Dear Fellow Stockholder:

On behalf of the Board of Directors of Hudson Pacific Properties, Inc., I invite you to attend our Annual Meeting of Stockholders on Thursday, May 23, 2019 at 9:00 a.m. (PDT). The meeting will be held at our headquarters, located at 11601 Wilshire Boulevard, Ninth Floor, Los Angeles, California 90025.

I am pleased to report that 2018 was a strong year for Hudson Pacific Properties, Inc., propelled by our team's consistently excellent execution, as well as the continued strength of tech and media in West Coast markets.

Office Segment: We signed 3.4 million square feet of leases at 30% GAAP and 16% cash rent spreads, making 2018 our strongest year ever for office leasing in terms of volume, and one of our strongest in terms of rent spreads. As a result, our stabilized and in-service office portfolios ended the year at 95.4% and 93.0% leased, respectively, and our 1.1 million square feet of under construction or near-term planned development and redevelopment projects are over 86% pre-leased.

Studio Segment: Our studios continue to benefit from streaming content creators' growing demand for space, and in 2018 we increased occupancy, rents and ancillary revenue at all three Sunset Studios properties. Today, more than 50% of our studio annual base rent is attributable to long-term leases, providing us with a means to generate more stable cash flow, while still capturing rent growth from shorter-term leases.

Capital Recycling: We capitalized on strong market conditions to sell \$465 million of non-core assets in 2018, all at meaningful premiums to our basis, and recycled that capital into higher quality, well-located properties with better NOI growth potential. This year, we also added two value-add opportunities to our portfolio through joint ventures. Specifically, our 584,000-square-foot creative office conversion of the former-Westside Pavilion mall in Los Angeles with Macerich, and our San Francisco Ferry Building repositioning with Allianz Real Estate.

Sustainability: We grew our sustainability program with an increased focus on ESG in 2018. We completed our inaugural submission to GRESB, developed a Sustainability Action Plan for every office property, created a strategy for implementing LEED-EBOM at key operating properties, and committed to reducing our energy and water consumption and greenhouse gas emissions, and to improving our portfolio average ENERGY STAR score and waste diversion rates, all by 10% by 2025.

The enclosed notice of meeting and Proxy Statement highlights detailed information for the Annual Meeting. If you are unable to attend, we encourage you to vote by proxy. We offer multiple options for voting your shares, including by telephone, the Internet or mail as described beginning on page 6 of the Proxy Statement. Your vote is very important to us, and we value your engagement.

Thank you for your continued support of Hudson Pacific Properties, Inc.

Sincerely yours,

Victor J. Coleman

Chief Executive Officer, President and
Chairman of the Board of Directors

Proxy Summary

2018 Business Highlights

We are a vertically integrated real estate company focused on acquiring, repositioning, developing and operating high-quality office and state-of-the-art studio properties in high-growth, high-barrier-to-entry submarkets throughout Northern and Southern California and the Pacific Northwest. We invest across the risk-return spectrum, favoring opportunities where we can employ leasing, capital investment and management expertise to create additional value.

Our business strategy has resulted in a consistent track record of creating strong operational performance and significant long-term value for our stockholders.

Operations

Achieved net income attributable to common stockholders per diluted share equal to \$0.63, reflecting a 43% increase from 2017;

Achieved funds from operations, or FFO⁽¹⁾, excluding specified items, per diluted share equal to \$1.86, which met or exceeded FFO estimates for all reported quarters;

Generated superior same-store net operating income and same-store cash net operating income of 1.9% and 4.8%, respectively;

Ended 2018 with a stabilized office portfolio lease rate of 95.4%; and

Executed new and renewal leases covering over three million square feet with GAAP and cash rent spreads of 29.5% and 15.7%, respectively.

Strategic Growth

Sold \$464.8 million of assets, all at a premium to original purchase price;

Purchased \$521.0 million of assets (including One Westside and 10850 Pico, formerly known as Westside Pavilion, and the Ferry Building);

Amended and restated unsecured credit facilities to, among other things, increase unsecured revolving credit facility from \$400.0 to \$600.0 million, extend term to March 13, 2022, and reduce interest rate to LIBOR plus 105 to 150 basis points per annum, interest rate for Company's \$300.0 million term loan maturing April 1, 2020, \$350.0 million term loan maturing April 1, 2022, and \$125.0 million term loan maturing November 17, 2022, was reduced to LIBOR plus 120 to 170 basis points per annum and repurchased 1,639,260 shares at a weighted average price of \$30.48 per share, with gross value of \$50,000,000; and

Achieved significant growth while maintaining a strong balance sheet, with debt⁽³⁾/total market capitalization of 36.8%.

(1) Refer to Appendix A for our definition of FFO and a reconciliation of net income to FFO, excluding specified items.

(2) Refer to Appendix A for our definition of net operating income and a reconciliation from net income to net operating income.

(3) Excludes defeased debt and joint venture partner debt, and includes Series A preferred units.

We believe that the value creation produced from an investment in real estate should be assessed over a long-term period, and our strategy has focused on long-term value creation. While our one-year total stockholder return, or TSR, was -12.50% as compared to -13.14% at the median of our peer group, we have consistently delivered exceptional

TSR performance over the last eight years.

2018 Compensation Highlights

The Compensation Committee believes that an executive compensation program that strongly links both the short-term and long-term performance of the Company and the compensation of our executive officers is a key driver of our long-term financial success.

The Company believes that our current executive compensation program represents a balanced, pay-for-performance structure, with the following key highlights:

Pay-Performance Alignment	87% of our CEO's 2018 total annual compensation was variable and performance-based (80% on average for our other named executive officers, or NEOs). 22% of our CEO's 2018 total annual compensation continues to be at-risk and will only be earned if significant TSR-based performance goals are achieved (21% on average for our other NEOs).
Continued Use of Formulaic Incentive Compensation	80% of our 2018 cash bonus program is based on pre-established Company performance measures, with the remaining 20% determined at the Compensation Committee's discretion based on a subjective review of other Company performance and individual performance. 2018 Outperformance Plan (OPP) equity awards are earned based on our achievement of TSR in excess of 21% (or an average of 7% annually) and relative TSR above the SNL U.S. REIT Office Index over a three-year performance period. Mandatory holding period for equity of three years beyond the vesting date of time-based restricted stock awards and two years beyond the vesting date of any units earned under the 2018 OPP.
Strong Compensation Governance	Stock ownership guidelines for executives and directors, with ownership requirement of 110x base salary for the CEO. Double-trigger change-in-control provisions and no excise tax gross-ups. Anti-hedging and anti-pledging policy that prohibits executives and directors from hedging and pledging our securities.

Questions and Answers About the Annual Meeting

Where and when is the Annual Meeting?

The Annual Meeting will be held at 9:00 a.m. (PDT) on Thursday, May 23, 2019, at 11601 Wilshire Boulevard, Ninth Floor, Los Angeles, California 90025. We have made the materials related to the Annual Meeting available to you on the Internet, or upon your request, we have delivered printed copies of these materials to you by mail. These materials were first made available or sent to you on April 2, 2019.

What is the purpose of the Annual Meeting of Stockholders?

At the Annual Meeting, stockholders will consider and vote upon the matters described in the Notice of Annual Meeting and this Proxy Statement—the election of directors, the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm and the advisory approval of the Company’s executive compensation. In addition, once the business of the Annual Meeting is concluded, members of management will respond to questions raised by stockholders, as time permits.

Who can attend the Annual Meeting?

All of our common stockholders of record as of the close of business on March 25, 2019, the record date for the Annual Meeting, or their duly appointed proxies, may attend the Annual Meeting. You should be prepared to present photo identification for admittance. Appointing a proxy in response to this solicitation will not affect a record stockholder’s right to attend the Annual Meeting and to vote in person. Please note that if you hold your common stock in “street name” (that is, through a broker, bank or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of March 25, 2019 to gain admittance to the Annual Meeting. If your shares are held in “street name,” you will also need a duly authorized proxy from your broker, bank or other nominee to vote your shares at the Annual Meeting.

What am I voting on?

At the Annual Meeting, you may consider and vote on:

- (1) the election of 10 directors (each to serve until the next annual meeting of our stockholders and until his or her successor is duly elected and qualifies);
- (2) the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019;
- (3) the advisory approval of the Company’s executive compensation for the fiscal year ended December 31, 2018, as more fully described in this Proxy Statement; and
- (4) any other business properly introduced at the Annual Meeting or any adjournment or postponement thereof.

What are the Board’s recommendations?

The Board recommends a vote:

- (1) FOR the election of each nominee named in this Proxy Statement (see Proposal No. 1);
- (2) FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019 (see Proposal No. 2); and
- (3)

FOR the advisory approval of the Company's executive compensation for the fiscal year ended December 31, 2018 (see Proposal No. 3).

If you properly execute and return your proxy card but do not give other instructions, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board on each of the matters listed above.

Pacific

Inc.
Proxy
Statement
| 2019

Who may vote?

You may vote if you were the record owner of shares of our common stock at the close of business on March 25, 2019, which is the record date for the Annual Meeting, or you are the duly authorized proxy of a record owner of shares of our common stock as of the record date. You are entitled to cast one vote for as many individuals as there are directors to be elected at the Annual Meeting and to cast one vote on each other matter properly presented at the Annual Meeting or any adjournment or postponement thereof for each share of common stock you owned of record as of the record date. As of the close of business on March 25, 2019, we had 154,938,269 shares of common stock outstanding.

Who counts the votes?

A representative of Computershare, Inc. will tabulate the votes, and our Executive Vice President, General Counsel and Secretary, Kay L. Tidwell, will act as the inspector of the election.

Is my vote confidential?

Yes, your proxy card, ballot and voting records will not be disclosed to us unless applicable law requires disclosure, you request disclosure, or your vote is cast in a contested election (which is not applicable in 2019). If you write comments on your proxy card, your comments will be provided to us, but how you voted will remain confidential.

What is quorum for the Annual Meeting?

Stockholders entitled to cast a majority of all the votes entitled to be cast at the Annual Meeting will constitute a quorum at the Annual Meeting. No business may be conducted at the Annual Meeting if a quorum is not present.

If a quorum is not present at the Annual Meeting, the chairman of the meeting may adjourn the Annual Meeting to another date, time or place, not later than 120 days after the original record date of March 25, 2019, without notice other than announcement at the meeting. We may also postpone, to a date not later than 90 days after the original record date, or cancel the Annual Meeting by making a public announcement of the postponement or cancellation before the time scheduled for the Annual Meeting.

What vote is required to approve an item of business at the Annual Meeting?

To be elected as a director (Proposal No. 1), a nominee must receive the affirmative vote of a majority of all the votes cast “for” and “against” the election of such nominee in the election of directors.

To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm (Proposal No. 2) and adopt the resolution regarding the advisory approval of executive compensation (Proposal No. 3), the affirmative vote of a majority of the votes cast on the proposal is required.

If you are a stockholder of record as of the record date for the Annual Meeting and you properly authorize a proxy (whether by Internet, telephone or mail) without specifying voting instructions on any given matter to be considered at this Annual Meeting, the proxy holders will vote your shares according to the Board’s recommendation on that matter. If you properly execute and return your proxy card, the persons named as proxy holders will vote in their discretion on any other matter properly brought before the Annual Meeting. If you are a stockholder of record as of the record date for the Annual Meeting and you fail to authorize a proxy or attend the meeting and vote in person, assuming that a

quorum is present at the Annual Meeting, it will have no effect on the result of the vote on any of the matters to be considered at the Annual Meeting.

If you hold your shares through a broker, bank or other nominee, under the rules of the NYSE, your broker or other nominee may not vote with respect to certain proposals unless you have provided voting

Hudson
Pacific
Properties,
Inc.

Statement
| 2019

instructions with respect to that proposal. A “broker non-vote” results when a broker, bank or other nominee properly executes and returns a proxy but indicates that the nominee is not voting with respect to a non-routine matter because the nominee lacks discretionary authority to vote the shares and the nominee has not received voting instructions from the beneficial owner. A broker non-vote is not considered a vote cast on a proposal; however, stockholders delivering a properly-executed proxy indicating a broker non-vote will be counted as present for purposes of determining whether a quorum is present.

If you hold your shares in a brokerage account, then, under NYSE rules and Maryland law:

With respect to Proposal No. 1 (Election of Directors), your broker, bank or other nominee is not entitled to vote your shares if no instructions are received from you. Broker non-votes, if any, will have no effect on the election of directors.

With respect to Proposal No. 2 (Ratification of Independent Registered Public Accounting Firm), your broker is entitled to vote your shares if no instructions are received from you.

With respect to Proposal No. 3 (Advisory Approval of Executive Compensation), your broker, bank or other nominee is not entitled to vote your shares if no instructions are received from you. Broker non-votes, if any, will have no effect on the result of the vote on this proposal.

Because an abstention is not a vote cast with respect to any proposal, if you instruct your proxy or broker to “abstain,” it will have no effect on the vote on any proposal. If you instruct your proxy or broker to “abstain” on any or all matters, you will still be counted as present for purposes of determining whether a quorum is present.

How do I vote?

If you plan to attend the Annual Meeting and wish to vote in person, we will give you a ballot at the Annual Meeting. However, if your common stock is held in the name of your broker, bank or other nominee, and you want to vote in person, you will need to obtain a legal proxy from the institution that holds your common stock.

If your common stock is held in your name, there are three ways for you to authorize a proxy:

If you received a paper copy of the proxy materials by mail, sign and mail the proxy card in the enclosed return envelope;

Call 1-800-652-VOTE (8683); or

Log on to the Internet at www.investorvote.com/HPP and follow the instructions at that site. The Website address for authorizing a proxy by Internet is also provided on your notice at the Annual Meeting.

Telephone and Internet proxy authorizations will close at 1:00 a.m. (Central Time) on May 23, 2019. If you properly authorize a proxy, unless you indicate otherwise, the persons named as your proxies will vote your common stock: FOR the election of each of the nominees for election as directors named in this Proxy Statement; FOR the ratification of Ernst & Young LLP as our independent registered public accounting firm; and FOR the advisory approval of the Company’s executive compensation.

If your common stock is held in the name of your broker, bank or other nominee, you should receive separate instructions from the holder of your common stock describing how to provide voting instructions.

Even if you plan to attend the Annual Meeting, we recommend that you authorize a proxy in advance as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

Can I revoke my proxy?

Yes, if your common stock is held in your name, you can revoke your proxy by:

Filing written notice of revocation before or at our Annual Meeting with our Executive Vice President, General Counsel and Secretary, Kay L. Tidwell, at Hudson Pacific Properties, Inc. 11601 Wilshire Boulevard, Ninth Floor, Los Angeles, CA 90025;

Signing a proxy bearing a later date; or

Voting in person at the Annual Meeting.

Attendance at the Annual Meeting will not, by itself, revoke a properly executed proxy. If your common stock is held in the name of your broker, bank or other nominee, please follow the instructions provided by the holder of your common stock regarding how to revoke your voting instructions.

What happens if additional matters are presented at the Annual Meeting?

Other than the three proposals described in this Proxy Statement, we are not aware of any business that may properly be introduced at the Annual Meeting. If any other matters are properly introduced for a vote at the Annual Meeting and if you properly authorize a proxy, the persons named as proxy holders will vote in their discretion on any such additional matters. As of the date of this Proxy Statement, our Board is not aware of any other individual who may properly be nominated for election as a director at the Annual Meeting or of any nominee who is unable or unwilling to serve as director. If any nominee named in this Proxy Statement is unwilling or unable to serve as a director, our Board may nominate another individual for election as a director at the Annual Meeting, and the persons named as proxy holders will vote for the election of any substitute nominee.

Who pays for this proxy solicitation?

We will bear the expense of preparing, printing and mailing this Proxy Statement and the proxies we solicit. Proxies may be solicited by mail, telephone, personal contact and electronic means and may also be solicited by directors and officers in person, by the Internet, by telephone or by facsimile transmission, without additional remuneration. We will also request brokerage firms, banks, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of our stock as of the record date and will reimburse them for the cost of forwarding the proxy materials in accordance with customary practice. Your cooperation in promptly voting your shares and submitting your proxy by Internet or telephone, or by completing and returning the enclosed proxy card (if you received your proxy materials in the mail), will help to avoid additional expense.

Where can I find corporate governance materials?

Our Corporate Governance Guidelines and Code of Business Conduct and Ethics and the charters for the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee are published on the Corporate Governance page of the Investor Relations section on our Website at www.HudsonPacificProperties.com. (We are not including the other information contained on, or available through, our Website as a part of, or incorporating such information by reference into, this Proxy Statement.)

Proposal No. 1 — Election of Directors

At the Annual Meeting, our stockholders will be entitled to elect 10 directors to serve until our next annual meeting of stockholders and until their respective successors are elected and qualify. The Board seeks independent directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board's deliberations and decisions. In nominating candidates, the Board considers a diversified membership in the broadest sense, including persons diverse in experience, gender and ethnicity. The Board does not discriminate on the basis of race, color, national origin, gender, religion, disability, or sexual preference. Our director nominees were nominated by the Board based on the recommendation of the Nominating and Corporate Governance Committee, or the Governance Committee. They were selected on the basis of outstanding achievement in their professional careers, broad experience, personal and professional integrity, ability to make independent and analytical inquiries, financial literacy, mature judgment, high performance standards, familiarity with our business and industry and ability to work collegially. We also believe that all of our director nominees have a reputation for integrity, honesty and adherence to high ethical standards. All nominees are presently directors of Hudson Pacific Properties, Inc. and each of the nominees has consented, if elected as a director, to serve until his or her term expires and his or her successor is elected and qualifies.

Your proxy holder will cast your votes for each of the Board's nominees, unless you instruct otherwise. If a nominee is unable to serve as a director, your proxy holder will vote for any substitute nominee proposed by the Board.

The Board unanimously recommends that the stockholders vote "FOR" the 10 nominees listed below.

We also reimburse each of our non-employee directors for travel expenses incurred in connection with attendance at full Board and committee meetings.

Mr. Coleman, our Chief Executive Officer, is not included in this table as he was an employee of the Company in (1) 2018 and did not receive compensation for his services as a director. All compensation paid to Mr. Coleman for the services he provided to us in 2018 is reflected in the Summary Compensation Table.

(2) Reflects cash retainer fees actually paid in 2018.

Each non-employee director serving on our Board on May 24, 2018, the date of our 2018 Annual Meeting of Stockholders, received a grant of restricted stock valued at \$90,000 on the grant date, with the number of shares determined by dividing \$90,000 by the closing price of our common stock on the grant date. Each restricted stock award will vest, and the restrictions thereon will lapse, in three equal annual installments on each of the first three anniversaries of May 24, 2018, subject to continued service on our Board through the applicable vesting dates.

Amounts reflect the full grant-date fair value of restricted stock awards granted with respect to services performed (3) in 2018 computed in accordance with ASC Topic 718, Compensation—Stock Compensation, or ASC Topic 718, rather than the amounts paid to or realized by the named individual. We provide information regarding the assumptions used to calculate the value of all restricted stock awards made to directors in Notes 2 and 9 to the consolidated financial statements contained in our Annual Report on Form 10-K, filed on February 19, 2019. As of December 31, 2018, Messrs. Antenucci, Fried, Glaser, Harris, Linehan, Moran, and Porter each held 5,507 shares of our restricted common stock, Mr. Nash held 2,630 shares of our restricted common stock and Ms. Wong held 4,014 shares of our restricted common stock.

Pursuant to our Director Stock Plan, Messrs. Glaser and Porter elected to receive, on a non-deferred basis, all of their non-committee cash retainer fees earned in 2018 in the form of fully vested shares of our common stock (4) having an equal value (as of the grant date) to the amount otherwise payable in cash. Mr. Fried elected to receive, on a non-deferral basis, half of his non-committee cash retainer fees earned in 2018 in the form of fully vested shares of our common stock having an equal value (as of the grant date) to the amount otherwise payable in cash. (5) Mr. Nash resigned from our Board on March 14, 2019.

Reflects \$30,000 of fees paid in cash related to a 2017 cash award with a value of \$90,000, which is paid in three (6) equal annual installments on each of the first three anniversaries of May 24, 2017, subject to continued service on our Board through the applicable vesting dates.

Board Structure

We have structured our corporate governance in a manner we believe closely aligns our interests with those of our stockholders. Notable features of our corporate governance structure include the following:

- our Board is not staggered, with each of our directors subject to election annually;
- of the 10 persons who serve on our Board, our Board has determined that nine, or 90%, of our directors satisfy the independence standards of the NYSE Listed Company Manual and Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act;
- at least one of our directors qualifies as an “Audit Committee Financial Expert” under applicable SEC rules and all committee members are independent under applicable NYSE and SEC rules for committee membership;
- our Bylaws provide that our directors are elected by a majority voting standard in uncontested elections of directors; we have opted out of the control share acquisition statute in the Maryland General Corporation Law, or the MGCL, and have exempted from the business combination provisions of the MGCL any business combination that is first approved by our Board, including a majority of our disinterested directors;
- we do not have a stockholder rights plan;
- we prohibit executives and directors from pledging or hedging our securities; and
- we maintain stock ownership guidelines pursuant to which our NEOs are required to hold a number of shares of our common stock having a market value equal to or greater than a multiple of each executive’s base salary.

Our Governance Committee regularly reviews our corporate governance posture in light of evolving trends in governance and stockholder rights, and makes recommendations to our Board. On March 14, 2019, Mr. Nash resigned from our Board and our Board voted to elect Ms. Haubegger as a director.

The son of Mr. Harris, one of our independent directors, is employed by the Company in our acquisitions department. The Governance Committee considered this factor in evaluating Mr. Harris’ independence, and determined that this relationship does not affect his ability to serve as an independent director.

Our directors stay informed about our business by attending meetings of our Board and its committees and through supplemental reports and communications. Our independent directors meet regularly in executive sessions without the presence of our corporate officers or non-independent directors.

Board Leadership

Our Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide effective oversight of management. Our Board understands that no single approach to board leadership is universally accepted and that the appropriate leadership structure may differ depending on the size, industry, operations, history and culture of a company.

Our Board currently believes that our existing leadership structure—under which our Chief Executive Officer serves as Chairman of the Board and the Lead Independent Director assumes specific responsibilities on behalf of the independent directors—is effective, provides the appropriate balance of authority between those who oversee the Company and those who manage it on a day-to-day basis, and achieves the optimal governance model for us and for our stockholders. Mr. Coleman’s knowledge of the issues, opportunities and risks facing us, our business and our industry renders him best positioned among our directors to fulfill the Chairman’s responsibility to develop agendas

that focus the time and attention of our Board on the most critical matters. Effective January 1, 2018, the independent members

of our Board have selected Mr. Porter to serve as Lead Independent Director, whose specific responsibilities include presiding over portions of regularly scheduled meetings at which only our independent directors are present, serving as a liaison between the Chairman and the independent directors, and performing such additional duties as our Board may otherwise determine and delegate.

Role of the Board in Risk Oversight

One of the key functions of our Board is informed oversight of our risk management process. Our Board administers this oversight function directly, with support from three of its standing committees, the Audit Committee, the Governance Committee and the Compensation Committee, each of which addresses risks specific to their respective areas of oversight. In particular, our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function. Our Governance Committee monitors the effectiveness of our Corporate Governance Guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. The Compensation Committee assesses and monitors whether any of our compensation policies and programs has the potential to encourage excessive risk-taking.

Corporate Governance Highlights and Best Practices

* For our director nominees

Executive Sessions of Non-Management Directors

Our non-management directors meet without management present each time the full Board convenes for a regularly scheduled meeting. If the Board convenes for a special meeting, the non-management directors will meet in executive session if circumstances warrant. Barry A. Porter, one of our independent directors, is our Lead Independent Director, and presides over executive sessions of the Board.

The Board welcomes communications from stockholders. For information on how to communicate with our independent directors, please refer to the information set forth under the heading “Corporate Governance—Communications with the Board.”

Board Meetings

The Board held four regularly scheduled and special meetings during 2018 to review significant developments, engage in strategic planning and act on matters requiring Board approval. Each incumbent director attended or participated in an aggregate of at least 75 percent of the Board meetings, and the meetings of committees on which he or she served, during the period that he or she served in 2018. The Board also acted by unanimous consent on two occasions.

Board Committees

Our Board has established four standing committees: an Audit Committee, a Compensation Committee, a Governance Committee and an Investment Committee. The principal functions of each committee are briefly described below. We comply with the listing requirements of the NYSE, as amended or modified from time to time, and applicable SEC rules with respect to each of these committees, and each of these committees consists exclusively of independent directors. The Audit Committee also prepares the Audit Committee report required by SEC regulations to be included in our annual Proxy Statement. Mr. Linehan is Chairman, as well as our Audit Committee Financial Expert, and Messrs. Antenucci and Glaser are members of the Audit Committee. During 2018, the Audit Committee met a total of four times.

Compensation Committee

The Compensation Committee consists of three of our independent directors. We adopted a Compensation Committee charter, which details the principal functions of the Compensation Committee, including:

- reviewing our executive compensation policies and plans;
- implementing and administering our incentive compensation equity-based remuneration plans;

The Compensation Committee may delegate its responsibilities to a subcommittee of the Compensation Committee. The Compensation Committee has delegated authority to our Chief Executive Officer to grant to certain employees restricted stock under the Company's Amended and Restated 2010 Incentive Award Plan. Mr. Fried is Chairman and Messrs. Harris and Porter are members of the Compensation Committee. During 2018, the Compensation Committee met three times, and acted by unanimous consent on three occasions.

Audit Committee Report

The information contained in this Report of the Audit Committee shall not be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or Securities Act, or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing (except to the extent that we specifically incorporate this information by reference) and shall not otherwise be deemed “soliciting material” or “filed” with the SEC or subject to Regulation 14A or 14C, or to the liabilities of Section 18 of the Exchange Act (except to the extent that we specifically incorporate this information by reference).

Although the Audit Committee of the Board, or Audit Committee, oversees our financial reporting process on behalf of the Board of Directors, or Board, of Hudson Pacific Properties, Inc., a Maryland corporation, consistent with the Audit Committee’s written charter, management has the primary responsibility for preparation of our consolidated financial statements in accordance with generally accepted accounting principles and the reporting process, including disclosure controls and procedures and the system of internal control over financial reporting. Our independent registered public accounting firm is responsible for auditing the annual financial statements prepared by management.

The Audit Committee has reviewed and discussed with management and our independent registered public accounting firm, Ernst & Young LLP, our December 31, 2018 audited financial statements. Prior to the commencement of the audit, the Audit Committee discussed with our management and independent registered public accounting firm the overall scope and plans for the audit. Subsequent to the audit and each of the quarterly reviews, the Audit Committee discussed with the independent registered public accounting firm, with and without management present, the results of their examinations or reviews, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of specific judgments and the clarity of disclosures in the consolidated financial statements.

In addition, the Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statements on Auditing Standards No. 61, “Communication with Audit Committees,” as amended. The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence. The Audit Committee discussed with the independent registered public accounting firm its independence from us and considered the compatibility of non-audit services with its independence.

Based upon the reviews and discussions referred to in the foregoing paragraphs, the Audit Committee recommended to our Board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2018 filed with the Securities and Exchange Commission.

Corporate Governance

Code of Business Conduct and Ethics

Our Board established a Code of Business Conduct and Ethics that applies to our officers, directors and employees. Among other matters, our Code of Business Conduct and Ethics is designed to deter wrongdoing and to promote:

- honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- full, fair, accurate, timely and understandable disclosure in our SEC reports and other public communications;
- compliance with applicable governmental laws, rules and regulations;
- prompt internal reporting of violations of the Code to appropriate persons identified in the Code; and
- accountability for adherence to the Code of Business Conduct and Ethics.

Any waiver of the Code of Business Conduct and Ethics for our executive officers or directors must be approved by a majority of our independent directors, and any such waiver shall be promptly disclosed as required by law or NYSE regulations.

The Audit Committee, Compensation Committee and Governance Committee charters, along with the Code of Business Conduct and Ethics and Corporate Governance Guidelines, are available in the Corporate Governance section of the Investor Relations page on our Website at www.HudsonPacificProperties.com. In addition, these documents also are available in print to any stockholder who requests a copy from our Investor Relations Department at Hudson Pacific Properties, Inc., 11601 Wilshire Blvd., Ninth Floor, Los Angeles, California 90025, or by email at ir@hudsonppi.com. In accordance with the Corporate Governance Guidelines, the Board and each of the Compensation Committee, Audit Committee and Governance Committee conduct an annual performance self-assessment with the purpose of increasing effectiveness of the Board and its committees. (The Company's Website address provided above and elsewhere in this Proxy Statement is not intended to function as a hyperlink, and the information on the Company's Website is not and should not be considered part of this Proxy Statement and is not incorporated by reference herein.)

kay@hudsonppi.com. The Board may not be able to respond to all stockholder inquiries directly. Therefore, the Board has developed a process to assist it with managing inquiries.

The General Counsel will perform a legal review in the normal discharge of her duties to ensure that communications forwarded to the Chairperson, the Board or any of its members preserve the integrity of the process. While the Board oversees management, it does not participate in day-to-day management functions or business operations, and is not normally in the best position to respond to inquiries with respect to those matters. For example, items that are unrelated to the responsibilities of the Board such as spam, junk mail and mass mailings, ordinary course disputes over fees or services, personal employee complaints, business inquiries, new product or service suggestions, résumés and other forms of job inquiries, surveys, business solicitations or advertisements will not be forwarded to the Chairperson or any other director. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will not be forwarded to the Chairperson or any other director and will not be retained.

Any communication that is relevant to the conduct of our business and is not forwarded will be retained for one year and made available to the Chairperson and any other independent director on request. The independent directors grant the General Counsel discretion to decide what correspondence will be shared with our management and specifically instruct that any personal employee complaints be forwarded to our Human Resources Department. If a response on behalf of the Board is appropriate, management gathers any information and documentation necessary for answering the inquiry and provide the information and documentation as well as a proposed response to the appropriate directors. We also may attempt to communicate with the stockholder or interested party for any necessary clarification. Our General Counsel (or her designee) reviews and approves responses on behalf of the Board in consultation with the applicable director, as appropriate.

Certain circumstances may require that the Board depart from the procedures described above, such as the receipt of threatening letters or e-mails or voluminous inquiries with respect to the same subject matter. Nevertheless, the Board considers stockholder questions and comments important, and endeavors to respond promptly and appropriately.

Nomination Process for Director Candidates

The Governance Committee is, among other things, responsible for identifying and evaluating potential candidates and recommending candidates to the Board for nomination. The Governance Committee is governed by a written charter, a copy of which is published in the Corporate Governance section of the Investor Relations page of our Website at www.HudsonPacificProperties.com.

The Governance Committee regularly reviews the composition of the Board and whether the addition of directors with particular experiences, skills, or characteristics would make the Board more effective. When a need arises to fill a vacancy, or it is determined that a director possessing particular experiences, skills, or characteristics would make the Board more effective, the Governance Committee initiates a search. As a part of the search process, the Governance Committee may consult with other directors and members of senior management, and may hire a search firm to assist in identifying and evaluating potential candidates.

When considering a candidate, the Governance Committee reviews the candidate's experiences, skills and characteristics. The Governance Committee also considers whether a potential candidate would otherwise qualify for

membership on the Board, and whether the potential candidate would likely satisfy the independence requirements of the NYSE as described below.

Statement

Pursuant to our employment agreement with Mr. Coleman discussed below under “Compensation Discussion and Analysis—Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2018 Table—Employment Agreements,” we are required to nominate Mr. Coleman for election as a director during his employment term. Candidates are selected on the basis of outstanding achievement in their professional careers, broad experience, personal and professional integrity, their ability to make independent, analytical inquiries, financial literacy, mature judgment, high performance standards, familiarity with our business and industry, and an ability to work collegially. Other factors include having members with various and relevant career experience and technical skills, and having a Board that is, as a whole, diverse. Where appropriate, we will conduct a criminal and background check on the candidate. In addition, at least a majority of the Board must be independent as determined by the Board under the guidelines of the NYSE listing standards, and at least one member of the Board should have the qualifications and skills necessary to be considered an “Audit Committee Financial Expert” under Section 407 of the Sarbanes-Oxley Act of 2002, or Sarbanes-Oxley Act, as defined by the rules of the SEC.

All potential candidates are interviewed by our Chief Executive Officer and Chairman of the Board and our Governance Committee Chairperson, and, to the extent practicable, the other members of the Governance Committee, and may be interviewed by other directors and members of senior management as desired and as schedules permit. In addition, the General Counsel conducts a review of the director questionnaire submitted by the candidate and, as appropriate, a background and reference check is conducted. The Governance Committee then meets to consider and approve the final candidates, and either makes its recommendation to the Board to fill a vacancy, or add an additional member, or recommends a slate of candidates to the Board for nomination for election as directors. The selection process for candidates is intended to be flexible, and the Governance Committee, in the exercise of its discretion, may deviate from the selection process when particular circumstances warrant a different approach.

Stockholders may recommend candidates to our Board. Any recommendation should include any supporting material the stockholder considers appropriate in support of that recommendation, but must include information that would be required under the rules of the SEC to be included in a Proxy Statement soliciting proxies for the election of such candidate and a written consent of the candidate to serve as one of our directors if elected. All recommendations for nomination received by the Corporate Secretary will be presented to the Governance Committee for its consideration. See “Communications with the Board” for more information.

Audit Committee Financial Experts

Our Board has determined that Mr. Linehan qualifies as an “Audit Committee Financial Expert,” as this term has been defined by the SEC in Item 407(d)(5)(ii) of Regulation S-K. Messrs. Linehan, Antenucci and Glaser were each determined by our Board to be “financially literate” in accordance with SEC rules, including based on their prior experience: Mr. Antenucci has a Bachelor of Arts degree in Business Economics, and Mr. Glaser has extensive experience in financial oversight.

Our Board determined that Mr. Linehan qualifies as an “Audit Committee Financial Expert” as a result of the following relevant experience, which forms of experience are not listed in any order of importance and were not assigned any relative weights or values by our Board in making such determination:

Corporate Responsibility

Our mission is to drive real estate performance and reduce risk through environmentally and socially responsible business practices grounded in sound corporate governance.

Environmental

We are committed to high-performance sustainable operations. In keeping with our continuous process improvement approach, we conducted a Sustainability Assessment in 2017, and, based on the results, implemented a Sustainability Strategic Plan in 2018. The primary focus of our plan is to ensure the appropriate evolution of sustainability execution, with a focus on driving positive financial and environmental outcomes for shareholders, tenants, employees and the communities in which we invest.

We aim to develop, redevelop and operate energy, waste and water-efficient properties. This includes the adoption of effective recycling, green-cleaning best practices, as well as the proactive implementation of sustainable property management strategies and efficiency retrofits. We increase the visibility and transparency of these efforts through third party validation. All our office properties are benchmarked in the U.S. Environmental Protection Agency's ENERGY STAR Portfolio Manager, with 50% of the portfolio achieving an ENERGY STAR certification. Additionally, all developments are, or are on track to become, Leadership in Energy & Environmental Design, or LEED, certified.

We have established other long-term targets to more effectively measure, validate and improve key aspects of our environmental performance, which include: reducing energy and water consumption and greenhouse gas emissions by at least 10% cumulatively by 2025 (compared to a 2016 baseline); and improving waste diversion rates and average ENERGY STAR score for the portfolio by at least 10% cumulatively by 2025 (compared to a 2016 baseline).

Social

We are committed to corporate social responsibility as part of our culture and value proposition to stakeholders. We have a robust community-giving program, and we exercise a multi-pronged approach to ensure the highest standards for the health, safety and prosperity of our employees, tenants, service providers and partners.

We seek to hire, retain and empower the best talent to realize their full potential and deliver outstanding results. Passionate about innovation and collaboration at all levels, we create workplaces that foster personal and professional growth. Our employees enjoy excellent subsidized health and wellness benefits, professional training and development workshops, on-site meals, ergonomic office equipment, and generous policies to encourage work/life balance.

Our philanthropy and volunteerism program, Hudson Helps, leverages our resources, people and expertise to provide meaningful, and often transformational, support to the communities in which we operate. At the corporate level, we partner with leading non-profit organizations, primarily in the areas of housing and shelter, education, employment and the environment. On an individual level, Hudson Helps includes initiatives that support the philanthropic and volunteer organizations that are meaningful to our employees. These include Company-matched donations and paid

time off for volunteering.

Governance

We view sound corporate governance in accordance with all applicable, laws, rules, regulations and policies as essential to creating and preserving shareholder value. We have an effective, independent-minded, highly skilled and diverse Board of Directors. Three standing committees of our Board of Directors provide high-level guidance on matters affecting our business. The directors of our board and executives conduct themselves in accordance with the highest moral and ethical standards, informed by a robust Code of Conduct that reflects our values, and promotes honesty, transparency, integrity and accountability.

Our corporate governance structure closely aligns with and protects shareholder interests. 90% of our directors are independent and all are elected for a one-year term, maximizing their accountability to our shareholders. Additionally, our Bylaws ensure that directors in uncontested elections must receive a majority of votes to be elected. We also prohibit directors or executives from pledging or hedging securities, and we have strict stock ownership guidelines, inclusive of share ownership thresholds, for both directors of our board and named executive officers.

Proposal No. 2 — Ratification of Independent Registered Public Accounting Firm

The Audit Committee appointed Ernst & Young LLP as our independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending December 31, 2019. During 2018, Ernst & Young LLP served as our independent registered public accounting firm and reported on our consolidated financial statements for that year.

We expect that representatives of Ernst & Young LLP will attend the Annual Meeting and will have the opportunity to make a statement if they so desire and to respond to appropriate questions.

Although stockholder ratification is not required, the appointment of Ernst & Young LLP is being submitted for ratification at the Annual Meeting with a view towards soliciting stockholders' opinions, which the Audit Committee will take into consideration in future deliberations. If Ernst & Young LLP's selection is not ratified at the Annual Meeting, the Audit Committee will consider the engagement of another independent registered accounting firm. The Audit Committee may terminate Ernst & Young LLP's engagement as our independent registered public accounting firm without the approval of our stockholders whenever the Audit Committee deems termination appropriate. The Board unanimously recommends a vote "FOR" the ratification of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

Proposal No. 3 — Advisory Approval of Executive Compensation (“Say-on-Pay Vote”)

Background

As required by Section 14A(a)(1) of the Exchange Act, the below resolution enables our stockholders to vote to approve, on an advisory, non-binding basis, the compensation of our NEOs as disclosed in this Proxy Statement. Our Board has decided that we will hold an annual advisory vote to approve the compensation of NEOs, or Say-on-Pay Proposal, in light of the fact that a substantial majority of the votes cast at our annual stockholders’ meeting held in June 2017 were voted in favor of holding an annual advisory vote.

We have always believed that our executive compensation program emphasizes pay-for-performance and aligns our executives’ interests with those of our stockholders. A significant portion of our executives’ cash compensation is variable, at risk and tied to the short-term success of the Company. In addition, our long-term equity award program has been and continues to be a substantial component of our executive compensation program, and annual restricted stock and multi-year performance awards motivate our executives to lead the Company to achieve long-term financial goals that are expected to result in increased stockholder value.

We believe that our executive compensation program is designed to enable us to attract, motivate and retain executive talent, who are critical to our success. In addition, our executive compensation program is intended to link significant components of our compensation program to the achievement of corporate and individual performance objectives in order to focus our executives’ efforts on building stockholder value, thereby aligning their interests with those of our stockholders.

We encourage our stockholders to review the “Compensation Discussion & Analysis” section as well as tabular and other disclosures in this Proxy Statement for more information.

Recommendation

As an advisory approval, this proposal is not binding upon us or our Board. However, the Compensation Committee, which is responsible for the design and administration of our executive compensation program, values the opinions of our stockholders expressed through your vote on this proposal. The Board and Compensation Committee will consider the outcome of this vote in making future compensation decisions for our NEOs. Accordingly, the following resolution will be submitted for stockholder approval at the 2019 Annual Meeting of Stockholders:

“RESOLVED, that the stockholders of Hudson Pacific Properties, Inc. approve, on an advisory basis, the 2018 compensation of Hudson Pacific Properties, Inc.’s Named Executive Officers as described in the Compensation Discussion & Analysis and disclosed in the Summary Compensation Table and related compensation tables and narrative disclosure set forth in Hudson Pacific Properties, Inc.’s Proxy Statement for the 2019 Annual Meeting of Stockholders.”

The Board unanimously recommends that you vote “FOR” the advisory approval of the compensation of our NEOs for the fiscal year ended December 31, 2018, as more fully disclosed in this Proxy Statement.

Our NEOs during 2018 were:

✓Victor J. Coleman, Chief Executive Officer, President and Chairman of the Board;
✱Mark T. Lammas, Chief Operating Officer, Chief Financial Officer and Treasurer;
✱Alexander Vouvalides, Chief Investment Officer;
✱Christopher J. Barton, Executive Vice President, Development and Capital Investments; and
✱Joshua Hatfield, Executive Vice President, Operations.

Executive Summary

2018 was a strong performance year for our Company. We continued to deliver market-leading operating and financial results, while creating significant long-term value for our stockholders. Key highlights include the following:

Our balance sheet enables excellent capital access and liquidity and facilitates our strategic growth. As of December 31, 2018, our debt/total market capitalization was 36.8%, and we had investment grade credit ratings as follows: Moody’s (Baa3), S&P (BBB-) and Fitch (BBB-).

Our leasing expertise drives occupancy and rents. 2018 was a record year for office leasing. We executed new and renewal leases covering over three million square feet with GAAP and cash rent spreads of 29.5% and 15.7%, respectively, with our portfolio largely consisting of blue-chip and growth tenants. Significant 2018 new and renewed leases were executed with Netflix, Inc, Nutanix, Inc., Square, Inc, Technicolor and Honey Science Corporation (among many others).

Our exceptional execution generates significant cash flow growth and reflects industry-leading earnings growth. 2018 FFO, excluding specified items, per diluted share equaled \$1.86 (which met or exceeded FFO estimates for all reported quarters) and reflects 84% growth from 2011 to 2017.

Our exceptional operating and financial performance has translated into significant shareholder returns. We have delivered significant value to our stockholders over the long-term on both an absolute and relative basis. As of December 31, 2018, our total shareholder return, or TSR, performance has been +13% over the 3-years, +51% over 5-years and +145% over 7-years. We have outperformed both the SNL U.S. REIT Equity Index and SNL U.S. REIT Office Index over each of these periods.

Our compensation program is designed to motivate and reward management for continued outperformance. We continue to focus on employing a best-in-class executive compensation program that maintains a strong link between our NEOs’ compensation and the Company’s performance. We believe our compensation program is a thoughtful, balanced program with a pay-for-performance structure that aligns the interests of our NEOs with those of our

stockholders and incentivizes the management team to deliver superior operating and TSR results.

Performance Highlights

Our executive compensation program is designed so that NEOs' pay levels are strongly linked with our short-term operational performance and long-term market performance. The Compensation Committee took into account our exceptional operational, strategic and long-term TSR performance in setting 2018 compensation, including the following:

Operations

- 1 Achieved net income attributable to common stockholders per diluted share equal to \$0.63, reflecting a 43% increase from 2017;
- 1 Achieved FFO⁽¹⁾, excluding specified items, per diluted share equal to \$1.86, which met or exceeded FFO estimates for all reported quarters;
- 1 Generated superior same-store net operating income and same-store cash net operating income of 1.9% and 4.8%, respectively;
- 1 Ended 2018 with a stabilized office portfolio lease rate of 95.4%; and
- 1 Executed new and renewal leases covering over three million square feet with GAAP and cash rent spreads of 29.5% and 15.7%, respectively.

Strategic Growth

- 1 Sold \$464.8 million of assets, all at a premium to original purchase price;
 - 1 Purchased \$521.0 million of assets (including One Westside and 10850 Pico, formerly known as Westside Pavilion, and the Ferry Building);
 - 1 Amended and restated unsecured credit facilities to, among other things, increase unsecured revolving credit facility from from \$400.0 to \$600.0 million, extend term to March 13, 2022, and reduce interest rate to LIBOR plus 105 to 150 basis points per annum, interest rate for Company's \$300.0 million term loan maturing April 1, 2020, \$350.0 million term loan maturing April 1, 2022, and \$125.0 million term loan maturing November 17, 2022, was reduced to LIBOR plus 120 to 170 basis points per annum and repurchased 1,639,260 shares at a weighted average price of \$30.48 per share, with gross value of \$50,000,000; and
 - 1 Achieved significant growth while maintaining a strong balance sheet, with debt⁽³⁾/total market capitalization of 36.8%.
- (1) Refer to Appendix A for our definition of FFO and a reconciliation of net income to FFO, excluding specified items.
- (2) Refer to Appendix A for our definition of net operating income and a reconciliation from net income to net operating income.
- (3) Excludes defeased debt and joint venture partner debt, and includes Series A preferred units.

We believe that the value creation produced from an investment in real estate should be assessed over a long-term period, and our strategy has focused on long-term value creation. While our one-year TSR was -12.50% as compared to -13.14% at the median of our peer group, we have consistently delivered exceptional TSR performance over the last seven years. The following table shows our three-, five- and seven-year TSR as compared to the medians of our peer group, the SNL U.S. REIT Equity Index and the SNL U.S. REIT Office Index.

Key Compensation Decisions

Our focus is and continues to be to maintain a strong link between our NEOs' compensation and the Company's performance. The Compensation Committee (in consultation with its independent compensation consultant) reviewed the Company's short-term and long-term performance (including the performance highlights on page 38) and reviewed competitive compensation data, industry trends and best practices in determining our compensation program.

Based on the results of this review, our Compensation Committee made the following key decisions to ensure that our Company's compensation program appropriately reflects our performance accomplishments:

CEO Compensation Decisions

Base Salary	1 CEO's base salary was increased in 2018 (\$825,000) in an effort to align his salary to the approximate median of the peer group
	1 Mr. Coleman's 2018 target cash bonus was set at 150% of base salary, with a maximum payout equal to 200%
Annual Cash Bonus	1 The Committee approved a 2018 cash bonus equal to \$1,495,313 (approximately 91% of maximum) and equal to the funding level as determined by the actual results under the three pre-established performance measures and based on the Committee's assessment that the individual performance component should be set at maximum taking into consideration Mr. Coleman's significant contributions in the Company's market-leading performance
Long-Term Equity Incentives	1 In December 2018, based on its assessment of Mr. Coleman's performance in delivering strong business results in 2018 and over the longer 3-, 5- and 7-year periods, the Committee approved a time-based award of LTIP Units of our operating partnership (LTIP Units) with a market value equal to \$3,150,000 which the Committee determined was appropriate given his total compensation would approximate the peer group median
	1 Mr. Coleman received a 24% allocation in the 2018 OPP, which had a grant date fair value of \$1,284,000 (and a maximum payout equal to \$6,000,000)

Other NEOs Compensation Decisions

Base Salary	1 Base salaries were increased in 2018 (detailed on page 47) in an effort to align salaries at an appropriate competitive level (generally defined as the approximate median) and based on feedback from the CEO regarding each individual's roles, responsibilities and performance
	1 2018 target cash bonus was set at 115% of base salary for the other NEOs (125% for Mr. Lammas), with a maximum payout equal to 150% (165% for Mr. Lammas)
Annual Cash Bonus	1 The Committee approved a 2018 cash bonus equal to the funding level as determined by the actual results under the three pre-established performance measures and based on the CEO's assessment the individual performance should be set at maximum for each NEO (detailed on page 48)
Long-Term Equity Incentives	1 In December 2018, based on Mr. Coleman's assessment of each NEO's individual performance and their overall compensation relative to peer companies, the Committee approved time-based awards of LTIP Units with market values that were either consistent with, but no more than 30% greater than, the value of grants made to the NEOs in 2017 (detailed on page 49)
	1 NEOs received allocations in the 2018 OPP ranging from 6.4% to 13.75% (detailed on page 50)

Outperformance Plan Decisions

Plan Size	1	Maximum payout equal to \$25 million for the 2018 OPP Compensation pool equal to 3% of the amount by which the Company's TSR equals or exceeds 21% over a 3-year performance period and would require an approximate 36% return to achieve the maximum payout; payout subject to a cutback to the extent the Company underperforms the SNL U.S. REIT Office Index by more than 900bps
Absolute TSR Component	1	Compensation pool equal to 3% of the amount by which the Company's TSR equals or exceeds the SNL U.S. REIT Office Index; payout subject to a reduction based on a ratable sliding scale adjusted to 75% to 0% of the value created under the Relative TSR Component for absolute TSR between 21% and 0%
Relative TSR Component	1	

The Compensation Committee believes that executive officer compensation should be at-risk and heavily dependent upon the achievement of rigorous and objective performance requirements. As illustrated below, Approximately 87% of the CEO's total direct 2018 compensation and 80% of the other NEOs' total direct 2018 compensation is variable and either determined by and/or subject to the Company and individual performance results, and Approximately 20% of our 2018 compensation reflects pay at-risk of forfeiture based on prospective TSR performance.

Although the Compensation Committee does not target any particular peer group percentile, the overall compensation structure is designed so that if the Company's performance exceeds expectations and is above our peers' performance, it will result in overall compensation that is at the high end of the peer range and attractive relative to compensation available at successful competitors. Conversely, if the Company's performance is below expectations and peer levels, it will result in overall compensation that is at the low end of the peer range and is less than those amounts paid at more successful competitors.

Executive Compensation Philosophy and Objectives

Objectives of Our Compensation Program

Our executive compensation philosophy is designed to accomplish the following objectives:

- To attract, retain and motivate a high-quality executive management team capable of creating long-term stockholder value;
- To provide compensation opportunities that are competitive with the prevailing market, are rooted in a pay-for-performance philosophy, and create a strong alignment of management and stockholder interests; and
- To achieve an appropriate balance between risk and reward in our compensation programs that does not incentivize unnecessary or excessive risk-taking.

In order to achieve these objectives, we provide a comprehensive and market-based compensation program to the executive officers that includes both fixed and variable amounts, the components of which are described in more detail below under “Elements of Executive Officer Compensation.”

How We Determine Executive Compensation

Compensation Committee	Compensation Consultant	HPP Management
Exercises independent discretion with respect to executive compensation matters	Advises the Committee on competitive benchmarking for pay levels, practices, and governance trends	CEO provides input on individual performance for other NEOs and results against key non-financial business goals
Administers our equity incentive programs, including reviewing and approving equity grants to our NEOs	Assists with peer group selection and analysis	Provides additional information as requested by the Committee
Reviews and approves individual targets and actual compensation for the most senior executives	Reviews and advises on recommendations, plan design and measures	

Role of the Compensation Committee

The Compensation Committee determines compensation for our NEOs and consists of three independent directors. The purposes and responsibilities of the Compensation Committee include the following:

- Review and approve corporate goals and objectives relevant to the compensation of the officers of the Company and the CEO, as well as evaluate the CEO's performance and determine and approve the CEO's compensation level based on this evaluation;
- Review any market-based compensation data provided by its compensation consultant, as described in greater detail below;
- Make recommendations to the Board with respect to the compensation of non-employee directors;
- Work with its compensation consultant to implement compensation policies aligned with our executive compensation objectives; and
- Continue to consider additional factors that may be appropriate for inclusion in our long-term compensation philosophy.

The Compensation Committee operates under a written charter adopted by our Board, a copy of which is available on our Website at www.HudsonPacificProperties.com. Information contained on our Website is not incorporated by reference into this Proxy Statement, and you should not consider information contained on our Website to be part of this Proxy Statement.

We provide our stockholders with the opportunity to vote annually on the advisory approval of the compensation of our NEOs (a "say-on-pay proposal"). The Compensation Committee will continue to consider the outcome of our say-on-pay proposals when making future compensation decisions for our NEOs.

Engagement of Compensation Consultant

The Compensation Committee is authorized to retain the services of one or more executive compensation advisors, in its discretion, to assist with the establishment and review of our compensation programs and related policies. In 2018, the Compensation Committee engaged FTI Consulting Inc., or FTI, a compensation advisory practice, to provide

market-based compensation data and to advise on industry trends and best practices.

| 2019

Other than advising the Compensation Committee as described above, FTI did not provide any services to the Company in 2018. Furthermore, our management team neither made the decision, nor recommended that the Compensation Committee decide, to engage FTI. The Compensation Committee has sole authority to hire, fire and set the terms of engagement with FTI. The Compensation Committee has considered the independence of FTI, and each other adviser and outside legal counsel that provide advice to the Compensation Committee, consistent with the requirements of NYSE, and has determined that FTI and such other advisers are independent. Further, pursuant to SEC rules, the Compensation Committee conducted a conflicts of interest assessment and determined that there is no conflict of interest resulting from retaining FTI. The Compensation Committee intends to reassess the independence of its advisers at least annually.

Role of Management and the Chief Executive Officer

The CEO provides the Compensation Committee with input on individual performance of all of his direct reports. The other NEOs do not play a role in determining their own compensation, other than discussing their performance with our CEO and assisting in the identification of appropriate cash bonus goals. During 2018, the Compensation Committee held meetings both independently and with the participation of our CEO. The Compensation Committee's compensation consultant also participated in select meetings, at the committee's request.

How We Use Peer Group Data

Each year, the Company reviews the peer group to determine the appropriateness of each peer company, as well as the peer group in totality. In assessing our peer group, FTI prepared for the Compensation Committee a peer group using the following selection criteria:

- Office sector REITs that invest in Class "A" space in high barrier-to-entry markets;
- Select diversified REITs that own a large office portfolio; and
- Peer companies that generally range in size from approximately 0.5x to 2.5x of our implied equity market capitalization and total enterprise value.

Based on this assessment, we revised our peer group to remove one company (Forest City Realty Trust, Inc.), which was acquired in 2018. We also added one new company (JBG Smith Properties) whose portfolio included significant office assets and whose implied equity market capitalization and total enterprise value were within our parameters. In October 2018, when the peer group was approved, our implied equity market capitalization and total enterprise value, compared to the new peer group, were each at or above the median (based on the publicly available information at that time).

The Compensation Committee uses the industry data as one tool in assessing and determining pay for our NEOs. Peer group data is intended to provide the Compensation Committee with insight into the overall market pay levels, market trends, best governance practices and industry performance. The compensation analysis for each peer group provided an overview of typical compensation components (e.g., base salaries, annual bonuses and long-term equity incentives), as well as the range of compensation levels by position, in each case, generally found within the relevant peer group. The peer group compensation analysis prepared by FTI was used by the Compensation Committee for informational purposes only and to assess the competitiveness of each NEO’s overall compensation.

Risk Mitigation

Our executive compensation program is designed to achieve an appropriate balance between risk and reward that does not incentivize unnecessary or excessive risk-taking. We believe that our annual cash bonus program and our equity-based compensation program (including the time-based equity awards and the OPPs) contain appropriate risk mitigation factors, as summarized below:

Ownership Guidelines

In addition to the elements of executive officer compensation described below, we have adopted stock ownership guidelines pursuant to which our NEOs are required to hold a number of shares of our common stock having a market value equal to or greater than a multiple of each executive's base salary. Our NEOs will have four years from the date we adopted the below guidelines in 2016 to meet the stock ownership requirements, or in the case of a new executive, four years from the commencement of his or her employment. Our stock ownership guidelines are as follows:

Executive	Ownership Requirement as a Multiple of Base Salary	Ownership Requirement Met as of December 31, 2018
Victor J. Coleman	10x	Yes
Mark T. Lammas	3x	Yes
Alexander Vouvalides	3x	Yes
Christopher J. Barton	3x	Yes
Joshua Hatfield	3x	Yes

Elements of Executive Officer Compensation

We design the principal components of our executive compensation program to achieve one or more of the principles and objectives described previously. We view each component of our executive compensation program as related but distinct, and we regularly reassess the total compensation of our executive officers to ensure that our overall compensation objectives are met. Compensation of our NEOs consists of the following elements:

- base salary;
- annual performance-based cash bonuses;
- time-vesting equity incentive compensation grants and multi-year equity-based outperformance programs;
- certain severance and change in control benefits; and
- retirement, health and welfare benefits and certain limited perquisites and other personal benefits.

Our compensation programs are designed to be flexible and complementary and to collectively serve all of the executive compensation principles and objectives. In addition, the compensation levels of our NEOs reflect to a significant degree the varying roles and responsibilities of such executives.

The following is a discussion of the primary elements of 2018 compensation for each of our NEOs.

Base Salaries

Base salaries are approved and periodically reviewed by the Compensation Committee. We believe that these salary levels provide appropriate levels of fixed income based on the background, qualifications and skill set of each executive.

•

No formulaic base salary increases are provided to our NEOs; however, the Compensation Committee may adjust base salaries in connection with its periodic review.

For 2018 and 2019, NEO base salaries were adjusted to better align each NEO with the projected peer group median (while also being sensitive to internal equity factors and potential annual cash bonus opportunities).

While the Company does not target any particular peer group percentile for salaries (or any other compensation element), the Compensation Committee does factor peer group salaries into the overall decision-making process and determined these levels were appropriate in the context of consistently strong long-term Company and individual performance.

The following table sets forth the 2018 and 2019 base salaries for each of our NEOs:

Executive	2018 Base Salary	2019 Base Salary
Victor J. Coleman	\$825,000	\$850,000
Mark T. Lammas	\$600,000	\$650,000
Alexander Vouvalides	\$525,000	\$550,000
Christopher J. Barton	\$425,000	\$425,000
Joshua Hatfield	\$425,000	\$500,000

Cash Bonuses

During 2018, our NEOs were eligible for annual cash bonus payments based in part upon:

- Achieving objective financial performance goals during the year, and
- The Compensation Committee's review of the Company's and each NEO's individual performance.

Each executive's annual cash bonus amount is based upon threshold, target and maximum percentages of base salary and were set at a level that would provide NEOs with total cash compensation dependent on Company and individual performance. The threshold, target and maximum percentages of base salary for 2018 were as follows:

Executive	Threshold	Target	Maximum
Victor J. Coleman	100%	150%	200%
Mark T. Lammas	85%	125%	165%
Alexander Vouvalides	80%	115%	150%

The cash bonus program is primarily based on the achievement of several objective Company performance criteria that incentivize management to focus on financial goals that are aligned with our annual operating budget and strategic goals for the year. The 2018 cash bonus program included the following measures:

The Compensation Committee determined that each goal was challenging and set at levels that would require the Company to achieve significant results relative to Company guidance, the annual budget and industry forecasts. Performance Threshold Criteria	Target	Maximum	Actual Results
FFO(1) per share \$1.83 (excluding specified items)	\$1.87	\$1.91	\$1.86

The 2018 cash bonus program also contained a discretionary element based on the Compensation Committee's assessment of our Company's performance and the executive's individual performance. In determining whether each executive should be eligible to receive a discretionary bonus, the Compensation Committee considered each NEO's individual performance and the Company's overall 2018 accomplishments, including the performance set forth under "Proxy Summary—2018 Business Highlights" and impressive performance in the following categories: (i) capital markets; (ii) leasing; (iii) acquisitions/dispositions; (iv) operations; and (v) communications with the analyst and investor community. For Mr. Coleman, whose individual performance is most directly tied to Company performance, a maximum payout under the discretionary element was awarded by the Compensation Committee. Based on feedback from the CEO, each of the other NEOs received the maximum bonus under the discretionary element given the contributions each person made in achievement of the Company's strong overall results.

The 2018 annual cash bonuses paid to our NEOs are as follows:

Executive	2018 Bonus (\$)
-----------	-----------------

Victor J. Coleman	\$1,495,313
Mark T. Lammas	\$900,000
Alexander Vouvalides	\$718,594
Christopher J. Barton	\$581,719
Joshua Hatfield	\$581,719

Long-Term Equity Incentives

The goals of our long-term, equity-based awards are to incentivize and reward increases in long-term stockholder value and to align the interests of our NEOs with the interests of our stockholders.

Our long-term equity incentive program is bifurcated into two components as follows:

Annual Equity Awards

In December 2018, the Compensation Committee approved time-based awards of LTIP Units of the operating partnership, or LTIP Units, for our NEOs. These awards are designed to:

- Enable our executive officers to establish or augment meaningful equity stakes in the Company and directly align the interests of our NEOs with those of our stockholders.
- Enable us to deliver competitive compensation to the executive officers at levels sufficient to attract and retain top talent within our executive officer ranks.

In determining the dollar-denominated value of the 2018 time-based LTIP Unit awards for our NEOs, the Compensation Committee analyzed:

- The Company's strong operational performance and TSR performance (including the Company-performance factors set forth above in "Proxy Summary—2018 Business Highlights");
- The role and responsibilities of the individual;
- Individual performance history; and
- Prevailing market practices based on market data provided by FTI with respect to our peer group.

Annual equity awards were not determined based on the attainment of any particular individual or Company-level performance goal(s) or the application of any benchmarking or formula(e). Instead the Compensation Committee considered our strong operational and long-term total shareholder return performance in determining the appropriate values.

Based on this assessment, the Compensation Committee approved grants of time-based LTIP Unit awards, as follows:

Executive	2018 LTIP Unit Award (#)(1)	2018 LTIP Unit Award (\$)(2)
Victor J. Coleman	110,876	\$3,150,000
Mark T. Lammas	49,278	\$1,400,000
Alexander Vouvalides	38,719	\$1,100,000
Christopher J. Barton	19,359	\$550,000
Joshua Hatfield	22,879	\$650,000

(1) Number of LTIP Units determined based on the closing price of the Company's common stock as of December 28, 2018 (\$28.41).

(2) The grant date fair values, computed in accordance with ASC 718, are \$2,645,501, \$1,175,773, \$923,835, \$461,906 and \$545,893 for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield, respectively.

These awards will vest in three equal, annual installments on each of the first three anniversaries of the grant date, subject to the executive's continued service through such vesting date and further subject to an additional mandatory holding period under which the NEOs cannot transfer vested units for an additional three years following the applicable vesting date. The LTIP Unit awards are subject to accelerated vesting upon certain terminations (as described below in the section entitled "Potential Payments Upon Termination or Change in Control").

Outperformance Programs

Since 2012, the Compensation Committee has adopted an annual outperformance program to provide incentive to achieve long-term, absolute stock performance (TSR in excess of 21%) and relative stock performance (above the SNL U.S. REIT Office Index). OPP awards are payable only when performance exceeds stretch hurdles as measured by three-year TSR and requires both outperforming peers and positive stockholder returns.

Below is a summary of the key terms of the 2018 OPP:

Feature	Description	Objective
Maximum Plan Value	\$25,000,000	Discourages excessive risk-taking by limiting the payout
Performance Period	Three years, ending on December 31, 2020	Promotes value creation over a long-term period
Absolute TSR Component	3% of the amount by which our TSR during the performance period exceeds 21% (or 7% simple annual TSR)	Rewards executives only after our stockholders receive a meaningful return
Relative TSR Component	3% of the amount by which our TSR performance exceeds that of the SNL U.S. REIT Office Index (on a percentage basis), including a negative value to the extent we underperform the Index by more than 900bps (or 300bps per year)	Limits the reward where despite an increase in stockholder value we are underperforming peers
Scale-Back Feature	Relative TSR component will be reduced on a linear basis from 75% to 0% for absolute TSR performance ranging from 21% (or 7% simple annual TSR) to 0%	Limits the reward where despite outperforming peers we are providing stockholders with a negative return
Post-Vesting Holding Period	Requires any units earned under the plan be subject to a 2-year holding period during which time the units may be not be transferred	Ensures the continued alignment with stockholders following the conclusion of the measurement period

The 2018 OPP provides for a target bonus pool of \$4,756,286 that would be attained if the Company achieves during the performance period (a) a TSR equal to that of the SNL U.S. REIT Office Index and (b) a 8% simple annual TSR. The OPP bonus pool was allocated as follows to our NEOs:

Executive	2018 OPP Award Bonus Percentage	Target Potential Dollar-Denominated Award under 2018 OPP (\$)	Maximum Potential Dollar-Denominated Award under 2018 OPP (\$)
Victor J. Coleman	24%	\$1,141,509	6,000,000
Mark T. Lammas	13.75%	\$653,989	3,437,500
Alexander Vouvalides	9.15%	\$435,200	2,287,500
	6.4%	\$304,402	1,600,000

Christopher J.
Barton

Joshua Hatfield 6.4%

\$304,402

At the end of the three-year performance period, participants who remain employed with us will be paid their percentage interest in the bonus pool as stock awards based on the value of our common stock or operating partnership performance units. With respect to the 2018 OPP, each of our NEOs was granted awards in the form of operating partnership performance units. Each NEO's 2018 OPP bonus pool interest will be paid in fully vested operating partnership performance units and will continue to be subject to an additional two-year holding period.

| 2019

If the performance period is terminated prior to December 31, 2020 in connection with a change in control, 2018 OPP awards held by our NEOs will be paid entirely in fully vested operating partnership performance units immediately prior to the change in control. In addition to these payments, each 2018 OPP award entitles the NEO to a cash payment equal to the aggregate dividends that would have been paid during the performance period on the total number of performance units ultimately issued or granted in respect of such 2018 OPP award, had such performance units been outstanding throughout the performance period (less the 10% current distribution that performance units are entitled to during the performance period).

If a participant's employment is terminated without "cause," for "good reason" or due to the participant's death or disability during the performance period (referred to as qualifying terminations), the participant will be paid his or her 2018 OPP award at the end of the performance period entirely in fully vested performance units (except for the performance period dividend equivalent, which will be paid in cash at the end of the performance period). Any such payment will be pro-rated in the case of a termination without "cause" or for "good reason" by reference to the participant's period of employment during the performance period.

On February 12, 2019, the Compensation Committee approved the 2019 OPP. The 2019 OPP is substantially similar to the 2018 OPP, except that: (i) the performance period will run from January 1, 2019 through December 31, 2021, (ii) the maximum bonus pool under the 2019 OPP is \$28 million and (iii) the 2019 OPP provides for a target bonus pool equal to \$3,971,897. The Compensation Committee granted Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield 2019 OPP awards of 24%, 13.75%, 9.15%, 6.4% and 6.4%, respectively. 2019 OPP awards granted to the NEOs will be settled in performance units of our operating partnership (rather than our common stock).

Achievement of Performance-Based Equity Awards

The following table summarizes the status of the OPPs as of December 31, 2018 based on actual performance through that date (with the plans yet to be determined based on pro-rated performance targets):

Plan Year	Absolute Pool	Relative Pool	Total Pool	Status
2016 OPP (\$17,500,000 Plan Maximum)	\$—	\$17,341,177	\$17,341,177	Concluded
2017 OPP (\$20,000,000 Plan Maximum)	\$—	\$—	\$—	1 Year of performance remaining
2018 OPP (\$25,000,000 Plan Maximum)	\$—	\$2,550,609	\$2,550,609	2 Years of performance remaining

In December 2015, the Compensation Committee granted special one-time performance-based restricted stock unit, or RSU, retention awards that vest in substantially equal annual installments on January 1 in each of 2017, 2018, 2019 and 2020, based on the achievement of: (i) an annual TSR equal to at least 7% for the applicable prior calendar year, or (ii) TSR that exceeds the total shareholder return for the MSCI U.S. REIT Index for the applicable prior calendar year. The following table summarizes the status of this award:

Tranche/Performance Year	1/1/16 - 12/31/16	1/1/17 - 12/31/17	1/1/18 - 12/31/18	1/1/19 - 12/31/19
Status	Earned (Exceeded Both Hurdles)	Unearned(1) (Below Both Hurdles)	Unearned(1) (Below Both Hurdles)	Yet to be determined

- (1) May be earned at the end of calendar year 2019 if the Company's TSR during the entire performance period is equal to at least 28% for the performance period, subject to the executive's continued employment.

Employee Benefits

Our full-time employees, including our NEOs, are eligible to participate in health and welfare benefit plans, which provide medical, dental, prescription, short-term and long-term disability, life insurance, an employee assistance program and other health benefits. We believe that these benefits are a key component of a comprehensive compensation package, providing essential protections to our NEOs and enhancing the overall desirability and competitiveness of our total rewards package.

Our employees, including our NEOs, who satisfy certain eligibility requirements may participate in our 401(k) retirement savings plan. Under the 401(k) plan, eligible employees may elect to contribute pre-tax amounts to the plan, up to a statutorily prescribed limit. In 2018, we matched a portion of the contributions to the 401(k) plan on behalf of eligible employees. The discretionary employer match for 2018 was 30% of the first 6% of the eligible participant's compensation contributed to the plan. We believe that providing a vehicle for tax-preferred retirement savings through our 401(k) plan adds to the overall desirability of our executive compensation package and further incentivizes our employees, including our NEOs, in accordance with our compensation policies.

Additional Compensation Components

In the future, we may provide different and/or additional compensation components, benefits and/or perquisites to our NEOs to ensure that we provide a balanced and comprehensive compensation structure. We believe that it is important to maintain flexibility to adapt our compensation structure to properly attract, motivate and retain the top executive talent for which we compete. All future practices regarding compensation components, benefits and/or perquisites will be subject to periodic review by the Compensation Committee.

Severance and Change in Control Benefits

As described more fully below in the sections entitled "Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2018 Table" and "Potential Payments Upon Termination or Change in Control," we have entered into employment agreements with our NEOs that provide for various severance and change in control benefits and other terms and conditions of employment. We believe that the protections contained in these employment agreements will help to ensure the day-to-day stability necessary to our executives to enable them to properly focus their attention on their duties and responsibilities with the Company and will provide security with regard to some of the most uncertain events relating to continued employment, thereby limiting concern and uncertainty and promoting productivity.

In addition, (i) each of our OPPs provide for pro-rata accelerated time-vesting upon a qualifying termination during the performance period, as well as accelerated vesting upon a change in control (subject to attainment of applicable performance criteria) and (ii) the one-time RSU retention awards granted in 2015 to certain NEOs provide for accelerated vesting upon a qualifying termination or change in control, subject to attainment of applicable pro-rated performance goals. For a description of the material terms of the employment agreements and treatment of OPP awards and retention awards in connection with a change in control or qualifying termination, see "Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2018 Table" and "Potential Payments Upon Termination or Change in Control" below.

Tax Considerations

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code, disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for “covered employees.” Prior to the Tax Cuts and Jobs Act of 2017, covered employees generally consisted of our Chief Executive Officer and each of the next three highest compensated officers serving at the end of the taxable year other than our Chief Financial Officer, and compensation that qualified as “performance-based” under Section 162(m) was exempt from this \$1 million deduction limitation. As part of the Tax Cuts and Jobs Act of 2017, the ability to rely on this exemption was, with certain limited exceptions, eliminated; in addition, the determination of the covered employees was generally expanded.

We believe that we qualify as a REIT under the Code and generally are not subject to federal income taxes, provided we distribute to our stockholders at least 90% of our taxable income each year. As a result of the Company’s tax status as a REIT, the loss of a deduction under Section 162(m) of the Code may not affect the amount of federal income tax payable by the Company. However, if any portion of an executive’s compensation is subject to limitation under Section 162(m), the loss of this deduction will increase the Company’s Earnings & Profits for 2019 and, accordingly, increase the amount of distributions paid in 2019 that would be characterized as dividends. In approving the amount and form of compensation for our NEOs in the future, the Compensation Committee will consider all elements of the cost to the Company of providing such compensation, including the potential impact of Section 162(m) of the Code. In light of the repeal of the performance-based compensation exception to Section 162(m) of the Code, we may not be able to take a deduction for any compensation in excess of \$1 million that is paid to a covered employee.

Section 409A of the Internal Revenue Code

Section 409A of the Code requires that “nonqualified deferred compensation” be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities, penalty taxes and interest on their vested compensation under such plans. Accordingly, as a general matter, it is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including our NEOs, so that they are either exempt from, or satisfy the requirements of, Section 409A of the Code.

Section 280G of the Internal Revenue Code

Section 280G of the Code disallows a tax deduction with respect to excess parachute payments to certain executives of companies that undergo a change in control. In addition, Section 4999 of the Code imposes a 20% penalty on the individual receiving the excess payment.

Parachute payments are compensation that is linked to or triggered by a change in control and may include, but are not limited to, bonus payments, severance payments, certain fringe benefits, and payments and acceleration of vesting from long-term incentive plans including stock options and other equity-based compensation. Excess parachute

payments are parachute payments that exceed a threshold determined under Section 280G of the Code based on the executive's prior compensation. In approving the compensation arrangements for our NEOs in the future, the Compensation Committee will consider all elements of the cost to the Company of providing such compensation, including the potential

impact of Section 280G of the Code. However, the Compensation Committee may, in its judgment, authorize compensation arrangements that could give rise to loss of deductibility under Section 280G of the Code and the imposition of excise taxes under Section 4999 of the Code when it believes that such arrangements are appropriate to attract and retain executive talent.

Accounting Standards

ASC Topic 718 requires us to calculate the grant date “fair value” of our stock-based awards using a variety of assumptions. ASC Topic 718 also requires us to recognize an expense for the fair value of equity-based compensation awards. We have elected to account for forfeitures of awards as they occur. Grants of restricted stock, RSUs and performance units under our equity incentive award plans will be accounted for under ASC Topic 718. The Compensation Committee will regularly consider the accounting implications of significant compensation decisions, especially in connection with decisions that relate to our equity incentive award plans and programs. As accounting standards change, we may revise certain programs to appropriately align the accounting expense of our equity awards with our overall executive compensation philosophy and objectives.

(1) Amounts represent discretionary bonuses paid to our NEOs under our 2018 cash bonus program in respect of services provided during the applicable fiscal year.

Amounts reflect the full grant-date fair value of LTIP Unit awards and OPP awards granted in the applicable year, each computed in accordance with ASC Topic 718, rather than the amounts paid to or realized by the named individual. The grant-date fair values relating to 2018 LTIP Unit awards are \$2,645,501, \$1,175,773, \$923,835, (2) \$461,906, and \$545,893 for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield, respectively. The 2018 OPP award amounts in the table represent the following amounts based on the probable outcome of results; at maximum, the values are \$6,000,000, \$3,437,500, \$2,287,500, \$1,600,000 and \$1,600,000 for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield, respectively.

We provide information regarding the assumptions used to calculate the value of all LTIP Unit awards and awards under the 2018 OPP made to executive officers in Notes 2 and 9 to the consolidated financial statements contained in our Annual Report on Form 10-K, filed on February 19, 2019. There can be no assurance that awards will vest (if an award does not vest, no value will be realized by the individual). The single measure that determines the number of performance units issued under our 2018 OPP to an NEO is our TSR compared with an absolute threshold and an applicable REIT Index, computed over the applicable performance period as described in more detail in “Elements of Executive Officer Compensation—Long-Term Equity Incentives” above. The awards under the 2018 OPP are treated as market condition shares as defined under ASC Topic 718, and as a result, the grant date values will not differ from the

fair values presented in the table above.

The amounts shown represent the non-discretionary bonuses earned and paid in 2018 under our 2018 cash bonus (3)program. See “Elements of Executive Compensation—Cash Bonuses” for a detailed discussion of the 2018 cash bonus program.

Amount represents Company’s 401(k) match, life insurance premiums, long-term disability premiums and (4)incremental costs to the Company for the personal use of an aircraft, each in the amount of \$4,950, \$42, \$540 and \$105,456, respectively.

The "Target" amount represents the NEO's target bonus if each non-discretionary (1) performance goal was achieved at the target level, and the "Threshold" and "Maximum" amounts represent the NEO's threshold and maximum bonuses, respectively, if each non-discretionary performance goal was achieved at the minimum or the maximum levels.

Amounts reflect awards granted under the 2018 OPP. The number of operating partnership performance units to be earned under these awards will equal the dollar value of the bonus pool divided by our per share common stock value at the end of the performance period. The dollar value of the bonus pool, in turn, will range from \$0 to \$25,000,000 depending on the Company's absolute and relative TSR performance over the performance period. (2) Amounts in the "Maximum" column represent the amounts the NEOs will be eligible to receive if we achieve performance at a level sufficient to fund the 2018 OPP bonus pool at the maximum of \$25,000,000. Amounts in the "Target" column represent the amounts the NEOs will be eligible to receive if we achieve performance at a level sufficient to fund the 2018 OPP bonus pool at the target of \$4,756,286. Awards under the 2018 OPP granted to our NEOs will be earned in the form of performance units of our operating partnership. For additional information on the 2018 OPP, see "Elements of Executive Officer Compensation—Outperformance Programs" above.

Amounts reflect the full grant date fair value of awards granted under the 2018 OPP determined in accordance with ASC Topic 718 based on the NEO's percentage participation right in the 2018 OPP bonus pool. We provide information regarding the assumptions used to calculate the value of all awards under the 2018 OPP made to executive officers in Notes 2 and 9 to the consolidated financial statements contained in our Annual Report on Form 10-K, filed on February 19, 2019. There can be no assurance that awards will vest (if an award does not vest, no value will be realized by the individual).

(3) On December 7, 2018, the Compensation Committee approved LTIP Unit awards for each NEO, effective December 29, 2018, each of which will vest in three equal, annual installments on each of December 29, 2019, December 29, 2020 and December 29, 2021, subject to continued service with us through the applicable vesting dates (and further subject to accelerated vesting upon certain terminations as described below in the section entitled "Potential Payments Upon Termination or Change in Control").

Amounts reflect the full grant date fair value of awards granted during 2018 computed in accordance with ASC Topic 718, rather than the amounts paid to or realized by the named individual. We provide information regarding the assumptions used to calculate the value of all awards made to executive officers in 2018 in Notes 2 and 9 to the consolidated financial statements contained in our Annual Report on Form 10-K, filed on February 19, 2019. There can be no assurance that awards will vest (if an award does not vest, no value will be realized by the individual).

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in 2018 Table

The material terms of the employment agreements with each of our NEOs, as in effect in 2018, are described below.

Employment Agreements

Under the employment agreements, Messrs. Coleman, Lammas, Vouvalides, Barton, and Hatfield serve as the Company's Chief Executive Officer; Chief Operating Officer, Chief Financial Officer and Treasurer; Chief Investment Officer; Executive Vice President, Development and Capital Investments; and Executive Vice President, Operations, respectively.

The initial term of the agreements ends on January 1, 2020; on that date, the term of the agreements automatically extends for one year. In the event that we experience a "change in control" (as defined in the Amended and Restated Hudson Pacific Properties, Inc. and Hudson Pacific Properties, L.P. 2010 Incentive Award Plan, or 2010 Plan) during the one-year extension period, the term of the employment agreements will instead continue through the first anniversary of the consummation of the change in control.

Pursuant to these agreements, Mr. Coleman reports directly to our Board, Messrs. Lammas, Vouvalides and Barton report to our Chief Executive Officer and Mr. Hatfield reports to our Chief Operating Officer. During his employment term, the Board will nominate Mr. Coleman for election as a director.

For 2018, annual base salaries for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield were \$825,000, \$600,000, \$525,000, \$425,000 and \$425,000, respectively, which were increased from the 2017 annual base salaries of \$725,000, \$525,000, \$475,000, \$410,000 and \$405,000, respectively, to better align each NEO with the projected peer group median. The 2019 annual base salaries for our NEOs were increased to the following amounts: \$850,000 for Mr. Coleman, \$650,000 for Mr. Lammas, \$550,000 for Mr. Vouvalides and \$500,000 for Mr. Hatfield. Mr. Barton's 2019 annual base salary remained unchanged from 2018.

Under the agreements, each executive is eligible to receive an annual discretionary cash performance bonus, the amount of which will be determined based on determinations of company and individual performance by the Compensation Committee. In addition, the executives are eligible to participate in customary health, welfare and fringe benefit plans, and are eligible to accrue up to four weeks of paid vacation per year.

If an executive's employment is terminated by us without "cause" or by the executive for "good reason" (each, as defined in the employment agreements), or by reason of the executive's death or disability, the executive will be entitled to certain payments and benefits, as described under "Potential Payments Upon Termination or Change in Control" below. The employment agreements also contain customary confidentiality and non-solicitation provisions.

The market value of shares of restricted stock or LTIP Units, as applicable, that have not vested is calculated by (2) multiplying the fair market value of a share of our common stock on December 31, 2018 (\$29.06) by the number of unvested shares or units outstanding under the award.

Consists of restricted stock granted on December 29, 2017, which vests in three substantially equal installments on (3) each of December 29, 2018, 2019 and 2020, subject to continued service with us through the applicable vesting dates.

Consists of awards of LTIP Units on December 29, 2018, which vests in three substantially equal installments on (4) each of December 29, 2019, 2020 and 2021, subject to continued service with us through the applicable vesting dates.

Consists of restricted stock granted on December 29, 2015, which vests in four substantially equal installments on (5) each of January 1, 2017, 2018, 2019 and 2020, subject to continued service with us through the applicable vesting dates.

Represents the number of shares earned but unvested under the 2015 OPP as of December 31, 2018. Awards earned under the 2015 OPP vested as to 50% of the shares as of December 31, 2017, which were paid in fully (6) vested shares of our common stock in 2018. The remaining 50% was issued in the form of restricted stock units granted in 2018 that vests in equal annual installments on December 31, 2018 and December 31, 2019, subject to continued service with us through the applicable vesting dates. As of December 31, 2018, half of these restricted stock units remained unvested.

The market value of earned but unvested rights in the 2015 OPP is calculated by multiplying the fair market value (7) of a share of our common stock on December 31, 2018 (\$29.06) by the number of shares earned but unvested under the 2015 OPP as of December 31, 2018.

Represents the number of shares earned but unvested under the 2016 OPP as of December 31, 2018. Awards earned under the 2016 OPP vested as to 50% of the shares as of December 31, 2018, which were paid in fully (8) vested shares of our common stock in 2018. The remaining 50% was issued in the form of restricted stock units granted in 2018 that vests in equal annual installments on December 31, 2019 and December 31, 2020, subject to continued service with us through the applicable vesting dates.

The market value of earned but unvested rights in the 2016 OPP is calculated by multiplying the fair market value (9) of a share of our common stock on December 31, 2018 (\$29.06) by the number of shares earned but unvested under the 2016 OPP as of December 31, 2018.

Consists of (i) 21.425%, 11.45%, 9.15%, 7.175% and 5.175% for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield, respectively, multiplied by (ii) \$0, which equals the bonus pool that is eligible to be (10) earned under the 2017 OPP assuming the Company's absolute and relative TSR performance for the three-year performance period under the 2017 OPP continues at the same rate as we experienced from January 1, 2017, the first day of the performance period, through December 31, 2018, divided by (iii) \$29.06, which is the fair market value of a share of our common stock on December 31, 2018. Any awards earned under the 2017 OPP upon the completion of the three-year performance period will be earned in fully vested performance units of our operating partnership.

The market value of unearned rights in the OPPs is calculated by multiplying the fair market value of a share of our common stock on December 31, 2018 (\$29.06) by the number of shares equivalent to the fair value of each (11) NEO's participation interest in the applicable OPP bonus pool (as determined in accordance with SEC rules and footnotes 10 and 12). For more information about the OPPs, see "Elements of Executive Officer Compensation-Outperformance Programs" above.

(12)

Consists of (i) 24.00%, 13.75%, 9.15%, 6.40% and 6.40% for Messrs. Coleman, Lamm, Vouvalides, Barton and Hatfield, respectively, multiplied by (ii) \$4,756,286, which equals the target bonus pool that is eligible to be earned under the 2018 OPP assuming the Company's absolute and relative TSR performance for the three-year performance period under the 2018 OPP is at target, divided by (iii) \$29.06, which is the fair market value of a share of our common stock on December 31, 2018. Any awards earned under the 2018 OPP upon the completion of the three-year performance period will be earned in fully vested performance units of our operating partnership.

Consists of the unvested portion of RSU "retention awards" granted in 2015, which is scheduled to vest in four installments on January 1 of each of 2017, 2018, 2019 and 2020 based on the achievement of certain absolute or relative TSR goals measured annually or, if neither of the shareholder return hurdles are achieved for an (13) applicable year during the performance period, the unvested portion of this award will remain eligible to vest on January 1, 2020 based on the achievement of a cumulative TSR goal, as well as (in each case) continued employment through the applicable vesting date. In 2018, we did not achieve the performance goals with respect to the third tranche of this award, and accordingly, no additional RSUs vested on January 1, 2019.

The market value of the unvested portion of the RSU retention award is calculated by multiplying the fair market (14) value of a share of our common stock on December 31, 2018 (\$29.06) by the number of unvested restricted stock units as of December 31, 2018.

Potential Payments Upon Termination or Change in Control

Employment Agreements

Termination Without Cause or for Good Reason

Under the executives' employment agreements, if an executive's employment is terminated by us without "cause" or by the executive for "good reason" (each, as defined in the employment agreements) then, in addition to accrued amounts and any earned but unpaid bonuses, the executive will be entitled to receive the following:

A lump-sum payment in an amount equal to one (or, with respect to Mr. Coleman, three) times the sum of (i) the executive's annual base salary then in effect, (ii) the average annual bonus earned by the executive during the two prior fiscal years, and (iii) with respect to Mr. Coleman only, the average value of any annual equity awards made to Mr. Coleman during the two prior fiscal years (not including any awards granted pursuant to a multi-year or long-term performance program, initial hiring or retention award or similar non-reoccurring award);
Accelerated vesting of all outstanding equity awards held by the executive as of the termination date (other than any OPP awards and other than the one-time RSU retention awards granted in 2015, for which accelerated vesting provisions are described below); and
Company-subsidized healthcare continuation coverage for up to 18 months after the termination date.

In the event that an executive's employment is terminated by the Company without "cause" or by the executive for "good reason," in either case, on or within one year after a change in control, then the executive will be entitled to receive the same payments and benefits described above, except that the amount of the cash severance received by each executive, other than Mr. Coleman, will be multiplied by two (rather than one).

Death or Disability of Executive

Upon a termination of employment by reason of death or disability, the executive or his/her estate will be entitled to accelerated vesting of all outstanding equity awards held by the executive as of the termination date (other than any OPP awards and other than the one-time RSU retention awards granted in 2015, for which accelerated vesting provisions are described below), in addition to accrued amounts and earned but unpaid bonuses.

Change in Control (no termination)

If the Company has a change in control and the successor company does not assume or substitute new awards pursuant to the 2010 Plan for any outstanding awards, such awards will vest in full to the extent then unvested.

Outperformance Program

Under the 2017 OPP and the 2018 OPP, if the three-year performance period is terminated prior to December 31, 2019 or December 31, 2020, respectively, in connection with a change in control, the OPP awards, to the extent earned as of the change in control, will be paid entirely in fully vested performance units of our operating partnership, immediately prior to the change in control.

If a participant's employment is terminated without "cause," for "good reason" or due to the participant's death or disability during the applicable performance period (referred to as qualifying terminations), the participant will be paid his or her OPP award at the end of the performance period in fully vested shares or performance units (as applicable), to the extent earned based on achievement of the performance goals during the performance period. Any such payment will be pro-rated in the case of a termination without "cause" or for "good reason" by reference to the participant's period of employment during the applicable performance period.

RSU Retention Awards

Under the RSU retention awards held by Messrs. Coleman, Lammas, Vouvalides and Barton, upon a termination of the executive's employment by the Company without "cause," by the executive for "good reason" or due to the executive's death or disability, the RSU award will vest in full based on the achievement of a pro-rated cumulative TSR goal through the termination date. In addition, in the event of a change in control of the Company prior to the completion of the performance period, the RSU award will vest in full if the Company achieves a pro-rated cumulative TSR goal for the shortened performance period through the change in control date.

Summary of Potential Payments Upon Termination or Change in Control

The following table summarizes the payments that would be made to our NEOs upon the occurrence of certain qualifying terminations of employment or a change in control, in any case, occurring on December 31, 2018. Amounts shown do not include (i) accrued but unpaid base salary through the date of termination, or (ii) other benefits earned or accrued by the NEO during his employment that are available to all salaried employees, such as accrued vacation, and assume that any successor company in a change in control assumed or substituted awards for any outstanding awards under the 2010 Plan.

In accordance with the employment agreement terms, if any payments made in connection with a change in control would otherwise be subject to an excise tax under Section 4999 of the Code by reason of the “golden parachute” rules contained in Section 280G of the Code, such payments will be reduced if and to the extent that doing so will result in net after-tax payments and benefits for the executive officer that are more favorable than the net after-tax payments and benefits payable to the executive officer in the absence of such a reduction after the imposition of the excise tax. The figures reported in this

column do not reflect any such reductions as a result of Code Section 280G limits. No executive officer is entitled to any tax gross-up payment in connection with change in control payments (or otherwise).

Cash severance was calculated by multiplying the applicable severance multiple (described above) by the sum of (i) the executive officer's annual base salary in effect on December 31, 2018; (ii) the average annual bonus earned (2) by the executive officer during 2016 and 2017; and (iii) with respect to Mr. Coleman only, the average value of any annual equity award made to him with respect to 2016 and 2017, not including any outperformance program awards or the RSU retention award.

Represents the aggregate premium payments that we would be required to pay to or on behalf of the applicable (3) executive to provide continued health insurance coverage under COBRA (based on the executive's health insurance coverage elections as of December 31, 2018) for 18 months.

Represents, for each executive officer, the sum of the values attributable to (i) the accelerated vesting of the unvested portion of all outstanding shares of restricted stock and LTIP Units held by the executive officer as of December 31, 2018, (ii) the accelerated vesting of the portion of the executive's 2015 OPP and 2016 OPP awards that was unvested as of December 31, 2018, (iii) the accelerated vesting of the 2017 OPP and 2018 OPP awards (4) held by the executive officer and (iv) except with respect to Mr. Hatfield, the accelerated vesting of the RSU retention awards based on the achievement of pro-rated performance goals, plus the dividend equivalents that would become payable in respect of the RSU retention awards. Amounts do not include the dividend equivalents that may become payable in respect of the executive's 2017 OPP and 2018 OPP award upon the termination, as that amount is not yet determinable. As required by applicable disclosure rules, these values reflect a hypothetical termination of the executive's employment occurring on December 31, 2018.

The value of accelerated restricted stock and LTIP Unit vesting was calculated by multiplying (a) the number of shares subject to acceleration by (b) the fair market value of a share of common stock on December 31, 2018 (\$29.06). The value of the accelerated vesting of the 2015 OPP and 2016 OPP awards was calculated by multiplying (a) the number of earned but unvested RSUs subject to acceleration by (b) the fair market value of a share of common stock on December 31, 2018 (\$29.06).

The 2017 OPP awards were valued for each executive officer by multiplying (x) the executive officer's interest in the 2017 OPP, or 21.425%, 11.45%, 9.15%, 7.175% and 5.175% for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield, respectively, times (y) the projected bonus pool under the 2017 OPP, or \$0. The 2017 OPP bonus pool is not yet determinable. We have estimated for purposes of this disclosure that the Company's TSR performance over the remainder of the performance period will replicate the Company's actual TSR performance from January 1, 2017 through December 31, 2018. Note, however, that the value of these accelerated 2017 OPP awards would ultimately reflect actual performance and, accordingly, if our actual TSR results vary, the amounts payable in respect of 2017 OPP awards under this scenario could be greater or less than the amounts reported.

The 2018 OPP awards were valued for each executive officer by multiplying (x) the executive officer's interest in the 2018 OPP, or 24.00%, 13.75%, 9.15%, 6.40% and 6.40% for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield, respectively, times (y) the projected bonus pool under the 2018 OPP, or \$2,550,609. The 2018 OPP bonus pool is not yet determinable. We have estimated for purposes of this disclosure that the Company's TSR performance over the remainder of the performance period will replicate the Company's actual TSR performance from January 1, 2018 through December 31, 2018. Note, however, that the value of these accelerated 2018 OPP awards would ultimately reflect actual performance and, accordingly, if our actual TSR results vary, the amounts payable in respect of 2018 OPP awards under this scenario could be greater or less than the amounts reported.

The value of the accelerated vesting of the RSU retention awards as of December 31, 2018 is estimated for purposes of this disclosure based on the achievement of a pro-rated cumulative TSR goal through the assumed termination date

(December 31, 2018). The RSU retention award values for each executive also include an amount equal to the aggregate dividend equivalents that would become payable to the executive in respect of his RSU retention award upon such termination, or \$0, based on the dividends per share declared during the performance period (beginning on January 1, 2016) through December 31, 2018.

Represents, for each executive officer, the sum of the values attributable to (i) the accelerated vesting of the unvested portion of all outstanding shares of restricted stock and LTIP Units held by the executive officer as of December 31, 2018, (ii) the accelerated vesting of the portion of the executive's 2015 OPP and 2016 OPP awards that was unvested as of December 31, 2018, (iii) the pro-rated accelerated vesting of the 2017 OPP award and 2018 OPP award held by the executive officer and (iv) except with respect to Mr. Hatfield, the accelerated vesting of the (5) RSU retention awards based on the achievement of pro-rated performance goals, plus the dividend equivalents that would become payable in respect of the RSU retention awards. Amounts do not include the dividend equivalents that may become payable in respect of the executive's 2017 OPP award and 2018 OPP award upon the termination, as that amount is not yet determinable. As required by applicable disclosure rules, these values reflect a hypothetical termination of the executive's employment occurring on December 31, 2018.

The value of accelerated restricted stock and LTIP Units, RSU retention awards and 2015 OPP and 2016 OPP awards vesting was calculated as described in footnote (4) above.

The 2017 OPP awards were valued for each executive officer by multiplying (x) the executive officer's interest in the 2017 OPP, or 21.425%, 11.45%, 9.15%, 7.175%, and 5.175% for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield, respectively, times (y) the pro-rated portion of the performance period elapsed through December 31, 2018, or approximately two-thirds, times (z) the projected bonus pool under the 2017 OPP, or \$0. The 2017 OPP bonus pool is not yet determinable. We have estimated for purposes of this disclosure that the Company's TSR performance over the remainder of the performance period will replicate the Company's actual TSR performance from January 1, 2017 through December 31, 2018. Note, however, that the value of these accelerated 2017 OPP awards would ultimately reflect actual performance and, accordingly, if our actual TSR results vary, the amounts payable in respect of 2017 OPP awards under this scenario could be greater or less than the amounts reported.

The 2018 OPP awards were valued for each executive officer by multiplying (x) the executive officer's interest in the 2018 OPP, or 24.00%, 13.75%, 9.15%, 6.4% and 6.4% for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield, respectively, times (y) the pro-rated portion of the performance period elapsed through December 31, 2018, or approximately one-third, times (z) projected bonus pool under the 2018 OPP, or \$2,550,609. The 2018 OPP bonus pool is not yet determinable. We have estimated for purposes of this disclosure that the Company's TSR performance over the remainder of the performance period will replicate the Company's actual TSR performance from January 1, 2018 through December 31, 2018. Note, however, that the value of these accelerated 2018 OPP awards would ultimately reflect actual performance and, accordingly, if our actual TSR results vary, the amounts payable in respect of 2018 OPP awards under this scenario could be greater or less than the amounts reported.

Represents, for each executive officer, the full accelerated vesting of (i) the earned but unvested portion of the executive's 2015 OPP and 2016 OPP awards as of December 31, 2018 and (ii) the 2017 OPP award and 2018 OPP award held by the executive officer based on actual performance through December 31, 2018, plus the dividend equivalents that would become payable in respect of the executive's 2017 OPP and 2018 OPP awards upon the (6) change in control. In addition, except with respect to Mr. Hatfield, includes the value of the accelerated vesting of the RSU retention awards based on the achievement of pro-rated performance goals plus the dividend equivalents that would become payable in respect of the RSU retention awards. As required by applicable disclosure rules, these values reflect a hypothetical change in control occurring on December 31, 2018.

The value of the 2015 OPP and 2016 OPP awards vesting was calculated as described in footnote (4) above.

The 2017 OPP award values were determined for each executive officer by multiplying (x) the executive officer's pool interest of 21.425%, 11.45%, 9.15%, 7.175% and 5.175% for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield, respectively, by (y) a bonus pool of \$0, determined based on actual TSR performance through December 31, 2018.

The 2017 OPP award values for each executive also include an amount equal to the aggregate dividend equivalents that would become payable to the executive in respect of his 2017 OPP award upon such change in control, or \$0, based on the dividends per share declared during the performance period (beginning on January 1, 2017) through December 31, 2018 and the bonus pool of \$0, (determined based on actual TSR performance through December 31, 2018).

The 2018 OPP award values were determined for each executive officer by multiplying (x) the executive officer's pool interest of 24.00%, 13.75%, 9.15%, 6.40% and 6.40% for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield, respectively, by (y) a bonus pool of \$2,550,609 (determined based on actual TSR performance through December 31, 2018).

The 2018 OPP award values for each executive also include an amount equal to the aggregate dividend equivalents that would become payable to the executive in respect of his 2018 OPP award upon such change in control, or \$3,374, \$1,928, \$1,280, \$897 and \$897 for Messrs. Coleman, Lammas, Vouvalides, Barton and Hatfield, respectively, based on the dividends per share declared during the performance period (beginning on January 1, 2018) through December 31, 2018 and the bonus pool of \$2,550,609 (determined based on actual TSR performance through December 31, 2018).

(7) Represents, for each executive officer, the sum of the values attributable to (i) the accelerated vesting of the unvested portion of all outstanding shares of restricted stock and LTIP Units held by the executive officer as of December 31, 2018, (ii) the accelerated vesting of the portion of the executive's 2015 OPP award and 2016 OPP award that was unvested as of December 31, 2018, (iii) the full accelerated vesting of the 2017 OPP award and 2018 OPP award held by the executive officer based on actual performance through December 31, 2018, and (iv) the accelerated vesting of the RSU retention awards based on the achievement of a pro-rated cumulative TSR goals. As required by applicable disclosure rules, these values reflect a hypothetical change in control and qualifying termination of the executive's employment occurring on December 31, 2018.

The value of accelerated restricted stock and LTIP Units, RSU retention awards and 2015 OPP and 2016 OPP awards vesting was calculated as described in footnote (4) above. The value of the 2017 OPP and 2018 OPP awards was calculated as described in footnote (6) above.

CEO Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information regarding the relationship of the annual total compensation of our median compensated employee to the annual total compensation of Victor J. Coleman, our CEO. We consider the pay ratio specified below to be a reasonable estimate, calculated in a manner that is intended to be consistent with the requirements of Item 402(u) of Regulation S-K.

For 2018, our last completed fiscal year:

the annual total compensation of the employee who represents our median compensated employee (other than our CEO) was \$101,340; and

the annual total compensation of our CEO, as reported in the Summary Compensation Table included above, was \$6,360,802.

Based on this information, for 2018, our CEO's annual total compensation was approximately 63 times that of the median of the annual total compensation of all of our employees (other than the CEO).

Determining the Median Employee

Employee Population

We used our employee population data as of October 1, 2017 as the reference date for identifying our median employee. As of such date, our employee population consisted of approximately 290 individuals, including 289 full-time employees and one part-time employee.

Methodology for Determining Our Median Employee

To identify the median employee from our employee population, we selected base salary and bonus, as reflected in our payroll records as reported to the Internal Revenue Service on Form W-2 for 2017, as the most appropriate measure of compensation, which was consistently applied to all of our employees included in the calculation. In identifying the median employee, we annualized the compensation of all full-time employees who were new-hires in 2017 and on leave of absence in 2017.

This employee is the same employee identified for purposes of our 2018 disclosure. We believe that there have been no changes in our employee population or employee compensation arrangements since that median employee was identified in 2017 that would significantly impact our pay ratio disclosure.

Compensation Measure and Annual Total Compensation of Median Employee

With respect to the annual total compensation of the employee who represents our median compensated employee, we calculated the elements of such employee's compensation for 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$101,340.

Annual Total Compensation of CEO

With respect to the annual total compensation of our CEO, we used the amount reported in the “Total” column of our 2018 Summary Compensation Table included in this Proxy Statement.

Equity Compensation Plan Information

The following table provides information as of December 31, 2018 regarding compensation plans under which our equity securities are authorized for issuance:

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights	Weighted Average Exercise Price of Outstanding Options	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans(1)
Equity compensation plans approved by stockholders	11,617,870(2)	—	6,919,234(3)
Equity compensation plans not approved by stockholders	—	—	—
Total	11,617,870	—	6,919,234

(1) Consists of the 2010 Plan.

Represents 1,771,935 shares of common stock that were subject to awards of RSUs, including potential awards under our one-time RSU retention grants, potential awards under our OPP plans using the maximum bonus pool

(2) eligible to be earned and based on a stock price of \$29.06 on December 31, 2018 for the 2017 OPP and 2018 OPP and 488,351 of unvested time-based restricted operating partnership units but excludes 609,746 shares of unvested restricted stock.

As of December 31, 2018, 6,919,234 fungible units remained available for issuance under our 2010 Plan. This fungible unit limit means that, based on the relative fungible unit weights attributable to different award types under the plan, the maximum number of shares that may be issued under the plan as of December 31, 2018 ranged (3) from 2,566,892 to 8,943,597 shares, with the ultimate share limit determined by reference to the types of awards actually granted under the plan. The amount disclosed in the table represents the number of shares that would be available for issuance if all awards made after December 31, 2018 are granted as ten-year options.

Compensation Risk Analysis

As part of the 2018 compensation process, the Compensation Committee, in conjunction with FTI, considered the matter of risks to stockholders and to the achievement of performance objectives that may be inherent in the compensation programs. After reviewing and discussing the foregoing, it was concluded that the Company's compensation programs are designed with an appropriate risk-reward balance in relation to the Company's business strategy and that none of the compensation programs encourage any executive or employee to take on excessive or unnecessary risks that are reasonably likely to have a material adverse effect on the Company. The following elements of our executive compensation plans and practices were considered in evaluating whether such plans and practices encourage our executives to take unnecessary risks:

We evaluate performance based on a variety of business objectives, including, but not limited to, execution of capital markets strategy, expansion of asset base, sourcing and completion of accretive acquisitions, strength of balance sheet, earnings, and occupancy and leasing performance, that we believe correlate to the long-term, sustainable creation of stockholder value;

The most material component of equity-based executive compensation is in the form of "full-value awards," such as restricted stock, which, as compared to stock options or other market-based equity compensation vehicles, retains some degree of value even in periods of depressed markets and thus provides executives with a baseline of value that lessens the likelihood that executives will undertake any unnecessary risks to get or keep options (or other similar vehicle) "in-the-money";

In 2018, the Compensation Committee retained ultimate discretion in setting compensation and did not rely on pre-determined formulas, therefore our executives were not encouraged to take unreasonable risks to meet certain hurdles to avoid not achieving the required formulaic metric; and

As the most material portion of each executive's compensation to date has been in the form of stock, our executives have sizable holdings of equity in the Company, which aligns an appropriate portion of their personal wealth with our long-term performance. None of the shares of our stock or the common units of our operating partnership owned by our directors and executive officers are pledged as collateral for a loan.

Stock Ownership

Principal Stockholders

The following table sets forth certain information regarding the beneficial ownership of shares of our common stock and shares of common stock into which common units are exchangeable for (i) each person who is the beneficial owner of 5% or more of our outstanding common stock, (ii) each of our directors and NEOs, and (iii) all of our directors and executive officers as a group. Each person named in the table has sole voting and investment power with respect to all of the shares of our common stock shown as beneficially owned by such person, except as otherwise set forth in the notes to the table. The extent to which a person will hold shares of common stock as opposed to common units is set forth in the footnotes below.

The SEC has defined “beneficial ownership” of a security to mean the possession, directly or indirectly, of voting power and/or investment power over such security. A stockholder is also deemed to be, as of any date, the beneficial owner of all securities that such stockholder has the right to acquire within 60 days after that date through (a) the exercise of any option, warrant or right, (b) the conversion of a security, (c) the power to revoke a trust, discretionary account or similar arrangement, or (d) the automatic termination of a trust, discretionary account or similar arrangement. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options or other rights (as set forth above) held by that person that are exercisable as of March 25, 2019 or will become exercisable within 60 days thereafter, are deemed outstanding, while such shares are not deemed outstanding for purposes of computing percentage ownership of any other person. As of March 25, 2019, 154,938,269 shares of our common stock were issued and outstanding.

Unless otherwise indicated, the address of each named person is c/o Hudson Pacific Properties, Inc., 11601 Wilshire Blvd., Ninth Floor, Los Angeles, California 90025.

Appendix A: Reconciliation of Non-GAAP Financial Measures

Funds from Operations

We calculate funds from operations in accordance with the White Paper issued in December 2018 on FFO approved by the Board of Governors of the National Association of Real Estate Investment Trusts, or NAREIT. The White Paper defines FFO as net income or loss calculated in accordance with generally accepted accounting principles in the United States, or GAAP, excluding gains and losses from sales of depreciable real estate, gains and losses from sale of certain real estate assets and impairment write-downs associated with depreciable real estate, plus real estate-related depreciation and amortization (excluding amortization of deferred financing costs and depreciation of non-real estate assets) and after adjustment for unconsolidated partnerships and joint ventures. The calculation of FFO includes the amortization of deferred revenue related to tenant-funded tenant improvements and excludes the depreciation of the related tenant improvement assets. In the December 2018 White Paper, NAREIT, provided an option to include value changes in mark-to-market equity securities in the calculation of FFO. The Company elected this option, retroactively during fourth quarter 2018. The Company believes FFO is a useful supplemental measure of our operating performance. The exclusion from FFO of gains and losses from the sale of operating real estate assets allows investors and analysts to readily identify the operating results of the assets that form the core of our activity and assists in comparing those operating results between periods. Also, because FFO is generally recognized as the industry standard for reporting the operations of REITs, it facilitates comparisons of operating performance to other REITs. However, other REITs may use different methodologies to calculate FFO, and accordingly, our FFO may not be comparable to all other REITs.

Implicit in historical cost accounting for real estate assets in accordance with GAAP is the assumption that the value of real estate assets diminishes predictably over time. Since real estate values have historically risen or fallen with market conditions, many industry investors and analysts have considered presentations of operating results for real estate companies using historical cost accounting alone to be insufficient. Because FFO excludes depreciation and amortization of real estate assets, we believe that FFO along with the required GAAP presentations provides a more complete measurement of our performance relative to our competitors and a more appropriate basis on which to make decisions involving operating, financing and investing activities than the required GAAP presentations alone would provide. The Company uses FFO per share to calculate annual cash bonuses for certain employees.

However, FFO should not be viewed as an alternative measure of our operating performance because it does not reflect either depreciation and amortization costs or the level of capital expenditures and leasing costs necessary to maintain the operating performance of our properties, which are significant economic costs and could materially impact our results from operations.

Net Operating Income

We evaluate performance based upon property net operating income, or NOI, from continuing operations. NOI is not a measure of operating results or cash flows from operating activities or cash flows as measured by GAAP and should not be considered an alternative to income from continuing operations, as an indication of our performance, or as an alternative to cash flows as a measure of liquidity, or our ability to make distributions. All companies may not calculate NOI in the same manner. We consider NOI to be a useful performance measure to investors and management because when compared across periods, NOI reflects the revenues and expenses directly associated with owning and operating our properties and the impact to operations from trends in occupancy rates, rental rates and operating costs, providing a perspective not immediately apparent from income from continuing operations. We calculate NOI as net income (loss) excluding corporate general and administrative expenses, depreciation and amortization, impairments, gains/losses on sales of real estate, interest expense, transaction-related expenses and other non-operating items. We define NOI as operating revenues (including rental revenues, other property-related revenue, tenant recoveries and other operating revenues), less property-level operating expenses (which includes external management fees, if any, and property-level general and administrative expenses). NOI on a cash basis is NOI adjusted to exclude the effect of straight-line rent and other non-cash adjustments required by GAAP. We believe NOI on a cash basis is helpful to investors as an additional measure of operating performance because it eliminates straight-line rent and other non-cash adjustments to revenue and expenses.
