### **GOL Announces New Flight Network for GTA**

**São Paulo, March 24, 2008** GOL Linhas Aéreas Inteligentes S.A. (NYSE: GOL and Bovespa: GOLL4), the parent company of Brazilian airlines GOL Transportes Aéreos S.A. (GTA, Brazil's low-cost, low-fare airline) and VRG Linhas Aéreas S.A. (VRG, Brazil's premium service airline), announces that GTA will today begin operating its new flight network, including connections from Congonhas Airport, considered one of Brazil's major airports, to other cities in Brazil. As restrictions on connecting flights through Congonhas have been lifted, flights to nine destinations will now connect through the airport, including Navegantes (Santa Catarina), Uberlândia (MG), Goiânia (GO), Campo Grande (Mato Grosso do Sul), Vitória (Espírito Santo), Cuiabá (MT), Presidente Prudente (São Paulo), Joinville (Santa Catarina) and Rio de Janeiro (Santos Dumont's airport).

Effective immediately, GTA will begin offering twelve new flight options. The Company is increasing the number of daily flights to Cuiabá and Goiania, located in Western Brazil, through Congonhas and is also launching weekly flights to Ilhéus, in Bahia State.

Additionally, the Company is launching a new route to connect Recife, the capital of Pernambuco State, with Salvador, the capital of Bahia State. This flight will operate daily, Monday through Saturday.

Additional connections and flight frequencies through Congonhas will provide our customers with additional options and more convenient travel schedules, says Wilson Maciel Ramos, GOL's vice-president of planning and IT.

To ensure flights continue to operate on-time, GTA also adjusted all of its departure and arrival schedules; passengers are advised to consult the website for changes to existing reservations. GTA operates 640 daily flights to 50 domestic and eight international destinations.

GOL Linhas Aéreas Inteligentes S.A. (NYSE: GOL and Bovespa: GOLL4) is the parent company of Brazilian airlines GOL Transportes Aéreos S.A. (GTA, a low-cost, low-fare airline which operates the GOL brand) and VRG Linhas Aéreas S.A. (VRG, a premium service airline which operates the VARIG brand). GTA offers over 640 daily flights to 60 destinations connecting the most important cities in Brazil as well as the main destinations in South America. VGR offers over 120 daily flights to 14 destinations in Brazil. GTA and VRG operate a young, modern fleet of Boeing aircraft, the safest and most comfortable aircraft of its class, with low maintenance, fuel and training costs, and high aircraft utilization and efficiency ratios. The Company's service is recognized as the best value proposition in the market.

*This release contains forward-looking statements relating to the prospects of the business, estimates for operating and financial results, and those related to growth prospects of GOL. These are merely projections and, as such, are based exclusively on the expectations of GOL management. Such forward-looking statements depend, substantially, on external factors, besides those disclosed in GOL's filed disclosure documents and are, therefore, subject to change without prior notice.*

**SIGNATURE**

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
