Item 7.01. Regulation FD Disclosure.

On December 7, 2016 Registrant held its annual Investor Conference in New York City and is furnishing to the Securities and Exchange Commission as exhibits to this Report under Item 7.01 of Form 8-K the following: a copy of the Investor Conference press release (Exhibit 99.1), a copy of the Investor Conference presentation (Exhibit 99.2) and a copy of Registrant's preliminary estimates of its financial results from continuing operations, excluding income taxes and equity income, subsequent to the classification of Conduent Incorporated as a discontinued operation upon Conduent's separation from Xerox expected to occur as of December 31, 2016 (Exhibit 99.3). The press release was issued prior to commencement of the Investor Conference.

Exhibit 99.2 to this Report contains certain financial measures that are considered non-GAAP financial measures as defined in the SEC rules. Exhibit 99.2 to this Report also contains the reconciliation of these non-GAAP financial measures to their most directly comparable financial measures calculated and presented in accordance with generally accepted accounting principles, as well as the reasons why Registrant's management believes that presentation of the non-GAAP financial measures provides useful information to investors regarding Registrant's results of operations and, to the extent material, a statement disclosing any other additional purposes for which Registrant's management uses the non-GAAP financial measures.

The information contained in Item 7.01 of this Report and in Exhibit 99.1, Exhibit 99.2 and Exhibit 99.3 to this Report shall not be deemed filed with the Commission for purposes of Section 18 of the Exchange Act of 1934, as amended, or otherwise subject to the liability of that section.

Forward Looking Statements

This Current Report on Form 8-K and any exhibits to this Current Report may contain forward-looking statements as defined in the Private Securities Litigation Reform Act of 1995. The words anticipate, believe, estimate, expect, intend, will, should and similar expressions, as they relate to us, are intended to identify forward-looking statements. These statements reflect management's current beliefs, assumptions and expectations, including with respect to the proposed separation of the Business Process Outsourcing (BPO) business from the Document Technology and Document Outsourcing business, the expected timetable for completing the separation, the future financial and operating performance of each business, the strategic and competitive advantages of each business, future opportunities for each business and the expected amount of cost reductions that may be realized in the cost transformation program, and are subject to a number of factors that may cause actual results to differ materially. Such factors include but are not limited to: changes in economic conditions, political conditions, trade protection measures, licensing requirements and tax matters in the United States and in the foreign countries in which we do business; changes in foreign currency exchange rates; our ability to successfully develop new products, technologies and service offerings and to protect our intellectual property rights; the risk that multi-year contracts with governmental entities could be terminated prior to the end of the contract term and that civil or criminal penalties and administrative sanctions could be imposed on us if we fail to comply with the terms of such contracts and applicable law; the risk that our bids do not accurately estimate the resources and costs required to implement and service very complex, multi-year governmental and commercial contracts, often in advance of the final determination of the full scope and design of such contracts or as a result of the scope of such contracts being changed during the life of such contracts; the risk that subcontractors, software vendors and utility and network providers will not perform in a timely, quality manner; service interruptions; actions of competitors and our ability to promptly and effectively react to changing technologies and customer expectations; our ability to obtain adequate pricing for our products and services and to maintain and improve cost efficiency of operations, including savings from restructuring actions and the relocation of our service delivery centers; the risk that individually identifiable information of customers, clients and employees could be inadvertently disclosed or disclosed as a result of a breach of our security systems; the risk in the hiring and retention of qualified personnel; the risk that unexpected costs will be incurred; our ability to recover capital investments; the risk that our Services business could be adversely affected if we are unsuccessful in managing the start-up of new contracts; the collectability of our receivables for unbilled services associated with very large, multi-year contracts; reliance on third parties, including subcontractors, for manufacturing of products and provision of services; our ability to expand equipment placements; interest rates, cost of borrowing and access to credit markets; the risk that our products may not comply with applicable worldwide regulatory requirements, particularly environmental regulations and directives; the outcome of litigation and regulatory proceedings to which we may be a party; the possibility that the proposed separation of the BPO business from the Document Technology and Document Outsourcing business will not be consummated within the anticipated time period or at all, including as the result of regulatory, market or other factors; the potential for disruption to our business in connection with the proposed separation; the potential that BPO and Document Technology and Document Outsourcing do not realize all of the expected benefits of the separation; and other factors that are set forth in the Risk Factors section, the Legal Proceedings section, the Management's Discussion and Analysis of Financial Condition and Results of Operations section and other sections of our Quarterly Reports on Form 10-Q for the quarters ended March 31, 2016, June 30, 2016 and September 30, 2016 and our 2015 Annual Report on Form 10-K filed with the Securities and Exchange Commission (SEC). Such factors also include, but are not limited to, the factors that are set forth in the Risk Factors section, the Legal Proceedings section and other sections of the Conduent Incorporated Form 10 Registration Statement, as amended, filed with the SEC. Xerox assumes no obligation to update any forward-looking statements as a result of new information or future events or developments, except as required by law.
