EXPLANATORY NOTE:

On October 6, 2010, Dynegy Inc. (“Dynegy”) issued a press release announcing that it has mailed to its stockholders a letter recommending they vote in favor of the proposal to adopt its previously announced Agreement and Plan of Merger, dated as of August 13, 2010 (the “Merger Agreement”), providing for the acquisition of Dynegy by Denali Parent Inc. (the “Merger”), an affiliate of The Blackstone Group L.P. (“Blackstone”). A copy of the press release, which includes the letter in its entirety, is attached hereto.

FOR IMMEDIATE RELEASE

NR10-16

DYNEGY INC. SENDS LETTER TO STOCKHOLDERS

Recommends Stockholders Vote FOR the Merger Agreement with Blackstone  
at November 17, 2010, Special Meeting of Stockholders

HOUSTON – October 6, 2010 – Dynegy Inc. (NYSE: DYN) today sent the following letter to its stockholders recommending that they vote FOR the proposal to adopt the merger agreement with an affiliate of The Blackstone Group L.P. at Dynegy’s November 17, 2010, Special Meeting of Stockholders:

October 6, 2010

Dear Stockholders:

You have received, or will soon receive, proxy materials from Dynegy Inc. regarding the Special Meeting of Dynegy Stockholders scheduled for November 17, 2010. At that Special Meeting, you will be asked to consider, and vote upon, a proposal to adopt the merger agreement providing for the acquisition of Dynegy by an affiliate of The Blackstone Group L.P. Dynegy stockholders of record as of the close of business on October 1, 2010, are entitled to notice of, and to vote at, the Special Meeting. As detailed in Dynegy’s definitive proxy materials and outlined below, your Board of Directors believes that Blackstone’s \$4.50 per share cash offer is in the best interests of Dynegy and its stockholders.

Your vote is very important. Your Board of Directors recommends that Dynegy stockholders vote today FOR the proposal to adopt the merger agreement with Blackstone. A failure to vote will have the same effect as a vote AGAINST the adoption of the merger agreement.

THE PROPOSED TRANSACTION WITH BLACKSTONE ELIMINATES THE SUBSTANTIAL RISKS OF A  
STAND-ALONE STRATEGY

The Blackstone transaction will remove significant risk to Dynegy stockholders. While Dynegy believes that long-term fundamentals remain intact for the electricity sector, the anticipated timing to realize the upside of the sector has been significantly delayed due to the recession and various other factors, and the challenges in the near- to medium-term pose significant risks and operating limitations for Dynegy, including challenges that are beyond Dynegy’s control. These challenges include:

- Low and declining commodity prices and continued economic weakness
- Forward natural gas prices have declined steadily over the past two years and have continued to fall since the Blackstone transaction was announced.
- Challenging financial position
- Near-term – Dynegy might be unable to comply with certain financial covenants within the next six months which, absent a waiver, will require significant restructuring that will likely result in reduced liquidity and higher interest costs.
- Longer-term – Dynegy has substantial debt and forecasts \$1.1 billion in negative cash flows through 2014, significantly reducing available liquidity.
- Limited liquidity, weak cash flow generation as a consequence of low commodity prices, and challenging capital market conditions present significant refinancing risks.
- Regulatory and environmental risk and uncertainty
- A number of environmental and financial reform regulations are pending, and additional regulations are anticipated in the future.
- Adverse regulations, if enacted, are likely to result in negative impacts to Dynegy in terms of capital expenditures and operating costs and, depending on the nature of these regulations, the negative impacts may be severe.

**THE BLACKSTONE TRANSACTION IS THE CULMINATION OF A LENGTHY AND EXTENSIVE  
EVALUATION OF STRATEGIC ALTERNATIVES TO  
MAXIMIZE VALUE FOR DYNEGY STOCKHOLDERS**

During the two years preceding the Blackstone transaction announcement, Dynegy's Board of Directors, with its independent financial advisors, considered a wide range of strategic alternatives with the goal of maximizing value for Dynegy stockholders. Dynegy analyzed various strategic alternatives, including remaining as a stand-alone company and the sale of various asset packages. As part of this evaluation process, Dynegy's financial advisors solicited interest from 16 potential acquirers or merger partners, but no transaction other than the Blackstone transaction materialized. Blackstone's offer, with its substantial premium, was the culmination of this process and, we believe, provides the greatest value for Dynegy stockholders.

**DYNEGY BELIEVES BLACKSTONE'S CASH OFFER OF \$4.50 PER SHARE  
PROVIDES DYNEGY STOCKHOLDERS WITH FULL, FAIR AND IMMEDIATE VALUE**

In making its recommendation, your Board took into account a variety of factors described in the definitive proxy statement, including Dynegy's pre-announcement and historical stock prices, forecasts of Dynegy's future financial performance prepared by Dynegy's management, and the fairness opinion delivered to the Board by each of its financial advisors, Goldman, Sachs & Co. and Greenhill & Co., LLC. Your Board also considered various strategic alternatives, including remaining a stand-alone company and the sale of various asset packages. In evaluating these alternative scenarios, it was determined that asset sales were not likely to lead to greater stockholder value than the Blackstone transaction.

Blackstone's offer of \$4.50 per share in cash represents a premium of 62% to Dynegy's closing stock price of \$2.78 per share on August 12, 2010, the last day before the merger agreement was announced, and a premium of 26% to Dynegy's prior 30-day average closing price. Dynegy believes the proposed Blackstone transaction provides stockholders with full, fair and immediate value.

You are encouraged to read the definitive proxy materials for further details regarding the Board's process for considering, and the reasons for approving, the merger agreement with Blackstone.

NO SUPERIOR OFFERS WERE MADE DURING DYNEGY'S "GO-SHOP" PROCESS

To maximize value for Dynegy's stockholders, Dynegy negotiated with Blackstone the inclusion of a "go-shop" provision in the merger agreement that allowed Dynegy to actively solicit superior offers for a period of 40 days following the announcement of the merger agreement. During that period, Dynegy's financial advisors contacted 42 parties, and Dynegy signed confidentiality agreements with eight parties.

Despite the broad solicitation of potentially interested parties, no party made a proposal, much less one that was superior to the Blackstone offer.

IF THE BLACKSTONE TRANSACTION IS NOT APPROVED,  
DYNEGY'S STOCK PRICE COULD TRADE AT OR BELOW  
THE PRE-ANNOUNCEMENT STOCK PRICE OF \$2.78 PER SHARE

If the Blackstone transaction is not approved by stockholders at the upcoming Special Meeting and subsequently completed, Dynegy may be forced to restructure using one or a combination of several options, including issuing equity or equity-linked securities or selling assets. As a result, Dynegy's stockholders could lose not only the significant and immediate cash value inherent in Blackstone's premium offer, but could also face potential dilution and further loss on their investment as a result of any such subsequent restructuring activities.

Dynegy's stock price has been highly correlated with natural gas prices that continue to fall. Further, Dynegy's high level of indebtedness and leverage increases its risk profile, which increases its stock price sensitivity to natural gas prices.

Therefore, if the Blackstone transaction is not approved by stockholders at the Special Meeting and subsequently completed, Dynegy's stock could trade at or below its pre-announcement stock price of \$2.78 per share. The stock prices of Dynegy's peers have fallen on average approximately 3% since August 12, 2010, the day before the announcement of the Blackstone transaction – which could imply a 60% loss in value when compared to Blackstone's binding cash offer of \$4.50 per share.

YOUR VOTE IS IMPORTANT –  
PLEASE VOTE FOR THE BLACKSTONE TRANSACTION TODAY

Your vote is extremely important, no matter how many or how few shares you own. The affirmative vote of holders of a majority of Dynegy's outstanding shares is required to approve the proposal to adopt the merger agreement. Failing to vote has the same effect as a vote against the proposal to adopt the merger agreement. Please take a moment to vote FOR the proposal to adopt the merger agreement today – by telephone, by Internet or by signing, dating and returning the enclosed proxy card in the postage-paid envelope provided.
