Dear Shareholders:

You are cordially invited to attend the 2009 annual meeting of shareholders of Capital Trust, Inc., which will be held at 10:00 a.m., local time, on Wednesday, June 24, 2009, at the offices of Paul, Hastings, Janofsky & Walker LLP, 75 East 55th Street, New York, New York 10022. At the annual meeting, shareholders will be asked to elect directors, ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2009 and act upon such other business as may properly come before the meeting, all as described in the attached notice of annual meeting of shareholders and proxy statement.

This year, we will be using the new Notice and Access method of providing proxy materials to you via the Internet. We believe that this new process should provide you with a convenient and quick way to access the proxy materials, including our proxy statement and 2008 annual report to shareholders, and vote your shares, while allowing us to conserve natural resources and reduce the costs of printing and distributing the proxy materials. On or about May 8, 2009, we will mail to our shareholders a Notice of Internet Availability of Proxy Materials, which we refer to as the Notice and Access card, containing instructions on how to access our proxy statement and our 2008 annual report to shareholders for 2008 and vote electronically via the Internet. The Notice and Access card also contains instructions as to how you can receive a paper copy of your proxy materials.

It is important that your shares be represented at the meeting and voted in accordance with your wishes. Whether or not you plan to attend the meeting, we urge you to complete a proxy as promptly as possible by Internet, telephone or mail so that your shares will be voted at the annual meeting. This will not limit your right to vote in person or to attend the meeting.

Sincerely,

/s/ Samuel Zell
Samuel Zell
Chairman of the Board

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

In this section of the proxy statement, we answer some common questions regarding the 2009 annual shareholders meeting and the voting of shares at the meeting.

Where and when will the annual meeting be held?

The date, time and place of the meeting are:

June 24, 2009

10:00 a.m. (New York City time)

The law offices of Paul, Hastings,

Janofsky & Walker LLP

75 East 55th Street,

New York, New York 10022

Why did I receive a notice in the mail regarding the Internet availability of proxy materials this year instead of a paper copy of proxy materials?

The United States Securities and Exchange Commission, or the SEC, recently approved Notice and Access rules relating to the delivery of proxy materials over the Internet. These rules permit us to furnish proxy materials, including this proxy statement and our annual report, to our shareholders by providing access to such documents on the Internet instead of mailing printed copies. Most shareholders will not receive paper copies of the proxy materials unless they request them. Instead, the Notice of Internet Availability of Proxy Materials, which we refer to as the Notice and Access card, which has been mailed to our shareholders, provides instructions regarding how you may access and review all of the proxy materials on the Internet. The Notice and Access card also instructs you as to how you may submit your proxy on the Internet. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials printed on the Notice and Access card.

Can I vote my shares by filling out and returning the Notice and Access card?

No. The Notice and Access card identifies the items to be voted on at the annual meeting, but you cannot vote by marking the Notice and Access card and returning it. The Notice and Access card provides instructions on how to vote via the Internet or in person at the meeting or to request a paper proxy card, which will contain instructions for voting by the Internet, by telephone or by returning a signed paper proxy card.

Why did you send me the Notice and Access card?

We sent you the Notice and Access card regarding this proxy statement because our board of directors is asking for your proxy to vote your shares at the annual meeting. We have summarized information in this proxy statement that you should consider in deciding how to vote at the annual meeting. You don't have to attend the annual meeting in order to vote your shares. Instead, you may simply vote your shares electronically via the Internet or by telephone or by completing and returning the proxy card if you requested a paper copy of our proxy materials. Voting instructions are provided on the Notice and Access card, or, if you requested a paper copy of our proxy materials, the instructions are printed on your proxy card and included in this proxy statement.

Who can vote?

You can vote your shares of class A common stock if our records show that you were the owner of the shares as of the close of business on April 29, 2009, the record date determining the shareholders who are entitled to vote at the annual meeting. As of April 29, 2009, there were a total of 22,062,814 shares of our class A common stock outstanding and entitled to vote at the annual meeting. You have one vote for each share of class A common stock that you own.

Table of Contents

How are votes counted?

We will hold the annual meeting if shareholders representing the required quorum of shares of class A common stock entitled to vote either sign and return their paper proxy cards, vote electronically or telephonically or attend the meeting. A majority of the shares of class A common stock entitled to vote at the meeting present in person or by proxy will constitute a quorum. If you sign and return your paper proxy card or vote electronically or telephonically, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote as indicated in the proxy materials.

Your shares may be voted if they are held in the name of a brokerage firm, even if you do not provide the brokerage firm with voting instructions. Brokerage firms have the authority under the New York Stock Exchange, or the NYSE, rules to cast votes on certain routine matters if they do not receive instructions from their customers. The election of directors and ratification of the appointment of Ernst & Young LLP as our independent auditors are considered routine matters for which brokerage firms may vote shares for which they did not receive instructions.

If you abstain or withhold votes, your abstention or withheld vote will not be counted as votes cast and will have no effect on the result of the vote on the election of directors and the ratification of the appointment of Ernst & Young LLP as our independent auditors.

What is the required vote for approval?

The election of each of our nominees for director requires a plurality of the votes cast at the annual meeting and the ratification of the appointment of Ernst & Young LLP as our independent auditors requires a majority of the votes cast at the annual meeting on such matter.

How do I vote by proxy?

Follow the instructions on the Notice and Access card to vote your shares electronically via the Internet. If you requested a paper copy of our proxy materials, follow the instructions printed on the paper proxy card to vote via the Internet, by telephone or by completing and returning the paper proxy card. The individuals named and designated as proxies will vote your shares as you instruct. You have the following choices in completing your voting:

You may vote on each proposal, in which case your shares will be voted in accordance with your choices.

In voting on directors, you can either vote FOR all directors or withhold your vote on all or certain directors specified by you.

You may abstain on the proposal to ratify the appointment of Ernst & Young LLP as our independent auditors, in which case no vote will be recorded.

You may submit a signed proxy without indicating your vote on any matter, in which case the designated proxies will vote to elect all nine nominees as directors and to approve the ratification of the appointment of Ernst & Young LLP as our independent auditors for 2009.

How can I vote by telephone or over the Internet?

To vote electronically via the Internet, go to the www.proxyvote.com website and follow the instructions. Please have your Notice and Access card in hand when accessing the website, as it contains a 12-digit control number required to vote.

If you requested a paper copy of our proxy materials, in order to vote by telephone or over the Internet, you must either call the toll-free number reflected on the paper proxy card or go to the www.proxyvote.com website and follow the instructions. Please have your paper proxy card in hand when calling the toll-free number or accessing the website, as it contains a 12-digit control number required to vote.

You can vote by telephone or via the Internet at any time prior to 11:59 p.m. New York City time, June 23, 2009, the day before the annual meeting.

Table of Contents

What do I do if my shares are held in street name ?

If your shares are held by your broker, a bank or other nominee in street name, you will receive a Notice and Access card intended for their beneficial holders with instructions for providing voting instructions for your shares electronically via the Internet at the www.proxyvote.com website, utilizing the 12-digit control number printed on the card. You may also request paper copies of the proxy materials and provide voting instructions by completing and returning the enclosed voting instruction form in the addressed, postage paid envelope provided. Alternatively, if you receive paper copies, many banks and brokerage firms provide instructions for their beneficial holders to provide voting instructions via the Internet or by telephone. If your shares are held in street name and you would like to vote your shares in person at the annual meeting, you must contact your broker, bank or other nominee to obtain a legal proxy form from the record holder of your shares and present it to the inspector of election with your ballot.

What if other matters come up at the annual meeting?

The only matters we now know of that will be voted on at the annual meeting include the proposals we have described in this proxy statement: the election of nine directors and the proposal to ratify the appointment of Ernst & Young LLP as our independent auditors for 2009. If other matters are properly presented at the meeting, the proxies designated in the proxy cards will vote your shares in their discretion.

Can I change my vote after I submit my proxy?

Yes. At any time before the vote on a proposal, you can change your vote either by executing or authorizing, dating and delivering to us a new proxy via the Internet, by telephone or mail prior to the annual meeting, by giving us a written notice revoking your proxy card or by attending the annual meeting and voting your shares in person. Your attendance at the annual meeting will not, by itself, revoke a proxy previously given by you. We will honor the proxy card or authorization with the latest date.

Proxy revocation notices should be sent to Capital Trust, Inc., 410 Park Avenue, 14th Floor, New York, New York 10022, Attention: Secretary, and new paper proxy cards should be sent to Vote Processing c/o Broadridge, 51 Mercedes Way, Edgewood, New York 11717.

Can I vote in person at the annual meeting rather than by authorizing a proxy?

Although we encourage you to complete and return a paper proxy card or vote telephonically or electronically via the Internet, to ensure that your vote is counted, you can attend the annual meeting and vote your shares in person even if you have submitted a paper proxy card or voted electronically or telephonically.

Who will count the votes?

Representatives of Broadridge Financial Solutions, Inc. will count the votes and will serve as the independent inspector of election.

Who pays for this proxy solicitation?

We do. In addition to sending you these proxy materials, some of our employees may contact you by telephone, by mail or in person. None of these employees will receive any extra compensation for doing this.

Table of Contents**PROPOSAL 1 ELECTION OF DIRECTORS**

The number of directors that comprise our entire board of directors has been fixed at nine. Nine nominees will be proposed for election as directors at the annual meeting to hold office until our next annual meeting of shareholders and until their successors are duly elected and qualify. All nine nominees currently serve on our board of directors. All of the nominees are willing to serve as directors but, if any of them should decline or be unable to act as a director, the individuals designated in the proxy cards as proxies will exercise the discretionary authority provided to vote for the election of such substitute nominee selected by our board of directors, unless the board alternatively acts to reduce the size of the board or maintain a vacancy on the board in accordance with our bylaws. The board of directors has no reason to believe that any such nominees will be unable or unwilling to serve.

Table of Contents**Vote Required; Recommendation**

The election to the board of directors of each of our nine nominees will require the affirmative vote of a plurality of the votes cast at the annual meeting. **Our board of directors unanimously recommends that you vote for the election of all nine nominees named above.**

Board of Directors; Committees

Our board of directors has nine members and is currently comprised of Messrs. Zell, Dobrowski, Edelman, Hatkoff, Hyman, Klopp, Nassau and Polan and Dr. Sagalyn. Our board of directors has determined that Messrs. Dobrowski, Hatkoff, Hyman, Nassau, Polan and Zell and Dr. Sagalyn are independent under the criteria for independence set forth in the listing standards of the NYSE, and therefore, upon the election of all nine nominees, we will meet the NYSE requirement for a majority of independent directors serving on the board of directors. Our board of directors considered the following transactions, relationships and arrangements between each director or any member of his or her immediate family and the company and its subsidiaries and affiliates. Mr. Dobrowski was previously employed by the investment manager for several pension funds of General Motors Corporation, its subsidiaries and affiliates, which have invested in our private funds and which own, as of April 29, 2009, approximately 3.1% of the shares of our class A common stock, and he serves on the board of directors of another company chaired by our chairman of the board. Mr. Nassau serves as one of the trustees of our chief executive officer's family trust. Mr. Polan serves as a managing director of Berkley Capital, LLC, a wholly owned subsidiary of WRBC, which owns, as of April 29, 2009, approximately 17.4% of the shares of our class A common stock and whose nomination is required pursuant to a director nomination right. We also entered into three separate account advisory agreements with affiliates of WRBC under which we direct for investment, on a discretionary basis, \$350 million of committed capital on behalf of WRBC in commercial real estate mortgages, mezzanine loans and participations therein. In addition, on April 27, 2007, we purchased a \$20.0 million subordinated interest in a mortgage from a dealer. Proceeds from the original mortgage financing provide for the construction and leasing of an office building in Washington, D.C. that is owned by a joint venture. WRBC has a substantial economic interest in one of the joint venture partners. Mr. Zell previously jointly reported beneficial ownership of our class A common stock with Messrs. Klopp and Hatkoff, the Zell family has invested in our private funds and we previously made minor payments for insurance services to a subsidiary of Equity Office Properties Trust. Mr. Hatkoff was a co-founder with Mr. Klopp of our company, previously served as an executive officer and consultant to us and previously jointly reported beneficial ownership of our class A common stock with Messrs. Klopp and Zell.

Our board of directors currently has four standing committees: an audit committee, a compensation committee, a corporate governance committee and an investment committee.

Audit Committee: The audit committee is currently comprised of Messrs. Dobrowski and Nassau and Dr. Sagalyn, with Dr. Sagalyn serving as the committee's chairperson. All audit committee members meet the independence criteria and have the qualifications set forth in the listing standards of the NYSE and Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act. Each of Messrs. Dobrowski and Nassau is qualified as an audit committee financial expert within the meaning of Item 407(d)(ii) of Regulation S-K under the Exchange Act, and our board of directors has determined that they each have the accounting and related financial management expertise within the meaning of the listing standards of the NYSE. Compensation Discussion and Analysis

I. Administration of Compensation Programs

Our compensation committee oversees our compensation programs. Our compensation committee is responsible for reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer, evaluating the chief executive officer's performance in light of those goals and objectives, and determining and approving the chief executive officer's compensation level based on this evaluation. Our compensation committee is also responsible for reviewing and approving the salaries and other compensation of our named executive officers, which we refer to as NEOs. Our NEOs for 2008 include John R. Klopp, our chief executive officer, or CEO, Stephen D. Plavin, our chief operating officer, or COO, Geoffrey G. Jervis, our chief financial officer, or CFO and Thomas C. Ruffing, our chief credit officer, or CCO.

II. Compensation Philosophy and Program Objectives

Our objective is to provide compensation packages that attract, retain and motivate experienced and qualified executives, reward individual performance, align the interests of our NEOs with those of our shareholders and provide incentives for the creation of long-term shareholder value. Our executive compensation program consists of three main elements: an annual base salary, annual cash bonus compensation and long-term incentive compensation. The Company has designed the bonus and long-term compensation elements of our NEO compensation program to link individual compensation to the achievement of objective performance measures relating to key business goals that drive our financial performance.

We believe that the compensation provided to our executives should be commensurate with the performance of the company and must recognize the competitive environment for talented executives in which we operate. We compete for talent with other public and private commercial mortgage finance platforms as well as the commercial mortgage backed securities (CMBS) and structured finance groups within Wall Street commercial banks and investment banking firms. The overall principle guiding our NEO compensation is to pay total compensation that encourages outstanding performance and is in line with the competitive market. The actual compensation paid to each NEO will vary based on company and individual performance and the NEO's role within the company. Starting with our CEO in 2004, in response to the competitive environment, we began to enter into employment agreements with our NEOs and as of the end of 2006 all four NEOs were employed under employment agreements that, among other things, specify their salary, bonus and long-term incentive compensation. On December 31, 2008, our employment agreements with Messrs. Klopp and Ruffing had expired.

III. Procedural Approach

A. Role of the Board of Directors and Compensation Committee

Consistent with our philosophy, bonus and long-term compensation elements of our compensation program are designed to be commensurate with the performance of the company. Our board of directors has endorsed the strategic business goals for our company that are centered on successfully managing the balance sheet and investment management segments of our business. Our compensation committee in consultation with our CEO translates these strategic business goals into performance measures that are included in the executive officers' performance compensation awards to determine the annual cash bonus opportunities and/or long-term incentive compensation opportunities provided for our CEO, COO and CFO in their employment agreements. Our compensation committee has the discretion to take into account individual and company performance in awarding additional bonuses to all of our NEOs. Our CEO attends compensation committee meetings, but does not attend executive sessions. Our CEO makes recommendations to the compensation committee regarding the compensation of other NEOs, but does not vote on matters presented for approval or action by the compensation committee.

The compensation committee engaged the services of a compensation consultant, FPL Associates Compensation, a division of FPL Associates L.P. (FPL), at the time we entered into the employment agreements with our NEOs and determined that these agreements were at market. FPL has no other relationships with the company and is considered an independent third party advisor.

Table of Contents

Our compensation committee held meetings or acted through written consent four times during the year ended December 31, 2008 and held three meetings in 2009 with respect to 2008 compensation decisions. For 2008, in accordance with the employment agreements in place for our CEO, COO and CFO, the compensation committee, in consultation with the CEO, created objective performance measures that would be used to determine the annual cash bonus opportunity for each of the CEO, COO and CFO. Pursuant to their employment agreements, the CEO, COO and CFO, were eligible to receive annual cash bonuses at threshold (1.0x base salary), target (1.5x base salary) or maximum (2.0x base salary) level if these performance measures are achieved, and required no bonus in the event that these measures are not achieved. In addition, our CEO was eligible to receive additional long-term incentive compensation based upon the same formula. The performance measures approved by the compensation committee for 2008 consisted of (i) adjusted net income, (ii) dividends per share, (iii) fund equity raised, (iv) liability management, (v) portfolio credit performance and (vi) gross originations. At its January 2009 meeting, the compensation committee obtained calculations from our CFO and director of finance and accounting approving payouts and awards to our CEO, COO and CFO at approximately 1.4x base salary for the performance achieved in 2008. For each of the 2008 performance measures, the threshold level, target level, maximum level and actual 2008 performance were as follows: (i) adjusted net income of \$40 million (threshold), \$50 million (target), \$60 million (maximum) and \$51.2 million (actual); (ii) dividends paid of \$2.50 per share (threshold), \$2.70 per share (target), \$3.00 per share (maximum) and \$2.20 per share (actual); (iii) fund equity raised of \$350 million (threshold), \$500 million (target), \$650 million (maximum) and \$1.2 billion (actual); (iv) liability management of \$800 million (threshold), \$900 million (target), \$1 billion (maximum) and \$2 billion (actual); (v) portfolio credit performance of \$30 million (threshold), \$20 million (target), \$10 million (maximum) and \$4 million (actual); and (vi) gross originations of \$400 million (threshold), \$700 million (target), \$1.0 billion (maximum) and \$553 million (actual). In addition, the compensation committee approved an additional \$50,000 bonus to our CCO above the minimum bonus stipulated in his employment agreement, based on increased activity in the management of portfolio assets.

B. Interaction with Compensation Consultant

In 2008, the compensation committee engaged the services of FPL to assist in the negotiation of a new employment agreement with our CEO. Our CEO's existing employment agreement expired in December 2008. FPL's engagement and the negotiations with our CEO are ongoing.

IV. Compensation Structure**A. Overview of Elements of Pay**

In 2008, we utilized three main elements of compensation:

Annual Base Salary Fixed salary as set forth in the executives' employment agreements, subject to increase from time to time at the discretion of the board of directors;

Annual Cash Bonus Variable pay in the form of cash bonuses that is designed to reward executives for the attainment of annual business goals; and

Long-Term Incentive Compensation Awarded in the form of (i) restricted and performance stock awards and/or (ii) cash based performance awards with payouts based on our receipt of incentive management fees from third party investment management vehicles we manage.

B. Detail of Elements of Pay**(1) Base Salary**

Pursuant to their employment agreements, the NEOs receive a base annual salary, subject to possible increases by the board of directors. The annual salaries vary according to the levels of responsibility undertaken by the executive officers. We strive to compensate our NEOs with salaries commensurate with prevailing compensation practices in public and private commercial mortgage finance platforms as well as the CMBS and structured finance groups within Wall Street commercial banks and investment banking firms. The compensation committee periodically may review base salaries for our named executive officers on its own initiative or at the recommendation of our CEO. No such adjustments were made for 2008.

Consistent with our philosophy of designing our executive compensation program to be commensurate with company performance, our mix of compensation is weighted towards the variable and long-term incentive components.

Pursuant to their employment agreements, the NEOs are provided with opportunities for variable and long-term

incentive compensation.

Under the employment agreement, Mr. Plavin received a base salary at an annual rate of \$450,000 for the remainder of calendar year 2005 and, as of January 1, 2006, Mr. Plavin's base salary was increased to \$500,000 per year, subject to possible increase at the discretion of our board of directors.

Under the employment agreement, Mr. Jervis will receive a base salary of \$350,000 per year, or \$425,000 per year if employment is extended for the option year, subject to possible increase at the discretion of our board of directors.

Thomas C. Ruffing serves as our chief credit officer and head of asset management. He was employed in 2008 pursuant to an employment agreement entered into as of August 4, 2006. The employment agreement provided for Mr. Ruffing's employment through December 31, 2008. The employment agreement entitled Mr. Ruffing to a base salary of \$250,000 per year, subject to possible increase at the discretion of our board of directors.

(2) Annual Cash Bonus

We award cash bonuses as a short-term incentive to drive the achievement of our annual performance goals and to focus executive behavior on the fulfillment of annual business objectives. Pursuant to their employment agreements, our CEO, COO and CFO were eligible to earn annual cash bonuses for 2008 tied to the achievement of threshold, target or maximum performance levels set for performance measures selected by the compensation committee. This annual bonus opportunity is contained in performance awards granted under our then active long-term incentive plan. For 2008, the performance measures were set at levels that the compensation committee believed would equate to acceptable management performance at threshold levels, good performance at the target level and outperformance at the maximum level. Our CEO, COO and CFO were eligible to earn annual cash bonuses ranging from \$0 to 200% of base salary at maximum performance, with a target of 150% of base salary at target performance. As noted above, for 2008, the performance measures approved by the compensation committee consisted of (i) adjusted net income, (ii) dividends per share, (iii) fund equity raised, (iv) liability management, (v) portfolio credit performance, and (vi) gross originations, which were weighted 20%, 20%, 15%, 15%, 15% and 15%, respectively, in the case of Mr. Klopp, 20%, 20%, 10%, 10%, 20% and 20%, respectively, in the case of Mr. Plavin, and 20%, 20%, 20%, 20%, 10% and 10%, respectively, in the case of Mr. Jervis. In January 2009, the compensation committee approved payouts and awards at approximately 1.4x base salary for the performance achieved in 2008, entitling Mr. Klopp to a cash bonus of \$840,240 and a grant of \$530,375 of shares of restricted and performance stock, Mr. Plavin to a cash bonus of \$681,575 and Mr. Jervis to a cash bonus of \$503,178.

Mr. Ruffing received an annual cash bonus for 2008 of \$300,000, which consisted of the minimum cash bonus stipulated in his employment contract of \$250,000 and an additional discretionary annual cash bonus of \$50,000. The compensation committee awarded the additional bonus based on superior individual performance as described above. In March 2009, the company restructured its recourse liabilities, and, in conjunction with the restructuring, our lenders were given certain oversight and approval rights over compensation. In particular, the bonus compensation of Messrs. Klopp, Jervis and Plavin is subject to the approval of the lenders.

Table of Contents***(3) Long-Term Incentive Compensation***

Since we elected to be taxed as a REIT in 2003, the principal form of equity based long-term incentive compensation awarded to NEOs has taken the form of time-vested restricted stock and performance-vested performance stock issued under our then active long-term incentive plan, which is administered by the compensation committee. In addition, we also award cash based long-term incentive compensation in the form of performance awards that provide for payouts based on our receipt of incentive management fees from third party investment management vehicles we manage. We believe these awards focus NEO behavior on the fulfillment of long-term business objectives, and create a sense of ownership in the company that causes executive decisions to be aligned with the best interests of our shareholders.

Pursuant to his employment agreement, for 2008, Mr. Klopp was eligible to earn shares of restricted and performance stock, subject to future vesting, tied to the achievement of threshold, target or maximum performance levels set for performance measures selected by the compensation committee. In each year of his contract commencing on and after January 1, 2005, Mr. Klopp was eligible to earn shares of restricted and performance stock with a value ranging from \$250,000 at threshold performance to \$750,000 at maximum performance, with a target of \$500,000 at target performance. The performance measures and weights assigned are the same as set for his annual cash bonus opportunity as described above. In January 2009, the compensation committee reviewed and confirmed the level of performance achieved with respect to the selected performance measures, and, as a result, Mr. Klopp earned an award of 163,192 shares of restricted (50%) and performance (50%) stock (valued at \$530,370 based on the average closing price for January 2009). In accordance with his employment agreement, the restricted stock will vest in twelve equal quarterly installments over the three year period commencing on January 1, 2009 and ending on December 31, 2011 and the performance stock will vest on December 31, 2012 provided that the total shareholder return from January 1, 2009 through December 31, 2012 is at least 13% per annum.

Mr. Plavin and Mr. Jervis' respective employment agreements contain an option for us to extend the terms of the agreements by one year through December 31, 2009 and December 31, 2010, respectively. In the event the options are exercised by us, Mr. Plavin and Mr. Jervis are entitled to grants of 30,000 and 16,875 shares of restricted stock, respectively. We extended Mr. Plavin's agreement through December 31, 2009.

No cash based performance awards relating to incentive management fees from our third party investment management business were awarded to NEOs in 2008.

On April 26, 2007, the board of directors adopted the 2007 long-term incentive plan, or 2007 Plan, effective upon shareholder approval which occurred on June 7, 2007. The 2007 Plan includes shares available for issuance under our previous long-term incentive plan and constitutes the sole long-term incentive plan that governs all aspects of the company's long-term incentive compensation.

Since 2007, certain NEOs elected to defer receipt of certain restricted stock awards that would otherwise become payable to them after 2007 and upon the satisfaction of vesting periods set forth in their individual award agreements. An award subject to a deferral election will continue to vest at the end of the vesting period pursuant to its original terms, but will not be distributed to the executive until the occurrence of the applicable distribution event set forth in the deferral election. Distribution events may include: death, disability, or other separation from service; change in control of the company; and a specified date elected by the executive.

(4) Stock Option Awards

We made no grants of stock options to our named executive officers in 2008. All outstanding stock options have vested, having been granted prior to our election to be taxed as a REIT in 2003, after which we determined to use restricted and performance stock as the principal form of equity based long-term incentive compensation awarded to NEOs.

(5) Retirement, Perquisites and Other Personal Benefits

We do not maintain any defined benefit or supplemental executive retirement programs for NEOs. We do, however, maintain a 401(k) plan and we match the first 3% of deferrals on a dollar-for-dollar basis.

Mr. Klopp is entitled to have premiums paid for life insurance, a leased car and a driver employed by the company. Mr. Plavin is entitled to have his premiums paid for life insurance.

C. Interrelationship of Elements of Pay

In determining the overall mix of elements comprising total compensation, the compensation committee emphasizes the relationship of compensation to performance. Accordingly, in the case of the CEO, COO and CFO, a significant portion of total compensation that may be earned is performance based. This approach to compensation provides the executives with a base level of compensation, while motivating the executives to enhance our business and achieve our goals, thereby producing a high level of performance for the company and greater variable pay for the executive. We also award significant levels of long-term incentive compensation that through time or performance vesting provide a counter-balance to short-term annual cash bonus compensation and advance the company's retention and motivation compensation objectives.

Table of Contents

D. Pay Levels and Benchmarking

The total annual compensation (salary, cash bonuses and long-term incentive compensation) for NEOs is determined based on several factors including the individual's position and responsibilities, as well as the pay levels in the marketplace for similar positions. As noted above, based on its benchmarking study, FPL has advised that as of the time the company entered into the employment agreements with the NEOs, the total compensation of each of the NEOs was at market. The benchmarks used for the NEOs are drawn from a mixture of peer groups designed to provide a broader rather than more limited view of the compensation universe. The three main peer groups are: (1) the public commercial mortgage company peer group, (2) the Wall Street investment bank CMBS peer group, and (3) the traditional banks and related lenders CMBS peer group. The benchmark study analyzed various components of compensation, including base salary, annual cash bonuses, total annual cash, the value of long-term incentive awards, and total compensation.

V. Timing of Equity Grants

Equity based awards to our NEOs are awarded under our 2007 Plan. As administrator, the compensation committee is authorized in its discretion to grant awards under the plans, establish the terms of such awards, including vesting terms, prescribe grant agreements evidencing such awards and establish programs for granting awards. The compensation committee has not delegated its authority to make awards or prescribe the terms (including vesting terms) to our management. Our CEO makes recommendations to the compensation committee regarding the officers and employees recommended to receive awards, the type of award, the number of shares subject to the award and other terms of such award, including vesting terms and the life of the award.

Our policy provides for annual grants of equity based awards in the form of restricted and performance stock and we do not have any plans, policies or practices to time the grant of equity awards to our executive officers in coordination with the release of material non-public information. Grants of other equity-based awards are determined by the compensation committee and typically are made in January or February of each calendar year after a review of the company's and individuals' performance during the prior year. We do not follow a set schedule for making equity grants under our plans and grants may also occur at other times of the year upon execution of a new employment agreement or at the time of new hire.

Awards of restricted and performance stock to existing employees are denominated in a dollar value and the number of shares awarded is currently determined using a 30-day average price except that in the case of new hires, the number of shares awarded is determined using the employee's start date for determining the base price. Approvals of equity based awards are typically obtained at meetings of the compensation committee, but management may also seek approvals by unanimous written consent of the committee members.

No stock options were granted to any executive officers during 2008.

VI. Stock Ownership Guidelines

As disclosed under the caption "Security Ownership of Certain Beneficial Owners and Management" below, our named executive officers are shareholders of the company. We do not currently have stock ownership guidelines for our named executive officers.

VII. Adjustment or Recoupment of Awards

The 2007 Plan contains a forfeiture or clawback mechanism to recoup awards from a NEO to the extent any of our financial results are misstated as a result of the NEO's willful misconduct or gross negligence and the financial results are restated downward. In addition, Section 304 of Sarbanes-Oxley provides an ability to recover incentive awards in certain circumstances. Under this law, if we are required to restate our financials due to noncompliance with any financial reporting requirements as a result of misconduct, the chief executive officer and chief financial officer must reimburse us for (1) any bonus or other incentive- or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and (2) any profits realized from the sale of our securities during those 12 months.

Table of Contents**VIII. Post-Employment Severance and Change-in-Control Benefits**

In 2008, our employment agreements with Messrs. Klopp and Ruffing expired, thereby resulting in their loss of the right conferred in the employment agreements to cash severance, employer-paid health insurance, and accelerated vesting upon their termination of employment. Nevertheless, the following table reports severance amounts as being payable to Messrs. Klopp and Ruffing, because they would have been entitled to severance under their agreements had their employment terminated on December 31, 2008. Messrs. Jervis and Plavin have an employment agreement that provides for severance payments and other benefits, including following a change in control that results in a loss of employment or a significant change in employment. Pursuant to their employment agreements, employment terminates upon the executive officer's death, we may terminate each of their employment upon disability that has incapacitated him for 180 consecutive days, or for conduct defined as "cause" in the employment agreement or for reasons other than for cause, and each of them may terminate his employment agreement for "good reason" as defined in the agreement, which includes the assignment of materially inconsistent duties, responsibilities and title and change in control, or without good reason.

The table below reflects the amount of compensation payable to each of our named executive officers in the event the executive's employment is terminated on specified grounds. The amounts shown assume that such termination was effective as of December 31, 2008, and thus include amounts earned through such date and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such executive's separation from the company.

IX. Impact of Tax and Accounting

Section 162(m) of the Code limits the deductibility in our tax return of compensation over \$1 million to any of our executive officers unless, in general, the compensation is paid pursuant to a plan which is performance-related, non-discretionary and has been approved by our shareholders. The compensation committee's policy with respect to Section 162(m) is to make reasonable efforts to ensure that compensation is deductible to the extent permitted, while simultaneously providing our executives with appropriate rewards for their performance and therefore the compensation committee may authorize the payment of compensation to NEOs outside the limits of Section 162(m).

X. Post 2008 Actions

No changes to the employment agreements for our NEOs have been made subsequent to December 31, 2008.

Compensation actions for our NEOs are limited to those described in sections above.

In March 2009, we restructured our recourse liabilities, and, in conjunction with the restructuring, our lenders were given certain oversight and approval rights over compensation. In particular, the bonus compensation of Messrs. Klopp, Jervis and Plavin is subject to the approval of the lenders.

XI. Conclusion

The compensation committee believes that the total compensation paid to each of our NEOs is competitive and appropriate in view of the results from the benchmarking study undertaken by FPL and given the context of our business achievements and the individual performance of the NEOs in 2008.

Director Compensation

In 2008, our non-employee directors earned fees at an annual rate of \$75,000. All of our non-employee directors, except for one, elected in 2008 to receive their fees in the form of stock units issued under our 2007 Plan. Payment for services is made quarterly. For those directors who receive stock units, the number of units is determined based upon the quarterly fee (\$18,750) and the average stock price for the applicable quarter. There is currently no separate compensation for service on committees of the board of directors. All directors are also reimbursed for travel expenses incurred in attending board and committee meetings.

The following table sets forth the compensation paid by us to our non-employee directors for the fiscal year ended December 31, 2008:

Transactions with Related Persons, Promoters and Certain Control Persons

Relationship with Martin L. Edelman

Martin L. Edelman, a director, is of counsel to Paul, Hastings, Janofsky & Walker LLP, a law firm that provides us with ongoing legal representation with respect to various matters.

Investments by trusts established for the benefit of Samuel Zell in our funds

Trusts established for the benefit of the chairman of our board of directors, Samuel Zell, and members of his family indirectly invested, on the same terms available to third party investors, in CT Mezzanine Partners II LP, CT Mezzanine Partners III, Inc. and CT Opportunity Partners I, LP, three third party investment management vehicles which we currently manage, pursuant to which capital commitments and capital contributions have been made, and from which income has been received, since 2001.

Arrangement with W. R. Berkley Corporation

On November 9, 2006, we commenced our CT High Grade MezzanineSM investment management initiative and entered into three separate account agreements with affiliates of WRBC for an aggregate of \$250.0 million. Pursuant to these agreements, we invest, on a discretionary basis, capital on behalf of WRBC in commercial real estate mortgages, mezzanine loans and participations therein. The separate accounts are entirely funded with committed capital from WRBC and are managed by a subsidiary of our wholly-owned investment management subsidiary, CT Investment Management Co. LLC, or CTIMCO. Each separate account has a one-year investment period with extension provisions. CTIMCO will earn a management fee equal to 0.25% per annum on invested assets. On July 25, 2007, we amended the agreements to increase the aggregate commitment of the WRBC affiliates to \$350.0 million and extend the investment period to July 2008.

On April 27, 2007, we purchased a \$20.0 million subordinated interest in a mortgage from a dealer. Proceeds from the original mortgage financing provide for the construction and leasing of an office building in Washington, D.C. that is owned by a joint venture. WRBC has a substantial economic interest in one of the joint venture partners.

Other Transactions with Related Parties

On March 28, 2008, we announced the closing of our public offering of 4,000,000 shares of our class A common stock. We received net proceeds of approximately \$113 million. Morgan Stanley & Co. Incorporated acted as the sole underwriter of the offering. Affiliates of Samuel Zell, our chairman of the board, and WRBC purchased a number of shares in the offering sufficient to maintain their pro rata ownership interests in the company.

Table of Contents

In July 2008, CT Opportunity Partners I, LP, or CTOPI, a private equity fund that we manage, held its final closing, completing a capital raise with \$540 million total equity commitments. EGI-Private Equity II, L.L.C., an affiliate under common control of our chairman of the board, owns a 3.7% limited partner interest in CTOPI. In 2008, we recorded \$8.9 million in fees from CTOPI, \$351,000 of which were attributable to EGI Private Equity II, L.L.C. **We believe that the terms of the foregoing transactions are no less favorable than could be obtained by us from unrelated parties on an arm s-length basis.**

Pursuant to our code of business conduct and ethics, our audit committee must review and approve in advance all material related party transactions, including financial transactions, arrangements or relationships, or series of any of the foregoing, in which we participate that involve \$120,000 or more with any of our directors, officers, employees or significant shareholders (i.e., holders of 5% of our outstanding stock) or any immediate family member, as defined to include others sharing a household of any of the foregoing, which we refer to collectively as related persons, or any entity in which any of our related persons is employed or has with other related persons a collective interest in more than 5%, or in the case of a partnership, for which any of them serves as a general partner or is otherwise associated. Pursuant to our code of business conduct and ethics, directors, officers and employees must not enter into, develop or continue any such material transaction, arrangement or relationship without obtaining such prior audit committee approval. In addition, our chief financial officer reports all related party transactions, arrangements or relationships not subject to prior audit committee approval to our audit committee at regularly scheduled audit committee meetings. Further, under our code of business conduct and ethics, all instances involving such potential related party transactions, arrangements or relationships, regardless of the amount involved, are required to be reported to either our chief executive officer, chief operating officer or chief financial officer, who will assess the materiality of the transaction, arrangement or relationship and elevate the matter to the audit committee as appropriate.

Table of Contents**PROPOSAL 2 RATIFICATION OF INDEPENDENT AUDITORS****Description of Proposal**

Our board of directors has appointed Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2009, and has further directed that the appointment of such independent auditors be submitted for ratification by the shareholders at the annual meeting. We have been advised by Ernst & Young LLP that neither that firm nor any of its associates has any relationship with us or our subsidiaries other than the usual relationship that exists between independent auditors and clients. Ernst & Young LLP will have a representative at the annual meeting who will have an opportunity to make a statement, if he or she so desires, and will be available to respond to appropriate questions.

Shareholder ratification of the appointment of Ernst & Young LLP as our independent auditors is not required by our charter or otherwise. However, our board of directors is submitting the appointment of Ernst & Young LLP to the shareholders for ratification as a matter of what it considers to be good corporate practice. Even if the appointment is ratified, our board of directors in its discretion may direct the appointment of different independent auditors at any time during the year if the board determines that such a change would be in our and our shareholders' best interests.

Independent Auditors' Fees

Aggregate fees we were billed for the fiscal years ended December 31, 2008 and 2007 by our independent auditors, Ernst & Young LLP, are as follows:

	Fiscal Year Ended	
	December 31,	
	2008	2007

All other fees	2,000	2,000
Total(d)	\$ 1,562,746	\$ 1,442,303

(a) Audit fees include amounts billed to us related to annual financial statement audit work, quarterly financial statement reviews and comfort letters on and review of SEC registration statements.

(b)

The audit-related fees include principally amounts billed to us related to due diligence and agreed upon procedures for 2008.

- (c) Tax fees include amounts billed to us primarily for tax planning and consulting, tax compliance and preparation and review of federal, state and local tax returns and tax fees related to REIT tax matters.
- (d) The amounts in the table do not include audit fees for 2008 and 2007 of \$361,350 and \$313,000, respectively, and tax fees of \$152,365 and \$133,350, respectively, relating to our third party investment management vehicles (CT Mezzanine Partners III, Inc., CT Large Loan 2006, Inc., CT High Grade Mezzanine (for 2007 only), CTX Fund I, LP

(for 2007 only),
CT Opportunity
Partners I, LP
and CT High
Grade Partners
II, LLC).

The audit committee of the board of directors was advised of the services provided by Ernst & Young LLP that are unrelated to the audit of the annual fiscal year end financial statements and the review of interim financial statements and has considered whether the provision of such services is compatible with maintaining Ernst & Young LLP's independence as our independent auditors.

Table of Contents

Audit Committee Pre-Approval Policy

In accordance with our audit committee pre-approval policy, all audit and non-audit services performed for us by our independent auditors were pre-approved by the audit committee of our board of directors, which concluded that the provision of such services by Ernst & Young LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

The pre-approval policy provides for categorical pre-approval of specified audit and permissible non-audit services and requires the specific pre-approval by the audit committee, prior to engagement, of such services, other than audit services covered by the annual engagement letter, that are individually estimated to result in an amount of fees that exceed \$100,000. In addition, services to be provided by the independent auditors that are not within the category of pre-approved services must be approved by the audit committee prior to engagement, regardless of the service being requested or the dollar amount involved.

Requests or applications for services that require specific separate approval by the audit committee are required to be submitted to the audit committee by both management and the independent auditors, and must include a detailed description of the services to be provided and a joint statement confirming that the provision of the proposed services does not impair the independence of the independent auditors.

The audit committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated shall report any pre-approval decisions to the audit committee at its next scheduled meeting. The audit committee does not delegate to management its responsibilities to pre-approve services to be performed by the independent auditors.

Vote Required; Recommendation

The affirmative vote of a majority of the votes cast on the matter at the annual meeting is required to ratify the appointment of Ernst & Young LLP as our independent auditors. **Our board of directors unanimously recommends that you vote for the ratification of Ernst & Young LLP as our independent auditors.**

Report of the Audit Committee of the Board of Directors*

Our board of directors' audit committee carries out oversight functions with respect to the preparation, review and audit of our financial statements, our system of internal controls and the qualifications, independence and performance of our internal auditor consultants and independent auditors and operates under a written charter adopted by the board of directors. The charter can be viewed, together with any future changes that may occur, on our website at www.capitaltrust.com. The audit committee has the sole authority and responsibility to select, evaluate and, as appropriate, replace our independent auditors. The audit committee members are independent within the meaning of the applicable New York Stock Exchange listing standards and Rule 10A-3 under the Securities Exchange Act of 1934, as amended.

Our management is responsible for the development, maintenance and evaluation of internal controls and procedures and our financial reporting system, the maintenance of appropriate accounting and financial reporting principles or policies and the preparation of financial statements in accordance with generally accepted accounting principles. Our independent auditors perform an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and issue a report thereon. The audit committee's responsibility is to monitor and oversee the foregoing functions.

The audit committee has met and held discussions with management and the independent auditors with respect to our consolidated financial statements for fiscal year 2008 and related matters. Management advised the committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles and the committee has reviewed and discussed the consolidated financial statements with management and our independent auditors, Ernst & Young LLP. Our independent auditors presented to and reviewed with the audit committee the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees). Our independent auditors also provided to the committee the written disclosures and the letter from the auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence and in connection therewith the committee discussed with the independent auditors their views as to their independence. The audit committee also reviewed, among other things, the audit and non-audit services performed by, and the amount of fees paid for such services to, Ernst & Young LLP. The audit committee meetings regularly include executive sessions with our independent auditors without the presence of our management.

In undertaking its oversight function, the audit committee relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent auditors included in their report on our financial statements. The audit committee is not, however, professionally engaged in the practice of accounting or auditing and does not provide any expert or other special assurance or professional opinion as to the sufficiency of the external or internal audits, whether the company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or on the effectiveness of the system of internal control.

Based on the audit committee's considerations, discussions with management and discussion with the independent auditors as described above, the audit committee recommended to the board of directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the Securities and Exchange Commission.
