ITEM 1.01. ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.

Issuance of 3.750% Senior Secured Notes due 2028 and 5.375% Senior Secured Notes due 2047

On July 6, 2017 (the Closing Date), Charter Communications Operating, LLC (CCO) and Charter Communications Operating Capital Corp. (together with CCO, the Issuers), subsidiaries of Charter Communications, Inc. (the Company), issued (i) \$500 million aggregate principal amount of 5.375% Senior Secured Notes due 2047 (the Additional Notes), which form part of the same series as the Issuers \$1.25 billion principal amount of 5.375% Senior Secured Notes due 2047 issued on April 20, 2017 (together with the Additional Notes, the 2047 Notes) and (ii) \$1.0 billion aggregate principal amount of 3.750% Senior Secured Notes due 2028 (the 2028 Notes, and together with the Additional Notes, the Notes). The Notes were sold to persons reasonably believed to be qualified institutional buyers in reliance on Rule 144A and outside the United States to non-U.S. persons in reliance on Regulation S. The Notes have not been registered under the Securities Act, or any state securities laws and, unless so registered, may not be offered or sold in the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state securities laws.

In connection therewith, the Issuers entered into the below agreements.

Secured Notes Indentures

On April 20, 2017, the Issuers, CCO Holdings, LLC (the Parent Guarantor) and the other guarantors party thereto (together with the Parent Guarantor, the Guarantors) entered into a Fifth Supplemental Indenture with The Bank of New York Mellon Trust Company, N.A., as trustee (in such capacity, the Trustee) and as collateral agent (in such capacity, the Collateral Agent), in connection with the issuance of the 2047 Notes and the terms thereof (the Fifth Supplemental Indenture). The Fifth Supplemental Indenture supplements a base indenture entered into on July 23, 2015, by and among the Issuers, CCO Safari II, LLC, the Trustee and the Collateral Agent (the Base Indenture and, together with the Fifth Supplemental Indenture, the 2047 Notes Indenture) providing for the issuance of senior secured notes of the Issuers generally.

On the Closing Date, the Issuers and the Guarantors entered into a Sixth Supplemental Indenture with the Trustee and the Collateral Agent, in connection with the issuance of the 2028 Notes and the terms thereof (the Sixth Supplemental Indenture). The Sixth Supplemental Indenture supplements the Base Indenture (as so supplemented, the 2028 Notes Indenture, and the 2028 Notes Indenture together with the 2047 Notes Indenture, the Indentures).

The Indentures provide, among other things, that the Notes are general secured obligations of the Issuers and the Guarantors. Interest is payable on the 2028 Notes on each July 15 and August 15, commencing July 15, 2018. Interest is payable on the 2047 Notes on each May 1 and November 1, commencing November 1, 2017. At any time and from time to time prior to November 15, 2027, the Issuers may redeem the outstanding 2028 Notes in whole or in part at a redemption price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, and special interest, if any, to, but not including, the redemption date, plus a make-whole premium. On or after November 15, 2027, the Issuers may redeem some or all of the outstanding 2028 Notes at a redemption price equal to 100% of the principal amount of the 2028 Notes to be redeemed, plus accrued and unpaid interest and special interest, if any, on the principal amount being redeemed, to, but not including, the redemption date. At any time and from time to time prior to November 1, 2046, the Issuers may redeem the outstanding 2047 Notes in whole or in part at a redemption price equal to 100% of the principal amount thereof, plus accrued and unpaid interest and special interest, if any, to, but not including, the redemption date and a make-whole premium. On or after November 1, 2046, the Issuers may redeem some or all of the outstanding 2047 Notes at a redemption price equal to 100% of the principal amount of the 2047 Notes to be redeemed, plus accrued and unpaid interest and special interest, if any, to, but not including, the redemption date. The Notes are senior secured obligations of the Issuers. The Notes are guaranteed on a senior secured basis by the Parent Guarantor and all of the subsidiaries of the Issuers that guarantee the obligations of CCO under its credit agreement. The Notes and the guarantees are secured by a *pari passu*, first priority security interest, subject to

certain permitted liens, in the Issuers and the Guarantors assets that secure obligations under the credit agreement.

The terms of the Indentures, among other things, limit the ability of the Issuers to grant liens, sell all or substantially all of their assets or merge or consolidate with other entities.

The Indentures provide for customary events of default which include (subject in certain cases to customary grace and cure periods), among others, nonpayment of principal or interest; breach of other covenants or agreements in the Indentures; failure of certain guarantees to be enforceable; cessation of a material portion of the collateral subject to liens or disaffirmation of obligations under the security documents establishing the security interest in the collateral securing the Notes; and certain events of bankruptcy or insolvency. Generally, if an event of default occurs, the Trustee or the holders of at least 30% in aggregate principal amount of the then outstanding Notes of a series may declare all the Notes of such series to be due and payable immediately.

Exchange and Registration Rights Agreements

In connection with the sale of the 2028 Notes, the Issuers and the Guarantors entered into an Exchange and Registration Rights Agreement with respect to the 2028 Notes, dated as of July 6, 2017 (the "2028 Notes Exchange and Registration Rights Agreement"), with Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representative of the several Purchasers (as defined in the 2028 Notes Exchange and Registration Rights Agreement). In certain circumstances, under the 2028 Notes Exchange and Registration Rights Agreement, the Issuers have agreed to file a registration statement with respect to an offer to exchange the 2028 Notes for a new issue of substantially identical notes registered under the United States Securities Act of 1933, as amended (the "Securities Act"), to cause the exchange offer registration statement to be declared effective and to consummate the exchange offer no later than 365 days following the Closing Date. The Issuers may be required to provide a shelf registration statement to cover resales of the 2028 Notes under certain circumstances. If the foregoing obligations are not satisfied, the Issuers may be required to pay holders of the 2028 Notes additional interest at a rate of 0.25% per annum of the principal amount thereof for 90 days immediately following the occurrence of any registration default. Thereafter, the amount of additional interest will increase by an additional 0.25% per annum of the principal amount thereof to 0.50% per annum of the principal amount thereof until all registration defaults have been cured.

In connection with the sale of the Additional Notes, the Issuers entered into an Exchange and Registration Rights Agreement with respect to the Notes, dated as of July 6, 2017 (the "2047 Notes Exchange and Registration Rights Agreement"), with Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representative of the several Purchasers (as defined in the Exchange and Registration Rights Agreement). In certain circumstances, under the 2047 Notes Exchange and Registration Rights Agreement, the Issuers have agreed to file a registration statement with respect to an offer to exchange the Additional Notes for a new issue of substantially identical notes registered under the Securities Act, to cause the exchange offer registration statement to be declared effective and to consummate the exchange offer no later than 365 days following April 20, 2017. The Issuers may be required to provide a shelf registration statement to cover resales of the Additional Notes under certain circumstances. If the foregoing obligations are not satisfied, the Issuers may be required to pay holders of the Additional Notes additional interest at a rate of 0.25% per annum of the principal amount thereof for 90 days immediately following the occurrence of any registration default. Thereafter, the amount of additional interest will increase by an additional 0.25% per annum of the principal amount thereof to 0.50% per annum of the principal amount thereof until all registration defaults have been cured.
