Item 5.02. Departure of Directors or Principal Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On April 28, 2016, the Board of Directors (the “Board”) of LightPath Technologies, Inc. (the “Company,” “we,” “us,” or “our”) appointed Craig Dunham to serve on the Board effective immediately. Mr. Dunham was appointed to fill a vacancy created by our Board to expand the size of our Board from seven to eight directors. Mr. Dunham will serve as a Class III director until our annual stockholders’ meeting proposed to be held in 2018, and until his successor is elected and qualified.

The Board affirmatively determined that Mr. Dunham qualifies as an independent director. Mr. Dunham has also been appointed to serve on the Audit Committee.

Mr. Dunham, age 60, previously served as a consultant to the Board beginning in May 2014 until his appointment to the Board in April 2016. Since March 2015, he has been an Operating Partner with a merger and acquisition advisory firm as well as doing business consulting. From May 2011 until March 2015, Mr. Dunham served as the Chief Executive Officer and Director of Applied Pulsed Power Inc., a pulsed power components and systems company near Ithaca, New York. From 2004 until 2011, Mr. Dunham was President, Chief Executive Officer and Director of Dynasil Corporation (NASDAQ: DYSL). He continues to be a Director at Dynasil and is a member of their audit committee. Prior to joining Dynasil, Mr. Dunham spent approximately one year partnering with a private equity group to pursue acquisitions of mid-market manufacturing companies. From 2000 to 2003, he was Vice President/General Manager of the Tubular Division at Kimble Glass Corporation. From 1979 to 2000, he held progressively increasing leadership responsibilities at Corning Incorporated (“Corning”) in manufacturing, engineering, commercial, and general management positions. At Corning, Mr. Dunham delivered results in various glass and ceramics businesses including optics and photonics businesses. Mr. Dunham earned a Bachelor of Science in Mechanical Engineering and a Master’s degree in Business Administration from Cornell University. Mr. Dunham’s expertise in executive leadership, financial, operations and management, business acumen, optics/photonics market knowledge, and knowledge of the acquisitions process, qualifies him for service as one of our directors.

There is no arrangement or understanding between Mr. Dunham and any other person pursuant to which Mr. Dunham was elected as one of our directors. We are not aware of any transaction requiring disclosure under Item 404(a) of Regulation S-K promulgated by the Securities and Exchange Commission.

Mr. Dunham will be compensated for his service on our Board as generally described for all directors in our Proxy Statement for our 2016 Annual Meeting of Stockholders filed with the Securities and Exchange Commission on December 18, 2016.

A press release announcing Mr. Dunham's appointment is attached hereto as Exhibit 99.1.
