salary less \$6,250, at a purchase price equal to the lower of 100% of the market value on the date of grant or 85% of the market value on the date of exercise.

- (2) Includes shares of common stock acquired from the non-reportable exercise under a Qualified Employee Stock Purchase Plan.
- (3) Sale under a 10b5-1 Plan, which was established in accordance with the policies and procedures of the Issuer, approved by its Board of Directors

The option was granted on the first day of the option term and previously reported as a right to purchase shares of the Company's common stock at an exercise price equal to the market value on the date of grant. In accordance with the Non-Qualified Employee Stock Purchase Plan, the option is ultimately exercisable for an exercise price which is the lower of 100% of the market value on the grant date or 85% of the market value on the day prior to the exercise date. The number of shares exercised is based on the option amount divided by the lower of 100% of the market value on the grant date or 85% of the market value on the day prior to the exercise date.

- (6) The option will be exercisable for that number of shares equal to the option amount (25% of the optionee's quarterly salary less \$6,250) divided by the lesser of the market value of the common stock on the grant date or 85% of the market value on the day prior to the exercise date.
- (7) The Reporting Person is exercising options under this grant in pre-established increments under and in accordance with provisions of a previously established Plan of Sale under Rule 10b5-1, which was established in accordance with the policies and procedures of the Issuer, approved by its Board of Directors.
