NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 25, 2014

TO THE STOCKHOLDERS OF
CORMEDIX INC.

The 2014 annual meeting of stockholders of CorMedix Inc. will be held at our corporate headquarters, 745 Route 202-206, Suite 303, Bridgewater, New Jersey 08807, on June 25, 2014, at 11:00 a.m. Eastern time, for the following purposes:

1. To elect seven directors to serve until the 2015 Annual Meeting of Stockholders and until their successors are duly elected and qualified;
2. To ratify the appointment of Friedman LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014; and
3. To act upon such other matters as may properly come before the meeting or any adjournment thereof.

These matters are more fully described in the proxy statement accompanying this notice.

The Board has fixed the close of business on May 1, 2014 as the record date for the determination of stockholders entitled to notice of and to vote at the meeting or any adjournment thereof. A list of stockholders eligible to vote at the meeting will be available for review during our regular business hours at our principal offices in Bridgewater, New Jersey for the 10 days prior to the meeting for review for any purposes related to the meeting.

You are cordially invited to attend the meeting in person. However, to assure your representation at the meeting, you are urged to vote by proxy by following the instructions contained in the proxy statement. You may revoke your proxy in the manner described in the proxy statement at any time before it has been voted at the meeting. Any stockholder attending the meeting may vote in person even if he or she has returned a proxy. Your vote is important. Whether or not you plan to attend the annual meeting, we hope that you will vote as soon as possible.

We are pleased to take advantage of the Securities and Exchange Commission, or SEC, rules that allow us to furnish proxy materials, including this notice, the proxy statement (including an electronic proxy card for the meeting) and our 2013 Annual Report to Stockholders via the Internet. Taking advantage of these rules allows us to lower the cost of delivering annual meeting materials to our stockholders and reduce the environmental impact of printing and mailing these materials.

Dated: May 16, 2014

Secretary

QUESTIONS AND ANSWERS ABOUT THE 2014 ANNUAL MEETING

Q: Who may vote at the meeting?

A: The Board of Directors has set May 1, 2014 as the record date for the meeting. If you owned shares of our common stock at the close of business on May 1, 2014, you may attend and vote at the meeting. Each stockholder is entitled to one vote for each share of common stock held on all matters to be voted on. As of May 1, 2014, there were 21,993,384 shares of our common stock outstanding and entitled to vote at the meeting. Our outstanding Series B, C-2, C-3, D and E preferred stock is non-voting and therefore has no voting rights at the Annual Meeting.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: If your shares are registered directly in your name with our transfer agent, VStock Transfer, LLC, you are considered, with respect to those shares, a “stockholder of record.” If you are a stockholder of record, we have sent these proxy materials to you directly.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the “beneficial owner” of shares held in street name. In that case, these proxy materials have been forwarded to you by your broker, bank, or other holder of record who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank, or other holder of record on how to vote your shares by using the voting instruction card included in the mailing.

Q: What is the quorum requirement for the meeting?

A: A majority of our outstanding shares of capital stock entitled to vote as of the record date must be present at the meeting in order for us to hold the meeting and conduct business. This is called a quorum. Your shares will be counted as present at the meeting if you:

are present and entitled to vote in person at the meeting; or

properly submitted a proxy card or voter instruction card in advance of or at the meeting.

If you are present in person or by proxy at the meeting, but abstain from voting on any or all proposals, your shares are still counted as present and entitled to vote. Each proposal listed in this proxy statement identifies the votes needed to approve or ratify the proposed action.

Q: What proposals will be voted on at the meeting?

A: The two proposals to be voted on at the meeting are as follows:

1. To elect the seven directors named in the proxy statement to serve until our next annual meeting or until their successors have been elected and qualified; and
2. To ratify the appointment of Friedman LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

We will also consider any other business that properly comes before the meeting. As of the record date, we are not aware of any other matters to be submitted for consideration at the meeting. If any other matters are properly brought

before the meeting, the persons named in the enclosed proxy card or voter instruction card will vote the shares they represent using their best judgment.

Q: How may I vote my shares in person at the meeting?

A: If your shares are registered directly in your name with our transfer agent, VStock Transfer, LLC, you are considered, with respect to those shares, the stockholder of record. As the stockholder of record, you have the right to vote in person at the meeting. You will need to present a form of personal photo identification in order to be admitted to the meeting. If your shares are held in a brokerage account or by another nominee or trustee, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you are also invited to attend the meeting. Because a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a “legal proxy” from your broker, nominee, or trustee that holds your shares, giving you the right to vote the shares at the meeting.

Q: How can I vote my shares without attending the meeting?

A: Whether you hold shares directly as a registered stockholder of record or beneficially in street name, you may vote without attending the meeting. If your common stock is held by a broker, bank or other nominee, they should send you instructions that you must follow in order to have your shares voted. If you hold shares in your own name, you may vote by proxy in any one of the following ways:

Via the Internet by accessing the proxy materials on the secured website <https://www.IPROXYDIRECT.com/CRMD> and following the voting instructions on that website;

Via telephone by calling toll free 1-866-752-8683 in the United States or 1-866-752-VOTE (8683) outside the United States and following the recorded instructions; or

By requesting that printed copies of the proxy materials be mailed to you pursuant to the instructions provided in the Notice of Internet Availability of Proxy Materials and completing, dating, signing and returning the proxy card that you receive in response to your request.

The Internet and telephone voting procedures are designed to authenticate stockholders' identities by use of a control number to allow stockholders to vote their shares and to confirm that stockholders' instructions have been properly recorded. Voting via the Internet or telephone must be completed by 11:59 p.m. Eastern Time on June 24, 2014. Of course, you can always come to the meeting and vote your shares in person. If you submit or return a proxy card without giving specific voting instructions, your shares will be voted as recommended by the Board of Directors.

Q: How can I change my vote after submitting it?

A: If you are a stockholder of record, you can revoke your proxy before your shares are voted at the meeting by:

Filing a written notice of revocation bearing a later date than the proxy with our Corporate Secretary either before the meeting or at the meeting at 745 Route 202-206, Suite 303, Bridgewater, New Jersey 08807;

Duly executing a later-dated proxy relating to the same shares and delivering it to our Corporate Secretary either before the meeting or at the meeting and before the taking of the vote, at 745 Route 202-206, Suite 303, Bridgewater, New Jersey 08807; or

Attending the meeting and voting in person (although attendance at the meeting will not in and of itself constitute a revocation of a proxy).

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your bank, broker, or other holder of record. You may also vote in person at the meeting if you obtain a legal proxy from them as described in the answer to a previous question.

Q: Where can I find the voting results of the meeting?

A: We will announce the preliminary voting results at the annual meeting. We will publish the results in a Form 8-K filed with the SEC within four business days of the annual meeting.

PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
JUNE 25, 2014

This proxy statement has been prepared by the management of CorMedix Inc. “We,” “our” and the “Company” each refers to CorMedix Inc.

In accordance with the rules of the SEC, instead of mailing a printed copy of our proxy materials to each stockholder of record, we are now furnishing proxy materials, including the notice, this proxy statement, our 2013 Annual Report to Stockholders, including financial statements, and a proxy card for the meeting, by providing access to them on the Internet to save printing costs and benefit the environment. These materials were first available on the Internet on May 16, 2014. We mailed a Notice of Internet Availability of Proxy Materials on or about May 16, 2014 to our stockholders of record and beneficial owners as of May 1, 2014, the record date for the meeting. This proxy statement and the Notice of Internet Availability of Proxy Materials contain instructions for accessing and reviewing our proxy materials on the Internet and for voting by proxy over the Internet. You will need to obtain your own Internet access if you choose to access the proxy materials and/or vote over the Internet. If you prefer to receive printed copies of our proxy materials, the Notice of Internet Availability of Proxy Materials contains instructions on how to request the materials by mail. You will not receive printed copies of the proxy materials unless you request them. If you elect to receive the materials by mail, you may also vote by proxy on the proxy card or voter instruction card that you will receive in response to your request.

GENERAL INFORMATION ABOUT SOLICITATION VOTING AND ATTENDING

Who Can Vote

You are entitled to attend the meeting and vote your common stock if you held shares as of the close of business on May 1, 2014. At the close of business on May 1, 2014, a total of 21,993,384 shares of common stock were outstanding and entitled to vote. Each share of common stock has one vote.

Counting Votes

Consistent with state law and our bylaws, the presence, in person or by proxy, of at least a majority of the shares entitled to vote at the meeting will constitute a quorum for purposes of voting on a particular matter at the meeting. Once a share is represented for any purpose at the meeting, it is deemed present for quorum purposes for the remainder of the meeting and any adjournment thereof unless a new record date is set for the adjournment. Shares held of record by stockholders or their nominees who do not vote by proxy or attend the meeting in person will not be considered present or represented and will not be counted in determining the presence of a quorum. Signed proxies that withhold authority or reflect abstentions and “broker non-votes” will be counted for purposes of determining whether a quorum is present. “Broker non-votes” are proxies received from brokerage firms or other nominees holding shares on behalf of their clients who have not been given specific voting instructions from their clients with respect to

non-routine matters.

Assuming the presence of a quorum at the meeting:

The election of directors will be determined by a plurality of the votes cast at the meeting. This means that the seven nominees receiving the highest number of “FOR” votes will be elected as directors. Withheld votes and broker non-votes, if any, are not treated as votes cast, and therefore will have no effect on the proposal to elect directors. the ratification of the appointment of our independent registered public accounting firm requires the affirmative vote of a majority of the votes cast at the meeting. Abstentions and broker non-votes are counted for purposes of determining the shares represented and voting and will have the effect of a vote against this proposal.

With respect to “routine” matters, such as the ratification of the selection of our independent registered public accounting firm, a bank, brokerage firm, or other nominee has the authority (but is not required) under the rules governing self-regulatory organizations, or SRO rules, including the NYSE MKT, on which our common stock is listed, to vote its clients’ shares if the clients do not provide instructions. When a bank, brokerage firm, or other nominee votes its clients’ shares on routine matters without receiving voting instructions, these shares are counted both for establishing a quorum to conduct business at the meeting and in determining the number of shares voted FOR, AGAINST or ABSTAINING with respect to such routine matters.

With respect to “non-routine” matters, such as the election of directors, a bank, brokerage firm, or other nominee is not permitted under the SRO rules to vote its clients’ shares if the clients do not provide instructions. The bank, brokerage firm, or other nominee will so note on the voting instruction form, and this constitutes a “broker non-vote.” “Broker non-votes” will be counted for purposes of establishing a quorum to conduct business at the meeting, but not for determining the number of shares voted FOR, AGAINST, ABSTAINING or WITHHELD FROM with respect to such non-routine matters.

In summary, if you do not vote your proxy, your bank, brokerage firm, or other nominee may either:

vote your shares on routine matters and cast a “broker non-vote” on non-routine matters; or

leave your shares unvoted altogether.

We strongly encourage you to provide instructions to your bank, brokerage firm, or other nominee by voting your proxy. This action ensures that your shares will be voted in accordance with your wishes at the meeting.

Because your vote on the ratification of the appointment of our independent registered public accounting firm is advisory, it will not be binding on our Board or our company. However, our Board and the Audit Committee will consider the outcome of the vote when making future decisions regarding the selection of our independent registered public accounting firm.

Cost of this Proxy Solicitation

We will pay the cost of this proxy solicitation. In addition to soliciting proxies by mail, our directors and employees might solicit proxies personally and by telephone. None of these individuals will receive any additional compensation for this. We did not, but may in the future, retain a proxy solicitor to assist in the solicitation of proxies for a fee. We will, upon request, reimburse brokers, banks and other nominees for their expenses in sending proxy materials to their principals and obtaining their proxies.

Attending the Annual Meeting

If you are a holder of record and plan to attend the annual meeting, please bring a photo identification to confirm your identity. If you are a beneficial owner of common stock held by a bank or broker, i.e., in “street name,” you will need proof of ownership to be admitted to the meeting. A recent brokerage statement or letter from a bank or broker are examples of proof of ownership. If you want to vote in person your common stock held in street name, you must get a proxy in your name from the registered holder.

PROPOSAL NO. 1—ELECTION OF DIRECTORS

Our bylaws currently provide that the number of directors constituting the Board shall be not less than five nor more than nine. The Board may establish the number of directors within this range. There are seven directors presently serving on our Board, and the number of directors to be elected at this annual meeting is seven.

The Board proposes the seven nominees listed below for election to the Board for a one-year term. The Board has determined that all directors, except Randy Milby, our Chief Executive Officer, are independent as defined in Rule 803A(2) of the NYSE MKT Rules. In addition to the specific bars to independence set forth in that rule, we also consider whether a director or his or her affiliates have provided any services to, worked for or received any compensation from us or any of our subsidiaries in the past three years in particular. In addition, none of the nominees is related by blood, marriage or adoption to any other nominee or any of our executive officers.

Recommendation

The Board unanimously recommends that stockholders vote FOR the election of the seven nominees for election to the Board for a one-year term.

Vote Required

Directors are elected by a plurality of the votes cast at the annual meeting. This means that the seven nominees receiving the highest number of votes will be elected.

Voting by the Proxies

The proxies will vote your common stock in accordance with your instructions. If you are a stockholder of record, unless you mark your proxy card to withhold authority to vote, your common stock will be voted for the election of the nominees named in this proxy statement. Each nominee has agreed to serve and we expect that each of the nominees will be able to serve if elected. However, if any nominee is unavailable for election, the proxies may vote your common stock to elect a substitute nominee proposed by the Board.

If you are a beneficial owner of shares held in street name and you do not provide your broker with voting instructions, under the SRO rules governing brokers, your broker may not vote your shares on the election of directors.

PROPOSAL NO. 2—RATIFICATION OF APPOINTMENT OF INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

Pursuant to its charter, the Audit Committee of our Board has appointed the firm Friedman LLP, New York, New York, to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2014. While the Audit Committee is solely responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm, the Committee and the Board are requesting that the stockholders ratify this appointment. If the stockholders ratify this appointment, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time during the year if it believes that doing so would be in the best interests of our stockholders. If the stockholders do not ratify this appointment, the Audit Committee may reconsider, but might not change, its appointment.

Representatives of Friedman LLP are expected to be present at the annual meeting of stockholders with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Information about Change of Independent Registered Public Accounting Firm

On May 15, 2014, we changed our independent registered public accounting firm from CohnReznick LLP to Friedman LLP for the year ending December 31, 2014. The change was approved by the Audit Committee of the Board of Directors.

CohnReznick's reports on our consolidated financial statements as of December 31, 2012 and 2013, and for the two years then ended and for the period from July 28, 2006 (inception) to December 31, 2013 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope or accounting principles, although the report for the year ended December 31, 2012 contained an explanatory paragraph relating to our ability to continue as a going concern.

During the two years ended December 31, 2013 and through the date of their dismissal, there were no: (a) disagreements with CohnReznick on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to CohnReznick's satisfaction, would have caused CohnReznick to make reference to the subject matter thereof in connection with its reports on our financial statements as of December 31, 2012 and 2013, and for the two years then ended and for the period from July 28, 2006 (inception) to December 31, 2013; or (b) "reportable events", as defined under Item 304(a)(1)(v) of Regulation S-K. However, CohnReznick identified material weaknesses in our financial reporting process related to our limited finance staff and the resulting ineffective management review over financial reporting, coupled with increasingly complex accounting treatments associated with our financing activities and European expansion.

CohnReznick has indicated to us that it agrees with the foregoing statements contained in the paragraphs above as they relate to CohnReznick and has furnished a letter dated May 16, 2014 to the United States Securities and Exchange Commission to this effect. A copy of the letter from CohnReznick is attached to this Form 8-K as Exhibit 16.1.

During the two years ended December 31, 2013 and through May 16, 2014, neither we nor anyone acting on our behalf consulted with Friedman LLP regarding any of the matters or events set forth in Item 304(a)(2)(i) or (ii) of Regulation S-K.

Vote Required

Ratification of the appointment of Friedman LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the votes cast at the meeting. In accordance with Delaware law, abstentions and broker non-votes will be counted for purposes of determining both whether a quorum is present at the annual meeting and the total number of shares represented and voting on this proposal and, accordingly, will have the effect of a vote AGAINST the approval of this proposal.

Voting by the Proxies

The proxies will vote your common stock in accordance with your instructions. Unless you give specific instructions to the contrary, your common stock will be voted for the ratification of the appointment of Friedman LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

Recommendation

The Board unanimously recommends that stockholders vote FOR the ratification of the appointment of Friedman LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

CORPORATE GOVERNANCE

Information about the Board of Directors and its Committees

Board Composition

Our Board currently consists of seven members. Directors elected at this meeting and each subsequent annual meeting will be elected for one-year terms or until their successors are duly elected and qualified.

We separate the positions of Chairman, currently held by independent director Cora M. Tellez, and that of Chief Executive Officer, currently held by Randy Milby. While the Board believes that separation of these positions serves our company well, and intends to maintain this separation where appropriate and practicable, the Board does not believe that it is appropriate to prohibit one person from serving as both Chairman and Chief Executive Officer.

Selection of Nominees for our Board of Directors

To be considered as a director nominee, an individual must have, among other attributes: high personal and professional ethics, integrity and values; commitment to our company and its stockholders; an inquisitive and objective perspective and mature judgment; availability to perform all Board and committee responsibilities; and independence. In addition to these minimum requirements, the Nominating and Governance Committee will also evaluate whether the nominee's skills are complementary to the existing directors' skills and the Board's need for operational, management, financial, international, industry-specific or other expertise. We do not have a specific written policy with regard to the consideration of diversity in identifying director nominees. We focus on identifying nominees with experience, qualifications, attributes and skills to work with the other directors to serve the long-term interests of our stockholders. All those matters being equal, we do and will consider diversity a positive additional characteristic in potential nominees.

The Nominating and Governance Committee invites Board members to submit nominations for director. In addition to candidates submitted by Board members, director nominees recommended by stockholders will be considered. Stockholder recommendations must be made in accordance with the procedures described in the section titled "Stockholder Proposals" below and will receive the same consideration that other nominees receive. All nominees are evaluated by the Nominating and Governance Committee to determine whether they meet the minimum qualifications and whether they will satisfy the Board's needs for specific expertise at that time. The Committee recommends to the full Board nominees for election as directors at our annual meeting of stockholders.

No stockholder has nominated anyone for election as a director at this annual meeting.

Board Committees

Our Board has established an Audit Committee, Compensation Committee and Nominating and Governance Committee. Our Audit Committee consists of Ms. Tellez (Chair), Mr. Duffy and Ms. Markvicka. Our Compensation Committee consists of Dr. Pfaffle (Chair), Mr. Duffy, Mr. George, Mr. Lefkowitz and Ms. Markvicka. Our Nominating and Governance Committee consists of Mr. George (Chair), Ms. Markvicka and Ms. Tellez.

Our Board has undertaken a review of the independence of our directors and has determined that all directors except Randy Milby are independent within the meaning of Section 803A(2) of the NYSE MKT Rules and that Ms. Tellez, Mr. Duffy and Ms. Markvicka meet the additional test for independence for audit committee members imposed by Securities and Exchange Commission, or SEC, regulation and Section 803B(2) of the NYSE MKT Rules. The members of our Compensation Committee are all independent within the meaning of Section 805(c) of the NYSE

MKT Rules.

Each of the above-referenced committees operates pursuant to a formal written charter. The charters for each committee, which have been adopted by our Board, contain a detailed description of the respective committee's duties and responsibilities and are available on our website at www.cormedix.com under the "Investor Relations—Corporate Governance" tab.

Audit Committee

The primary purpose of our Audit Committee is to assist the Board in the oversight of the integrity of our accounting and financial reporting process, the audits of our consolidated financial statements, and our compliance with legal and regulatory requirements. The Audit Committee is responsible for hiring the independent registered public accounting firm, reviewing and approving the planned scope of the annual audit and pre-approving all audit services and permissible non-audit services provided by our independent registered public accounting firm. Its role also includes meeting with management and our independent registered public accounting firm to review our annual audited financial statements and quarterly financial statements. The Audit Committee monitors the integrity of our financial statements, the performance of our internal audit function and our compliance with regulatory and legal requirements. The Audit Committee also approves any related party transaction.

Compensation Committee

The primary purpose of our Compensation Committee is to assist our Board in exercising its responsibilities relating to compensation of our executive officers and employees and to administer our equity compensation and other benefit plans. In carrying out these responsibilities, this committee reviews all components of executive officer and employee compensation for consistency with its compensation philosophy, as in effect from time to time. Our Compensation Committee is responsible for reviewing and recommending to our Board the compensation paid to directors, as well as designing and implementing compensation policies for our key personnel, including executive officers and employees. Finally, the Compensation Committee has the authority to obtain, at our expense, the advice and assistance of internal or external advisers, experts and others to assist the Committee.

Nominating and Governance Committee

The primary purpose of our Nominating and Governance Committee is to assist our Board in promoting the best interest of our company and our stockholders through the implementation of sound corporate governance principles and practices. The Nominating and Governance Committee is also responsible for identifying candidates to serve on our Board, developing and recommending a self-evaluation process for our Board and overseeing the self-evaluation process.

Information Regarding Meetings of the Board and Committees

The business of our company is under the general oversight of our Board as provided by the laws of Delaware and our bylaws. During the fiscal year ended December 31, 2014, the Board held 15 meetings and also conducted business by written consent, the Audit Committee held six meetings and also conducted business by written consent, the Compensation Committee held eight meetings and also conducted business by written consent, and the Nominating and Governance Committee held one meeting. Each person who was a director during 2013 attended at least 75% of the Board meetings and the meetings of the committee on which he served. We do not have a formal written policy with respect to Board members' attendance at our annual meetings of stockholders, but we encourage them to do so. All of our directors attended the 2013 annual meeting.

Risk Oversight

Our Board is responsible for our company's risk oversight and has delegated that role to the Audit Committee. In fulfilling that role, the Audit Committee focuses on our general risk-management strategy, the most significant risks facing our company, and ensures that risk-mitigation strategies are implemented by management. The Compensation Committee oversees risks related to our compensation and benefit plans and policies to ensure sound pay practices that do not cause risks to arise that are reasonably likely to have a material adverse effect on our company. The Nominating and Governance Committee seeks to minimize risks related to governance structure by implementing sound corporate governance principles and practices. Each of the committees regularly reports to the full Board as appropriate on its efforts at risk oversight, and will report any matter that rises to the level of a material or enterprise-level risk.

Stockholder Proposals

The Bylaws establish procedures for stockholder nominations for elections of directors and bringing business before any annual meeting or special meeting of stockholders. A stockholder entitled to vote in the election of directors may nominate one or more persons for election as directors at a meeting only if written notice of such stockholder's intent to make such nomination or nominations has been delivered to our Corporate Secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the prior year's annual meeting. In

the event that the date of the annual meeting is more than 30 days before or more than 60 days after the anniversary date of the prior year's annual meeting, the stockholder notice must be given not more than 120 days nor less than the later of 90 days prior to the date of the annual meeting or, if it is later, the 10th day following the date on which the date of the annual meeting is first publicly announced or disclosed by us.

A stockholder's notice must set forth: (a) as to each person whom the stockholder proposes to nominate for election or reelection as a director all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the rules and regulations thereunder (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) as to any other business that the stockholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such stockholder and the beneficial owner, if any, on whose behalf the proposal is made; (c) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made, (i) the name and address of such stockholder, as they appear on our books, and of such beneficial owner, and (ii) the class and number of shares of our company that are owned beneficially and of record by such stockholder and such beneficial owner; and (d) any additional information reasonably requested by the Board.

Notwithstanding anything in the previous paragraph to the contrary, in the event that the number of directors to be elected to the Board is increased and there is no public announcement by us naming all of the nominees for director or specifying the size of the increased Board at least 70 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by the Bylaws will also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to our Corporate Secretary at our principal executive offices not later than the close of business on the 10th day following the day on which such public announcement is first made by us.

The chairman of the meeting has the power and duty to determine whether a nomination or any business proposed to be brought before the meeting was made or proposed, as the case may be, in accordance with the procedures set forth in the Bylaws and, if any proposed nomination or business is not in compliance with the Bylaws, to declare that such defective proposal or nomination will be disregarded.

(1) Based upon 21,993,384 shares of our common stock outstanding on April 30, 2014 and, with respect to each individual holder, rights to acquire our common stock exercisable within 60 days of April 30, 2014.

(2) Due to the Ownership Limitation (as defined below), Kingsbrook Partners LP (“Kingsbrook”) may be deemed the beneficial owner of 2,324,672 shares of our common stock through securities held by it and by Kingsbrook Opportunities Master Fund LP (the “Fund”), for which Kingsbrook serves as the investment manager. Notwithstanding the above, Kingsbrook beneficially holds: (i) 1,480,000 shares of our common stock held by the Fund, (ii) May 2013 warrants held by the Fund exercisable for 500,000 shares of our common stock, (iii) October 2013 warrants held by the Fund exercisable for 750,000 shares of our common stock, and (iv) 1,667 shares of our Series E non-voting convertible preferred stock held by the Fund convertible into 33,340 shares of our common stock (the May 2013 warrants, the October 2013 warrants and the Series E preferred stock shall collectively be referred to herein as the “Convertible Securities”). However, in accordance with Rule 13d-4 under the Exchange Act, the number of shares of our common stock into which the Convertible Securities are convertible or exercisable, as applicable, are limited pursuant to the terms of the Convertible Securities to that number of shares of our common stock which would result in Kingsbrook having aggregate beneficial ownership of, with respect to the May 2013 warrants, the October 2013 warrants and the Series E preferred stock, 9.99% of the total issued and outstanding shares of our common stock (the "Ownership Limitation"). Kingsbrook disclaims beneficial ownership of any and all shares of our common stock issuable upon any conversion or exercise of the Convertible Securities if such conversion or exercise would cause Kingsbrook’s aggregate beneficial ownership to exceed or remain above the applicable Ownership Limitation (as is currently the case). Therefore, Kingsbrook disclaims beneficial ownership of any of our common stock other than 438,668 shares, issuable upon any conversion or exercise of the May 2013 warrants, the October 2013 warrants and the Series E preferred stock. EXECUTIVE COMPENSATION

Compensation Objectives and Philosophy

The Compensation Committee is responsible for reviewing and approving the compensation payable to our named executive officers and other key employees. As part of such process, the Compensation Committee seeks to accomplish the following objectives with respect to our executive compensation programs:

motivate, recruit and retain executives capable of meeting our strategic objectives;

provide incentives to ensure superior executive performance and successful financial results for our company; and

align the interests of the named executive officers with the long-term interests of our stockholders.

The Compensation Committee seeks to achieve these objectives by:

establishing a compensation structure that is both market competitive and internally fair;

linking a substantial portion of compensation to our achievement of financial objectives and the individual's contribution to the attainment of those objectives;

providing upward leverage for overachievement of goals; and

providing long-term equity-based incentives.

In order to achieve the above goals, our total compensation package includes base salary and annual bonus, all paid in cash, as well as long-term compensation in the form of stock options and/or restricted stock. We believe that appropriately balancing the total compensation package is necessary in order to provide market-competitive compensation.

Setting Executive Compensation

The Compensation Committee oversees the design, development and implementation of the compensation program for the Chief Executive Officer and the other named executive officers. The Compensation Committee evaluates the performance of the Chief Executive Officer and determines the Chief Executive Officer's compensation in light of the goals and objectives of the compensation program. The Chief Executive Officer and the Compensation Committee together assess the performance of the other named executive officers and determine their compensation, based on initial recommendations from the Chief Executive Officer. Our Chief Executive Officer provided the Compensation Committee with a detailed review of the performance of the other named executive officers and made recommendations to the Compensation Committee with respect to the compensation packages for those officers for 2013.

The other named executive officers do not play a role in their own compensation determination, other than discussing individual performance objectives and results with the Chief Executive Officer.

We did not use the services of any compensation consultant in matters affecting the compensation of named executive officers or directors during 2012 or 2013. In the future, we, or the Compensation Committee, may engage or seek the advice of a compensation consultant.

The Compensation Committee has structured our annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by the Board and reward the executives for achieving such goals. At the end of the year, the Compensation Committee reviews the performance of each named executive officer in achieving the established objectives. These results are included with the overall performance review provided by the Chief Executive Officer, after which the Compensation Committee votes upon any recommendations for salary adjustments, stock option grants and cash incentives. The Chief Executive Officer then executes the actions approved by the Compensation Committee with respect to such matters.

Components of Compensation

The key components of our executive compensation package are cash compensation (salary and annual bonuses), long-term equity incentive awards and change in control and other severance agreements. These components are administered with the goal of providing total compensation that recognizes meaningful differences in individual performance, is competitive, varies the opportunity based on individual and corporate performance, and is valued by our named executive officers.

Base Salary. It is the Compensation Committee's objective to set a competitive rate of annual base salary for each named executive officer. The Compensation Committee believes competitive base salaries are necessary to attract and retain top quality executives, since it is common practice for public companies to provide their named executive officers with a guaranteed annual component of compensation that is not subject to performance risk. The Compensation Committee, on its own or with outside consultants, may establish salary ranges for the named executive officers, with minimum to maximum opportunities that cover the normal range of market variability. The actual base salary for each named executive officer is then derived from those salary ranges based on his responsibility, tenure and past performance and market comparability. Annual base salaries for the named executive officers are reviewed and approved by the Compensation Committee in the first quarter following the end of the previous performance year.

Changes in base salary are based on the scope of an individual's current job responsibilities, individual performance in the previous performance year, target pay position relative to the peer group, and our salary budget guidelines. The Compensation Committee reviews established goals and objectives, and determines an individual's achievement of those goals and objectives and considers the recommendations provided by the Chief Executive Officer to assist it in determining appropriate salaries for the named executive officers other than the Chief Executive Officer. For any given performance year, actual salary increases may range from 0% to 10% of the salary guidelines based on individual performance. This broad range allows for meaningful differentiation on a pay for performance basis.

The base salary information for our named executive officers for 2013 is set forth in the table above. As a result of our financial condition as well as changes in our management in 2013, the Chief Executive Officer and the Compensation Committee recommended to the Board that no merit increases be granted to our named executive officers for 2013.

Annual Bonuses. As part of their compensation package, our named executive officers generally have the opportunity to earn annual bonuses. Annual bonuses are designed to reward superior executive performance while reinforcing our short-term strategic operating goals. The Compensation Committee establishes each year a target award for each named executive officer based on a percentage of base salary, and based on any applicable terms in any individual employment agreements. Annual bonus targets as a percentage of salary increase with executive rank so that for the more senior executives, a greater proportion of their total cash compensation is contingent upon annual performance.

At the beginning of the performance year, each named executive officer, in conjunction with the Chief Executive Officer, establishes annual goals and objectives. Actual bonus awards are based on an assessment against the pre-established goals for each named executive officer's individual performance, the performance of the business function for which he is responsible, and/or our overall performance for the year. For any given performance year, proposed annual bonuses may range from 0% to 100% of target, or higher under certain circumstances, based on corporate and individual performance. Corporate and individual performance has a significant impact on the annual bonus amounts because the Compensation Committee believes it is a precise measure of how the named executive officer contributed to business results.

As a result of our financial condition, our Interim Chief Executive Officer and the Compensation Committee determined not to grant bonuses to the named executive officers for 2011 or 2012.

Long-Term Incentive Equity Awards. We believe that long-term performance is achieved through an ownership culture that encourages high performance by our named executive officers through the use of stock-based awards. Our 2006 Stock Plan and 2013 Stock Plan were each established to provide our employees, including our named executive officers, with incentives to help align employees' interests with the interests of our stockholders. Effective upon the approval by our stockholders of our 2013 Stock Plan, we are no longer able to issue any award under the 2006 Stock Plan. The Compensation Committee believes that the use of stock-based awards offers the best approach to achieving our compensation goals. We have historically elected to use stock options as the primary long-term equity incentive vehicle; however, the Compensation Committee has used restricted stock in the past and may in the future utilize restricted stock as part of our long-term incentive program. We have selected the Black-Scholes method of valuation for share-based compensation. Due to the early stage of our business and our desire to preserve cash, we expect to provide a greater portion of total compensation to our named executive officers through stock options and restricted stock grants than through cash-based compensation. The Compensation Committee generally oversees the administration of our 2006 Stock Plan.

Stock Options. Our 2013 Stock Plan (and formerly our 2006 Stock Plan) authorizes us to grant options to purchase shares of common stock to our employees, directors and consultants.

The Compensation Committee reviews and approves stock option awards to named executive officers based upon a review of competitive compensation data, its assessment of individual performance, a review of each named executive officer's existing long-term incentives, and retention considerations. Periodic stock option grants are made at the discretion of the Compensation Committee to eligible employees and, in appropriate circumstances, the Compensation Committee considers the recommendations of Randy Milby, our Chief Executive Officer.

Stock options granted to employees have an exercise price equal to the fair market value of our common stock on the day of grant, typically vest over a time or upon the achievement of certain performance-based milestones and are based upon continued employment, and generally expire 10 years after the date of grant. The fair value of the options granted to the named executive officers in the Summary Compensation Table is determined in accordance with the Black-Scholes method of valuation for share-based compensation. Incentive stock options also include certain other terms necessary to ensure compliance with the Internal Revenue Code of 1986.

We expect to continue to use stock options as a long-term incentive vehicle because:

Stock options align the interests of our named executive officers with those of our stockholders, supporting a pay-for performance culture, foster employee stock ownership, and focus the management team on increasing value for our stockholders.

Stock options are performance-based. All of the value received by the recipient of a stock option is based on the growth of the stock price. In addition, stock options can be issued with vesting based on the achievement of specified milestones.

Stock options help to provide balance to the overall executive compensation program as base salary and annual bonuses focus on short-term compensation, while the vesting of stock options increases stockholder value over the longer term.

The vesting period of stock options encourages executive retention and the preservation of stockholder value. In determining the number of stock options to be granted to our named executive officers, we take into account the individual's position, scope of responsibility, ability to affect profits and stockholder value and the individual's historic and recent performance and the value of stock options in relation to other elements of the individual named executive officer's total compensation.

Restricted Stock. Our 2013 Stock Plan (and formerly our 2006 Stock Plan) authorizes us to grant restricted stock. No restricted stock grants were awarded during 2012 or 2013. In order to implement our long-term incentive goals, we may grant shares of restricted stock in the future.

Restricted Stock. Our 2013 Stock Plan (and formerly our 2006 Stock Plan) authorizes us to grant restricted stock. No restricted stock grants were awarded during 2012 or 2013. In order to implement our long-term incentive goals, we may grant shares of restricted stock in the future.

Executive Benefits and Perquisites

Our named executive officers, some of whom may be parties to employment or consulting agreements, will continue to be parties to such agreements in their current form until the expiration or termination of the employment or consulting agreement or until such time as the Compensation Committee determines in its discretion that revisions to such agreements are advisable. In addition, consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our named executive officers, including medical, dental and life insurance and the ability to contribute to a 401(k) plan; however, the Compensation Committee in its discretion may revise, amend or add to the officer's executive benefits if it deems it advisable. We believe these benefits are currently comparable to benefit levels for comparable companies.

Employment Agreements and Arrangements

Randy Milby

On May 2, 2012, we appointed Mr. Milby as Chief Operating Officer pursuant to a three-month consulting agreement with MW Bridges LLC, of which Mr. Milby is Managing Partner. MW Bridges LLC received a consulting fee of \$6,400 per month for Mr. Milby's services. Additionally, MW Bridges LLC was granted stock options to purchase 50,000 shares of our common stock at an exercise price of \$0.29 per share. Such stock options vested upon CE Mark approval for Neutrolin in July 2013. On October 31, 2012, we and MW Bridges LLC entered into an amendment to the consulting agreement, which, among other things, (i) extended the then-current term for an additional three months, and (ii) increased Mr. Milby's monthly retainer to \$12,000, effective October 1, 2012. On December 24, 2012, we again amended the consulting agreement to extend its term to June 24, 2013 and Mr. Milby was appointed our Chief Executive Officer, effective January 1, 2013. On April 1, 2013, Mr. Milby became an employee of the Company and the consulting agreement was terminated.

AUDITOR AND AUDIT COMMITTEE MATTERS

Report of the Audit Committee

The Audit Committee has reviewed and discussed with management our audited financial statements for the fiscal year ended December 31, 2013, which were audited by CohnReznick LLP, our then independent registered public accounting firm. The Audit Committee discussed with CohnReznick LLP, the matters required to be discussed pursuant to Public Company Accounting Oversight Board (United States) Auditing Standard 16 (Communication with Audit Committee). The Audit Committee received the written disclosures and letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence. The Audit Committee also considered whether the provision of services other than the audit of our financial statements for the year ended December 31, 2013 were compatible with maintaining CohnReznick LLP's independence.

Based on the review and discussions referred to in the foregoing paragraph, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013 for filing with the SEC.

All members of our Audit Committee are independent under SEC regulation and Section 803B(2) of the NYSE MKT Rules. The financial literacy requirements of the SEC require that each member of our Audit Committee be able to read and understand fundamental financial statements. In addition, at least one member of our Audit Committee must qualify as an audit committee financial expert, as defined in Item 407(d)(5) of Regulation S-K promulgated by the SEC, and have financial sophistication in accordance with the NYSE MKT Rules 803B2(a)(iii). Our Board has determined that Ms. Tellez qualifies as an audit committee financial expert.

The Audit Committee pre-approves the engagement of our independent auditor to render any audit services to our company. The Audit Committee also pre-approves any other engagement of our independent auditor, which is limited to specified permitted non-audit services on a case-by-case basis. The Committee generally limits its pre-approval of non-audit services to a specified period of time and, for some services, to a maximum dollar amount.
