Magic Software and W4 Announce Strategic Partnership

Focused on Business Process Management

Paris, (November 9, 2005) - Magic Software Enterprises (NASDAQ: MGIC), a leading provider of state-of-the-art business integration and development technology, and W4, a leading European provider of Business Process Management (BPM) software for human related processes, today announced a strategic partnership designed to enhance their complementarily technologies.

Embedding the iBOLT SE into its BPM platform (W4 BPMSuite) will significantly extend W4 s ability to cover process automation and application integration. This bundled product will be easy to install, quick to set up and efficient to implement in any organization, offering a competitive advantage to W4. iBOLT SE will be fully integrated in W4 BPMSuite V6, available by the end of the year.

Magic Software will add the W4 BPM Engine to its extensive list of supported native components. This will enable iBOLT system integrators and customers to seamlessly include human driven activities and workflow as a native component of the composite applications developed with the iBOLT Integration Suite.

Laurent Henault, W4 President and CEO, comments: thanks to this alliance, our customers and partners will obtain the full integration capabilities of iBOLT. This complementary partnership significantly enhances our mutual offering.

 This partnership has already been acclaimed by the market in France. It builds on our successful local partnership that was initiated a few months ago, yielding new business opportunities while enhancing the human workflow dimension of our BPM and Composite Applications offering with iBOLT, says Avigdor Luttinger, Magic Software VP of Marketing and Corporate Strategy.

About W4.

W4 is today the European leader in business process management (BPM). With its iterative BPM solution (i-BPM), W4 quickly creates value and achieves significant returns on investments. W4 s BPM technology has over 9 years of proven use by numerous companies. These customers include 260+ public and private organizations worldwide, from a variety of sectors including Banking, Insurance, Administration, Industry, Public Services and Telecommunications. W4 is headquartered in France near Paris. http://www.w4global.com/
