Crimson Exploration Inc. (NasdaqGM: CXPO) announced today that it has entered into a private placement with America Capital Energy Corporation (“ACEC”), a private investor, whereby ACEC can purchase up to \$30,000,000 of newly issued Crimson common stock at a purchase price of \$5.00 per share in a two step transaction. Yesterday, Crimson completed the first step of the transaction and issued 4,250,000 shares of common stock, or 9.9% of the post-transaction outstanding shares, to ACEC for a total cash consideration of \$21,250,000. Under the option agreement, ACEC may acquire an additional 1,750,000 shares of a newly created series of preferred stock at \$5.00 per share, for additional consideration of \$8,750,000. The preferred stock will automatically convert into an equal number of Crimson common shares on or before December 31, 2010. If the option is exercised and the preferred shares are converted, ACEC would own approximately 13.4% of the outstanding shares of common stock of the Company. The Company intends to use the net proceeds from the private placement for general corporate purposes, including the continued development of its significant inventory of drilling prospects.

The common stock being sold by the Company in this transaction will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), or any state securities laws and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act and applicable state laws. Crimson expects to file a Current Report on Form 8-K describing this private placement in more detail, including as exhibits, copies of the related subscription agreement, option agreement, registration rights agreement and certificate of designations for the preferred stock.
