These products are produced by manufacturing facilities in the Consumer Group. In addition, each store sells selected purchased associated products.

Consumer Group

The Consumer Group develops, manufactures and distributes a variety of paint, coatings and related products to third-party customers primarily in the United States and Canada and to the Paint Stores Group. The products distributed through third-party customers are intended for resale to the ultimate end-user of the product.

Global Finishes Group

The Global Finishes Group develops, licenses, manufactures, distributes and sells a variety of protective and marine products, automotive finishes and refinish products, OEM product finishes and related products in North and South America, Europe and Asia. The Administrative segment does not include any significant foreign operations. Also included in the Administrative segment is a real estate management unit that is responsible for the ownership, management, and leasing of non-retail properties held primarily for our use, including our headquarters site, and the disposal of idle facilities.

Acquisition of Valspar

On June 1, 2017, we completed the acquisition of Valspar, which we refer to as the Valspar Acquisition, whereby Valspar became our wholly-owned subsidiary. Valspar is a global leader in the paints and coatings industry providing customers with innovative, high-quality products and value-added services with approximately 11,000 employees worldwide delivering advanced coatings solutions with best-in-class appearance, performance, protection and sustainability to customers in more than 100 countries. Valspar offers a broad range of superior coatings products for the consumer market, and highly-engineered solutions for the construction, industrial, packaging and transportation markets. The Valspar Acquisition is expected to accelerate Sherwin-Williams' growth strategy by expanding its global platform in the Asia-Pacific and Europe, Middle East and Africa regions, and also add new capabilities in the packaging and coil segments. The combined company would have pro forma 2016 revenues and net income of approximately \$15.8 billion and \$1.3 billion, respectively.

On June 1, 2017, we also completed the divestiture of the assets related to Valspar's North American industrial wood coatings business, which we refer to as the Valspar Wood Coatings Business, for an aggregate purchase price of approximately \$420 million in cash, pursuant to a definitive asset purchase agreement among Sherwin-Williams, Valspar and Axalta Coating System Ltd.

As described below, we financed the Valspar Acquisition, including the payment of related fees and expenses, as well as the repayment of amounts outstanding under Valspar's revolving credit facility, with the net proceeds from our public offering of senior notes, borrowings under our new term loan and cash on hand. On May 16, 2017, we issued \$1,500,000,000 aggregate principal amount of 2.250% senior notes due 2020, \$1,250,000,000 aggregate principal amount of 2.750% senior notes due 2022, \$500,000,000 aggregate principal amount of 3.125% senior notes due 2024, \$1,500,000,000 aggregate principal amount of 3.450% senior notes due 2027 and \$1,250,000,000 aggregate principal amount of 4.500% senior notes due 2047. In addition, as previously disclosed, on April 13, 2016, we entered into a term loan credit agreement, which we refer to as the Term Loan Credit Agreement, with a syndicate of lenders, Citibank, N.A., as administrative agent, and Wells Fargo Bank, National Association, Morgan Stanley Senior

Funding, Inc. and PNC Bank, National Association, as co-syndication agents. In connection with the consummation of the Valspar Acquisition, we borrowed

\$2.0 billion in the aggregate under the Term Loan Credit Agreement to pay a portion of the cost of the Valspar Acquisition and other fees and expenses related thereto.

In connection with the Valspar Acquisition, we also assumed an aggregate principal amount of \$1.55 billion in senior notes issued by Valspar consisting of \$300,000,000 aggregate principal amount of 7.25% Notes due 2019, \$400,000,000 aggregate principal amount of 4.20% Notes due 2022, \$250,000,000 aggregate principal amount of 3.30% Notes due 2025, \$350,000,000 aggregate principal amount of 3.95% Notes due 2026 and \$250,000,000 aggregate principal amount of 4.40% Notes due 2045, which we refer to, collectively, as the Valspar notes. On June 2, 2017, we completed offers to exchange any and all outstanding Valspar notes held by certain eligible holders for (1) up to \$1.55 billion aggregate principal amount of new notes issued by Sherwin-Williams having the same maturity and interest rates as the Valspar notes and (2) cash of \$1 for each \$1,000 principal amount of Valspar notes exchanged. Approximately 95.4 percent, or approximately \$1.478 billion, of the Valspar notes were tendered and accepted in the exchange offers, and we issued the Original Notes pursuant to the exchange offers. See Description of Other Indebtedness for a discussion of our new term loan and other indebtedness.

(1) EBITDA represents net income before interest expense, income taxes, depreciation and amortization. We present EBITDA because management considers EBITDA to be a useful measurement of the operational profitability of

the Company. Additionally, some investment professionals also utilize EBITDA as an indicator of the value of profits and cash that are generated strictly from operating activities, putting aside working capital and certain other balance sheet changes.

Table of Contents

EBITDA has limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

EBITDA does not reflect our cash expenditures, or future requirements, for capital expenditures or contractual commitments;

EBITDA does not reflect changes in, or cash requirements for, our working capital needs;

EBITDA does not reflect the significant interest expense, or the cash requirements necessary to service interest or principal payments, on our debt;

although depreciation and amortization are non-cash charges, the assets being depreciated and amortized will often have to be replaced in the future, and EBITDA does not reflect any cash requirements for such replacements; and

other companies in our industry may calculate EBITDA differently than we do, limiting its usefulness as a comparative measure.

Because of these limitations, EBITDA should not be considered as a measure of discretionary cash available to us to invest in the growth of our business. We compensate for these limitations by relying primarily on our GAAP results and using EBITDA only supplementally.

EBITDA is a measure of our performance that is not required by, or presented in accordance with, GAAP. Accordingly, EBITDA should not be considered an alternative to net income or net operating cash as an indicator of operating performance or as a measure of liquidity.

The following table reconciles net income to EBITDA:

The balance sheet data does not purport to reflect what our financial condition would have been had the Acquisition and divestiture of the Valspar Wood Coatings Business closed on March 31, 2017 or for any future or historical period. The summary unaudited pro forma condensed consolidated financial data does not reflect the cost of any integration activities or benefits from the Acquisition and synergies that may be derived.

Table of Contents**RISK FACTORS**

The terms of the Exchange Notes are identical in all material respects to those of the corresponding series of Original Notes, except for the transfer restrictions and registration rights and related additional interest provisions relating to the Original Notes that will not apply to the Exchange Notes. You should carefully consider the risks described below and all of the information contained in and incorporated by reference into this prospectus before making a decision on whether or not to participate in the Exchange Offers. In addition, you should carefully consider, among other things, the matters discussed under Risk Factors in our Annual Report on Form 10-K for our fiscal year ended December 31, 2016. If any of those risks actually occurs, our business, financial condition and results of operations could suffer. The risks discussed below also include forward-looking statements, and our actual results may differ substantially from those discussed in these forward-looking statements. See Cautionary Statement Regarding Forward-Looking Statements in this prospectus.

Risks Relating to the Exchange Notes

The Exchange Notes are effectively subordinated to the liabilities of our subsidiaries and to our secured debt to the extent of the assets securing any such secured debt. We may not have sufficient funds to fulfill our obligations under the Exchange Notes.

The Exchange Notes are our unsecured general obligations, ranking equally with our other senior unsecured indebtedness from time to time outstanding, including our 1.35% senior notes due December 2017, 2.250% senior notes due 2020, 2.750% senior notes due 2022, 3.125% senior notes due 2024, 3.45% senior notes due 2025, 3.450% senior notes due 2027, 4.00% senior notes due 2042, 4.55% senior notes due 2045, 4.500% senior notes due 2047, 7.375% debentures due 2027, 7.45% debentures due 2097, as well as borrowings under our domestic commercial paper program. Our subsidiaries are separate and distinct legal entities. Our subsidiaries have no obligation to pay any amounts due on the Exchange Notes.

In addition, any payment of dividends, loans, or advances by our subsidiaries could be subject to statutory or contractual restrictions. Our right to receive any assets of any of our subsidiaries upon its bankruptcy, liquidation or reorganization, and therefore the right of the holders of the Exchange Notes to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including trade creditors. As of March 31, 2017, without giving effect to the Valspar Acquisition or any related transactions, our subsidiaries had total debt of approximately \$43.4 million. In addition, even if we are a creditor of any of our subsidiaries, our rights as a creditor would be subordinate to any security interest in the assets of our subsidiaries and any debt of our subsidiaries senior to that held by us.

The Exchange Notes are not secured by any of our assets. If we become insolvent or are liquidated, or if payment under any of the agreements governing any secured debt we may incur in the future is accelerated, the lenders under such secured debt agreements would be entitled to exercise the remedies available to a secured lender under applicable law and pursuant to agreements governing that debt. Accordingly, those lenders would have a prior claim on our assets to the extent of their liens thereon. In that event, because the Exchange Notes are not secured by any of our assets, it is possible that there would be no assets remaining from which claims of the holders of Exchange Notes could be satisfied or, if any assets remain, the remaining assets might be insufficient to satisfy those claims in full.

If we incur any additional obligations that rank equally with the Exchange Notes, including trade payables, the holders of those obligations will be entitled to share ratably with the holders of the Exchange Notes in any proceeds distributed upon our insolvency, liquidation, reorganization, dissolution or other winding up. This may have the effect of reducing the amount of proceeds paid to you. If there are not sufficient assets remaining to pay all these creditors,

all or a portion of the Exchange Notes then outstanding would remain unpaid.

Table of Contents

We may not have the funds necessary to finance the change of control repurchase offer required by the Indentures.

Upon the occurrence of a Change of Control Triggering Event (as defined under the caption Description of the Notes Purchase of Notes Upon a Change of Control Triggering Event), we will be required to make an offer to repurchase all outstanding Exchange Notes. Our other outstanding debt securities have a substantially similar repurchase requirement. We cannot assure you that we will have sufficient funds available to make any required repurchases of the Exchange Notes. Any failure to repurchase any tendered Exchange Notes in those circumstances would constitute a default under the applicable Indenture. A default could result in the declaration of the principal and interest on all the Exchange Notes to be due and payable.

The terms of the Indentures and the Exchange Notes provide only limited protection against significant corporate events that could adversely impact your investment in the Exchange Notes.

While the Indentures and the Exchange Notes contain terms intended to provide protection to holders of Exchange Notes upon the occurrence of certain events involving significant corporate transactions and our creditworthiness, such terms are limited and may not be sufficient to protect your investment in the Exchange Notes.

The definition of change of control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of our and our subsidiaries assets taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Exchange Notes to require us to repurchase such holder's notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of our and our subsidiaries assets, taken as a whole, to another person or group may be uncertain.

The definition of the term change of control triggering event does not cover a variety of transactions (such as acquisitions by us or recapitalizations) that could negatively affect the value of your Exchange Notes. If we were to enter into a significant corporate transaction that would negatively affect the value of the Exchange Notes but would not constitute a change of control triggering event, we would not be required to offer to repurchase your Exchange Notes prior to their maturity.

The Indentures do not limit the amount of debt that we may incur.

The Indentures do not limit the amount of debt that we may incur. The Indentures do not contain any financial covenants or other provisions that would afford the holders of the Exchange Notes any substantial protection in the event we participate in a highly leveraged transaction.

Our existing and future debt may limit cash flow available to invest in the ongoing needs of our business, which could prevent us from fulfilling our obligations under the Exchange Notes.

After giving effect to the Valspar Acquisition, which closed on June 1, 2017, and the related transactions, our total indebtedness at March 31, 2017 would have been approximately \$11.8 billion. Additionally, we have the ability under our existing credit facilities to incur substantial additional debt in the future. Our level of indebtedness could have important consequences to you. For example, it could:

require us to dedicate a substantial portion of our cash flow from operations to the payment of debt service, reducing the availability of our cash flow to fund working capital, capital expenditures, acquisitions and

other general corporate purposes;

increase our vulnerability to adverse economic or industry conditions;

limit our ability to obtain additional financing in the future to enable us to react to changes in our business;
or

place us at a competitive disadvantage compared to businesses in our industry that have less debt.

Table of Contents

Additionally, any failure to comply with covenants in the instruments governing our debt could result in an event of default which, if not cured or waived, would have a material adverse effect on us.

Active trading markets for the Exchange Notes may not develop.

Each series of Exchange Notes is a new issue of securities with no established trading market. We do not intend to apply to list the Exchange Notes on any securities exchange or any automated quotation system. Accordingly, there can be no assurance that trading markets for the Exchange Notes will ever develop or will be maintained. Further, there can be no assurance as to the liquidity of any markets that may develop for the Exchange Notes, your ability to sell your notes or the prices at which you will be able to sell your notes. Future trading prices of the Exchange Notes will depend on many factors, including prevailing interest rates, our financial condition and results of operations, the then-current ratings assigned to the Exchange Notes and the market for similar securities. Any trading markets that develop would be affected by many factors independent of, and in addition to, the foregoing, including:

the time remaining to the maturity of the Exchange Notes;

the outstanding amount of the Exchange Notes;

the terms related to optional redemption of the Exchange Notes; and

the level, direction and volatility of market interest rates generally.

If you fail to exchange your Original Notes, they will continue to be restricted securities and will likely become less liquid.

Original Notes that you do not tender, or we do not accept, will, following the Exchange Offers, continue to be restricted securities, and you may not offer to sell them except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. We will issue Exchange Notes in exchange for Original Notes of the corresponding series pursuant to the Exchange Offers only following the satisfaction of the procedures and conditions set forth in The Exchange Offers Procedures for Tendering Original Notes and The Exchange Offers Conditions to the Exchange Offers. These procedures and conditions include timely receipt by the exchange agent of a confirmation of book-entry transfer of the Original Notes being tendered and an agent's message from DTC.

Because we anticipate that all or substantially all holders of Original Notes will elect to exchange their Original Notes in these Exchange Offers, we expect that the market for any Original Notes remaining after the completion of the Exchange Offers will be substantially limited. Any Original Notes tendered and exchanged in the Exchange Offers will reduce the aggregate principal amount of the Original Notes of the applicable series outstanding. If you do not tender your Original Notes following the Exchange Offers, you generally will not have any further registration rights, and your Original Notes will continue to be subject to certain transfer restrictions. Accordingly, the liquidity of the market for the Original Notes of each series is likely to be adversely affected.

Table of Contents**USE OF PROCEEDS**

The Exchange Offers are intended to satisfy our obligations under the registration rights agreement relating to the Original Notes. We will not receive any cash proceeds from the issuance of the Exchange Notes. The terms of the Exchange Notes are identical in all material respects to the form and terms of the Original Notes, except for the transfer restrictions and registration rights and related additional interest provisions relating to the Original Notes. In consideration for issuing the Exchange Notes as contemplated in this prospectus, we will receive, in exchange, an equal principal amount of the Original Notes. The Original Notes surrendered in exchange for the Exchange Notes will be retired and cannot be reissued.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of consolidated earnings to fixed charges for the periods presented: ⁽¹⁾

	Fiscal Years Ended December 31,					Three Months Ended
	2016	2015	2014	2013	2012	March 31,
						2017
Ratio of earnings to fixed charges	6.5x	9.1x	7.7x	7.4x	7.2x	6.0x

The following table sets forth our pro-forma ratio of consolidated earnings to fixed charges (after giving effect to the transactions described under Summary Acquisition of Valspar) for the periods presented:

	Fiscal Year Ended	Three Months Ended
	December 31,	March 31,
	2016	2017
Pro Forma Ratio of earnings to fixed charges	3.8x	2.7x

The ratio of earnings to fixed charges is computed by dividing fixed charges into income before taxes. Fixed charges consist of interest expense, net, including amortization of discount and financing costs and the portion of operating rental expense that management believes is representative of the interest component of rent expense. The interest expense included in fixed charges above reflects only interest on third-party indebtedness and excludes any interest expense accrued on uncertain tax positions, as permitted by Financial Accounting Standards Board (FASB) Accounting Standards Codification Topic 740, Income Taxes.

- (1) In connection with the Valspar Acquisition, we incurred a substantial amount of debt. The ratios of earnings to fixed charges for the fiscal years ended 2016, 2015, 2014, 2013 and 2012 do not take into account the consummation of the Valspar Acquisition, including debt assumed from Valspar and debt issued in connection with the Valspar Acquisition.

Terms of the Exchange Offers

We are offering to exchange, upon the terms and subject to the conditions set forth in this prospectus and in the accompanying letter of transmittal, Exchange Notes for an equal principal amount of Original Notes. Each series of Exchange Notes will be part of the same series as the corresponding series of Original Notes. Each series of Exchange Notes will be entitled to the benefits of the Indenture under which the corresponding series of Original Notes were issued. See Description of the Notes.

As of the date of this prospectus, \$277,176,000 aggregate principal amount of Original 2019 Notes, \$385,909,000 aggregate principal amount of Original 2022 Notes, \$235,324,000 aggregate principal amount of Original 2025 Notes, \$331,342,000 aggregate principal amount of Original 2026 Notes and \$248,354,000 aggregate principal amount of Original 2045 Notes were outstanding. Original Notes tendered in the Exchange Offers must be in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof, except for the Original 2019 Notes, which must be tendered in minimum denominations of \$1,000 and integral multiples of \$1,000 in excess thereof.

Based on certain interpretive letters issued by the staff of the SEC to third parties in unrelated transactions, holders of Original Notes, except any holder who is an affiliate of ours within the meaning of Rule 405 under the Securities Act, who exchange their Original Notes for Exchange Notes pursuant to the Exchange Offers generally may offer the Exchange Notes for resale, resell the Exchange Notes and otherwise transfer the Exchange Notes without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that the Exchange Notes are acquired in the ordinary course of the holders' business and such holders are not participating in, and have no arrangement or understanding with any person to participate in, a distribution of the Exchange Notes.

Each broker-dealer that receives Exchange Notes for its own account in exchange for Original Notes, where the Original Notes were acquired by the broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the Exchange Notes as described in Plan of Distribution. In addition, to comply with the securities laws of individual jurisdictions, if applicable, the Exchange Notes may not be offered or sold unless they have been registered or qualified for sale in the jurisdiction or an exemption from registration or qualification is available and complied with. We have agreed, pursuant to the registration rights agreement, to file with the SEC a registration statement (of which this prospectus forms a part) with respect to the Exchange Notes. If you do not exchange Original Notes for Exchange Notes pursuant to the Exchange Offers, your Original Notes will continue to be subject to restrictions on transfer.

If any holder of the Original Notes is an affiliate of ours, is engaged in or intends to engage in or has any arrangement or understanding with any person to participate in the distribution of the Exchange Notes to be acquired in the

Exchange Offers, the holder would not be able to rely on the applicable interpretations of the SEC and would be required to comply with the registration requirements of the Securities Act, except for resales made pursuant to an exemption from, or in a transaction not subject to, the registration requirement of the Securities Act and applicable state securities laws.

Expiration Date; Extensions; Termination; Amendments

The Exchange Offers expire on the Expiration Date, which is 5:00 p.m., New York City time, on August 7, 2017 unless we, in our sole discretion, extend the period during which the Exchange Offers are open.

We reserve the right to extend the Exchange Offers at any time and from time to time prior to the Expiration Date by giving written notice to Wells Fargo Bank, National Association, the exchange agent, and by public announcement communicated by no later than 9:00 a.m., New York City time, on the next business day following the previously scheduled Expiration Date, unless otherwise required by applicable law or regulation, by making a release to PR Newswire or other wire service. During any extension of the Exchange Offers, all Original Notes previously tendered will remain subject to the Exchange Offers and may be accepted for exchange by us.

The Exchange Date will promptly follow the Expiration Date. We expressly reserve the right to:

extend the Exchange Offers, delay acceptance of Original Notes due to an extension of the Exchange Offers or terminate the Exchange Offers and not accept for exchange any Original Notes for any reason, including if any of the conditions set forth under Conditions to the Exchange Offers shall have occurred and shall not have been waived by us; and

amend the terms of the Exchange Offers in any manner, whether before or after any tender of the Original Notes.

If any termination or material amendment occurs, we will notify the exchange agent in writing and will either issue a press release or give written notice to the holders of the Original Notes as promptly as practicable. Additionally, in the event of a material amendment or change in the Exchange Offers, which would include any waiver of a material condition hereof, we will extend the offer period, if necessary, so that at least five business days remain in the Exchange Offers following notice of the material amendment or change, as applicable.

Unless we terminate the Exchange Offers prior to 5:00 p.m., New York City time, on the Expiration Date, we will exchange the Exchange Notes for the tendered Original Notes promptly after the Expiration Date, and will issue to the exchange agent Exchange Notes for Original Notes validly tendered, not validly withdrawn and accepted for exchange. Any Original Notes not accepted for exchange for any reason will be returned without expense to the tendering holder promptly after expiration or termination of the Exchange Offers. See Acceptance of Original Notes for Exchange; Delivery of Exchange Notes.

This prospectus and the accompanying letter of transmittal and other relevant materials will be mailed or sent by us to record holders of Original Notes and will be furnished to brokers, banks and similar persons whose names, or the names of whose nominees, appear on the lists of holders for subsequent transmittal to beneficial owners of Original Notes.

Procedures for Tendering Original Notes

To participate in the Exchange Offers, you must properly tender your Original Notes to the exchange agent as described below. We will only issue the Exchange Notes in exchange for the Original Notes that you timely and properly tender. Therefore, you should allow sufficient time to ensure timely delivery of the Original Notes, and you should follow carefully the instructions on how to tender your Original Notes. It is your responsibility to properly

tender your Original Notes. No letter of transmittal or other document should be sent to us. Beneficial owners may request their respective brokers, dealers, commercial banks, trust companies or nominees to effect the above transactions for them.

If you have any questions or need help in exchanging your Original Notes, please contact the exchange agent at the address or telephone numbers set forth below.

Table of Contents

All of the Original Notes were issued in book-entry form, and all of the Original Notes are currently represented by global certificates registered in the name of Cede & Co., the nominee of DTC. You may tender your Original Notes using ATOP. The exchange agent will make a request to establish an account with respect to the Original Notes at DTC for purposes of the Exchange Offers within two business days after this prospectus is mailed or sent to holders, and any financial institution that is a participant in DTC may make book-entry delivery of Original Notes by causing DTC to transfer the Original Notes into the exchange agent's account at DTC in accordance with DTC's procedures for transfer. In connection with the transfer, DTC will send an agent's message to the exchange agent. The agent's message will state that DTC has received instructions from the participant to tender the Original Notes and that the participant agrees to be bound by the terms of the letter of transmittal.

By using the ATOP procedures to exchange the Original Notes, you will not be required to deliver a letter of transmittal to the exchange agent. However, you will be bound by its terms just as if you had signed it. The tender of Original Notes by you pursuant to the procedures set forth in this prospectus will constitute an agreement between you and us in accordance with the terms and subject to the conditions set forth in this prospectus and in the letter of transmittal.

All questions as to the validity, form, eligibility, including time of receipt, and acceptance for exchange of any tender of Original Notes will be determined by us and will be final and binding. We reserve the absolute right to reject any or all tenders not in proper form or the acceptances for exchange of which may, upon advice of our counsel, be unlawful. We also reserve the right to waive any defect, irregularities or conditions of tender as to particular Original Notes. Our interpretation of the terms and conditions of the Exchange Offers, including the instructions in the letter of transmittal, will be final and binding on all parties. Unless waived, all defects or irregularities in connection with tenders of the Original Notes must be cured within such time as we shall determine. Although we intend to notify holders of defects or irregularities with respect to tenders of the Original Notes, neither we, the exchange agent, the Trustee, nor any other person will incur any liability for failure to give such notification. Tenders of the Original Notes will not be deemed made until such defects or irregularities have been cured or waived. Any Original Notes received by the exchange agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned to the tendering holder as soon as practicable after the Expiration Date of the Exchange Offers.

In all cases, we will issue the Exchange Notes for the Original Notes that we have accepted for exchange under the Exchange Offers only after the exchange agent receives, prior to the Expiration Date: a book-entry confirmation of such number of the Original Notes into the exchange agent's account at DTC and a properly transmitted agent's message.

If we do not accept any tendered Original Notes for exchange or if the Original Notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or non-exchanged Original Notes will be returned without expense to their tendering holder. Such non-exchanged Original Notes will be credited to an account maintained with DTC. These actions will occur as promptly as practicable after the expiration or termination of the Exchange Offers.

Each broker-dealer that receives the Exchange Notes for its own account in exchange for the Original Notes, where those Original Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of those Exchange Notes. See Plan of Distribution.

Terms and Conditions Contained in the Letter of Transmittal

The accompanying letter of transmittal contains, among other things, the following terms and conditions, which are part of the Exchange Offers.

Table of Contents

The transferring party tendering Original Notes for exchange will be deemed to have exchanged, assigned and transferred the Original Notes to us and irrevocably constituted and appointed the exchange agent as the transferor's agent and attorney-in-fact to cause the Original Notes to be assigned, transferred and exchanged. The transferor will be required to represent and warrant that it has full power and authority to tender, exchange, assign and transfer the Original Notes and to acquire Exchange Notes issuable upon the exchange of the tendered Original Notes and that, when the same are accepted for exchange, we will acquire good and unencumbered title to the tendered Original Notes, free and clear of all liens, restrictions (other than restrictions on transfer), charges and encumbrances and that the tendered Original Notes are not and will not be subject to any adverse claim. The transferor will be required to also agree that it will, upon request, execute and deliver any additional documents deemed by the exchange agent or us to be necessary or desirable to complete the exchange, assignment and transfer of tendered Original Notes. The transferor will be required to agree that acceptance of any tendered Original Notes by us and the issuance of Exchange Notes in exchange for tendered Original Notes will constitute performance in full by us of our obligations under the registration rights agreement and that we will have no further obligations or liabilities under the registration rights agreement, except in certain limited circumstances. All authority conferred by the transferor will survive the death, bankruptcy or incapacity of the transferor and every obligation of the transferor will be binding upon the heirs, legal representatives, successors, assigns, executors, administrators and trustees in bankruptcy of the transferor.

Upon agreement to the terms of the letter of transmittal pursuant to an agent's message, a holder, or beneficial holder of the Original Notes on behalf of which the holder has tendered, will, subject to that holder's ability to withdraw its tender, and subject to the terms and conditions of the Exchange Offers generally, thereby certify that:

it is not an affiliate of ours or our subsidiaries or, if the transferor is an affiliate of ours or our subsidiaries, it will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable;

the Exchange Notes are being acquired in the ordinary course of business of the person receiving the Exchange Notes, whether or not the person is the registered holder;

the transferor has not entered into, engaged in, does not intend to engage in, and has no arrangement or understanding with any other person to engage in a distribution of the Exchange Notes issued to the transferor;

the transferor is not a broker-dealer who tendered Valspar notes acquired directly from Valspar or its subsidiaries for its own account in exchange for the Original Notes; and

the transferor is not restricted by any law or policy of the SEC from trading the Exchange Notes acquired in the Exchange Offers.

Each broker-dealer that receives Exchange Notes for its own account in exchange for Original Notes where such Original Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities must acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. See Plan of Distribution.

Withdrawal Rights

Original Notes tendered pursuant to the Exchange Offers may be withdrawn at any time prior to the Expiration Date. For a withdrawal to be effective, a written letter or facsimile transmission notice of withdrawal must be received by the exchange agent at its address set forth in the accompanying letter of transmittal not later than 5:00 p.m., New York City time, on the Expiration Date. Any notice of withdrawal must specify the name of the holder, the principal amount of Original Notes delivered for exchange, a statement that such holder is withdrawing such holder's election to have such Original Notes exchanged and the number of the account at DTC to be credited with withdrawn Original Notes and otherwise comply with the ATOP procedures. The

Table of Contents

exchange agent will return properly withdrawn Original Notes promptly following receipt of notice of withdrawal. Properly withdrawn Original Notes may be retendered by following the procedures described under Procedures for Tendering Original Notes above at any time on or prior to 5:00 p.m., New York City time, on the Expiration Date. All questions as to the validity of notices of withdrawals, including time of receipt, will be determined by us, and will be final and binding on all parties. None of the Company, the exchange agent, the Trustee or any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal of tenders, or incur any liability for failure to give any such notification.

Acceptance of Original Notes for Exchange; Delivery of Exchange Notes

Upon the terms and subject to the conditions of the Exchange Offers, the acceptance for exchange of Original Notes validly tendered and not validly withdrawn and the issuance of the Exchange Notes will be made on the Exchange Date. For purposes of the Exchange Offers, we will be deemed to have accepted for exchange validly tendered Original Notes when and if we have given written notice to the exchange agent. The Original Notes surrendered in exchange for the Exchange Notes will be retired and cannot be reissued.

The exchange agent will act as agent for the tendering holders of each series of Original Notes for the purposes of receiving corresponding series of Exchange Notes from us and causing the Original Notes to be assigned, transferred and exchanged. Original Notes tendered by book-entry transfer into the exchange agent's account at DTC pursuant to the procedures described above will be credited to an account maintained by the holder with DTC for the Original Notes, promptly after withdrawal, rejection of tender or termination of the Exchange Offers.

Conditions to the Exchange Offers

Notwithstanding any other provision of the Exchange Offers, or any extension of the Exchange Offers, we will not be required to issue Exchange Notes in exchange for any properly tendered Original Notes not previously accepted and may terminate the Exchange Offers by oral or written notice to the exchange agent and by timely public announcement communicated, unless otherwise required by applicable law or regulation, to PR Newswire or other wire service, or, at our option, modify or otherwise amend the Exchange Offers, if, in our reasonable determination:

there is threatened, instituted or pending any action or proceeding before, or any injunction, order or decree shall have been issued by, any court or governmental agency or other governmental regulatory or administrative agency or of the SEC;

seeking to restrain or prohibit the making or consummation of the Exchange Offers;

assessing or seeking any damages as a result thereof;

resulting in a material delay in our ability to accept for exchange or exchange some or all of the Original Notes pursuant to the Exchange Offers; or

the Exchange Offers violate any applicable law or any applicable interpretation of the staff of the SEC.

These conditions are for our sole benefit and may be asserted by us with respect to all or any portion of the Exchange Offers regardless of the circumstances, including any action or inaction by us, giving rise to the condition or may be waived by us in whole or in part at any time or from time to time in our sole discretion. The failure by us at any time to exercise any of the foregoing rights will not be deemed a waiver of any right, and each right will be deemed an ongoing right that may be asserted at any time or from time to time. We reserve the right, notwithstanding the satisfaction of these conditions, to terminate or amend the Exchange Offers.

In addition, we reserve the right to take any action with respect to the Exchange Offer for one series of Original Notes (including, without limitation, extending, amending, terminating or waiving a condition to the Exchange Offer with respect to such series) without taking the same action with respect to the Exchange Offers for the other series of Original Notes.

Table of Contents

Any determination by us concerning the fulfillment or non-fulfillment of any conditions will be final and binding upon all parties.

In addition, we will not accept for exchange any Original Notes tendered, and no Exchange Notes will be issued in exchange for any Original Notes, if at such time, any stop order has been issued or is threatened with respect to the registration statement of which this prospectus forms a part, or with respect to the qualification of the Indentures under which the Original Notes were issued under the Trust Indenture Act of 1939.

The Trustee and the Exchange Agent make no recommendation to any Holder whether to tender Original Notes pursuant to the Exchange Offers or to take any other action.

Solicitation of Tenders; Expenses

We have not retained any dealer-manager or similar agent in connection with the Exchange Offers and we will not make any payments to brokers, dealers or others for soliciting acceptances of the Exchange Offers. We will, however, pay the exchange agent reasonable and customary fees for its services and will reimburse it for actual and reasonable out-of-pocket expenses. The expenses to be incurred in connection with the Exchange Offers, including the fees and expenses of the exchange agent and printing, accounting and legal fees, will be paid by us.

No person has been authorized to give any information or to make any representations in connection with the Exchange Offers other than those contained in this prospectus. If given or made, the information or representations should not be relied upon as having been authorized by us. Neither the delivery of this prospectus nor any exchange made in the Exchange Offers will, under any circumstances, create any implication that there has been no change in our affairs since the date of this prospectus or any earlier date as of which information is given in this prospectus.

Table of Contents

The Exchange Offers are not being made to, nor will tenders be accepted from or on behalf of, holders of Original Notes in any jurisdiction in which the making of the Exchange Offers or the acceptance would not be in compliance with the laws of the jurisdiction. However, we may, at our discretion, take any action as we may deem necessary to make the Exchange Offers in any jurisdiction.

Appraisal or Dissenters' Rights

Holders of Original Notes will not have appraisal or dissenters' rights in connection with the Exchange Offers.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the transfer of Original Notes to us and the issuance of Exchange Notes in the Exchange Offers unless we are instructed to issue or cause to be issued Exchange Notes, or Original Notes not tendered or accepted in the Exchange Offers are requested to be returned, to a person other than the tendering holder. If transfer taxes are imposed for any such other reason, the amount of those transfer taxes, whether imposed on the registered holder or any other person, will be payable by the tendering holder.

If satisfactory evidence of payment of or exemption from those transfer taxes is not submitted with the letter of transmittal, if applicable, the amount of those transfer taxes will be billed directly to the tendering holder and/or withheld from any amounts due to such holder.

Income Tax Considerations

We advise you to consult your own tax advisors as to your particular circumstances and the effects of any U.S. federal, state, local or non-U.S. tax laws to which you may be subject.

The discussion in this prospectus is based upon the provisions of the Internal Revenue Code of 1986, as amended, which we refer to as the Code, Treasury regulations promulgated thereunder, administrative rulings and pronouncements and judicial decisions, all as in effect on the date of this prospectus and all of which are subject to change, possibly with retroactive effect, or to different interpretations.

As described in Certain U.S. Federal Income Tax Considerations, the exchange of an Original Note for an Exchange Note pursuant to the Exchange Offer will not constitute a taxable exchange and will not result in any taxable income, gain or loss for U.S. federal income tax purposes, and immediately after the exchange, a holder will have the same adjusted tax basis and holding period in each Exchange Note received as such holder had immediately prior to the exchange in the corresponding Original Note surrendered.

Consequences of Failure to Exchange

As a consequence of the offer or sale of the Original Notes pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws, holders of Original Notes who do not exchange Original Notes for Exchange Notes in the Exchange Offers will continue to be subject to the restrictions on transfer of the Original Notes. In general, the Original Notes may not be offered or sold unless such offers and sales are registered under the Securities Act, or exempt from, or not subject to, the registration requirements of the Securities Act and applicable state securities laws.

UPON COMPLETION OF THE EXCHANGE OFFERS, DUE TO THE RESTRICTIONS ON TRANSFER OF THE ORIGINAL NOTES AND THE ABSENCE OF SIMILAR RESTRICTIONS APPLICABLE TO THE

EXCHANGE NOTES, IT IS HIGHLY LIKELY THAT THE MARKET, IF ANY, FOR ORIGINAL NOTES WILL BE LESS LIQUID THAN THE MARKET FOR EXCHANGE NOTES. CONSEQUENTLY, HOLDERS OF ORIGINAL NOTES WHO DO NOT PARTICIPATE IN THE EXCHANGE OFFERS COULD EXPERIENCE SIGNIFICANT DIMINUTION IN THE VALUE OF THEIR ORIGINAL NOTES COMPARED TO THE VALUE OF THE EXCHANGE NOTES.

On July 16, 2015, we entered into a new five-year Credit Agreement (as amended by Amendment No. 1 to Credit Agreement, dated as of April 13, 2016, the BAML Credit Agreement) with Sherwin-Williams Canada Inc. Term Loan Credit Agreement

On April 13, 2016, we entered into a term loan credit agreement (the Term Loan Credit Agreement) with a syndicate of lenders, Citibank, N.A., as administrative agent (the Term Loan Agent), Wells Fargo Bank, National Association, Morgan Stanley Senior Funding, Inc. and PNC Bank, National Association, as co-syndication agents and Citigroup Global Markets Inc., Wells Fargo Securities, LLC, Morgan Stanley Senior Funding, Inc., and PNC Capital Markets LLC, acting as joint lead arrangers and joint bookrunners. The Term Loan Credit Agreement will mature five years after the date upon which the Valspar Acquisition closed and the conditions precedent under the Term Loan Credit Agreement are satisfied.

At our election, borrowings under the Term Loan Credit Agreement will bear interest either at (i) the eurodollar rate plus an applicable margin, or (ii) the base rate plus an applicable margin. The eurodollar rate for an interest period is the rate per annum equal to the LIBOR for such interest period. The applicable interest rate margin over the eurodollar rate may range from a minimum of 1.00% to a maximum of 1.75% based on the Senior Debt Ratings. The base rate is

a fluctuating rate per annum equal to the highest of (i) the federal funds rate plus 0.50%, (ii) the prime lending rate of Citibank, N.A., and (iii) the eurodollar rate determined on a daily basis

The Term Loan Credit Agreement also contains a financial covenant that provides that our consolidated leverage ratio (total indebtedness to EBITDA) may not exceed 5.25 to 1.00 after the Closing Date, and which level decreases over time (to a minimum of 3.50 to 1.00).

Our 2025 senior notes and 2045 senior notes were issued under the indenture, dated as of July 31, 2015, between us and Wells Fargo Bank, National Association, as trustee. Our 2017 senior notes, 2042 senior notes, 2027 debentures and 2097 debentures were issued under an indenture, dated as of February 1, 1996, between us and The Bank of New York Mellon (as successor to Chemical Bank), as trustee.

The senior notes and the debentures are our direct, unsecured obligations and are not guaranteed by any of our subsidiaries. The indentures do not limit the amount of other debt that may be incurred by us or our subsidiaries. The indentures restrict our ability to consolidate, merge or sell all or substantially all of our assets. These existing senior notes have substantially the same covenants, change of control provisions and events of default as provided with respect to the Exchange Notes, as described below in Description of the Notes.

On June 2, 2017, we completed offers to exchange any and all outstanding Valspar notes held by certain eligible holders for (1) up to \$1.55 billion aggregate principal amount of new notes issued by Sherwin-Williams having the same maturity and interest rates as the Valspar notes and (2) cash of \$1 for each \$1,000 principal amount of Valspar notes exchanged. Approximately 95.4 percent, or approximately \$1.478 billion, of the Valspar notes were tendered and accepted in the exchange offers, and we issued the Original Notes pursuant to the exchange offers. See [Description of Other Indebtedness](#) for a discussion of our new term loan and other indebtedness.

The Exchange Notes will constitute senior debt securities to be issued under the Indentures. The date of the closing of the Exchange Offers is referred to herein as the **Exchange Date**.

For purposes of this **Description of the Notes**, we refer to the Original 2019 Notes and the New 2019 Notes, collectively, as the **2019 Notes**; the Original 2022 Notes and the New 2022 Notes, collectively, as the **2022 Notes**; the Original 2025 Notes and the New 2025 Notes, collectively, as the **2025 Notes**; the Original 2026 Notes and the New 2026 Notes, collectively, as the **2026 Notes**; and the Original 2045 Notes and the New 2045 Notes, collectively, as the **2045 Notes**.

The Company is issuing the Exchange Notes in exchange for the Original Notes of the corresponding series. The Exchange Notes of each series offered hereby and any Original Notes of the corresponding series not tendered pursuant to the terms hereof will be treated as a single class under the applicable Indenture, including for purposes of determining whether the required percentage of holders have given approval or consent to an amendment or waiver or joined in directing the Trustee to take certain actions on behalf of the holders.

As used in the following description, the terms **Sherwin-Williams**, **we**, **us**, **our** and **Company** refer to The Sherwin-Williams Company, an Ohio corporation, and not any of its subsidiaries, unless the context requires otherwise.

We urge you to read the applicable Indenture (including definitions of terms used therein) because it, and not this description, defines your rights as a beneficial owner of the Notes. You may request copies of the Indentures from us at our address set forth under **Where You Can Find Additional Information** in this prospectus.

Table of Contents

General

The Notes are our general unsecured senior debt securities issued under the Indentures. The Trustee will also act as registrar, paying agent and authenticating agent and perform administrative duties for us, such as sending out interest payments and notices under the Indentures.

The aggregate principal amount of the Exchange Notes offered hereby will be equal to the aggregate principal amount of the Original Notes that are validly tendered and accepted by the Company, which will be up to \$1,478,105,000 comprised as follows:

up to \$277,176,000 aggregate principal amount of 7.25% Senior Notes due 2019, maturing on June 15, 2019, with interest payable semiannually on each June 15 and December 15, beginning on December 15, 2017, to holders of record on the preceding June 1 and December 1; provided that, if the record date for the first interest payment occurs on or prior to the Exchange Date, the record date for the first interest payment date will be deemed the close of business on the day prior to such interest payment date;

up to \$385,909,000 aggregate principal amount of 4.20% Senior Notes due 2022, maturing on January 15, 2022, with interest payable semiannually on each January 15 and July 15, beginning on January 15, 2018, to holders of record on the preceding January 1 and July 1; provided that, if the record date for the first interest payment occurs on or prior to the Exchange Date, the record date for the first interest payment date will be deemed the close of business on the day prior to such interest payment date;

up to \$235,324,000 aggregate principal amount of 3.30% Senior Notes due 2025, maturing on February 1, 2025, with interest payable semiannually on each February 1 and August 1, beginning on August 1, 2017 (if the Exchange Date occurs before that date and otherwise on February 1, 2018), to holders of record on the preceding January 15 and July 15; provided that, if the record date for the first interest payment occurs on or prior to the Exchange Date, the record date for the first interest payment date will be deemed the close of business on the day prior to such interest payment date;

up to \$331,342,000 aggregate principal amount of 3.95% Senior Notes due 2026, maturing on January 15, 2026, with interest payable semiannually on each January 15 and July 15, beginning on January 15, 2018, to holders of record on the preceding January 1 and July 1; provided that, if the record date for the first interest payment occurs on or prior to the Exchange Date, the record date for the first interest payment date will be deemed the close of business on the day prior to such interest payment date; and

up to \$248,354,000 aggregate principal amount of 4.40% Senior Notes due 2045, maturing on February 1, 2045, with interest payable semiannually on each February 1 and August 1, beginning on August 1, 2017 (if the Exchange Date occurs before that date and otherwise on February 1, 2018), to holders of record on the preceding January 15 and July 15; provided that, if the record date for the first interest payment occurs on or prior to the Exchange Date, the record date for the first interest payment date will be deemed the close of business on the day prior to such interest payment date.

The Exchange Notes of each series will be issued only in fully registered form without coupons, in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof, except for the New 2019 Notes, which will only be issued in minimum denominations of \$1,000 and integral multiples of \$1,000 in excess thereof. The Exchange Notes are general unsecured senior obligations of Sherwin-Williams and will rank equally in right of payment with all of our other unsecured senior indebtedness, whether currently existing or incurred in the future. The Exchange Notes will be senior in right of payment to any subordinated indebtedness we may incur, and will be effectively junior in right of payment to our secured indebtedness to the extent of the value of the collateral securing that indebtedness. As of March 31, 2017, we had no secured indebtedness outstanding. The Exchange Notes will not be guaranteed by any of our subsidiaries and thus will be effectively subordinated to any existing or future indebtedness or other liabilities, including trade payables, of any of our subsidiaries,

Table of Contents

including Valspar obligations that survive the Valspar Acquisition. As of March 31, 2017, without giving effect to the Valspar Acquisition or any related transactions, our subsidiaries had total debt of approximately \$43.4 million. As discussed below, the Indentures do not restrict us or our subsidiaries from incurring any additional unsecured indebtedness and restrict but do not prohibit us or our subsidiaries from incurring additional secured indebtedness. The Exchange Notes are not subject to, and do not have the benefit of, any sinking fund.

The New 2019 Notes will bear interest at a fixed rate per year of 7.25%, commencing on June 15, 2017. The New 2022 Notes will bear interest at a fixed rate per year of 4.20%, commencing on July 15, 2017. The New 2025 Notes will bear interest at a fixed rate per year of 3.30%, commencing on August 1, 2017. The New 2026 Notes will bear interest at a fixed rate per year of 3.95%, commencing on July 15, 2017. The New 2045 Notes will bear interest at a fixed rate per year of 4.40%, commencing on August 1, 2017. Each series of Exchange Notes will accrue interest from (and including) the most recent date on which interest has been paid on the corresponding series of Original Notes accepted in the Exchange Offers. In each case, if the record date for the first interest payment date occurs on or prior to the Exchange Date, the record date for the first interest payment date will be deemed the close of business on the day prior to such interest payment date.

Interest on the Exchange Notes will be calculated on the basis of a 360-day year comprised of twelve 30-day months.

Each series of Exchange Notes will initially be evidenced by one or more global notes deposited with a custodian for, and registered in the name of, Cede & Co., as nominee of The Depository Trust Company (DTC). Except as described herein, beneficial interests in the global notes will be shown on, and transfers thereof will be effected only through, records maintained by DTC and its direct and indirect participants. We do not intend to list the Exchange Notes on any national securities exchange or include the Exchange Notes in any automated quotation systems.

Payments of principal of and interest on the Exchange Notes issued in book-entry form will be made as described below under Book-Entry Delivery and Form Depository Procedures. Payments of principal of and interest on the Exchange Notes issued in definitive form, if any, will be made as described below under Book-Entry Delivery and Form Payment and Paying Agents.

Interest payable on any interest payment date or the maturity date will be the amount of interest accrued from, and including, the next preceding interest payment date in respect of which interest has been paid or duly provided for (or from and including the most recent date on which interest has been paid on the corresponding series of Original Notes accepted in the Exchange Offers, if no interest has been paid or duly provided for with respect to the Exchange Notes) to, but not including, such interest payment date or maturity date, as the case may be. If an interest payment date or the maturity date falls on a day that is not a Business Day, the related payment of principal or interest will be made on the next succeeding Business Day as if made on the date the payment was due. No interest will accrue on such payment for the period from and after such interest payment date or the maturity date, as the case may be, to the date of such payment on the next succeeding Business Day. The term Business Day means any day other than a Saturday, a Sunday or any other day on which banking institutions in New York, New York or the city where the corporate trust business of the Trustee with respect to the Indentures is principally administered at any particular time are required or authorized to close or be closed.

We may, without notice to or consent of the holders or beneficial owners of the Exchange Notes, issue additional notes of a particular series having the same ranking, interest rate, maturity and/or other terms as a series of Exchange Notes offered hereby (except for the offering price, date of issuance and, if applicable, the initial interest payment date); provided, that if such additional notes are not fungible with such Exchange Notes for U.S. federal income tax purposes, the additional notes will have a separate CUSIP number. Any such additional notes issued will be considered part of the same series of Notes under the Indentures as the applicable Exchange Notes offered hereby.

Table of Contents

The Indentures do not contain any provisions that would limit our ability to incur additional unsecured indebtedness or require the maintenance of financial ratios or specified levels of net worth or liquidity.

Optional Redemption

General

At any time and from time to time, the Notes of each series are redeemable, in whole or in part, at our option, at a redemption price equal to the greater of:

100% of the principal amount of the Notes to be redeemed; and

as determined by the Quotation Agent (as defined below), the sum of the present values of the remaining scheduled payments of interest and principal thereon (exclusive of interest accrued and unpaid to, but not including, the date of redemption) discounted to the date of redemption on a semiannual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate (as defined below) plus 50 basis points with respect to the 2019 Notes, 30 basis points with respect to the 2022 Notes, 25 basis points with respect to the 2025 Notes, 25 basis points with respect to the 2026 Notes and 35 basis points with respect to the 2045 Notes,

plus, in either case, accrued and unpaid interest to, but not including, the date of redemption.

Notwithstanding the foregoing, if (i) the 2022 Notes are redeemed on or after October 15, 2021 (the date that is three months prior to their maturity date), the 2022 Notes will be redeemed at a redemption price equal to 100% of the principal amount of the 2022 Notes to be redeemed plus accrued and unpaid interest to, but not including, the date of redemption, (ii) the 2025 Notes are redeemed on or after November 1, 2024 (the date that is three months prior to their maturity date), the 2025 Notes will be redeemed at a redemption price equal to 100% of the principal amount of the 2025 Notes to be redeemed plus accrued and unpaid interest to, but not including, the date of redemption, (iii) the 2026 Notes are redeemed on or after October 15, 2025 (the date that is three months prior to their maturity date), the 2026 Notes will be redeemed at a redemption price equal to 100% of the principal amount of the 2026 Notes to be redeemed plus accrued and unpaid interest to, but not including, the date of redemption and (iv) the 2045 Notes are redeemed on or after August 1, 2044 (the date that is six months prior to their maturity date), the 2045 Notes will be redeemed at a redemption price equal to 100% of the principal amount of the 2045 Notes to be redeemed plus accrued and unpaid interest to, but not including, the date of redemption. The Indentures provide that, with respect to any redemption, we will notify the Trustee of the redemption price promptly after the calculation and that the Trustee will not be responsible for such calculation.

For purposes of determining the redemption price, the following definitions will apply:

Comparable Treasury Issue means the United States Treasury security or securities selected by the Quotation Agent as having an actual or interpolated maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a comparable maturity to the remaining term of such Notes.

Comparable Treasury Price means, with respect to any redemption date, (A) the arithmetic average of the four Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such

Reference Treasury Dealer Quotations, or (B) if the Quotation Agent obtains fewer than four such Reference Treasury Dealer Quotations, the arithmetic average of all such quotations for such redemption date.

Primary Treasury Dealer means a primary U.S. Government securities dealer in The City of New York.

Quotation Agent means one of the Reference Treasury Dealers appointed by us; provided, however, that if such Reference Treasury Dealer ceases to be a Primary Treasury Dealer, we will substitute another Primary Treasury Dealer.

Table of Contents

Reference Treasury Dealer means each of (i) Citigroup Global Markets Inc. and Wells Fargo Securities, LLC or their respective affiliates that are Primary Treasury Dealers, and, in each case, their respective successors; and (ii) two other Primary Treasury Dealers selected by us; provided, however, that if any of the foregoing or their affiliates shall cease to be a Primary Treasury Dealer, we will substitute therefor another Primary Treasury Dealer.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the arithmetic average, as determined by the Quotation Agent, of the bid and asked prices for the applicable Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Quotation Agent by such Reference Treasury Dealer at 3:30 p.m. New York City time on the third Business Day preceding such redemption date.

Treasury Rate means, with respect to any redemption date, the rate per annum equal to: (1) the yield, under the heading that represents the average for the immediately preceding week, appearing in the most recently published statistical release designated H.15 or any successor publication that is published weekly by the Board of Governors of the Federal Reserve System and that establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue; provided that, if no maturity is within three months before or after the remaining term of the notes to be redeemed, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Treasury Rate shall be interpolated or extrapolated from those yields on a straight-line basis, rounding to the nearest month; or (2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semiannual equivalent yield to maturity or interpolated (on a day count basis) of the applicable Comparable Treasury Issue, assuming a price for such Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date. The Treasury Rate shall be calculated on the third Business Day preceding the redemption date.

Selection and Notice of Redemption

The notice of redemption will state the amount of Notes to be redeemed. In the event that we choose to redeem less than all of the applicable Notes, selection of the Notes for redemption will be made in accordance with DTC's procedures.

No Notes of a principal amount of \$2,000 or less shall be redeemed in part. Notice of redemption will be sent electronically or mailed by first-class mail at least 30 but not more than 60 days before the redemption date to each holder of Notes to be redeemed at its registered address (with written notice to the Trustee no less than 15 days (or such shorter period as agreed by the Trustee) prior to the sending of such redemption notice). Once notice of redemption is sent, the Notes called for redemption will become irrevocably due and payable on the redemption date at the redemption price. A notice of redemption may not be conditional.

On and after the redemption date, interest will cease to accrue on Notes or portions thereof called for redemption as long as we have deposited with the paying agent funds in satisfaction of the applicable redemption price. Additionally, at any time, we may repurchase Notes in the open market and may hold such Notes or surrender such Notes to the Trustee for cancellation in accordance with its applicable procedures.

Purchase of Notes upon a Change of Control Triggering Event

If a Change of Control Triggering Event (as defined below) occurs with respect to a series of Notes, unless we have exercised our option to redeem the Notes of such series as described above by giving notice of such redemption to the

holders thereof, we will be required to make an offer (the Change of Control Offer) to each such holder to repurchase all or any part (equal to \$2,000 or any integral multiple of \$1,000 in excess thereof) of that holder's Notes of such series on the terms set forth in such Notes. In the Change of Control Offer, we will be

Table of Contents

required to offer payment in cash equal to 101% of the principal amount of the Notes of the applicable series repurchased, plus accrued and unpaid interest, if any, on the Notes repurchased up to, but not including, the date of repurchase (the Change of Control Payment). Within 30 days following any Change of Control Triggering Event with respect to a series of Notes or, at our option, prior to any Change of Control (as defined below), but after public announcement of the transaction that constitutes or may constitute the Change of Control, a notice will be mailed to holders of the Notes of the applicable series with a copy to the Trustee describing the transaction that constitutes or may constitute the Change of Control Triggering Event and offering to repurchase the Notes of the applicable series on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed (or with respect to global notes, to the extent permitted or required by applicable DTC procedures or regulations, sent electronically) or, if the notice is mailed or sent prior to the Change of Control, no earlier than 30 days and no later than 60 days from the date on which the Change of Control Triggering Event occurs (the Change of Control Payment Date). The notice will, if mailed or sent prior to the date of consummation of the Change of Control, state that the offer to purchase is conditioned on the Change of Control Triggering Event occurring on or prior to the Change of Control Payment Date.

On the Change of Control Payment Date, we will, to the extent lawful:

accept for payment all Notes or portions of Notes properly tendered pursuant to the Change of Control Offer;

deposit with the paying agent (or, if we are acting as our own paying agent, segregate and hold in trust) by 10:00 a.m. Eastern Time an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes properly tendered; and

deliver or cause to be delivered to the Trustee the Notes properly accepted together with an officer's certificate stating the aggregate principal amount of Notes or portions of Notes being repurchased.

We will publicly announce the results of the Change of Control Offer on or as soon as possible after the date of purchase. Neither the Trustee nor any paying agent shall be responsible for monitoring our rating status, making any request upon any of the Rating Agencies (as defined below) or any Substitute Rating Agency (as defined below), or determining whether any Rating Event has occurred.

Except as described above, the Indentures do not contain provisions that permit holders to require us to purchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

Our ability to pay cash to the holders of Notes following the occurrence of a Change of Control Triggering Event may be limited by our then-existing financial resources. Therefore, sufficient funds may not be available when necessary to make any required repurchases.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of our and our subsidiaries' assets taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require us to repurchase such holder's Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of our and our subsidiaries' assets taken as a whole to another person or group may be uncertain.

We will not be required to make a Change of Control Offer upon the occurrence of a Change of Control Triggering Event if a third party makes such an offer in the manner, at the time and otherwise in compliance with the requirements for an offer made by us and the third party purchases all Notes properly tendered and not withdrawn under its offer. In addition, we will not repurchase any Notes if there has occurred and is continuing on the Change of Control Payment Date an Event of Default under the Indentures, other than a default in the payment of the Change of Control Payment upon a Change of Control Triggering Event.

Table of Contents

We will comply in all material respects with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the Notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any such securities laws or regulations conflict with the Change of Control Offer provisions of the Notes, we will comply with those securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Offer provisions of the Notes by virtue of any such conflict.

For purposes of the Change of Control Offer provisions of the Notes, the following terms will be applicable:

Change of Control means the occurrence of any of the following:

- (a) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person (as that term is used in Section 13(d) of the Exchange Act) (other than us or one of our subsidiaries) becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of our Voting Stock (as defined below) or other Voting Stock into which our Voting Stock is reclassified, consolidated, exchanged or changed, measured by voting power rather than number of shares;
- (b) the direct or indirect sale, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of our assets and the assets of our subsidiaries, taken as a whole, to one or more persons (as that term is used in Section 13(d)(3) of the Exchange Act) (other than to us or one of our subsidiaries);
- (c) we consolidate with, or merge with or into, any person (as that term is used in Section 13(d) of the Exchange Act) or any such person consolidates with, or merges with or into, us, in either case, pursuant to a transaction in which any of our outstanding Voting Stock or the Voting Stock of such other person is converted into or exchanged for cash, securities or other property, other than pursuant to a transaction in which shares of our Voting Stock outstanding immediately prior to the transaction constitute, or are converted into or exchanged for, a majority of the Voting Stock of the surviving person immediately after giving effect to such transaction;
- (d) the adoption of a plan relating to our liquidation or dissolution; or
- (e) the first day on which a majority of the members of our board of directors are not Continuing Directors (as defined below).

Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control if (i) we become a direct or indirect wholly owned subsidiary of a holding company and (ii) the direct or indirect holders of the Voting Stock of such holding company immediately following that transaction are substantially the same as the holders of our Voting Stock immediately prior to that transaction.

Change of Control Triggering Event, with respect to a series of Notes, means the occurrence of both (1) a Change of Control and (2) a Rating Event (as defined below) with respect to such series.

Continuing Director means, as of any date of determination, any member of our board of directors who (1) was a member of such board of directors on the Issue Date, (2) was nominated for election to such board of directors with the approval of a committee of the board of directors consisting of a majority of independent Continuing Directors or (3) was nominated for election, elected or appointed to such board of directors with the approval of a majority of the Continuing Directors who were members of such board of directors at the time of such nomination, election or appointment (either by a specific vote or by approval of our proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination).

Table of Contents

Investment Grade Rating means a rating equal to or higher than Baa3 (or the equivalent) by Moody's and BBB- (or the equivalent) by S&P, or, if applicable, the equivalent investment grade credit rating from any Substitute Rating Agency (as defined below) selected by us.

Moody's means Moody's Investors Service, Inc., or any successor thereto.

Rating Agencies means (1) each of Moody's and S&P and (2) if any of Moody's and S&P ceases to rate the Notes or fails to make a rating of the Notes publicly available for reasons outside of our control, a Substitute Rating Agency in lieu thereof.

Our credit agreements provide, and future credit agreements or other agreements relating to any debt to which we become a party may provide, that certain events relating to a change in the control of the Company would constitute a default thereunder, either directly or as a result of a breach of a covenant. If we experience such a change of control event that triggers a default under our credit agreements or such other agreements, we could seek a waiver of such default or seek to refinance our credit agreements or the indebtedness under such other agreements. In the event we do not obtain such a waiver or refinance our credit agreements or the indebtedness under such other agreements, such default could result in amounts outstanding under our credit agreements or such other agreements being declared due and payable, which could have a material adverse effect on us.

Certain Covenants

The Indentures contain the following covenants:

Limitation on Liens

We will not, and will not permit any of our Restricted Subsidiaries to, issue, incur, create, assume, guarantee or permit to exist any Indebtedness secured by a Lien on any Principal Property, or shares of capital stock of any Restricted Subsidiary, whether owned on the Issue Date or thereafter acquired, unless we contemporaneously

secure the Notes equally and ratably with (or prior to) such Indebtedness; provided that any Lien created for the benefit of the holders of the Notes pursuant to this provision shall be automatically and unconditionally released and discharged upon release and discharge of the Lien that resulted in such provision becoming applicable.

Notwithstanding the foregoing, we are not required to secure the Notes if the Lien consists of either: (a) Permitted Liens; or (b) Liens other than Permitted Liens, provided that the aggregate amount of all Indebtedness secured by Liens other than Permitted Liens does not exceed 20% of Consolidated Net Tangible Assets calculated as of the date of the creation or incurrence of such Lien.

Limitation on Sale and Lease-Back Transactions

We and our Restricted Subsidiaries shall not enter into any Sale/Leaseback Transaction with respect to any Principal Property unless (a) we or such Restricted Subsidiary would be entitled to create a Lien on such Principal Property securing Indebtedness in an amount equal to the Attributable Indebtedness with respect to such Sale/Leaseback Transaction without securing the Notes then outstanding pursuant to the provisions described above under Limitation on Liens or (b) we, within six months from the effective date of such Sale/Leaseback Transaction, apply an amount equal to the Attributable Indebtedness with respect to such Sale/Leaseback Transaction to the voluntary defeasance or retirement of the Notes or other Indebtedness ranking *pari passu* with the Notes (excluding retirements as a result of conversions or pursuant to mandatory sinking fund or mandatory prepayment provisions or by payment at maturity); provided that the foregoing will not prevent us or any Restricted Subsidiary from (x) entering into any Sale/Leaseback Transaction involving a lease with a term of less than three years or (y) entering into any Sale/Leaseback Transaction between a Restricted Subsidiary and us or between Restricted Subsidiaries.

SEC Reports

We will file with the Trustee, within 15 days after we are required to file the same with the SEC, after giving effect to any grace period provided by Rule 12b-25 under the Exchange Act, copies of the annual reports and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may prescribe) that we may be required to file with the SEC pursuant to Section 13 or Section 15(d) of the Exchange Act. If we are not required to file information, documents or reports pursuant to either of those sections, then we will file with the Trustee and the SEC, in accordance with rules and regulations prescribed from time to time by the SEC and within 15 days after such information, documents or reports are due with respect to a non-accelerated filer and after giving effect to any grace period provided by Rule 12b-25 under the Exchange Act, such information, documents or reports that may be required pursuant to Section 13 of the Exchange Act in respect of a security listed and registered on a national securities exchange as may be prescribed from time to time in such rules and regulations.

Notwithstanding the foregoing, (a) we will be deemed to have furnished such information, documents or reports referred to above to the Trustee if we have filed such information, documents or reports with the SEC via the EDGAR filing system (or any successor system) or, if at any time we are no longer subject to reporting under Section 13 or 15(d) of the Exchange Act and are not permitted to file such information, documents or reports with the SEC, if we post such information, documents or reports on our publicly available website and (b) if at any time we are no longer subject to the reporting requirements of Section 13 or Section 15(d) of the Exchange Act, we will not be deemed to have failed to comply with any of our obligations under this covenant until 30 days after the date any information, document or report hereunder is required to be filed with the Trustee. The Trustee shall not be obligated to monitor or confirm, on a continuing basis or otherwise, our compliance with the covenants or with respect to any reports or other documents filed with the SEC or EDGAR or any website under the Indentures.

Limitation on Mergers and Other Transactions

Except as otherwise set forth in the Indentures, we may not merge or consolidate with or into any other person, in a transaction in which we are not the surviving corporation, or sell, convey, transfer, lease or otherwise dispose of all or substantially all of the properties and assets of us and our subsidiaries, taken as a whole, to any person, unless:

the successor or transferee is a U.S. corporation, limited liability company, partnership, trust or other entity;

the successor or transferee assumes our obligations on the Notes and under the Indentures pursuant to a supplemental indenture in form reasonably satisfactory to the Trustee;

immediately after giving effect to the transaction and treating our obligations in connection with or as a result of such transaction as having been incurred as of the time of such transaction, no default or event of default under the Indentures shall have occurred and be continuing; and

an officer's certificate and an opinion of counsel have been delivered to the Trustee in connection with the foregoing.

In the event of the above transaction, if there is a successor or transferee, then the successor or transferee will expressly assume all of our obligations under the Indentures and automatically be substituted for us in the Indentures and as issuer of the Notes and may exercise every right and power of ours under the Indentures with the same effect as if such successor or transferee had been named in our place in the Indentures; provided, however, that the predecessor company will not be relieved of the obligation to pay principal and interest on the Notes except in the case of a sale of all of the assets of us and our subsidiaries.

Certain Definitions

Attributable Indebtedness in respect of a Sale/Leaseback Transaction means, as of the time of determination, (a) if the obligation in respect of such Sale/Leaseback Transaction is a Capital Lease Obligation, the amount of such obligation determined in accordance with GAAP and included in the financial statements of the lessee or (b) if the obligation in respect of such Sale/Leaseback Transaction is not a Capital Lease Obligation, the total net amount of rent required to be paid by the lessee under such lease during the remaining term thereof (including any period for which the lease has been extended), discounted from the respective due dates thereof to such determination date at the rate per annum borne by the weighted average interest rate per annum borne by the Notes then outstanding under the Indentures compounded semiannually.

Events of Default

Event of Default means, with respect to any series of Notes, any of the following:

default in the payment of any interest on any Notes of that series when it becomes due and payable, and continuance of that default for a period of 30 days;

default in the payment of principal of, or premium on, any Notes of that series when due and payable;

failure on our part to comply with the covenant described under Limitation on Mergers and Other Transactions ;

default in the performance or breach of any other covenant or warranty by us in the Indentures or any supplemental indenture with respect to such series (other than a covenant or warranty that has been included in the Indentures solely for the benefit of a series of debt securities other than that series), which default continues uncured for a period of 90 days after (1) we receive written notice from the Trustee or (2) we and the Trustee receive written notice from the holders of not less than 25% in aggregate principal amount of the outstanding Notes of that series as provided in the Indentures;

certain events of bankruptcy, insolvency or reorganization of our company or our significant subsidiaries;

failure to make the required payment in connection with a Change of Control Triggering Event when due and payable in accordance with the terms of the Indentures; and

default in the performance or breach by us of any of the covenants described under Certain Covenants Limitation on Liens, Certain Covenants Limitation on Sale and Lease-Back Transactions and Certain Covenants SEC Reports, which default continues uncured for a period of 90 days after (1) we receive written notice from the Trustee or (2) we and the Trustee receive written notice from the holders of not less than 25% in aggregate principal amount of the outstanding Notes of that series as provided in the Indentures.

Table of Contents

We will promptly deliver to the Trustee written notice of any event that, with the giving of notice and the lapse of time, would become a covenant Event of Default, along with a description of the status and what action we are taking or propose to take with respect to such Event of Default.

No Event of Default with respect to a particular series of Notes (except as to certain events of bankruptcy, insolvency or reorganization) necessarily constitutes an Event of Default with respect to any other series of Notes. The occurrence of an Event of Default may constitute an event of default under our bank credit agreements in existence from time to time. In addition, the occurrence of certain Events of Default or an acceleration under the Indentures may constitute an event of default under certain of our other indebtedness outstanding from time to time.

If an Event of Default (other than an Event of Default resulting from certain events of bankruptcy, insolvency or reorganization of our company) with respect to Notes of any series at the time outstanding occurs and is continuing, then the Trustee or the holders of not less than 25% in aggregate principal amount of the outstanding Notes of that series may, by a notice in writing to us (and to the Trustee if given by the holders), declare to be due and payable immediately the principal (or, if the Notes of that series are discount securities, that portion of the principal amount as may be specified in the terms of that series) of, and accrued and unpaid interest, if any, on all Notes of that series. In the case of an Event of Default resulting from certain events of bankruptcy, insolvency or reorganization of our company, the principal (or such specified amount) of and accrued and unpaid interest, if any, on all outstanding Notes will become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holder of outstanding Notes. At any time after a declaration of acceleration with respect to Notes of any series has been made, the holders of a majority in aggregate principal amount of the outstanding Notes of that series may rescind and annul the acceleration if the rescission and annulment would not conflict with any judgment or decree already rendered and if all Events of Default with respect to that series, other than the non-payment of principal and interest, if any, with respect to Notes of that series that has become due and payable solely because of the acceleration, have been cured or waived and all sums paid or advanced by the Trustee and the reasonable compensation expenses and disbursements of the Trustee and its agents and counsel have been paid as provided in the Indentures.

The Indentures provide that the Trustee will be under no obligation to exercise any of its rights or powers under the Indentures at the request of any holder of outstanding Notes, unless the Trustee receives security or indemnity satisfactory to it against any loss, liability or expense. Subject to certain rights of the Trustee, the holders of a majority in principal amount of the outstanding Notes of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the debt securities of that series.

No holder of any Notes of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the Indentures or for the appointment of a receiver or trustee, or for any remedy under the applicable Indenture, unless:

that holder has previously given to the Trustee written notice of a continuing Event of Default with respect to Notes of that series; and

the holders of at least 25% in aggregate principal amount of the outstanding Notes of that series have made written request, and offered security or indemnity satisfactory to the Trustee, to institute the proceeding as trustee, and the Trustee has not received from the holders of a majority in aggregate principal amount of the outstanding Notes of that series a direction inconsistent with that request and has failed to institute the

proceeding within 60 days.

Notwithstanding the foregoing, the holder of any Notes will have an absolute and unconditional right to receive payment of the principal of, and premium and any interest on, such Notes on or after the due dates expressed in such Notes and to institute suit for the enforcement of such payment.

Table of Contents

The Indentures require us, within 120 days after the end of our fiscal year, to furnish to the Trustee a statement as to compliance with the Indentures. The Indentures provide that the Trustee may withhold notice to the holders of debt securities of any series of any default or Event of Default (except in payment on any debt securities of that series) with respect to Notes of that series if it in good faith determines that withholding notice is in the interest of the holders of those Notes.

Modification and Waiver

We may amend or modify the Indentures without the consent of any holder of Notes of the series affected by the modifications or amendments in order to:

cure any ambiguity, defect or inconsistency;

conform the text of the Indentures, including any supplemental indenture, or the Notes to any corresponding provision of this Description of the Notes ;

provide for the issuance of additional Notes;

provide for the assumption of our obligations in the case of a merger or consolidation and our discharge upon such assumption provided that the provision under Limitation on Mergers and Other Transactions of the Indentures is complied with;

add covenants or make any change that would provide any additional rights or benefits to the holders of the Notes;

add guarantees with respect to the Notes;

provide for uncertificated Notes in addition to or in place of certificated Notes;

secure the Notes;

add or appoint a successor or separate trustee;

make any change that does not adversely affect the rights of any holder of Notes in any material respect, as evidenced by an officer's certificate; or

obtain or maintain the qualification of the Indentures under the Trust Indenture Act.

Other amendments and modifications of the Indentures or the Notes issued may be made with the consent of the holders of at least a majority of the aggregate principal amount of the outstanding Notes of the affected series, and our compliance with any provision of the Indentures with respect to the Notes may be waived by written notice to the Trustee by the holders of a majority of the aggregate principal amount of the outstanding Notes of the affected series. However, no modification or amendment may, without the consent of the holder of each outstanding Notes of the affected series:

reduce the principal amount, any premium or change the stated maturity of any Notes or alter or waive any of the provisions with respect to the redemption or repurchase of the Notes;

change the place of payment or currency in which principal, any premium or interest is paid;

impair the right to institute suit for the enforcement of any payment on the Notes;

waive a payment default with respect to the Notes;

reduce the interest rate or extend the time for payment of interest on the Notes;

make any change to the amendment and modification provisions in the Indentures; or

reduce the percentage in principal amount outstanding of Notes, the consent of the holders of which is required for any of the foregoing modifications or otherwise necessary to modify, supplement or amend the applicable Indenture or to waive any past default.

Table of Contents

Except for certain specified provisions, the holders of at least a majority in principal amount of the outstanding Notes of an affected series may, on behalf of the holders of all Notes of such series, waive our compliance with provisions of the Indentures. Prior to the acceleration of the maturity of the Notes of any series pursuant to the terms of the Indentures, the holders of a majority in aggregate principal amount of the outstanding Notes of such series may, on behalf of the holders of all the Notes of such series, waive any past default under the Indentures with respect to such Notes and its consequences, except (i) a default with respect to such series in the payment of the principal of, or premium or any interest on, the Notes of such series or (ii) a default or Event of Default in respect of a covenant or provision that cannot be modified or amended without the consent of all of the holders of the outstanding Notes of the affected series.

Defeasance of Debt Securities and Certain Covenants in Certain Circumstances

Legal Defeasance. The Indentures provide that, in certain circumstances, we may be discharged from any and all obligations in respect of the Notes of any series (except for certain obligations to register the transfer or exchange of Notes, to replace stolen, lost or mutilated Notes, and to maintain paying agencies and certain provisions relating to the treatment of funds held by paying agents). We will be so discharged upon the deposit with the Trustee, in trust, of money and/or U.S. government obligations that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient in the written opinion of a nationally recognized firm of independent public accountants, a nationally recognized investment bank or a nationally recognized appraisal firm to pay and discharge each installment of principal, premium and interest in accordance with the terms of the Indenture and the Notes of that series.

This discharge may occur only if, among other things, we have delivered to the Trustee an opinion of counsel stating that we have received from, or there has been published by, the United States Internal Revenue Service a ruling or, since the date of execution of the Indentures, there has been a change in the applicable United States federal income tax law, in either case to the effect that, and based thereon such opinion shall confirm that, the beneficial owners of the Notes of the applicable series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred.

Defeasance of Certain Covenants. The Indentures provide that, upon compliance with certain conditions, we may be released from our obligation to comply with certain covenants set forth in the Indentures and any supplemental indenture, and any failure to comply with those covenants will not constitute a default or an Event of Default with respect to the Notes of the applicable series, or Covenant Defeasance. If we exercise our Covenant Defeasance option with respect to a series of Notes, payment of such Notes may not be accelerated because of an Event of Default related to certain events of bankruptcy, insolvency or reorganization of our significant subsidiaries.

The conditions include:

depositing with the Trustee money and/or U.S. government obligations that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient, in the written opinion of a nationally recognized firm of independent public accountants, a nationally recognized investment bank or a nationally recognized appraisal firm, to pay and discharge each installment of principal, premium and interest in accordance with the terms of the Indenture and the Notes of the applicable series; and

delivering to the Trustee an opinion of counsel to the effect that the beneficial owners of the Notes of the applicable series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the deposit and related Covenant Defeasance and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would have been the case if the deposit and related Covenant Defeasance had not occurred.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream is provided solely as a matter of convenience. These operations and procedures are solely within the control of DTC and are subject to changes by it. We and the Trustee do not take any responsibility for these operations and procedures and urge investors to contact DTC or its participants directly to discuss these matters.

DTC has advised us that it is a limited-purpose trust company created to hold securities for its participating organizations, referred to as participants, and to facilitate the clearance and settlement of transactions in those securities among DTC's participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations some of whom (and/or their representatives) own DTC. Access to DTC's system is also available to other entities such as banks, brokers, dealers, trust companies and clearing corporations that clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly, which entities are referred to as indirect participants. Persons who are not DTC participants may beneficially own securities held by or on behalf of DTC only through participants or indirect participants. DTC has no knowledge of the identity of beneficial owners of securities held by or on behalf of DTC. DTC's records reflect only the identity of its participants to whose accounts securities are credited. The ownership interests and transfer of ownership interests of each beneficial owner of each security held by or on behalf of DTC are

recorded on the records of DTC's participants and indirect participants through the procedures established by DTC:

upon deposit of the New Global Notes, DTC will credit the accounts of its participants designated by the dealer managers with portions of the principal amount of the New Global Notes; and

ownership of such interests in the New Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the participants) or by the participants and the indirect participants (with respect to other owners of beneficial interests in the New Global Notes).

Investors in the New Global Notes who are participants in DTC's system may hold their interests therein directly through DTC. Investors in the New Global Notes who are not participants may hold their interests therein indirectly through organizations which are participants in such system. Euroclear and Clearstream may hold interests in the New Global Notes on behalf of their participants through customers' securities accounts in their respective names on the books of their respective depositories, which are Morgan Guaranty Trust Company of New York, Brussels office, as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in the New Global Notes, including those held through Euroclear or Clearstream, will be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems. The laws of some states require that certain persons take physical delivery of certificates evidencing securities they own. Consequently, the ability to transfer beneficial interests in the New Global Notes to such persons will be limited to that extent. Because DTC can act only on behalf of its participants, which in turn act on behalf of indirect participants, the ability of beneficial owners of interests in the New Global Notes to pledge such interests to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the New Global Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders thereof under the Indentures for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on, a New Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indentures. Under the terms of the Indentures, we and the Trustee will treat the persons in whose names the Exchange Notes, including the New Global Notes, are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes.

Consequently, neither we nor the Trustee nor any of our respective agents has or will have any responsibility or liability for:

any aspect of DTC's records or any participant's or indirect participant's records relating to or payments made on account of beneficial ownership interests in the New Global Notes, or for maintaining, supervising or reviewing any of DTC's records or any participant's or indirect participant's records relating to the beneficial ownership interests in the New Global Notes; or

any other matter relating to the actions and practices of DTC or any of its participants or indirect participants.

DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the Exchange Notes (including principal and interest), is to credit the accounts of the relevant participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. The account of each relevant participant is credited with an amount proportionate to the amount of its interest in the principal amount of the New Global Notes as shown on the records of DTC. Payments by the participants and the indirect participants to the beneficial owners of the Exchange Notes will be governed by standing instructions and customary practices, and

will be the responsibility of the participants or the indirect participants and will not be the responsibility of DTC, the Trustee or us. Neither we nor the Trustee will be liable for any delay by DTC or any of its participants in identifying the beneficial owners of the Exchange Notes, and we and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Table of Contents

Transfers between participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds. Transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures. Cross-market transfers between the participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised us that it will take any action permitted to be taken by a holder of notes only at the direction of one or more participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the Exchange Notes as to which such participant or participants has or have given such direction.

Although DTC, Euroclear and Clearstream have agreed to the procedures described above to facilitate transfers of interests in the Global Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform those procedures, and those procedures may be discontinued or changed at any time. Neither we nor the Trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Book-Entry Notes for Certificated Notes

The New Global Notes are exchangeable for certificated notes in definitive, fully registered form without interest coupons only in the following limited circumstances:

DTC (1) notifies us that it is unwilling or unable to continue as depository for the New Global Notes and we fail to appoint a successor depository within 90 days or (2) has ceased to be a clearing agency registered under the Exchange Act;

we notify the Trustee in writing that we have elected to cause the issuance of certificated notes under the Indentures; or

an Event of Default with respect to the Exchange Notes represented by such New Global Note shall have occurred and be continuing.

In all cases, certificated notes delivered in exchange for any New Global Notes or beneficial interests therein will be registered in the names, and issued in any approved denominations, requested by or on behalf of DTC (in accordance with its customary procedures).

Payment and Paying Agents

Payments on the New Global Notes will be made in U.S. dollars by wire transfer. If we issue definitive notes, the holders of definitive notes will be able to receive payments of principal of and interest on their notes at the office of our paying agent. Payment of principal of a definitive note may be made only against surrender of the note to our paying agent. We have the option, however, of making payments of interest by wire transfer or by mailing checks to the address of the holder appearing in the register of note holders maintained by the registrar.

We will make any required interest payments to the person in whose name a note is registered at the close of business on the record date for the interest payment.

Table of Contents

The Trustee will be designated as our paying agent for payments on the Exchange Notes. We may at any time designate additional paying agents, rescind the designation of any paying agent or approve a change in the office through which any paying agent acts.

Notices

Any notices required to be given to the holders of the Exchange Notes will be given to DTC, as the registered holder of the New Global Notes. In the event that the New Global Notes are exchanged for notes in definitive form, notices to holders of the Exchange Notes will be sent electronically or mailed by first-class mail, postage prepaid, to the addresses that appear on the register of noteholders maintained by the registrar.

The Trustee

The Trustee assumes no responsibility for the accuracy or completeness of the information concerning Sherwin-Williams or its affiliates or any other party contained in this document or the related documents or for any failure by Sherwin-Williams or any other party to disclose events that may have occurred and may affect the significance or accuracy of such information. An affiliate of the Trustee is acting as joint lead arranger and joint bookrunner under one of Sherwin-Williams' credit facilities. The Trustee is also a lender under the Term Loan Credit Agreement.

The Indentures provide that, except during the continuance of an Event of Default, the Trustee will perform only such duties as are specifically set forth in the Indentures. During the existence of an Event of Default, the Trustee must exercise such rights and powers vested in it by the Indentures as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The Indentures and provisions of the Trust Indenture Act incorporated by reference in the Indentures contain limitations on the rights of the Trustee, should it become our creditor, to obtain payment of claims in certain cases or to liquidate certain property received by it in respect of any such claim as security or otherwise. The Trustee is permitted to engage in other transactions with us or any of our affiliates. If the Trustee acquires any conflicting interest (as defined in the Indentures or in the Trust Indenture Act), it must eliminate that conflict, apply to the SEC for permission to continue as trustee, or resign.

Governing Law

The Indentures are, and the Exchange Notes will be, governed by and construed in accordance with the laws of the State of New York, without regard to conflicts of laws principles thereof.

Table of Contents**CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS**

The following is a summary of certain U.S. federal income tax considerations relating to the exchange of unregistered Original Notes for registered Exchange Notes pursuant to the Exchange Offers, but does not purport to be a complete analysis of all the potential tax considerations relating to the Exchange Offers. This summary is based upon the provisions of the Code, Treasury regulations promulgated thereunder, administrative rulings and pronouncements, and judicial decisions, all as in effect on the date of this prospectus and all of which are subject to change, possibly with retroactive effect, or to different interpretations.

This discussion does not address all of the U.S. federal income tax considerations that may be relevant to a holder in light of such holder's particular circumstances or to holders subject to special rules, such as banks or other financial institutions, entities or arrangements classified as partnerships or other pass-through entities for U.S. federal income tax purposes or investors in such entities, regulated investment companies, real estate investment trusts, expatriates or former U.S. citizens or U.S. residents, insurance companies, brokers or dealers in securities or commodities, holders that use a mark-to-market method of accounting for their securities holdings, U.S. holders whose functional currency is not the U.S. dollar, holders subject to the alternative minimum tax, tax-exempt organizations, controlled foreign corporations (within the meaning of the Code), passive foreign investment companies (within the meaning of the Code), persons deemed to sell the Notes under the constructive sale provisions of the Code, persons holding the Notes in tax-deferred accounts, or persons holding the Notes as part of a straddle, hedge, conversion transaction, integrated security transaction or other risk reduction transaction. In addition, this discussion is limited to persons that hold the Notes as capital assets within the meaning of the Code (generally, property held for investment). This discussion does not address U.S. federal tax laws other than those pertaining to the U.S. federal income tax (such as the gift tax, the estate tax and the Medicare tax) or the effect of any applicable state, local or non-U.S. tax laws. This summary is not binding on the Internal Revenue Service, or IRS. We have not sought and will not seek any rulings from the IRS with respect to the statements made in this summary, and there can be no assurance that the IRS will not take a position contrary to these statements or that a contrary position taken by the IRS would not be sustained by a court.

The exchange of an Original Note for an Exchange Note pursuant to the Exchange Offers will not constitute a taxable exchange of the Original Note for U.S. federal income tax purposes. Rather, the Exchange Note a holder receives will be treated as a continuation of the holder's investment in the corresponding Original Note surrendered in the exchange. Consequently, a holder will not recognize any taxable income, gain or loss upon the receipt of an Exchange Note pursuant to the Exchange Offers, the holder's holding period for an Exchange Note will include the holding period for the Original Note exchanged pursuant to the Exchange Offers, and the holder's tax basis in an Exchange Note will be the same as the adjusted tax basis in the Original Note immediately before such exchange.

THIS SUMMARY OF CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS IS FOR GENERAL INFORMATION ONLY AND IS NOT TAX ADVICE. HOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISOR WITH RESPECT TO THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATION, AS WELL AS ANY TAX CONSIDERATIONS ARISING UNDER OTHER U.S. FEDERAL TAX LAWS, THE LAWS OF ANY STATE, LOCAL OR NON-U.S. TAXING JURISDICTION OR ANY APPLICABLE INCOME TAX TREATY.

Table of Contents**CERTAIN ERISA CONSIDERATIONS**

The following summary regarding certain aspects of ERISA and the Code is based on ERISA and the Code, judicial decisions and United States Department of Labor and IRS regulations and rulings that are in existence on the date of this prospectus. This summary is general in nature and does not address every issue pertaining to ERISA or the Code that may be applicable to us, the Exchange Notes or a particular investor. Accordingly, each prospective investor should consult with his, her or its own counsel in order to understand the issues relating to ERISA and the Code that affect or may affect the investor with respect to this investment.

ERISA and the Code impose certain requirements on employee benefit plans that are subject to Title I of ERISA and plans subject to Section 4975 of the Code (each such employee benefit plan or plan, a **Plan**), on entities whose underlying assets include plan assets by reason of a **Plan**'s investment in such entities and on those persons who are **fiduciaries** as defined in Section 3(21) of ERISA and Section 4975 of the Code with respect to **Plans**. In considering an investment of the assets of a **Plan** subject to Part 4 of Subtitle B of Title I of ERISA in the Exchange Notes, a **fiduciary** must, among other things, discharge its duties solely in the interest of the participants of such **Plan** and their beneficiaries and for the exclusive purpose of providing benefits to such participants and beneficiaries and defraying reasonable expenses of administering the **Plan**. A **fiduciary** must act prudently and must diversify the investments of a **Plan** subject to Part 4 of Subtitle B of Title I of ERISA so as to minimize the risk of large losses, as well as discharge its duties in accordance with the documents and instruments governing such **Plan**. In addition, ERISA generally requires **fiduciaries** to hold all assets of a **Plan** subject to Part 4 of Subtitle B of Title I of ERISA in trust and to maintain the indicia of ownership of such assets within the jurisdiction of the district courts of the United States. A **fiduciary** of a **Plan** subject to Part 4 of Subtitle B of Title I of ERISA should consider whether an investment in the Exchange Notes satisfies these requirements.

An investor who is considering acquiring the Exchange Notes with the assets of a **Plan** must consider whether the acquisition and holding of the Exchange Notes will constitute or result in a non-exempt prohibited transaction. Section 406(a) of ERISA and Sections 4975(c)(1)(A), (B), (C) and (D) of the Code prohibit certain transactions that involve a **Plan** and a **party in interest** as defined in Section 3(14) of ERISA or a **disqualified person** as defined in Section 4975(e)(2) of the Code with respect to such **Plan**. Examples of such prohibited transactions include, but are not limited to, sales or exchanges of property (such as the Exchange Notes) or extensions of credit between a **Plan** and a **party in interest** or **disqualified person**. Section 406(b) of ERISA and Sections 4975(c)(1)(E) and (F) of the Code generally prohibit a **fiduciary** with respect to a **Plan** from dealing with the assets of the **Plan** for its own benefit (for example, when a **fiduciary** of a **Plan** uses its position to cause the **Plan** to make investments in connection with which the **fiduciary** (or a **party** related to the **fiduciary**) receives a fee or other consideration).

ERISA and the Code contain certain exemptions from the prohibited transactions described above, and the Department of Labor has issued several exemptions, although certain exemptions do not provide relief from the prohibitions on self-dealing contained in Section 406(b) of ERISA and Sections 4975(c)(1)(E) and (F) of the Code. Exemptions include Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code pertaining to certain transactions with non-fiduciary service providers; Department of Labor Prohibited Transaction Class Exemption (**PTCE**) 95-60, applicable to transactions involving insurance company general accounts; **PTCE** 90-1, regarding investments by insurance company pooled separate accounts; **PTCE** 91-38, regarding investments by bank collective investment funds; **PTCE** 84-14, regarding investments effected by a qualified professional asset manager; and **PTCE** 96-23, regarding investments effected by an in-house asset manager. There can be no assurance that any of these exemptions will be available with respect to the acquisition of the Exchange Notes. Under Section 4975 of the Code, excise taxes are imposed on **disqualified persons** who participate in non-exempt prohibited transactions (other than a **fiduciary** acting only as such) and such transactions may have to be rescinded.

As a general rule, a governmental plan, as defined in Section 3(32) of ERISA (each, a Governmental Plan), a church plan, as defined in Section 3(33) of ERISA, that has not made an election under Section 410(d)

Table of Contents

of the Code (each, a Church Plan) and a plan maintained outside the United States primarily for the benefit of persons substantially all of whom are nonresident aliens (each, a non-U.S. Plan) are not subject to Title I of ERISA or Section 4975 of the Code. Accordingly, assets of such plans may be invested without regard to the fiduciary and prohibited transaction considerations described above. Although a Governmental Plan, a Church Plan or a non-U.S. Plan is not subject to Title I of ERISA or Section 4975 of the Code, it may be subject to other United States federal, state or local laws or non-U.S. laws that regulate its investments (a Similar Law). A fiduciary of a Governmental Plan, a Church Plan or a non-U.S. Plan should consider whether investing in the Exchange Notes satisfies the requirements, if any, under any applicable Similar Law.

The Exchange Notes may be acquired by a Plan, a Governmental Plan, a Church Plan, a non-U.S. Plan or an entity whose underlying assets include the assets of a Plan, but only if the acquisition will not result in a non-exempt prohibited transaction under ERISA or Section 4975 of the Code or a violation of Similar Law. Therefore, any investor in the Exchange Notes will be deemed to represent and warrant to us and the Trustee that (1) (a) it is not (i) a Plan, (ii) a Governmental Plan, (iii) a Church Plan, (iv) a non-U.S. Plan or (v) an entity whose underlying assets include the assets of a Plan, (b) it is a Plan or an entity whose underlying assets include the assets of a Plan and the acquisition and holding of the Exchange Notes will not result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code or (c) it is a Governmental Plan, a Church Plan or a non-U.S. Plan that is not subject to (i) ERISA, (ii) Section 4975 of the Code or (iii) any Similar Law that prohibits or imposes excise or penalty taxes on the acquisition or holding of the Exchange Notes; and (2) it will notify us and the Trustee immediately if, at any time, it is no longer able to make the representations contained in clause (1) above. Any purported transfer of the Exchange Notes to a transferee that does not comply with the foregoing requirements shall be null and void *ab initio*.

These offers are not a representation by us that an acquisition of the Exchange Notes meets any or all legal requirements applicable to investments by Plans, Governmental Plans, Church Plans, non-U.S. Plans or entities whose underlying assets include the assets of a Plan or that such an investment is appropriate for any particular Plan, Governmental Plan, Church Plan, non-U.S. Plan or entity whose underlying assets include the assets of a Plan.

PLAN OF DISTRIBUTION

Any broker-dealer that holds Original Notes that were acquired for its own account as a result of market-making activities or other trading activities (other than Original Notes acquired directly from us) may exchange such Original Notes pursuant to the Exchange Offers. Any such broker-dealer, however, may be deemed to be an underwriter within the meaning of the Securities Act and must, therefore, deliver a prospectus meeting the requirements of the Securities Act in connection with any resales of Exchange Notes received by such broker-dealer in the Exchange Offers. Such prospectus delivery requirement may be satisfied by the delivery by such broker-dealer of this prospectus. We have agreed to make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with such resales.

We will not receive any proceeds from any sale of Exchange Notes by broker-dealers. Exchange Notes received by broker-dealers for their own account in the Exchange Offers may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the Exchange Notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any of these resales may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from these broker-dealers and/or the purchasers of Exchange Notes. Any broker-dealer that resells Exchange Notes that were received by it for its own account in the Exchange Offers and any broker-dealer that participates in a distribution of the Exchange Notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any such resale of Exchange Notes and any commission or concessions received by any such person may be deemed to be underwriting compensation under the Securities Act. The accompanying letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

We have agreed to pay all expenses incident to the Exchange Offers, including the expenses of one counsel for the holders of the Original Notes and will indemnify the holders of the Original Notes against certain liabilities, including liabilities under the Securities Act.
