CINTAS CORPORATION

NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS

(Unaudited)

1. Basis of Presentation

The consolidated condensed financial statements of Cintas Corporation (Cintas, the Company, we, us or our) included herein have been prepared by Cintas, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) have been condensed or omitted pursuant to such rules and regulations. While we believe that the disclosures are adequately presented, it is suggested that these consolidated condensed financial statements be read in conjunction with the consolidated financial statements and notes included in our Annual Report on Form 10-K for the fiscal year ended May 31, 2015. A summary of our significant accounting policies is presented beginning on page 37 of that report and a discussion of litigation and other contingencies is included on page 56. There have been no material changes in the accounting policies followed by Cintas during the current fiscal year other than the adoption of new accounting pronouncements discussed in Note 2. Additionally, see Note 12 entitled Segment Information for discussion of the change in reportable operating segments in the first quarter of fiscal 2016.

Interim results are subject to variations and are not necessarily indicative of the results of operations for a full fiscal year. In the opinion of management, adjustments (which include only normal recurring adjustments) necessary for a fair statement of the consolidated results of the interim periods shown have been made.

Cintas' investment in the Shred-it Partnership (Shred-it) is classified as discontinued operations for all periods presented as a result of entering into a definitive agreement on July 15, 2015 to sell the investment. In the quarter ended November 30, 2015, Cintas completed the sale of its investment in Shred-it. During fiscal 2015, Cintas sold its document imaging and retention services (Storage) business and, as a result, its operations are also classified as discontinued operations for all periods presented. See Note 12 entitled Discontinued Operations for more information.

As disclosed in our Annual Report on Form 10-K for the fiscal year ended May 31, 2015, inventories are valued at the lower of cost (first-in, first-out) or market. Inventory is comprised of the following amounts at:

(In thousands)	February 29, 2016	May 31, 2015
Raw materials	\$18,788	\$16,935
Work in process	17,748	17,079
Finished goods	218,667	192,197
	\$255,203	\$226,211

2. New Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2014-09, "Revenue from Contracts with Customers (Topic 606)," to clarify revenue recognition principles. This guidance is intended to improve disclosure requirements and enhance the comparability of revenue recognition practices. Improved disclosures under the amended guidance relate to the nature, amount, timing and uncertainty of revenue that is recognized from contracts with customers. This guidance will be effective for reporting periods beginning after December 15, 2017 and will be required to be applied retrospectively. Early application of the amendments in this update is not permitted. Cintas is currently evaluating the impact that ASU 2014-09 will have on its consolidated condensed financial statements.

In April 2014, the FASB issued ASU 2014-08, "Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity," which amended accounting guidance related to the reporting of discontinued operations and disclosures of disposals of components of an entity. The amended guidance changes the thresholds for disposals to qualify as discontinued operations and requires additional disclosures. This guidance is effective for reporting periods beginning after December 15, 2014 and is required to be applied prospectively. Cintas adopted ASU 2014-08 during the quarter ended August 31, 2015 and applied the amended accounting guidance to its investment in Shred-it and will apply it to future transactions, as appropriate.

In April 2015, the FASB issued ASU 2015-17, “Balance Sheet Classifications of Deferred Taxes,” which amended accounting guidance related to the presentation of deferred tax liabilities and assets. The amended guidance requires that all deferred tax liabilities and assets be classified as noncurrent on the balance sheet. This guidance is effective for reporting periods beginning after December 15, 2016; however, early adoption is permitted. This guidance can also be applied either prospectively to all deferred tax liabilities and assets or retrospectively to all periods presented. Cintas adopted ASU 2015-17 during the quarter ended November 30, 2015 and has applied this amended accounting guidance to its deferred tax liabilities and assets for all periods presented. The impact of this change in accounting principle on balances previously reported as of May 31, 2015 was a reclassification of \$112.4 million from current liabilities to long term liabilities.

In February 2016, the FASB issued ASU 2016-02, “Leases (Topic 842),” which sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract (i.e. lessees and lessors). The new standard requires lessees to apply a dual approach, classifying leases as either finance or operating leases based on the principle of whether or not the lease is effectively a financed purchase by the lessee. This classification will determine whether lease expense is recognized based on an effective interest method or on a straight line basis over the term of the lease, respectively. A lessee is also required to record a right-of-use asset and a lease liability for all leases with a term of greater than 12 months regardless of their classification. Leases with a term of 12 months or less will be accounted for similar to existing guidance for operating leases today. Topic 842 supersedes the previous leases standard, ASC 840, Leases. This guidance is effective for reporting periods beginning after December 15, 2018; however, early adoption is permitted. Entities are required to use a modified retrospective approach for leases that exist or are entered into after the beginning of the earliest comparative period in the financial statements. Cintas is currently evaluating the impact that ASU 2016-02 will have on its consolidated condensed financial statements.

No other new accounting pronouncement recently issued or newly effective had or is expected to have a material impact on the consolidated condensed financial statements.

3. Fair Value Measurements

All financial instruments that are measured at fair value on a recurring basis (at least annually) have been classified within the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the consolidated balance sheet date. These financial instruments measured at fair value on a recurring basis are summarized below:

(In thousands)	As of February 29, 2016			Fair Value
	Level 1	Level 2	Level 3	
Cash and cash equivalents	\$265,149	\$49,967	\$—	\$315,116
Marketable securities:				
Canadian treasury securities	—	71,703	—	71,703
Total assets at fair value	\$265,149	\$121,670	\$—	\$386,819
Long term accrued liabilities:				
Interest rate lock agreement	\$—	\$22,438	\$—	\$22,438
Total liabilities at fair value	\$—	\$22,438	\$—	\$22,438
(In thousands)	As of May 31, 2015			Fair Value
	Level 1	Level 2	Level 3	
Cash and cash equivalents	\$417,073	\$—	\$—	\$417,073
Marketable securities:				
Canadian treasury securities	—	16,081	—	16,081

Edgar Filing: CINTAS CORP - Form 10-Q

Total assets at fair value	\$417,073	\$16,081	\$—	\$433,154
----------------------------	-----------	----------	-----	-----------

Cintas' cash and cash equivalents and marketable securities are generally classified within Level 1 or Level 2 of the fair value hierarchy. Financial instruments classified as Level 1 are based on quoted market prices in active markets, and financial instruments classified as Level 2 are based on quoted market prices, broker or dealer quotations or

8

alternative pricing sources with reasonable levels of price transparency. The types of financial instruments Cintas classifies within Level 1 include most bank deposits and money market securities. Cintas does not adjust the quoted market price for such financial instruments.

The types of financial instruments Cintas classifies within Level 2 are primarily high grade domestic commercial paper and Canadian treasury securities (federal). The valuation technique used for Cintas' marketable securities classified within Level 2 of the fair value hierarchy is primarily the market approach. The primary inputs to value Cintas' marketable securities are the respective instrument's future cash flows based on its stated yield and the amount a market participant would pay for a similar instrument. Primarily all of Cintas' marketable securities are actively traded and the recorded fair value reflects current market conditions. However, due to the inherent volatility in the investment market, there is at least a possibility that recorded investment values may change in the near term.

The funds invested in Canadian treasury securities are not presently expected to be repatriated, but instead are expected to be invested indefinitely in foreign subsidiaries. Interest, realized gains and losses and declines in value determined to be other than temporary on available-for-sale securities are included in interest income or expense. The cost of the securities sold is based on the specific identification method. The amortized cost basis of marketable securities as of February 29, 2016 and May 31, 2015 was \$71.7 million and \$16.1 million, respectively. All outstanding marketable securities at February 29, 2016 and May 31, 2015 had contractual maturities due within one year.

As of February 29, 2016, long term accrued liabilities include interest rate lock agreements. The fair value of Cintas' interest rate lock agreements are based on similar exchange traded derivatives (market approach) and are, therefore, included within Level 2 of the fair value hierarchy. The fair value was determined by comparing the locked rates against the benchmarked treasury rate.

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Cintas believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the consolidated balance sheet date. In addition to assets and liabilities that are recorded at fair value on a recurring basis, the Company records assets and liabilities at fair value on a nonrecurring basis as required under GAAP. The Company's acquisition of ZEE Medical, Inc. (ZEE) was recorded at fair value. See Note 9 entitled Acquisitions for additional information on the measurement of the ZEE assets acquired.

4. Investments

Investments at February 29, 2016 of \$118.6 million include the cash surrender value of insurance policies of \$101.3 million, equity method investments of \$15.0 million, and cost method investments of \$2.3 million. Investments at May 31, 2015 of \$329.7 million include the cash surrender value of insurance policies of \$101.8 million, equity method investments of \$225.7 million and cost method investments of \$2.2 million.

Effective August 31, 2015, Cintas' investment in Shred-it was classified as discontinued operations as a result of Cintas entering into a definitive agreement to sell its investment. In the quarter ended November 30, 2015, Cintas completed the transaction to sell its investment in Shred-it. Cash proceeds received at the closing of the transaction totaled \$578.3 million. The transaction involved contingent consideration that the Company has an opportunity to receive if specified future events occur. Because of the uncertainty surrounding the future events, these amounts represent gain contingencies that have not been recorded. As allowed under applicable accounting guidance, the May 31, 2015 consolidated condensed balance sheet amounts for these assets and liabilities remain in their natural classifications. See Note 12 entitled Discontinued Operations.

On June 30, 2014, Cintas sold stock in an equity method investment. In conjunction with the sale of the equity method investment, Cintas also received a cash dividend of \$5.2 million. Total cash received from the transaction was \$35.2 million. The sale resulted in the recording of a gain, net of tax, of approximately \$13.6 million in the nine months ended February 28, 2015. As a result, the Company no longer has the ability to exercise significant influence over the investee. Therefore, effective July 1, 2014, the remaining investment retained by Cintas is accounted for under the cost method.

Investments are evaluated for impairment on an annual basis or when indicators of impairment exist. For the nine months ended February 29, 2016 and February 28, 2015, no impairment losses were recorded.

Both basic and diluted earnings per share from discontinued operations were \$0.00 for the three months ended February 29, 2016, and both basic and diluted losses per share were \$0.05 for the three months ended February 28, 2015. Basic and diluted earnings per share from discontinued operations were \$2.02 and \$1.99, respectively, for the nine months ended February 29, 2016, and both basic and diluted earnings per share from discontinued operations were \$0.13 for the nine months ended February 28, 2015.

For the three months ended February 29, 2016 and February 28, 2015, options granted to purchase 0.3 million and 0.4 million shares of Cintas common stock, respectively, were excluded from the computation of diluted earnings per

share. For the nine months ended February 29, 2016 and February 28, 2015, options granted to purchase 0.3 million and 0.7 million shares of Cintas common stock, respectively, were excluded from the computation of diluted earnings per share. The exercise prices of these options were greater than the average market price of the common stock (anti-dilutive).

On January 13, 2015, we announced that the Board of Directors authorized a \$500.0 million share buyback program, which does not have an expiration date. The January 13, 2015 share buyback program was completed during the second quarter of fiscal 2016. From the inception of the January 13, 2015 share buyback program through September 2015, Cintas purchased a total of 5.9 million shares of Cintas common stock at an average price of \$84.07 per share for a total purchase price of \$500.0 million. On August 4, 2015, we announced that the Board of Directors authorized a new \$500.0 million share buyback program. The following table summarizes the buyback activity by program and fiscal period:

(In thousands except per share data)	Three Months Ended February 29, 2016			Nine Months Ended February 29, 2016		
	Shares	Avg. Price per Share	Purchase Price	Shares	Avg. Price per Share	Purchase Price

In the period subsequent to February 29, 2016 through April 8, 2016, Cintas purchased 0.5 million shares of Cintas Common stock for a total purchase price of \$47.8 million. In addition, for the nine months ended February 29, 2016, Cintas acquired 0.2 million shares of Cintas common stock for employee payroll taxes due on restricted stock awards that vested during the nine months ended February 29, 2016. These shares were acquired at an average price of \$85.62 per share for a total purchase price of \$19.5 million. Of the total purchase price, \$0.1 million occurred in the three months ended February 29, 2016.

6. Goodwill, Service Contracts and Other Assets

Effective June 1, 2015, Cintas realigned its organizational structure and updated its reportable operating segments in light of certain changes in its business, including the acquisition of ZEE. Cintas' updated reportable operating segments are Uniform Rental and Facility Services and First Aid and Safety Services. The remainder of Cintas' business, which consists primarily of Fire Protection Services and its Direct Sale business, are included in All Other. For additional information regarding Cintas' realignment and reportable operating segment determination, see Note 11 entitled Segment Information.

As a result of Cintas' segment realignment, the composition of Cintas' reporting units for the evaluation of goodwill impairment also changed. Historically, Cintas' reporting units were the same as the reportable operating segments, Rental Uniforms and Ancillary Products, Uniform Direct Sales and First Aid, Safety and Fire Protection Services. Effective June 1, 2015, Cintas identified five reporting units for purposes of evaluating goodwill impairment, Uniform Rental and Facility Services, First Aid and Safety Services, and three reporting units within All Other. As a result of the change in reporting units, Cintas was required to perform an interim impairment test on Goodwill at June 1, 2015. There was no impairment recorded as a result of the interim impairment test.

As the composition of the reporting units changed, the Company allocated historical goodwill to the new reporting units based on a relative fair value allocation approach. Fair value of each reporting unit was determined using a combination of the market approach and the income approach. Under the market approach, fair value is based on revenue and earnings multiples for guideline public companies in the reporting unit's peer group. Under the income approach, value is dependent on the present value of net cash flows to be derived from the ownership. The relative fair value allocation approach yielded the following allocation of total goodwill as of June 1, 2015: Uniform Rental and Facility Services reportable operating segment goodwill of \$943.9 million, First Aid and Safety Services reportable

operating segment goodwill of \$155.0 million and All Other goodwill of \$96.7 million.

Changes in the carrying amount of goodwill and service contracts for the nine months ended February 29, 2016, by reportable operating segment and All Other, are as follows:

Amortization expense for continuing operations was \$4.4 million and \$3.4 million for the three months ended February 29, 2016 and February 28, 2015, respectively. Amortization expense for continuing operations was \$12.1 million and \$10.3 million for the nine months ended February 29, 2016 and February 28, 2015, respectively. Estimated amortization expense for continuing operations, excluding any future acquisitions, for each of the next five full fiscal years is \$15.6 million, \$13.0 million, \$12.2 million, \$11.6 million and \$11.1 million, respectively.

7. Debt, Derivatives and Hedging Activities

Cintas' senior notes are recorded at cost. The fair value of the senior notes is estimated using Level 2 inputs based on general market prices. The carrying value and fair value of Cintas' senior notes as of February 29, 2016 were \$1,300.0 million and \$1,408.9 million, respectively, and as of May 31, 2015 were \$1,300.0 million and \$1,418.6 million, respectively.

Cintas' commercial paper program has a capacity of \$300.0 million that is fully supported by a backup revolving credit facility through a credit agreement with its banking group. This revolving credit facility has an accordion feature that allows for a maximum borrowing capacity of \$450.0 million and has a maturity date of May 28, 2019. No commercial paper or borrowings on our revolving credit facility were outstanding as of February 29, 2016 or May 31, 2015.

Cintas uses interest rate locks to manage our overall interest expense as interest rate locks effectively change the interest rate of specific debt issuances. The treasury locks are entered into to protect against unfavorable movements in the benchmark treasury rate related to forecasted debt issuances. Cintas used interest rate lock agreements to hedge against movements in the treasury rates at the time Cintas issued its senior notes in fiscal 2007, fiscal 2008, fiscal 2011 and fiscal 2013. The amortization of the cash flow hedges resulted in an increase to other comprehensive income of \$0.5 million for the three months ended February 29, 2016 and February 28, 2015 and \$1.5 million for the nine months ended February 29, 2016 and February 28, 2015. During the quarter ending February 29, 2016, Cintas entered into an interest rate lock agreement with a notional value of \$550.0 million for a forecasted debt issuance. As of February 29, 2016, the fair value of this treasury lock was \$22.4 million and is recorded in long-term liabilities and other comprehensive income, net of tax. The interest rate lock had no impact on net income or cash flows from continuing operations for the three months ending February 29, 2016.

To hedge the exposure of movements in the foreign currency rates, Cintas may use foreign currency hedges. These hedges reduce the impact on cash flows from movements in the foreign currency exchange rates. Examples of foreign currency hedge instruments that Cintas may use are average rate options and forward contracts. Cintas had no foreign currency forward contracts as of February 29, 2016 or May 31, 2015.

Cintas has certain covenants related to debt agreements. These covenants limit Cintas' ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These covenants also require Cintas to maintain certain debt to consolidated earnings before interest, taxes, depreciation and amortization (EBITDA) and interest coverage ratios. Cross-default provisions exist between certain debt instruments. Cintas was in compliance with all debt covenants for all periods presented. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital.

8. Income Taxes

In the normal course of business, Cintas provides for uncertain tax positions and the related interest and adjusts its unrecognized tax benefits and accrued interest accordingly. During the three months ended February 29, 2016, unrecognized tax benefits decreased by approximately \$0.4 million and accrued interest remained unchanged. During the nine months ended February 29, 2016, unrecognized tax benefits increased by approximately \$0.7 million and accrued interest increased by approximately \$0.2 million.

All U.S. federal income tax returns are closed to audit through fiscal 2011. Cintas is currently in advanced stages of its U.S. federal audit and various audits in certain foreign jurisdictions and certain domestic states. The years under foreign and domestic state audits cover fiscal years back to 2009. Based on the resolution of the various audits and other potential regulatory developments, it is reasonably possible that the balance of unrecognized tax benefits will

decrease by \$3.1 million for the fiscal year ending May 31, 2017.

The majority of Cintas' operations are in North America. Cintas is required to file federal income tax returns, as well as state income tax returns in a majority of the domestic states and also in certain Canadian provinces. At times, Cintas is subject to audits in these jurisdictions. The audits, by nature, are sometimes complex and can require several years to resolve. The final resolution of any such tax audit could result in either a reduction in Cintas' accruals or an increase in its income tax provision, either of which could have an impact on the consolidated condensed results of operation in any given period.

9. Acquisitions

On August 1, 2015, the Company acquired all of the shares of ZEE for acquisition-date fair value consideration of \$134.0 million, consisting of cash of \$120.6 million and contingent consideration, subject to certain holdback provisions of \$13.4 million. ZEE operates within the First Aid and Safety Services reportable operating segment. This acquisition has expanded our footprint in van delivered first aid, safety, training and emergency products and will allow us to serve an even greater number of customers in North America.

The table below summarizes the preliminary purchase price allocation of ZEE as determined by management with the assistance of third-party valuation specialists. Goodwill is calculated as the excess of the consideration transferred over the net assets recognized and represents the estimated future economic benefits arising from other assets acquired that could not be individually identified and separately recognized. None of the goodwill is expected to be deductible for income tax purposes. The assets acquired and liabilities assumed are valued at the estimated fair value at the acquisition date as required by GAAP.

The estimated useful life of the acquired service contracts is 10 years.

Cintas is required to provide additional disclosures about fair value measurements as part of the consolidated condensed financial statements for each major category of assets and liabilities measured at fair value on a nonrecurring basis (including business acquisitions). The working capital assets and liabilities, as well as the property and equipment acquired, were valued using Level 2 inputs which included data points that are observable, such as definitive sales agreements, appraisals or established market values of comparable assets (market approach). Goodwill, service contracts and other intangibles were valued using Level 3 inputs, which are unobservable by nature, and included internal estimates of future cash flow using a discount rate of 11% (income approach).

The results of operations of ZEE are not material to the consolidated condensed financial statements.

11. Segment Information

GAAP requires companies to evaluate their reportable operating segments periodically and when certain events occur. As a result of a recent evaluation, effective June 1, 2015, Cintas realigned its organizational structure and updated its reportable operating segments in light of certain changes in its business including the acquisition of ZEE in the first quarter of fiscal 2016. Cintas' updated reportable operating segments are Uniform Rental and Facility Services and First Aid and Safety Services. The Uniform Rental and Facility Services reportable operating segment consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies, carpet and tile cleaning services and the sale of items from our catalogs to our customers on route are included within this reportable operating segment. The First Aid and Safety Services reportable operating segment consists of first aid and safety products and services. The remainder of Cintas' business, which consists primarily of Fire Protection Services and its Direct Sale business, is included in All Other. All prior fiscal year results presented in the table below have been recasted to reflect these new segments.

Prior to June 1, 2015, Cintas classified its business into the following three reportable operating segments: The Rental Uniforms and Ancillary Products operating segment consisted of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies and carpet and tile cleaning services were also provided within this operating segment. The Uniform Direct Sales operating segment consisted of the direct sale of uniforms and related items. The First Aid, Safety and Fire Protection Services operating segment consisted of first aid, safety and fire protection products and services.

Cintas evaluates the performance of each operating segment based on several factors of which the primary financial measures are operating segment revenue and income before income taxes. The accounting policies of the operating segments are the same as those described in Note 1 entitled Basis of Presentation. Information related to the operations of Cintas' operating segments is set forth below:

⁽¹⁾ Corporate assets include cash and marketable securities in all periods. Corporate assets as of February 28, 2015 include the investment in Shred-it and the Storage assets that were classified as held for sale.

12. Discontinued Operations

Cintas' investment in Shred-it was classified as discontinued operations for all periods presented as a result of entering into a definitive agreement on July 15, 2015 to sell the investment. During fiscal 2015, Cintas sold Storage and, as a result, its operations are also classified as discontinued operations for all periods presented.

In the quarter ended November 30, 2015, we completed the transaction to sell our investment in Shred-it. Cintas' share of the proceeds from the sale were \$578.3 million. Cintas also has the opportunity to receive up to \$34.0 million in additional consideration in the future, subject to certain holdback provisions. Because of the uncertainty surrounding the holdback provisions, this amount represents a gain contingency that has not been recorded. As of May 31, 2015, the equity method investment in Shred-it was \$210.1 million. Cintas' carrying value of its investment in Shred-it exceeded its share of the underlying equity in the net assets of Shred-it (basis difference). The basis difference was amortized over the weighted average estimated useful lives of the underlying assets which generated the basis difference (approximately 9 years) and was recorded as a reduction in our share of income from Shred-it, net of tax. For the nine months ended February 29, 2016, Cintas recorded a net loss on the investment in Shred-it of \$24.3 million, which included amortization of basis differences of approximately \$4.8 million. After the sale of Shred-it, the basis difference no longer exists and Cintas will no longer record income or loss from the investment in Shred-it.

In the first quarter of fiscal 2015, Cintas received additional proceeds related to the contribution of its shredding business to Shred-it. The Company realized a \$3.9 million gain, net of tax, as a result of the additional consideration received. During the three and nine months ended February 28, 2015, Cintas recorded a net loss on our investment in Shred-it of \$6.8 million and \$7.0 million, respectively.

In fiscal 2015, Cintas sold Storage, excluding certain real estate owned by Cintas, in three separate transactions to three separate buyers. Certain real estate owned by Cintas is being leased by the buyers. These lease payments do not represent a material direct cash flow of the disposed Storage business and therefore do not impact the classification of the Storage business as a discontinued operation. On July 10, 2015, Cintas sold the remaining Storage assets classified as held for sale. During the nine months ended February 29, 2016, Cintas received additional proceeds related to contingent consideration on the sale of Storage. The Company realized a pre-tax gain of \$10.9 million as a result of the additional consideration received. For the nine months ended February 29, 2016, Cintas received proceeds of \$24.4 million from the sale of the remaining Storage assets previously classified as held for sale and realized a pre-tax gain of \$4.8 million on the sale.

Following is selected financial information included in net income (loss) from discontinued operations for the Shredding and Storage businesses:

13. Supplemental Guarantor Information

Cintas Corporation No. 2 (Corp. 2) is the indirectly, wholly-owned principal operating subsidiary of Cintas. Corp. 2 is the issuer of the \$1,300.0 million aggregate principal amount of senior notes, which are unconditionally guaranteed, jointly and severally, by Cintas Corporation and its wholly-owned, direct and indirect domestic subsidiaries.

As allowed by SEC rules, the following condensed consolidating financial statements are provided as an alternative to filing separate financial statements of the guarantors. Each of the subsidiaries presented in the following condensed consolidating financial statements has been fully consolidated in Cintas' consolidated financial statements. CINTAS CORPORATION

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

BUSINESS STRATEGY

Cintas provides highly specialized products and services to businesses of all types primarily throughout North America, as well as Latin America, Europe and Asia. We bring value to our customers by helping them provide a cleaner, safer and more pleasant atmosphere for their customers and employees. Our products and services are designed to improve our customers' images. We also help our customers protect their employees and their company by enhancing workplace safety and helping to ensure legal compliance in key areas of their business.

We are North America's leading provider of corporate identity uniforms through rental and sales programs, as well as a significant provider of related business services, including entrance mats, restroom cleaning services and supplies, carpet and tile cleaning services, first aid and safety services and fire protection products and services.

Cintas' principal objective is "to exceed customers' expectations in order to maximize the long-term value of Cintas for shareholders and working partners," and it provides the framework and focus for Cintas' business strategy. This strategy is to achieve revenue growth for all of our products and services by increasing our penetration at existing customers and by broadening our customer base to include business segments to which we have not historically served. We will also continue to identify additional product and service opportunities for our current and future customers.

To pursue the strategy of increasing penetration, we have a highly talented and diverse team of service professionals visiting our customers on a regular basis. This frequent contact with our customers enables us to develop close personal relationships. The combination of our distribution system and these strong customer relationships provides a platform from which we launch additional products and services.

We pursue the strategy of broadening our customer base in several ways. Cintas has a national sales organization introducing all of its products and services to prospects in all business segments. Our broad range of products and services allows our sales organization to consider any type of business a prospect. We also broaden our customer base through geographic expansion, especially in our first aid and safety service and fire protection businesses. Finally, we evaluate strategic acquisitions as opportunities arise.

RESULTS OF OPERATIONS

Effective June 1, 2015, Cintas classifies its business into two reportable operating segments and places the remainder of its operating segments in an All Other category. Cintas' two reportable operating segments are Uniform Rental and Facility Services and First Aid and Safety Services. The Uniform Rental and Facility Services operating segment consists of the rental and servicing of uniforms and other garments including flame resistant clothing, mats, mops, and shop towels and other ancillary items. In addition to these rental items, restroom cleaning services and supplies and carpet and tile cleaning services are also provided within this operating segment. The First Aid and Safety Services operating segment consists of first aid and safety services. The remainder of Cintas' business, which consists primarily of Fire Protection Services and its Direct Sale business, is included in All Other. These reporting units consist of fire protection products and services and the direct sale of uniforms and related items. Revenue and income before income taxes for the three and nine months ended February 29, 2016 and February 28, 2015 for the two reportable operating segments and All Other is presented in Note 11 entitled Segment Information of "Notes to Consolidated Condensed Financial Statements."

On August 1, 2015, the Company acquired all of the shares of ZEE Medical Inc. (ZEE), a first aid, safety, training and emergency products business that is included in the First Aid and Safety Services reportable operating segment. See Note 9 entitled Acquisitions for additional information. In the quarter ended November 30, 2015, Cintas completed the sale of its investment in the Shred-it Partnership (Shred-it). As a result of this transaction, results from Shred-it are reported under discontinued operations for the three and nine months ended February 29, 2016, as well as the same period in the prior fiscal year. Additionally, effective August 31, 2014, Cintas' document imaging and retention services (Storage) business is reported as a discontinued operation for all periods presented and has been excluded from continuing operations and from operating segment results for all periods presented. In the quarter ended November 30, 2014, Cintas sold its Storage business. Please see Note 12 entitled Discontinued Operations of "Notes to Consolidated Condensed Financial Statements" for additional information.

Consolidated Results

Three Months Ended February 29, 2016 Compared to Three Months Ended February 28, 2015

Total revenue increased 9.7% for the three months ended February 29, 2016 over the same period in the prior fiscal year, from \$1,108.8 million to \$1,216.1 million. Revenue increased organically by 6.8% as a result of increased sales volume. Organic growth adjusts for the impact of acquisitions and foreign currency exchange rate fluctuations. Total revenue was positively impacted by 3.6% due to acquisitions and negatively impacted by 0.7% due to foreign currency exchange rate fluctuations in the three-month period ended February 29, 2016 compared to the three-month period ended February 28, 2015.

Uniform Rental and Facility Services reportable operating segment revenue increased 6.0% for the three months ended February 29, 2016 over the same period in the prior fiscal year, from \$883.4 million to \$936.6 million. Revenue increased organically by 6.1%. Revenue growth was negatively impacted 0.8% due to foreign currency exchange rate fluctuations and positively impacted 0.7% due to acquisitions in the three-month period ended February 29, 2016 compared to the same period in the prior fiscal year. Growth was driven by many factors including new business sold by sales representatives and penetration of additional products and services into existing customers.

Other revenue, consisting of revenue from the First Aid and Safety Services reportable operating segment and All Other, increased 24.0% for the three months ended February 29, 2016 compared to the same period in the prior fiscal year, from \$225.4 million to \$279.5 million. Revenue growth was negatively impacted by 0.3% due to foreign currency exchange rate fluctuations. Revenue increased organically by 9.5%. The remaining 14.8% increase represents growth derived through acquisitions in our First Aid and Safety Services reportable operating segment and businesses included in All Other.

Cost of uniform rental and facility services consists primarily of production expenses, delivery expenses and the amortization of in service inventory, including uniforms, mats, shop towels and other ancillary items. Cost of uniform rental and facility services increased \$23.4 million, or 4.7%, for the three months ended February 29, 2016, compared to the three months ended February 28, 2015. This increase was due to higher Uniform Rental and Facility Services reportable operating segment sales volume.

Cost of other consists primarily of cost of goods sold (predominantly first aid and safety, uniforms, and fire protection products), delivery expenses and distribution expenses in the First Aid and Safety Services reportable operating segment and All Other. Cost of other increased \$34.6 million, or 26.1%, for the three months ended February 29, 2016, compared to the three months ended February 28, 2015. The increase was primarily due to higher First Aid and Safety Services reportable operating segment and All Other sales volume.

Selling and administrative expenses increased \$30.0 million, or 9.9%, for the three months ended February 29, 2016, compared to the three months ended February 28, 2015. The majority of the increase was due to higher Uniform Rental and Facility Services and First Aid and Safety Services reportable operating segment sales volume.

Net interest expense (interest expense less interest income) was \$15.8 million for the three months ended February 29, 2016, compared to \$16.2 million for the third quarter of fiscal 2015. The decrease was primarily due to higher capitalized interest on capital projects.

Cintas' effective tax rate on continuing operations was 33.8% for the three months ended February 29, 2016 and 36.3% for the three months ended February 28, 2015. The rate was benefited in the three months ended February 29, 2016, primarily as a result of the closing of a prior-year Federal tax audit.

Net income from continuing operations for the three months ended February 29, 2016 increased \$16.9 million, or 16.9%, compared to the three months ended February 28, 2015. Diluted earnings per share from continuing operations was \$1.05 for the three months ended February 29, 2016, which was an increase of 23.5% compared to the same period in the prior fiscal year. Diluted earnings per share from continuing operations increased due to the increase in earnings from continuing operations combined with the decrease in weighted average common shares outstanding. The decrease in common shares outstanding resulted from purchasing 11.7 million shares of common stock under the July 30, 2013, January 13, 2015 and August 4, 2015 share buyback programs since the beginning of the third quarter of fiscal 2015 through the third quarter of fiscal 2016.

Uniform Rental and Facility Services Reportable Operating Segment

Three Months Ended February 29, 2016 Compared to Three Months Ended February 28, 2015

Uniform Rental and Facility Services reportable operating segment revenue increased from \$883.4 million to \$936.6 million, or 6.0%, for the three months ended February 29, 2016, over the same quarter in the prior fiscal year, and the cost of uniform rental and facility services increased \$23.4 million, or 4.7%. The reportable operating segment's gross margin was \$411.9 million, or 44.0% of revenue. The gross margin was 70 basis points higher than the prior fiscal year's third quarter gross margin of 43.3%. Lower energy-related expenses increased gross margin by 50 basis points. The remaining increase was driven by increased revenue from existing customers and continuous improvement in process efficiency.

Selling and administrative expenses increased \$14.4 million to 26.1% of revenue, compared to 26.0% in the third quarter of the prior fiscal year. This increase in expense was due primarily to increased labor and other employee-partner related expenses.

Income before income taxes increased \$15.3 million, or 10.1%, for the Uniform Rental and Facility Services reportable operating segment for the third quarter of fiscal 2016 compared to the same quarter last fiscal year. Income before income taxes was 17.9% of the reportable operating segment's revenue, which was a 70 basis point increase compared to the third quarter of the prior fiscal year of 17.2%. This increase was due to the increase in gross margin, partially offset by the increase in selling and administrative expenses as previously discussed.

First Aid and Safety Services Reportable Operating Segment

Three Months Ended February 29, 2016 Compared to Three Months Ended February 28, 2015

First Aid and Safety Services reportable operating segment revenue increased from \$79.5 million to \$119.1 million, or 49.8%, for the three months ended February 29, 2016. Revenue increased organically by 11.9% as a result of increased sales volume. The remaining 37.9% difference in growth rates represents growth derived through acquisitions, primarily the ZEE acquisition.

Cost of first aid and safety services increased \$26.9 million, or 64.3%, for the three months ended February 29, 2016, over the three months ended February 28, 2015, due to increased sales volume and higher costs associated with the recent acquisition. The gross margin as a percent of revenue was 42.2% for the quarter ended February 29, 2016, which is a decrease compared to the gross margin as a percent of revenue of 47.3% in the same quarter of the prior fiscal year. ZEE integration costs and the lower efficiency of the acquired ZEE routes were primarily responsible for the decrease in gross margin.

Selling and administrative expenses increased \$11.3 million compared to the same quarter in the prior fiscal year. The increase was due primarily to increased labor and other employee-partner related expenses. Selling and administrative expenses as a percent of revenue improved to 31.6% from 33.1% in the third quarter of fiscal 2015 as revenue growth outpaced the increase in expenses, and we saw lower administrative expenses from ZEE.

Income before income taxes for the First Aid and Safety Services reportable operating segment increased \$1.3 million to \$12.6 million for the three months ended February 29, 2016, compared to the same quarter in the prior fiscal year, due to the increase in revenue from both organic growth and the ZEE acquisition. Income before income taxes, at 10.6% of the reportable operating segment's revenue, was a 360 basis point decrease compared to the same quarter last fiscal year due to the reasons previously mentioned.

Consolidated Results

Nine Months Ended February 29, 2016 Compared to Nine Months Ended February 28, 2015

Total revenue increased 9.0% for the nine months ended February 29, 2016 over the same period in the prior fiscal year, from \$3,334.3 million to \$3,634.1 million. Revenue increased organically by 6.6% as a result of increased sales volume. Organic growth adjusts for the impact of acquisitions, foreign currency exchange rate fluctuations and workday differences. Total revenue was positively impacted by 2.6% due to acquisitions and 0.6% due to one more workday in the nine-month period ended February 29, 2016 compared to the nine-month period ended February 28, 2015. Revenue growth was also negatively impacted by 0.8% due to foreign currency exchange rate fluctuations.

Uniform Rental and Facility Services reportable operating segment revenue increased 6.2% for the nine months ended February 29, 2016 over the same period in the prior fiscal year, from \$2,648.6 million to \$2,812.7 million. Revenue increased organically by 6.3%. Revenue growth was negatively impacted 0.9% due to foreign currency exchange rate fluctuations. Total revenue was positively impacted by 0.3% due to acquisitions and 0.5% due to one more workday in the nine-month period ended February 29, 2016 compared to the same period in the prior fiscal year. Growth was driven by many factors including new business sold by sales representatives and penetration of additional products and services into existing customers.

Other revenue, consisting of revenue from the First Aid and Safety Services reportable operating segment and All Other, increased 19.8% for the nine months ended February 29, 2016 compared to the same period in the prior fiscal year, from \$685.7 million to \$821.4 million. Revenue growth was positively impacted by 0.6% due to one more workday in the nine-month period ended February 29, 2016 compared to the nine-month period ended February 28, 2015. Revenue growth was negatively impacted by 0.3% due to foreign currency exchange rate fluctuations. Revenue increased organically by 7.9%. The remaining 11.6% difference in growth rates represents growth derived through acquisitions in our First Aid and Safety Services reportable operating segment and All Other.

Cost of uniform rental and facility services consists primarily of production expenses, delivery expenses and the amortization of in service inventory, including uniforms, mats, shop towels and other ancillary items. Cost of uniform rental and facility services increased \$71.5 million, or 4.8%, for the nine months ended February 29, 2016, compared to the nine months ended February 28, 2015. This increase was due to higher Uniform Rental and Facility Services reportable operating segment sales volume.

Cost of other consists primarily of cost of goods sold (predominantly first aid and safety, uniforms, and fire protection products), delivery expenses and distribution expenses in the First Aid and Safety Services reportable operating segment and All Other. Cost of other increased \$86.8 million, or 21.6%, for the nine months ended February 29, 2016, compared to the nine months ended February 28, 2015. The increase was primarily due to higher First Aid and Safety Services reportable operating segment and All Other sales volume.

Selling and administrative expenses increased \$81.4 million, or 8.9%, for the nine months ended February 29, 2016, compared to the nine months ended February 28, 2015. The majority of the increase was due to higher Uniform Rental and Facility Services and First Aid and Safety Services reportable operating segment sales volume.

In the first nine months of the prior fiscal year, Cintas sold stock in an equity method investment. In conjunction with the sale, the Company received a cash dividend. The sale resulted in the recording of a gain of \$21.7 million in the nine months ended February 28, 2015.

Net interest expense (interest expense less interest income) for the nine months ended February 29, 2016 was \$48.2 million, which was a decrease of \$0.4 million compared to February 28, 2015. The decrease was primarily due to higher capitalized interest on capital projects.

Cintas' effective tax rate on continuing operations was 36.1% for the nine months ended February 29, 2016 and 37.0% for the nine months ended February 28, 2015. The rate was benefited in the nine months ended February 29, 2016 primarily as a result of the closing of a prior-year Federal tax audit.

Net income from continuing operations for the nine months ended February 29, 2016, increased \$29.0 million, or 9.4%, over the same period in the prior fiscal year. Diluted earnings per share from continuing operations was \$3.01 for the nine months ended February 29, 2016, which was a 15.8% increase compared to the same period in the prior fiscal year. Diluted earnings per share from continuing operations increased due to an increase in earnings from

continuing operations combined with a decrease in weighted average common shares outstanding. The decrease in common shares outstanding resulted from purchasing 11.7 million shares of common stock under the July 30, 2013, January 13, 2015 and August 4, 2015 share buyback programs since the beginning of the third quarter of fiscal 2015 through the third quarter of fiscal 2016.

Uniform Rental and Facility Services Reportable Operating Segment

Nine Months Ended February 29, 2016 Compared to Nine Months Ended February 28, 2015

Uniform Rental and Facility Services reportable operating segment revenue increased from \$2,648.6 million to \$2,812.7 million, or 6.2%, for the nine months ended February 29, 2016, over the same period in the prior fiscal year, and the cost of uniform rental and facility services increased \$71.5 million, or 4.8%. The reportable operating segment's gross margin was \$1,243.4 million, or 44.2% of revenue. The gross margin was 80 basis points higher than the same period of the prior fiscal year of 43.4%. The increase was driven by several factors including increased revenue from existing customers and continuously improving the efficiency of processes. Lower energy-related expenses increased gross margin by 50 basis points.

Selling and administrative expenses increased \$47.0 million due primarily to increased labor and other employee-partner related expenses, and increased 20 basis points, to 26.4% of revenue, compared to 26.2% in the same period of the prior fiscal year. The increase in expense was due primarily to increased labor and other employee-partner related expenses.

Income before income taxes increased \$45.6 million to \$502.2 million for the Uniform Rental and Facility Services reportable operating segment for the first nine months of fiscal 2016 compared to the same period last fiscal year. Income before income taxes was 17.9% of the operating segment's revenue, which was a 70 basis point increase compared 17.2% in the nine months ended February 28, 2015. This increase was due to the increase in gross margin, partially offset by higher selling and administrative expenses previously discussed.

First Aid and Safety Services Reportable Operating Segment

Nine Months Ended February 29, 2016 Compared to Nine Months Ended February 28, 2015

First Aid and Safety Services reportable operating segment revenue increased from \$241.7 million to \$339.0 million, or 40.3%, for the nine months ended February 29, 2016. Revenue growth was positively impacted by 0.6% due to one more workday in the period ended February 29, 2016 compared to the period ended February 28, 2015. Revenue increased organically by 10.7% as a result of increased sales volume. The remaining 29.0% difference in growth rates represents growth derived through acquisitions, primarily the ZEE acquisition.

Cost of first aid and safety services increased \$65.6 million, or 50.8%, for the nine months ended February 29, 2016, over the nine months ended February 28, 2015, due to increased sales volume and higher costs associated with the ZEE acquisition. The gross margin as a percent of revenue was 42.6% for the first nine months of fiscal 2016, which is a 400 basis point decrease compared to the gross margin as a percent of revenue of 46.6% in the same period of the prior fiscal year. ZEE integration costs and the lower efficiency of the acquired ZEE routes were primarily responsible for the decrease in gross margin. Energy-related expenses were lower in the nine months ended February 29, 2016 than the same period in the prior fiscal year by 30 basis points.

Selling and administrative expenses increased \$27.9 million compared to the same period in the prior fiscal year. The increase was due primarily to increased labor and other employee-partner related expenses. Selling and administrative expenses as a percent of revenue improved to 31.9% from 33.3% in the first nine months of fiscal 2016 as revenue growth outpaced the increase in expenses.

Income before income taxes for the First Aid and Safety Services reportable operating segment increased \$3.9 million to \$36.1 million for the nine months ended February 29, 2016, compared to the same period in the prior fiscal year, due to the increase in revenue. Income before income taxes, at 10.6% of the operating segment's revenue, was a 270

basis point decrease compared to the same period in the prior fiscal year due to the reasons previously mentioned.

Net cash provided by (used in) investing activities	\$201,778	\$(43,076)
Net cash used in financing activities	\$(594,315)	\$(481,950)
Cash and cash equivalents at the end of the period	\$315,116	\$358,320
Marketable securities at the end of the period	\$71,703	\$44,874

Cash, cash equivalents and marketable securities as of February 29, 2016 and February 28, 2015 include \$104.3 million and \$103.5 million, respectively, that is located outside of the United States. We expect to use these amounts to fund our international operations and international expansion activities.

Cash flows provided by operating activities have historically supplied us with a significant source of liquidity. We generally use these cash flows to fund most, if not all, of our operations and expansion activities and dividends on our common stock. We may also use cash flows provided by operating activities, as well as proceeds from long-term debt and short-term borrowings, to fund growth and expansion opportunities, as well as other cash requirements such as the repurchase of our common stock.

Net cash provided by operating activities was \$297.2 million for the nine months ended February 29, 2016, a decrease of \$80.5 million compared to the same period last fiscal year. Net cash provided by operating activities was negatively impacted by a \$166.2 million payment of a portion of the taxes due on the gain on the sale of the investment in Shred-it.

Net cash provided by investing activities includes capital expenditures and cash paid for acquisitions of businesses. Capital expenditures were \$207.5 million and \$163.0 million for the nine months ended February 29, 2016 and February 28, 2015, respectively. Current year capital expenditures primarily relate to expansion efforts in the Uniform Rental and Facility Services reportable operating segment, representing \$76.1 million of the current year outflow. Cash paid for acquisitions of businesses net of cash acquired was \$151.7 million and \$13.8 million for the nine months ended February 29, 2016 and February 28, 2015, respectively. The acquisitions in fiscal 2016 occurred in our Uniform Rental and Facility Services operating segment, First Aid and Safety Services operating segment and our Fire Protection business, which is included in All Other. In the nine months ended February 29, 2016, net cash provided by investing activities included \$578.3 million of proceeds related to the sale of our investment in Shred-it. In addition, there was \$35.3 million of cash received from the sale of the Storage real estate assets classified as held for sale at May 31, 2015 and additional consideration received from the sale of Storage in fiscal 2015. In the nine months ended February 28, 2015, net cash provided by investing activities included \$35.2 million of cash received from the sale of stock in an equity method investment plus receipt of dividends on the same investment. Also, the Company sold Storage during the nine month period ended February 29, 2015, receiving proceeds, net of cash contributed, of \$154.9 million.

Net cash used in financing activities was \$594.3 million and \$482.0 million for the nine months ended February 29, 2016 and February 28, 2015, respectively. On July 30, 2013, we announced that the Board of Directors authorized a \$500.0 million share buyback program. During the first nine months of fiscal 2015, under the July 30, 2013 program, we purchased 4.0 million shares of Cintas common stock for a total purchase price of \$300.5 million. The July 30, 2013 program was completed in February 2015. On January 13, 2015, we announced that the Board of Directors

authorized a \$500.0 million share buyback program, which does not have an expiration date. Under the January 13, 2015 program, during the nine months ended February 29, 2016, we purchased 3.1 million shares of Cintas common stock at an average price of \$85.44 per share for a total purchase price of \$262.9 million, which completed the January 13, 2015 share buyback program. From the inception of the January 13, 2015 share buyback program through September 2015, Cintas purchased a total of 5.9 million shares of Cintas common stock at an average price of \$84.07 per share for a total purchase price of \$500.0 million. On August 4, 2015, we announced that the Board of Directors authorized a new \$500.0 million share buyback program. During the nine months ended February 29, 2016, under the August 4, 2015 share buyback program, Cintas purchased 2.6 million shares of Cintas common stock at an average price of \$85.11 for a total purchase price of \$220.0 million. In addition, Cintas purchased 0.5 million shares of Cintas

Common stock for a total purchase price of \$47.8 million during the period subsequent to February 29, 2016 through April 8, 2016. For the nine months ended February 29, 2016, Cintas acquired 0.2 million shares of Cintas common stock for employee payroll taxes due on restricted stock awards that vested during the nine months ended February 29, 2016. These shares were acquired at an average price of \$85.62 per share for a total purchase price of \$19.5 million.

As of February 29, 2016, we had \$250.0 million aggregate principal amount in fixed rate senior notes outstanding due on June 1, 2016 and \$1,050.0 million aggregate principal amount in fixed rate senior notes outstanding with maturities ranging from 2017 to 2036. Cintas expects to refinance the fixed rate senior notes maturing on June 1, 2016.

Cintas' commercial paper program has a capacity of \$300.0 million that is fully supported by a backup revolving credit facility through a credit agreement with its banking group. This revolving credit facility has an accordion feature that allows for a maximum borrowing capacity of \$450.0 million. The revolving credit facility has a maturity date of May 28, 2019. We believe that this program, along with cash generated from operations, will be adequate to provide necessary funding for our future cash requirements. No commercial paper or borrowings under our revolving credit facility were outstanding as of February 29, 2016 or May 31, 2015.

Cintas has certain covenants related to debt agreements. These covenants limit our ability to incur certain liens, to engage in sale-leaseback transactions and to merge, consolidate or sell all or substantially all of Cintas' assets. These covenants also require Cintas to maintain certain debt to earnings before interest, taxes, depreciation and amortization (EBITDA) and interest coverage ratios. Cross-default provisions exist between certain debt instruments. If a default of a significant covenant were to occur, the default could result in an acceleration of the maturity of the indebtedness, impair liquidity and limit the ability to raise future capital. As of February 29, 2016, Cintas was in compliance with all debt covenants.

Our access to the commercial paper and long-term debt markets has historically provided us with sources of liquidity. We do not anticipate having difficulty in obtaining financing from those markets in the future in view of our favorable experiences in the debt markets in the recent past. Our ability to continue to access the commercial paper and long-term debt markets on favorable interest rate and other terms will depend, to a significant degree, on the ratings assigned by the credit rating agencies to our indebtedness. As of February 29, 2016, our ratings were as follows:

Rating Agency	Outlook	Commercial Paper	Long-term Debt
Standard & Poor's	Stable	A-2	A-
Moody's Investors Service	Stable	P-1	A2

In the event that the ratings of our commercial paper or our outstanding long-term debt issues were substantially lowered or withdrawn for any reason, or if the ratings assigned to any new issue of long-term debt securities were significantly lower than those noted above, particularly if we no longer had investment grade ratings, our ability to access the debt markets may be adversely affected. In addition, in such a case, our cost of funds for new issues of commercial paper and long-term debt would be higher than our cost of funds would have been had the ratings of those new issues been at or above the level of the ratings noted above. The rating agency ratings are not recommendations to buy, sell or hold our commercial paper or debt securities. Each rating may be subject to revision or withdrawal at any time by the assigning rating organization and should be evaluated independently of any other rating. Moreover, each credit rating is specific to the security to which it applies.

To monitor our credit rating and our capacity for long-term financing, we consider various qualitative and quantitative factors. One such factor is the ratio of our total debt to EBITDA. For the purpose of this calculation, debt is defined as the sum of short-term borrowings, long-term debt due within one year, obligations under capital leases due in one year, long-term debt and long-term obligations under capital leases.

LITIGATION AND OTHER CONTINGENCIES

Cintas is subject to legal proceedings, insurance receipts, legal settlements and claims arising from the ordinary course of its business, including personal injury, customer contract, environmental and employment claims. In the opinion of management, the aggregate liability, if any, with respect to such ordinary course of business actions will not have a material adverse effect on the consolidated financial position or results of operation of Cintas.

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements. The Private Securities Litigation Reform Act of 1995 provides a safe harbor from civil litigation for forward-looking statements. Forward-looking statements may be identified by words such as “estimates,” “anticipates,” “predicts,” “projects,” “plans,” “expects,” “intends,” “target,” “f,” “believes,” “seeks,” “could,” “should,” “may” and “will” or the negative versions thereof and similar words, terms and expressions and by the context in which they are used. Such statements are based upon current expectations of Cintas and speak only as of the date made. You should not place undue reliance on any forward-looking statement. We cannot guarantee that any forward-looking statement will be realized. These statements are subject to various risks, uncertainties, potentially inaccurate assumptions and other factors that could cause actual results to differ from those set forth in or implied by this Form 10-Q. Factors that might cause such a difference include, but are not limited to, our ability to promptly and effectively integrate ZEE and other acquired businesses; our ability to realize any synergies from the acquisition of ZEE and other acquired businesses, the possibility of greater than anticipated operating costs including energy and fuel costs; lower sales volumes; loss of customers due to outsourcing trends; the performance and costs of integration of acquisitions; fluctuations in costs of materials and labor including increased medical costs; costs and possible effects of union organizing activities; failure to comply with government regulations concerning employment discrimination, employee pay and benefits and employee health and safety; the effect on operations of exchange rate fluctuations, tariffs and other political, economic and regulatory risks; uncertainties regarding any existing or newly-discovered expenses and liabilities related to environmental compliance and remediation; the cost, results and ongoing assessment of internal controls for financial reporting required by the Sarbanes-Oxley Act of 2002; disruptions caused by the inaccessibility of computer systems data, including cybersecurity risks; the initiation or outcome of litigation, investigations or other proceedings; higher assumed sourcing or distribution costs of products; the disruption of operations from catastrophic or extraordinary events; the amount and timing of repurchases of our common stock, if any; changes in federal and state tax and labor laws; the reactions of competitors in terms of price and service; the ultimate impact of the Affordable Care Act; and the receipt of additional consideration in connection with the sale of Cintas' investment in Shred-it. Cintas undertakes no obligation to publicly release any revisions to any forward-looking statements or to otherwise update any forward-looking statements whether as a result of new information or to reflect events, circumstances or any other unanticipated developments arising after the date on which such statements are made. A further list and description of risks, uncertainties and other matters can be found in our Annual Report on Form 10-K for the year ended May 31, 2015 and in our reports on Forms 10-Q and 8-K. The risks and uncertainties described herein are not the only ones we may face. Additional risks and uncertainties presently not known to us or that we currently believe to be immaterial may also harm our business.

ITEM 3.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

In our normal operations, Cintas has market risk exposure to interest rates. There has been no material change to this market risk exposure to interest rates from that which was previously disclosed on page 27 of our Annual Report on Form 10-K for the year ended May 31, 2015.

Through its foreign operations, Cintas is exposed to foreign currency risk. Foreign currency exposures arise from transactions denominated in a currency other than the functional currency and from foreign currency denominated revenue and profit translated into U.S. dollars. The primary foreign currency to which Cintas is exposed is the Canadian dollar.

ITEM 4.

CONTROLS AND PROCEDURES.

Disclosure Controls and Procedures

With the participation of Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, Cintas has evaluated the effectiveness of the disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934 (Exchange Act)) as of February 29, 2016. Based on such evaluation, Cintas' management, including Cintas' Chief Executive Officer, Chief Financial Officer, General Counsel and Controllers, has concluded that Cintas' disclosure controls and procedures were effective as of February 29, 2016, in ensuring (i) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms and (ii) information required to be disclosed by Cintas in the reports that it files or submits under the Exchange Act is accumulated and communicated to Cintas' management, including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Internal Control over Financial Reporting

There were no changes in Cintas' internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the fiscal quarter ended February 29, 2016, that have materially affected, or are reasonably likely to materially affect, Cintas' internal control over financial reporting. See "Management's Report on Internal Control over Financial Reporting" and "Report of Independent Registered Public Accounting Firm" on pages 29 through 31 of our Annual Report on Form 10-K for the fiscal year ended May 31, 2015.
