LETTER TO STOCKHOLDERS
FROM OUR BOARD
OF DIRECTORS

Fellow Blackbaud Stockholders:

In 2014, we marked our tenth anniversary as a public company, and the Company remains committed to achieving long-term performance and delivering stockholder value through a strong business model. In the past decade, we have more than doubled our customer base from 12,700 customers to over 30,000 customers in more than 60 countries; we have delivered strong, sustained financial results with annual revenue growing from \$138.7 million in 2004 to \$564.4 million in 2014; and we have expanded the scope of our solutions through investment in product innovation and development, as well as strategic acquisitions, to both expand into new markets and enhance the value of our core offerings within our traditional markets.

In 2014, the Company:

- Increased annual revenue by 12% from \$503.8 million in 2013 to \$564.4 million in 2014;
- Grew recurring revenue to approximately 73% of total revenue in 2014;
- Generated cash flow from operations of \$102.3 million;
- Provided returns to stockholders by paying \$22.1 million in dividends;
- Grew our Enterprise CRM customer base with 14 new CRM customers;
- Completed the acquisition of WhippleHill, which expanded our addressable market, broadened and modernized our K12 private school offerings, resulting in a more complete K12 solution with student information, enrollment management, fundraising, online content and revenue capabilities;
- Completed the acquisition of MicroEdge, which expanded our addressable market to include institutions involved in the entire spectrum of giving activities, from private foundations and other grant-making institutions to corporate social responsibility programs;
- Established long-term aspirational goals related to revenue growth, margin expansion and cash flows and generated financial results that keep us on track to deliver against those goals;
- Announced Raiser's Edge NXT and Financial Edge NXT as enhanced cloud-based solutions that replace two key legacy products;
- Transitioned leadership to a new Chief Executive Officer, Michael P. Gianoni;
- Implemented an enterprise-wide quality enhancement program, initially introduced in solutions, engineering and product management and cascading to key operating functions in 2015 and beyond, and created a center of quality and operational excellence to support our focus on increasing quality, efficiency and customer satisfaction; and
- Continued to elevate Blackbaud's thought leadership position in the philanthropic industry through our participation in the Clinton Global Initiative and Social Innovation Summit.

We remain equally committed to continuing stockholder communication and engagement to better understand your views on the Company and, in particular, our executive compensation. In 2014, as we do every year, we reviewed our executive compensation programs with our Compensation Committee's independent outside compensation consultant, Compensia, Inc.

Our compensation decisions including the continued practice of making annual grants to named executive officers of performance-based restricted stock units reinforce our strong pay-for-performance compensation philosophy. We continue to be committed to providing competitive, performance-based compensation opportunities to our executive officers, who collectively are responsible for making our Company successful.

We appreciate your investment in Blackbaud and value your input and continued support.

PROPOSAL 1 - ELECTION OF DIRECTORS

Nominees

The Board of Directors consists of eight members and is divided into three classes, the members of which each serve for a staggered three-year term. The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting for a full three-year term. Each of our existing Class B directors, Andrew M. Leitch, George H. Ellis and David G. Golden, have been nominated to fill a three-year term expiring in 2018. The two other classes of directors, who were elected or appointed for terms expiring at the annual meetings in 2016 and 2017, respectively, will remain in office.

If you are a stockholder of record, unless you mark your Proxy Card otherwise, the proxy holders will vote the proxies received by them for the three Class B nominees named below, each of whom is currently a director and each of whom has consented to be named in this Proxy Statement and to serve if elected. In the event that any nominee is unable or declines to serve as a director at the time of the meeting, your proxy will be voted for any nominee designated by the Board of Directors to fill the vacancy. We do not expect that any nominee will be unable or will decline to serve as a director.

From December 2007 to May 2012, Mr. Kight served as director and vice chairman of Fiserv following Fiserv's acquisition of CheckFree Corporation, a leading provider of electronic commerce services and products. Mr. Kight founded CheckFree Corporation in 1981 and served as its chairman and chief executive officer until December 2007. Mr. Kight has served on the board of directors of Huntington Bancshares Incorporated, a multi-state diversified regional bank holding company, since June 2012. Mr. Kight served on the boards of directors of Akamai Technologies, Inc., a publicly traded company that distributes computing solutions and services, from March 2004 to July 2012, and Manhattan Associates, Inc., a publicly traded company that provides supply chain planning and execution solutions, from October 2007 to July 2011. Among other experience, qualifications, attributes and skills, Mr. Kight's substantial experience at various other public companies, including strategic planning and operational experience, as well as valuable insight on public company governance practices, and his knowledge of the payment services industry led to the conclusion of our Nominating and Corporate Governance Committee and of our full Board that he should serve as a director of our Company in light of our business and structure.

BOARD OF DIRECTORS AND COMMITTEES**Information about the Board**

The Board of Directors currently comprises eight members, namely Chairman Andrew M. Leitch, Michael P. Gianoni, George H. Ellis, Timothy Chou, David G. Golden, Sarah E. Nash, Joyce M. Nelson and Peter J. Kight.

We have historically separated the position of Chairman, currently independent director Andrew M. Leitch, and that of Chief Executive Officer ("CEO"), currently Michael P. Gianoni. While the Board of Directors believes the separation of these positions has served our Company well, and intends to maintain this separation where appropriate and practicable, the Board does not believe that it is appropriate to prohibit one person from serving as both Chairman and CEO. We believe our leadership structure is appropriate given the size of our Company in terms of number of employees, Mr. Leitch's experience on boards of directors and management skills, and Mr. Gianoni's experience and understanding of our Company and industry.

Independence of Directors

The Board of Directors has adopted categorical standards or guidelines to assist it in making independence determinations with respect to each director. These standards are published in Section 1 of our Corporate Governance Guidelines and are available under Corporate Governance in the Company – Investor Relations section of our website at www.blackbaud.com. The Board has determined that the following seven directors are independent within the meaning of Rule 5605(a)(2) of the NASDAQ Marketplace Rules: Mr. Leitch; Mr. Ellis; Mr. Chou; Mr. Golden; Ms. Nash; Ms. Nelson; and Mr. Kight. As part of such determination of independence, the Board has affirmatively determined that none of these directors has a relationship with us that would interfere with the exercise of independent judgment in carrying out their responsibilities as directors. Mr. Gianoni, our President and CEO, is the only member of management serving as a director.

Selection of Nominees for the Board of Directors

The Nominating and Corporate Governance Committee of the Board of Directors is responsible for establishing the criteria for recommending which directors should stand for re-election to the Board and the selection of new directors to serve on the Board. In addition, the Committee is responsible for establishing the procedures for our stockholders to nominate candidates to the Board. The Committee has not formulated any specific minimum qualifications for director candidates, but has determined certain desirable characteristics, including strength of character, mature judgment, career specialization, relevant technical skills and independence. While it does not have a specific written policy with regard to the consideration of diversity in identifying director nominees, the Committee does consider diversity to be an additional desirable characteristic in potential nominees. This commitment to diversity is part of our Corporate Governance Guidelines, which are available under Corporate Governance in the Company – Investor Relations section of our website at www.blackbaud.com.

GOVERNANCE

Our Bylaws permit any stockholder of record to nominate directors. Stockholders wishing to nominate a director, whether by inclusion of such business in our proxy materials or otherwise, must deliver written notice of the nomination by registered mail, return receipt requested, to the Corporate Secretary at our principal executive offices not more than 75 and not less than 45 days before the meeting at which directors are to be elected. Any such notice must set forth the following: (a) the name, age, business address, residence and ownership of our stock of any director nominee and all information relating to the director nominee that is required to be disclosed in solicitations of proxies for elections of directors; (b) any material interest in the director nomination of such stockholder or any Stockholder Associated Person (as defined below), individually or in the aggregate; (c) as to the stockholder or any Stockholder Associated Person, their holdings of our stock and whether the stockholder has entered into transactions to manage risk with respect to such stock; (d) as to the stockholder giving notice and Stockholder Associated Person, the name and address of such stockholder, as they appear on our stock ledger, and current name and address, if different, and of such Stockholder Associated Person; and (e) to the extent known by the stockholder giving the notice, the name and address of any other stockholder supporting the nominee for election as a director. Our Bylaws define “Stockholder Associated Person” as (a) any person controlling, directly or indirectly, or acting in concert with, such stockholder, (b) any beneficial owner of our shares of stock owned of record or beneficially by such stockholder and (c) any person controlling, controlled by or under common control with such Stockholder Associated Person. The Nominating and Corporate Governance Committee will evaluate a nominee recommended by a stockholder in the same manner in which the Committee evaluates nominees recommended by other persons as well as its own nominee recommendations.

Board Committees

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Each committee is composed entirely of independent directors in accordance with Rule 5605(a)(2) of the NASDAQ Marketplace Rules, the Sarbanes-Oxley Act and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934 (the “Exchange Act”), as applicable. The Board and each committee have the authority to obtain, at our expense, the advice and assistance from independent advisors, experts and others as they may deem necessary, and to the extent they engage any such advisors they consider the independence of such advisors and any conflict of interest that may exist.

Our Audit Committee currently comprises Chairman George H. Ellis, David G. Golden, Andrew M. Leitch and Peter J. Kight. The Board of Directors has determined that Mr. Ellis and Mr. Leitch are “audit committee financial experts” as defined in Item 407(d) of Regulation S-K promulgated by the SEC. The Audit Committee monitors the integrity of our financial statements, the performance of our internal audit function, the qualifications and independence of our independent registered public accounting firm, the procedures undertaken by the independent registered public accounting firm, and, with the assistance of quarterly reports from our General Counsel and Chief Financial Officer, our compliance with other regulatory and legal requirements. The Audit Committee has the sole authority to appoint, determine funding for, and oversee our independent registered public accounting firm, including pre-approving all auditing services and non-audit services. Its role also includes meeting to review our annual audited financial statements and quarterly financial statements with management and our independent registered public accounting firm and reviewing capital management. It reviews and evaluates public disclosures related to earnings and guidance or other public disclosure matters as appropriate. See “Audit Committee Report” on page 47 of this Proxy Statement. Our Compensation Committee currently comprises Chairman Sarah E. Nash, Timothy Chou and Andrew M. Leitch. Each member of the Compensation Committee meets the independence requirements under both Rule 5605(a)(2) and 5605(d)(2)(A) of the NASDAQ Marketplace Rules. The Compensation Committee reviews and approves all compensation decisions relating to executive officers, including approving the compensation decisions for the CEO. In evaluating incentive and other compensation and equity-based plans, the Compensation Committee considers the results of the most recent advisory Say-on-Pay vote. As part of its review, the Compensation Committee also considers compensation data with respect to the executive officers' counterparts at the companies in our compensation peer group and the recommendations of the CEO regarding compensation for those executive officers reporting directly to him as well as other officers. The Compensation Committee annually reviews and approves the

compensation of our non-employee members of the Board of Directors, based on factors it determines appropriate. The Compensation Committee assesses issues relating to recruitment and retention of executive officers. See “Compensation Discussion and Analysis” beginning on page 20 of this Proxy Statement.

GOVERNANCE

Our Nominating and Corporate Governance Committee currently comprises Chairman Andrew M. Leitch, Sarah E. Nash, Timothy Chou and Joyce M. Nelson. The Nominating and Corporate Governance Committee identifies individuals qualified to become members of the Board of Directors, reviews the qualifications and independence of the members of the Board and its various committees, recommends to the Board the Corporate Governance Guidelines, oversees such Guidelines to ensure compliance with sound corporate governance practices and legal, regulatory and NASDAQ requirements, leads the Board and its committees in their annual self-evaluation process, reviews our Company's governance scores and ratings from third parties and recommends to the Board its and our Company's senior management's Company stock ownership guidelines.

Each of the above-referenced committees operates pursuant to a formal written charter. The charters for each committee, which have been adopted by the Board of Directors, contain a detailed description of the respective committee's duties and responsibilities and are available under Corporate Governance in the Company – Investor Relations section of our website at www.blackbaud.com.

In addition to the meetings held by the above-referenced committees, the independent non-employee members of the Board of Directors regularly meet in executive session without our CEO or any executive officers present. One purpose of these executive sessions is to evaluate the performance of management.

Risk Oversight

While our Company's senior management has responsibility for the management of risk, the Board of Directors plays a significant role in overseeing this function. The Board regularly reviews our market and business risks during its meetings and each of its committees oversees risks associated with its respective area of responsibility. In particular, the Audit Committee oversees risk related to our accounting, tax, financial and public disclosure processes. It also assesses risks associated with our financial assets. The Compensation Committee oversees risks related to our compensation and benefit plans and policies to ensure sound pay practices that do not cause risks to arise that are reasonably likely to have a material adverse effect on our Company. The Nominating and Corporate Governance Committee seeks to minimize risks related to governance structure by implementing sound corporate governance principles and practices. Each of the Committees regularly reports to the full Board as appropriate on its efforts at risk oversight and on any matter that rises to the level of a material or enterprise level of risk.

Information Regarding Meetings of the Board and Committees

During 2014, the Board of Directors held twelve meetings, and its three committees, the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee, collectively held 21 meetings. Each of our current directors attended at least 75% of the aggregate of all meetings of the Board and the committees on which he or she served during 2014. The following table sets forth each current director's 2014 membership and meeting information for each committee of the Board.

GOVERNANCE

Corporate Governance Guidelines

We believe in sound corporate governance practices and have adopted formal Corporate Governance Guidelines to enhance our effectiveness. The Board of Directors adopted these Corporate Governance Guidelines in order to ensure that it has the necessary authority and practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices the Board follows, including, but not limited to, Board and Committee composition and selection, director responsibilities, director access to executive officers and employees and CEO performance evaluation and succession planning. A copy of our Corporate Governance Guidelines is available under Corporate Governance in the Company – Investor Relations section of our website at www.blackbaud.com.

Code of Business Conduct and Ethics and Code of Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics that applies to all of our directors and employees. The Board has also adopted a separate Code of Ethics for our CEO and all senior financial officers, including our Chief Financial Officer (“CFO”), who is our principal accounting officer, Corporate Controller, or persons performing similar functions. We will provide copies of our Code of Business Conduct and Ethics and Code of Ethics without charge upon request. To obtain a copy of our Code of Business Conduct and Ethics or Code of Ethics, please send your written request to Blackbaud, Inc., 2000 Daniel Island Drive, Charleston, South Carolina 29492, Attn: General Counsel. Communications with the Board of Directors

Stockholders who wish to communicate with members of the Board of Directors, including the independent directors individually or as a group, may send correspondence to them in care of our Corporate Secretary at our principal executive offices. Such communication will be forwarded to the intended recipient(s). We currently do not intend to have our Corporate Secretary screen this correspondence, but we may change this policy if directed by the Board due to the nature or volume of correspondence.

TRANSACTIONS WITH RELATED PERSONS

The written charter of our Audit Committee authorizes and the NASDAQ Marketplace Rules require our Audit Committee to review and approve related party transactions. In reviewing related party transactions, our Audit Committee applies the basic standard that transactions with affiliates should be made on terms no less favorable to us than could have been obtained from unaffiliated parties. Therefore, the Audit Committee reviews the benefits of the transactions, terms of the transactions and the terms available from unrelated third parties, as applicable. All transactions other than compensatory arrangements between us and our executive officers, directors, principal stockholders and their affiliates must be approved by our Audit Committee or a majority of the disinterested directors, and must continue to be on terms no less favorable to us than could be obtained from unaffiliated third parties. For the year ended December 31, 2014, we had no transactions in which we were a participant where the amount involved exceeded \$120,000 and one or more of our executive officers, directors, principal stockholders or their affiliates had a direct or indirect material interest.

PROPOSAL 2 - ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

In deciding how to vote on Proposal 2, the Board of Directors urges you to specifically consider our executive compensation philosophy, policies and practices, all of which are summarized below and more fully described under “Compensation Discussion and Analysis” beginning on page 20 of this Proxy Statement.

Background

The Board of Directors recognizes the interest our stockholders have expressed in how we compensate our named executive officers. At the 2011 Meeting of Stockholders, in accordance with the Board’s recommendation, the holders of 86.1% of our outstanding common stock voting on the matter endorsed holding an annual, non-binding stockholder advisory (“Say-on-Pay”) vote on the compensation of the named executive officers. As part of its commitment to our stockholders, the Board is submitting a Say-on-Pay proposal for stockholder consideration again this year and has decided to hold an annual advisory stockholder vote on executive compensation at least until the next Say-on-Pay frequency vote in 2017. Each Say-on-Pay vote is being provided as required pursuant to Section 14A of the Securities Exchange Act.

The Say-on-Pay vote is not intended to address any specific item of compensation, but rather our overall compensation philosophy, policies and practices as they relate to the named executive officers. While your vote is advisory and will not be binding on the Board of Directors or us, we strive to align our executive compensation program with the interests of our long-term stockholders. As it does every year, the Board will take into account the outcome of this year’s Say-on-Pay vote when considering future compensation actions and decisions.

Say-on-Pay Proposal

The Board believes that our executive compensation is a competitive advantage in attracting and retaining the high caliber of executive talent necessary to drive our business forward and build sustainable value for our stockholders. Accordingly, we are asking our stockholders to vote FOR the following resolution:

“RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the named executive officers as disclosed in the Proxy Statement for the 2015 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the SEC (which disclosure includes the Compensation Discussion and Analysis, the Summary Compensation Table for fiscal year 2014 and the other related tables and disclosures).”

Effect of Say-on-Pay Vote

As indicated above, the vote on Proposal 2 is advisory and will not be binding on the Board of Directors or us. However, because the Board values your opinions as expressed through votes and other communications with us, it and our Compensation Committee will carefully review the 2015 Say-on-Pay voting results in an effort to better understand any issues or concerns you may have with our executive compensation. Stockholders who want to communicate with the Board on executive compensation or other matters should refer to “Communications with the Board of Directors” on page 16 of this Proxy Statement for additional information.

- ii The Board of Directors unanimously recommends that stockholders vote, on an advisory basis, FOR the 2014 compensation of our named executive officers.

The voting requirements for this Proposal 2 are described under "Additional Information" on page 49 of this Proxy Statement.

2014 Stockholder Advisory Vote on Named Executive Officer Compensation

We conducted a non-binding stockholder advisory vote on the compensation of our named executive officers at our 2014 Annual Meeting of Stockholders. At that time, the holders of 98.3% of our outstanding common stock voting on the matter voted in favor of the compensation of our named executive officers as disclosed in the proxy statement for such annual meeting. The Board of Directors has considered the results of this vote and believes they represent a positive affirmation of our executive compensation program and practices and our continued commitment to stockholder communication and engagement and responsiveness to stockholder concerns.

While this vote is advisory and, therefore, not binding on us or the Board of Directors, the Compensation Committee carefully considers the results of the vote in the context of our executive compensation program, policies, and practices. The Board and the Compensation Committee value our stockholders' opinions and, to the extent there is any significant vote against the compensation of the named executive officers, we will consider their concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns, as it has done in the past.

Overview of Compensation Philosophy and Executive Compensation Program

We are committed to a philosophy of pay-for-performance as it relates to executive compensation. Our executive compensation program is designed to achieve three primary objectives:

1. **Market Competitiveness.** Provide market competitive compensation opportunities to attract and retain executive officers and motivate them to perform at their highest level.
2. **Stockholder Value Creation.** Structure compensation through base salary, cash bonus opportunities, and performance-based equity awards, which should ultimately promote increased value for stockholders.
3. **Pay-for-Performance.** Ensure actual compensation realized by our executive officers is linked to the attainment and furtherance of our short-term and long-term business strategies thereby enhancing operational performance and stockholder return.

The following table illustrates the principal components of our executive compensation program and how they support these objectives:

Component	Description	Compensation Objective(s) Supported
Base Salary	Provide competitive fixed compensation payable in cash based on individual experience and contributions, corporate performance, historical compensation practices for our executive officers, and analysis of compensation peer group	1 and 2
Annual Cash Bonus	Offer variable compensation in the form of annual cash bonus opportunities based on performance against pre-established performance objectives	1, 2 and 3
Equity Awards	Consist of a combination of RSAs, RSUs and PRSUs	1, 2 and 3
“Double-Trigger” Change in Control Severance Arrangements	Provide change in control payments and benefits to our executive officers only upon termination of employment within 12 months of a change in control of our Company	1 and 2
Other Benefits	Generally provide the same health and welfare benefits to all of our employees	1

EXECUTIVE COMPENSATION AND OTHER MATTERS

2014 Executive Compensation Actions

For 2014, the Compensation Committee continued to use our executive compensation program to focus on creating incentives for our executive officers to achieve our financial and operational objectives and foster sustainable stockholder value creation. The key compensation decisions of the Compensation Committee for 2014 for the named executive officers were as follows:

- Increased base salaries of our named executive officers (other than our new President and CEO) by between 3.0% and 13.3% from their 2013 levels;

- Due to excellent financial performance, awarded cash bonuses that were, on average, 117% of each named executive officer's target annual cash bonus opportunity; and

- Approved equity awards consisting of RSAs and PRSUs for our new President and CEO, and PRSUs for our other named executive officers, that met competitive market concerns, supported our retention objectives, and rewarded overall company performance.

2014 Corporate Governance Policies and Practices

During 2014, we maintained robust corporate governance policies and practices including:

- The Compensation Committee is composed solely of independent directors;

- The Compensation Committee retains its own independent compensation consultant that performs no other consulting or other services for the Company;

- The Compensation Committee conducts an annual review of our executive compensation program, including a review of our compensation-related risk profile, to ensure that any compensation-related risks are not reasonably likely to have a material adverse effect on our Company;

- Our arrangements for paying post-employment compensation provide for “double-trigger” change in control payments and benefits;

- We do not provide material non-cash benefits or perquisites (such as guaranteed retirement or pension plan benefits) for our executive officers that are not available to our employees generally;

- The 2008 Equity Incentive Plan (the “Plan”) does not permit stock option exchanges or repricing without stockholder approval;

- Company employees are not permitted to hedge their economic exposure to our common stock and Company directors and Section 16(a) reporting executive officers may not pledge their ownership interests in our common stock to secure a loan; and

- We continued our emphasis on performance-based compensation by continuing the practice of award grants of PRSUs to our named executive officers that vest upon both the passage of time and the attainment of pre-established performance objectives.

Executive Compensation-Setting Process

The Compensation Committee works closely with its independent compensation consultant and senior management to address executive compensation matters throughout the year. The Compensation Committee met five times in 2014.

During these meetings, the Compensation Committee reviewed our executive compensation program and formulated its compensation actions for the year, and made decisions regarding the compensation for our CEO and the other named executive officers. The Compensation Committee may create a subcommittee consisting of one or more of its members and may delegate any of its duties and responsibilities to such subcommittee, unless otherwise prohibited by applicable laws or listing standards. In addition, the Compensation Committee may delegate any of its duties and responsibilities, including the administration of equity incentive or employee benefit plans, to the Compensation Committee Chairman, unless otherwise prohibited by applicable laws or listing standards.

The Compensation Committee does not seek to deliver a specified percentage of pay to our executive officers through each component of the compensation program; rather, it adheres to the overall principle of delivering the majority of executive compensation in variable, performance-based forms. For base salary, annual cash bonuses, and equity awards, generally our strategy has been to evaluate individual experience and contribution, corporate performance,

historical compensation practices for our executive officers, and compensation peer group analyses. With respect to base salary and annual cash bonuses, we generally target pay to be competitive to the market. At times, the Compensation Committee has approved compensation levels for individual executive officers above and below target pay positions, based on experience, individual contribution, and the Company's performance relative to the compensation peer group, to ensure an appropriate pay-for-performance alignment.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Role of the Compensation Committee

The Compensation Committee has overall responsibility for our executive compensation program and approves our executive compensation decisions. Its principal duties and responsibilities include:

- Establishing our compensation philosophy, policies, and practices for our executive officers, including the compensation objectives and target pay levels, and approving the compensation peer group used for assessing the competitiveness of our executive compensation;
- Establishing and approving corporate goals and objectives relevant to the compensation of our CEO and, in light of those goals and objectives, evaluating and determining his compensation level;
- Reviewing and overseeing the corporate goals and objectives relevant to the compensation of our other executive officers, including the other named executive officers, taking into account the practices of the compensation peer group and other appropriate factors, such as corporate and individual performance and historical compensation practices for such executive officers and the recommendations of our CEO;
- Establishing appropriate compensation, retention, incentive, severance, and benefit policies and programs for our executive officers;
- Reviewing and recommending, with input from the Board of Directors, equity compensation plans for our executive officers and employees; and
- Conducting periodic competitive evaluations of our executive compensation program.

Our Compensation Committee consists entirely of independent directors in accordance with the NASDAQ Marketplace Rules including Rule 5605(d)(2)(A), and operates pursuant to a charter that further outlines its specific authority, duties and responsibilities. The charter is periodically reviewed and revised by the Compensation Committee and the Board of Directors and is available under Corporate Governance in the Company – Investor Relations section of our website at www.blackbaud.com.

Role of our CEO

Our CEO evaluates and makes recommendations regarding the compensation of our executive officers, including the other named executive officers. At the end of each fiscal year, our CEO reviews with the Compensation Committee the performance of each executive officer and makes recommendations with respect to his or her base salary, target annual cash bonus opportunity, and equity awards for the ensuing year. In formulating his recommendations, our CEO considers both internal and external compensation data from our Human Resources Department and the Compensation Committee's compensation consultant. While the Compensation Committee considers the recommendations of our CEO, it considers these recommendations as just one factor in its deliberations when making executive compensation decisions. The Compensation Committee consults with the full Board of Directors (excluding our CEO) in making decisions regarding the CEO's compensation.

Role of Compensation Consultant

Pursuant to its written charter, the Compensation Committee has the authority to engage the services of outside advisers, experts and others to assist it in the performance of its duties and responsibilities. Currently, the Compensation Committee engages Compensia, Inc. ("Compensia"), an independent national compensation consulting firm, to provide advice and information relating to executive and director compensation. Compensia reports to the Compensation Committee and does not provide any services to management. From time to time, the Compensation Committee may direct its advisers to work with our Human Resources Department to support it in matters relating to the fulfillment of its charter.

During 2014, at the request and on behalf of our Compensation Committee, Compensia:

- Assessed our executive compensation program and practices, particularly with respect to our pay-for-performance alignment;
- Advised on the size and structure of the cash components of our executive compensation program (i.e., base salary and target annual cash bonus opportunities, and performance measures and weighting of bonuses);
-

Advised on the composition, structure, and competitiveness of the equity component of our executive compensation program;

• Advised on the composition of our compensation peer group;

• Advised on the design and amount of the compensation package for our CEO; and

• Advised on the compensation for the non-employee members of the Board of Directors.

EXECUTIVE COMPENSATION AND OTHER MATTERS

The Compensation Committee has evaluated Compensia's engagement, and based on the six factors for assessing independence and identifying potential conflicts of interest that are set forth in Exchange Act Rule 10C-1(b)(4), Rule 5605(d)(3)(D) of the NASDAQ Marketplace Rules, and such other factors as were deemed relevant under the circumstances, has determined that its relationship with Compensia and the work of Compensia on behalf of the committee did not raise any conflict of interest, and that Compensia is independent as defined in Rule 5605(a)(2) of the NASDAQ Marketplace Rules.

Competitive Positioning

In identifying the compensation peer group, the Compensation Committee considers other software companies with comparable annual revenue. Periodically, the Compensation Committee reviews the current compensation peer group, with the assistance of its compensation consultant, to determine whether it is still appropriate. It updates the compensation peer group for changes resulting from mergers, acquisitions, bankruptcies, going private transactions, and other changes in strategic focus or circumstances, removing from the group any companies that no longer fit the relevant criteria and adding ones that do.

The following peer group was established by the Compensation Committee in 2013 and used to carry out our executive compensation program for 2014:

ACI Worldwide, Inc.	JDA Software Group, Inc. ⁽¹⁾
Advent Software, Inc.	MedAssets, Inc.
Athenahealth, Inc.	MicroStrategy Incorporated
Concur Technologies, Inc. ⁽¹⁾	Quality Systems, Inc.
Conversant, Inc.	Rovi Corporation
Dealertrack Technologies, Inc.	Solera Holdings, Inc.
Digital River, Inc.	SS&C Technologies Holdings, Inc.
Epiq Systems, Inc.	Tyler Technologies, Inc.
Informatica Corporation	

(1) This company was removed from the peer group due to its acquisition by another entity.

In addition to the practices of the compensation peer group, the Compensation Committee reviews the executive pay practices of other similarly sized software companies with whom we compete for talent as reported in the Radford Global Technology Survey. This information is considered when making determinations for each component of compensation as well as total compensation.

Analysis of 2014 Executive Compensation

Base Salary

Base salary is one of the few fixed components in our executive compensation program. The Compensation Committee reviews the base salaries of our executive officers each year and makes adjustments as it deems necessary and appropriate based on its consideration of individual experience and contributions, corporate performance, historical compensation practices for our executive officers and its assessment of the competitive market.

In 2014, the Compensation Committee increased base salaries of our named executive officers, other than Mr. Gianoni, effective April 1, 2014, as set forth in the table below. The Compensation Committee made these adjustments after taking into consideration the individual achievements of each named executive officer, in recognition of our success in delivering on our 2013 strategic priorities, the recommendations of our CEO (except with respect to his own base salary), and the factors described above.

Name	2014 Base Salary ⁽¹⁾	2013 Base Salary ⁽²⁾	Salary Adjustment Change	% Change	
Mr. Gianoni	\$ 600,000	\$ —	\$ —	—	%
Mr. Boor ⁽³⁾	425,000	375,000	50,000	13.3	%
Mr. Moyer	401,700	390,000	11,700	3.0	%
Mr. Mooney	412,000	400,000	12,000	3.0	%
Mr. Holman ⁽⁴⁾	A\$380,600	A\$369,500	A\$11,100	3.0	%

(1) Effective April 1, 2014 for all named executive officers other than Mr. Gianoni, who joined us as our President and CEO and as a member of the Board of Directors effective January 13, 2014.

(2) Effective April 1, 2013.

Mr. Boor served as interim President and CEO in addition to his responsibilities as Executive Vice President and CFO from August 31, 2013 to January 13, 2014. Mr. Boor's base salary as reflected in this table is for his services in his capacity as Executive Vice President and CFO only.

Mr. Holman is paid in Australian dollars (AUD). In other parts of this proxy statement, his compensation has been converted to USD using the average of daily exchange rates from AUD to USD for each respective year. The average of daily exchange rates for 2014 and 2013 were 1 AUD = 0.9024 USD and 1 AUD = 0.9678 USD, respectively. Conversion of Mr. Holman's salary to USD in the table above would not appropriately reflect his salary adjustment.

Annual Cash Bonus

Annual cash bonuses represent one of the principal variable pay components of our executive compensation program, and are reported in the “Non-Equity Incentive Plan Compensation” columns of the Summary Compensation Table and the 2014 NEO Compensation Summary on pages 35 and 8, respectively. During 2014, we provided our executive officers with the opportunity to earn cash bonuses based on the following measures:

- The Company's performance as measured against one or more pre-established corporate objectives; and
- Where applicable, the financial performance of the executive officer's business unit.

Target Annual Cash Bonus Opportunities

For 2014, the Compensation Committee set the target annual cash bonus opportunity for our CEO at 100% of his base salary, as stipulated in his employment agreement. In addition, the Compensation Committee set the target annual cash bonus opportunities for the other named executive officers at 50% of their base salaries, consistent with their bonus opportunities for 2013, and based on a review of the competitive market for 2014.

Each named executive officer's target annual cash bonus opportunity was weighted between corporate performance and business unit performance as follows:

Name	Portion of Target Annual Cash Bonus Opportunity Attributable to Corporate Performance Measures	Portion of Target Annual Cash Bonus Opportunity Attributable to ECBU, GMBU or IBU Performance Measures
Mr. Gianoni	100%	—%
Mr. Boor	100%	—%
Mr. Moye	60%	40%
Mr. Mooney	60%	40%
Mr. Holman	60%	40%

Corporate Performance Measures

For 2014, 2013, and 2012, the Compensation Committee selected Adjusted Revenue (as defined below) and Adjusted EBIT (as defined below) as the corporate performance measures to be used for purposes of the corporate performance factor used to determine our executive officers annual cash bonuses.

For purposes of determining annual cash bonuses, “Adjusted Revenue” meant the Company's 2014 Non-GAAP revenue, which excludes the impact of acquisition-related deferred revenue write-downs, as presented in the Company's periodic reports filed with the SEC within the section "Management's discussion and analysis of financial condition and results of operations" of those reports.

“Adjusted EBIT” meant the Company's 2014 Non-GAAP income from operations, which also excludes the impact of acquisition-related deferred revenue write-downs, stock-based compensation charges, costs associated with amortization of intangibles arising from business combinations, impairment of capitalized software development costs, acquisition-related integration costs, acquisition-related expenses, CEO transition costs and restructuring costs. Non-GAAP income from operations is also presented in the Company's periodic reports filed with the SEC within the section "Management's discussion and analysis of financial condition and results of operations" of those reports. Adjusted EBIT is calculated before bonus expense.

The Compensation Committee set the target level for the Adjusted Revenue performance measure at \$554.3 million weighted at 60% and the target level for the Adjusted EBIT performance measure at \$119.7 million weighted at 40%. Finally, the Compensation Committee determined the threshold levels for each performance measure that would have to be achieved for any amount to be paid under that respective corporate performance measure, as set forth in the table below.

Table of Contents

EXECUTIVE COMPENSATION AND OTHER MATTERS

The determination of each named executive officer's potential payout under the corporate performance measures was based on the following matrix:

Corporate Performance Measure	Performance				
	Below Threshold	Threshold	Target	Maximum	
Adjusted Revenue as % of target	<90.0%	90.0	% 100.0	% 115.0	%
Adjusted EBIT as % of target	<90.0%	90.0	% 100.0	% 115.0	%
Maximum individual potential bonus as % of target	—	% 62.5	% 100.0	% 200.0	%

For 2014, our achievement against the corporate performance measures was 101.5% with respect to Adjusted Revenue and 104.3% with respect to Adjusted EBIT, for a corporate performance factor of 102.7%. The corporate performance factor increased payments by 6.67% for every 1% of achievement over the target performance level. Therefore, the Compensation Committee determined that, with respect to the corporate performance measures, the application of the corporate factor resulted in a payout of approximately 118% of the target payout.

NEO Performance Measures and Bonus Determinations

Mr. Gianoni

The Compensation Committee determined Mr. Gianoni's 2014 bonus 100% based on the achievement of corporate performance measures as described above. Accordingly, Mr. Gianoni received \$682,660 (approximately 117% of the total target annual cash bonus opportunity. Mr. Gianoni's target annual cash bonus opportunity was reduced as he joined us on January 13, 2014).

Mr. Boor

The Compensation Committee determined Mr. Boor's 2014 bonus 100% based on the achievement of corporate performance measures as described above. Accordingly, Mr. Boor received \$242,756 (approximately 118% of the total target annual cash bonus opportunity).

The Adjusted Revenue and Adjusted EBIT threshold levels both had to be achieved for any ECBU performance bonus to be paid. The Adjusted Revenue and Adjusted EBIT metrics were each measured quarterly and annually. The Adjusted Revenue metric was weighted 60% while Adjusted EBIT was weighted 40%. For 2014, ECBU achieved an overall ECBU performance bonus factor of 103.9%.

Mr. Mooney

The Compensation Committee determined Mr. Mooney's 2014 bonus 60% based on the achievement of corporate performance measures described above and 40% based on the achievement of overall GMBU performance. The Adjusted Revenue and Adjusted EBIT threshold levels both had to be achieved for any GMBU performance bonus to be paid. The Adjusted Revenue and Adjusted EBIT metrics were each measured quarterly and annually. The Adjusted Revenue metric was weighted 60% while Adjusted EBIT was weighted 40%. For 2014, GMBU achieved an overall GMBU performance bonus factor of 102.9%.

Mr. Holman

The Compensation Committee determined Mr. Holman's 2014 bonus 60% based on the achievement of the corporate performance measures described above and 40% based on the achievement of overall IBU performance. For purposes of the overall IBU performance component of his 2014 bonus, Mr. Holman received \$99,765 (approximately 146% of the 40% of his target annual cash bonus opportunity attributable to IBU performance). The Compensation Committee evaluated overall IBU performance against Adjusted Revenue and Adjusted EBIT metrics as follows:

IBU Performance Metric	2014 Target (in millions)	Performance				
		Below Threshold	Threshold	Target	Maximum	
Adjusted Revenue	\$43.7	<90.0%	90.0	% 100.0	% 115.0	%

Maximum potential bonus as % of target		Payout —	% 62.5	% 100.0	% 200.0	%

The Adjusted Revenue and Adjusted EBIT threshold levels both had to be achieved for any IBU performance bonus to be paid. The Adjusted Revenue and Adjusted EBIT metrics were each measured quarterly and annually. The Adjusted Revenue metric was weighted 60% while Adjusted EBIT was weighted 40%. For 2014, IBU achieved an overall IBU performance bonus factor of 146.3%.

Summary of Bonus Payments

The following illustrates the 2014 annual cash bonus opportunities for our named executive officers and their respective payout amounts.

Long-Term Incentive Compensation

Our Long-Term Incentive Plan ("LTIP") is designed to align our executive officers with the interest of our stockholders and serve as an important means for executive retention. Based on feedback from our stockholders and our assessment of the competitive marketplace, we have increased the emphasis on performance-based equity for our executive officers in recent years. Each of the named executive officers receives equity awards that are 50% performance-based and 50% time-based restricted shares.

In 2013, the Compensation Committee decided to align the equity awards for the other named executive officers with the equity awards of our CEO both in terms of the award mix (a 50-50 split of performance-based and time-based awards) and performance measures. The Committee also decided to shift the granting of the performance-based awards to the first fiscal quarter to better align with our calendar year financial results. This decision resulted in the named executive officers and interim CEO receiving only time-based equity awards in the fourth quarter of 2013. In the first quarter of 2014, the named executive officers received the second-half of their awards in the form of performance-based shares. In addition, our new CEO joined us in the first quarter of 2014 and received a similar performance-based equity award (in addition to a new hire time-based equity award).

We expect that beginning in 2015, the CEO and other named executive officers will receive their entire annual LTIP awards in the first fiscal quarter.

EXECUTIVE COMPENSATION AND OTHER MATTERS

The table below sets forth the number of shares of our common stock subject to RSAs and PRSUs granted to each named executive officer in 2014, which are reflected in the Summary Compensation Table for 2014 below. Under his employment agreement, Mr. Gianoni received initial grants of RSAs and PRSUs each valued at \$1.5 million. The Compensation Committee determined award levels for our other named executive officers after considering peer group practices with respect to the economic value of equity compensation (i.e., the fair value of awards on the date of grant), individual performance, criticality of role, expected future contributions of and the long-term retention objectives for each named executive officer, and our performance compared to our peer group.

Name	Number of RSAs ⁽¹⁾⁽²⁾	Number of PRSUs ⁽¹⁾
Mr. Gianoni	41,152	41,153
Mr. Boor	—	16,461
Mr. Moye	—	13,718
Mr. Mooney	—	13,718
Mr. Holman	—	13,718

(1) All of the equity-based awards noted above were granted to the named executive officers on February 14, 2014.

As discussed above, our annual grants of RSAs to our named executive officers for 2014 (other than the initial (2) grants to our CEO) were not made until the first quarter of 2015 and, therefore they are not included in the Summary Compensation Table for 2014.

2014 PRSU Awards to Named Executive Officers

In 2014, the Compensation Committee granted PRSUs to our named executive officers. The shares of our common stock subject to the PRSUs could be earned and become eligible for vesting if the following performance criteria are met (together, the “2014 PRSU Performance Metrics”):

At any time during the three year period from January 1, 2014 to December 31, 2016, the Company achieves during a rolling four consecutive quarter period (a) an increase of 5.5% in its total revenue adjusted to exclude incremental acquisition-related revenue (“Adjusted Revenue”) above the total revenue of the immediately preceding four consecutive quarter period (“Base Revenue”) and (b) in no case shall the Base Revenue fall below the Company's i. 2013 revenue, as adjusted for the full year effect of the accounting presentation change for certain payments offerings to reflect certain revenue on a gross basis rather than on a net basis (“Initial Base Revenue”). An analysis of our historical financial statements for the four consecutive quarters and year ended December 31, 2013 presented on a basis comparable to 2014 can be found at www.blackbaud.com/investorrelations, which is intended to assist with the evaluation of our performance in light of the change in presentation.

AND

ii. EBIT (defined as non-GAAP operating margin as presented in the Company's periodic reports filed with the SEC within the section "Management's discussion and analysis of financial condition and results of operations" of those reports) does not fall below a four consecutive quarter average of 17.1% of Adjusted Revenue during the same four consecutive quarter period that meets the performance criteria set forth in criterion (i) above.

To the extent earned, the PRSUs would be eligible for vesting in three annual installments starting in February 2015. As of December 31, 2014, the 2014 PRSU Performance Metrics were met because in the four consecutive quarter period ended December 31, 2014, the Company achieved:

i. Adjusted Revenue of \$554.0 million, which represented an increase of 7.1% compared to the Initial Base Revenue of the four consecutive quarters and year ended December 31, 2013; and
ii. Actual EBIT of 17.7% of Adjusted Revenue.

As a result, the shares of our common stock subject to the PRSUs will vest according to the time-based vesting schedule noted above subject to each named executive officer's continued employment.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Post-Employment Compensation

We have entered into arrangements with our named executive officers which provide for payments and benefits upon a termination of employment in connection with a change in control of the Company. These arrangements provide for a "double-trigger," that is, they generally only provide payments and benefits if a named executive officer's employment is terminated within 12 months following a change in control of the Company either by us without cause or by the named executive officer for good reason. Based on our assessment of the competitive market, we believe these arrangements are appropriate as they serve as a means for executive retention.

For a detailed discussion of these arrangements and an estimate of the payments and benefits that our named executive officers would be eligible to receive in certain circumstances pursuant to their agreements, see "Employment Arrangements" beginning on page 39 of this Proxy Statement.

Other Benefits

Health and Welfare Benefits

Generally, the Compensation Committee seeks to provide our executive officers with health and welfare benefits on the same basis as all of our full-time employees. These benefits include health, dental, and vision benefits, health and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance, and basic life insurance coverage.

We have established a tax-qualified Section 401(k) retirement plan for all employees who satisfy certain eligibility requirements, including requirements relating to age and length of service. Currently, we make matching contributions to each named executive officer's account under our Section 401(k) plan on the same terms and using the same formulas as other participating employees. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code (the "Code") so that contributions by employees to the plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the plan.

Perquisites and Other Personal Benefits

Historically, we have not provided any material perquisites and other personal benefits to our executive officers. While we do not view perquisites or other personal benefits as a significant component of our executive compensation program, from time to time, the Compensation Committee may provide certain of the named executive officers with perquisites or other personal benefits in amounts deemed to be reasonable where it believes that these benefits may be useful in attracting, motivating, and retaining the executive talent for which we compete, to assist our executive officers in performing their duties and to provide certain time efficiencies in appropriate circumstances.

Other Compensation Policies

Equity Grant Policy

We do not have an established formal policy with respect to the timing of equity awards in coordination with the release of material nonpublic information. As a matter of practice and informal policy, however, the Compensation Committee generally grants equity awards during periods considered to be our "open trading windows" (that is, the periods beginning two business days following our earnings release and ending one month prior to the end of the fiscal quarter). In addition, any options to purchase shares of our common stock are required to be granted with an exercise price at least equal to the fair market value of our common stock on the date of grant.

Compensation Recovery

Mr. Gianoni's employment agreement includes a compensation recovery, or clawback, feature requiring that he return to the Company all incentive-based compensation he receives from us to the extent required by any Company clawback or recoupment policy, Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and/or Section 304 of the Sarbanes-Oxley Act of 2002.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Executive Officer Stock Ownership Guidelines

Under our Executive Officer Stock Ownership Guidelines, our CEO and the CEO's officer-level direct reports are expected to own shares of our common stock, in the following amounts:

- For the CEO, the lesser of (i) equity in an amount equal to four times base salary or (ii) 70,000 shares; and

- For the CEO's officer-level direct reports, the lesser of (i) equity in an amount equal to two times base salary, or (ii) 20,000 shares.

For purposes of these Guidelines, vested, unexercised options and/or SARs will also count at 100% of their intrinsic value. We expect our CEO and the CEO's officer-level direct reports to meet these Guidelines within five years of receiving their first annual equity award after the later of their hire date or the adoption of these Guidelines.

Other Considerations

Tax Deductibility of Executive Compensation

The Compensation Committee considers the potential impact of Section 162(m) of the Code in designing and administering our executive compensation program. Section 162(m) disallows a tax deduction for any publicly-held corporation for compensation exceeding \$1 million paid in any taxable year to our CEO and our three other most highly compensated executive officers (other than our CFO). Compensation in excess of \$1 million may be deducted if it qualifies as "performance-based compensation" for purposes of Section 162(m) or satisfies the conditions for another exemption from the deduction limit. In this regard, the compensation income realized upon the exercise of stock options or SARs granted under a stockholder-approved employee stock plan generally will be deductible so long as the options are granted by a committee whose members are non-employee directors and certain other conditions are satisfied.

It is the Compensation Committee's policy to periodically review and consider whether particular compensation, including incentive compensation, paid or awarded to our executive officers will be deductible for federal income tax purposes. Based on our current compensation plans and policies, and proposed regulations interpreting Section 162(m), we believe that, for the near future, we will not lose material tax deductions for executive compensation. In addition, to maintain flexibility in the administration of our executive compensation program, the Compensation Committee reserves the discretion to compensate our executive officers in a manner that it believes to be in the best interests of the Company and our stockholders, even if these arrangements do not qualify for deductibility under the federal income tax laws.

Accounting for Stock-based Compensation

We account for stock-based compensation awards in accordance with the requirements of FASB ASC Topic 718. Under FASB ASC Topic 718, stock-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense over the requisite service period, which is the vesting period. The assumptions used to determine the fair value of the awards are included in Note 15 of the financial statements included in our Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2014, filed with the SEC on February 25, 2015.

We estimate the number of awards that will be forfeited and recognize expense only for those awards that we expect will ultimately vest. Significant judgment is required in determining the adjustment to compensation expense for estimated forfeitures. Compensation expense in a period could be impacted, favorably or unfavorably, by differences between estimated and actual forfeitures.

Risk Assessment of Compensation

The Compensation Committee has assessed our compensation programs and has concluded that they do not create risks that are reasonably likely to have a material adverse effect on the Company. We believe that the combination of different types and amounts of compensation, together with our internal controls and oversight of our Board of Directors, mitigates potential compensation-related risks.

PAYMENTS ON TERMINATION OR CHANGE IN CONTROL

Employment Arrangements

Set forth below are descriptions of the principal terms of the employment agreements and retention agreements currently in effect with our named executive officers and, where applicable, the estimated potential payments and benefits that these individuals may receive upon a termination of employment, including a termination of employment in connection with a change in control of our Company.

Mr. Gianoni

On November 8, 2013, we entered into an employment and noncompetition agreement with Mr. Gianoni to serve as our President and Chief Executive Officer for an initial term of three years. The agreement automatically renews for successive one-year terms, unless either party gives the other advance written notice of non-renewal.

The agreement prohibits Mr. Gianoni from participating in any business that directly competes with us or soliciting any employee of ours to leave us for one year after termination of the agreement.

If Mr. Gianoni's employment is terminated for cause, as defined in the agreement, we will be obligated to pay him his accrued but unpaid base salary through the termination date, any unreimbursed expenses through the termination date and payment of other amounts and benefits, if any, to which he is entitled under applicable benefit plans (collectively, the "Accrued Compensation"). All of Mr. Gianoni's unexercised stock options and SARs, whether vested or unvested, will immediately terminate and all unvested RSAs and RSUs held will be forfeited immediately if his employment is terminated for cause. In Mr. Gianoni's employment agreement, the term "cause" is defined generally as:

- conviction or plea of no contest to any felony;
- any act of theft, fraud or embezzlement, or any other unlawful act, or any other misconduct or dishonest behavior, which is materially detrimental to our reputation, business and/or operations;
- willful and repeated failure or refusal to perform his reasonably assigned duties;
- violation of the noncompetition, nonsolicitation and confidentiality provisions of the agreement;
- personal conduct which materially discredits or damages the Company;
- illegal use of controlled substances;
- and/or
- willful and knowing filing of a fraudulent certification under Section 302 of the Sarbanes Oxley Act.

EXECUTIVE COMPENSATION AND OTHER MATTERS

If Mr. Gianoni's employment is terminated by us without cause or by Mr. Gianoni for good reason, as defined in the agreement, we will be obligated to:

- pay Mr. Gianoni his Accrued Compensation;
- continue to pay his base salary for a period of 24 months;
- pay Mr. Gianoni a lump sum payment based on the average cash bonus he received for the two calendar years (or such lesser number of years for which he was employed by us) prior to the calendar year in which termination occurs, pro-rated based on his actual period of employment during the year of termination;
- accelerate vesting of all of his then-unvested time-based equity awards by 12 months; and
- accelerate vesting of any then-unvested performance-based equity awards to the extent that such awards would have vested if he had continued employment with us until the date on which the Board of Directors (or applicable committee) determines the level of achievement of the applicable performance goals, but only if the performance period for such equity awards ends within 12 months of his termination date.

In Mr. Gianoni's employment agreement, the term "good reason" is defined generally as:

- any materially adverse change or material diminution in the office, title, duties, powers, authority or responsibilities;
- our failure to pay or provide him with compensation due and payable;
- a material reduction in his base salary;
- our failure to obtain the assumption in writing of Mr. Gianoni's agreement by any purchaser of all or substantially all of our assets within 30 days after a sale or transfer of such assets;
- failure to be elected as a director or his removal from such position by the Board of Directors; and/or
 - relocation of our principal office to a location more than 50 miles from Charleston, South Carolina, provided that such relocation materially increases Mr. Gianoni's commute to work.

If, within 12 months after a change in control of the Company, as defined in the agreement, Mr. Gianoni's employment is terminated by the Company without cause or he resigns with good reason, we will be obligated to pay him the same amounts as if he were terminated without cause (as described above), and, in addition, any then-unvested time-based equity awards granted to Mr. Gianoni will immediately vest 100% and he will also get 12 months accelerated vesting for performance-based equity awards based on the achievement of applicable performance goals as of the termination date (or if calculation of the achievement of the applicable performance goals is not possible, then based on an assumed achievement of the performance goals at target). If the Company fails to renew the agreement either during discussions that ultimately lead to a change in control of the Company or within 12 months after a change in control of the Company, the Company has these same payment obligations. In Mr. Gianoni's employment agreement, the term "change in control" is defined generally as:

- the consummation of a merger or consolidation in which the stockholders of our Company immediately prior to such event own less than 50% of the combined entity immediately following the merger or consolidation;
- a sale of all or substantially all of our assets;
- the acquisition by any individual, entity or group of beneficial ownership of any capital stock of the Company, if, after such acquisition, such individual, entity or group owns more than 50% of either (i) the then-outstanding common stock of the Company or (ii) the combined voting power of the then-outstanding securities of the Company entitled to vote in the election of directors; and/or
- our liquidation or dissolution.

If Mr. Gianoni's employment is terminated due to death or disability, as defined in the agreement, we will be obligated to pay Mr. Gianoni his Accrued Compensation and the same lump sum bonus payment as if his employment were terminated without cause. All unvested restricted stock, RSUs, options and SARs will be forfeited to the Company or terminate immediately, as applicable. Mr. Gianoni's estate will have such period as provided in the applicable equity award agreements to exercise any vested options and SARs, after which time they will terminate.

Finally, his agreement provides that, if any payments made to Mr. Gianoni are deemed to be “parachute payments” under Section 280G(b)(2) of the Code, the Company will reduce the payments to the minimum extent necessary to avoid imposition of any excise tax or the disallowance of a deduction to the Company under Section 280G(b)(2) of the Code, unless the reduction would result in an after-tax amount that is less than if the reduction had not been made.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Mr. Gianoni's employment agreement is filed as Exhibit 10.72 to our Annual Report on Form 10-K filed with the SEC on February 26, 2014.

Messrs. Boor, Moye, Mooney and Holman
Employee Agreements

We have entered into "at-will" employment agreements with Messrs. Boor, Moye, Mooney and Holman. Each employee agreement prohibits the officer from entering into employment with any direct competitor or soliciting, hiring or otherwise engaging any employee of ours for one year after termination of the agreement. In addition, each agreement prohibits the solicitation of our current and prospective customers for one year after termination of the agreement. These agreements do not provide for any severance payments or benefits and have no set term. Each of these agreements includes an assignment of intellectual property clause.

Retention Agreements

Each of Messrs. Boor, Moye, Mooney and Holman are also party to retention agreements with us. These retention agreements provide for "double-trigger" severance payments and benefits under certain specified circumstances, as described below. We are not obligated to pay tax gross-up or other payments to Messrs. Boor, Moye, Mooney or Holman if, in connection with any payments received following a termination of employment, the payments are subject to taxation under Section 409A of the Code.

If Messrs. Boor, Moye, Mooney or Holman's employment is terminated within 12 months following a change in control of our Company, as defined in the retention agreements, either by us without cause, or by the officer for good reason, we will be obligated to:

- Pay him 1.5 times his base salary;
- Accelerate and fully vest any then-unvested stock options and other equity awards; and
- Reimbursement of COBRA premiums for the lesser of 12 months following the termination date or until he becomes eligible for insurance benefits from another employer.

The retention agreements define the term "cause" generally as:

- Conviction or plea of no contest to any felony;
- Any act of theft, fraud or embezzlement, or any other willful misconduct or willfully dishonest behavior by the officer;
- Willful and repeated failure or refusal to perform his or her reasonably assigned duties, provided that such failure or refusal is not corrected within 30 calendar days of notice; and/or
- Willful violation of his or her employment agreement.

The retention agreements define the term "good reason" generally as:

- Any materially adverse change or diminution in the office, title, duties, powers, authority or responsibilities that is not corrected within 30 days of notice;
- A reduction in the officer's base salary or target bonus compensation or a material reduction of any employee benefit or perquisite;
- Failure by us to obtain the assumption in writing of our obligation to honor the officer's agreements by any purchaser of all or substantially all of our assets within 30 calendar days after a sale or transfer of such assets; and/or
- A relocation of his or her office to a location more than 40 miles from his or her existing office location, without the officer's consent, or a material adverse change in the business travel requirements of the officer's position.

The retention agreements define the term "change in control" generally as:

- The consummation of a merger or consolidation in which our stockholders immediately prior to such event own less than 50% of the combined entity immediately following the merger or consolidation;
- A sale of all or substantially all of our assets;
-

Acquisition of beneficial ownership where acquirer owns more than 50% of (a) then-outstanding stock or (b) combined voting power of then-outstanding securities entitled to vote; and/or
Our liquidation or dissolution.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Equity Awards

Our equity incentive plans govern the treatment of each of our named executive officers' stock rights, except PRSUs which are governed by individual PRSU agreements, upon termination of employment for cause or without cause by us, without good reason by the executive officers, or due to death or disability. In these circumstances, unvested RSAs, RSUs, SARs and PSARs will be immediately forfeited or terminated. Vested SARs granted under the 2004 Stock Plan, if any, will remain exercisable for one year after termination of employment if the executive officers are terminated due to death or disability and 90 days they are terminated for any other reason. Vested SARs and PSARs granted under the 2008 Equity Incentive Plan, if any, will remain exercisable for 90 days after termination of employment if they are terminated for any reason, including death or disability.

If Messrs. Boor, Mooney or Holman's employment is terminated for cause by us or without good reason by the officer, all of their unvested PRSUs will be forfeited. Upon death or disability, Messrs. Boor, Mooney and Holman's PRSUs will vest, on a grant-by-grant basis, in an amount equal to the proportion of days in a performance period they worked prior to their death or disability, multiplied by the number of respective PRSUs that would have vested at the end of that performance period had their employment not terminated by death or disability and they had met 100% of their target performance levels.

Quantification of Potential Payments Upon Termination or Change in Control

The following table sets forth the potential payments and benefits that would be received by our named executive officers (other than Mr. Moye who did not receive any additional payments or benefits including any acceleration of vesting of his unvested equity awards in connection with his resignation as described above) in the event of a termination of employment, including a termination of employment in connection with a change in control of our Company. These payments and benefits have been quantified assuming that the termination of employment, or the termination in connection with a change in control occurred on the last trading day of our most recently completed fiscal year (December 31, 2014) and that the price per share of our common stock was the closing market price on December 31, 2014 (\$43.26 per share).

Director Compensation

The general policy of the Board of Directors is that the compensation for our non-employee directors should be a mix of cash and equity-based compensation. The Board periodically reviews our director compensation program and practices, generally once every other year, and makes changes as it deems appropriate. The current director compensation program and practices were implemented in June 2013.

Fees Earned or Paid in Cash

Currently, we pay each non-employee director an annual cash retainer of \$50,000 (for up to a maximum of eight meetings). The Chairman of the Board of Directors receives an additional annual cash retainer of \$50,000. The chairmen of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee receive annual cash retainers of \$30,000 (for up to a maximum of 12 meetings), \$20,000 (for up to a maximum of eight meetings) and \$15,000 (for up to a maximum of four meetings), respectively. Other members of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee receive annual cash retainers of \$15,000 (for up to a maximum of 12 meetings), \$10,000 (for up to a maximum of eight meetings) and \$10,000 (for up to a maximum of four meetings), respectively. All non-employee chairmen and members of the Board and committees receive \$1,000 for each meeting they attend in person or by telephone above the specified maximum

number of meetings for the Board and committees on which they serve. Our non-employee directors may elect to receive additional RSAs in lieu of a portion or all of their annual cash retainers.

Equity Compensation

Currently, each non-employee director receives annual RSAs with a value of approximately \$165,000. Last year, the RSAs of our non-employee directors were granted on August 4, 2014. We granted each non-employee director 4,676 RSAs, which was equal to \$170,861 divided by the fair market value of our common stock on the date of grant.

Stock Ownership Guidelines

Under our Non-Employee Directors' Stock Ownership Guidelines, it is expected that non-employee directors will accumulate, through their receipt of equity compensation, not later than three years after first receiving his or her first annual RSA, \$100,000 of our common stock. Once a non-employee director has been a director for five consecutive years, he or she is expected to accumulate, through his or her receipt of all equity compensation, \$200,000 of our common stock. Additionally, non-employee directors should not dispose of any shares of vested restricted stock granted to such director until reaching the ownership targets, unless the disposition is to satisfy tax obligations resulting from the lapse of restrictions.

Continuing Director Education

Our non-employee directors are encouraged to attend director education seminars that are designed to develop skills and strategies for effective service on the Board of Directors. As such, it is our policy to reimburse non-employee directors for the reasonable and direct costs, including transportation and lodging, of attending such educational seminars. These reimbursement costs are not included in the "Director Compensation For Fiscal Year 2014" table above.

AUDIT MATTERS

AUDIT COMMITTEE REPORT

Our Audit Committee has (1) reviewed and discussed with management the audited financial statements for the year ended December 31, 2014, (2) discussed with PwC, our independent registered public accounting firm, the matters required to be discussed by Auditing Standards No. 16, as adopted by the Public Company Accounting Oversight Board (“PCAOB”), and (3) received the written disclosures from PwC regarding its independence required by PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, and has discussed with PwC its independence. Based upon these discussions and reviews, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, which was filed with the SEC on February 25, 2015.

Our Audit Committee is currently composed of the following four directors, all of whom are independent directors as defined in Rule 5605(a)(2) of the NASDAQ Marketplace Rules and Section 10A(m)(3) of the Exchange Act: Chairman George H. Ellis; David G. Golden; Andrew M. Leitch; and Peter J. Kight. The Board of Directors has determined that Mr. Ellis and Mr. Leitch are “audit committee financial experts” as defined in Item 407(d) of Regulation S-K promulgated by the SEC. Our Audit Committee operates under a written charter adopted by the Board, a copy of which is available under Corporate Governance in the Company – Investor Relations section of our website at www.blackbaud.com.

PwC has served as our independent registered public accounting firm since 2000 and audited our consolidated financial statements for the years ended December 31, 2000 through December 31, 2014.

Summary of Fees

The Audit Committee has adopted a policy for the pre-approval of all audit and permitted non-audit services that may be performed by our independent registered public accounting firm. Under this policy, each year, at the time it engages an independent registered public accounting firm, the Audit Committee pre-approves the engagement terms and fees and may also pre-approve detailed types of audit-related and permitted tax services, subject to certain dollar limits, to be performed during the year. All other permitted non-audit services are required to be pre-approved by the Audit Committee on an engagement-by-engagement basis.

The following table shows the fees for audit and other services provided by PwC for fiscal years 2014 and 2013. All audit and other services provided by PwC described below were provided pursuant to the pre-approval policies of the Audit Committee.

Category	2014	2013
Audit Fees	\$1,094,864	\$1,009,603
Audit-Related Fees	110,000	—
Tax Fees	159,262	55,906
All Other Fees	—	1,944
Total	1,364,126	1,067,453

Audit Fees

This category consists of fees associated with the annual audit and the audit of internal control over financial reporting, the reviews of our Quarterly Reports on Form 10-Q and other regulatory filings.

Audit-Related Fees

This category consists of fees for services that are reasonably related to the performance of the audit or review of financial statements and are not included in “Audit Fees.” These services principally include due diligence in connection with acquisitions, consultation on accounting and internal control matters and information system audits. In 2014, audit-related fees were principally related to our acquisitions of WhippleHill and MicroEdge.

AUDIT MATTERS

Tax Fees

This category consists of approximately \$110,247 for tax compliance and approximately \$49,015 for tax advice and tax planning, totaling approximately \$159,262 in 2014, compared with approximately \$55,906 for tax compliance in 2013.

All Other Fees

This category consists of fees for services that are not included in the above categories and primarily include our subscription to PwC's on-line technical accounting research software in 2013.

Our Audit Committee has considered whether and determined that the provision of the non-audit services rendered to us during 2014 and 2013 was compatible with maintaining the independence of PwC.

PROPOSAL 3 - RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected the independent registered public accounting firm of PricewaterhouseCoopers LLP ("PwC") to audit our consolidated financial statements for the fiscal year ending December 31, 2015 and recommends that stockholders vote for the ratification of such appointment. Although ratification is not required by our Bylaws or otherwise, the Board is submitting the selection of PwC to our stockholders for ratification because we value our stockholders' views on our independent registered public accounting firm and as a matter of good corporate practice. In the event of a negative vote on ratification, the Audit Committee will reconsider, but might not change, its selection. Notwithstanding the selection and ratification, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time, if it believes doing so would be in the best interests of our Company and our stockholders.

PwC has audited our financial statements annually since 2000. Representatives of PwC are expected to be present at the 2015 Annual Meeting of Stockholders with the opportunity to make a statement if they desire to do so and respond to appropriate questions.

- The Board of Directors unanimously recommends that stockholders vote FOR the ratification of the
- ü appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015.

The voting requirements for this Proposal 3 are described under "Additional Information" on page 49 of this Proxy Statement.

ADDITIONAL INFORMATION

QUESTIONS AND ANSWERS ABOUT THE 2015 ANNUAL MEETING OF STOCKHOLDERS

1. Who may vote at the meeting?

The Board of Directors set April 20, 2015 as the record date for the meeting. If you owned shares of our common stock at the close of business on April 20, 2015 you may attend and vote at the meeting. Each stockholder is entitled to one vote for each share of common stock held on all matters to be voted on. As of April 20, 2015, there were 46,872,691 shares of our common stock outstanding and entitled to vote at the meeting.

2. What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer and Trust Company LLC, you are considered, with respect to those shares, the stockholder of record. As the stockholder of record, you have the right to vote in person at the meeting. You will need to present a form of personal photo identification in order to be admitted to the 2015 Annual Meeting of Stockholders.

If your shares are held in a brokerage account or by another nominee or trustee, you are considered the beneficial owner of shares held in street name. In that case, the Notice of Internet Availability of Proxy Materials or proxy materials have been forwarded to you by your broker, bank or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record on how to vote your shares by using the voting instructions included in the Notice of Internet Availability of Proxy Materials or proxy materials.

3. What is the quorum requirement for the meeting?

A majority of our outstanding shares of capital stock entitled to vote as of the record date must be present at the 2015 Annual Meeting of Stockholders in order to hold the meeting and conduct business. This is called a quorum. Your shares will be counted as present at the meeting if you:

- Are present and entitled to vote in person at the meeting; or
- Have voted by Internet, telephone, or properly submitted a Proxy Card or Voter Instruction Card.

If you are present in person or by proxy at the meeting, but abstain from voting on any or all proposals, your shares are still counted as present and entitled to vote.

4. What proposals will be voted on at the meeting and what are the voting standards?

The three proposals to be voted on at the 2015 Annual Meeting of Stockholders are as follows:

Proposal	Board's Voting Recommendation	Voting Standard	Treatment of Abstentions & Broker Non-votes, If Applicable
No. 1 Election of three Class B directors, each for a three-year term expiring in 2018.	FOR (each nominee)	Majority of votes cast	Not counted as votes cast and therefore no effect
No. 2 Advisory vote to approve 2014 compensation for our named executive officers.	FOR	Majority of votes cast	Not counted as votes cast and therefore no effect
No. 3 Ratification of appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015.	FOR	Majority of votes cast	Abstentions are counted as affect the outcome of this proposal

ADDITIONAL INFORMATION

We will also consider any other business that properly comes before the meeting. As of the record date, we are not aware of any other matters to be submitted for consideration at the meeting. If any other matters are properly brought before the meeting, the persons named in the Proxy Card or Voter Instruction Card as proxy will vote the shares they represent using their best judgment.

5. How may I vote my shares in person at the meeting?

If you are a stockholder of record, you have the right to vote in person at the 2015 Annual Meeting of Stockholders. You will need to present a form of personal photo identification in order to be admitted to the meeting. If you are a beneficial owner of shares held in street name, you are also invited to attend the meeting. Because a beneficial owner is not a stockholder of record, however, you may not vote these shares in person at the meeting unless you obtain a legal proxy from your broker, bank, nominee, or trustee that holds your shares, giving you the right to vote the shares at the meeting.

6. How can I vote my shares without attending the meeting?

If your common stock is held by a broker, bank or other nominee, they should send you instructions that you must follow in order to have your shares voted. If you hold shares in your own name, you may vote by proxy in any one of the following ways:

• Via the Internet by accessing the proxy materials on the secured website www.proxyvote.com and following the voting instructions on that website;

• Via telephone by calling toll free 1-800-690-6903 and following the recorded instructions; or

• By requesting that printed copies of the proxy materials be mailed to you pursuant to the instructions provided in the Notice of Internet Availability of Proxy Materials and completing, dating, signing and returning the Proxy Card that you receive in response to your request.

The Internet and telephone voting procedures are designed to authenticate stockholders' identities by use of a control number to allow stockholders to vote their shares and to confirm that stockholders' instructions have been properly recorded. Voting via the Internet or telephone must be completed by 11:59 p.m. EDT on June 8, 2015. Of course, you can always come to the meeting and vote your shares in person. If you submit or return a Proxy Card without giving specific voting instructions, your shares will be voted as recommended by the Board of Directors, as permitted by law.

7. How can I change my vote after submitting it?

If you are a stockholder of record, you can revoke your proxy before your shares are voted at the meeting by:

• Filing a written notice of revocation bearing a later date than the proxy with our Corporate Secretary at 2000 Daniel Island Drive, Charleston, South Carolina 29492 at or before the taking of the vote at the meeting;

• Duly executing a later-dated proxy relating to the same shares and delivering it to our Corporate Secretary at 2000 Daniel Island Drive, Charleston, South Carolina 29492 at or before the taking of the vote at the meeting;

• Attending the meeting and voting in person (although attendance at the meeting will not in and of itself constitute a revocation of a proxy); or

• If you voted by telephone or via the Internet, voting again by the same means prior to 11:59 p.m. EDT on June 8, 2015 (your latest telephone or Internet vote, as applicable, will be counted and all earlier votes will be superseded).

If you are a beneficial owner of shares held in street name, you may submit new voting instructions by contacting your bank, broker, nominee or trustee. You may also vote in person at the meeting if you obtain a legal proxy from them.

8. Where can I find the voting results of the meeting?

We will announce the preliminary voting results at the 2015 Annual Meeting of Stockholders. We will publish the final results in a Form 8-K filed with the SEC within four business days of the meeting.

10. How are proxies solicited and what is the cost?

We bear the expense of soliciting proxies. Our directors, executive officers or employees may also solicit proxies personally or by telephone, e-mail, facsimile or other means of communication. We do not intend to pay additional compensation for doing so. We might reimburse banks, brokerage firms and other custodians, nominees and fiduciaries representing beneficial owners of our common stock, for their expenses in forwarding soliciting materials to those beneficial owners.

STOCKHOLDER PROPOSALS

Stockholders may present proposals for action at meetings of stockholders only if they comply with the proxy rules established by the SEC, applicable Delaware law and our Bylaws, a copy of which was attached as Exhibit 3.4 to our Current Report on Form 8-K filed with the SEC on March 22, 2011. No stockholder proposals were received for consideration at our 2015 Annual Meeting of Stockholders.

Under our Bylaws, in order for a stockholder to bring any business before a stockholder meeting including, but not limited to, the nomination of persons for election as directors, whether by inclusion of such business in our proxy materials or otherwise, the stockholder must provide us written notice not more than 75 days and not less than 45 days before the meeting in writing by registered mail, return receipt requested. Any such notice must set forth the following as to each matter the stockholder proposes to bring before the meeting: (a) the name, age, business address, residence address and ownership of our stock, including date of acquisition and investment intent, of any director nominee and all information relating to the director nominee that is required to be disclosed in solicitations of proxies for elections of directors; (b) for business other than the nomination of persons for election of directors, a description of such business, the reasons for conducting the business at the meeting and, if such business includes a proposal to amend our Bylaws, the language of the proposed amendments; (c) any material interest in such business of such stockholder or any Stockholder Associated Person, individually or in the aggregate, therefrom; (d) as to the stockholder or any Stockholder Associated Person, their holdings of our stock and whether the stockholder has entered into transactions to manage risk with respect to such stock; (e) as to the stockholder giving notice and any Stockholder Associated Person, the name and address of such stockholder, as they appear on our stock ledger, and current name and address, if different, and of such Stockholder Associated Person; and (f) to the extent known by the stockholder giving the notice, the name and address of any other stockholder supporting the proposal. In the absence of such notice meeting the above requirements, a stockholder shall not be entitled to present any business at any meeting of stockholders. Management's proxy holders for the next annual meeting of stockholders will have discretion to vote proxies given to them on any stockholder proposal of which our Company does not have notice prior to March 15, 2016.

The SEC has adopted rules that permit companies to deliver a single Notice of Internet Availability or a single copy of proxy materials to multiple stockholders sharing an address unless a company has received contrary instructions from one or more of the stockholders at that address.
