This Information Statement has been filed with the Securities and Exchange Commission and is being furnished, pursuant to Section 14C of the Securities Exchange Act of 1934, as amended (the Exchange Act), to the holders (the Stockholders) of the common stock, par value \$0.001 per share (the Common Stock), of Cannabis Science, Inc., a Nevada Corporation (the Company), to notify such Stockholders that on or about December 20, 2010 , the Company received written consents in lieu of a meeting of Stockholders from two holders of 666,666 shares of Series A Preferred Stock representing approximately 60.2% of the total 1,107,169,574 issued and outstanding shares of voting

stock of the Company (the Majority Stockholders) to effect a recapitalization of the Company by establishing two classes of common stock, Class A and Class B and to issue a dividend to holders of our current common stock so they received 1 share of the new Class A common stock and 1 non-transferable share purchase warrant for each 10 shares of the former Class B common stock that they previously owned as of the record date, December 31, 2010. Each warrant will grant the holder to purchase an additional share of Class A common stock at a price of \$1.00 per share. The warrant will be exercisable for 90 days from the date that the Class A common stock receives a trading symbol.

On December 20, 2010, the Board approved the above actions, subject to approval by the Stockholders.

We are not aware of any substantial interest, direct or indirect, by security holders or otherwise, that is in opposition to matters of action taken. In addition, pursuant to the laws of Nevada, the actions taken by majority written consent in lieu of a special shareholder meeting do not create appraisal or dissenters' rights.

Our board of directors determined to pursue shareholder action by majority written consent presented by our outstanding shares of stock entitled to vote in an effort to reduce the costs and management time required to hold a special meeting of shareholders and to implement the above action to our shareholders in a timely manner.

The above actions will become effective 20 days following the mailing to the Stockholders of the Definitive Information Statement, or as soon thereafter as is practicable.

WE ARE NOT ASKING YOU FOR A PROXY

On December 20, 2010, the holders of 666,666 shares of Series A Preferred Stock (or approximately 60.2% of the Company's total voting stock then outstanding) executed and delivered to the Company a written consent approving the actions. As the actions were approved by the Majority Stockholders, no proxies are being solicited with this Information Statement.

The NRS provides in substance that unless the Company's Articles provides otherwise, Stockholders may take action without a meeting of stockholders and without prior notice if a consent or consents in writing, setting forth the action so taken, is signed by the Stockholders having not less than the minimum number of votes that would be necessary to take such action at a meeting at which all shares entitled to vote thereon were present.

ACTION: CREATE NEW CLASS OF COMMON STOCK AND ISSUE DIVIDEND

To approve the decision of our Board of Directors to amend the Articles of Incorporation to effect a recapitalization of the Company by establishing two classes of common stock, Class A and Class B and to issue a dividend to holders of our current common stock so they received 1 share of the new Class A common stock and 1 non-transferable share purchase warrant for each 10 shares of the former Class B common stock that they previously owned as of the record date, December 31, 2010. Each warrant will grant the holder to purchase an additional share of Class A common stock at a price of \$1.00 per share. The warrant will be exercisable for 90 days from the date that the Class A common stock receives a trading symbol.

On December 20, 2010, our Board of Directors approved, subject to receiving the approval of the holder of a majority of our outstanding capital stock, an amendment to the Articles of Incorporation to effect a recapitalization of the Company by establishing two classes of common stock, Class A and Class B and to issue a dividend to holders of our current common stock so they received 1 share of the new Class A common stock and 1 non-transferable share purchase warrant for each 10 shares of the former Class B common stock that they previously owned as of the record date, December 31, 2010. Each whole share purchase warrant will be exercisable into one share of Class A common stock at a price of \$1.00 per share. The share purchase warrants expire 90 days from the date Class A common stock commences trading under its own unique symbol. The Amended Articles effecting the new class and share dividend will become effective following filing with the Secretary of State of the State of Nevada, which will occur promptly following the 20th day after the mailing of this Information Statement to our stockholders as of the Record Date.

We are currently authorized by our Certificate of Incorporation to issue 250,000,000 shares of common stock, \$0.001 par value per share and 1,000,000 shares of preferred stock, \$0.001 par value per share. Pursuant to the Amendment we will increase the authorized shares and reclassify our common stock so that we can issue 850,000,000 shares of Class B common stock (our current class), 100,000,000 shares of Class A common stock (our new class) and 1,000,000 shares of preferred stock.

As of the date the Amendment was approved by our Board and the Majority Stockholders, there were 107,170,574 shares of our common stock issued and outstanding.

Reasons for the New Class of Common Stock

Our Board believes it is in our best interests and the best interests of our stockholders to create a new class of common stock as it will allow for greater value for shareholders in having increased dividend participation; meaning that the new Class A shares would receive a greater amount of any total declared dividend as compared to the Class B shares and any current shareholders would receive essentially the same dividend before and after the recapitalization, but that any new issuances of Class A common stock would have increased dividend participation as compared to current shareholders. In addition, based upon the 1 for 30 conversion ratio for the new class of common stock into the current class of common stock, this will enable the issuance of shares of our common stock at a higher price in connection with such potential issuances and such other purposes as the Board determines.

The Board believes that issuing stock at the higher price along with the greater dividend participation for new issuances of the new common stock, as discussed above, will afford the Company greater flexibility in seeking capital and potential acquisition targets. The higher price referenced herein means a higher price for the Class A as compared to the Class B common stock, rather than a higher price in the absolute.

The Board has no immediate plans, understandings, agreement or commitments to issue shares of the new common stock for any purposes other than the dividend. While there is no immediate benefit for the Company arising from this recapitalization, we believe the added capital proceeds from the exercise of share purchase warrants into Class A common shares will benefit the Company in its capital growth objective and the added value to shareholders will retain their loyalty and commitment towards the Company's longevity and profitability.

New Share Structure

Upon effectiveness of the Amendment, we will be authorized to issue 850,000,000 shares of Class B common stock (our current class) and 100,000,000 shares of Class A common stock (our new class) and 1,000,000 shares of preferred stock.

Each whole share purchase warrant will be exercisable into one share of Class A common stock at a price of \$1.00 per share. The share purchase warrants expire 90 days from the date Class A common stock commences trading under its own unique symbol.

Anti-Takeover

We presently do not have in place provisions which may have an anti-takeover effect. The increase in the authorized number of shares and class of our common stock did not result from our knowledge of any specific effort to accumulate our securities or to obtain control of us by means of a merger, tender offer, proxy solicitation in opposition to management or otherwise, and we did not take such action to increase the authorized shares of our common stock to enable us to frustrate any efforts by another party to acquire a controlling interest or to seek representation on our Board.

The issuance of additional shares of our common stock may have a dilutive effect on earnings per share and on the equity and voting power of existing security holders of our common stock. It may also adversely affect the market price of our common stock. However, if additional shares are issued in transactions whereby favorable business opportunities are provided, the market price of our common stock may increase.
