion and Analysis" above, which describes in detail how our executive compensation program and practices operate and are designed to achieve our compensation objectives, as well as the accompanying compensation tables which provide detailed information on the compensation of our NEOs.

This advisory vote on the Company's executive compensation program and practices is non-binding on the Board. Although non-binding, the Board and the Compensation Committee will carefully review the voting results when evaluating our executive compensation program.

The affirmative vote of a majority of the shares of common stock present in person or represented by proxy and entitled to be voted on the proposal at the Meeting is required for approval of this advisory resolution.

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR APPROVAL OF THE ADVISORY RESOLUTION SET FORTH ABOVE.

PROXIES SOLICITED BY THE BOARD WILL BE VOTED FOR THE APPROVAL OF THE ADVISORY RESOLUTION SET FORTH ABOVE UNLESS STOCKHOLDERS SPECIFY A CONTRARY VOTE.

APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE TREEHOUSE FOODS, INC.

EQUITY AND INCENTIVE PLAN, INCLUDING AN INCREASE IN THE

NUMBER OF SHARES SUBJECT TO THE PLAN (PROPOSAL 4)

In connection with our spin-off from Dean Foods Company, our Board adopted, and a majority of our stockholders approved, the TreeHouse Foods, Inc. 2005 Long-Term Stock Incentive Plan. A majority of our stockholders then approved an amendment and restatement of the TreeHouse Foods, Inc. 2005 Long-Term Stock Incentive Plan at our 2007 Annual Meeting of Stockholders, which changed the name of the plan to the TreeHouse Foods, Inc. Equity and Incentive Plan, and a further amendment and restatement at our 2012 Annual Meeting of Stockholders. The Compensation Committee of the Board, on behalf of the Board, has approved, subject to stockholder approval, a further amendment and restatement of the TreeHouse Foods, Inc. Equity and Incentive Plan (as so amended and restated, the "Plan") in order to extend the term of the Plan to February 27, 2025, increase the number of shares available for issuance under the Plan, approve the performance goals under the Plan for purposes of the requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended

Table of Contents

(the Code), and to make certain other changes to the Plan as described below. At the Meeting, stockholders will be asked to approve the Plan, as amended and restated.

The Plan includes a number of specific terms and limitations that the Board believes are consistent with the long-term interests of our stockholders and sound corporate governance practices. These include:

No evergreen provision. The Plan provides for a fixed reserve of shares of our common stock available for awards granted under the plan and does not provide for any annual increase of available shares.

Conservative share-counting provisions. The Plan prohibits shares tendered to pay the exercise price or shares withheld for payment of taxes of stock options and stock appreciation rights (SARs) to be added back to the number of shares remaining available for issuance under the plan. In addition, the Plan contains a fungible share design under which each share subject to an award other than stock options and SARs will count as 2.19 shares against the total number of shares we have reserved for issuance under the Plan. The fungible share design is used in recognition of the fact that full-value awards can potentially be more costly to our stockholders than awards based on appreciation of stock price, such as options and SARs.

Limited terms. The Plan sets the maximum term for options and SARs at ten years. The Plan will terminate in 2025.

No stock option repricings. The Plan expressly prohibits the repricing of stock options and SARs, including through cancellations in exchange for another award or cash, without shareholder approval.

No discounted stock options or SARs. The Plan requires the exercise price of stock options and SARs to be not less than the fair market value of our common stock on the date of grant.

Change in control definition limited. The Plan contains a change in control definition that would trigger payments, if any, to participants only when an actual change in control of TreeHouse occurs.

The material terms of the Plan and of the proposed amendments are provided below.

Material Amendments to the Plan

On February 27, 2015, the Compensation Committee, on behalf of the Board approved, subject to stockholder approval, the amendment and restatement of the Plan that would increase the maximum number of shares of common stock that may be issued under the Plan by 3,000,000 shares, to 12,260,167 shares. As of December 31, 2014, there were 2,662,000 shares subject to outstanding awards under the Plan and 1,348,000 shares available for future awards under the Plan. With the addition of 3,000,000 shares requested pursuant to the amendment and restatement, there would be 4,348,000 shares available for future awards, which would equate to a maximum of 1,985,388 shares that could be issued pursuant to full value awards like restricted stock units and performance units when applying the 2.19:1 fungible share counting ratio in the Plan. The Compensation Committee believes that increasing the total number of shares available for awards under the Plan is necessary to ensure that a sufficient number of shares will be available to fund our compensation programs. If the amendment is not approved, the Company expects that it will not have enough shares in the Plan to provide management and directors an annual market equity grant beyond 2015 in a manner consistent with prior practices. If the amendment is approved by our stockholders, we plan to register the offer and sale of the 3,000,000 additional shares of common stock on a registration statement on Form S-8. We anticipate we would have enough shares, after approval by our stockholders, to provide annual market equity grants for approximately three years, in a manner consistent with prior practices. If shares of our common stock are changed into or exchanged for a different kind or number of shares, for example in the event of a stock split, stock dividend or other recapitalization, then the number and kind of shares which may be issued under the Plan, the limitations on the number of shares which

Edgar Filing: TreeHouse Foods, Inc. - Form DEF 14A

may be made subject to awards and the terms and provisions of outstanding awards will be appropriately adjusted to reflect such change in the common stock.

The term of the Plan has been extended to February 27, 2025, which is 10 years from the effective date of the amendment and restatement.

Table of Contents

The Plan now provides for double-trigger vesting of awards that are (i) granted after the effective date of the amendment and restatement of the Plan and (ii) assumed or replaced with economically equivalent awards by a successor entity upon a change in control. Such awards will no longer vest immediately upon a change in control and will only receive accelerated vesting if, within 24 months following the change in control, the successor entity terminates the participant without cause or the participant terminates employment for good reason.

The Plan now contains an annual award limit of \$500,000 in fair market value for each non-employee director.

In addition to seeking stockholder approval for the amendments described above, stockholder approval is necessary for us to make awards that may satisfy the requirements for tax deductibility under Section 162(m) of the Code, which limits the annual federal tax deduction for compensation paid to our Chief Executive Officer and the other three most highly compensated executive officers (other than the chief financial officer) to \$1 million. Certain performance-based compensation is excluded from this limitation. The Plan was designed to allow us to make awards that comply with these performance-based compensation exclusions. However, in order to preserve this ability to make qualified performance-based awards, we are required to obtain stockholder approval of the material terms of the performance goals in the Plan every five years. As such, we are seeking stockholder approval of the Plan, which contains the eligible participants, annual limitations and performance criteria for performance based awards to maintain compliance with Section 162(m) of the Code, each of which is described below. The performance criteria are described below in Performance Shares and Performance Units; Performance Awards; Performance Criteria.

Description of the Equity and Incentive Plan

The following is a summary of the Plan, as amended and restated, subject to receiving stockholder approval. For a more complete understanding of the Plan, please refer to the entire text of the Plan, a copy of which is included with this proxy statement as *Appendix A*.

The purposes of the Plan are to attract and retain non-employee directors, consultants, executive personnel and other key employees of outstanding ability, to motivate them by means of performance-related incentives and to enable them to participate in our growth and financial success. Eligibility to participate in the Plan is limited to our non-employee directors, consultants, and employees (including officers and directors who are employees) and the non-employee directors, consultants, and employees of our subsidiaries. As of February 27, 2015, we had approximately 6,200 employees and consultants and eight non-employee directors.

The Plan is administered by our Compensation Committee, which consists entirely of independent directors. The Compensation Committee or, with respect to awards to employees who are below the position of TreeHouse senior vice president (or any analogous title) and not executive officers, and if the committee so designates, our Chief Executive Officer or such other officer or officers will, from time to time, determine the specific persons to whom awards under the Plan will be granted, the extent of any such awards and the terms and conditions of each award. The Compensation Committee or its designee, pursuant to the terms of the Plan, also will make all other necessary decisions and interpretations under the Plan.

Under the Plan, the Compensation Committee may grant awards of various types of equity-based compensation, including stock options, SARs, restricted stock and restricted stock units, performance shares and performance units and other types of stock-based awards, and cash-based compensation consisting of annual bonuses. The maximum number of shares that are available to be awarded under the Plan is 12,260,167 shares of common stock of the Company, which is equal to the sum of (i) 9,260,167 shares previously authorized under the Plan and (ii) 3,000,000 shares requested pursuant to this amendment and restatement of the Plan.

Our three-year average burn rate under the Plan calculated by Institutional Shareholder Services (ISS) (through the three fiscal years ended December 31, 2014) is 2.84%. The three-year average burn rate was determined by ISS as (i) options granted plus (ii) the adjusted amount of restricted stock units and performance units granted (using a 3.0 multiplier for each of these full value awards based on our stock price volatility), divided by (iii) weighted average (basic) common shares outstanding of the applicable fiscal year. As of

Table of Contents

December 31, 2014, there were 2,662,000 shares subject to outstanding awards under the Plan and 1,348,000 shares available for future awards under the Plan. With the addition of 3,000,000 shares requested pursuant to the amendment and restatement, there would be 4,348,000 shares available for future awards, which would equate to a maximum of 1,985,388 shares that could be issued pursuant to full value awards like restricted stock units and performance units when applying the 2.19:1 fungible share counting ratio in the Plan.

The maximum number of shares of our common stock that may be issued under the Plan with respect to incentive stock options may not exceed 1,000,000 shares. In addition, no participant may be granted awards of restricted stock, restricted stock units, performance shares and performance units covering more than 1,500,000 shares in any calendar year and no participant may be granted options and SARs over 1,500,000 shares of our common stock in any calendar year. No more than \$5,000,000 may be paid to any one participant with respect to cash-based awards made during a calendar year. Shares subject to awards that expire without being exercised, are cancelled or terminated or otherwise settled without the issuance of any shares of common stock shall again be available for grant under the Plan. Shares withheld to satisfy tax obligations for awards other than stock options and stock appreciation rights will again be available for issuance under the Plan. The following shares will not be added back to the aggregate number of shares of common stock available for issuance under the Plan: (i) shares tendered to us or withheld by us to pay the exercise price of a stock option, or to satisfy any tax withholding obligation with respect to stock options or stock appreciation rights; (ii) shares subject to stock appreciation rights that are not issued in connection with the settlement of stock appreciation rights for shares upon exercise; and (iii) shares from stock options that are net exercised to cover the exercise price.

The Plan contains a fungible share design such that each share subject to an award that is not a stock option or SAR granted pursuant to the Plan (a full-value award) will count as 2.19 shares against the total number of shares we have reserved for issuance under the Plan. This provision is included in the Plan because we recognize that full-value awards can potentially be more costly to our stockholders than awards whose value is derived solely from the appreciation of the underlying common stock, such as stock options and stock appreciation rights. The latest amendment and restatement of the Plan also clarifies that for the purpose of determining the number of shares available under the Plan, the number of shares available for issuance under the Plan is increased by one (1.00) share for every one (1.00) share granted in respect of options or SARs that again become available for grant and two and nineteen one hundredths (2.19) shares for every one (1.00) share granted in respect of awards other than options or SARs that again become available for grant under the Plan.

Performance Shares and Performance Units; Performance Awards; Performance Criteria

The Compensation Committee may grant awards of performance shares or performance units under the Plan based upon the achievement of specified performance objectives or the occurrence of other events, such as a change in control, as determined by the Compensation Committee in its discretion. The Compensation Committee has the authority to determine other terms and conditions of the performance shares and performance units. Participants may not transfer any shares underlying such awards before they vest. The Compensation Committee may also grant performance awards under the Plan. Performance awards may be payable in cash or in shares of common stock, and may relate to a single year performance period, such as an annual bonus award, or multi-year periods.

Unless otherwise determined by the Compensation Committee or provided in an employment or individual severance agreement, if a participant's service is terminated by reason of death, disability or retirement during the relevant performance period, the participant (or any designated beneficiary) will be entitled to the same payment in respect of the performance award, performance shares or performance units for that performance period as would have been payable if the participant's service with us had continued until the end of that performance period (based on actual performance), prorated based on the participant's length of service during the performance period. If a participant's service is terminated for any other reason, all of the participant's rights to the performance award, performance shares and performance units will be immediately forfeited and cancelled (unless otherwise determined by the Compensation Committee or provided in an employment or individual severance agreement), and in any event, all such rights will be immediately forfeited and cancelled upon termination of employment for cause.

Table of Contents

The Compensation Committee may establish performance goals applicable to any award, including performance awards, performance shares and performance units. When establishing a performance goal, the Compensation Committee will determine the performance period over which performance against the goal will be measured and the amount of cash or number or value of shares earned based on the level of the performance goal achieved. Additional provisions relating to the setting of the performance goal, certifying achievement of performance against the goal and the amount earned, and the ability to use negative discretion to reduce the amount earned apply to awards made to executive officers which are intended to meet the tax deductibility rules for performance-based compensation under Section 162(m) of the Code.

The Plan provides that the Compensation Committee may base the performance goals upon the relative or comparative attainment of one or more of the following performance criteria, (whether in absolute terms or relative to the performance of one or more similarly situated companies or a published index covering the performance of a number of companies): working capital, book value, cash flow (including funds from operations), customer satisfaction, combined ratio, earnings (either in aggregate or on a per-share basis), earnings before or after either, or any combination of, interest, taxes, depreciation, or amortization (EBITDA), economic value added, expenses/costs, gross or net income, gross or net operating margins, gross or net profits, gross or net revenues, inventory turns, margins, market share, net income or earnings, operating income or earnings, operational performance measures, pre-tax income, productivity ratios and measures, profitability ratios, return measures (including return on assets, return on equity, return on investment, return on capital, return on invested capital, gross profit return on investment, gross margin return on investment), share price (including growth in share price and total shareholder return), strategic business objectives (including objective project milestones), or transactions relating to acquisitions or divestitures, and, in the case of persons who are not executive officers, such other criteria as may be determined by the Compensation Committee. Performance criteria may be established on a Company-wide basis or with respect to one or more business units or divisions or subsidiaries. When establishing performance criteria for a performance period, the Compensation Committee may exclude any or all extraordinary items as determined under U.S. generally accepted accounting principles including, without limitation, the charges or costs associated with restructurings of the Company or any subsidiary, discontinued operations, other unusual or non-recurring items, the cumulative effects of accounting changes or such other objective factors as the Compensation Committee deems appropriate.

The Compensation Committee, in its discretion, may at any time after the grant date completely or partially waive the performance criteria, performance condition, service condition or other restriction imposed on an award of performance awards, performance shares and performance units upon a change in control or upon a participant's termination of service by reason of death or disability, except to the extent such waiver would result in an award that is intended to qualify as performance-based compensation under Section 162(m) of the Code to no longer qualify as performance-based compensation.

Restricted Stock and Restricted Stock Units

The Compensation Committee may grant awards of restricted stock and restricted stock units under the Plan. The restricted stock and restricted stock units are forfeitable until they vest, and the participant may not transfer the restricted stock before it vests. The restricted stock and the restricted stock units will vest as specified in the applicable award agreement, but no earlier than the first anniversary of the date of grant (subject to the participant's continued service with us) or upon satisfaction of any additional conditions to vesting, such as the achievement of specified performance objectives or changes in control, as determined by the Compensation Committee in its discretion. Unless otherwise determined by the Compensation Committee or provided in an employment or individual severance agreement, if a participant's service is terminated by reason of retirement or by death or disability during the restriction period, a pro rata portion of any restricted stock or restricted stock units held by the participant will vest and become nonforfeitable based on the number of full calendar months of the participant's service relative to the number of months in the restriction period at the date of termination. If the restricted stock or restricted stock units are subject to performance criteria and the participant terminates due to retirement, then the pro rata share portion of such award described in the previous sentence will be earned and vest, if at all, based on the actual achievement of such performance criteria during the performance period. If a participant's service is terminated for any other reason, any restricted stock or restricted stock units held by the participant will be immediately forfeited and cancelled (unless otherwise determined by the Compensation

Table of Contents

Committee or provided in an employment or individual severance agreement), and, in any event, all such restricted stock and restricted stock units will be immediately forfeited and cancelled upon termination of service for cause.

The Compensation Committee, in its discretion, may at any time after the grant date waive the restriction period and any restrictions, conditions or limitations imposed on an award of a restricted stock or restricted stock units upon a change in control or upon a participant's termination of service by reason of death or disability, except to the extent such waiver would result in an award that is intended to qualify as performance-based compensation under Section 162(m) of the Code to no longer qualify as performance-based compensation.

Stock Options and Stock Appreciation Rights

The Compensation Committee may grant awards of stock options and SARs under the Plan. The stock options may be either incentive stock options (as that term is defined in Section 422 of the Code), which provide the recipient with favorable tax treatment, or options that are not incentive stock options (non-qualified stock options). The Compensation Committee has the authority to determine the terms and conditions of the stock options and SARs, including the number of shares subject to each stock option and SAR, the exercise price per share, which must be at least the fair market value of a share of our common stock on the date of grant (as determined in accordance with the Plan), and when the stock option or SAR will become exercisable. The stock options and SARs will become vested and exercisable as specified in the applicable award agreement, including upon satisfaction of any additional conditions to vesting, such as the achievement of specified performance objectives or changes in control, as determined by the Compensation Committee in its discretion. The exercise period for any stock options and SARs awarded under the Plan may not extend beyond ten years from the date of grant.

Stock options and SARs awarded under the Plan that become vested and exercisable may be exercised in whole or in part. The exercise price must be paid either in cash or cash equivalents or, if permitted by the Compensation Committee, with previously acquired shares of our common stock, by means of a brokered cashless exercise or by a combination of the foregoing provided that the consideration tendered, valued as of the date tendered, is at least equal to the exercise price for the stock options being exercised.

Upon exercise of a SAR, the participant will receive a payment equal to the increase in the fair market value of a share of common stock on the date of exercise over the exercise price (fair market value on date of grant), multiplied by the number of shares with respect to which the SAR is exercised. The payment will be made in cash or shares of common stock of equivalent value.

Unless otherwise determined by the Compensation Committee or provided for in an employment or individual severance agreement, if a participant's service is terminated by reason of death or disability, all stock options and SARs held by the participant at the date of termination will vest and become exercisable and will remain exercisable until the earlier of (i) the second anniversary of such termination (or, for incentive stock options, the first anniversary of such termination) or (ii) the expiration date of the option or SAR. If a participant's service is terminated for any other reason, unless otherwise specified in the applicable award agreement, any stock options held by the participant that have not become vested and exercisable will be immediately cancelled and any stock options that have become vested and exercisable will remain exercisable for 90 days following such termination. In any event, all stock options and SARs (whether or not then vested and exercisable) will be immediately cancelled upon termination of service for cause. The Plan prohibits the repricing of stock options or SARs, including through cancellations in exchange for another award or cash.

Other Stock-Based Awards

The Plan permits the Compensation Committee to grant other forms of stock-based awards with such terms and conditions as the Compensation Committee determines, including provisions relating to the impact of termination of service and a change in control. Such awards may include outright grants of shares without restriction or awards structured to meet the requirements of non-U.S. law or practice. Such awards may be settled by the issuance of shares or by a cash payment equal to the value of the shares earned under the award.

Change in Control

Except as otherwise provided in an employment or individual severance agreement or award agreement, upon a change in control (as defined in the Plan) of the Company, each outstanding award may be assumed by the successor entity or replaced with economically equivalent awards (Replacement Awards). Such Replacement Awards shall (i) be subject to double-trigger vesting as follows: if a participant's service is terminated other than for cause or due to good reason within 24 months following the change in control, such Replacement Awards will immediately vest upon such termination, and (ii) if the Replacement Award was a performance award, performance share or performance unit then such award (A) will no longer subject to any performance criteria, which will be deemed satisfied at the higher of actual performance through the date of the change in control or the target performance level for such Replacement Awards and (B) will be subject only to a time-based vesting period substantially equivalent to the applicable remaining performance period for such Replacement Award, subject to acceleration pursuant to (i) above.

If the successor entity fails to assume or replace any outstanding awards as described above, then (i) all outstanding stock options, SARs and other stock-based awards will become immediately vested and exercisable; (ii) the restriction period of all outstanding restricted stock and restricted stock units will immediately lapse; (iii) each outstanding performance award and performance share will be cancelled in exchange for 100% of the amount earned upon full achievement of applicable performance criteria; and (iv) each outstanding performance unit will be cancelled in exchange for a payment equal to the value that would have been payable had each such performance unit been deemed equal to 100% of its initially established dollar or local currency denominated value. In addition, if the successor entity fails to assume or replace any outstanding awards as described above, the Compensation Committee may provide that in connection with a change in control:

each stock option and SAR will be cancelled in exchange for an amount equal to the excess, if any, of the price per share offered in respect of our common stock in conjunction with the transaction giving rise to the change in control or, in the case of a change in control occurring by reason of a change in the composition of our Board, the highest fair market value of our common stock on any of the preceding 30 trading days (such price, the Change in Control Price) over the exercise price for such option; and

each share of restricted stock and each restricted stock unit will be cancelled in exchange for an amount equal to the Change in Control Price multiplied by the number of shares of our common stock covered by such award. All amounts payable as a result of a change in control will be paid in cash or, at the discretion of the Compensation Committee, in shares of stock of any new employer.

If a change in control occurs as a result of a merger, reorganization, consolidation or sale of all or substantially all of our assets, any participant whose service is involuntarily terminated (death, disability or other than for cause) on or after the date on which our stockholders approve the transaction giving rise to the change in control will be treated for purposes of the Plan as continuing service with us until the consummation of the change in control and to have been terminated immediately thereafter.

Amendment and Termination

The Board may terminate or suspend the Plan at any time, and from time to time may amend or modify the Plan, provided that without the approval by a majority of the votes cast at a duly constituted meeting of stockholders, no amendment or modification to the Plan may (i) materially increase the benefits accruing to participants under the Plan, (ii) except as a result of an adjustment in capitalization, materially increase the number of shares of stock subject to awards under the Plan or the number of awards or amount of cash that may be granted to a participant under the Plan, (iii) materially modify the requirements for participation in the Plan, or (iv) materially modify the Plan in any way that would require stockholder approval under any regulatory requirement that the Compensation Committee determines to be applicable. Consequently, the Plan cannot be amended to remove the prohibition on re-pricing or to permit the grant of options or SARs at below fair market value exercise prices without stockholder approval. No amendment, modification, or termination of the Plan shall in any material way adversely affect any award previously granted under the Plan without the consent of the participant. The Plan shall continue in effect, unless sooner terminated by the Board, until February 27, 2025, the tenth anniversary of the date on which the Plan was adopted by the Board, at which time no additional awards may be granted.

Summary of Federal Tax Consequences

The following is a brief description of the federal income tax treatment that generally applies to Plan awards. The description is based on current federal tax laws, rules and regulations, which are subject to change, and does not purport to be a complete description of the federal income tax aspects of the Plan. A participant may also be subject to state and local taxes.

Non-Qualified Stock Options. The grant of a non-qualified stock option will not result in taxable income to the participant. The participant will realize ordinary income at the time of exercise in an amount equal to the excess, if any, of the then fair market value of the stock acquired over the exercise price for those shares, and we will be entitled to a corresponding deduction. Gains or losses realized by the participant upon disposition of such shares will be treated as capital gains or losses, with the basis in such stock equal to the fair market value of the shares at the time of exercise.

Incentive Stock Options. The grant of an incentive stock option will not result in taxable income to the participant. The exercise of an incentive stock option will not result in taxable income to the participant if the participant was, without a break in service, employed by us or an affiliate from the date of the grant of the option until the date three months prior to the date of exercise (one year prior to the date of exercise if the participant is disabled). The excess, if any, of the fair market value of the stock at the time of the exercise over the exercise price is an adjustment that is included in the calculation of the participant's alternative minimum taxable income for the tax year in which the incentive stock option is exercised.

If the participant does not sell or otherwise dispose of the stock within two years from the date of the grant of the incentive stock option or within one year after the transfer of such stock to the participant, then, upon disposition of such stock, any amount realized in excess of the exercise price will be taxed to the participant as capital gain, and we will not be entitled to a corresponding deduction. A capital loss will be recognized to the extent that the amount realized is less than the exercise price. If the foregoing holding period requirements are not met, the participant will generally realize ordinary income at the time of the disposition of the shares, in an amount equal to the lesser of (i) the excess, if any, of the fair market value of the stock on the date of exercise over the exercise price, or (ii) the excess, if any, of the amount realized upon disposition of the shares over the exercise price, and we will be entitled to a corresponding deduction. If the amount realized exceeds the value of the shares on the date of exercise, the additional amount will be capital gain. If the amount realized is less than the exercise price, the participant will recognize no income, and a capital loss will be recognized equal to the excess of the exercise price over the amount realized upon the disposition of the shares.

Stock Appreciation Rights. The grant of a stock appreciation right will not result in taxable income to the participant. The participant will realize ordinary income at the time of exercise in an amount equal to the amount of cash or the fair market value of the shares paid upon exercise, and we will be entitled to a corresponding deduction. Gains or losses realized by the participant upon disposition of any shares received will be treated as capital gains or losses, with the basis in such stock equal to the fair market value of the shares at the time of exercise.

Restricted Stock and Performance Shares. A grant of restricted stock or performance shares will not result in taxable income to the participant at the time of grant, and we will not be entitled to a corresponding deduction, assuming that the shares are subject to transferability restrictions and that certain restrictions on the shares constitute a substantial risk of forfeiture for federal income tax purposes. Upon vesting, the holder will realize ordinary income in an amount equal to the then fair market value of the vested shares, and we will be entitled to a corresponding deduction. Gains or losses realized by the participant upon subsequent disposition of such shares will be treated as capital gains or losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting. Dividends paid to the holder of restricted stock during the restriction period also will be compensation income to the participant, and we will be entitled to a corresponding deduction when the dividends no longer are subject to a substantial risk of forfeiture or become transferable. A participant may elect pursuant to Section 83(b) of the Code to have income recognized at the date a restricted stock award or performance share award, as the case may be, is granted and to have the applicable capital gain holding period commence as of that date. In such a case, we will be entitled to a corresponding deduction on the date of grant.

Restricted Stock Units and Performance Units. A grant of restricted stock units or performance units will not result in taxable income to the participant at the time of grant, and we will not be entitled to a corresponding

Table of Contents

deduction. Upon vesting and issuance of the underlying shares, the holder will realize ordinary income in an amount equal to the then fair market value of the issued shares, and we will be entitled to a corresponding deduction. Gains or losses realized by the participant upon disposition of such shares will be treated as capital gains or losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting and issuance. Dividend equivalents paid to the holder of restricted stock units during the restriction period also will be compensation income to the participant, and we will be entitled to a corresponding deduction when the dividend equivalents are paid. No election pursuant to Section 83(b) of the Code may be made with respect to restricted stock units and performance units.

Performance Awards and Other Stock-Based Awards. A grant of a performance award or other unvested stock-based award will not result in taxable income to the participant at the time of grant, and we will not be entitled to a corresponding deduction. Upon payment of cash or the vesting or issuance of the underlying shares, the participant will realize ordinary income in an amount equal to the cash received or the then fair market value of the issued shares, and we will be entitled to a corresponding deduction. Gains or losses realized by the participant upon subsequent disposition of such shares will be treated as capital gains or losses, with the basis in such shares equal to the fair market value of the shares at the time of vesting and issuance.

Tax Withholding. As a condition to the delivery of any shares to the recipient of an award, we may require the recipient to make arrangements for meeting certain tax withholding requirements in connection with the award.

The preceding is based on current federal tax laws and regulations, which are subject to change, and does not purport to be a complete description of the federal income tax aspects of the Plan. A participant may also be subject to state and local taxes.

TREEHOUSE FOODS, INC.

EQUITY AND INCENTIVE PLAN

(Amended and Restated Effective February 27, 2015)

Section 1. *PURPOSE*

The TreeHouse Foods, Inc. Equity and Incentive Plan, as amended and restated effective February 27, 2015 (the "Plan"), was originally an amendment and restatement of the TreeHouse Foods, Inc. 2005 Long-Term Stock Incentive Plan approved by stockholders on April 19, 2007. The Plan is intended to promote the interests of the Company and its shareholders by (i) attracting and retaining non-employee directors and executive personnel and other key employees of outstanding ability; (ii) motivating non-employee directors and executive personnel and other key employees, by means of performance-related incentives, to achieve longer-range Performance Criteria; and (iii) enabling such non-employee directors and employees to participate in the growth and financial success of the Company.

Section 2. *DEFINITIONS*

(a) Certain Definitions. Capitalized terms used herein without definition shall have the respective meanings set forth below:

Act means the Securities Exchange Act of 1934, as amended.

(b) *Power to Grant and Establish Terms of Awards.* The Committee shall have the discretionary authority, subject to the terms of the Plan, to determine which Employees, Directors or Consultants to whom Awards shall be granted, the type or types of Awards to be granted, and the terms and conditions of any and all Awards including, without limitation, the number of shares of Stock subject to an Award, the time or times at which Awards shall be granted, and the terms and conditions of applicable Award Agreements. The Committee may establish different terms and conditions for different types of Awards, for different Participants receiving the same type of Award, and for the same Participant for each type of Award such Participant may receive, whether or not granted at the same or different times.

(c) *Administration.* The Plan shall be administered by the Committee. The Committee shall have sole and complete authority and discretion to adopt, alter and repeal such administrative rules, guidelines and practices governing the operation of the Plan as it shall from time to time deem advisable, and to interpret the terms and provisions of the Plan. The Committee's decisions (including any failure to make decisions) shall be binding upon all persons, including the Company, shareholders, Employers, and each Employee, Director, Consultant, Participant or Designated Beneficiary, and shall be given deference in any proceeding with respect thereto.

(d) *Delegation by the Committee.* The Committee may delegate to the Company's Chief Executive Officer and/or to such other officer(s) of the Company the power and authority to make and/or administer Awards under the Plan with respect to individuals who are below the position of Company Senior Vice President (or any analogous title), pursuant to such conditions and limitations as the Committee may establish; provided that only the Committee or the Board may select, and grant Awards to, Executive Officers or exercise any other discretionary authority under the Plan in respect of Awards granted to such Executive Officers. Unless the Committee shall otherwise specify, any delegate shall have the authority and right to exercise (within the scope of such person's delegated authority) all of the same powers and discretion that would otherwise be available to the Committee pursuant to the terms hereof. The Committee may also appoint agents (who may be officers or employees of the Company) to assist in the administration of the Plan and may grant authority to such persons to execute agreements, including Award Agreements, or other documents on its behalf. All expenses incurred in the administration of the Plan, including, without limitation, for the engagement of any counsel, consultant or agent, shall be paid by the Company.

(e) *Restrictive Covenants and Other Conditions.* Without limiting the generality of the foregoing, the Committee may condition the grant of any Award under the Plan upon the Participant to whom such Award would be granted agreeing in writing to certain conditions (such as restrictions on the ability to transfer the underlying shares of Stock) or covenants in favor of the Company and/or one or more Affiliates thereof (including, without limitation, covenants not to compete, not to solicit employees and customers and not to disclose confidential information, that may have effect following the termination of the Participant's Service and after the Stock subject to the Award has been transferred to the Participant), including, without limitation, the requirement that the Participant disgorge any profit, gain or other benefit received in respect of the Award prior to any breach of any such covenant.

regular or periodic payments and (ii) are not to be considered part of the Participant's salary or compensation under the Participant's employment with the Participant's local employer for purposes of calculating any severance, resignation, redundancy or other end of service payments, vacation, bonuses, long-term service awards, indemnification, pension or retirement benefits, or any other payments, benefits or rights of any kind. Section 4. MAXIMUM AMOUNT AVAILABLE FOR AWARDS

(a) Number. Subject in all cases to the provisions of this Section 4, the maximum number of shares of Stock that are available for issuance pursuant to Awards shall be 12,260,167 or the sum of (i) 9,260,167 shares of Stock previously authorized under the Plan and (ii) 3,000,000 shares of Stock requested pursuant to the most recent amendment and restatement of the Plan. Such maximum number of shares shall be subject to adjustment in Section 4(d). Notwithstanding the provisions of Section 4(b) of the Plan, the maximum number of shares of Stock that may be issued in respect of Incentive Stock Options shall not exceed 1,000,000 shares. Shares of Stock may be made available from Stock held in treasury or authorized but unissued shares of the Company not reserved for any other purpose.

(b) Canceled, Terminated, or Forfeited Awards, etc. Any shares of Stock subject to an Award which for any reason expires without having been exercised, is canceled or terminated or otherwise is settled without the issuance of any Stock shall again be available for grant under the Plan. In applying the immediately preceding sentence, if (i) shares of Stock otherwise issuable or issued in respect of, or as part of, any Award other than Options and SARs are withheld to cover taxes, such shares shall not be treated as having been issued under the Plan and shall again be available for issuance under the Plan, (ii) shares of Stock otherwise issuable or issued in respect of, or as part of, any Award of Options or SARs are withheld to cover taxes or the exercise price of such Award, such shares shall be treated as having been issued under the Plan and shall not be available for issuance under the Plan (iii) any Options are Net Exercised, the aggregate number of shares of Stock subject to such Options shall be deemed issued under the Plan and shall not be available for issuance under the Plan, and (iv) any stock-settled SARs are exercised, the aggregate number of shares of Stock subject to such SARs shall be deemed issued under the Plan and shall not be available for issuance under the Plan. In addition, shares of Stock tendered to exercise outstanding Options or other Awards or to cover applicable taxes on Awards of Options and SARs shall not be available for issuance under the Plan, but shares of Stock tendered to cover applicable taxes on Awards other than Options and SARs shall be available for issuance under the Plan. The number of Shares remaining available for issuance shall be reduced by the number of Shares subject to outstanding Awards and, for Awards that are not denominated by Shares, by the number of Shares actually delivered upon settlement or payment of the Award; provided, however, that, notwithstanding the foregoing, for every one Share issued in respect of an award of (i) Restricted Stock, (ii) Restricted Stock Units, (iii) Performance Shares, (iv) Performance Units, (v) Performance Awards, and (vi) Other Stock-Based Awards, the number of Shares available for issuance under the Plan shall be reduced by 2.19 Shares for purposes of determining the number of Shares that remain available for issuance under the Plan. Solely for the purpose of applying the limitation set forth in Section 4(a), the number of shares available for issuance under the Plan shall be increased by one (1.00) Share for every one (1.00) Share granted in respect of an Award of an Option or SAR that again become available for grant pursuant to this Section 4(b) and two and nineteen one hundredths (2.19) Shares for every one (1.00) Share granted in respect of an Award other than an Award of a Stock Option or Stock Appreciation Right that again become available for grant pursuant to this Section 4(b).

(c) Individual Award Limitations. No Participant may be granted under the Plan in any calendar year Awards of Restricted Stock, Restricted Stock Units, Performance Shares and Performance Units covering an aggregate of more than 1,500,000 shares of Stock, subject to adjustment as described in Section 4(d) or 10(b). No Participant may be granted Options and SARs with respect to more than 1,500,000 shares of Stock under the Plan in any calendar year, subject to adjustment as described in Section 4(d) or 10(b). The maximum aggregate cash payment with respect to cash-based Awards (including Performance Awards) granted in any one fiscal year that may be made to any Participant shall be \$5,000,000. Table of Contents

No non-employee director may receive in any calendar year Awards with an aggregate Fair Market Value greater than \$500,000 whether such Awards are settled in cash or in shares of Stock; provided that this limit shall not apply to any Awards a non-employee director elects to receive at Fair Market Value in lieu of all or a portion of such non-employee director's Compensation. Compensation for this purpose includes all cash remuneration payable to a non-employee director, other than reimbursement for expenses, and shall include retainer fees for service on the Board, fees for serving as Chairman of the Board or for serving as Chairman or member of any committee of the Board, compensation for work performed in connection with service on a committee of the Board or at the request of the Board, any committee of the Board or a Chief Executive Officer or any other kind or other category of fees or payments which may be put into effect in the future.

(d) Adjustment in Capitalization. In the event that the Committee shall determine that any stock dividend, stock split, share combination, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, exchange of shares, warrants or rights offering to purchase Stock at a price substantially below Fair Market Value, or other similar corporate event affects the Stock such that an adjustment is required in order to preserve, or to prevent the enlargement of, the benefits or potential benefits intended to be made available under this Plan, then an adjustment shall be made in the number and class of shares of stock available for Awards under Section 4(a) and the limitations in Section 4(c) and the Committee shall substitute for or add to each share of Stock that may become subject to an Award the number and kind of shares of stock or other securities into which each outstanding share of Stock was changed, for which each such share of Stock was exchanged, or to which each such share of Stock, as the case may be.

Section 5. PERFORMANCE AWARDS, PERFORMANCE SHARES AND PERFORMANCE UNITS

(a) Generally. The Committee shall have the authority to determine the Participants who shall receive Performance Awards, Performance Shares and Performance Units, the number of Performance Shares and the number and value of Performance Units each Participant receives for each or any Performance Period, and the Performance Criteria applicable in respect of such Performance Awards, Performance Shares and Performance Units for each Performance Period. The Committee shall determine the duration of each Performance Period (which may differ from each other), and there may be more than one Performance Period in existence at any one time as to any Participant or all or any class of Participants. Each grant of Performance Shares and Performance Units shall be evidenced by an Award Agreement that shall specify the number of Performance Shares and the number and value of Performance Units awarded to the Participant, the Performance Criteria applicable thereto, and such other terms and conditions not inconsistent with the Plan as the Committee shall determine. No shares of Stock will be issued at the time an Award of Performance Shares is made, and the Company shall not be required to set aside a fund for the payment of Performance Shares or Performance Units. Subject to the terms of the Plan, Performance Awards may be granted to Participants in such amounts, subject to such Performance Criteria, and upon such terms, and at any time and from time to time, as shall be determined by the Committee.

(b) Earned Performance Awards, Performance Shares and Performance Units. Performance Awards, Performance Shares and Performance Units shall become earned, in whole or in part, based upon the achievement of one or more Performance Criteria or other performance conditions achieved during a Performance Period selected by the Committee. In the case of an Award to any Executive Officer of Performance Awards, Performance Shares or Performance Units that are intended to qualify as performance-based compensation under Section 162(m) of the Code, such Award must solely be subject to one or more Performance Criteria selected from among the criteria set forth in Section 5(c) of the Plan. The Committee may provide, at the time of any grant of Performance Shares or Performance Units, that if performance relative to the Performance Criteria exceeds targeted levels, the number of shares issuable in respect of each Performance Share or the value payable in respect of each Performance Unit shall be adjusted by such multiple (not in excess of 200%) as the Committee shall specify.

(c) Performance Criteria. At the discretion of the Committee, Performance Criteria may be based on the total return to the Company's shareholders, inclusive of dividends paid, during the applicable Performance Period (determined either in absolute terms or relative to the performance of one or more similarly situated companies or a published index covering the performance of a number of companies), or upon the relative or comparative attainment of one or more of the following criteria, whether in absolute terms or relative to the performance of one or more similarly situated companies or a published index covering the performance of a number of companies: working capital, book value, cash flow (including funds from operations), customer

satisfaction, combined ratio, earnings (either in aggregate or on a per-share basis), earnings before or after either, or any combination of, interest, taxes, depreciation, or amortization (EBITDA), economic value added, expenses/costs, gross or net income, gross or net operating margins, gross or net profits, gross or net revenues, inventory turns, margins, market share, net income or earnings, operating income or earnings, operational performance measures, pre-tax income, productivity ratios and measures, profitability ratios, return measures (including return on assets, return on equity, return on investment, return on capital, return on invested capital, gross profit return on investment, gross margin return on investment), share price (including growth in share price and total shareholder return), strategic business objectives (including objective project milestones), or transactions relating to acquisitions or divestitures, and, in the case of persons who are not Executive Officers, such other criteria as may be determined by the Committee. Performance Criteria may be established on a Company-wide basis or with respect to one or more business units or divisions or Subsidiaries. When establishing Performance Criteria for a Performance Period, the Committee may exclude any or all extraordinary items as determined under U.S. generally accepted accounting principles including, without limitation, the charges or costs associated with restructurings of the Company or any Subsidiary, discontinued operations, other unusual or non-recurring items, the cumulative effects of accounting changes or such other objective factors as the Committee deems appropriate. Except in the case of Awards to Executive Officers intended to be performance-based compensation under Section 162(m)(4) of the Code, the Committee may also adjust the Performance Criteria for any Performance Period as it deems equitable in recognition of unusual or non-recurring events affecting the Company, changes in applicable tax laws or accounting principles, or such other factors as the Committee may determine.

(d) Special Rule for Performance Criteria. If, at the time of grant, the Committee intends an Award of Performance Awards, Performance Shares or Performance Unit to qualify as performance-based compensation within the meaning of Section 162(m)(4) of the Code, (i) the Committee must establish the Performance Criteria for the applicable Performance Period no later than the 90th day after the Performance Period begins (or by such other date as may be required under Section 162(m) of the Code) and (ii) the Committee may not in any event increase the amount of compensation payable to a covered employee (within the meaning of Section 162(m) of the Code) upon attainment of the Performance Criteria above the maximum amount approved by the Committee in clause (i) above.

(e) Certification of Attainment of Performance Criteria. As soon as practicable after the end of a Performance Period and prior to any payment in respect of such Performance Period, the Committee shall certify the amount of the Performance Award, the number of Performance Shares, or the number and value of Performance Units, that have been earned on the basis of performance in relation to the established Performance Criteria.

(f) Payment of Awards. Earned Performance Awards, Performance Shares and the value of earned Performance Units shall be distributed to the Participant or, if the Participant has died, to the Participant's Designated Beneficiary, as soon as practicable after the expiration of the Performance Period and the Committee's certification under Section 5(e) above, provided that (i) earned Performance Awards, Performance Shares and the value of earned Performance Units shall not be distributed to a Participant until any other conditions on payment of such Awards established by the Committee have been satisfied, and (ii) any amounts payable in respect of Performance Awards, Performance Shares or Performance Units pursuant to Section 9 of the Plan shall be distributed in accordance with Section 9. The Committee shall determine whether Performance Awards, Performance Shares and the value of earned Performance Units are to be distributed in the form of cash, shares of Stock or in a combination thereof, with the value or number of shares of Stock payable to be determined based on the Fair Market Value of Stock on the date of the Committee's certification under Section 5(e) above.

(g) Newly Eligible Participants. Notwithstanding anything in this Section 5 to the contrary, the Committee shall be entitled to make such rules, determinations and adjustments as it deems appropriate with respect to any Participant who becomes eligible to receive Performance Awards, Performance Shares or Performance Units after the commencement of a Performance Period.

(h) Termination of Service.

(i) Special Termination or Retirement. Unless otherwise determined by the Committee at or after the grant date, or except as provided in an employment or individual severance agreement between a Participant and an Employer, a Participant whose Service terminates by reason of a Special

Termination or due to Retirement shall be entitled to a distribution of the same Performance Awards, number of Performance Shares, or the value of Performance Units that would have been payable for the Performance Period had his or her Service continued until the end of the applicable Performance Period (based on actual performance), prorated for the Participant's length of Service during the Performance Period. Any Performance Awards, Performance Shares or value of Performance Units becoming payable in accordance with the preceding sentence shall be paid at the same time as the Performance Awards, Performance Shares and the value of Performance Units are paid to other Participants (or at such earlier time as the Committee may permit). Any rights that a Participant or Designated Beneficiary may have in respect of any Performance Awards, Performance Shares or Performance Units outstanding at the date of the Special Termination or Retirement that are not available to be earned or that are not earned in accordance with this Section 5(h)(i) shall be forfeited and canceled, effective as of the date of the Participant's termination of Service.

(ii) Termination for any Other Reason. Unless otherwise determined by the Committee at or after the grant date, or except as provided in an employment or individual severance agreement between a Participant and an Employer, if a Participant's Service is terminated for any reason other than a Special Termination or Retirement prior to vesting in the Performance Awards, Performance Shares or Performance Units, all of the Participant's rights to Performance Awards, Performance Shares and Performance Units shall be immediately forfeited and canceled as of the date of such termination of Service. Notwithstanding the immediately preceding sentence, a Participant's rights in respect of unearned Performance Awards, Performance Shares and Performance Units shall in all events be immediately forfeited and canceled as of the date of the Participant's termination of Service for Cause.

(iii) Termination in Connection with a Change in Control. Notwithstanding anything to the contrary in this Section 5(h), Section 9 of the Plan shall determine the treatment of Performance Awards, Performance Shares and Performance Units upon a Change in Control, including the treatment of such Awards granted to any Participant whose Service is involuntarily terminated by an Employer other than for Cause or whose Service is terminated due to a Special Termination, in either case, on or after the date on which the shareholders of the Company approve the transaction giving rise to the Change in Control, but prior to the consummation thereof.

Section 6. RESTRICTED STOCK AND RESTRICTED STOCK UNITS

(a) Grant. Restricted Stock and Restricted Stock Units may be granted to Participants at such time or times as shall be determined by the Committee. The grant date of any Restricted Stock or Restricted Stock Units under the Plan will be the date on which such Restricted Stock or Restricted Stock Units are awarded by the Committee, or such other date as the Committee shall determine. Restricted Stock and Restricted Stock Units shall be evidenced by an Award Agreement that shall specify (i) the number of shares of Restricted Stock and the number of Restricted Stock Units granted to each Participant, (ii) the Restriction Period(s) applicable thereto and (iii) such other terms and conditions not inconsistent with the Plan as the Committee shall determine, including customary representations, warranties and covenants with respect to securities law matters. Awards of Restricted Stock Units shall be evidenced by a bookkeeping entry in the Company's records (or by such other reasonable method as the Company shall determine from time to time).

(b) Vesting. Restricted Stock and Restricted Stock Units granted to a Participant under the Plan shall be subject to a Restriction Period as specified in the Award Agreement, provided that the Participant continuously provides Service through such vesting date. The Committee in its discretion may provide that the Restriction Period on Restricted Stock and Restricted Stock Units shall lapse, in whole or in part, upon the achievement of one or more Performance Criteria or other performance conditions, during a Performance Period selected by the Committee. In the case of an Award to any Executive Officer of Restricted Stock or Restricted Stock Units that are intended to qualify as performance-based compensation under Section 162(m) of the Code, such Award shall be (i) solely subject to Performance Criteria selected from among the criteria set forth in Section 5(c) of the Plan, (ii) subject to the same restrictions and limitations applicable to Awards of Performance Shares under Section 5(d) of the Plan and (iii) subject to the certification required under Section 5(e) of the Plan.

(c) Dividend Equivalents. The Committee shall determine whether and to what extent dividends payable on Stock will be credited, or paid currently, to a Participant in respect of an Award of Restricted Stock

Table of Contents

Units. Unless otherwise determined by the Committee at or after the grant date, a Participant holding Restricted Stock Units shall not be entitled to exercise any voting rights and any other rights as a shareholder with respect to shares of Stock underlying such Award.

(d) *Settlement of Restricted Stock and Restricted Stock Units.* At the expiration of the Restriction Period for any Restricted Stock, the Company shall remove the restrictions applicable to the Restricted Stock, and shall, upon request, deliver the stock certificates evidencing such Restricted Stock to the Participant or the Participant's legal representative (or otherwise evidence the issuance of such shares free of any restrictions imposed under the Plan). At the expiration of the Restriction Period for any Restricted Stock Units, for each such Restricted Stock Unit, the Participant shall receive, in the Committee's discretion, (i) a cash payment equal to the Fair Market Value of one share of Stock as of such payment date, (ii) one share of Stock or (iii) any combination of cash and shares of Stock having an aggregate value equal to the Fair Market Value of one share of Stock.

(e) *Restrictions on Transfer.* Except as provided herein or in an Award Agreement, shares of Restricted Stock and Restricted Stock Units may not be sold, assigned, transferred, pledged or otherwise encumbered during the Restriction Period. Any such attempt by the Participant to sell, assign, transfer, pledge or encumber shares of Restricted Stock and Restricted Stock Units without complying with the provisions of the Plan shall be void and of no effect.

(f) *Termination of Service.*

(i) *Special Termination.* Unless otherwise determined by the Committee at or after the grant date, or except as provided in an employment or individual severance agreement between a Participant and an Employer, if a Participant's Service terminates by reason of a Special Termination during the Restriction Period, a pro rata portion of any Stock related to Restricted Stock or a Restricted Stock Unit held by such Participant shall become nonforfeitable at the date of such termination, based on the number of full calendar months of such Participant's Service relative to the number of full calendar months in the relevant Restriction Period.

(ii) *Retirement.* Unless otherwise determined by the Committee at or after the grant date, or except as provided in an employment or individual severance agreement between a Participant and an Employer, if a Participant's Service terminates by reason of Retirement during the Restriction Period, a pro rata portion of any Stock related to Restricted Stock or a Restricted Stock Unit held by such Participant shall become nonforfeitable at the date of such termination, based on the number of full calendar months of such Participant's Service relative to the number of full calendar months in the relevant Restriction Period. If shares of Restricted Stock or Restricted Stock Units are subject to the achievement of Performance Criteria, the pro rata portion of any Stock earned with respect to Restricted Stock or Restricted Stock Units described in the previous sentence shall only vest based on the actual achievement (if any) of the Performance Criteria and be paid to the Participant at the same time as the Restricted Stock and Restricted Stock Units are paid to other Participants.

(iii) *Termination for any Other Reason.* Unless otherwise determined by the Committee at or after the grant date, or except as provided in an employment or individual severance agreement between a Participant and an Employer, if a Participant's Service terminates for any reason other than a Special Termination or Retirement during the Restriction Period, any Restricted Stock or Restricted Stock Units held by such Participant shall be forfeited and cancelled as of the date of such termination of Service. Notwithstanding the immediately preceding sentence, a Participant's rights in respect of unvested Restricted Stock or Restricted Stock Units shall in all events be immediately forfeited and canceled as of the date of the Participant's termination of Service for Cause.

(iv) *Termination in Connection with a Change in Control.* Notwithstanding anything to the contrary in this Section 6(f), Section 9 of the Plan shall determine the treatment of Restricted Stock and Restricted Stock Units upon a Change in Control, including the treatment of such Awards granted to any Participant whose Service is involuntarily terminated by an Employer other than for Cause or whose Service is terminated due to a Special Termination, in either case, on or after the date on which the shareholders of the Company approve the transaction giving rise to the Change in Control, but prior to the consummation thereof.

Section 7. STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

(a) Grant. Options and Stock Appreciation Rights (SARs) may be granted to Participants at such time or times as shall be determined by the Committee. The Committee shall have the authority to grant Incentive Stock Options, Non-statutory Stock Options and SARs. The grant date of an Option or SAR under the Plan will be the date on which the Option or SAR is awarded by the Committee, or such other future date as the Committee shall determine in its sole discretion. Each Option or SAR shall be evidenced by an Award Agreement that shall specify the type of Option Award granted, the exercise price, the duration of the Option or SAR, the number of shares of Stock to which the Option or SAR pertains, the conditions upon which the Option or SAR or any portion thereof shall become vested or exercisable and such other terms and conditions not inconsistent with the Plan as the Committee shall determine, including customary representations, warranties and covenants with respect to securities law matters. For the avoidance of doubt, Incentive Stock Options may only be granted to Employees.

(b) Exercise Price. The Committee shall establish the exercise price at the time each Option or SAR is granted, which price shall not be less than 100% of the Fair Market Value of the Stock on the grant date. Notwithstanding the foregoing, if an Incentive Stock Option is granted to an Employee who, at the time of grant, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any Affiliate thereof, the exercise price shall be at least 110% of the Fair Market Value of the Stock on the grant date.

(c) Vesting and Exercisability. Each Option and SAR awarded to a Participant under the Plan shall vest and become exercisable as specified in the applicable Award Agreement, provided that the Participant continuously provides Service through such vesting date. The Committee, in its discretion, may establish performance conditions with respect to the exercisability of any Option or SAR during a Performance Period selected by the Committee. No Option or SAR shall be exercisable on or after the tenth anniversary of its grant date (the fifth anniversary of the grant date for an Incentive Stock Option is granted to an Employee who, at the time of grant, owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any Affiliate thereof). The Committee may impose such conditions with respect to the exercise of Options or SARs, including without limitation, any relating to the application of federal or state securities laws, as it may deem necessary or advisable.

(d) Payment of Option Exercise Price. No Stock shall be delivered pursuant to any exercise of an Option until payment in full of the exercise price therefore is received by the Company. Such payment may be made in cash or its equivalent or, if permitted by the Committee, (i) by exchanging shares of Stock owned by the Participant for at least six months (or for such greater or lesser period as the Committee may determine from time to time) and which are not the subject of any pledge or other security interest, (ii) through an arrangement with a broker approved by the Company whereby payment of the exercise price is accomplished with the proceeds of the sale of Stock or (iii) by a combination of the foregoing, provided that the combined value of all cash and cash equivalents and the Fair Market Value of any such Stock so tendered to the Company, valued as of the date of such tender, is at least equal to such exercise price of the portion of the Option being exercised. Additionally, to the extent authorized by the Committee (whether at or after the grant date), Options may be Net Exercised subject to such terms and conditions as the Committee may from time to time impose. The Company may not make a loan to a Participant to facilitate such Participant's exercise of any of his or her Options or payment of taxes.

(e) Payment of SAR Amount. Upon exercise of a SAR, a Participant shall be entitled to receive payment from the Company in an amount determined by multiplying: (i) the excess of the Fair Market Value of a share of Stock on the date of exercise over the grant price; by (ii) the number of shares of Stock with respect to which the SAR is exercised. At the sole discretion of the Committee, the payment upon SAR exercise may be in cash, in shares of Stock of equivalent value, or in some combination thereof.

(f) Incentive Stock Option Status. Notwithstanding anything in this Plan to the contrary, no term of this Plan relating to Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to disqualify the Plan under Section 422 of the Code.

(g) Termination of Service.

(i) Special Termination. Unless otherwise determined by the Committee at or after the grant date, or except as provided in an employment or individual severance agreement between a Participant and an Employer, if the Participant's Service is terminated due to a Special Termination, then all

Table of Contents

Options and SARs held by the Participant on the effective date of such Special Termination shall vest and become exercisable and shall remain exercisable until the first to occur of (A) the second anniversary of the effective date of such Special Termination (or, for Incentive Stock Options, the first anniversary of such Special Termination) or (B) the expiration date of the Option or SAR.

(ii) Termination for any Other Reason. Unless otherwise determined by the Committee at or after the grant date, or except as provided in an employment or individual severance agreement between a Participant and an Employer, (A) if the Participant's Service is voluntarily or involuntarily terminated for any reason other than a Special Termination prior to the expiration date of the Option or SAR, any Options and SARs that have not become vested and exercisable on or before the effective date of such termination shall terminate on such effective date, and (B) if the Participant's Service is terminated voluntarily or involuntarily for any reason other than a Special Termination or for Cause, any vested and exercisable Options and SARs then held by the Participant shall remain exercisable for a period of 90 days following the effective date of such termination of Service.

(iii) Termination for Cause. Notwithstanding anything contrary in this Section 7(g), if the Participant's Service is terminated for Cause, then all Options or SARs (whether or not then vested or exercisable) shall terminate and be canceled immediately upon such termination.

(iv) Termination in Connection with a Change in Control. Notwithstanding anything to the contrary in this Section 7(g), Section 9 of the Plan shall determine the treatment of Options and SARs upon a Change in Control, including the treatment of Options and SARs granted to any Participant whose Service is involuntarily terminated by an Employer other than for Cause or whose Service is terminated due to a Special Termination, in either case, on or after the date on which the shareholders of the Company approve the transaction giving rise to the Change in Control, but prior to the consummation thereof.

Section 8. OTHER STOCK-BASED AWARDS

(a) Other Stock Based Awards. The Committee may grant Other Stock-Based Awards, including, but not limited to, the outright grant of Stock in satisfaction of obligations of the Company or any Affiliate thereof under another compensatory plan, program or arrangement, modified Awards intended to comply with or structured in accordance with the provisions of applicable non-U.S. law or practice, or the sale of Stock, in such amounts and subject to such terms and conditions as the Committee shall determine, including, but not limited to, the satisfaction of Performance Criteria. Each Other-Stock Based Award shall be evidenced by an Award Agreement that shall specify the terms and conditions applicable thereto. Any Other Stock-Based Award may entail the transfer of actual shares of Stock or the payment of the value of such Award in cash based upon the value of a specified number of shares of Stock, or any combination of the foregoing, as determined by the Committee. The terms of any Other Stock-Based Award need not be uniform in application to all (or any class of) Participants, and each Other Stock-Based Award granted to any Participant (whether or not at the same time) may have different terms.

(b) Termination of Service. In addition to any other terms and conditions that may be specified by the Committee, each Other Stock-Based Award shall specify the impact of a termination of Service upon the rights of a Participant in respect of such Award. At the discretion of the Committee, such conditions may be the same as apply with respect to Restricted Stock or Restricted Stock Units, or may be contain terms that are more or less favorable to the Participant.

Section 9. CHANGE IN CONTROL

(a) In General. If the Participant has in effect an employment, retention, severance or similar agreement with the Company that discusses the effect of a Change in Control on the Participant's awards (a Separate Agreement), then the terms of the Separate Agreement shall control. If no Separate Agreements exist, except as otherwise specified in an Award Agreement, the provisions of this Section 9 shall apply upon a Change in Control with respect to Awards granted on or after the Effective Date (for the avoidance of doubt, Awards granted prior to the Effective Date shall be governed by the terms of the Plan in effect prior to the Effective Date). Upon a Change in Control, each outstanding Award may be assumed by the New Employer or replaced with an award that preserves the existing value of the Award at the time of the Change in Control and shall

Table of Contents

provide for subsequent payout in accordance with the same vesting schedule applicable to the original Award; provided, however, that with respect to any Awards that are assumed or replaced, such assumed or replacement awards shall (i) be subject to double-trigger vesting as follows: if a Participant's Service is involuntarily terminated (for a reason other than Cause) or the Participant terminates his or her Service due to Good Reason within 24 months following the Change in Control, such assumed or replacement awards shall immediately vest upon such termination of Service, and (ii) if assumed or replaced in relation to a Performance Award, Performance Share or Performance Unit outstanding under this Plan, also be (A) no longer subject to any Performance Criteria, which shall be deemed satisfied at the higher of actual performance through the date of the Change in Control or the target performance level for such assumed or replaced award and (B) subject only to a time-based vesting period substantially equivalent to the applicable remaining Performance Period for such award, subject to acceleration pursuant to (i) above.

(b) Failure to Assume Awards. In the event the New Employer after a Change in Control does not assume the Award or substitute for the Award an economically equivalent award that meets the requirements of Section 9(a) above, notwithstanding any other provision of the Plan to the contrary, immediately upon occurrence of the Change in Control (i) all outstanding Options, SARs and Other Stock-Based Awards shall become vested and exercisable; (ii) the Restriction Period on Restricted Stock and Restricted Stock Units shall lapse; (iii) each outstanding Performance Award and Performance Share shall be cancelled in exchange for a payment equal to the payment that would have been payable had each such Performance Award or Performance Share been deemed equal to 100% (or such greater or lesser percentage as the Committee shall specify at the grant date or such greater percentage as the Committee shall specify after the grant date) of the amount earned upon full achievement of applicable Performance Criteria; and (iv) each outstanding Performance Unit shall be cancelled in exchange for a payment equal to the value that would have been payable had each such Performance Unit been deemed equal to 100% (or such greater or lesser percentage as the Committee shall specify at the grant date or such greater percentage as the Committee shall specify after the grant date) of its initially established dollar or local currency denominated value. Additionally, in the event the New Employer after a Change in Control does not assume an Award or substitute for an Award an economically equivalent award that meets the requirements of Section 9(a) above, the Committee (as constituted prior to the Change in Control) may provide that in connection with the Change in Control (i) each Option and SAR shall be cancelled in exchange for an amount (payable in accordance with Section 9(c) below) equal to the excess, if any, of the Change in Control Price over the exercise price for such Option or SAR and (ii) each share of Restricted Stock and each Restricted Stock Unit shall be cancelled in exchange for an amount (payable in accordance with Section 9(c) below) equal to the Change in Control Price, multiplied by the number of shares of Stock covered by such Award.

(c) Payments. Payment of any amounts calculated in accordance with Sections 9(a) and (b) shall be made in cash or, if determined by the Committee (as constituted prior to the Change in Control), in shares of the stock of the New Employer having an aggregate fair market value equal to such amount or in a combination of such shares of stock and cash. All amounts payable hereunder shall be payable in full, as soon as reasonably practicable, but in no event later than 10 business days, following the date of the Participant's termination of Service or the Change in Control, as applicable. For purposes hereof, the fair market value of one share of stock of the New Employer shall be determined by the Committee (as constituted prior to the consummation of the transaction constituting the Change in Control), in good faith.

(d) Termination of Service Prior to Change in Control. In the event that any Change in Control occurs as a result of any transaction described in clause (iii) or (iv) of the definition of such term, any Participant whose Service is involuntarily terminated by an Employer other than for Cause, by the Participant for Good Reason or due to a Special Termination, in each case, on or after the date on which the shareholders of the Company approve the transaction giving rise to the Change in Control, but prior to the consummation thereof, shall be treated, solely for purposes of this Plan (including, without limitation, this Section 9), as continuing in Service until the occurrence of such Change in Control, and to have been terminated immediately thereafter.

Section 10. EFFECTIVE DATE, AMENDMENT, MODIFICATION, AND TERMINATION OF THE PLAN OR AWARDS

(a) General. The Plan shall be effective on the Effective Date, and shall continue in effect, unless sooner terminated pursuant to this Section 10, until the 10th anniversary of the Effective Date, after which no new Awards may be granted under the Plan. The Board may at any time in its sole discretion, for any reason

Table of Contents

whatsoever, terminate or suspend the Plan, and from time to time may amend or modify the Plan; provided that without the approval by a majority of the votes cast at a duly constituted meeting of shareholders of the Company, no amendment or modification to the Plan may (i) materially increase the benefits accruing to Participants under the Plan, (ii) except as otherwise expressly provided in Section 4(d) of the Plan, materially increase the number of shares of Stock subject to the Plan or the individual Award limitations specified in Section 4(c) of the Plan, (iii) materially modify the requirements for participation in the Plan or (iv) materially modify the Plan in any other way that would require shareholder approval under any regulatory requirement that the Committee determines to be applicable. In the event that the Committee shall determine that such action would, taking into account such factors as it deems relevant, be beneficial to the Company, the Committee may affirmatively act to amend, modify or terminate any outstanding Award at any time prior to payment or exercise in any manner not inconsistent with the terms of the Plan, subject to Section 10(b), including without limitation, to change the date or dates as of which (A) an Option becomes exercisable, (B) a Performance Award, Performance Share or Performance Unit is deemed earned, or (C) Restricted Stock and Restricted Stock Units becomes nonforfeitable, except that no outstanding Option or SAR may be amended or otherwise modified or exchanged (other than in connection with a transaction described in Section 4(d) of the Plan) in a manner that would have the effect of (I) reducing the exercise price of an outstanding Option or an outstanding SAR, (II) cancelling outstanding Options or SARs in exchange for other Options or SARs with an exercise price that is less than the exercise price of the cancelled Option or the cancelled SAR or (III) cancelling an outstanding Option or outstanding SAR with an exercise price that is less than the Fair Market Value of a share of Stock on the date of cancellation in exchange for cash or another Award. Any such action by the Committee shall be subject to the Participant's consent if the Committee determines that such action would adversely affect in any material way the Participant's rights under such Award, whether in whole or in part. No amendment, modification, or termination of the Plan or any Award shall adversely affect in any material way any Award theretofore granted under the Plan, without the consent of the Participant.

(b) Adjustment of Awards Upon the Occurrence of Certain Events.

(i) **Equity Restructurings.** If the outstanding shares of Stock are increased, decreased, changed into or exchanged for a different number or kind of shares or securities of the Company through a non-reciprocal transaction between the Company and its stockholders that causes the per share fair value underlying an Award to change, such as stock dividend, stock split, spin-off, rights offering, recapitalization through a large, non-recurring cash dividend, or other similar transaction, a proportionate adjustment shall be made to the number or kind of shares or securities allocated to Awards that have been granted prior to any such change. Any such adjustment in an outstanding Option or SAR shall be made without change in the aggregate exercise price applicable to the unexercised portion of such Option or SAR but with a corresponding adjustment in the exercise price for each share of Stock or other unit of any security covered by such Option or SAR.

(ii) **Reciprocal Transactions.** The Board may, but shall not be obligated to, make an appropriate and proportionate adjustment to an Award or to the exercise Price of any outstanding Award, and/or grant an additional Award to the holder of any outstanding Award, to compensate for the diminution in the intrinsic value of the shares of Stock resulting from any reciprocal transaction.

(iii) **Certain Unusual or Nonrecurring Events.** In recognition of unusual or nonrecurring events affecting the Company or its financial statements, or in recognition of changes in applicable laws, regulations, or accounting principles, and, whenever the Board determines that adjustments are appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan, the Board may, using reasonable care, make adjustments in the terms and conditions of, and the criteria included in, Awards. In case of an Award designed to qualify for the Performance-Based Exception (as defined in Code Section 409A), the Board will take care not to make an adjustment that would disqualify the Award.

(iv) **Fractional Shares and Notice.** Fractional shares of Stock resulting from any adjustment in Awards pursuant to this Section 10(b) may be settled in cash or otherwise as the Board determines. The Company will give notice of any adjustment to each Participant who holds an Award that has been adjusted and the adjustment (whether or not such notice is given) will be effective and binding for all Plan purposes.

Section 11. DEFERRALS AND SECTION 409A

(a) Deferrals. As provided in an Award Agreement, the Board may permit a Participant to defer receipt of cash or Shares of Stock that would otherwise be due to him or her under the Plan or otherwise create a deferred compensation arrangement (as defined in Section 409A) in accordance with this Section 11. For purposes of the Plan, Section 409A shall mean Code Section 409A and any applicable regulations or interpretative authority promulgated thereunder.

(b) Initial Deferral Elections. The deferral of an Award or compensation otherwise payable to the Participant shall be set forth in the terms of the Award Agreement or as elected by the Participant pursuant to such rules and procedures as the Board may establish. Except as may otherwise be provided in the Award Agreement, any such initial deferral election by a Participant will designate a time and form of payment and shall be made at such time as provided below:

(i) A Participant may make a deferral election with respect to an Award (or compensation giving rise thereto) at any time in any calendar year preceding the year in which services giving rise to such compensation or Award are rendered.

(ii) In the case of the first year in which a Participant becomes eligible to receive an Award or defer compensation under the Plan (aggregating other plans of its type as set forth in Section 409A), the Participant may make a deferral election within 30 days after the date the Participant becomes eligible to participate in the Plan; provided that such election may apply only with respect to the portion of the Award or compensation attributable to services to be performed subsequent to the election.

(iii) Where the grant of an Award or payment of compensation, or the applicable vesting is conditioned upon the satisfaction of pre-established organizational or individual performance criteria relating to a performance period of at least 12 consecutive months in which the Participant performs Service, a Participant may make a deferral election no later 6 months prior to the end of the applicable performance period.

(iv) Where the vesting of an Award is contingent upon the Participant's continued Service for a period of no less than 13 months, the Participant may make a deferral election within 30 days of receiving an Award. Any such deferral election must defer receipt for a period of at least two years.

(v) A Participant may make a deferral election in other circumstances and at such times as may be permitted under Section 409A.

(c) Distribution Dates. Any deferred compensation arrangement created under the Plan shall be distributed at such times as provided in the Award Agreement, which may be upon the earliest or latest of one or more of the following:

(i) A fixed date as set forth in the Award Agreement or pursuant to a Participant's election;

(ii) the Participant's death;

(iii) the Participant's disability, as defined in Section 409A;

(iv) a change in control, as defined in Section 409A;

(v) an Unforeseeable Emergency, as defined in Section 409A and implemented by the Board;

(vi) a Participant's separation of Service, as defined in Section 409A; or

(vii) such other events as permitted under Section 409A.

(d) Redeferrals. The Company, in its discretion, may permit a Participant to make a subsequent election to delay a distribution date, or, as applicable, to change the form of distribution payments, attributable to one or more events triggering a distribution, so long as (i) such election may not take effect until at least twelve (12) months after the election is made, (ii) such election defers the distribution for a period of not less than five years from the date such distribution would otherwise have been made, and (iii) such election may not be made less than twelve (12) months prior to the date the distribution was to be made.

Table of Contents

(e) Termination of Deferred Compensation Arrangements. The Company may in its discretion terminate the deferred compensation arrangements created under the Plan subject to the following:

(i) the arrangement may be terminated within the 30 days preceding, or 12 months following, a change in control, as defined in Section 409A, provided that all payments under such arrangement are distributed in full within 12 months after such termination;

(ii) the arrangement may be terminated in the Company's discretion at any time provided that (A) all deferred compensation arrangements of similar type maintained by the Company are terminated, (B) all payments are made at least 12 months and no more than 24 months after such termination, and (C) the Company does not adopt a new arrangement of similar type for a period of five years following the termination of the arrangement; and (iii) the arrangement may be terminated within 12 months of a corporate dissolution taxed under Code Section 331 or with the approval of a bankruptcy court pursuant to 11 U.S.C. 503(b)(1)(A) provided that the payments under the arrangement are distributed by the latest of the (A) the end of the calendar year of such termination, (B) the calendar year in which such payments are fully vested, or (C) the first calendar year in which such payment is administratively practicable.

(f) Section 409A Savings Clause. Notwithstanding anything in this Plan to the contrary, no terms of this Plan relating to Awards or any deferral with respect thereto shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be so exercised, so as to cause an Award, or the deferral or payment thereof, to become subject to interests and additional tax under Section 409A. Notwithstanding any other provision in the Plan to the contrary, if a Participant is a Specified Employee, as that term is used in Section 409A, at the time of his or her separation from service, no amount that is subject to Code Section 409A and that becomes payable by reason of such separation from service shall be paid to such Participant before the earlier of (i) the expiration of the six-month period measured from the date of the Participant's separation from service, and (ii) within 30 days following the Participant's death.

Section 12. GENERAL PROVISIONS

(a) Withholding. The Employer shall have the right to deduct from all amounts paid to a Participant in cash (whether under this Plan or otherwise) any amount required by law to be withheld in respect of Awards under this Plan as may be necessary in the opinion of the Employer to satisfy any applicable tax withholding requirements under the laws of any country, state, province, city or other jurisdiction, including but not limited to income taxes, capital gains taxes, transfer taxes, and social security contributions that are required by law to be withheld. In the case of payments of Awards in the form of Stock, at the Committee's discretion, the Participant shall be required to either pay to the Employer the amount of any taxes required to be withheld with respect to such Stock or, in lieu thereof, the Employer shall have the right to retain (or the Participant may be offered the opportunity to elect to tender) the number of shares of Stock whose Fair Market Value equals such amount required to be withheld.

(b) Nontransferability of Awards. No Award shall be assignable or transferable except by will or the laws of descent and distribution; provided that the Committee may permit (on such terms and conditions as it shall establish) a Participant to transfer an Award for no consideration to the Participant's child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the Participant's household (other than a tenant or employee), a trust in which these persons have all of the beneficial interest and any other entity in which these persons (or the Participant) own all of the voting interests (Permitted Transferees). Except to the extent required by law, no right or interest of any Participant shall be subject to any lien, obligation or liability of the Participant. All rights with respect to Awards granted to a Participant under the Plan shall be exercisable during the Participant's lifetime only by such Participant or, if applicable, his or her Permitted Transferee(s). The rights of a Permitted Transferee shall be limited to the rights conveyed to such Permitted Transferee, who shall be subject to and bound by the terms of the agreement or agreements between the Participant and the Company.

(c) No Limitation on Compensation. Nothing in the Plan shall be construed to limit the right of the Company to establish other plans or to pay compensation, in cash or property, in a manner which is not expressly authorized under the Plan.

Table of Contents

(d) *No Right to Employment.* No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to be retained in the employ of the Employer. The grant of an Award hereunder, and any future grant of Awards under the Plan is entirely voluntary, and at the complete discretion of the Company. Neither the grant of an Award nor any future grant of Awards by the Company shall be deemed to create any obligation to grant any further Awards, whether or not such a reservation is explicitly stated at the time of such a grant.

The Plan shall not be deemed to constitute, and shall not be construed by the Participant to constitute, part of the terms and conditions of employment and participation in the Plan shall not be deemed to constitute, and shall not be deemed by the Participant to constitute, an employment or labor relationship of any kind with an Employer. Each Employer expressly reserves the right at any time to dismiss a Participant free from any liability, or any claim under the Plan, except as provided herein and in any agreement entered into with respect to an Award. The Company expressly reserves the right to require, as a condition of participation in the Plan, that Award recipients agree and acknowledge the above in writing. Further, the Company expressly reserves the right to require Award recipients, as a condition of participation, to consent in writing to the collection, transfer from the Employer to the Company and third parties, storage and use of personal data for purposes of administering the Plan.

(e) *No Rights as Shareholder.* Subject to the provisions of the applicable Award contained in the Plan and in the Award Agreement, no Participant, Permitted Transferee or Designated Beneficiary shall have any rights as a shareholder with respect to any shares of Stock to be distributed under the Plan until he or she has become the holder thereof.

(f) *Construction of the Plan.* The validity, construction, interpretation, administration and effect of the Plan and of its rules and regulations, and rights relating to the Plan, shall be determined solely in accordance with the laws of the State of Illinois (without reference to the principles of conflicts of law).

(g) *Compliance with Legal and Exchange Requirements.* The Plan, the granting and exercising of Awards thereunder, and any obligations of the Company under the Plan, shall be subject to all applicable federal, state, and foreign country laws, rules, and regulations, and to such approvals by any regulatory or governmental agency as may be required, and to any rules or regulations of any exchange on which the Stock is listed. The Company, in its discretion, may postpone the granting and exercising of Awards, the issuance or delivery of Stock under any Award or any other action permitted under the Plan to permit the Company, with reasonable diligence, to complete such stock exchange listing or registration or qualification of such Stock or other required action under any federal, state or foreign country law, rule, or regulation and may require any Participant to make such representations and furnish such information as it may consider appropriate in connection with the issuance or delivery of Stock in compliance with applicable laws, rules, and regulations. The Company shall not be obligated by virtue of any provision of the Plan to recognize the exercise of any Award or to otherwise sell or issue Stock in violation of any such laws, rules, or regulations, and any postponement of the exercise or settlement of any Award under this provision shall not extend the term of such Awards. The foregoing right of indemnification shall not be exclusive and shall be independent of any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or By-laws, by contract, as a matter of law, or otherwise.
