Edgar Filing: AFLAC INC - Form FWP

Note: A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time.

** We expect that delivery of the debentures will be made to investors on or about October 23, 2017, which is the fourth Tokyo business day following the date of this final term sheet (such settlement being referred to as T+4). Under the E.U. Central Securities Depositories Regulation, trades in the secondary market are required to settle in two London business days, unless the parties to any such trade expressly agree otherwise. Also, under Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market are required to settle in two New York business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade debentures earlier than the second London business day, or the second New York business day, before October 23, 2017 will be required, by virtue of the fact that the debentures initially will settle T+4, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement, and so should consult their own advisors.
