EXCHANGE OFFER

Last Updated: July 26, 2016

Lockheed Martin Corporation Exchange Offer-Investor Information

On July 11, 2016, Lockheed Martin Corporation ("Lockheed Martin") commenced an exchange offer related to the split-off of its Information Systems & Global Solutions Business. Lockheed Martin is offering to exchange all issued and outstanding shares of common stock of Abacus Innovations Corporation ("Splitco common stock") for shares of Lockheed Martin common stock validly tendered and not properly withdrawn, as described in further detail in the Prospectus of Abacus Innovations Corporation ("Splitco"), dated July 11, 2016 (the "Prospectus"), which forms a part of Splitco's registration statement on file with the Securities and Exchange Commission ("SEC").

In the transactions explained in the Prospectus, immediately following the consummation of the exchange offer a special purpose merger subsidiary of Leidos Holdings, Inc. ("Leidos") will be merged with and into Splitco, and Splitco, as the surviving company, will become a wholly-owned subsidiary of Leidos (the "Merger"). In the Merger, each issued and outstanding share of Splitco common stock will be converted into the right to receive one share of common stock of Leidos ("Leidos common stock"). Accordingly, shares of Splitco common stock will not be transferred to participants in the exchange offer; participants instead will receive shares of Leidos common stock in the Merger. No trading market currently exists or ever will exist for shares of Splitco common stock.

The value of Lockheed Martin common stock and Splitco common stock (by reference to Leidos common stock) will be determined by Lockheed Martin by reference to the simple arithmetic average of the daily volume-weighted average prices (VWAP), on each of the last three trading days ending on and including the third trading day preceding the expiration date of the exchange offer as described in the Prospectus (Valuation Dates), of Lockheed Martin common stock and Leidos common stock on The New York Stock Exchange (NYSE). In the case of Leidos common stock and correspondingly the Splitco common stock, the value will be reduced by \$13.64 per share, which equals the amount of the special dividend that Leidos will declare prior to the closing of the Merger. Based on an expiration date of August 16, 2016, the Valuation Dates are expected to be August 9, 10 and 11, 2016.

Lockheed Martin will provide on this website the daily VWAP of Lockheed Martin common stock and Leidos common stock, together with indicative calculated per-share values for shares of Lockheed Martin common stock, Splitco common stock and Leidos common stock, the indicative exchange ratio, the upper limit for the exchange ratio and whether the upper limit is in effect, for each of the trading days that the exchange offer is open. Since the exchange ratio is based on the average daily VWAP over a period of three days, the indicative exchange ratio will be listed on this website commencing on the third business day of the exchange offer period.

The information on this website is being provided solely in connection with the exchange offer and should not be used for any other purpose. You should refer to the Prospectus for important information about the exchange offer and the contemplated transactions. A copy of the Prospectus, which includes a Questions and Answers section beginning at Page 6 and other related information, is available through the links below.
