2014 Performance Highlights

On November 1, 2013, Penn National Gaming, Inc. ("Penn") distributed all of the outstanding shares of our common stock to its shareholders and we began trading on the NASDAQ Global Market under the symbol "GLPI" completely independent from Penn (the "Spin-Off"). As a result of the Spin-Off, we own the real estate and improvements associated with 18 of Penn's current facilities and lease the real property assets back to an affiliate of Penn pursuant to a master "triple-net" lease. The Spin-Off was the culmination of a three-year process designed to unlock significant value for Penn's shareholders by separating its real estate assets from its operating assets and enabling the Company to pursue transactions and diversify its business in a way that it could not achieve as a part of Penn. Following the Spin-Off, the Company relied on transition services from Penn for key functional areas such as accounting, finance, human resources, information technology, legal, risk management and tax. Throughout 2014, the Company continued to grow its staff and decrease its reliance on Penn. At year-end, the Company had 17 full-time employees and transition services from Penn were practically eliminated with only certain insurance advisory services and human resources support services remaining.

Following the Spin-Off, in order to qualify for tax status as a real estate investment trust (a "REIT") for the tax year beginning January 1, 2014, the Company needed to satisfy certain organizational, operational, distribution and compliance requirements, including a purge of historical earnings and profits allocated to the Company in the Spin-Off. On February 18, 2014, the Company issued 21,979,821 shares of common stock and distributed an aggregate of approximately \$210 million of cash in the form of a special dividend of historical earnings and profits. On December 19, 2014, the Company made an additional distribution of historical earnings and profits of \$37 million in accordance with a Pre-Filing Agreement between the Company and the Internal Revenue Service (the "IRS") pursuant to which the Company and the IRS agreed to the allocation of earnings and profits between Penn and the Company at the time of the Spin-Off.

During 2014, the Company began to execute on its announced strategy to acquire gaming properties in sale/leaseback arrangements and to offer innovative and unique financing solutions to the gaming industry with the acquisition of the Casino Queen located in East St. Louis, Illinois on January 23, 2014. The acquisition was structured as a sale/leaseback of the real property assets and included a five-year term loan to Casino Queen to refinance its existing indebtedness.

In addition to the acquisition of the Casino Queen, the Company completed two development projects in Ohio adding additional properties to the Master Lease with Penn. On August 28, 2014, Hollywood Gaming at Dayton Raceway located in Dayton, Ohio opened to the public featuring 1,000 video lottery terminals, a variety of food and beverage options, a sports bar, entertainment venue and 5/8th-mile harness racing track. On September 17, 2014, Hollywood Gaming at Mahoning Valley Race Course located in Youngstown, Ohio opened to the public featuring 850 video lottery terminals, a variety of food and beverage options plus a sports bar, entertainment venue and one-mile thoroughbred racing track.

For a complete discussion of our financial performance in 2014, please see Management's Discussion and Analysis of Financial Condition and Results of Operations on pages 30 to 48 of our Annual Report on Form 10-K for the year ended December 31, 2014, a copy of which is included in the Annual Report to Shareholders made available to shareholders in connection with this Proxy Statement.

2014 Executive Compensation

The focus and organization of the Company as a REIT is much different from the business conducted by Penn. Following the Spin-Off, the Compensation and Governance Committee decided to take a fresh look at the Company's executive compensation program to ensure that the Named Executive Officers are properly incentivized and that the performance metrics reflect the Company's operations as a REIT focused on the acquisition and ownership of gaming properties. In doing so, the Committee considered the importance of the unique skill set necessary to appropriately value properties with revenues primarily derived from gaming operations and the need to create a compensation program designed to attract and retain executives with the requisite gaming experience. Accordingly, the Committee adopted the following compensation philosophy that serves as the guide for all executive compensation decisions in order to help us achieve our objectives:

The Company intends to maintain an executive compensation program that will help it attract and retain the executive talent needed to grow and further the strategic interests of the business. To this end, the Company provides a compensation and benefits program that will be sufficiently attractive to provide talented executives with good reason to remain with the Company and continue in their efforts to improve shareholder value. The Company's program is designed to motivate and reward

executives to achieve and exceed targeted results. Pay received by the executives will be commensurate with the performance of the Company and their own individual contributions.

The Committee believes that it is in the long-term best interests of the Company to provide a significant portion of each executive's compensation in the form of equity incentive based awards. However, we also believe that it is important to provide base salaries that do not motivate or encourage executives to take excessive risks to ensure future financial security. To balance these goals, we structured our 2014 compensation program to include (a) guaranteed and performance based cash, and (b) time and performance based equity incentive awards.

FREQUENTLY ASKED QUESTIONS

When and where will the meeting take place?

The Annual Meeting will be held on June 18, 2015, at 10:00 a.m. Eastern Time, at the offices of Ballard Spahr LLP, 1735 Market Street, 48th Floor, Philadelphia, Pennsylvania 19103.

Why did I receive only a Notice of Internet Availability of Proxy Materials?

As permitted by the Securities and Exchange Commission (the "SEC"), the Company is furnishing to shareholders its notice of the Annual Meeting (the "Notice"), this Proxy Statement and the 2014 Annual Report primarily over the Internet. On or about May 1, 2015, we will mail to each of our shareholders (other than those who previously requested electronic delivery or to whom we are mailing a paper copy) a Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") containing instructions on how to access and review the proxy materials via the Internet and how to submit a proxy electronically using the Internet. The Notice of Internet Availability also contains instructions on how to receive, free of charge, paper copies of the proxy materials. If you received the Notice of Internet Availability, you will not receive a paper copy of the proxy materials unless you request one.

We believe the delivery options that we have chosen will allow us to provide our shareholders with the proxy materials they need, while minimizing the cost of the delivery of the materials and the environmental impact of printing and mailing printed copies.

What is the purpose of this meeting and these materials?

We are providing these proxy materials in connection with the solicitation by our board of directors of proxies to be voted at the Annual Meeting and any adjournments or postponements of the meeting.

At the Annual Meeting, you will be asked to vote on the following matters:

• a proposal to elect two (2) Class II directors to hold office until the 2018 Annual Meeting of Shareholders and until their respective successors have been duly elected and qualified (Proposal No. 1);

• a proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year (Proposal No. 2);

• a shareholder proposal recommending declassification of the Company's board, provided that a representative of the shareholder proponent properly presents the proposal at the Annual Meeting (Proposal No. 3); and

• any other business that may properly come before the Annual Meeting or any adjournments or postponements thereof.

What are the voting recommendations of the board of directors on these matters?

The board of directors recommends that you vote your shares as follows:

• **F**OR each of the board's two (2) nominees as Class II directors for the board of directors (Proposal No. 1).

• **F**OR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year (Proposal No. 2).

• **A**Gainst approval of the shareholder proposal (Proposal No. 3).

Who is entitled to vote at the Annual Meeting?

The record date for the Annual Meeting is April 17, 2015. You have one vote for each share of our common stock that you owned at the close of business on the record date, provided that on the record date those shares were either held directly in your name as the shareholder of record or were held for you as the beneficial owner through a bank, broker, or other intermediary. As of that date, there were 114,770,016 shares of common stock outstanding entitled to vote.

There is no other class of voting securities outstanding.

Table of Contents

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Most of our shareholders hold their shares through a bank, broker, or other intermediary (that is, in "street name") rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record. If your shares are registered directly in your name with our transfer agent, Continental Stock Transfer & Trust Company, you are considered to be the shareholder of record with respect to those shares, and we have sent the Notice of Internet Availability directly to you. As a shareholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered to be the beneficial owner of shares held in "street name," and the Notice of Internet Availability has been forwarded to you by your bank, broker, or intermediary (which is considered to be the shareholder of record with respect to those shares). As a beneficial owner, you have the right to direct your bank, broker, or intermediary on how to vote and are also invited to attend the Annual Meeting. Your bank, broker, or intermediary has sent you a voting instruction card for you to use in directing the bank, broker, or intermediary regarding how to vote your shares.

However, since you are not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a legal proxy, executed in your favor, from the bank, broker or intermediary that holds your shares.

What options are available to me to vote my shares?

Whether you hold shares directly as the shareholder of record or through a bank, broker, or other intermediary, your shares may be voted at the Annual Meeting by following any of the voting options available to you below:

You may vote via the Internet.

If you received a Notice of Internet Availability by mail, you can submit your proxy or voting instructions over the Internet by following the instructions provided in the Notice of Internet Availability.

If you received a Notice of Internet Availability or proxy materials by email, you may submit your proxy or voting instructions over the Internet by following the instructions included in the email.

If you received a printed set of the proxy materials by mail, including a paper copy of the proxy card or voting instruction form, you may submit your proxy or voting instructions over the Internet by following the instructions on the proxy card or voting instruction form.

You may vote via the telephone.

If you are a shareholder of record, you can submit your proxy by calling the telephone number specified on the paper copy of the proxy card you received if you received a printed set of the proxy materials. You must have the control number that appears on your proxy card available when submitting your proxy over the telephone.

Most shareholders who hold their shares in street name may submit voting instructions by calling the number specified on the paper copy of the voting instruction form provided by their bank, broker, or other intermediary.

Those shareholders should check the voting instruction form for telephone voting availability.

You may vote by mail. If you received a printed set of the proxy materials, you can submit your proxy or voting instructions by completing and signing the separate proxy card or voting instruction form you received and mailing it in the accompanying prepaid and addressed envelope.

You may vote in person at the meeting. All shareholders of record may vote in person at the Annual Meeting.

Written ballots will be passed out to anyone who wants to vote at the meeting. However, if you are the beneficial owner of shares held in street name through a bank, broker, or other intermediary, you may not vote your shares at the Annual Meeting unless you obtain a legal proxy from the bank, broker, or intermediary that holds your shares, giving you the right to vote the shares at the Annual Meeting.

Even if you plan to attend the Annual Meeting, we recommend that you submit your proxy or voting instructions in advance to authorize the voting of your shares at the Annual Meeting to ensure that your vote will be counted if you later are unable to attend.

Table of Contents

What if I don't vote for some of the items listed on my proxy card or voting instruction card?

If you properly return your proxy card in the enclosed envelope but do not mark selections, your shares will be voted in accordance with the recommendations of our board of directors. If you indicate a choice with respect to any matter to be acted upon on your proxy card, your shares will be voted in accordance with your instructions.

If you are a beneficial owner and hold your shares in street name through a bank, broker, or other intermediary and do not give voting instructions to the bank, broker, or intermediary, the bank, broker, or other intermediary, as applicable, will determine if it has the discretionary authority to vote on the particular matter. Under applicable rules, brokers have the discretion to vote on routine matters, such as the ratification of the selection of accounting firms, but do not have discretion to vote on non-routine matters, including the uncontested election of directors. As a result, if you are a beneficial owner and hold your shares in street name, but do not give your bank, broker, or other intermediary instructions on how to vote your shares with respect to the election of directors or the shareholder proposal, no votes will be cast on your behalf.

If you do not provide voting instructions to your broker, and your broker indicates on its proxy card that it does not have discretionary authority to vote on a particular proposal, your shares will be considered to be "broker non-votes" with regard to that matter. Proxy cards that reflect a broker non-vote with respect to at least one proposal to be considered at the Annual Meeting (so long as they do not apply to all proposals to be considered) will be considered to be represented for purposes of determining a quorum but generally will not be considered to be entitled to vote with respect to that proposal. Broker non-votes are not counted in the tabulation of the voting results with respect to proposals that require a plurality of the votes cast or proposals that require a majority of the votes cast.

How is a quorum determined?

The presence, in person, by proxy or by means of electronic technology, of shareholders entitled to cast at least a majority of the votes that all shareholders are entitled to cast at the Annual Meeting constitutes a quorum at the Annual Meeting. Abstentions, broker votes and broker non-votes (only when accompanied by broker votes with respect to at least one matter at the meeting) are considered present and entitled to vote for purposes of establishing a quorum for the transaction of business at the Annual Meeting. If a quorum is not present by attendance at the Annual Meeting or represented by proxy, the shareholders present by attendance at the meeting or by proxy may adjourn the Annual Meeting, until a quorum is present. If a new record date is fixed for the adjourned meeting, we will provide notice of the adjourned meeting to each shareholder of record entitled to vote at the meeting.

What vote is required to approve each proposal at the Annual Meeting?

Proposal	Vote Required	Broker Discretionary Voting Allowed
Proposal No. 1 – Election of Directors	Plurality of Votes Cast	No
Proposal No. 2 – Ratification of Appointment of Independent Registered Public Accounting Firm	Majority of Votes Cast	Yes
Proposal No. 3 – Shareholder Proposal	Majority of Votes Cast	No

With respect to Proposal No. 1, you may vote FOR all nominees, WITHHOLD your vote as to all nominees, or FOR all nominees except those specific nominees from whom you WITHHOLD your vote. The two nominees receiving the most FOR votes will be elected. A properly executed proxy marked WITHHOLD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. Proxies may not be voted for more than two directors and shareholders may not cumulate votes in the election of directors.

With respect to Proposals Nos. 2 and 3, you may vote FOR, AGAINST or ABSTAIN.

If you abstain from voting on any of these matters, your shares will be counted as present and entitled to vote on that matter for purposes of establishing a quorum, but will not be counted for purposes of determining the number of votes cast.

Table of Contents

Can I change my vote or revoke my proxy?

Yes. Any shareholder of record has the power to change or revoke a previously submitted proxy at any time before it is voted at the Annual Meeting by:

- submitting to our Corporate Secretary, before the voting at the Annual Meeting, a written notice of revocation bearing a later date than the proxy;
- timely delivery of a valid, later-dated proxy (only the last proxy submitted by a shareholder by Internet, telephone or mail will be counted); or
- attending the Annual Meeting and voting in person; however, attendance at the Annual Meeting will not by itself constitute a revocation of a proxy.

For shares held in street name, you may revoke any previous voting instructions by submitting new voting instructions to the bank, broker, or intermediary holding your shares by the deadline for voting specified in the voting instructions provided by your bank, broker, or intermediary. Alternatively, if your shares are held in street name and you have obtained a legal proxy from the bank, broker, or intermediary, giving you the right to vote the shares at the Annual Meeting, you may revoke any previous voting instructions by attending the Annual Meeting and voting in person. Are there other matters to be voted on at the Annual Meeting?

We do not know of any other matters that may come before the Annual Meeting other than Proposals 1 through 3 included herein. If any other matters are properly presented at the Annual Meeting, the persons named as proxies on the enclosed proxy card intend to vote or otherwise act in accordance with their judgment on the matter.

Is a list of shareholders available?

The names of shareholders of record entitled to vote at the Annual Meeting will be available for review by shareholders at the Annual Meeting.

Where can I find the voting results?

Preliminary voting results will be announced at the Annual Meeting, and final voting results will be reported in a Current Report on Form 8-K, which we will file with the SEC within four business days following the Annual Meeting.

Who is soliciting proxies, how are they being solicited, and who pays the cost?

The solicitation of proxies is being made on behalf of our board of directors and we will bear the costs of the solicitation. This solicitation is being made by mail and through the Internet, but also may be made by telephone or in person. We have engaged Georgeson Inc. to aid in the solicitation of proxies and to verify records relating to the solicitation. All costs of such solicitation of proxies would be borne by us. We anticipate that should we retain the services of a proxy solicitor, that firm would receive customary fees for those services, which would not be significant. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for sending proxy materials to shareholders and obtaining their votes.

What do I need to do if I intend to attend the Annual Meeting?

Attendance at the Annual Meeting will be limited to shareholders as of the record date or their duly-appointed proxies. Please note that if you attend the Annual Meeting, you may be asked to present valid picture identification, such as a driver's license or passport. If you are a shareholder holding stock in brokerage accounts or by a bank or other intermediary, you may be required to show a brokerage statement or account statement reflecting your stock ownership as of the record date, but in order to vote your shares at the Annual Meeting, you must obtain a "legal proxy" from the bank or brokerage firm that holds your shares. Cameras, recording devices and other electronic devices will not be permitted at the Annual Meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

At our Annual Meeting, shareholders will elect two directors to hold office until our 2018 Annual Meeting of Shareholders. Nominees were recommended and approved for nomination by our Compensation and Governance Committee. The directors shall serve until their successors have been duly elected and qualified or until any such director's earlier resignation or removal. Proxies cannot be voted for a greater number of persons than the number of nominees named. If you sign and return the accompanying proxy, your shares will be voted for the election of the two nominees recommended by our board of directors, unless you mark the proxy in such a manner as to withhold authority to vote. If any nominee for any reason is unable to serve or will not serve, the proxies may be voted for such substitute nominee as the proxy holder may determine. We are not aware of any nominee who will be unable to or will not serve as a director.

The following directors are being nominated for election to our board of directors: David A. Handler and Wesley R. Edens, each to serve for a term through the 2018 Annual Meeting of Shareholders. We did not pay a fee to any third party to identify or evaluate any potential nominees.

Required Vote

Our bylaws provide for a plurality voting standard for the election of directors. Under this voting standard, once a quorum has been established, the two nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them will be elected as a director to serve until the 2018 Annual Meeting of Shareholders and until their successors are duly elected and qualified. Votes withheld shall have no legal effect. At the Annual Meeting, proxies cannot be voted for a greater number of individuals than the two nominees named in this Proxy Statement. As previously mentioned, brokers are not permitted to vote your shares for the election of directors absent instruction from you. Therefore, we urge you to give voting instructions to your broker on the proxy so that your votes may be counted on this important matter.

The board of directors recommends a vote FOR the election of each of the nominated directors.

The following biographical information is furnished as to each nominee for election as a director and each of the current directors.

Since 1976, Mr. Carlino has been President of Carlino Capital Management Corp., a holding company that owns and operates various Carlino family businesses, in which capacity he has been continuously active in strategic planning and monitoring the operations. Having served as the chairman of Penn's board of directors since 1994 and as chief executive officer for 19 years, Mr. Carlino brings to our board of directors extensive management experience, critical knowledge of our properties and knowledge and understanding of Penn and the gaming industry in general. Moreover, as the largest beneficial owner of our common stock following our spin-off from Penn, his interests are significantly aligned with our efforts to enhance long-term shareholder value.

(NASDAQ) since 2009. From 2001 to 2008, Mr. Marshall served as the Chairman and CEO of Temple University Health System, one of the largest health care organizations in Pennsylvania. Mr. Marshall served as director of Health Partners, a provider-owned Medicaid/Medicare Health Maintenance Organization operating in Greater Philadelphia, from 2003 to 2008. Mr. Marshall also previously served on the Pennsylvania Gaming Control Board, Pennsylvania Ethics Commission and the Medicaid Commission created by Congress and established by the Honorable Michael O. Leavitt, Secretary of the U.S. Department of Health & Human Services. In addition, Mr. Marshall is a member of the Board of Trustees of Temple University and Salus University. Our directors serve subject to the requirements of our charter and bylaws, which require that directors not be "unsuitable persons." Gaming laws require our directors to obtain licenses from gaming authorities. Licenses typically require a determination that the applicant qualifies or is suitable to hold the license. If one of our directors were to be determined to be an "unsuitable person" within the meaning of our charter, he or she would be subject to removal for cause by the remaining members of the board of directors or by shareholders with a vote of 75% of the votes cast at a shareholders meeting.

There are no family relationships among any of our directors or executive officers.

Board Composition

Our business and affairs are managed under the direction of our board of directors, which currently consists of five members. Our bylaws provide that our board of directors will consist of a number of directors to be fixed exclusively by resolution of the board of directors. Our board is currently set at five directors.

Our charter provides for a staggered, or classified, board of directors consisting of three classes of directors, each serving staggered three-year terms, as follows:

• the Class I directors are Messrs. Marshall and Urdang, and their terms will expire at the annual meeting of shareholders to be held in 2017;

• the Class II directors are Messrs. Edens and Handler, and their terms will expire at the Annual Meeting; and

• the Class III director is Mr. Carlino, and his term will expire at the annual meeting of shareholders to be held in 2016.

Upon expiration of the term of a class of directors, directors for that class will be elected for a three-year term at the annual meeting of shareholders in the year in which that term expires. Each director's term continues until the election and qualification of his successor, or his earlier death, resignation, retirement, disqualification or removal. Newly created directorships resulting from any increase in the number of directors and any vacancies in the board of directors resulting from death, resignation, retirement, disqualification, removal from office or other cause will be filled generally by the majority vote of the remaining directors in office, even if less than a quorum is present. A director may be removed by the board of directors only with cause or by the shareholders only with cause and only by the vote of 75% of the shares entitled to vote. Any increase or decrease in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. The classification of our board of directors will make it more difficult for a third party to acquire control of our Board.

Director Independence

Our board of directors observes all applicable criteria for independence established by The NASDAQ Stock Market LLC ("NASDAQ") and other governing laws and applicable regulations. No director will be deemed to be independent unless our board of directors determines that the director has no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our board of directors has determined that each of our directors, other than Mr. Carlino, are independent as defined under the corporate governance rules of NASDAQ. Of these independent directors, our board has determined that each of (i) Messrs. Marshall, Handler and Urdang, who comprise our Audit and Compliance Committee, and (ii) Messrs. Edens, Handler and Urdang, who comprise our Compensation and Governance Committee, satisfy the independence standards for those committees established by the applicable rules and regulations of the SEC and NASDAQ.

Board Leadership Structure and Board's Role in Risk Oversight

Our board of directors has no policy with respect to the separation of the offices of Chief Executive Officer and Chairman of the board of directors. It is the board of directors' view that rather than having a rigid policy, the board of directors, with the advice and assistance of the Compensation and Governance Committee, and upon consideration of all relevant factors and circumstances, will determine, as and when appropriate, whether the two offices should be separate. Currently, our Chief Executive Officer also serves as the Chairman of the board. The board believes this is appropriate because of the Chairman's role in leading the Company and his proven track record of generating significant shareholder value for Penn over the years prior to the spin-off transaction, which led to the creation of the Company. Moreover, the board believes that the Chairman's substantial beneficial ownership of the Company's equity has strongly aligned his interests with the interests of shareholders. Because we have

Table of Contents

selected to have Mr. Carlino serve in both the roles of Chairman and Chief Executive Officer, we have appointed Mr. Marshall to be our lead independent director. As lead independent director, Mr. Marshall is responsible for, among other tasks, the resolution of conflicts of interest that relate to our directors who also serve on the board of directors of Penn.

Our board of directors plays an active role in the oversight of risks impacting our Company and the management team is charged with managing such risks. Our board of directors works closely with management to ensure that integrity and accountability are integrated into our operations. Our Compensation and Governance Committee is responsible for overseeing the management of risks relating to our executive compensation plans and arrangements as well as risks associated with the independence of the board of directors. Our Audit and Compliance Committee oversees management of financial risks. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, our full board of directors is regularly informed regarding such risks through committee reports and otherwise.

Meetings and Attendance

During 2014, the Board met eight (8) times, the Audit and Compliance Committee met ten (10) times and the Compensation and Governance Committee met two (2) times. Each director attended 75% or more of the aggregate of all meetings of the Board and the committees on which he served in 2014.

Our board of directors generally expects its members to attend the annual meeting of shareholders and we believe that all of our directors will attend this year's Annual Meeting.

Committees of the Board of Directors

Our board of directors has established the following committees: the Audit and Compliance Committee and the Compensation and Governance Committee. The composition of each such committee satisfies the independence requirements and current standards of the SEC and the rules of NASDAQ (as applicable). Current copies of the charters for each of these committees are available on our website, www.glpropinc.com, under the "About" section.

The duties and responsibilities of the Audit and Compliance Committee are set forth in its charter, which is available on our website, and includes the following:

Our Audit and Compliance Committee is comprised of Joseph W. Marshall, III (chair), David A. Handler and E. Scott Urdang. Our board of directors has determined that all members of our Audit and Compliance Committee are independent under the director independence standards set forth in the rules and regulations of the SEC and the applicable listing standards of NASDAQ, that each member meets the heightened independence standards for service on the Audit and Compliance Committee and satisfies the financial literacy and other requirements for "audit committee" members under applicable NASDAQ rules and that Mr. Marshall is an "audit committee financial expert"

as that term is defined in Item 407(d)(5) of Regulation S-K of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Compensation and Governance Committee

The duties and responsibilities of the Compensation and Governance Committee are set forth in its charter, which is available on our website, and which includes the following:

- to determine, or recommend for determination by our board of directors, the compensation of our chief executive officer and other executive officers;
- to establish, review and consider employee compensation policies and procedures;
- to review and approve, or recommend to our board of directors for approval, any employment contracts or similar arrangement between the Company and any executive officer of the Company;
- to review and discuss with management the Company's compensation policies and practices and management's assessment of whether any risks arising from such policies and practices are reasonably likely to have a material adverse effect on the Company;
 - to review, monitor, and make recommendations concerning incentive compensation plans, including the use of stock options and other equity-based plans;
- to recommend to our board of directors proposed nominees for election to the board of directors by the shareholders at annual meetings, including an annual review as to the renominations of incumbents and proposed nominees for election by the board of directors to fill vacancies that occur between shareholder meetings;
- to make recommendations to the board of directors regarding corporate governance matters and practices;
- to recommend members for each committee of the board of directors; and
 - to recommend the compensation of directors.

Our Compensation and Governance Committee is comprised of David A. Handler (chair), Wesley R. Edens and E. Scott Urdang. Our board of directors has determined that all members of our Compensation and Governance Committee are independent under the director independence standards set forth in the rules and regulations of the SEC and the applicable listing standards of NASDAQ. The Compensation and Governance Committee has the authority to delegate any of its responsibilities, along with the authority to take action in relation to such responsibilities, to one or more subcommittees as the Compensation and Governance Committee may deem appropriate in its sole discretion.

Compensation and Governance Committee Interlocks and Insider Participation

None of our executive officers currently serves, or in 2014 served, as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or our Compensation and Governance Committee. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation and Governance Committee is responsible for the Company's executive compensation program. For purposes of the following Compensation Discussion and Analysis, the terms "Committee" or "we" or "our" refer to the Compensation and Governance Committee of the Board.

Executive Summary

On November 1, 2013, Penn National Gaming, Inc. ("Penn") distributed all of the outstanding shares of the Company's common stock to its shareholders and the Company began trading on the NASDAQ Stock Market under the symbol "GLPI" completely independent from Penn (the "Spin-Off"). At the time of the Spin-Off, the Company owned the real estate and improvements associated with 19 of Penn's current facilities and leased the real property assets back to an affiliate of Penn pursuant to a master "triple-net" lease. The Spin-Off was the culmination of a three-year process designed to unlock significant value for Penn's shareholders by separating its real estate assets from its operating assets and enabling the Company to pursue transactions and diversify its business in a way that it could not achieve as a part of Penn. Penn's stock price increased 31% with the announcement of the spin transaction on November 15, 2012.

Effective with the Spin-Off, three members of Penn's executive management team resigned from Penn and joined the Company: Peter M. Carlino, Chairman and Chief Executive Officer; William J. Clifford, Senior Vice President and Chief Financial Officer; and Steven T. Snyder, Senior Vice President, Corporate Development. The Company added two more members to its management team in early 2014 with the addition of Brandon J. Moore, Senior Vice President and General Counsel, and Desiree Burke, Senior Vice President and Chief Accounting Officer, both of whom were previously employed with Penn (along with Messrs Carlino, Clifford and Snyder, each a "Named Executive Officer"). Following the Spin-Off, the Company relied on transition services from Penn for key functional areas such as accounting, finance, human resources, information technology, legal, risk management and tax. Throughout 2014 the Company continued to grow its staff and decrease its reliance on Penn. At year-end, the Company had 17 full-time corporate employees and transition services from Penn were practically eliminated with only certain insurance advisory services and human resources services remaining.

In addition to building key infrastructure necessary to become independent from Penn, the Company had several notable achievements in its first full year of operations:

January 3, 2014: The Company's Board declared a \$1.05 billion special dividend of historical earnings and profits payable in cash and shares of the Company's common stock. The special dividend was necessary to qualify as a real estate investment trust (REIT) for the taxable year beginning on January 1, 2014. Prior to declaring the dividend, management provided evidence to the Board that all necessary processes and procedures were in place to qualify as a REIT.

January 23, 2014: The Company completed the acquisition of the real property assets of the Casino Queen located in East St. Louis, Illinois. The deal was structured as a sale/leaseback and provided quick proof that the Company could execute on its announced strategy.

February, May, August and November 2014: The Company's Board declared quarterly dividends of \$0.52 per share.

February 28, 2014: The Company was added to the MSCI US REIT Index.

August 2014: The Company completed construction of Hollywood Gaming at Dayton Raceway located in Dayton, Ohio. The gaming and racing facility opened to the public on August 28, 2014 under Penn's operation and is included in the Master Lease.

September 2014: The Company completed construction of Hollywood Gaming at Mahoning Valley Race Course located in Youngstown, Ohio. The gaming and racing facility opened to the public on September 17, 2014 under Penn's operation and is included in the Master Lease.

September 19, 2014: The Company acquired land and a building under construction in Wyomissing, Pennsylvania to serve as the Company's new corporate headquarters. The project is expected to be completed in the second half of 2015.

Table of Contents

November 18, 2014: In addition to the quarterly dividend of \$0.52 per share, the Board declared one-time, non-recurring dividends of \$0.40 per share, which included an additional \$38 million in historical earnings and profits and \$6 million in taxable income. The additional historical earnings and profits distribution was the result of a Pre-Fling Agreement between the Company and the Internal Revenue Service (IRS) in which the Company and the IRS agreed to the allocation of historical earnings and profits between Penn and the Company in the Spin-Off. This agreement ensures the Company that the purge of historical earnings and profits in 2014 was sufficient to qualify as a REIT.

For a complete discussion of the Company's financial performance in 2014, please refer to Management's Discussion and Analysis of Financial Condition and Results of Operations on pages 30 to 48 of the Company's Annual Report on Form 10-K for the year ended December 31, 2014, a copy of which is included in the Annual Report to Shareholders made available to shareholders in connection with this Proxy Statement.

2014 Compensation Structure

The focus and organization of the Company as a REIT is much different from the business conducted by Penn. Following the Spin-Off, the Committee took a fresh look at the Company's executive compensation program to ensure that the Named Executive Officers are properly incentivized and that the performance metrics reflect the Company's operations as a REIT focused on the acquisition and ownership of gaming properties. In doing so, we considered the importance of the unique skill set necessary to appropriately value properties with revenues primarily derived from gaming operations and the need to create a compensation program designed to attract and retain executives with the requisite gaming experience.

In structuring the Company's executive compensation program for 2014, the Committee's primary objective was to align pay with performance while taking into consideration shareholder feedback, industry and general market trends in compensation practices, as well as the advice and recommendations of our independent compensation advisor. To achieve this objective, the Committee engaged FTI Consulting, Inc. to assist in the development of an executive compensation program tailored to the Company's business. The key elements included:

Base Salary: The base salaries of each of the Named Executive Officers was not increased when they transferred to the Company, with the exception of Brandon J. Moore who was promoted from a Vice President position at Penn to Senior Vice President and General Counsel for the Company.

Time-Based Equity Awards: Time-based equity awards were granted in the form of restricted stock subject to an established vesting schedule described below under Overview of 2014 Compensation - Long Term Fixed Equity Awards. Peter M. Carlino received 55,000 shares of the Company's restricted stock; William J. Clifford received 27,500 shares of the Company's restricted stock; Steven T. Snyder received 17,500 shares of the Company's restricted stock; Desiree A. Burke received 12,500 shares of the Company's restricted stock; and Brandon J. Moore received 10,000 shares of restricted stock.

Performance-Based Equity Awards: Performance-based equity awards were granted in the form of restricted stock subject to the achievement of certain performance measures described below under Overview of 2014 Compensation - Long Term Performance-Based Equity Awards and can vest from 0% to 100%. Peter M. Carlino received a maximum of 220,000 shares; William J. Clifford received a maximum of 110,000 shares; Steven T. Snyder received a maximum of 70,000 shares; Desiree A. Burke received a maximum of 50,000 shares; and Brandon J. Moore received a maximum of 40,000 shares.

Cash Awards: The Named Executive Officers received the following cash bonuses for 2014 based on the achievement of certain performance measures described below under Overview of 2014 Compensation - Annual Performance Cash Awards: Peter M. Carlino received \$1,910,683; William J. Clifford received \$1,236,637; Steven T. Snyder received \$557,283; Desiree A. Burke received \$197,186; and Brandon J. Moore received \$159,224.

The Committee's intention to align the interests of management with shareholders with a significant percentage of compensation opportunity based on performance was tested in 2014. Notable achievements included adding three new properties to its portfolio, achieving REIT status and gaining independence from the services of Penn. However, these significant achievements did not translate into an increase in the Company's stock price. As a result, Named Executive Officers earned a partial payout under the cash bonus award program but, had the performance-based stock awards matured on December 31, 2014, they would have had no value.

Table of Contents

A complete description of each of these compensation programs is set forth in the section entitled Overview of 2014 Compensation beginning on page 25.

2015 Compensation Structure

The Committee believes that the compensation program for the Company's Named Executive Officers in 2014 provided the right balance between performance-based and fixed compensation to properly align the interests of management with shareholders without encouraging undue financial risks. The Named Executive Officers were rewarded in part for their ability to grow the Company's dividend with the addition of three new properties but the performance-based restricted shares, a significant component of their 2014 compensation, had no value as of December 31, 2014. As a result, the Committee retained the same compensation program for 2015 with a few minor adjustments described below to the cash performance awards. The base salaries and bonus levels of the Named Executive Officers did not increase.

Shareholder Outreach

The Company engaged in two separate outreach efforts during 2014. As a newly created public company, the first outreach efforts occurred in connection with the Company's first annual meeting held on June 18, 2014. This was the first coordinated effort to reach the Company's new shareholder base to discuss corporate governance concerns. The second occurred during the fourth quarter of 2014 and was targeted at shareholders that either withheld votes or voted against the recommendations of the Board. As a result of discussions with shareholders, the Board authorized an amendment to the Company's Amended and Restated Bylaws to remove a provision prohibiting an individual from qualifying for service as a director of the Company if he or she is a party to any compensatory, payment or other financial agreement, arrangement or understanding with any person or entity other than the Company, or has received any compensation or other payment from any person or entity other than the Company, in each case in connection with candidacy or service as a director of the Company, except as approved by the Board. After discussing this provision with certain shareholders, the Board concluded that concerns raised by shareholders outweighed the benefits to the Company.

In addition to coordinated outreach efforts focused on the Company's corporate governance, members of the Company's senior management team participated at investor conferences throughout 2014 and hosted analysts and institutional investors at its corporate headquarters. These outreach efforts provided numerous forums for investors and prospective investors to discuss with management a wide variety of subjects important to them, including executive compensation.

2014 Shareholder Vote on Say on Pay

The results of the shareholder advisory vote on executive compensation at GLPI's 2014 Annual Meeting of Shareholders were supportive of its 2013 compensation programs with 97% of the voted shares approving. Further, shareholders approved a triennial vote on executive compensation. However, we intend to maintain active and open communication with shareholders over the course of this three-year period, as evidenced by our removal of the bylaw provision described above, and will continue to analyze the effectiveness of our compensation programs to ensure that they continue to provide management with the right incentives.

Compensation Philosophy and Objectives

Objectives of Compensation Program

The overall objective of the Company's executive compensation program is to compensate members of management in a manner that most effectively incentivizes them to maximize shareholder value without taking undue financial risks. At the same time, the executive compensation program is intended to enable the Company to attract and retain the executive talent needed to grow and further its strategic interests. Specifically, the Company's compensation objectives are to:

- Offer a competitive and balanced compensation program by taking into consideration the total compensation opportunity offered by other REITs and gaming companies in order to reflect the unique experience required of our management team.

- Utilize a mix of fixed and performance-based compensation designed to closely align the interests of management with those of the Company's shareholders.

-

Attract and retain the best possible management team for the Company to increase shareholder value and maintain the Company's credibility in and access to the capital markets.

Compensation Philosophy

To support the Company's compensation program objectives, we have adopted and annually review and confirm a compensation philosophy that serves as the guide for all executive compensation decisions. Our compensation philosophy is as follows:

The Company intends to maintain an executive compensation program that will help it attract and retain the executive talent needed to grow and further the strategic interests of the business. To this end, the Company provides a compensation and benefits program that will be sufficiently attractive to provide talented executives with good reason to remain with the Company and continue in their efforts to improve shareholder value. The Company's program is designed to motivate and reward executives to achieve and exceed targeted results. Pay received by the executives will be commensurate with the performance of the Company and their own individual contributions.

We believe that it is in the long-term best interests of the Company to provide a significant portion of each executive's compensation in the form of equity incentive based awards. However, we also believe that it is important to provide base salaries that do not motivate or encourage executives to take excessive risks to ensure future financial security. To balance these goals, we believe that the appropriate compensation program includes (a) fixed and performance-based cash and (b) both time and performance-based equity incentive awards. We focused on the appropriate balance of each of these components in developing our 2014 executive compensation program.

Key Compensation Practices

The Committee, in consultation with our independent compensation advisor and management team, considered compensation practices identified as "best practices" by various market constituents. We incorporated into our compensation program the practices we believe will most effectively support the Company's continuing efforts to create shareholder value, including:

- no employment agreements or arrangements containing "single trigger" change in control provisions;
- no employment agreements or arrangements containing tax gross-ups or other similar tax indemnification provisions;
- compensation largely based on multiple performance metrics, including dividend yield, adjusted funds from operations, relative total shareholder return and acquisition activity;
- compensation that includes a combination of variable and fixed incentive opportunities; and
- established maximum bonus opportunities.

We will continue to evaluate and consider input from our shareholders and emerging "best practices" to ensure that our compensation programs contain the features necessary to properly align the interests of our executives with the interests of our shareholders without encouraging undue risks.

We have also taken steps to protect shareholder interests and promote shareholder value in both the design and in the administration of the Company's equity compensation program. Under the terms of our 2013 Long-Term Incentive Compensation Plan (the "Plan"), awards to employees are administered by the Committee and will generally include vesting schedules designed to encourage employees to focus on the long-term success of the Company by requiring employees to remain with the Company for a number of years before all of their awards may be settled. Further, the Plan neither permits the exercise price of outstanding stock options or stock appreciation rights to be reduced nor permits the grant of discounted stock options or stock appreciation rights.

Annual Review and Approval Process

Role of the Committee

Our Committee meets each year to review and approve the executive compensation packages for the Chief Executive Officer and each of the other executive officers as well as to confirm and approve performance-based awards earned for the most recently completed year. In establishing compensation packages, we consider numerous factors and data, including:

- the Company's performance relative to its REIT, and to a lesser degree gaming and hospitality, peers;

Table of Contents

- management's ability to grow adjusted funds from operations ("AFFO");
- the dividend payout for the previous fiscal year and projected dividend for the current year;
- management's ability to enter into definitive acquisition agreements for properties that will be accretive to the Company's AFFO and dividend;
- the performance of the Company's properties in Perryville and Baton Rouge;
- the individual performance of the individual executives and their total compensation relative to similarly situated executives;
- a breakdown of the various components of each executive officer's compensation package;
- perquisites and other benefits offered to each executive; and
- the performance of previous compensation awards.

The Committee reviews this information with its compensation consultant and certain members of the executive management team to revise or confirm the compensation packages for each executive officer. One of our goals is to ensure that base salaries and total compensation packages are appropriate to attract and retain executives with the gaming and real estate experience necessary to create long-term shareholder value. We will also alter performance measures and/or the mix of cash and long-term equity incentive awards as necessary to ensure that management incentives continue to be aligned with shareholders.

Role of Management

The Company's Chief Executive Officer and Chief Financial Officer work closely with the Committee to analyze relevant peer data and to determine the appropriate base salary, cash bonus and incentive award levels for each member of the executive management team. However, while the Committee values the judgment and input from the CEO and CFO, and considers their recommendations, the Committee ultimately retains sole discretion to approve the compensation packages for each Named Executive Officer.

Role of Compensation Consultant

We retained FTI Consulting, Inc. ("FTI"), an independent compensation consultant, to advise the Committee on compensation related matters. The Committee and members of the management team met with FTI shortly after the Spin-Off to begin the process of establishing an executive compensation program for the Company's executive officers for 2014. The Committee selected FTI because of its experience in assisting other REITs in determining the optimal type and balance of cash and incentive award components in a manner intended to align the interests of management and shareholders while being competitive. In addition to other tasks, FTI worked with management and the Committee to develop a peer group for use in structuring the Company's executive compensation program. FTI and the Company review the peer group annually to ensure that it provides an accurate representation of the Company's peers. A description of the process and rationale utilized for selecting our peer group is described below. The Committee has determined that no conflict of interest exists between FTI and the Company (including the company's Board of Directors and the Company's management) pursuant to Item 407(e)(3)(iv) of SEC Regulation S-K. Neither FTI nor any affiliate provided additional services to the Company or its affiliates in excess of \$120,000 during 2014.

FTI reviews the current compensation of each executive officer on several levels, including (a) cash versus equity-based incentive awards; (b) fixed versus variable, (c) time-based vesting versus performance-based vesting and (d) short-term awards versus long-term awards. In addition, FTI provides the Committee with information regarding the compensation levels of executive officers in our selected peer group, as well as, current compensation "best practices" and trends in the REIT and gaming industries. Based on all of the available information and discussions with the Chief Executive Officer and Chief Financial Officer, FTI provides its recommendation to the Committee as to the appropriate compensation of each executive officer or confirms for the Committee that the suggested compensation packages are reasonable.

Peer Group

In selecting and reviewing the Company's peer group, FTI and the Company utilize a set of criteria that they believe captures the key areas of the Company's business and the experience necessary for its executives. The criteria used to select the peer group are as follows:

• REITs primarily invested in lodging/resort/hospitality property assets.

Table of Contents

• Gaming companies comparable to the Company in terms of the knowledge and skills necessary by the executive team to effectively evaluate opportunities and to manage the Company's operating properties.

• Gaming companies with whom we compete for talent.

• Similar sized specialty REITs requiring management to have a skill set not only in real estate but also advanced knowledge of the operations of its tenants.

• Triple-net REITs that enter into long-term leases with operators similar to the Company's lease structure.

Applying these criteria, FTI recommended, and the Committee approved, retaining the peer group utilized in structuring the 2014 executive compensation program for reviewing and structuring the 2015 program. The peer group includes:

Alexandria Real Estate Equities, Inc.

National Retail Properties, Inc.

American Realty Capital Properties, Inc.

RLJ Lodging Trust

BioMed Realty Trust

SL Green Realty Corp.

Caesars Entertainment Corporation

Spirit Realty Capital, Inc.

Hersha Hospitality Trust

Starwood Hotels & Resorts Worldwide, Inc.

Hyatt Hotels Corporation

Tanger Factory Outlet Centers, Inc.

Marriott International, Inc.

Wynn Resorts, Limited

MGM Resorts International

Risk Assessment

In establishing and reviewing our executive compensation program, we consider, among other things, whether the program properly motivates executives to focus on the creation of shareholder value without encouraging unnecessary or excessive risk taking. To this end, the Committee carefully reviews the principal components of executive compensation. Base salaries are reviewed annually and are fixed in amount. Annual incentive pay is focused on achievement of certain specific overall financial goals and is determined using multiple performance criteria with established maximum payouts. The other major component of our executive officers' compensation is long-term incentives through restricted stock, which we believe is important to help further align executives' interests with those of our shareholders. We believe that these cash and incentive awards, especially when combined with the compensation clawback policy described on page 31 of this Proxy Statement, appropriately balance risk, payment for performance and align executive compensation with shareholders without encouraging unnecessary or excessive risk taking.

Overview of 2014 Compensation

Elements of Compensation

The compensation program is weighted towards performance-based compensation utilizing several different performance metrics. The mix of cash versus equity-based incentive awards, fixed versus variable compensation, and time-based vesting versus performance-based vesting of equity incentive awards is designed to ensure that management is, and remains, appropriately incentivized across a number of different business and economic environments. In addition, our program includes both internal performance measures as well as external performance metrics to ensure that our executives are focused both on the Company's goals as well as its position in the market. In 2014, the total potential compensation opportunity of the Company's Named Executive Officers consisted of approximately 64% of performance-based and/or "at risk" compensation and approximately 36% of fixed compensation (primarily in the form of base salary). The key elements include:

• base salary;

- annual cash bonus based 90% on the Company's performance and 10% on individual performance;
- annual restricted stock grant with cliff vesting at the end of a three year period measured by the Company's performance over such period; and
- annual restricted stock grant with time-based vesting initially established as a percentage of each executive's base salary.

Table of Contents

Base Salary

The base salaries of our executives are designed to compensate them for services rendered during the fiscal year and consistent with our pay for performance philosophy, executives receive a significant portion of their overall targeted compensation in a form other than a fixed base salary. Although the Company does not generally benchmark against any particular percentile of base salaries of comparable executives within the Company's peer group, we set salaries that are competitive in the gaming and REIT industries, recognizing that our Company seeks to attract and retain executives with experience in either or both of these industries. Base salaries are then further adjusted for certain qualitative factors, including: specific position duties and responsibilities; tenure with the Company; individual contribution; and value to the Company and the overall reasonableness of an executive's pay package.

In 2014, the GLPI Compensation Committee did not approve any increases in the base salaries of the Named Executive Officers.

Annual Performance Cash Awards

For 2014, the Company's Compensation Committee established a performance-based annual cash incentive bonus program designed to motivate the executive officers and other members of the management team to achieve certain Company growth objectives that we believe were most likely to increase shareholder value. The program was based on the achievement of a number of specific Company performance criteria focused on the Company's annual strategic goals and business plan. For 2014, the annual cash bonus for each Named Executive Officer was comprised of four components:

40% based on the Company's achievement of established AFFO per share targets.

20% based on the Company's achievement of established dividend targets.

30% based on the achievement of established additional AFFO targets resulting from acquisitions.

10% discretionary based on the qualitative factors indicated above.

With respect to the AFFO and dividend components, a cash bonus could have been earned at three different achievement levels: Threshold; Target; and Maximum. The achievement levels established by the Committee for 2014 are set forth below. The AFFO Growth and Dividend Growth threshold levels were established based on the levels projected by the Company at the time that its registration statement on Form S-11 became effective on October 9, 2013.

Component	Threshold	Target	Maximum
AFFO Growth	Fourth quarter AFFO per share of \$0.59	Fourth quarter AFFO per share of \$0.66	Fourth quarter AFFO per share of \$0.73
Dividend Growth	Fourth quarter dividend per share of \$0.45	Fourth quarter dividend per share of \$0.52	Fourth quarter dividend per share of \$0.58
Acquisition Growth	Payout determined based on the percentage of maximum target achieved		\$37 million of AFFO

In 2014, the Company achieved \$0.665 of AFFO Growth, \$0.5325 of fourth quarter dividends (excluding the excess historical earnings and profits one-time dividend), \$11.8 million of AFFO through acquisition and maximum discretionary bonus as a result of achieving all processes and qualifications necessary to be taxed as a REIT and eliminating almost all of Penn transition services. The resulting payout to the Named Executive Officers was slightly above target.

Table of Contents

The following table indicates the actual amount paid to each executive officer as a percentage of annual base salary for 2014 for the annual performance cash awards described above:

Executive	Actual Bonus Percent of Base Salary	Actual Payment (\$)
Chairman, Chief Executive Officer and President	106	% 1,910,683
Senior Vice President and Chief Financial Officer	106	% 1,236,637
Senior Vice President of Corporate Development	1.0620258694	557283
Senior Vice President and Chief Accounting Officer	56	% 197,186
Senior Vice President and General Counsel	0.5586807018	159224

Long-Term Performance-Based Equity Awards

While the annual cash bonus program was designed to incentivize the Company's management team to achieve specific near-term internal Company growth goals, the long-term performance equity award program was designed to focus management on the Company's long-term performance in relation to its peer group and broader REIT indexes. We believe that a high degree of equity compensation motivates executives to increase the long-term value of the Company by aligning a significant portion of their total compensation with the interests of the Company's shareholders. We also believe that equity compensation is a critical tool in attracting and retaining executives with the type of entrepreneurial spirit that we believe is integral to the Company's success.

The Committee determined that this portion of the executive compensation program for 2014 would be awarded and paid in the form of performance-based restricted shares. Awards have three-year cliff vesting with the amount of restricted shares vesting at the end of the three-year period determined based on the Company's performance measured against its peers. More specifically, the percentage of shares vesting at the end of the measurement period will be based on the Company's three-year total shareholder return measured against the three-year return of the companies included in the MSCI US REIT index. The number of shares vesting at each performance achievement level for each Named Executive Officer are set forth below.

Executive	Below 25th Percentile	25th to less than 40th Percentile	40th to less than 60th Percentile	60th to less than 80th Percentile	Above 80th Percentile
Chairman, Chief Executive Officer and President	0	55,000	110,000	165,000	220,000
Senior Vice President and Chief Financial Officer	0	27,500	55,000	82,500	110,000
Senior Vice President of Corporate Development	0	17,500	35,000	52,500	70,000
Senior Vice President and Chief Accounting Officer	0	12,500	25,000	37,500	50,000
Senior Vice President and General Counsel	0	10,000	20,000	30,000	40,000

We believe that this long-term performance-based equity incentive program compliments the annual cash incentive program by providing the appropriate balance between performance-based cash and performance-based equity awards.

Long-Term Fixed Equity Awards

In addition to the long-term performance equity awards, we established a time-based retention equity award for 2014. A significant amount of each Named Executive Officer's compensation is tied to performance and we recognize that there are often macro-economic factors impacting the business that are outside of management's control. Therefore, we believe that the time-based awards serve as a critical retention tool. Awards vest at a rate of 33.33% per year, generally subject to continued employment.

Table of Contents

The number of shares awarded to each Named Executive Officer for 2014 were as follows:

Executive	Number of Shares
Chairman, Chief Executive Officer and President	55,000
Senior Vice President and Chief Financial Officer	27,500
Senior Vice President of Corporate Development	17,500
Senior Vice President and Chief Accounting Officer	12,500
Senior Vice President and General Counsel	10,000
Other Compensation	

The Committee has the discretion to pay dividend equivalent payments to employees holding Company options and other cash-settled awards received as a result of the conversion of Penn options to Company options in connection with the Spin-Off, as described in the Company's Prospectus effective on October 9, 2013. The conversion options retained the original vesting and termination dates with the last grant of options expiring on January 3, 2019. The Company has not issued option awards since the Spin-Off. Further, the potential payment of dividends on vested option awards converted in the Spin-Off is not expected to continue beyond November 1, 2016 and the number of shares underlying option awards eligible for dividend equivalent payments are expected to decline by 14% in 2015 and 24% in 2016.

In 2014, the Committee approved the payment of dividend equivalents to the Named Executive Officers for each of the dividends declared during the fiscal year. The dividend payments for converted Penn options to each Named Executive Officer for 2014 are set forth below:

Executive	Spin-Off Option Dividends (\$)
Chairman, Chief Executive Officer and President	9,391,106
Senior Vice President and Chief Financial Officer	3,300,415
Senior Vice President of Corporate Development	1,321,278
Senior Vice President and Chief Accounting Officer	364,568
Senior Vice President and General Counsel	31,657

Overview of Compensation Program for 2015

To establish the executive compensation program for 2015, the Committee reviewed the Company's performance and the impact of such performance on the 2014 compensation program. Management achieved certain notable and critical goals in 2014, including qualifying for REIT status, establishing the infrastructure necessary to support the business and practically eliminate reliance on Penn transition services, and closing the Company's first sale/leaseback transaction. However, the Company's share price did not advance in comparison to its peers. As a result, the Named Executive Officers earned approximately 56% of their maximum cash bonus potential but the long-term performance equity awards, while not mature, were below the 25th percentile and had no value as of December 31, 2014.

Comparing management's achievements and the Company's share performance to the impact on compensation, the Committee concluded that the results were appropriate and decided to continue the overall compensation program for 2015.

Base Salary

In 2015, the Compensation Committee did not approve any increases in the base salaries of the Named Executive Officers.

Annual Performance Cash Awards

The Company's annual cash incentive bonus program is a performance-based measure designed to motivate the executive officers and other members of the management team to achieve certain Company growth objectives that we believe are most likely to increase shareholder value. The program is based on the achievement of a number of specific Company performance criteria that we believe are critical for the achievement of the Company's annual

Table of Contents

strategic goals and business plan. For 2015, the annual cash bonus for each Named Executive Officer will be comprised of four components:

40% based on the Company's achievement of established AFFO per share targets.

20% based on the Company's achievement of established dividend targets.

30% based on the achievement of established additional AFFO targets resulting from acquisitions.

10% discretionary based on the qualitative factors indicated above.

With respect to the AFFO and dividend components, a cash bonus can be earned at three different achievement levels: Threshold; Target; and Maximum. The only changes from the 2014 goals are that acquisition growth will be measured assuming acquisitions are funded 50/50 debt and equity and AFFO growth will be measured on an annual basis rather than just fourth quarter. The achievement levels established by the Committee for 2015 are set forth below.

Component	Threshold	Target	Maximum
AFFO Growth	Annual AFFO per share of \$2.63	Annual AFFO per share of \$2.72	Annual AFFO per share of \$2.82
Dividend Growth	Fourth quarter dividend per share of \$0.52	Fourth quarter dividend per share of \$0.545	Fourth quarter dividend per share of \$0.57
Acquisition Growth	Payout determined based on the percentage of maximum target achieved		Annual effect on AFFO per share \$0.13

We set the ranges of bonuses payable pursuant to the cash bonus measure for each executive as a percentage of annual base salary, as set forth below. In order to help manage total potential compensation payouts, annual cash bonus opportunities are capped at a maximum bonus level, regardless of the extent to which performance exceeds targeted levels.

Executive	Threshold	Target	Maximum	
Chairman, Chief Executive Officer and President	50	% 100	% 200	%
Senior Vice President and Chief Financial Officer	50	% 100	% 200	%
Senior Vice President of Corporate Development	50	% 100	% 200	%

Long-Term Performance-Based Equity Awards

The Committee believes that the long-term performance equity award program designed for 2014 was effective in focusing management on the Company's long-term performance in relation to its peer group and provided an effective balance against the short-term Company growth goals reflected in the cash bonus program. We continue to believe that a high degree of equity compensation motivates executives to increase the long-term value of the Company by aligning a significant portion of their total compensation with the interests of the Company's shareholders. As a result, the Committee decided to continue the 2014 program for 2015. Awards will have three-year cliff vesting with the amount of restricted shares vested at the end of the three-year period determined based on the Company's performance during such period measured against its peers. More specifically, the percentage of shares vesting at the end of the measurement period will be based on the Company's three-year total shareholder return measured against the three-year return of the companies included in the MSCI US REIT index.

Annual Equity Awards

In addition to the long-term performance equity awards, we have established a time-based vesting award for 2015 in the same amounts granted in 2014. Awards will vest a rate of 33.33% per year, generally subject to the executive's continued employment. The number of shares awarded to each Named Executive Officer is set forth below.

Executive	Number of Shares
Chairman, Chief Executive Officer and President	55,000
Senior Vice President and Chief Financial Officer	27,500
Senior Vice President of Corporate Development	17,500
Senior Vice President and Chief Accounting Officer	12,500
Senior Vice President and General Counsel	10,000

Other Compensation

The Committee has the discretion to pay dividend equivalent payments to employees holding Company options received as a result of the Spin-Off as described in the Company's Prospectus effective on October 9, 2013.

Deferred Compensation

The Company does not maintain any defined benefit pension programs for its executives. The Company maintains an elective nonqualified deferred compensation plan for executives. Pursuant to the plan, the Company's contributions under the plan are equal to 50% of the participant's deferral for the first 10% of the salary and/or bonus deferred, subject to a maximum annual Company contribution equal to 5% of the participant's salary and/or bonus. All amounts credited to an executive's account are notionally invested, as directed by the executive, in commonly available mutual funds, and the Company does not guarantee any minimum returns. The plan is unfunded and benefits are paid from the Company's general assets. However, the Company currently contributes funds into a grantor trust on a monthly basis in respect of these deferred compensation obligations. The Company generally sets aside separately the amounts deferred by the executives and the matching contributions thereon and, to protect against excess liabilities, invests such amounts in the mutual funds notionally selected by each executive. This program is described in more detail beginning on page 40 of this Proxy Statement.

Benefits and Perquisites

We believe that executives should be offered customary benefits and perquisites that are reasonable relative to the benefits provided to all employees, are consistent with competitive practices among the Company's peer group and, in certain circumstances, may address a particular reasonable issue or concern of an executive. The standard benefits offered to all of the Company's employees include medical, dental and vision insurance, group life insurance, short and long-term disability and a 401(k) with certain contributions matched by the Company (50% of employee contributions, subject to applicable contribution limits). Consistent with the objectives described above, the Company also provides certain executive officers with additional supplemental benefits and perquisites, including in limited instances, use of the Company's private aircraft where individual circumstances merit. The

Table of Contents

description and value of such supplemental benefits and perquisites in 2014 can be found on page 33 of this Proxy Statement.

Employment Agreements

In April 2014, the Company entered into an employment agreement with Steven T. Snyder in connection with his service as Senior Vice President, Corporate Development, effective until November 1, 2015, with optional renewal periods upon the execution of a written renewal for each additional term. The agreement provides for an annual base salary of \$519,841.09, the opportunity to participate in the Company's annual incentive compensation plan and receive equity compensation awards, and the payment of certain life insurance premiums as well as other benefits offered by the Company.

The employment agreement also provides for certain payments if the Company elects to terminate the executive's employment without "cause" or Mr. Snyder resigns due to a reporting change or material salary decrease. Such termination payments are not available if Mr. Snyder resigns, other than due to a reporting change or material salary decrease, or if he is terminated for "cause." All termination payments are expressly conditioned on the executive providing a written release of all liabilities to the Company and an agreement to comply with the specified restrictive covenants for the time period for which such payments are made. In addition, the agreement provides for certain payments upon a change in control if, within 12 months after the effective date of the change in control, Mr. Snyder's employment is terminated without "cause" or Mr. Snyder resigns for "good reason".

The employment agreement also contains a comprehensive set of restrictive covenants including prohibitions on (i) competition with the Company anywhere in the United States, (ii) solicitation of any employees of the Company or any of its subsidiaries, and (iii) disclosure and use of any of the Company's confidential information.

No other Named Executive Officers, including Peter M. Carlino and William J. Clifford, currently have employment agreements with the Company.

Other Compensation Policies

Hedging and Pledging Policy. We believe that equity ownership fosters an atmosphere where directors and officers "think like owners" and are motivated to increase the long-term value of the Company by aligning their interests with those of the Company's shareholders. Accordingly, we have adopted policies generally restricting each of the Company's directors and executive officers from engaging in hedging transactions or pledging Company shares.

Compensation Clawback Policy. The Company has a commitment to ensure that its executive officers adhere to the highest professional and personal standards. Accordingly, the Company's policy is that misconduct by any executive officer that leads to a restatement of the Company's financial results could subject executive officers to disgorge prior compensation to the extent such compensation would not have been earned based on the restated financial statements.

In light of the highly regulated nature of the Company's business, the Committee would likely pursue such remedy, among others, where appropriate based on the facts and circumstances surrounding the restatement and existing laws.

Statutory and Regulatory Considerations. In designing the Company's compensatory programs, we consider the various tax, accounting and disclosure rules associated with various forms of compensation. We also review and consider the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), which generally provides that the Company may not deduct certain compensation of more than \$1 million that is paid to certain individuals. We seek to preserve the Company's tax deductions for executive compensation to the extent consistent with the Company's executive compensation objectives. However, we may also from time to time consider and grant compensation that may not be tax deductible if we believe such compensation is warranted to achieve the Company's objectives.

(1) Amounts in 2013 reflect compensation earned while the executives were employed by the Company's predecessor entity, Penn National Gaming, Inc. (the "Predecessor Entity") prior to the Spin-Off for the period January 1, 2013 through October 31, 2013 and from the Company for the period November 1, 2013 through December 31, 2013.

(2) Amounts in 2012 reflect compensation from the Predecessor Entity prior to the Spin-Off for the entire fiscal year. The amounts reflect the full grant date fair value calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC 718"), for stock option awards, restricted stock awards, performance-based restricted stock awards and phantom stock unit awards. Included in stock awards for the year 2014 are restricted stock and performance-based restricted stock awards granted on April 25, 2014, relating to the Company's long-term fixed equity award grant and long-term performance equity award grant, respectively. Included in Stock Awards for the year 2013 are restricted stock awards granted on March 18, 2013, with exception of Mr. Carlino's awards which were granted on June 12, 2013, relating to the Predecessor Entity's annual equity grants. Also included in Stock Awards for the year 2013 are restricted stock awards for Executives granted on March 11, 2014, relating to the Predecessor Entity's payment of the external portion of their annual incentive plan for 2013. Included in Stock Awards for 2012 are phantom stock unit awards granted on January 29, 2013 relating to the Predecessor Entity's payment of the external portion of their annual incentive plan for 2012.

(3) The amount in 2014 reflects cash payments, pursuant to the Company's annual performance cash awards. For more information on the Company's annual performance cash awards, see the discussion beginning on page 26 of the "Compensation Discussion and Analysis" of this Proxy Statement. The amounts in years 2013 and 2012 reflect cash payments, pursuant to the internal measure portion of the Predecessor Entity's annual incentive plan, which provided for the payment of incentive compensation upon the Predecessor Entity's achievement of pre-established adjusted EBITDA goals. Based on the Predecessor Entity's adjusted EBITDA performance for 2013, the executives

received threshold plus 27% of the difference between threshold and target payout for the internal measure. Based on the Predecessor Entity's adjusted EBITDA performance for 2012, the executives received target plus 85% of the difference between target and the maximum payout for the internal measure.

(1) This column reports the Company's matching contributions under the Company's Deferred Compensation Plan.

(2) This column reports the Company's contributions to the Named Executive Officers' 401(k) savings accounts.

(3) In connection with the Spin-Off transaction, this column reports dividends paid to the Named Executive Officers' on vested stock options converted from PENN stock options as of the time of the Spin-Off and the incremental fair value charge taken by the Company relating to dividends accrued on unvested options as of the time of Spin-Off, which was not factored into the grant date value of the awards at the time they were granted.

(4) This column reports life insurance policy premiums paid by the Company on behalf of Mr. Snyder.

(5) The amount allocated for personal aircraft usage is calculated based on the incremental cost to the Company for fuel, landing fees and other variable costs of operating the airplane. Since the Company's aircrafts are primarily used for business travel, the Company does not include fixed costs that do not change based on usage, such as pilots' salaries, depreciation of the purchase cost of the aircraft and the cost of general maintenance.

(6) Amounts in 2013 reflect other compensation earned while the executives were employed at the Predecessor Entity prior to the Spin-Off for the period January 1, 2013 through October 31, 2013 and from the Company for the period November 1, 2013 through December 31, 2013. (1) Awards represent performance-based restricted stock with cliff vesting at the end of the performance period beginning on November 1, 2013 and ending on December 31, 2016. The amount of restricted shares vested at the end of the performance period can range from zero to a maximum of 200% of target, depending on the level of achievement of the performance goals measured against the return of the companies included in the MSCI US REIT Index over the measurement period. In the event of a change in control, awards vest immediately at target level or, if greater, the actual level of achievement as of the date of the Change of Control, annualized for the entire performance period. For more information on the Company's performance-based equity awards, see the discussion beginning on page 27 of the "Compensation Discussion and Analysis" of this Proxy Statement.

(2) Awards represent restricted stock awards granted to the Named Executive Officers as part of their annual compensation. All grants have vesting over three years, 33.33% on the first anniversary of the date of grant and 33.33% on each succeeding anniversary. In the event of a change in control, awards vest immediately.

(3) Represents the full grant date fair value of awards under ASC 718. Generally, the full grant date fair value is the amount the Company would expense in its financial statements over the award's vesting period. The Company utilized a third party valuation firm to measure the fair value of the market performance restricted stock awards at grant date using the Monte Carlo model. Additional information regarding the calculation of the grant date fair value is included in footnote 4 to the Company's audited financial statements of the Company's Annual Report on Form 10-K for the year ended December 31, 2014.

Gaming and Leisure Properties, Inc. Deferred Compensation Plan. Pursuant to the Company's Deferred Compensation Plan, as amended, most management and certain other highly compensated employees selected by the committee administering the Plan (the "Committee") may elect to defer, on a pre-tax basis, a percentage of his or her salary and/or bonus. The minimum amount deferrable is \$3,000 and the maximum is 90% of his or her base annual salary and/or bonus. Generally, deferral elections must be made before the beginning of the year in which compensation will be earned. The Company's contributions under the plan are equal to 50% of the participant's deferral for the first 10% of the salary and/or bonus deferred, subject to a maximum annual Company contribution equal to 5% of the participant's salary and/or bonus. With the Board of Directors' approval, the Company is also permitted to make discretionary contributions. Participants are always 100% vested in their own contributions, but Company contributions vest 20% per year of service with the Company. Therefore, employees with five or more years of service are fully vested in Company contributions under the plan. However, for employees with less than five years of service, all Company contributions become immediately and fully vested upon death, retirement (on or after age 65) or a change in control of the Company, as defined in the Deferred Compensation Plan. The Committee may accelerate vesting of the Company's contributions if a participant terminates his or her employment because of disability. Subject to the exceptions discussed below, participants in the Deferred Compensation Plan, or their beneficiaries, receive distributions upon retirement, death or termination. Participants can elect to receive distributions following retirement or death in the form of a lump sum payment or payment in five or ten annual installments. Distributions following retirement can be deferred for at least five years.

For purposes of the Deferred Compensation Plan, termination of employment as a result of a disability will be considered retirement. Distributions following termination of employment other than as a result of retirement or death will be in the form of a lump sum payment. Participants can also elect to receive a scheduled distribution with respect to an annual deferral amount, which is payable in a lump sum at the beginning of a designated subsequent calendar year, subject to certain limitations. In the event of an unforeseeable financial emergency and with the approval of the Committee, a participant can suspend deferrals or receive a partial or full payout under the plan. Certain specified employees have a six-month delay imposed upon distributions pursuant to a severance from service, as required by the final Code section 409A regulations. In the event of a change in control, the Company will accelerate installment

payments that are in pay status by paying the account balance in lump sum and will distribute the account balances of all active participants in a lump sum; provided, however, that no distributions (or accelerations of installments) will occur unless the transaction qualifies as a "change in control event" under Code section 409A.

Participants in the Deferred Compensation Plan may notionally invest deferred amounts, including Company contributions, in mutual funds selected by the Committee. Participants may change their investment elections at any time.

AUDIT AND COMPLIANCE COMMITTEE REPORT

The Audit and Compliance Committee of the board of directors assists the board of directors in performing its oversight responsibilities for our financial reporting process and audit process as more fully described in the Audit and Compliance Committee's charter. Management has the primary responsibility for the financial statements and the reporting process. Our independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon.

In the performance of its oversight function, the Audit and Compliance Committee reviewed and discussed our audited financial statements for the fiscal year ended December 31, 2014 with management and with our independent registered public accounting firm. In addition, the Audit and Compliance Committee discussed with our independent registered public accounting firm the matters required to be discussed by the PCAOB Accounting Standard No. 16, Communications with Audit Committees, which includes, among other items, matters related to the conduct of the audit of our financial statements. The Audit and Compliance Committee has also received and reviewed the written disclosures and the letter from our independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the accounting firm's communications with the Audit and Compliance Committee concerning independence and has discussed with our independent registered public accounting firm that firm's independence and considered whether the non-audit services provided by the independent registered public accounting firm are compatible with maintaining its independence.

Based on the review and discussions with management and our independent registered public accounting firm described above, the Audit and Compliance Committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2014 filed with the SEC.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Agreements with Certain Shareholders in Connection with our Spin-Off from Penn
Fortress

On November 1, 2013, we entered into an investor rights agreement (the "Investor Rights Agreement") with FIF V PFD LLC ("FIF V"), an affiliate of Fortress, pursuant to an Exchange Agreement, dated January 16, 2013, between FIF V and Penn. The Investor Rights Agreement grants Fortress four demand registrations and unlimited piggyback registration during the term of the Investor Rights Agreement until the earlier of (i) such time as all our common stock distributed to Fortress in our spin-off from Penn, and any additional securities issued with respect thereto (the "Registrable Securities"), have been sold and (ii) such time as Fortress beneficially owns less than 2.5% of our common stock on a fully-diluted basis. We also agreed to use reasonable efforts to file a short-form registration statement for the registration and sale of the Registrable Securities with the SEC within 60 days of the date we become eligible to use a short-form registration statement, and to keep the shelf registration statement continuously effective under the Securities Act for so long as Fortress has registration rights. In addition, the Investor Rights Agreement grants Fortress certain information rights and prohibits us from taking actions to increase Fortress's beneficial ownership of the outstanding shares of our common stock above 9.9%.

Related Party Transactions

On September 19, 2014, the Company entered into an Agreement of Sale (the "Sale Agreement") with Wyomissing Professional Center Inc. ("WPC") and acquired certain land in an office complex known as The Wyomissing Professional Center Campus, located in Wyomissing, Pennsylvania, in exchange for the payment of \$725,000 in cash to WPC (the "Sale"), plus taxes and closing costs. In addition, the Company reimbursed WPC approximately \$270,000 for site work and pre-development costs previously completed per the Sale Agreement. Pursuant to the Sale Agreement, the Company also entered into a contract with Integrated Construction Services, LLC providing for the completion of construction of an office building on the land that will serve as the Company's headquarters.

In connection with completion of construction of the building in The Wyomissing Professional Center Campus, on September 24, 2014, the Company entered into an agreement (the "Construction Management Agreement") with CB Consulting Group LLC (the "Construction Manager"). Pursuant to the Construction Management Agreement, the Construction Manager will, among other things, provide certain construction management services to the Company in exchange for three percent (3%) of the total cost of work to complete the building construction project, and certain additional costs for added services.

Peter M. Carlino, the Company's Chairman of the Board of Directors and Chief Executive Officer, is also the sole owner of WPC. In addition, Mr. Carlino's son owns a material interest in the Construction Manager.

The Audit and Compliance Committee of the Company's board of directors reviewed and approved the Sale Agreement and Construction Management Agreement, and the transactions contemplated thereby pursuant to the Company's corporate governance guidelines.

Employment Agreements and Arrangements

We currently do not have employment agreements or arrangements with any of our executives, except Mr. Snyder as described on page 31 of this Proxy Statement. However, we may enter into employment agreements or arrangements with certain of our executive officers in the future. If we elect to do so, we anticipate that they will provide for salary, bonuses and other benefits, including severance benefits upon termination of employment as well as equity awards, among other matters.

Indemnification of Directors and Officers

Our charter and bylaws contain indemnification provisions for the benefit of our directors and executive officers.

Review and Approval of Transactions with Related Persons

Pursuant to the terms of its charter, the Audit and Compliance Committee reviews and pre-approves all conflicts of interest and related party transactions. For the purposes of the Audit and Compliance Committee's review, related party transactions are transactions, arrangements or relationships that are required to be disclosed pursuant to SEC Regulation S-K, Item 404, including those where the Company is a participant and in which an executive officer, a director or an owner of 5% or greater of the Company's common stock (or any immediate family member of the foregoing persons) has a direct or indirect material interest. Our code of business conduct has a broad

Table of Contents

definition of conflict of interest, which includes related party transactions, and requires employees to report potential conflicts to the general counsel. The general counsel may consult with members of the legal and finance staffs to determine whether the proposed transaction represents a conflict of interest or a related party transaction that must be presented to the Audit and Compliance Committee.

For transactions determined to require Audit and Compliance Committee review, the general counsel collaborates with members of the finance staff to prepare and present the transaction to the Audit and Compliance Committee. An Audit and Compliance Committee member will not participate in the review of transactions in which he or she or his or her immediate family member has an interest. The Audit and Compliance Committee will only approve related party transactions that are in, or are not inconsistent with, the best interests of the Company based on a review of (i) the benefits to the Company of the transaction and (ii) the terms of the transaction and the terms available to or from unrelated third parties, as applicable.

Conflict of Interest Policies

As described above, our code of business conduct seeks to identify and mitigate conflicts of interest between our directors, officers and employees, including our chief executive officer, chief financial officer and other senior officers, on the one hand, and the Company on the other hand, in accordance with applicable rules and regulations of the SEC and NASDAQ. Our code of business conduct is available on our website. Waivers of our code of business conduct are required to be disclosed in accordance with SEC and NASDAQ requirements. In addition, we adopted corporate governance guidelines to assist our board of directors in the exercise of its responsibilities and to serve our interests and those of our shareholders. Peter M. Carlino serves as chairman of Penn and as our chairman and chief executive officer. In addition, David A. Handler, one of our directors, continues to serve as a director at Penn. We adopted governance guidelines that require Peter M. Carlino and David A. Handler to report any matter that may create, or may create the appearance of, a conflict of interest to Joseph W. Marshall, III, our lead independent director, for evaluation and appropriate resolution. Our board of directors may, in the future, also form committees of independent directors to discuss and act upon matters involving both us and Penn. No other person will be a director, executive officer or other employee of both us and Penn.

RELATIONSHIP BETWEEN GLPI AND PENN AND THEIR RESPECTIVE SUBSIDIARIES POST-SPIN

On November 1, 2013, in connection with the Spin-Off from Penn to govern our ongoing relationship with Penn, we or our subsidiaries, as applicable, entered into: (i) the Separation and Distribution Agreement, (ii) a master lease agreement (the "Master Lease") pursuant to which GLP Capital, L.P., as landlord, will lease to Penn Tenant, LLC, a subsidiary of Penn, as tenant, our assets relating to the business of Penn (excluding the properties operated by our taxable REIT subsidiary), (iii) an agreement relating to tax matters (the "Tax Matters Agreement"), (iv) an agreement setting forth certain services that Penn is providing to us on a transitional basis (the "Transition Services Agreement") and (v) an agreement relating to employee matters (the "Employee Matters Agreement").

The aforementioned agreements that we entered into with Penn in connection with the Spin-Off were negotiated in the context of our separation from Penn while we were still a wholly-owned subsidiary. Accordingly, during the period in which the terms of those agreements were negotiated, we did not have an independent board of directors or a management team independent of Penn. However, our board of directors, composed of a majority of independent directors, subsequently reviewed and ratified these transactions in advance of the Spin-Off.

The Separation and Distribution Agreement

The Separation and Distribution Agreement sets forth, among other things, our agreements with Penn regarding the principal transactions necessary to separate us from Penn. The Separation and Distribution Agreement identifies assets to be transferred, liabilities to be assumed and contracts to be assigned to us as part of the separation of Penn into two companies, and it provides for when and how these transfers, assumptions and assignments occur.

The Master Lease

Penn Tenant, LLC, a subsidiary of Penn, entered into the Master Lease with GLP Capital, L.P., our subsidiary through which we own substantially all of our assets, pursuant to which Penn Tenant, LLC leases 18 facilities that are owned by GLP Capital, L.P. The obligations of Penn Tenant, LLC under the Master Lease are guaranteed by Penn and by all Penn subsidiaries that will occupy and operate the facilities leased under the Master Lease, or that own a gaming license, other license or other material asset necessary to operate any portion of the facilities. A default by Penn or its subsidiaries with regard to any facility will generally cause a default with regard to the entire portfolio.

The Tax Matters Agreement

The Tax Matters Agreement governs our and Penn's respective rights, responsibilities and obligations with respect to taxes (including taxes arising in the ordinary course of business and taxes, if any, incurred as a result of any failure of the Spin-Off and certain related transactions to qualify as tax-free for U.S. federal income tax purposes), tax attributes, tax returns, tax contests and certain other tax matters.

In addition, the Tax Matters Agreement imposes certain restrictions on us and our subsidiaries (including restrictions on share issuances, business combinations, sales of assets and similar transactions) that are designed to preserve the tax-free status of the Spin-Off and certain related transactions. The Tax Matters Agreement provides special rules allocating tax liabilities in the event the Spin-Off, together with certain related transactions, was not tax-free. In general, under the Tax Matters Agreement, each party is expected to be responsible for any taxes imposed on Penn that arise from the failure of the Spin-Off and certain related transactions to qualify as a tax-free transaction for U.S. federal income tax purposes within the meaning of Sections 355 and 368(a)(1)(D) and certain other relevant provisions of the Code to the extent that the failure to qualify is attributable to actions, events, or transactions relating to such party's respective stock, assets or business, or a breach of the relevant representations or covenants made by that party in the Tax Matters Agreement.

The Tax Matters Agreement also sets forth our and Penn's obligations as to the filing of tax returns, the administration of tax contests and assistance and cooperation on tax matters.

The Employee Matters Agreement

The Employee Matters Agreement governs our and Penn's respective compensation and employee benefit obligations with respect to the current and former employees of each company, and generally allocates liabilities and responsibilities relating to employee compensation and benefit plans and programs. The Employee Matters Agreement provides for the treatment of outstanding Penn equity awards in connection with the Spin-Off. In addition, the Employee Matters Agreement sets forth the general principles relating to employee matters, including with respect to the assignment of employees and the transfer of employees from Penn to us, the assumption and

Table of Contents

retention of liabilities and related assets, workers' compensation, labor relations, the provision of benefits following our spin-off from Penn, employee service credit, the sharing of employee information and related matters.

The Transition Services Agreement

Penn has agreed to provide us with administrative and support services on a transitional basis pursuant to the Transition Services Agreement, including accounting and finance support, human resources support, legal and regulatory compliance support, insurance advisory services, internal audit services, governmental affairs monitoring and reporting services, information technology support, construction services, and various other support services (the "Transition Services") for a period of up to two years. We expect that the fees charged to us for Transition Services furnished pursuant to the Transition Services Agreement will approximate the actual cost incurred by Penn in providing the Transition Services to us for the relevant period.

The Transition Services Agreement provides that we have the right to terminate a Transition Service after an agreed notice period, generally thirty days. The Transition Services Agreement also contains provisions whereby we will generally agree to indemnify Penn for all claims, losses, damages, liabilities and other costs incurred by Penn to a third party which arise in connection with the provision of a Transition Service, other than those costs resulting from Penn's gross negligence, willful misconduct or bad faith. As of December 31, 2014, we are using transition services for human resources support and insurance advisory services only, all other administrative and support services have been transitioned.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table contains information about the beneficial ownership of our common stock as of March 10, 2015 by:

- each person, or group of persons, who beneficially owns more than 5% of our capital stock;
- each executive officer named in the summary compensation table;
- each of our directors; and
- all directors and executive officers as a group.

Beneficial ownership and percentage ownership are determined in accordance with the rules and regulations of the SEC and include voting or investment power with respect to shares of stock. This information does not necessarily indicate beneficial ownership for any other purpose. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to restrictions, options or warrants held by that person that are currently exercisable or exercisable within 60 days of March 10, 2015 are deemed outstanding. Such shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. Except as indicated in the footnotes to the following table or pursuant to applicable community property laws, each shareholder named in the table has sole voting and investment power with respect to the shares set forth opposite such shareholder's name. Our calculation of the percentage of beneficial ownership is based on 114,609,116 shares of common stock outstanding on March 10, 2015.

Unless otherwise indicated in the footnotes, the address of each of the individuals named below is: c/o Gaming and Leisure Properties, Inc., 825 Berkshire Blvd., Suite 400, Wyomissing, Pennsylvania 19610.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's officers and directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership of our common stock and any other equity securities of the Company with the SEC. Such officers, directors and shareholders are required by SEC regulations to furnish us with copies of all such reports that they file. Based solely on a review of copies of reports filed with the SEC and of written representations by officers, directors, and greater than 10% shareholders, we believe that during 2014, with the exception of one Form 4 report for each of the Chief Executive Officer and Senior Vice President of Corporate Development that were inadvertently filed late, all officers, directors, and greater than 10% shareholders subject to the reporting requirements of Section 16(a) filed the required reports on a timely basis.

PROPOSAL 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit and Compliance Committee has selected Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2015 and the shareholders are asked to ratify this selection. Ernst & Young has served as the Company's independent registered public accounting firm since its inception in 2013. All audit and non-audit services provided by Ernst & Young LLP are approved by the Audit and Compliance Committee. Ernst & Young LLP has advised the Company that it has no direct or material indirect interest in the Company or its affiliates. Representatives of Ernst & Young LLP are expected to attend the meeting, will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions. The favorable vote of a majority of the votes cast at the meeting is required to approve the ratification of the selection of the Company's independent registered public accounting firm.

A description of aggregate fees for professional services performed by Ernst & Young LLP in relation to fiscal 2014 and fiscal 2013 is as follows:

	Fiscal 2014	Fiscal 2013
Audit Fees (1)	\$790,674	\$954,496
Audit-Related Fees (2)	40,000	—
Tax Fees	—	—
Total Fees	\$830,674	\$954,496

(1) Audit fees include fees associated with the annual audit, reviews of the Company's quarterly reports on Form 10-Q, annual audits required by law for certain jurisdictions, comfort letters, consents and other audit and attestation services related to statutory or regulatory filings. Audit fees also include the audit of the Company's internal controls over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002 and additional services performed for a Form S-4 filing in fiscal 2014. The decrease in fiscal 2014 is due to additional services performed in connection with the Spin-Off in fiscal 2013.

(2) The fees disclosed under this category for the 2014 fiscal year consist of fees for an employee benefit plan audit. Audit and Compliance Committee Pre-Approval Policies and Procedures

Under our Audit and Compliance Committee's charter, the Audit and Compliance Committee must pre-approve all audit and other permissible non-audit services proposed to be performed by our independent registered public accounting firm. The Audit and Compliance Committee is also responsible for approving, in advance, all requests by management for permissible non-audit services to be provided to us by the independent registered public accounting firm. If the Audit and Compliance Committee delegates pre-approval authority to one or more of its members, the member would be required to report any pre-approval decisions to the Audit and Compliance Committee at its next scheduled meeting.

Required Vote

The affirmative vote of a majority of votes cast is required to ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015.

PROPOSAL 3

SHAREHOLDER PROPOSAL REQUESTING THAT THE COMPANY REMOVE THE CLASSIFIED BOARD STRUCTURE

UNITE-HERE (the "Union"), 1775 K Street, NW, Suite 620, Washington DC 20006, which is the beneficial owner of 176 shares of the Company's common stock, and which intends to hold such shares of the Company's common stock through the date of the Annual Meeting, such ownership being in excess of \$2,000 in market value, submitted the following proposal and supporting statement:

Proposal

RESOLVED, that the shareholders of Gaming & Leisure Properties, Inc. ("GLPI" or the "Company") recommend that the Company shall take all necessary steps, in compliance with applicable law, to eliminate the classification of the Board of Directors. Implementation of this proposal should not prevent any Director elected prior to the annual meeting held in 2015 from completing the term for which such Director was elected.

Shareholder Supporting Statement

When trustees are held accountable for their actions, they perform better. This resolution urges the Board of Directors to facilitate a declassification of the board, which would enable shareholders to register their views on the performance of all directors at each annual meeting. Under the current structure, directors are elected to staggered three-year terms, so shareholders only have the opportunity to vote on a portion of the Board each year. Annual elections make directors more accountable to shareholders, and could thereby contribute to improving performance and increasing firm value.

At GLPI, this concern is not academic: Share prices at our company have dropped by more than 1/3 since its spin-off from Penn National Gaming in November 2013.

Empirical studies have shown that staggered boards are associated with lower firm valuation and poor corporate decision-making. (Bebchuk and Cohen, 2005; Faleye, 2007; Frakes, 2007). Firms with classified boards are more likely to make acquisitions that decrease shareholder value (Masulis, Wang, and Xie, 2007) and are associated with lower returns to shareholders in the event of a takeover (Bebchuk, Coates, and Subramanian, 2002).

The classified board structure has all but disappeared among lodging REITs, with FelCor Lodging Trust declassifying its board days ago and LaSalle Hotel Properties taking the same step last year. At Penn National (Penn), GLPI's sponsor, shareholders approved a proposal to declassify the board last year, although Penn has yet to enact this reform. Earlier this year, leading proxy advisor Institutional Shareholder Services recommended GLPI shareholders vote against our directors at our first Annual Meeting, calling new provisions concerning director nominations adopted unilaterally by the Board a "material governance failure." ISS noted,

"the provision may serve as an entrenchment device by restricting investors' right to select the individuals they deem suitable to represent them on the board. This concern is magnified given the multiple antitakeover defenses at the company such as the board's classified structure, the plurality vote standard for director elections, the lack of shareholder right to call special meetings, and the supermajority vote requirement at amend the company's bylaws." As the US lodging industry continues to recover, shareholders may see an uptick in merger activity. REITs were major actors during the mergers of the previous business cycle, with approximately half the existing publicly traded equity REITs being bought out between 2006 and 2007.

To improve corporate governance at GLPI, and thereby, we believe, to preserve shareholder value and strategic opportunities, we urge shareholders demand annual elections for all GLPI directors.

BOARD OF DIRECTORS' STATEMENT IN OPPOSITION

After careful evaluation and consideration of Proposal 3 to take the steps necessary to eliminate the classification of our Board, and for the reasons discussed below, the Board has concluded that Proposal 3 is not in the best interests of the Company or our shareholders. Therefore, our Board unanimously recommends that you vote AGAINST Proposal 3.

More specifically, the Board recommends a vote against Proposal 3 for the following reasons:

- recent studies indicate that classified boards are linked to improved financial performance and call into question studies cited by the proponent;
- longer director terms foster institutional memory and director independence;
- a classified board structure supports and protects our long-term growth initiatives and provides a key competitive advantage;
- longer director terms allow us to attract a larger pool of qualified candidates willing to serve as directors of a company within our heavily regulated industry; and
- our classified board structure assists our Board in maximizing shareholder value in the event of an unsolicited takeover attempt.

Analysis

Our Board is committed to a long-term, sustained approach to shareholder value, and having a classified Board supports that approach. We have included a discussion below regarding the merits of our classified board structure and strongly believe that such a structure is in the best interests of our shareholders. However, we believe it is also important for our shareholders to understand our history with the union proponent, UNITE HERE (the "Union"). The Company was spun-off from Penn National Gaming, Inc. ("Penn") in November 2013. Penn received proposals from the Union for matters to be considered by its shareholders at four straight annual meetings from 2009 to 2012 and expressed to their shareholders the "genuine belief that the Union's various proposals have nothing to do with executive compensation, board relationships or accountability (as the Union would have shareholders believe)." Penn cited numerous actions that they believed provided evidence that the "proposals are motivated only by their desire to organize [Penn's] employees" and that the Union was "abusing the shareholder proposal process in an effort to pressure management into making decisions that we think are contrary to the best interests of [Penn], its employees and its shareholders." We believe that the Union's efforts here are similarly superficial and have nothing to do with the perceived harm of our classified board structure to shareholder value.

We believe it is important for our shareholders to understand that the Union's proposal is yet another of a series of actions intended to materially harm the Company. In addition to the history of the Union's dealings with Penn and the Union's submission of this proposal, on March 23, 2015, the Union sent a letter to the Missouri Gaming Commission urging them to take actions against a value enhancing strategic transaction between the Company and Pinnacle Entertainment, Inc. Announcement of the proposed transaction on March 9, 2015 has resulted in a 14% increase in the Company's common stock price and a 31% increase in the common stock of Pinnacle Entertainment. The Union is using whatever means available to pressure the companies - they clearly have no regard for what is in the best interests of shareholders. Why would they? According to the information provided with their proposal, they only own 176 shares.

Recent studies indicate that classified boards are linked to improved financial performance and call into question studies cited by the proponent.

The Union cites various empirical studies in support of its proposal to declassify our Board. The Union points to these studies for the proposition that classified boards are associated with lower firm valuation and poor corporate decision making. In addition, these studies suggest that firms with classified boards are more likely to make acquisitions that decrease shareholder value and are associated with lower returns to shareholders in the event of a takeover. However, as described below, recent studies suggest this fundamental element of the Union's argument is far short of a universal truth and for many companies is false.

Our Board is well aware that declassification has gained momentum in recent years, primarily as a result of pressure from proxy advisory services, and a handful of shareholder activists with nominal share ownership. These proponents

usually advance their view that a declassified board is a corporate governance best practice because of their belief that classification reduces director accountability and gives shareholders less control, which ultimately

Table of Contents

results in a reduction in shareholder value. Most of these proponents also appear to believe that declassification is appropriate for all companies - one size fits all - without regard to the specific facts and circumstances of the companies that are targeted with their proposals. They often cite a number of studies in support of these views, many of which were prepared by zealous proponents of declassification whose apparent mission it is to declassify the board of every public company in the United States without regard to the potential impact on long-term shareholder value. We believe that this is a reckless approach - particularly when offered by a proponent with only a nominal investment in the Company such as is the case with the Union..

However, as highlighted in a recent article by Stanford Law School professor Joseph A. Grundfest and SEC Commissioner Daniel M. Gallagher, five recent, extensively-researched, independent studies challenge these views. Grundfest and Gallagher, *Did Harvard Violate Federal Securities Law? The Campaign Against Classified Boards of Directors*, December 2014. More particularly, these recent studies support the proposition that staggered boards are linked to improved financial performance. The most comprehensive of the recent studies covers a significantly longer time period - 1978 to 2011 - and more companies - 3,023 - than the studies cited by the Union that advance the arguments for declassification. Cremers, Litov and Sete, *Staggered Boards and Firm Value, Revisited*, December 2013 and July 2014. The Cremers study calls into question the negative view of staggered boards advanced by the earlier studies, and concludes “firm value goes up upon the adoption of a staggered board and goes down upon removal of a staggered board.” The authors note that this result is “robust and both economically and statistically significant.” The authors of the Cremers study note that their results “are also consistent with the literature suggesting that staggered boards provide a value-increasing measure of stability and continuity.” The Cremers study further finds stocks of companies adopting a classified board structure tend to have abnormal positive returns around the time they adopt a classified board, and stocks of companies that eliminate a classified board tend to have no or negative abnormal returns. The authors of the Cremers study ultimately conclude: “From a broader perspective, these results cast a doubt on recent academic and regulatory proposals in favor of shareholder empowerment, documenting that a system of strong shareholder rights may reduce rather than increase firm value....In contrast to this claim, our results seem to suggest that the traditional board-centered model (i.e., vesting authority primarily on the board to run the corporation) can efficiently serve the interests of both shareholders and society as a whole.”

Another of these more recent studies looked at 384 companies during the 20 year period between 1991 and 2011 and concluded that “firms that destagger tend to have poorer accounting performance, particularly after a year subsequent to destaggering.” Ge, Tanlu, and Zhang, *Board Destaggering: Corporate Governance Out of Focus?*, 2014. In addition, this study concluded that “contrary to the implications of the extant research on staggered boards and claims made by active investors, destaggering does not appear to always lead to improved firm performance; on the contrary, destaggering could lead to managerial short-termism and less effective board monitoring.”

Finally, these new studies have recognized that “the ‘one size fits all’ approach to board structure may be misguided.” Ahn and Shrestha, *The Differential Effects of Classified Boards on Firm Value*, 2013. In this regard, the Ahn study determined that “[b]oard classification is value-enhancing for firms that are easy to monitor and have greater advising needs.” As observed by Gallagher and Grundfest, in situations where a board plays a strong advisory role, “the presence of a staggered board can help promote stability in board-management relationships in a manner that that enhances performance.” Given that we are still a relatively new company which was spun out of Penn in November 2013, our Board plays a key advisory role in the growth and direction of our business as we quickly seek to grow and diversify. With less than two years of independent operations, we believe that a classified Board is an appropriate governance feature for the Company and in the best interest of the Company and its shareholders.

Longer director terms foster institutional memory and director independence.

It is critical that our directors develop an in-depth knowledge and understanding of our business and operations, and, collectively, have an institutional memory of our past successes and failures in order to effectively oversee our portfolio of properties, manage our risks, and plan for our future. Our Board’s institutional memory persists and is strengthened year after year, as generally, two-thirds of our Board continues in service after each annual meeting. Further, this in-depth knowledge and institutional memory actually fosters our directors’ independence because our directors become less reliant on management’s perspective when faced with key decisions. We believe these attributes are best achieved by a sustained period of service, and continuity and stability of leadership. Further, we believe that

our classified board structure helps us to attract and retain highly qualified individuals to serve on our Board, because we are able to retain individuals willing to commit the time and resources necessary to develop the in-depth knowledge and understanding demanded by our business and by our regulators.

Table of Contents

A classified board structure supports and protects our long-term growth initiatives and provides a key competitive advantage.

We believe that shareholder value will be maximized when our Board is able to focus on making sound decisions to provide for long-term growth. Our primary business consists of acquiring, financing and owning real estate property to be leased to gaming operators pursuant to long-term leases. One of the key drivers of our future growth is our ability to successfully identify, obtain, and execute on the acquisition of gaming facilities and long-term development projects. Our long-term objectives include the diversification of our real estate holdings both geographically, as well as through leases with gaming operators other than Penn. In order to achieve these long-term objectives, we will need to successfully identify and acquire suitable properties and enter into commercial relationships with additional gaming operators, all of which are time intensive undertakings which may take years to complete. Board classification provides our directors the confidence to take on long-term initiatives that are expected ultimately to benefit our shareholders, without the pressure for immediate financial performance that can be created by an annual election contest. Three-year terms ensure that our Board maintains a long-term view and endeavors to achieve the Company's key objective of diversifying its portfolio and maximizing shareholder value.

In addition, as we compete for new development opportunities within the heavily regulated gaming industry, we believe that our ability to provide a high degree of certainty to business partners regarding our ability to obtain the state regulatory approvals necessary to close a transaction provides a key competitive advantage. Our directors are licensed by gaming regulatory agencies in several key states. Currently, there are no other REIT competitors with the experience and scope of license coverage possessed by the Company and its Board. It is not uncommon for the licensing process to take a year or more for individuals that have not been licensed previously. Further, the acquisition of a gaming facility typically requires six to twelve months to obtain the necessary state regulatory approvals and will often begin and end in different director election cycles. With a classified Board, the Company can credibly assure potential development partners and state regulatory agencies that our Board will provide a source of integrity, stability and continuity of direction over the long-term, which is a key component to obtaining the necessary approvals. Longer director terms allow us to attract a larger pool of qualified candidates willing to serve as directors of a company within our heavily regulated industry.

The ownership, operation, and management of gaming and racing facilities are subject to pervasive regulation. These regulations impact both our ownership and operation of the TRS properties and the operations of our gaming tenants. Our ownership and operation of the TRS properties subject GLPI and its officers and directors to the jurisdiction of the gaming regulatory agencies in Louisiana and Maryland. Further, many gaming and racing regulatory agencies in the jurisdictions in which Penn operates as our tenant require GLPI and/or its affiliates to maintain a license as a key business entity or supplier, including Illinois, Indiana, Mississippi, Missouri, Ohio and Pennsylvania. The licensing process is onerous, invasive, time consuming, and expensive. Because of this, it is very difficult to identify qualified candidates willing to subject themselves as well as their families to the rigorous and intrusive process necessary to obtain a gaming license. We believe that our classified board structure allows us to attract a larger pool of qualified director candidates who are willing to subject themselves and their families to the regulatory approval process in light of the opportunity to serve a three-year term. These three-year terms, in turn, foster the continuity preferred by our regulators and allow our directors to devote the time and energy to our business that is necessary to foster institutional memory and director effectiveness. By implementing a classified board structure we also believe we have been able to limit the expense associated with the licensing process and the exposure to increased regulatory scrutiny associated with board turnover. By maintaining a classified Board, we are able to assure regulators that our Board will at all times consist of a majority of directors who have been thoroughly investigated and previously approved as "suitable" to serve as directors of the Company.

Our classified board structure assists our Board in maximizing shareholder value in the event of an unsolicited takeover attempt.

Our classified Board is our most significant leverage to help maximize shareholder value in the event of an unsolicited takeover proposal. Our classified Board provides us valuable leverage to negotiate effectively on behalf of all of our shareholders. Because it would take a two-year election cycle to change control of our Board, a potential buyer would

have to negotiate with a majority of a Board comprised of seasoned directors who remained independent of the potential buyer. This would afford our Board time to evaluate the fairness and adequacy of the proposal and to carefully evaluate alternatives, which might include pressing the potential buyer for a higher price,

Table of Contents

seeking out other potential buyers who might be a better fit or pay a higher price, or rejecting any acquisition altogether if continuing on the then-current course were viewed by the Board as likely ultimately to result in the highest value for shareholders.

This independence and ability to negotiate effectively on behalf of all shareholders would be lost if a potential acquirer were able to replace a majority of the Board with its own candidates in one election cycle because such candidates, if elected, would most likely be focused on getting the best price for the potential acquirer, rather than protecting the interests of all shareholders.

Board Recommendation

For the foregoing reasons, the Board believes declassification is not in the best interests of shareholders, and unanimously recommends a vote “AGAINST” the proposal relating to declassification of the Board.
