2008 Short-Term Incentive Compensation

On February 27, 2008, the Compensation Committee approved a short-term incentive plan for 2008 (the "2008 STI Plan"). The 2008 STI Plan is designed to reward participants for economic value added ("EVA") versus cost of capital of the Company's core Fabricated Products business with modifiers for safety performance (as measured by the total case incident rate), business unit performance and individual performance. Under the 2008 STI Plan, EVA will equal the Company's pre-tax operating income (subject to certain adjustments) less a capital charge, calculated as a percentage of the Company's net assets (subject to certain adjustments). The 2008 STI Plan provides for (1) a threshold performance level below which no payout is made, a target performance level at which the target award is available and a performance level at or above which the maximum payout is available, and (2) minimum and maximum payout opportunities ranging from zero up to three times the target payout amount. The table below sets forth the estimated future payouts that can be earned by each of the Named Executive Officers under the 2008 STI Plan below threshold performance levels and at the threshold, target and maximum performance levels.

Name	Below			
	Threshold	Threshold	Target	Maximum
Jack A. Hockema	\$ 0	\$269,548	\$539,095	\$1,617,285
Joseph P. Bellino	0	94,250	188,500	565,500
John Barneson	0	67,950	135,900	407,700
John M. Donnan	0	73,750	149,860	442,500

Under the 2008 STI Plan, a pro rata incentive award is earned based on actual eligibility during the performance period if prior to December 31, 2008 a participant (1) dies, (2) retires under normal retirement (age 62) or in connection with full early retirement (position elimination), (3) is involuntarily terminated due to position elimination, or (4) becomes disabled. Under the 2008 STI Plan, incentive awards are forfeited for voluntary terminations without good reason prior to December 31, 2008. A participant will be entitled to the full payment of his or her award if his or her employment terminates on or after December 31, 2008, unless such participant's employment is voluntarily terminated by him or her without good reason or by us for cause, in which case he or she would forfeit the award.

The preceding description of the 2008 STI Plan is a summary and is qualified in its entirety by the Summary of the Kaiser Aluminum Fabricated Products 2008 Short-Term Incentive Plan For Key Managers, which is attached hereto as Exhibit 10.1 and incorporated herein by reference.

2008 Long-Term Incentive Compensation

On February 27, 2008, the Compensation Committee approved a long-term incentive program for 2008 through 2010 (the 2008 2010 LTI Program). The 2008 2010 LTI Program is designed to reward participants with (i) a fixed number of shares of restricted stock that vest over time and (ii) a fixed number of performance shares that vest based on the average annual EVA of the Company s core Fabricated Products business for 2008, 2009 and 2010. EVA under the 2008 2010 LTI Program will equal the Company s pre-tax operating income (subject to certain adjustments) less a capital charge, calculated as a percentage of the Company s net assets (subject to certain adjustments). The 2008 2010 LTI Program provides with respect to the performance shares for (1) a threshold performance level at which no performance shares will vest, a target performance level at which the target number of performance shares will vest and a performance level at or above which the maximum number of performance shares will vest and (2) minimum and maximum vesting opportunities ranging from zero up to two times the target number. Each performance share that becomes vested entitles the participant to receive one share of the Company s common stock.

On February 27, 2008, to effectuate the 2008 2010 LTI Program, the Compensation Committee approved the following grants of restricted stock and performance shares, effective as of March 3, 2008, for the Named Executive Officers:

Name	Number of Shares of Restricted Stock (1)	Number of Performance Shares (2)
Jack A. Hockema	9,805	23,416
Joseph P. Bellino	3,731	8,912
John Barneson	2,847	6,801
John M. Donnan	2,681	6,404

(1) *The restrictions on 100% of the shares of restricted stock granted will lapse on March 3, 2011 or earlier if the Named Executive Officer s employment terminates as a result of death or disability, the Named Executive Officer s employment is terminated by the Company*

*without cause,
the Named
Executive
Officer's
employment is
voluntarily
terminated by
him for good
reason or in the
event of a
change in
control of the
Company.*

- (2) *The table below sets forth the number of performance shares that will become vested for each of the Named Executive Officers under the 2008-2010 LTI Program at the threshold, target and maximum performance levels:*

Name	Threshold	Target	Maximum
Jack A. Hockema	0	11,708	23,416
Joseph P. Bellino	0	4,456	8,912
John Barneson	0	3,400	6,801
John M. Donnan	0	3,202	6,404

The number of performance shares, if any, that vest based on the level of performance achieved during the three-year performance period will vest on the later to occur of March 3, 2011 and the date on which the Compensation Committee certifies the performance level achieved during the three-year performance period. Notwithstanding the foregoing, the target number of performance shares will vest if, prior to December 31, 2010, the Named Executive Officer's employment terminates as a result of death or disability, the Named Executive Officer's employment is terminated by the Company without cause, the Named Executive Officer's employment is voluntarily terminated by him for good reason or in the event of a change in control of the Company. After December 31, 2010, the number of performance shares, if any, that will vest upon any of the foregoing events will be determined based on the performance level achieved during the three-year performance period.
