Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year.

On March 2, 2018, the Board of Directors of Sterling Construction Company, Inc.'s (the "Company") amended and restated the Company's bylaws (the "Bylaws"), effective immediately, to modify certain provisions to more closely align the Bylaws with certain provisions of the Delaware General Corporation Law (the "DGCL") and current market practices, as described below, and to make other ministerial, clarifying and conforming changes.

The following substantive changes were made to the Bylaws:

- Clarify the quorum standard and the vote required to adjourn a stockholders' meeting to a future date if a quorum is not present (Article II, Section 2.4);

- Revise the voting standard for matters submitted to a vote of the stockholders (other than the election of directors) to mirror the default voting standard in the DGCL (Article II, Section 2.5);

- Address the treatment of abstentions and broker non-votes (Article II, Section 2.12 and Article III, Section 3.1(b)); and

Add a requirement to publicly disclose the board's decision and rationale regarding whether to accept a director resignation offered in connection with a director's failure to be re-elected by a majority of votes cast in an uncontested director's election (Article III, Section 3.1(c)).

The amendment and restatement of the Bylaws also adds an advance notice provision (Article II, Section 2.7). Advance notice is required for stockholders to nominate directors at annual meetings and special meetings of stockholders or to submit proposals for consideration at annual meetings of stockholders, which to be timely, such notice is required no sooner than 120 days and no later than 90 days before the meeting. The Bylaws provide detailed procedures for the nomination of directors and the submission of proposals.

The foregoing summary does not purport to be complete and is qualified in its entirety by the full text of the Amended and Restated By-Laws, which is attached hereto as Exhibit 3.1 and is incorporated herein by reference.
