Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Sections 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Healthcare Trust of America, Inc. Yes No

Healthcare Trust of America Holdings, LP Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Website, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Healthcare Trust of America, Inc. Yes No

Healthcare Trust of America Holdings, LP Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer", "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Healthcare Trust of America, Inc. Large-accelerated filer Accelerated filer Non-accelerated filer Smaller reporting Emerging growth company

Explanatory Note

This quarterly report combines the Quarterly Reports on Form 10-Q (“Quarterly Report”) for the quarter ended September 30, 2018, of Healthcare Trust of America, Inc. (“HTA”), a Maryland corporation, and Healthcare Trust of America Holdings, LP (“HTALP”), a Delaware limited partnership. Unless otherwise indicated or unless the context requires otherwise, all references in this Quarterly Report to “we,” “us,” “our,” “the Company” or “our Company” refer to HTA and HTALP, collectively, and all references to “common stock” shall refer to the Class A common stock of HTA. HTA operates as a real estate investment trust (“REIT”) and is the general partner of HTALP. As of September 30, 2018, HTA owned a 98.1% partnership interest in HTALP, and other limited partners, including some of HTA’s directors, executive officers and their affiliates, owned the remaining partnership interest (including the long-term incentive plan (“LTIP” Units)) in HTALP. As the sole general partner of HTALP, HTA has the full, exclusive and complete responsibility for HTALP’s day-to-day management and control, including its compliance with the Securities and Exchange Commission (“SEC”) filing requirements.

We believe it is important to understand the few differences between HTA and HTALP in the context of how we operate as an integrated consolidated company. HTA operates as an umbrella partnership REIT structure in which HTALP and its subsidiaries hold substantially all of the assets. HTA’s only material asset is its ownership of partnership interests of HTALP. As a result, HTA does not conduct business itself, other than acting as the sole general partner of HTALP, issuing public equity from time to time and guaranteeing certain debts of HTALP. HTALP conducts the operations of the business and issues publicly-traded debt, but has no publicly-traded equity. Except for net proceeds from public equity issuances by HTA, which are generally contributed to HTALP in exchange for partnership units of HTALP, HTALP generates the capital required for the business through its operations and by direct or indirect incurrence of indebtedness or through the issuance of its partnership units (“OP Units”).

Noncontrolling interests, stockholders’ equity and partners’ capital are the primary areas of difference between the condensed consolidated financial statements of HTA and HTALP. Limited partnership units in HTALP are accounted for as partners’ capital in HTALP’s condensed consolidated balance sheets and as a noncontrolling interest reflected within equity in HTA’s condensed consolidated balance sheets. The differences between HTA’s stockholders’ equity and HTALP’s partners’ capital are due to the differences in the equity issued by HTA and HTALP, respectively. We believe combining the Quarterly Reports of HTA and HTALP, including the notes to the condensed consolidated financial statements, into this single Quarterly Report results in the following benefits:

- enhances stockholders’ understanding of HTA and HTALP by enabling stockholders to view the business as a whole in the same manner that management views and operates the business;
- eliminates duplicative disclosure and provides a more streamlined and readable presentation since a substantial portion of the disclosure in this Quarterly Report applies to both HTA and HTALP; and
- creates time and cost efficiencies through the preparation of a single combined Quarterly Report instead of two separate Quarterly Reports.

In order to highlight the material differences between HTA and HTALP, this Quarterly Report includes sections that separately present and discuss areas that are materially different between HTA and HTALP, including:

- the condensed consolidated financial statements;
- certain accompanying notes to the condensed consolidated financial statements, including Note 7 - Debt, Note 11 - Stockholders’ Equity and Partners’ Capital, Note 13 - Per Share Data of HTA, and Note 14 - Per Unit Data of HTALP;
- As defined by the National Association of Real Estate Investment Trusts (“NAREIT”), the Funds From Operations (“FFO”) and Normalized FFO in Part 1, Item 2 of this Quarterly Report;
- the Controls and Procedures in Part 1, Item 4 of this Quarterly Report; and
- the Certifications of the Chief Executive Officer and the Chief Financial Officer included as Exhibits 31 and 32 to this Quarterly Report.

In the sections of this Quarterly Report that combine disclosure for HTA and HTALP, this Quarterly Report refers to actions or holdings as being actions or holdings of the Company. Although HTALP (directly or indirectly through one of its subsidiaries) is generally the entity that enters into contracts, holds assets and issues or incurs debt, management believes this presentation is appropriate for the reasons set forth above and because the business of the Company is a single integrated enterprise operated through HTALP.

Table of Contents

HEALTHCARE TRUST OF AMERICA, INC. AND HEALTHCARE TRUST OF AMERICA HOLDINGS, LP
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Unless otherwise indicated or unless the context requires otherwise the use of the words “we,” “us” or “our” refers to Healthcare Trust of America, Inc. and Healthcare Trust of America Holdings, LP, collectively.

1. Organization and Description of Business

HTA, a Maryland corporation, and HTALP, a Delaware limited partnership, were incorporated or formed, as applicable, on April 20, 2006. HTA operates as a REIT and is the general partner of HTALP, which is the operating partnership, in an umbrella partnership, or “UPREIT” structure. HTA has qualified and intends to continue to be taxed as a REIT for federal income tax purposes under the applicable sections of the Internal Revenue Code.

We own real estate primarily consisting of medical office buildings (“MOBs”) located on or adjacent to hospital campuses or in off-campus, community core outpatient locations across 32 states within the United States, and we lease space to tenants primarily consisting of health systems, research and academic institutions, and various sized physician practices. We generate substantially all of our revenues from rents and rental-related activities, such as property and facilities management and other incidental revenues related to the operation of real estate.

Our primary objective is to maximize stockholder value with growth through strategic investments that provide an attractive risk-adjusted return for our stockholders by consistently increasing our cash flow. In pursuing this objective, we: (i) seek internal growth through proactive asset management, leasing, building services and property management oversight; (ii) target accretive acquisitions and developments of MOBs in markets with attractive demographics that complement our existing portfolio; and (iii) actively manage our balance sheet to maintain flexibility with conservative leverage. Additionally, from time to time we consider, on an opportunistic basis, significant portfolio acquisitions that we believe fit our core business and we expect to enhance our existing portfolio.

2. Summary of Significant Accounting Policies

The summary of significant accounting policies presented below is designed to assist in understanding our condensed consolidated financial statements. Such condensed consolidated financial statements and the accompanying notes are the representations of our management, who are responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles in the U.S. (“GAAP”) in all material respects and have been consistently applied in preparing our accompanying condensed consolidated financial statements.

Basis of Presentation

Our accompanying condensed consolidated financial statements include our accounts and those of our subsidiaries and any consolidated variable interest entities (“VIEs”). All inter-company balances and transactions have been eliminated in the accompanying condensed consolidated financial statements.

Interim Unaudited Financial Data

Our accompanying condensed consolidated financial statements have been prepared by us in accordance with GAAP in conjunction with the rules and regulations of the SEC. Certain information and footnote disclosures required for annual financial statements have been condensed or excluded pursuant to SEC rules and regulations. Accordingly, our accompanying condensed consolidated financial statements do not include all information and footnotes required by GAAP for complete financial statements. Our accompanying condensed consolidated financial statements reflect all adjustments, which are, in our opinion, of a normal recurring nature and necessary for a fair presentation of our financial position, results of operations and cash flows for the interim periods. Interim results of operations are not necessarily indicative of the results to be expected for the full year; such results may be less favorable for the full year. Our accompanying condensed consolidated financial statements should be read in conjunction with our audited consolidated financial statements and the notes thereto included in our 2017 Annual Report on Form 10-K.

Table of Contents

HEALTHCARE TRUST OF AMERICA, INC. AND HEALTHCARE TRUST OF AMERICA HOLDINGS, LP
 NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

Principles of Consolidation

The condensed consolidated financial statements include the accounts of our subsidiaries and consolidated joint venture arrangements. The portions of the HTALP operating partnership not owned by us are presented as noncontrolling interests in our consolidated balance sheets and statements of operations, consolidated statements of comprehensive income or loss, consolidated statements of equity, and consolidated statements of changes in partners' capital. The portions of other joint venture arrangements not owned by us are presented as redeemable noncontrolling interests on the accompanying condensed consolidated balance sheets. In addition, as described in Note 1 - Organization and Description of Business, certain third parties have been issued OP Units in HTALP. Holders of OP Units are considered to be noncontrolling interest holders in HTALP and their ownership interests are reflected as equity on the accompanying condensed consolidated balance sheets. Further, a portion of the earnings and losses of HTALP are allocated to noncontrolling interest holders based on their respective ownership percentages. Upon conversion of OP Units to common stock, any difference between the fair value of the common stock issued and the carrying value of the OP Units converted to common stock is recorded as a component of equity. As of September 30, 2018 and December 31, 2017, there were approximately 3.9 million and 4.1 million, respectively, of OP Units issued and outstanding.

VIEs are entities where investors lack sufficient equity at risk for the entity to finance its activities without additional subordinated financial support or where equity investors, as a group, lack one of the following: (i) the power to direct the activities that most significantly impact the entity's economic performance; (ii) the obligation to absorb the expected losses of the entity; and (iii) the right to receive the expected returns of the entity. We consolidate our investment in VIEs when we determine that we are the primary beneficiary. A primary beneficiary is one that has both: (i) the power to direct the activities of the VIE that most significantly impacts the entity's economic performance; and (ii) the obligation to absorb losses or the right to receive benefits of the VIE that could be significant to the entity. The HTALP operating partnership and our other joint venture arrangements are VIEs because the limited partners in those partnerships, although entitled to vote on certain matters, do not possess kick-out rights or substantive participating rights. Additionally, we determined that we are the primary beneficiary of our VIEs. Accordingly, we consolidate our interests in the HTALP operating partnership and in our other joint venture arrangements. However, because we hold what is deemed a majority voting interest in the HTALP operating partnership and our other joint venture arrangements, it qualifies for the exemption from providing certain disclosure requirements associated with investments in VIEs. We will evaluate on an ongoing basis the need to consolidate entities based on the standards set forth in GAAP as described above.

Reclassification

In November 2016, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") 2016-18 Statement of Cash Flows: Restricted Cash. ASU 2016-18 requires that a statement of cash flows explain the change during the period in cash, cash equivalents and restricted cash and restricted cash equivalents. Therefore, restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning of period and end of period amounts shown on the accompanying condensed consolidated statements of cash flows. We adopted ASU 2016-18 in the fourth quarter of 2017, as set forth in our 2017 Annual Report on Form 10-K as of January 1, 2017, and as a result of the adoption, the guidance requires retrospective adoption for all periods presented. The following table represents the previously reported balances and the reclassified balances for the impacted items for the nine months ended September 30, 2017 in the accompanying condensed consolidated statements of cash flows (in thousands):

	Nine Months Ended
	September 30, 2017
	As
	Previously Reported
	As Reclassified

Cash flows from investing activities:

Edgar Filing: HEALTHCARE TRUST OF AMERICA, INC. - Form 10-Q

(1) Prior to adoption of ASU 2016-18, the line item description was “Restricted cash, escrow deposits and other assets”.

(2) With the adoption of ASU 2016-18, the line item description now includes restricted cash.

15

Table of ContentsHEALTHCARE TRUST OF AMERICA, INC. AND HEALTHCARE TRUST OF AMERICA HOLDINGS, LP
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)**Cash, Cash Equivalents and Restricted Cash**

Cash and cash equivalents consist of all highly liquid investments with a maturity of three months or less when purchased. Restricted cash is comprised of (i) reserve accounts for property taxes, insurance, capital improvements and tenant improvements; (ii) collateral accounts for debt and interest rate swaps; and (iii) deposits for future investments.

With our adoption of ASU 2016-18 in the fourth quarter of 2017, as set forth in our 2017 Annual Report on Form 10-K as of January 1, 2017, the following table provides a reconciliation of cash, cash equivalents and restricted cash reported within the accompanying condensed consolidated balance sheets to the combined amounts shown on the accompanying condensed consolidated statements of cash flows as of September 30, 2018 and 2017, respectively (in thousands):

	September 30,	
	2018	2017
Cash and cash equivalents	\$225,518	\$9,410
Restricted cash	14,639	17,469
Total cash, cash equivalents and restricted cash	\$240,157	\$26,879

Revenue Recognition

Minimum annual rental revenue is recognized on a straight-line basis over the term of the related lease (including rent holidays). Differences between rental income recognized and amounts contractually due under the lease agreements are recorded as straight-line rent receivables. Tenant reimbursement revenue, which is comprised of additional amounts recoverable from tenants for real estate taxes, common area maintenance and other certain operating expenses are recognized as revenue on a gross basis in the period in which the related recoverable expenses are incurred. We accrue revenue corresponding to these expenses on a quarterly basis to adjust recorded amounts to our best estimate of the final annual amounts to be billed. Subsequent to year-end, on a calendar year basis, we perform reconciliations on a lease-by-lease basis and bill or credit each tenant for any differences between the estimated expenses we billed and the actual expenses that were incurred. We recognize lease termination fees when there is a signed termination letter agreement, all of the conditions of the agreement have been met, and the tenant is no longer occupying the property. Rental income is reported net of amortization of inducements.

Effective January 1, 2018, with the adoption of Topic 606 and corresponding amendments, the revenue recognition process will be based on a five-step model to account for revenue arising from contracts with customers and supersedes most of the existing revenue recognition guidance. Topic 606 requires an entity to recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. We have identified all of our revenue streams and we have concluded that rental income from leasing arrangements represents a substantial portion of our revenue and, therefore, is specifically excluded from Topic 606 and will be governed and evaluated with the anticipated adoption of Topic 842. The other revenue stream identified as impacting Topic 606 is concentrated in the recognition of real estate sales and the adoption of Topic 606 did not have a material impact on our financial statements. For more detailed information on Topic 606 see “Recently Issued or Adopted Accounting Pronouncements” below.

Investments in Real Estate

Depreciation expense of buildings and improvements for the three months ended September 30, 2018 and 2017 was \$50.2 million and \$49.8 million, respectively. Depreciation expense of buildings and improvements for the nine months ended September 30, 2018 and 2017 was \$151.5 million and \$121.5 million, respectively.

Redeemable Noncontrolling Interests

We account for redeemable equity securities in accordance with ASU 2009-04 Liabilities (Topic 480): Accounting for Redeemable Equity Instruments, which requires that equity securities redeemable at the option of the holder be classified outside permanent stockholders’ equity. We classify redeemable equity securities as redeemable noncontrolling interests in the accompanying condensed consolidated balances sheets. We measure the redemption

value and record an adjustment to the carrying value of the equity securities as a component of redeemable noncontrolling interest. As of September 30, 2018 and December 31, 2017, we had redeemable noncontrolling interests of \$6.6 million and \$6.7 million, respectively. Refer to Note 10 - Redeemable Noncontrolling Interests in the accompanying notes to the condensed consolidated financial statements for more detail relating to our redeemable noncontrolling interests.

Table of ContentsHEALTHCARE TRUST OF AMERICA, INC. AND HEALTHCARE TRUST OF AMERICA HOLDINGS, LP
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

Unconsolidated Joint Ventures

We account for our investments in unconsolidated joint ventures using the equity method of accounting because we have the ability to exercise significant influence, but not control, over the financial and operational policy decisions of the investments. Using the equity method of accounting, the initial investment is recognized at cost and subsequently adjusted for our share of the net income or loss and any distributions from the joint venture. As of September 30, 2018, we had a 50% interest in one such investment with a carrying value and maximum exposure to risk of \$67.6 million, which is recorded in investment in unconsolidated joint venture in the accompanying condensed consolidated balance sheets. We record our share of net income (loss) in income (loss) from unconsolidated joint venture in the accompanying condensed consolidated statements of operations. For the three and nine months ended September 30, 2018, we recognized income of \$0.4 million and \$1.4 million, respectively. For the three and nine months ended September 30, 2017, we recognized income of \$0.3 million and \$0.4 million, respectively.

Recently Issued or Adopted Accounting Pronouncements

The following table provides a brief description of recently adopted accounting pronouncements:

Accounting Pronouncement	Description	Effective Date	Effect on financial statements
Topic 606; collectively, ASU 2014-09, 2015-14, ASU 2016-08, ASU 2016-10, ASU 2016-11, ASU 2016-12, ASU 2016-20, ASU 2017-05, ASU 2017-10, ASU 2017-13 and ASU 2017-14	In May 2014, the FASB issued Topic 606. The objective of Topic 606 is to establish a comprehensive new five-step model requiring a company to recognize revenue to depict the transfer of goods or services to customers in amounts that reflect the consideration (i.e., payment) to which the company expects to be entitled in exchange for those goods or services. Expanded quantitative and qualitative disclosures regarding revenue recognition will be required for contracts that are subject to Topic 606. Topic 606 does not apply to revenue from lease contracts until the adoption of the new leases standard in ASU 2016-02, in January 2019.	Topic 606 is effective for fiscal years beginning after December 15, 2017 along with the right of early adoption as of the original effective date.	We adopted Topic 606 effective January 1, 2018 to all open contracts using the modified retrospective approach. As part of the adoption, we identified all revenue streams and concluded that revenues from leasing arrangements represented substantially all of our revenue and is generally excluded from the scope of Topic 606. Rather, rental revenue, including any executory type costs, will be governed and evaluated with the adoption of Topic 842 as described below. In addition, under Topic 606, revenue recognition for real estate sales will be substantially based on a principles-based approach to determine whether there has been transfer of control versus continuing involvement under the current guidance. There have not been, nor do we anticipate, any reclassifications or material impacts on our consolidated financial statements as a result of this adoption.
Revenue from Contracts with Customers (Issued May 2014, August 2015, March 2016, April 2016, May 2016, December 2016, February 2017, May 2017, September 2017 and November 2017)	ASU 2017-05 applies to all nonfinancial assets (including real estate) for which the counterparty is not a customer and requires an entity to derecognize a nonfinancial asset in a partial sale transaction when it ceases to have a controlling financial interest in the asset and has transferred control of the asset. Once an entity transfers control of the nonfinancial asset, the entity is required to measure any noncontrolling interest it receives or		

retains at fair value. Under the current guidance, a partial sale is recognized and carryover basis is used for the retained interest resulting in only partial gain recognition by the entity, however, the new guidance eliminates the use of carryover basis and generally requires the full gain to be recognized.

In adopting Topic 606, companies may use either a full retrospective or a modified retrospective approach.

ASU 2017-09
Compensation -
Stock Compensation
(Topic 718):
Clarifying the Scope
of Modification
(Issued May 2017)

ASU 2017-09 amends the scope of modification accounting for share-based payment arrangements and provides guidance on the types of changes to the terms and conditions of share-based payment awards to which an entity would be required to apply modification accounting under ASC 718.

ASU 2017-09 is effective for fiscal years beginning after December 15, 2017 with early adoption permitted.

We adopted ASU 2017-09 as of January 1, 2018. There have not been, nor do we anticipate, any reclassifications or material impacts on our consolidated financial statements as a result of this adoption.

ASU 2017-12
Derivatives and
Hedging (Topic 815):
Targeted
Improvements to
Accounting for
Hedging Activities
(Issued August 2017)

ASU 2017-12 expands and refines hedge accounting for both financial (e.g., interest rate) and non-financial risk components, aligns the recognition and presentation of the effects of hedging instruments and hedge items in the financial statements, and includes certain targeted improvements to ease the application of current guidance related to the assessment of hedge effectiveness.

ASU 2017-12 is effective for fiscal years beginning after December 15, 2018 with early adoption permitted.

We adopted ASU 2017-12 as of January 1, 2018. Using the modified retrospective approach, the cumulative effect of the ineffectiveness for the year ended December 31, 2017 was immaterial; therefore, no adjustment was made to beginning retained earnings. Additionally, as a result of the adoption, we no longer disclose the ineffective portion of the change in fair value of our derivative financial instruments. The entire change in the fair value of the hedging instruments included in the assessment of hedge effectiveness will now be recorded in other comprehensive income and subsequently reclassified to interest expense in the period the hedging instrument affects earnings.

Table of ContentsHEALTHCARE TRUST OF AMERICA, INC. AND HEALTHCARE TRUST OF AMERICA HOLDINGS, LP
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

The following table provides a brief description of recently issued accounting pronouncements:

Accounting Pronouncement	Description	Effective Date	Effect on financial statements
Topic 842; collectively ASU 2016-02, 2018-01 and 2018-11 Leases (Issued February 2016, January 2018 and July 2018)	In February 2016, the FASB issued Topic 842. Topic 842 will supersede the existing guidance for lease accounting and states that companies will be required to recognize lease assets and lease liabilities on the balance sheet and disclose key information about leasing arrangements. Topic 842 requires qualitative and quantitative disclosures to supplement the amounts recorded in the financial statements so that users can understand the nature of the entity's leasing activities, including significant judgments and changes in judgments.	Topic 842 is effective for the fiscal years beginning after December 15, 2018 with early adoption permitted.	We will adopt the provisions of Topic 842 as of January 1, 2019. We anticipate that we will elect (a) the practical expedient offered that allows an entity to not reassess upon adoption (i) whether an expired or existing contract contains a lease arrangement, (ii) lease classification related to expired or existing lease arrangements, or (iii) whether costs incurred on expired or existing leases qualify as initial direct costs, and (b) as part of ASU 2018-11, the practical expedient to not separate certain non-lease components, such as common area maintenance from lease revenue if (i) the timing and pattern of revenue recognition are the same for the non-lease component, and (ii) the related lease component and the combined single lease component would be classified as an operating lease.
	ASU 2018-01 provides an optional transition practical expedient to not evaluate under Topic 842 existing or expired land easements that were not previously accounted for as leases under the current lease guidance in Topic 840. An entity that elects this practical expedient should evaluate new or modified land easements under Topic 842 beginning at the date the entity adopts Topic 842; otherwise, an entity should evaluate all existing or expired land easements in connection with the adoption of the new lease requirements in Topic 842 to assess whether they meet the definition of a lease.		As part of the adoption, all leases for which we are the lessee, including ground leases and certain other corporate leases, will be recorded in our consolidated financial statements as either financing or operating leases with corresponding right of use assets and lease liability obligations. Management has commenced the reevaluation of all leases where we are the lessee to determine (a) the total future lease payments, including an assessment of the availability and likelihood of our exercising extension options available to us under the terms of the respective leases, (b) an appropriate incremental borrowing rate in light of the extended term of our ground leases, and (c) an abstract of all applicable lease provisions that may cause the treatment of these leases to be classified differently under ASC 842 than what they are currently being classified as under current accounting guidance. We anticipate that our assessment will be concluded by December 31, 2018 and that we will have evaluated all leases sufficiently to provide a range of potential impact to our financial statements.
	Within Topic 842, lessor accounting remained fairly unchanged. In adopting Topic		Further, with respect to initial direct costs, we are currently assessing the projected impact to

842, companies will be required to either use a modified retrospective approach for leases that exist or are entered into after the beginning of the earliest comparative period in the financial statements or with the adoption of ASU 2018-11, an optional transition method whereby an entity initially applies the new lease standard at the adoption date and recognizes a cumulative effect adjustment to the opening balance of retained earnings in the period of adoption.

the accounting of such costs, including the impact of potential changes to our use of internal and external leasing and leasing-related personnel, potential changes in compensation structures to such individuals, and other considerations of related costs that could have an impact to our financial statements. For the nine months ended September 30, 2018, we have capitalized approximately \$3.7 million of internal initial direct costs (as defined by the current lease standard, ASC 840 - Leases). Utilizing a traditional third party leasing commission structure of 3% of gross lease value, total leasing commissions would have totaled over \$9 million during the nine months ended September 30, 2018.

Upon the adoption of Topic 842, these internal initial direct costs will either in part or in their entirety be classified as additional general and administrative expenses on our consolidated statements of operations, depending on the finalization of our assessment of the impact of such adoption. We estimate the range of these expenses to be approximately \$6 million to \$8 million and effecting Earnings Per Share by approximately \$0.03 to \$0.04 per share on an annualized basis. In addition, operating expenses and income for real estate taxes and insurance will likely increase by offsetting amounts. This however will not have a material impact on our consolidated financial statements.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

Accounting Pronouncement	Description	Effective Date	Effect on financial statements
ASU 2016-13 Financial Instruments Credit Losses: Measurement of Credit Losses on Financial Instruments (Issued June 2016)	ASU 2016-13 is intended to improve financial reporting by requiring more timely recognition of credit losses on loans and other financial instruments that are not accounted for at fair value through net income, including loans held for investment, held-to-maturity debt securities, trade and other receivables, net investment in leases and other such commitments. ASU 2016-13 requires that financial statement assets measured at an amortized cost be presented at the net amount expected to be collected through an allowance for credit losses that is deducted from the amortized cost basis.	ASU 2016-13 is effective for fiscal years beginning after December 15, 2019 with early adoption permitted.	We do not anticipate early adoption or there to be a material impact to our consolidated financial statements based on our ongoing evaluation.
ASU 2018-07 Compensation - Stock Compensation (Topic 718): Improvements to Nonemployee Share-Based Payment Accounting (Issued June 2018)	ASU 2018-07 expands the scope of Topic 718 and the amendments specify that Topic 718 applies to all share-based payment transactions in which a grantor acquires goods or services to be used or consumed in a grantor's own operations by issuing share-based payment awards. The amendments also clarify that Topic 718 does not apply to share-based payments used to effectively provide (i) financing to the issuer or (ii) awards granted in conjunction with selling goods or services to customers as part of a contract accounted for under Topic 606.	ASU 2018-07 is effective for fiscal years beginning after December 15, 2018 with early adoption permitted, but not earlier than an entity's adoption date of Topic 606.	We will adopt ASU 2018-07 as of January 1, 2019. We do not expect there to be a material impact to our consolidated financial statements and related notes.
ASU 2018-13 Fair Value Measurement (Topic 820): Changes to the Disclosure Requirements for Fair Value Measurement (Issued August 2018)	ASU 2018-13 modifies the disclosure requirements on fair value measurements in Topic 820 as follows: (A) Disclosure removals: (i) the amount of and reasons for transfers between Level 1 and Level 2; (ii) the policy for timing of transfers between levels; and (iii) the valuation process for Level 3 fair value measurements. (B) Disclosure modifications: (i) no requirement to disclose the timing of liquidation unless the investee has communicated the timing to the reporting entity or announced the timing publicly; and (ii) for Level 3 fair value measurements, a narrative description of measurement uncertainty at the reporting date, not the sensitivity to future changes. (C) Disclosure additions: (i) for recurring Level 3 measurements, disclose the changes in unrealized gains and losses for the period included in OCI and the statement of comprehensive income; and (ii) for Level 3 fair value measurements in the table of significant input, disclose the range and weighted average of the significant unobservable inputs and the way it is calculated.	ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 with early adoption permitted.	We will adopt ASU 2018-07 as of January 1, 2020. We will consider all level inputs in our ongoing evaluation but do not anticipate there to be a material impact to our consolidated financial statements.

3. Investments in Real Estate

For the nine months ended September 30, 2018, our investments had an aggregate purchase price of \$17.8 million. As part of these investments, we incurred approximately \$0.1 million of capitalized costs. The allocations for these investments, in which we own a controlling financial interest, are set forth below in the aggregate for the nine months ended September 30, 2018 and 2017, respectively (in thousands):

	Nine Months Ended September 30,	
	2018	2017
Land	\$1,895	\$93,064
Building and improvements	14,458	2,336,544
In place leases	1,237	187,890
Below market leases	(201)	(27,817)
Above market leases	—	11,718
Below market leasehold interests	—	54,252
Above market leasehold interests	—	(8,978)
Net assets acquired	17,389	2,646,673
Other, net ⁽¹⁾	447	60,781
Aggregate purchase price	\$17,836	\$2,707,454

(1) For the nine months ended September 30, 2017, other, net, consisted primarily of capital expenditures and tenant improvements received as credits at the time of acquisition.

The acquired intangible assets and liabilities referenced above had weighted average lives of the following terms for the nine months ended September 30, 2018 and 2017, respectively (in years):

	Nine Months Ended September 30,	
	2018	2017
Acquired intangible assets	5.8	20.6
Acquired intangible liabilities	6.5	19.9

4. Dispositions and Impairment

Dispositions

During the nine months ended September 30, 2018, we completed the disposition of 17 MOB's totaling approximately 965,000 square feet of gross leasable area ("GLA") located in Greenville, South Carolina (the "Greenville Disposition") for an aggregate gross sales price of \$294.3 million in two transactions, including the sale of a single MOB which we classified as held for sale as of June 30, 2018. Additionally, we completed the disposition of two MOB's located in Derry, New Hampshire and North Adams, Massachusetts for an aggregate gross sales price of \$11.6 million, totaling approximately 120,000 square feet of GLA. During the nine months ended September 30, 2017, we completed the disposition of an MOB located in Texas for a gross sales price of \$5.0 million totaling approximately 48,000 square feet of GLA.

Impairment

During the three and nine months ended September 30, 2018, we recorded impairment charges of \$4.3 million and \$8.9 million, respectively, on six MOB's located in Tennessee, Texas and South Carolina. During the nine months ended September 30, 2017, we recorded impairment charges of \$5.1 million related to one MOB located in

Massachusetts.

Unsecured Credit Agreement

Unsecured Revolving Credit Facility due 2022

In 2017, HTALP entered into an amended and restated \$1.3 billion unsecured credit agreement (the “Unsecured Credit Agreement”) which increased the amount available under the unsecured revolving credit facility to \$1.0 billion and extended the maturities of the unsecured revolving credit facility to June 30, 2022 and for the \$300.0 million unsecured term loan referenced below until February 1, 2023. The maximum principal amount of the Unsecured Credit Agreement may be increased by up to \$750.0 million, subject to certain conditions, for a total principal amount of \$2.05 billion.

Borrowings under the unsecured revolving credit facility accrue interest at a rate equal to adjusted LIBOR, plus a margin ranging from 0.83% to 1.55% per annum based on our credit rating. We also pay a facility fee ranging from 0.13% to 0.30% per annum on the aggregate commitments under the unsecured revolving credit facility. As of September 30, 2018, the margin associated with our borrowings was 1.00% per annum and the facility fee was 0.20% per annum.

Unsecured Term Loan due 2023

In 2017, we entered into an amended and restated Unsecured Credit Agreement as noted above. As part of this agreement, we obtained a \$300.0 million unsecured term loan that was guaranteed by us with a maturity date of February 1, 2023. Borrowings under this unsecured term loan accrue interest equal to adjusted LIBOR, plus a margin ranging from 0.90% to 1.75% per annum based on our credit rating. The margin associated with our borrowings as of September 30, 2018 was 1.10% per annum. Including the impact of the interest rate swaps associated with our unsecured term loan, the interest rate was 3.46% per annum, based on our current credit rating. As of September 30, 2018, HTALP had \$300.0 million under this unsecured term loan outstanding.

\$200.0 Million Unsecured Term Loan due 2024

On August 1, 2018, HTALP entered into a modification of our \$200.0 million unsecured term loan previously due in 2023. The modification decreased pricing at our current credit rating by 65 basis points. Borrowings under the unsecured term loan accrue interest at a rate equal to LIBOR, plus a margin ranging from 0.75% to 1.65% per annum based on our credit rating. The margin associated with our borrowings as of September 30, 2018 was 1.00% per

annum. HTALP had interest rate swaps on a portion of the balance, which resulted in a fixed interest rate at 2.70% per annum. The maturity date was also extended by five months to January 2024. The other material terms of the unsecured term loan prior to the modification remained substantially unchanged. As of September 30, 2018, HTALP had \$200.0 million under this unsecured term loan outstanding.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

\$300.0 Million Unsecured Senior Notes due 2021

As of September 30, 2018, HTALP had \$300.0 million of unsecured senior notes outstanding that are guaranteed by us. These unsecured senior notes are registered under the Securities Act of 1933, as amended (the “Securities Act”), bear interest at 3.38% per annum and are payable semi-annually. Additionally, these unsecured senior notes were offered at 99.21% of the principal amount thereof, with an effective yield to maturity of 3.50% per annum. As of September 30, 2018, HTALP had \$300.0 million of these unsecured senior notes outstanding that mature on July 15, 2021.

\$400.0 Million Unsecured Senior Notes due 2022

In 2017, in connection with the \$500.0 million unsecured senior notes due 2027 referenced below, HTALP issued \$400.0 million of unsecured senior notes that are guaranteed by us. These unsecured senior notes are registered under the Securities Act, bear interest at 2.95% per annum and are payable semi-annually. Additionally, these unsecured senior notes were offered at 99.94% of the principal amount thereof, with an effective yield to maturity of 2.96% per annum. As of September 30, 2018, HTALP had \$400.0 million of these unsecured senior notes outstanding that mature on July 1, 2022.

\$300.0 Million Unsecured Senior Notes due 2023

As of September 30, 2018, HTALP had \$300.0 million of unsecured senior notes outstanding that are guaranteed by us. These unsecured senior notes are registered under the Securities Act, bear interest at 3.70% per annum and are payable semi-annually. Additionally, these unsecured senior notes were offered at 99.19% of the principal amount thereof, with an effective yield to maturity of 3.80% per annum. As of September 30, 2018, HTALP had \$300.0 million of these unsecured senior notes outstanding that mature on April 15, 2023.

\$350.0 Million Unsecured Senior Notes due 2026

As of September 30, 2018, HTALP had \$350.0 million of unsecured senior notes outstanding that are guaranteed by us. These unsecured senior notes are registered under the Securities Act, bear interest at 3.50% per annum and are payable semi-annually. Additionally, these unsecured senior notes were offered at 99.72% of the principal amount thereof, with an effective yield to maturity of 3.53% per annum. As of September 30, 2018, HTALP had \$350.0 million of these unsecured senior notes outstanding that mature on August 1, 2026.

\$500.0 Million Unsecured Senior Notes due 2027

In 2017, in connection with the \$400.0 million unsecured senior notes due 2022 referenced above, HTALP issued \$500.0 million of unsecured senior notes that are guaranteed by us. These unsecured senior notes are registered under the Securities Act, bear interest at 3.75% per annum and are payable semi-annually. Additionally, these unsecured senior notes were offered at 99.49% of the principal amount thereof, with an effective yield to maturity of 3.81% per annum. As of September 30, 2018, HTALP had \$500.0 million of these unsecured senior notes outstanding that mature on July 1, 2027.

Fixed and Variable Rate Mortgages

In 2017, we were required by the seller under the Duke acquisition to execute a promissory note (the “Promissory Note”), as the borrower, for a part of the purchase price, a senior secured first lien loan, subject to customary non-recourse carve-outs, in the amount of \$286.0 million. The Promissory Note bears interest at 4.0% per annum and is payable in three equal payments maturing on January 10, 2020 and is guaranteed by us. In June 2018, the first principal installment of \$96.0 million was paid and as of September 30, 2018, the outstanding balance was \$190.0 million.

In August 2018, we prepaid approximately \$72.6 million of our fixed and variable rate mortgages, including the settlement of three cash flow hedges, utilizing net proceeds from the Greenville Disposition to do so, resulting in a loss on extinguishment of debt of \$1.1 million, primarily due to prepayment fees we incurred. See Note 4 - Impairment and Dispositions for more detail on the Greenville Disposition. As of September 30, 2018, HTALP and its subsidiaries had only fixed rate mortgages with interest rates ranging from 2.85% to 5.50% per annum and a weighted average interest rate of 4.32% per annum.

Subsequent to September 30, 2018, we prepaid approximately \$67.2 million of our fixed rate mortgages. We did not incur any prepayment fees related to this transaction.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

Future Debt Maturities

The following table summarizes the debt maturities and scheduled principal repayments of our indebtedness as of September 30, 2018 (in thousands):

Year	Amount
2018	\$ 1,086
2019	99,453
2020	99,641
2021	304,840
2022	462,089
Thereafter	1,662,121
Total	\$ 2,629,230

Deferred Financing Costs

As of September 30, 2018, the future amortization of our deferred financing costs is as follows (in thousands):

Year	Amount
2018	\$ 764
2019	2,956
2020	2,894
2021	2,721
2022	2,098
Thereafter	3,015
Total	\$ 14,448

Debt Covenants

We are required by the terms of our applicable loan agreements to meet various affirmative and negative covenants that we believe are customary for these types of facilities, such as limitations on the incurrence of debt by us and our subsidiaries that own unencumbered assets, limitations on the nature of HTALP's business, and limitations on distributions by HTALP and its subsidiaries that own unencumbered assets. Our loan agreements also impose various financial covenants on us, such as a maximum ratio of total indebtedness to total asset value, a minimum ratio of EBITDA to fixed charges, a minimum tangible net worth covenant, a maximum ratio of unsecured indebtedness to unencumbered asset value, rent coverage ratios and a minimum ratio of unencumbered Net Operating Income ("NOI") to unsecured interest expense. As of September 30, 2018, we believe that we were in compliance with all such financial covenants and reporting requirements. In addition, certain of our loan agreements include events of default provisions that we believe are customary for these types of facilities, including restricting us from making dividend distributions to our stockholders in the event we are in default thereunder, except to the extent necessary for us to maintain our REIT status.

8. Derivative Financial Instruments and Hedging Activities

Risk Management Objective of Using Derivative Financial Instruments

We may use derivative financial instruments, including interest rate swaps, caps, options, floors and other interest rate derivative contracts, to hedge all or a portion of the interest rate risk associated with our borrowings. The principal objective of such arrangements is to minimize the risks and/or costs associated with our operating and financial structure as well as to hedge specific anticipated transactions. We do not intend to utilize derivatives for speculative or other purposes other than interest rate risk management. The use of derivative financial instruments carries certain risks, including the risk that the counterparties to these contractual arrangements are not able to perform under the agreements. To mitigate this risk, we only enter into derivative financial instruments with counterparties with high credit ratings and with major financial institutions with which we and our affiliates may also have other financial relationships. We do not anticipate that any of the counterparties will fail to meet their obligations. We record counterparty credit risk valuation adjustments on interest rate swap derivative assets in order to properly reflect the credit quality of the counterparty. In addition, our fair value of interest rate swap derivative liabilities is adjusted to

reflect the impact of our credit quality.

24

Table of ContentsHEALTHCARE TRUST OF AMERICA, INC. AND HEALTHCARE TRUST OF AMERICA HOLDINGS, LP
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)**Cash Flow Hedges of Interest Rate Risk**

Our objectives in using interest rate derivatives are to add stability to interest expense and to manage our exposure to interest rate movements. To accomplish this objective, we primarily use interest rate swaps and treasury locks as part of our interest rate risk management strategy. Interest rate swaps designated as cash flow hedges involve the receipt of variable rate amounts from a counterparty in exchange for us making fixed rate payments over the life of the agreements without exchange of the underlying notional amount. A treasury lock is a synthetic forward sale of a U.S. treasury note, which is settled in cash based upon the difference between an agreed upon treasury rate and the prevailing treasury rate at settlement. Such treasury locks are entered into to effectively fix the treasury component of an upcoming debt issuance.

As a result of our adoption of ASU 2017-12 as of January 1, 2018, the entire change in the fair value of derivatives designated and qualify as cash flow hedges are recorded in accumulated other comprehensive income (loss) in the accompanying condensed consolidated balance sheets and are subsequently reclassified into earnings in the period in which the hedged forecasted transaction affects earnings. During the nine months ended September 30, 2018, such derivatives were used to hedge the variable cash flows associated with variable rate debt. Additionally, as a result of the foregoing adoption of ASU 2017-12, we no longer disclose the ineffective portion of the change in fair value of our derivatives financial instruments designated as hedges.

Amounts reported in accumulated other comprehensive income (loss) in the accompanying condensed consolidated balance sheets related to derivatives will be reclassified to interest expense as interest payments are made on our variable rate debt. During the next twelve months, we estimate that an additional \$1.2 million will be reclassified from other comprehensive income (loss) in the accompanying condensed consolidated balance sheets as an increase to interest related to derivative financial instruments in the accompanying condensed consolidated statements of operations.

In August 2018, we settled three of our five cash flow hedges utilizing net proceeds from the Greenville Disposition to do so. See Note 4 - Impairment and Dispositions in the accompanying notes to the condensed consolidated financial statements for more detail on the Greenville Disposition. As of September 30, 2018, we had the following outstanding interest rate derivatives that were designated as cash flow hedges of interest rate risk (in thousands, except number of instruments):

Cash Flow Hedges	September 30, 2018
Number of instruments	2
Notional amount	\$ 155,000

The table below presents the fair value of our derivative financial instruments designated as a hedge as well as our classification in the accompanying condensed consolidated balance sheets as of September 30, 2018 and December 31, 2017, respectively (in thousands).

	Asset Derivatives		Liability Derivatives		Fair Value at: September 30, 2018
	Balance Sheet Location	Fair Value at: September 30, 2018	December 31, 2017	Balance Sheet Location	
Derivatives Designated as Hedging Instruments:					Fair Value at: September 30, 2018
Interest rate swaps	Receivables and other assets	\$ 1,588	\$ 1,529	Derivative financial instruments	\$ –\$ 1,089

Table of ContentsHEALTHCARE TRUST OF AMERICA, INC. AND HEALTHCARE TRUST OF AMERICA HOLDINGS, LP
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

The table below presents the gain or loss recognized on our derivative financial instruments designated as hedges as well as our classification in the accompanying condensed consolidated statements of operations for the three and nine months ended September 30, 2018 and 2017, respectively (in thousands). As a result of the foregoing adoption of ASU 2017-12, we no longer disclose the ineffective portion of the change in fair value of our derivative financial instruments designated as hedges.

	Gain (Loss) Recognized in OCI on Derivative			Gain (Loss) Reclassified from Accumulated OCI into Income ⁽¹⁾
	Three Months Ended September 30,			Three Months Ended September 30,
Derivatives Cash Flow Hedging Relationships:	2018	2017	Statement of Operations Location	2018 2017
Interest rate swaps	\$ 96	\$ 9	Interest related to derivative financial instruments	\$223 \$(196)
	Gain (Loss) Recognized in OCI on Derivative			Gain (Loss) Reclassified from Accumulated OCI into Income ⁽¹⁾
	Nine Months Ended September 30,			Nine Months Ended September 30,
Derivatives Cash Flow Hedging Relationships:	2018	2017	Statement of Operations Location	2018 2017
Interest rate swaps	\$1,437	\$(1,196)	Interest related to derivative financial instruments	\$450 \$(565)

(1) For the three and nine months ended September 30, 2018, due to the settlement of three cash flow hedges that was a result of the prepayment of its associated debt, a forecasted amount of gain reclassified from accumulated OCI to income in the amount of approximately \$0.6 million will not occur. This reclassification was reported in loss on extinguishment of debt on the accompanying condensed consolidated statements of operations.

Non-Designated Hedges

Derivatives not designated as hedges are not speculative and are used to manage our exposure to interest rate movements and other identified risks, but do not meet the strict hedge accounting requirements of ASC 815 - Derivatives and Hedging. Changes in the fair value of derivatives not designated in hedging relationships are recorded directly in earnings. Changes in the fair value of derivatives not designated in hedging relationships are recorded directly to gain or loss on change in fair value of derivative financial instruments in the accompanying condensed consolidated statements of operations. For the nine months ended September 30, 2017, we recorded a gain on change in fair value of derivative financial instruments of \$0.9 million. There were no non-designated hedges during the three

months ended September 30, 2017 and the three and nine months ended September 30, 2018.

Tabular Disclosure of Offsetting Derivatives

The table below sets forth the net effects of offsetting and net presentation of our derivatives as of September 30, 2018 and December 31, 2017, respectively (in thousands). The net amounts of derivative assets or liabilities can be reconciled to the tabular disclosure of fair value. The tabular disclosure of fair value provides the location that derivative assets or liabilities are presented in the consolidated balance sheets.

Offsetting of Derivative Assets

Credit Risk Related Contingent Features

We have agreements with each of our derivative counterparties that contain a provision that if we default on any of our indebtedness, including a default where repayment of the indebtedness has not been accelerated by the lender, then we could also be declared in default on our derivative obligations.

We also have agreements with each of our derivative counterparties that incorporate provisions from our indebtedness with a lender affiliate of the derivative counterparty requiring it to maintain certain minimum financial covenant ratios on our indebtedness. Failure to comply with the covenant provisions would result in us being in default on any derivative instrument obligations covered by these agreements.

As of September 30, 2018, due to the settlement of three of our cash flow hedges, there is no fair value of derivatives in a net liability position. As of September 30, 2018, we have not posted any collateral related to these agreements and we were not in breach of any of the provisions of these agreements. As such, there is no termination value as of September 30, 2018. If we had breached any of the provisions of these agreements, we could have been required to settle our obligations under these agreements.

9. Commitments and Contingencies

Litigation

We engage in litigation from time to time with various parties as a routine part of our business, including tenant defaults. However, we are not presently subject to any material litigation nor, to our knowledge, is any material litigation threatened against us, which if determined unfavorably to us, would have a material effect on our condensed consolidated financial position, results of operations or cash flows.

Environmental Matters

We follow the policy of monitoring our properties for the presence of hazardous or toxic substances. While there can be no assurance that a material environmental liability does not exist at our properties, we are not currently aware of any environmental liability with respect to our properties that would have a material effect on our condensed consolidated financial position, results of operations or cash flows. Further, we are not aware of any material environmental liability or any unasserted claim or assessment with respect to an environmental liability at our properties that we believe would require additional disclosure or the recording of a loss contingency.

Other

Our other commitments and contingencies include the usual obligations of real estate owners and operators in the normal course of business. In our opinion, these matters are not expected to have a material effect on our condensed consolidated financial position, results of operations or cash flows.

10. Redeemable Noncontrolling Interests

Redeemable noncontrolling interests in the accompanying condensed consolidated balance sheets represent the noncontrolling interest in one joint venture in which we own the majority interest. As of September 30, 2018, approximately 14.3% of the earnings of the joint venture are allocated to redeemable noncontrolling interests. The following is summary of the activity of our redeemable noncontrolling interests as of September 30, 2018 and December 31, 2017, respectively (in thousands):

	September 30, December 31,	
	2018	2017
Beginning balance	\$ 6,737	\$ 4,653
Net income attributable to noncontrolling interests	65	123
Distributions	(192)	(53)
Fair value adjustment	—	2,014
Ending balance	\$ 6,610	\$ 6,737

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

11. Stockholders' Equity and Partners' Capital

HTALP's operating partnership agreement provides that it will distribute cash flow from operations and net sale proceeds to its partners in accordance with their overall ownership interests at such times and in such amounts as the general partner determines. Dividend distributions are made such that a holder of one OP Unit in HTALP will receive distributions from HTALP in an amount equal to the dividend distributions paid to the holder of one share of our common stock. In addition, for each share of common stock issued or redeemed by us, HTALP issues or redeems a corresponding number of OP Units.

Common Stock Offerings

In June 2018, we settled a forward sale arrangement pursuant to a forward equity agreement that we entered into in October 2017, which included the sale of approximately 2.6 million shares of our common stock for net proceeds of approximately \$73.8 million, adjusted for costs to borrow equating to a net price to us of \$28.94 per share of common stock. Refer to Note 13 - Per Share Data of HTA in the accompanying notes to the condensed consolidated financial statements for a more detailed discussion related to our forward equity agreement.

Stock Repurchase Plan

In August 2018, our Board of Directors approved a stock repurchase plan authorizing us to purchase up to \$300.0 million of our common stock from time to time prior to the expiration thereof on June 7, 2020. During the nine months ended September 30, 2018, we repurchased 628,002 shares of our common stock, at an average price of \$26.25 per share, for an aggregate amount of approximately \$16.5 million, pursuant to this stock repurchase plan. As of September 30, 2018, the remaining amount of common stock available for repurchase under the stock repurchase plan was approximately \$283.5 million. Subsequent to September 30, 2018, we repurchased 289,519 shares of our common stock at an average price of \$25.69 per share, for an aggregate amount of approximately \$7.4 million under this stock repurchase plan.

Common Stock Dividends

See our accompanying condensed consolidated statements of operations for the dividends declared during the three and nine months ended September 30, 2018 and 2017. On October 25, 2018, our Board of Directors announced a quarterly dividend of \$0.310 per share of common stock and per OP unit to be paid on January 9, 2019 to stockholders of record of our common stock and holders of our OP Units on January 2, 2019.

Incentive Plan

Our Incentive Plan permits the grant of incentive awards to our employees, officers, non-employee directors and consultants as selected by our Board of Directors. The Plan authorizes us to grant awards in any of the following forms: options; stock appreciation rights; restricted stock; restricted or deferred stock units; performance awards; dividend equivalents; other stock-based awards, including units in HTALP; and cash-based awards. Subject to adjustment as provided in the Plan, the aggregate number of awards reserved and available for issuance under the Plan is 5,000,000 shares. As of September 30, 2018, there were 1,370,792 awards available for grant under the Plan.

Restricted Common Stock

For the three and nine months ended September 30, 2018, we recognized compensation expense of \$2.1 million and \$7.8 million, respectively. For the three and nine months ended September 30, 2017, we recognized compensation expense of \$1.7 million and \$5.5 million, respectively. Substantially all compensation expense was recorded in general and administrative expenses in the accompanying condensed consolidated statements of operations.

As of September 30, 2018, we had \$8.8 million of unrecognized compensation expense, net of estimated forfeitures, which we will recognize over a remaining weighted average period of 1.5 years.

The following is a summary of our restricted common stock activity as of September 30, 2018 and 2017, respectively:

	September 30, 2018		September 30, 2017	
	Restricted	Weighted	Restricted	Weighted

12. Fair Value of Financial Instruments

Financial Instruments Reported at Fair Value - Recurring

The table below presents our assets and liabilities measured at fair value on a recurring basis as of September 30, 2018, aggregated by the applicable level in the fair value hierarchy (in thousands):

	Level 1	Level 2	Level 3	Total
Assets:				
Derivative financial instruments	\$	—\$1,588	\$	—\$1,588
Liabilities:				
Derivative financial instruments	\$	—\$—	\$	—\$—

The table below presents our assets and liabilities measured at fair value on a recurring basis as of December 31, 2017, aggregated by the applicable level in the fair value hierarchy (in thousands):

	Level 1	Level 2	Level 3	Total
Assets:				
Derivative financial instruments	\$	—\$1,529	\$	—\$1,529
Liabilities:				
Derivative financial instruments	\$	—\$1,089	\$	—\$1,089

Financial Instruments Reported at Fair Value - Non-Recurring

The table below presents our assets measured at fair value on a non-recurring basis as of September 30, 2018, aggregated by the applicable level in the fair value hierarchy (in thousands):

	Level 1	Level 2	Level 3	Total
Assets:				
MOB ⁽¹⁾	\$	—\$10,110	\$	—\$10,110

(1) During the nine months ended September 30, 2018, we recognized \$8.9 million of impairment charges to the carrying value of six MOBs, one of which had been sold as of September 30, 2018 and one subsequent to September 30, 2018. The estimated fair value as of September 30, 2018 for the remaining four MOBs was based on the purchase price set forth in executed letters of intent for the purchase thereof and a pending, executed sales agreement.

The table below presents our assets measured at fair value on a non-recurring basis as of December 31, 2017, aggregated by the applicable level in the fair value hierarchy (in thousands):

	Level 1	Level 2	Level 3	Total
Assets:				
MOB ⁽¹⁾	\$	—\$10,271	\$	—\$10,271

(1) During the year ended December 31, 2017, we recognized \$13.9 million of impairment charges to the carrying value of two MOB's and a portfolio of MOB's. The estimated fair value as of December 31, 2017 for these MOB's was based upon a pending, executed sales agreement and real estate market comparables.

There have been no transfers of assets or liabilities between levels. We will record any such transfers at the end of the reporting period in which a change of event occurs that results in a transfer. Although we have determined that the majority of the inputs used to value our interest rate swap derivatives fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with these instruments utilize Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by us and our counterparties. However, we have assessed the significance of the impact of the credit valuation adjustments on the overall valuation of our interest rate swap derivative positions and have determined that the credit valuation adjustments are not significant to their overall valuation. As a result, we have determined that our interest rate swap derivative valuations in their entirety are classified in Level 2 of the fair value hierarchy.

29

Table of Contents

HEALTHCARE TRUST OF AMERICA, INC. AND HEALTHCARE TRUST OF AMERICA HOLDINGS, LP
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

Financial Instruments Disclosed at Fair Value

We consider the carrying values of cash and cash equivalents, tenant and other receivables, restricted cash and accounts payable, and accrued liabilities, to approximate fair value for these financial instruments because of the short period of time between origination of the instruments and their expected realization. All of these financial instruments are measured using Level 2.

The fair value of debt is estimated using borrowing rates available to us with similar terms and maturities, which is considered a Level 2 input. As of September 30, 2018, the fair value of the debt was \$2,550.0 million compared to the carrying value of \$2,609.7 million. As of December 31, 2017, the fair value of the debt was \$2,826.3 million compared to the carrying value of \$2,781.0 million.

13. Per Share Data of HTA

In October 2017, we entered a forward sale arrangement pursuant to a forward equity agreement to sell approximately 2.6 million shares of our common stock through our at-the-market program (the “ATM”). In June 2018, we settled our forward sale arrangement for proceeds of approximately \$73.8 million, adjusted for costs to borrow equating to a net price to us of \$28.94 per share of common stock. To account for the forward equity agreement, we considered the accounting guidance governing financial instruments and derivatives and concluded that our forward equity agreement was not a liability as it did not embody obligations to repurchase our shares of common stock nor did it embody obligations to issue a variable number of shares for which the monetary value was predominately fixed, varying with something other than the fair value of the shares, or varying inversely in relation to our shares. We also evaluated whether the agreement met the derivatives and hedging guidance scope exception to be accounted for as an equity instrument and concluded that the agreement can be classified as an equity contract based on the following assessment: (i) the agreement did not exercise contingencies were based on observable markets or indices besides those related to the market for our own stock price and operations; and (ii) none of the settlement provisions precluded the agreement from being indexed to our own common stock.

In addition, we considered the potential dilution resulting from the forward equity agreement on our earnings per common share calculations. We used the treasury method to determine the dilution resulting from the forward equity agreement during the period of time prior to settlement. The number of weighted-average shares outstanding diluted used in the computation of earnings per common share for the nine months ended September 30, 2018, included the effect from the assumed issuance of 2.6 million shares of our common stock pursuant to the settlement of the forward equity agreement at the contractual price, less the assumed repurchase of our common stock at the average market price using the proceeds of approximately \$73.8 million, adjusted for costs to borrow. For the nine months ended September 30, 2018, approximately 330,000 weighted-average incremental shares of our common stock were excluded from the computation of our weighted-average shares-diluted, as their impact was anti-dilutive.

We include unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents as “participating securities” pursuant to the two-class method. The resulting classes are our common stock and restricted stock. Our forward equity agreement is not considered a participating security and, therefore, is not included in the computation of earnings per share using the two-class method. For the three and nine months ended September 30, 2018 and 2017, all of our earnings were distributed and the calculated earnings per share amount would be the same for all classes.

Table of ContentsHEALTHCARE TRUST OF AMERICA, INC. AND HEALTHCARE TRUST OF AMERICA HOLDINGS, LP
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS – (Continued)

The following is the reconciliation of the numerator and denominator used in basic and diluted earnings per share of HTA for the three and nine months ended September 30, 2018 and 2017, respectively (in thousands, except per share data):

Forward-Looking Statements

Certain statements contained in this Quarterly Report constitute forward-looking statements within the meaning of the safe harbor from civil liability provided for such statements by the Private Securities Litigation Reform Act of 1995 (set forth in Section 27A of the Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended ("Exchange Act")). Such statements include, in particular, statements about our plans, strategies, prospects and estimates regarding future MOB market performance. Additionally, such statements are subject to certain risks and uncertainties, as well as known and unknown risks, which could cause actual results to differ materially and in adverse ways from those projected or anticipated. Therefore, such statements are not intended to be a guarantee of our performance in future periods. Forward-looking statements are generally identifiable by the use of such terms as "expect," "project," "may," "should," "could," "would," "intend," "plan," "anticipate," "estimate," "believe," "continue," "opportunity," "potential," "pro forma" or the negative of such terms and other comparable terminology. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date this Quarterly Report is filed with the SEC. We cannot guarantee the accuracy of any such forward-looking statements contained in this Quarterly Report, and we do not intend to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise, except as required by law.

Any such forward-looking statements reflect our current views about future events, are subject to unknown risks, uncertainties, and other factors, and are based on a number of assumptions involving judgments with respect to, among other things, future economic, competitive and market conditions, all of which are difficult or impossible to predict accurately. To the extent that our assumptions differ from actual results, our ability to meet such forward-looking statements, including our ability to generate positive cash flow from operations, provide dividends to stockholders and maintain the value of our real estate properties, may be significantly hindered. Factors that might impair our ability to meet such forward-looking statements include, without limitation, those discussed in Part I, Item 1A - Risk Factors in our 2017 Annual Report on Form 10-K, which is incorporated herein.

Table of Contents

Forward-looking statements express expectations of future events. All forward-looking statements are inherently uncertain as they are based on various expectations and assumptions concerning future events and they are subject to numerous known and unknown risks and uncertainties that could cause actual events or results to differ materially from those projected. Due to these inherent uncertainties, our stockholders are urged not to place undue reliance on forward-looking statements. Forward-looking statements speak only as of the date made. In addition, we undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to projections over time, except as required by law.

These risks and uncertainties should be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements. Additional information concerning us and our business, including additional factors that could materially affect our financial results, is included herein and in our other filings with the SEC.

Executive Summary

We are the largest publicly-traded REIT focused on MOBs in the U.S. as measured by the GLA of our MOBs. We conduct substantially all of our operations through HTALP. We invest in MOBs that we believe will serve the future of healthcare delivery and MOBs that are primarily located on health system campuses, near university medical centers, or in core community outpatient locations. We also focus on our key markets that have certain demographic and macro-economic trends and where we can utilize our institutional full-service property management, leasing and development services platform to generate strong tenant and health system relationships and operating cost efficiencies. Our primary objective is to maximize stockholder value with disciplined growth through strategic investments that provide an attractive risk-adjusted return for our stockholders by consistently increasing our cash flow. In pursuing this objective, we: (i) seek internal growth through proactive asset management, leasing, building services and property management oversight; (ii) target accretive acquisitions and developments of MOBs in markets with attractive demographics that complement our existing portfolio; and (iii) actively manage our balance sheet to maintain flexibility with conservative leverage. Additionally, from time to time we consider, on an opportunistic basis, significant portfolio acquisitions that we believe fit our core business and could enhance our existing portfolio. Since 2006, we have invested \$6.8 billion to create a portfolio of MOBs, development projects and other healthcare assets consisting of approximately 23.2 million square feet of GLA throughout the U.S. Approximately 68% of our portfolio was located on the campuses of, or adjacent to, nationally and regionally recognized healthcare systems. Our portfolio is diversified geographically across 32 states, with no state having more than 20% of our total GLA as of September 30, 2018. We are concentrated in 20 to 25 key markets that are experiencing higher economic and demographic trends than other markets, on average, that we expect will drive demand for MOBs. As of September 30, 2018, we had approximately 1 million square feet of GLA in nine of our top ten markets and approximately 93% of our portfolio, based on GLA, is located in the top 75 MSAs, with Dallas, Houston, Boston, Tampa and Atlanta being our largest markets by investment.

Company Highlights

Portfolio Operating Performance

For the three months ended September 30, 2018, total revenue decreased (0.5)%, or \$(0.9) million, to \$175.1 million, compared to the three months ended September 30, 2017. For the nine months ended September 30, 2018, total revenue increased 19.1%, or \$83.9 million, to \$524.1 million, compared to the nine months ended September 30, 2017.

For the three months ended September 30, 2018, net income was \$176.3 million, compared to \$14.0 million, for the three months ended September 30, 2017. For the nine months ended September 30, 2018, net income was \$202.0 million, compared to \$22.1 million, for the nine months ended September 30, 2017.

For the three months ended September 30, 2018, net income attributable to common stockholders was \$0.82 per diluted share, or \$173.0 million, compared to \$0.07 per diluted share, or \$13.8 million, for the three months ended September 30, 2017. For the nine months ended September 30, 2018, net income attributable to common stockholders was \$0.94 per diluted share, or \$198.1 million, compared to \$0.12 per diluted share, or \$21.4 million, for the nine months ended September 30, 2017.

For the three months ended September 30, 2018, HTA's FFO, as defined by NAREIT, was \$81.4 million, or \$0.38 per diluted share, compared to \$0.41 per diluted share, or \$84.2 million, for the three months ended September 30, 2017.

For the nine months ended September 30, 2018, HTA's FFO was \$250.4 million, or \$1.19 per diluted share, compared to \$1.12 per diluted share, or \$198.7 million, for the nine months ended September 30, 2017.

Table of Contents

For the three months ended September 30, 2018, HTALP's FFO was \$84.7 million, or \$0.40 per diluted OP Unit, compared to \$0.41 per diluted OP Unit, or \$84.4 million, for the three months ended September 30, 2017. For the nine months ended September 30, 2018, HTALP's FFO was \$254.2 million, or \$1.21 per diluted OP Unit, compared to \$1.12 per diluted OP Unit, or \$199.3 million, for the nine months ended September 30, 2017.

For the three months ended September 30, 2018, HTA's and HTALP's Normalized FFO was \$0.41 per diluted share and OP Unit, or \$86.1 million, compared to the three months ended September 30, 2017. For the nine months ended September 30, 2018, HTA's and HTALP's Normalized FFO was \$1.22 per diluted share and OP Unit, or \$256.2 million, compared to the nine months ended September 30, 2017.

For additional information on FFO and Normalized FFO, see "FFO and Normalized FFO" below, which includes a reconciliation to net income attributable to common stockholders/unitholders and an explanation of why we present this non-GAAP financial measure.

For the three months ended September 30, 2018, NOI decreased (0.3)%, or \$(0.3) million, to \$119.3 million, compared to the three months ended September 30, 2017. For the nine months ended September 30, 2018, NOI increased 19.1%, or \$57.4 million, to \$358.8 million, compared to the nine months ended September 30, 2017.

For the three months ended September 30, 2018, Same-property Cash NOI increased 2.5%, or \$2.7 million, to \$108.8 million, compared to the three months ended September 30, 2017. For the nine months ended September 30, 2018, Same-Property Cash NOI increased 2.4%, or \$5.6 million, to \$233.2 million, compared to the nine months ended September 30, 2017. Excluding the MOB's located on our Forest Park Dallas campus, Same-Property Cash NOI growth was 2.7% for the nine months ended September 30, 2018.

For additional information on NOI and Same-Property Cash NOI, see "NOI, Cash NOI and Same-Property Cash NOI" below, which includes a reconciliation from net income and an explanation of why we present these non-GAAP financial measures.

Key Market Focused Strategy and Investments

We believe we have been one of the most active investors in the medical office sector over the last decade. This has enabled us to create a high quality portfolio focused on MOB's serving the future of healthcare with scale and significance in 20 to 25 key markets.

Our investment strategy includes alignment with key healthcare systems, hospitals, and leading academic medical universities. We are the largest owner of on-campus or adjacent MOB's in the country, with approximately 16 million square feet of GLA, or 68%, of our portfolio located in these locations. The remaining 32% of our portfolio is located in core community outpatient locations where healthcare is increasingly being delivered.

Over the last several years, our investments have been focused in our 20 to 25 key markets which we believe will outperform the broader U.S. from an economic and demographic perspective. As of September 30, 2018, approximately 93% of our portfolio's GLA is located in the top 75 MSAs. Our key markets represent top MSAs with strong growth metrics in jobs, household income and population, as well as low unemployment and mature healthcare infrastructures. Many of our key markets are also supported by strong university systems.

Our key market focus has enabled us to establish scale and effectively utilize our internal property management and leasing platform to deliver consistent same store growth and additional yield on investments, and also cost effective service to tenants. As of September 30, 2018, we had approximately 1 million square feet of GLA in nine of our top ten markets and approximately 500,000 square feet in each of our top 15 markets. We expect to establish this scale across 20 to 25 key markets as our portfolio expands.

During the three months ended September 30, 2018, HTA completed the disposition of 19 MOB's, primarily located in Greenville, South Carolina for an aggregate gross sales price of \$305.9 million totaling approximately 1.1 million square feet of GLA, generating gains of approximately \$166.4 million.

During the nine months ended September 30, 2018, we announced a new development in our key gateway market of Miami, Florida and commenced two redevelopments, including an agreement to build a new on-campus MOB in Raleigh, North Carolina. These projects will have total expected construction costs of approximately \$70.6 million and are approximately 78% pre-leased to major health systems.

During the nine months ended September 30, 2018, we invested \$13.9 million to acquire three MOB's of approximately 60,000 square feet of GLA in the key market of Raleigh, North Carolina. In addition, we invested \$3.9

million to consolidate our ownership interests in several other MOBs.

35

Table of Contents

Internal Growth through Proactive In-House Property Management and Leasing

We believe we have the largest full-service operating platform in the medical office space that consists of our in-house property management and leasing which allows us to better manage and service our existing portfolio. In each of these markets, we have established a strong in-house property management and leasing platform that has allowed us to develop valuable relationships with health systems, physician practices, universities, and regional development firms that have led to investment and leasing opportunities. Our full-service operational platforms have also enabled us to focus on generating cost efficiencies as we gain scale across individual markets and regions.

As of September 30, 2018, our in-house property management and leasing platform operated approximately 21.7 million square feet of GLA, or 93%, of our total portfolio.

As of September 30, 2018, our leased rate (which includes leases which have been executed, but which have not yet commenced) was 92.1% by GLA and our occupancy rate was 90.9% by GLA.

We entered into new and renewal leases on approximately 532,000 and 2.2 million square feet of GLA, or 2.3% and 9.5%, respectively, of our portfolio during the three and nine months ended September 30, 2018.

Tenant retention for the Same-Property portfolio was 82% and 83%, which included approximately 381,000 and 1.7 million square feet of GLA of expiring leases, for the quarter and year-to-date, respectively, which we believe is indicative of our commitment to maintaining buildings in desirable locations and fostering strong tenant relationships. Tenant retention is defined as the sum of the total leased GLA of tenants that renewed a lease during the period over the total GLA of leases that renewed or expired during the period.

Financial Strategy and Balance Sheet Flexibility

As of September 30, 2018, we had total leverage, measured by debt less cash and cash equivalents to total capitalization, of 29.7%. Total liquidity was \$1.2 billion, including cash and cash equivalents of \$225.5 million and \$994.5 million available on our unsecured revolving credit facility (which includes the impact of \$5.5 million of outstanding letters of credit) as of September 30, 2018.

As of September 30, 2018, the weighted average remaining term of our debt portfolio was 5.2 years.

In August 2018, we prepaid approximately \$72.6 million of our fixed and variable rate mortgages, including the settlement of three cash flow hedges, utilizing net proceeds from the Greenville Disposition to do so. Additionally, in August 2018, HTALP entered into a modification of our \$200.0 million unsecured term loan previously due in 2023. The modification decreased pricing at our current credit rating by 65 basis points. The maturity date was also extended by five months to January 2024. The other material terms of the unsecured term loan prior to the modification remained substantially unchanged.

In August 2018, our Board of Directors approved a stock repurchase plan authorizing us to purchase up to \$300 million of our common stock from time to time prior to the expiration thereof on June 7, 2020. During the nine months ended September 30, 2018, we repurchased 628,002 shares of our common stock, at an average price of \$26.25 per share, for an aggregate amount of approximately \$16.5 million, pursuant to this stock repurchase plan.

In June 2018, we settled a forward sale arrangement pursuant to a forward equity agreement that was entered into in October 2017, which included approximately 2.6 million shares of our common stock for net proceeds of approximately \$73.8 million, adjusted for costs to borrow equating to a net price to us of \$28.94 per share of common stock.

On October 25, 2018, our Board of Directors announced a quarterly dividend of \$0.310 per share of common stock and per OP Unit.

Critical Accounting Policies

The complete list of our critical accounting policies was disclosed in our 2017 Annual Report on Form 10-K. There have been no material changes to our critical accounting policies as disclosed herein. For further information on significant accounting policies that impact us, see Note 2 - Summary of Significant Accounting Policies in the accompanying condensed consolidated financial statements.

Recently Issued or Adopted Accounting Pronouncements

See Note 2 - Summary of Significant Accounting Policies in the accompanying condensed consolidated financial statements for a discussion of recently issued or adopted accounting pronouncements.

Table of Contents

Factors Which May Influence Results of Operations

We are not aware of any material trends or uncertainties, other than national economic conditions affecting real estate generally and the risk factors previously listed in Part I, Item 1A - Risk Factors, in our 2017 Annual Report on Form 10-K that may reasonably be expected to have a material impact, favorable or unfavorable, on revenues or income from the investment, management and operation of our properties.

Rental Income

The amount of rental income generated by our properties depends principally on our ability to maintain the occupancy rates of currently leased space and to lease currently available space and space that will become available from unscheduled lease terminations at the then applicable rental rates. Negative trends in one or more of these factors could adversely affect our rental income in future periods.

Investment Activity

During the nine months ended September 30, 2018, we had investments with an aggregate purchase price of \$17.8 million and dispositions with an aggregate gross sales price of \$305.9 million. Including the Duke acquisition, during the nine months ended September 30, 2017, we had investments with an aggregate gross purchase price of \$2.7 billion, which included a 50% ownership in an unconsolidated joint venture and a disposition with a gross sales price of \$5.0 million.

Results of Operations

Comparison of the Three and Nine Months Ended September 30, 2018 and 2017

As of September 30, 2018 and 2017, we owned and operated approximately 23.2 million and 24.2 million square feet of GLA, respectively, with a leased rate of 92.1% and 91.7%, respectively (which includes leases which have been executed, but which have not yet commenced), and an occupancy rate of 90.9%, and 90.6%, respectively. All explanations are applicable to both HTA and HTALP unless otherwise noted.

Comparison of the three months ended September 30, 2018 and 2017, respectively, is set forth below:

	Three Months Ended September 30,			
	2018	2017	Change	% Change
Revenues:

Same-Property Cash NOI	\$233,152	\$227,595	\$5,557	2.4 %

For the three and nine months ended September 30, 2018 and 2017, respectively, rental income was comprised of the following (in thousands):

	Three Months Ended September 30,			
	2018	2017	Change	% Change
Contractual rental income	\$168,169	\$169,099	\$(930)	(0.5)%
Straight-line rent and amortization of above and (below) market leases	4,252	4,269	(17)	(0.4)
Other rental revenue	2,617	2,063	554	26.9
Total rental income	\$175,038	\$175,431	\$(393)	(0.2)%
	Nine Months Ended September 30,			
	2018	2017	Change	% Change
Contractual rental income	\$502,984	\$423,696	\$79,288	18.7 %
Straight-line rent and amortization of above and (below) market leases	12,727	9,475	3,252	34.3
Other rental revenue	8,115	5,778	2,337	40.4
Total rental income	\$523,826	\$438,949	\$84,877	19.3 %

Contractual rental income, which includes expense reimbursements, decreased \$(0.9) million and increased \$79.3 million for the three and nine months ended September 30, 2018, respectively, compared to the three and nine months

ended September 30, 2017. The decrease and increase were primarily due to \$3.5 million and \$88.1 million of additional contractual rental income from our 2017 and 2018 acquisitions, and contractual rent increases for the three and nine months ended September 30, 2018, respectively, partially offset by a decrease in contractual rent as a result of buildings we sold during 2017 and 2018.

38

Table of Contents

Average starting and expiring base rents for new and renewal leases consisted of the following for the three and nine months ended September 30, 2018 and 2017, respectively (in thousands, except in average base rents per square foot of GLA):

	Three Months Ended September 30, 2018		Nine Months Ended September 30, 2017	
New and renewal leases:				
Average starting base rents	\$22.10	\$22.34	\$23.07	\$22.46
Average expiring base rents	21.32	21.94	22.59	22.47

Square feet of GLA	532	745	2,204	2,040
--------------------	-----	-----	-------	-------

Lease rates can vary across markets, and lease rates that are considered above or below current market rent may change over time. Leases that expired in 2018 had rents that we believed were at market rates. In general, leasing concessions vary depending on lease type and term.

Tenant improvements, leasing commissions and tenant concessions for new and renewal leases consisted of the following for the three and nine months ended September 30, 2018 and 2017, respectively (in per square foot of GLA):

	Three Months Ended September 30, 2018		Nine Months Ended September 30, 2017	
New leases:				
Tenant improvements	\$17.93	\$17.18	\$22.91	\$18.18
Leasing commissions	2.26	1.92	1.95	2.01
Tenant concessions	0.02	1.93	1.85	2.68

Renewal leases:

Tenant improvements	\$6.51	\$8.58	\$7.73	\$7.50
Leasing commissions	0.68	1.02	1.30	1.09
Tenant concessions	0.02	0.80	0.76	1.45

The average term for new and renewal leases executed consisted of the following for the three and nine months ended September 30, 2018 and 2017, respectively (in years):

	Three Months Ended September 30, 2018		Nine Months Ended September 30, 2017	
New leases	7.6	6.2	7.3	5.8
Renewal leases	4.2	5.5	5.2	5.0

Rental Expenses

For the three months ended September 30, 2018 and 2017, rental expenses attributable to our properties were \$55.8 million and \$56.3 million, respectively. For the nine months ended September 30, 2018 and 2017, rental expenses attributable to our properties were \$165.4 million and \$138.9 million, respectively. The decrease and increase in rental expenses were primarily due to \$0.5 million and \$34.0 million of additional rental expenses associated with our 2017 and 2018 acquisitions for the three and nine months ended September 30, 2018, respectively, partially offset by improved operating efficiencies and a decrease in rental expense as a result of the buildings we sold during 2017 and 2018.

General and Administrative Expenses

For the three months ended September 30, 2018 and 2017, general and administrative expenses were \$8.8 million and \$8.3 million, respectively. For the nine months ended September 30, 2018 and 2017, general and administrative expenses were \$26.3 million and \$25.2 million, respectively. These increases were primarily due to an increase in non-cash compensation expense and an overall increase in head count due to the continued growth of the company. General and administrative expenses include such costs as salaries, corporate overhead and professional fees, among other items.

Transaction Expenses

For the three months ended September 30, 2018 and 2017, transaction expenses were \$0.3 million. For the nine months ended September 30, 2018 and 2017, transaction expenses were \$0.9 million and \$5.6 million, respectively. Transaction expenses increased in 2017 due to \$4.6 million of non-incremental costs related to the Duke acquisition.

Table of Contents

Depreciation and Amortization Expense

For the three months ended September 30, 2018 and 2017, depreciation and amortization expense was \$70.6 million and \$70.5 million, respectively. For the nine months ended September 30, 2018 and 2017, depreciation and amortization expense was \$210.1 million and \$172.9 million, respectively. These increases were associated with our 2017 and 2018 acquisitions, partially offset by buildings we sold during 2017 and 2018.

Impairment

During the three and nine months ended September 30, 2018, we recorded impairment charges of \$4.3 million and \$8.9 million, respectively, which related to six MOBs located in Tennessee, Texas and South Carolina. During the nine months ended September 30, 2017, we recorded impairment charges of \$5.1 million that related to an MOB in our portfolio located in Massachusetts.

Interest Expense and Net Change in Fair Value of Derivative Financial Instruments

Interest expense, excluding the impact of the net change in fair value of derivative financial instruments, decreased by \$1.4 million and increased \$16.9 million, during the three and nine months ended September 30, 2018, respectively, compared to the three and nine months ended September 30, 2017. The decrease in interest expense during the quarter was primarily due to early payoffs of fixed and variable rate mortgages, including the settlement of three cash flow hedges in connection with the Greenville Disposition. For the nine months ended September 30, 2018, the increase was primarily the result of higher average debt outstanding, as a result of the use of debt to partially fund our investments over the last 12 months with debt and a change in the composition of our debt, driven by an increase in long-term senior unsecured notes, including the \$400.0 million and \$500.0 million 5-year and 10-year senior unsecured notes issued in June 2017 at a coupon rate of 2.95% per annum and 3.75% per annum, respectively. To achieve our objectives, we borrow at both fixed and variable rates. From time to time, we also enter into derivative financial instruments, such as interest rate swaps, in order to mitigate our interest rate risk on a related financial instrument. We do not enter into derivative or interest rate transactions for speculative purposes. Derivatives not designated as hedges are not speculative and are used to manage our exposure to interest rate movements.

Gain on Sale of Real Estate

For the three and nine months ended September 30, 2018, we realized a net gain on sale of real estate of \$166.4 million. For the nine months ended September 30, 2017, we realized a net gain on sale of real estate of \$3,000. These increases were primarily the result of the Greenville Disposition. See Note 4 - Impairment and Dispositions for more detail on the Greenville Disposition.

Gain or Loss on Extinguishment of Debt

For the three and nine months ended September 30, 2018, we realized a net loss on extinguishment of debt of \$1.1 million primarily due to prepayment fees we incurred in connection with the early payoffs of fixed and variable rate mortgages, including the settlement of three cash flow hedges in connection with the Greenville Disposition. For the three and nine months ended September 30, 2017, we realized a net loss on extinguishment of debt of \$0.8 million and \$11.2 million, respectively, due to fees we incurred in connection with the execution and our termination of a bridge loan facility we entered into as part of the Duke acquisition.

Net Income or Loss

Net income increased \$162.4 million to \$176.3 million for the three months ended September 30, 2018, compared to the three months ended September 30, 2017. Net income increased \$179.9 million to \$202.0 million for the nine months ended September 30, 2018, compared to the nine months ended September 30, 2017. These increases were primarily the result of continued growth in our operations and improved operating efficiencies.

NOI and Same-Property Cash NOI

NOI decreased \$(0.3) million to \$119.3 million for the three months ended September 30, 2018, compared to the three months ended September 30, 2017. NOI increased \$57.4 million to \$358.8 million for the nine months ended September 30, 2018, compared to the nine months ended September 30, 2017. The decrease and increase were primarily due to \$2.8 million and \$58.7 million of additional NOI from our 2017 and 2018 acquisitions for the three and nine months ended September 30, 2018, respectively, partially offset by a decrease in NOI as a result of the buildings we sold during 2017 and 2018 and a reduction in straight-line rent from properties we owned more than a year.

Same-Property Cash NOI increased \$2.7 million to \$108.8 million for the three months ended September 30, 2018 compared to the three months ended September 30, 2017. Same-Property Cash NOI increased \$5.6 million to \$233.2 million for the nine months ended September 30, 2018, compared to the nine months ended September 30, 2017. These increases were primarily the result of rent escalations, an increase in average occupancy, and improved operating efficiencies.

Table of Contents

Non-GAAP Financial Measures

FFO and Normalized FFO

We compute FFO in accordance with the current standards established by NAREIT. NAREIT defines FFO as net income or loss attributable to common stockholders/unitholders (computed in accordance with GAAP), excluding gains or losses from sales of real estate property and impairment write-downs of depreciable assets, plus depreciation and amortization related to investments in real estate, and after adjustments for unconsolidated partnerships and joint ventures. We present this non-GAAP financial measure because we consider it an important supplemental measure of our operating performance and believe it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs. Historical cost accounting assumes that the value of real estate assets diminishes ratably over time. Since real estate values have historically risen or fallen based on market conditions, many industry investors have considered the presentation of operating results for real estate companies that use historical cost accounting to be insufficient by themselves. Because FFO excludes depreciation and amortization unique to real estate, among other items, it provides a perspective not immediately apparent from net income or loss attributable to common stockholders/unitholders.

We also compute Normalized FFO, which excludes from FFO: (i) transaction expenses; (ii) gain or loss on change in fair value of derivative financial instruments; (iii) gain or loss on extinguishment of debt; (iv) noncontrolling income or loss from OP Units included in diluted shares (only applicable to the Company); and (v) other normalizing items, which include items that are unusual and infrequent in nature. We present this non-GAAP financial measure because it allows for the comparison of our operating performance to other REITs and between periods on a consistent basis. Our methodology for calculating Normalized FFO may be different from the methods utilized by other REITs and, accordingly, may not be comparable to other REITs. Normalized FFO should not be considered as an alternative to net income or loss attributable to common stockholders/unitholders (computed in accordance with GAAP) as an indicator of our financial performance, nor is it indicative of cash available to fund cash needs. Normalized FFO should be reviewed in connection with other GAAP measurements.

The amounts included in the calculation of FFO and Normalized FFO are generally the same for HTALP and HTA, except for net income or loss attributable to common stockholders/unitholders, noncontrolling income or loss from OP Units included in diluted shares (only applicable to the Company) and the weighted average shares of our common stock or HTALP OP Units outstanding.

Table of Contents

The following is the reconciliation of HTA's FFO and Normalized FFO to net income attributable to common stockholders for the three and nine months ended September 30, 2018 and 2017, respectively (in thousands, except per share data):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2018	2017	2018	2017

(1) For the nine months ended September 30, 2017, other normalizing items included \$4.6 million of non-incremental costs related to the Duke acquisition that were included in transaction expenses on our condensed consolidated statements of operations.

NOI, Cash NOI and Same-Property Cash NOI

NOI is a non-GAAP financial measure that is defined as net income or loss (computed in accordance with GAAP) before: (i) general and administrative expenses; (ii) transaction expenses; (iii) depreciation and amortization expense; (iv) impairment; (v) interest expense and net change in fair value of derivative financial instruments; (vi) gain or loss on sales of real estate; (vii) gain or loss on extinguishment of debt; (viii) income or loss from unconsolidated joint venture; and (ix) other income or expense. We believe that NOI provides an accurate measure of the operating performance of our operating assets because NOI excludes certain items that are not associated with the management of our properties. Additionally, we believe that NOI is a widely accepted measure of comparative operating performance of REITs. However, our use of the term NOI may not be comparable to that of other REITs as they may have different methodologies for computing this amount. NOI should not be considered as an alternative to net income or loss (computed in accordance with GAAP) as an indicator of our financial performance. NOI should be reviewed in connection with other GAAP measurements.

Cash NOI is a non-GAAP financial measure which excludes from NOI: (i) straight-line rent adjustments; (ii) amortization of below and above market leases/leasehold interests; (iii) notes receivable interest income; and (iv) other GAAP adjustments. Contractual base rent, contractual rent increases, contractual rent concessions and changes in occupancy or lease rates upon commencement and expiration of leases are a primary driver of our revenue performance. We believe that Cash NOI, which removes the impact of straight-line rent adjustments, provides another measurement of the operating performance of our operating assets. Additionally, we believe that Cash NOI is a widely accepted measure of comparative operating performance of REITs. However, our use of the term Cash NOI may not

be comparable to that of other REITs as they may have different methodologies for computing this amount. Cash NOI should not be considered as an alternative to net income or loss (computed in accordance with GAAP) as an indicator of our financial performance. Cash NOI should be reviewed in connection with other GAAP measurements.

Table of Contents

To facilitate the comparison of Cash NOI between periods, we calculate comparable amounts for a subset of our owned and operational properties referred to as “Same-Property”. Same-Property Cash NOI excludes (i) properties which have not been owned and operated by us during the entire span of all periods presented and disposed properties, (ii) our share of unconsolidated joint ventures, (iii) development, redevelopment and land parcels, (iv) properties intended for disposition in the near term which have (a) been approved by the Board of Directors, (b) is actively marketed for sale, and (c) an offer has been received at prices we would transact and the sales process is ongoing, and (v) certain non-routine items. Same-Property Cash NOI should not be considered as an alternative to net income or loss (computed in accordance with GAAP) as an indicator of our financial performance. Same-Property Cash NOI should be reviewed in connection with other GAAP measurements.

The following is the reconciliation of HTA’s and HTALP’s NOI, Cash NOI and Same-Property Cash NOI to net income for the three and nine months ended September 30, 2018 and 2017, respectively (in thousands):

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2018	2017	2018	2017
Net income	\$176,348	\$13,957	\$202,021	\$22,105
General and administrative expenses	8,770	8,283	26,281	25,178
Transaction expenses ⁽¹⁾	346	261	933	5,618
Depreciation and amortization expense	70,568	70,491	210,064	172,900
Impairment	4,281	—	8,887	5,093

Amortization of (below) and above market leases/leasehold interests, net	(65)	214	190	246
Notes receivable interest income and other GAAP adjustments	(33)	(588)	(218)	(1,163)
Cash NOI	\$116,502	\$116,280	\$350,447	\$294,595
Acquisitions not owned/operated for all periods presented and disposed properties Cash NOI	(6,065)	(7,337)	(112,557)	(59,865)
Redevelopment Cash NOI	(607)	(1,540)	(1,923)	(4,072)
Intended for sale Cash NOI	(1,007)	(1,243)	(2,815)	(3,063)
Same-Property Cash NOI ⁽²⁾	\$108,823	\$106,160	\$233,152	\$227,595

(1) For the nine months ended September 30, 2017, transaction costs included \$4.6 million of non-incremental costs related to the Duke acquisition.

(2) Same-Property includes 403 and 317 buildings for the three and nine months ended September 30, 2018 and 2017, respectively.

Liquidity and Capital Resources

Our primary sources of cash include: (i) cash flow from operations; (ii) borrowings under our unsecured revolving credit facility; (iii) net proceeds from the issuances of debt and equity securities; and (iv) proceeds from our dispositions. During the next 12 months our primary uses of cash are expected to include: (a) the funding of acquisitions of MOB’s, development properties and other facilities that serve the healthcare industry; (b) capital expenditures; (c) the payment of operating expenses; (d) debt service payments, including principal payments; and (e) the payment of dividends to our stockholders. We anticipate cash flow from operations, restricted cash and reserve accounts and our unsecured revolving credit facility, if needed, will be sufficient to fund our operating expenses,

capital expenditures and dividends to stockholders. Investments and maturing indebtedness may require funds from the issuance of debt and/or equity securities or proceeds from sales of real estate.

As of September 30, 2018, we had liquidity of \$1.2 billion, including \$994.5 million available under our unsecured revolving credit facility (which includes the impact of \$5.5 million of outstanding letters of credit) and \$225.5 million of cash and cash equivalents.

In addition, we had unencumbered assets with a gross book value of \$6.4 billion. The unencumbered properties may be used as collateral to secure additional financings in future periods or refinance our current debt as it becomes due. Our ability to raise funds from future debt and equity issuances is dependent on our investment grade credit ratings, general economic and market conditions and our operating performance.

When we acquire a property, we prepare a capital plan that contemplates the estimated capital needs of that investment. In addition to operating expenses, capital needs may also include costs of refurbishment, tenant improvements or other major capital expenditures. The capital plan for each investment will be adjusted through ongoing, regular reviews of our portfolio or as necessary to respond to unanticipated additional capital needs. As of September 30, 2018, we estimate that our expenditures for capital improvements for the remainder of 2018 will range from \$20.0 million to \$25.0 million depending on leasing activity. As of September 30, 2018, we had \$4.1 million of restricted cash and reserve accounts for such capital expenditures, in addition to the availability under our unsecured revolving credit facility and on hand cash and cash equivalents. We cannot provide assurance, however, that we will not exceed these estimated expenditure levels.

If we experience lower occupancy levels, reduced rental rates, reduced revenues as a result of asset sales, or increased capital expenditures and leasing costs compared to historical levels due to competitive market conditions for new and renewal leases, the effect would be a reduction of net cash provided by operating activities. If such a reduction of net cash provided by operating activities is realized, we may have a cash flow deficit in subsequent periods. Our estimate of net cash available is based on various assumptions which are difficult to predict, including the levels of our leasing activity and related leasing costs. Any changes in these assumptions could impact our financial results and our ability to fund working capital and unanticipated cash needs.

Cash Flows

The following is a summary of our cash flows for the nine months ended September 30, 2018 and 2017, respectively (in thousands):

	Nine Months Ended September 30,		
	2018	2017	Change
Cash, cash equivalents and restricted cash - beginning of period ⁽¹⁾	\$ 118,560	\$ 25,045	\$ 93,515
Net cash provided by operating activities	240,751	228,542	12,209
Net cash provided by (used in) investing activities ⁽¹⁾	194,846	(2,483,816)	2,678,662
Net cash (used in) provided by financing activities	(314,000)	2,257,108	(2,571,108)
Cash, cash equivalents and restricted cash - end of period ⁽¹⁾	\$ 240,157	\$ 26,879	\$ 213,278

(1) The amounts for 2017 differ from amounts previously reported in our Quarterly Report for the nine months ended September 30, 2017, as a result of the retrospective presentation of the early adoption of ASU 2016-18 in our 2017 Annual Report on Form 10-K as of January 1, 2017. Additionally, the presentation of beginning of period and end of period cash now includes restricted cash as a result of the adoption of ASU 2016-18.

Net cash provided by operating activities increased in 2018 primarily due to the impact of our 2017 and 2018 acquisitions, contractual rent increases and improved operating efficiencies, partially offset by our 2017 and 2018 dispositions. We anticipate cash flows from operating activities to increase as a result of the above items and continued leasing activity in our existing portfolio.

For the nine months ended September 30, 2018, net cash provided by investing activities primarily related to proceeds from the sale of real estate of \$302.4 million, which was partially offset by capital expenditures of \$61.1 million, development of real estate of \$29.6 million, and investments in real estate of \$17.4 million. For the nine months ended September 30, 2017, net cash used in investing activities primarily related to the investment in real estate of \$2.4 billion, investment in unconsolidated joint venture of \$68.8 million, and capital expenditures of \$43.0 million, which

was partially offset by proceeds from the sale of real estate of \$4.7 million.

For the nine months ended September 30, 2018, net cash used in financing activities primarily related to dividends paid to holders of our common stock of \$188.4 million and payments on our secured mortgage loans of \$173.2 million, which was partially offset by net proceeds of shares of common stock issued of \$72.8 million. For the nine months ended September 30, 2017, net cash provided by financing activities primarily related to the net proceeds of shares of common stock issued of \$1.6 billion and net proceeds on the issuance of senior notes of \$900.0 million, partially offset by dividends paid to holders of our common stock of \$145.9 million, and payments on our secured mortgage loans of \$75.4 million.

Dividends

The amount of dividends we pay to our stockholders is determined by our Board of Directors, in their sole discretion, and is dependent on a number of factors, including funds available, our financial condition, capital expenditure requirements and annual dividend distribution requirements needed to maintain our status as a REIT under the Internal Revenue Code of 1986, as amended. We have paid monthly or quarterly dividends since February 2007, and if our investments produce sufficient cash flow, we expect to continue to pay dividends to our stockholders. Because our cash available for dividend distributions in any year may be less than 90% of our taxable income for the year, we may obtain the necessary funds through borrowings, issuing new securities or selling assets to pay out enough of our taxable income to satisfy our dividend distribution requirement. Our organizational documents do not establish a limit on dividends that may constitute a return of capital for federal income tax purposes. The dividend we pay to our stockholders is equal to the distributions received from HTALP in accordance with the terms of HTALP's partnership agreement. It is our intention to continue to pay dividends. However, our Board of Directors may reduce our dividend rate and we cannot guarantee the timing and amount of dividends that we may pay in the future, if any.

For the nine months ended September 30, 2018, we paid cash dividends of \$188.4 million on our common stock. In October 2018, we paid cash dividends on our common stock of \$64.2 million for the quarter ended September 30, 2018. On October 25, 2018, our Board of Directors announced a quarterly dividend of \$0.310 per share of common stock and per OP Unit to be paid on January 9, 2019 to stockholders of record of our common stock and holders of our OP Units on January 2, 2019.

Financing

We have historically maintained a low leveraged balance sheet and intend to continue to maintain this structure in the long term. However, our total leverage may fluctuate on a short-term basis as we execute our business strategy. As of September 30, 2018, our leverage ratio, measured by debt less cash and cash equivalents to total capitalization, was 29.7%.

As of September 30, 2018, we had debt outstanding of \$2.6 billion and the weighted average interest rate therein was 3.49% per annum, inclusive of the impact of our interest rate swaps. The following is a summary of our unsecured and secured debt. See Note 7 - Debt in the accompanying condensed consolidated financial statements for a further discussion of our debt.

Unsecured Revolving Credit Facility

In 2017, HTALP entered into an amended and restated \$1.3 billion Unsecured Credit Agreement which increased the amount available under the unsecured revolving credit facility to \$1.0 billion. As of September 30, 2018, \$994.5 million was available on our \$1.0 billion unsecured revolving credit facility. Our unsecured revolving credit facility matures in June 2022.

Unsecured Term Loans

As of September 30, 2018, we had \$500.0 million of unsecured term loans outstanding, comprised of \$300.0 million under our Unsecured Credit Agreement maturing in 2023, and \$200.0 million under our unsecured term loan maturing in 2024.

Unsecured Senior Notes

As of September 30, 2018, we had \$1.85 billion of unsecured senior notes outstanding, comprised of \$300.0 million maturing in 2021, \$400.0 million maturing in 2022, \$300.0 million maturing in 2023, \$350.0 million maturing in 2026, and \$500.0 million maturing in 2027.

Fixed and Variable Rate Mortgages

During the nine months ended September 30, 2018, we made payments on our fixed and variable rate mortgages of \$173.2 million and have \$1.1 million of principal payments due during the remainder of 2018.

Commitments and Contingencies

There have been no material changes from the commitments and contingencies previously disclosed in our 2017 Annual Report on Form 10-K.

Debt Service Requirements

We are required by the terms of our applicable loan agreements to meet certain financial covenants, such as minimum net worth and liquidity, and reporting requirements, among others. As of September 30, 2018, we believe that we were in compliance with all such covenants and we are not aware of any covenants that it is reasonably likely that we would not be able to meet in accordance with our loan agreements.

Off-Balance Sheet Arrangements

As of and during the nine months ended September 30, 2018, we had no material off-balance sheet arrangements that have had or are reasonably likely to have a current or future effect on our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

Inflation

We are exposed to inflation risk as income from future long-term leases is the primary source of our cash flows from operations. There are provisions in the majority of our tenant leases that protect us from the impact of normal inflation. These provisions include rent escalations, reimbursement billings for operating expense pass-through charges and real estate tax and insurance reimbursements on a per square foot allowance. However, due to the long-term nature of our leases, among other factors, the leases may not reset frequently enough to cover inflation.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

There have been no material changes from the quantitative and qualitative disclosures about market risk previously disclosed in our 2017 Annual Report on Form 10-K.

Item 4. Controls and Procedures

Healthcare Trust of America, Inc.

HTA's management is responsible for establishing and maintaining disclosure controls and procedures that are designed to ensure that information required to be disclosed in its reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms, and that such information is accumulated and communicated to management, including HTA's Chief Executive Officer (as the principal executive officer) and Chief Financial Officer (as the principal financial officer and principal accounting officer), to allow timely decisions regarding required disclosures.

As of September 30, 2018, an evaluation was conducted by HTA under the supervision and with the participation of its management, including HTA's Chief Executive Officer and Chief Financial Officer, of the effectiveness of its disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on this evaluation, HTA's Chief Executive Officer and Chief Financial Officer each concluded that HTA's disclosure controls and procedures were effective as of September 30, 2018.

There were no changes in our internal control over financial reporting that occurred during the quarter ended September 30, 2018 that have materially affected, or are reasonably believed to be likely to materially affect, our internal control over financial reporting.

October 26, 2018

Healthcare Trust of America Holdings, LP

HTALP's management is responsible for establishing and maintaining disclosure controls and procedures that are designed to ensure that information required to be disclosed in its reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC rules and forms, and that such information is accumulated and communicated to management, including HTA's Chief Executive Officer (as the principal executive officer) and Chief Financial Officer (as the principal financial officer and principal accounting officer), to allow timely decisions regarding required disclosures.

As of September 30, 2018, an evaluation was conducted by HTALP under the supervision and with the participation of its management, including HTA's Chief Executive Officer and Chief Financial Officer, of the effectiveness of its disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act). Based on this evaluation, HTA's Chief Executive Officer and Chief Financial Officer, on behalf of HTA in its capacity as general partner of HTALP, each concluded that HTALP's disclosure controls and procedures were effective as of

September 30, 2018.

There were no changes in HTALP's internal control over financial reporting that occurred during the quarter ended September 30, 2018 that have materially affected, or are reasonably believed to be likely to materially affect, HTALP's internal control over financial reporting.

October 26, 2018

Table of Contents

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

We are subject to claims and litigation arising in the ordinary course of business. We do not believe any liability from any reasonably foreseeable disposition of such claims and litigation, individually or in the aggregate, would have a material adverse effect on our accompanying condensed consolidated financial statements.

Item 1A. Risk Factors

There have been no material changes from the risk factors previously disclosed in our 2017 Annual Report on Form 10-K.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Purchases of Equity Securities by the Issuer and Affiliated Purchasers

During the three months ended September 30, 2018, we repurchased shares of our common stock as follows:

Period	Total Number of Shares Purchased (1) (2)	Average Price Paid per Share (1) (2)	Total Number of Shares Purchased as Part of Publicly Announced Plan or Program	Maximum Approximate Dollar Value of Shares that May Yet be Purchased Under the Plans or Programs
July 1, 2018 to July 31, 2018	4,983	\$ 26.75	—	—
August 1, 2018 to August 31, 2018	9	28.60	—	—
September 1, 2018 to September 30, 2018	295,000	26.24	—	(3)

(1) Purchases mainly represent shares withheld to satisfy withholding obligations on the vesting of restricted shares. The price paid per share was the then closing price of our common stock on the NYSE.

(2) For each share of common stock redeemed by HTA, HTALP redeems a corresponding number of OP Units in the HTALP operating partnership. Therefore, the OP Units in the HTALP operating partnership repurchased by HTALP are the same as the shares of common stock repurchased by HTA as shown above.

(3) In August 2018, our Board of Directors approved a stock repurchase plan with a share repurchase authorization of up to \$300.0 million of our common stock. During the three months ended September 2018, we repurchased 295,000 shares of our common stock, at an average price of \$26.24 per share, for an aggregate amount of approximately \$7.7 million.

Item 6. Exhibits

The exhibits listed on the Exhibit Index (following the signatures section of this Quarterly Report) are included, and incorporated by reference, in this Quarterly Report.
