Item 12. Results of Operations and Financial Condition.

On April 27, 2004, Banta Corporation (the "Company") issued a press release announcing its financial results for the fiscal quarter ended April 3, 2004. A copy of such press release is furnished as Exhibit 99 and is incorporated by reference herein.

Edgar Filing: BANTA CORP - Form 8-K

Use of Non-GAAP Measures

The Company reports its financial results of operations in accordance with generally accepted accounting principles (GAAP). The Company has also provided non-GAAP financial information to complement its consolidated financial statements presented in accordance with GAAP. The non-GAAP financial measures included in the Company s earnings release are the Company s 2003 first quarter net earnings and net earnings per share before restructuring charges associated with the Company s 2003 restructuring activities. Management believes it is useful for investors to understand how its core operations performed without the effects of such charges.

In the Company s judgment, excluding these charges from the Company s 2003 first quarter financial results allows investors to trend, analyze and benchmark in a meaningful manner the performance of the Company s core operations. In addition, the Company believes that providing the Company s 2003 first quarter net earnings and net earnings per share before these charges provides another useful comparison of the Company s operational performance in the first quarter of 2004 to the comparable period in 2003. Many of the Company s internal performance measures exclude these charges to enable meaningful trending of core operating metrics over an extended period of time. The Company has provided within the earnings release a reconciliation of the non-GAAP financial measures to the most directly comparable GAAP financial measures.

The non-GAAP financial measures included in the Company s earnings release are intended to supplement the reader s overall understanding of the Company s current financial performance and its prospects for the future. However, the non-GAAP financial measures are not intended to supercede or replace the Company s GAAP results or expectations.
