PART I - FINANCIAL INFORMATION (Continued)

CONSIL CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

- Note 1. The notes to the consolidated financial statements as of December 31, 2000, as set forth in ConSil Corp.'s (ConSil) 2000 Annual Report on Form 10-K, substantially apply to these interim consolidated financial statements and are not repeated here. All amounts are in U.S. dollars unless otherwise indicated.
- Note 2. The financial information given in the accompanying unaudited interim financial statements reflects all adjustments which are, in

the opinion of management, necessary to a fair statement of the results for the interim periods reported. All such adjustments are of a normal recurring nature. All financial statements presented herein are unaudited. However, the balance sheet as of December 31, 2000, was derived from the audited consolidated balance sheet described in Note 1 above.

Note 3. At March 31, 2001, ConSil had 9,449,707 common shares outstanding of which Hecla Mining Company (Hecla), the majority stockholder of ConSil, owned 7,418,300 shares or 78.503% of the outstanding shares.

The financial statements have been prepared on a going concern basis which assumes realization of assets and liquidation of liabilities in the normal course of business. At March 31, 2001, ConSil had negative working capital of \$1,034,512 and a stockholders' deficit of \$1,034,512. Included in current liabilities are a \$725,000 note payable and the related accrued interest due to Hecla, which are due upon demand by authorized representatives of Hecla, but in no event later than March 31, 2002. The Company does not have the ability or sources of financing to repay this debt. These factors raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

7

PART I - FINANCIAL INFORMATION (Continued)

CONSIL CORP.

- Note 4. On June 28, 1996, ConSil and Hecla entered into a loan agreement whereby Hecla agreed to make available to ConSil a loan not to exceed \$500,000, due in its entirety on or before December 31, 1996. This loan agreement was subsequently amended on eight separate occasions, increasing the amount available to borrow to \$725,000 and extending the repayment date to March 31, 2002. At March 31, 2001, there was \$725,000 outstanding under the loan agreement with Hecla, having an interest rate of 9.5%, and accrued interest due to Hecla totaling \$300,830.
- Note 5. ConSil prepares its consolidated financial statements in accordance with generally accepted accounting principles (GAAP) as practiced in the United States of America. ConSil also has regulatory reporting requirements in Canada. There are no differences between U.S. GAAP and Canadian GAAP with respect to stockholders' deficit or net loss at March 31, 2001 or 2000 and the three months then ended.
- Item 2. Management's Discussion and Analysis of Financial

 Condition and Results of Operations

Introduction

Except for the historical information contained herein, the matters discussed that are forward-looking statements involve risks and uncertainties, including the timely development of future projects, the impact of metals prices, changing market conditions and regulatory environment, and other risks detailed from time to time in ConSil's Form 10-K and Form 10-Qs filed with the United States Securities and Exchange Commission. Actual results may differ materially from those projected or implied. Forward-looking statements included herein represent ConSil's judgment as of the date of this filing. ConSil disclaims, however, any intent or obligation to update these forward-looking statements.

8

PART I - FINANCIAL INFORMATION (Continued)

CONSIL CORP.

Following the sale of ConSil's Silver Summit mine in 1995, ConSil was actively involved in exploration and acquisition activities, primarily in Mexico. ConSil was unsuccessful in its exploration and acquisition activities, and since the fourth quarter of 1997, ConSil has been inactive.

Results of Operations

ConSil reported a net loss of \$26,194, or nil per share, for the first quarter of 2001 compared to a net loss of \$24,498, or nil per share, in the first quarter of 2000. The increase in the net loss was due primarily to an increase in general and administrative expenses and an increase in interest expense on the note payable to Hecla (see Note 4 of Notes to Consolidated Financial Statements).

Financial Condition and Liquidity

At March 31, 2001, assets totaled \$414 and stockholders' deficit totaled \$1,034,512. Cash and cash equivalents decreased by \$1,005 to \$414 at March 31, 2001 from \$1,419 at December 31, 2000. The primary use of cash was to pay general and administrative expenses.

Working capital decreased \$26,194 during the first quarter of 2001, from a negative \$1,008,318 at December 31, 2000 to a negative \$1,034,512 at March 31, 2001. The decrease in working capital was the result of funding general and administrative costs and increased accrued interest and accounts payable due to Hecla.

9

PART I - FINANCIAL INFORMATION (Continued)

CONSIL CORP.

ConSil's planned 2001 expenditures include the necessary expenditures to maintain the current inactive status of ConSil. ConSil intends to finance planned expenditures through existing cash and possible funding from Hecla, although there can be no assurance that Hecla will provide ConSil with any funding. Any further exploration projects, potential acquisitions or even limited operations are subject to ConSil being able to raise funds from external sources.

The financial statements have been prepared on a going concern basis which assumes realization of assets and liquidation of liabilities in the normal course of business. At March 31, 2001, ConSil had negative working capital of \$1,034,512 and a stockholders' deficit of \$1,034,512. Included in current liabilities are the \$725,000 note payable and the related accrued interest due to Hecla, which are due upon demand by authorized representatives of Hecla, but in no event later than March 31, 2002. The Company does not have the ability or sources of financing to repay this debt. These factors raise substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

At March 31, 2001, ConSil's note payable to Hecla (refer to Note 4 of Notes to Consolidated Financial Statements) was subject to changes in market interest rates. However, due to the short-term nature of the debt, ConSil's management does not believe it is at material risk with respect to changes in market interest rates.

10

PART II - OTHER INFORMATION

CONSIL CORP.

Item 1. Legal Proceedings

There are no pending legal proceedings.

Item 6. Exhibits and Reports on Form 8-K

(a) Exhibits

None.

(b) Reports on Form 8-K

None.

Items 2, 3, 4 and 5 of Part II are omitted from this report as inapplicable.
