ITEM 2.05 COSTS ASSOCIATED WITH EXIT OR DISPOSAL ACTIVITIES.

On December 28, 2018, Interface, Inc. (“the Company”) committed to a new restructuring plan as part of its continuing efforts to improve efficiencies and streamline operations to more closely align its operating structure with its business and value creation strategy. The plan involves (i) a reduction of approximately 200 positions globally and (ii) the write-down of certain obsolete, underutilized and impaired information technology and manufacturing assets.

As a result of this plan, the Company expects to incur a pre-tax restructuring and asset impairment charge in the fourth quarter of 2018 of approximately \$22.0 million. The charge is comprised of severance expenses (\$12.7 million), impairment of assets (\$8.2 million) and other items (\$1.1 million). The charge is expected to result in future cash expenditures of \$13.5 million, primarily for severance payments (\$12.5 million). The restructuring plan is expected to be substantially complete in the first half of 2019. The plan is expected to yield gross annual savings of approximately \$12.5 million, however; the Company expects to redeploy essentially all of the anticipated savings toward the funding of sales and strategic growth initiatives and those investments will start in 2019 yielding negligible net savings on the Company’s income statement.

ITEM 2.06 MATERIAL IMPAIRMENTS.

In connection with the above-described restructuring plan, which the Company committed to on December 28, 2018, the Company expects to record a non-cash charge of \$8.2 million in the fourth quarter of 2018 for material impairment of assets that include the write-down of certain obsolete, underutilized and impaired information technology and manufacturing assets.
