Yes No

If "Yes" is marked, indicated below the file number assigned to the
registrant in connection with Rule 12g3-2(b):

Moody's upgrades the GOL Corporate Credit Rating to B2

São Paulo, December 22, 2017 – GOL Linhas Aéreas Inteligentes S.A. (“GOL” or “Company”), (NYSE: GOL and B3: GOLL4), Brazil's #1 airline, announced that Moody's - one of three major corporate credit rating agencies - upgraded the GOL corporate family credit rating by four notches from Caa3 to B2 and the credit rating of Gol Finance's perpetual notes to B3 (from C), with a stable outlook. Moody's also affirmed the foreign currency rating assigned to Gol LuxCo S.A.'s term loan at Baa3. “With this change, all three major rating agencies have now acknowledged GOL’s improved credit risk, a result of the successful right sizing plan the Company executed through the economic downturn in Brazil”, said Richard Lark, Chief Financial Officer.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
