BY ORDER OF THE BOARD OF

MARVIN E. DEE, *Secretary*

IMPORTANT: To assure the necessary representation at the Annual Meeting, you are urged to SIGN AND RETURN THE ENCLOSED PROXY PROMPTLY TO SAVE THE COMPANY THE EXPENSE OF ADDITIONAL SOLICITATION. You may revoke your proxy at any time prior to its exercise, and returning your proxy will not affect your right to vote in person if you attend the Annual Meeting and revoke the proxy.

PROXY STATEMENT

HAWKINS, INC.

**3100 East Hennepin Avenue
Minneapolis, Minnesota 55413**

July 9, 2007

The following statement is furnished in connection with the solicitation of proxies by our Board of Directors to be voted at the Annual Meeting of Shareholders to be held on Tuesday, August 7, 2007 at the Midland Hills Country Club, 2001 Fulham Street, Roseville, Minnesota, at 3:00 p.m., Central Daylight Time, and at any adjournments of such meeting. Distribution of this Proxy Statement and proxy to shareholders began on or about July 9, 2007.

SOLICITATION

The cost of soliciting proxies and of the notices of the meeting, including the preparation, assembly and mailing of proxies and this Proxy Statement, will be borne by us. In addition to the use of the mail, proxies may be solicited personally or by telephone, mail or electronic mail by our directors, officers and regular employees. Furthermore, arrangements may be made with brokers, banks and similar organizations to send proxies and proxy materials to beneficial owners for voting instructions. We will reimburse such organizations for their expenses.

REVOCATION AND VOTING OF PROXY

Any proxy given pursuant to this solicitation and received in time for the Annual Meeting will be voted in accordance with the instructions in such proxy, unless the proxy is properly revoked prior to the meeting. Any shareholder giving a proxy may revoke it prior to its exercise at the meeting by (1) delivering a written notice expressly revoking the proxy to our Secretary at our offices, (2) signing and forwarding to us at our offices a later dated proxy, or (3) attending the Annual Meeting and casting his or her votes personally.

Unless otherwise directed in the accompanying proxy, the persons named therein will vote FOR the nominees for director as set forth in this Proxy Statement. Our management is not aware of any other business that will, or is likely to, come before the meeting. If any other business does properly come before the meeting, the persons named in the accompanying proxy will vote in accordance with their judgment as to what is in our company's best interests.

A majority of the outstanding shares will constitute a quorum at the Annual Meeting. Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions are counted in determining the total number of the votes cast on proposals presented to shareholders, but will not be treated as votes in favor of the proposals. Accordingly, a withholding or an abstention will have the effect of a negative vote. Broker non-votes are not counted for purposes of determining the total number of votes cast on proposals presented to shareholders.

OUTSTANDING SHARES AND VOTING RIGHTS

At the close of business on July 2, 2007, the record date, there were 10,257,084 shares of our common stock, par value \$.05 per share, outstanding. The common stock is our only outstanding class of capital stock. Holders of common stock are entitled to one vote for each share held on the record date with respect to all matters that may be brought before the meeting. There is no cumulative voting for directors.

ELECTION OF DIRECTORS (PROPOSAL 1)

At the Annual Meeting, eight persons are to be elected to our Board of Directors, each to hold office for the ensuing year or until his successor is duly elected and qualified. Our By-laws provide for a Board of Directors of not fewer than three nor more than eleven directors. Our By-laws provide that the nominees must be elected by the affirmative vote of the holders of a majority of the voting power of the shares represented at the meeting (whether in person or by proxy). Abstentions have the effect of a vote against the nominees. Proxies will be voted for the election of all nominees unless you direct otherwise. Should any nominee decline or be unable to accept such nomination or to serve as a director (an event which our management does not now expect to occur), proxies will be voted for a substitute nominee or nominees in accordance with the best judgment of the person or persons acting under them.

Our Board of Directors has nominated John S. McKeon, John R. Hawkins, Howard M. Hawkins, Duane M. Jergenson, G. Robert Gey, Daryl I. Skaar, Eapen Chacko and James A. Faulconbridge for election to the Board of Directors. On November 2, 2006, our Board of Directors elected James A. Faulconbridge to our Board of Directors and appointed him to serve on the Compensation Committee.

OUR BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE ELECTION OF ALL NOMINEES FOR DIRECTOR.

Director Independence

NASDAQ Stock Market. Accordingly, a majority of our directors are independent.

3

CORPORATE GOVERNANCE

Meetings of the Board of Directors

Our Board of Directors held five meetings in fiscal 2007. All directors attended at least 75% of the meetings of our Board of Directors and the committees on which they served. All directors attended our annual meeting of shareholders in 2006. Our Board of Directors encourages, but does not require, director attendance at annual meetings of shareholders.

Audit Committee

The Audit Committee, which consists of Daryl I. Skaar (Chair), G. Robert Gey and Eapen Chacko, is responsible for, among other things, selecting and appointing our independent auditors, meeting with the independent auditors and financial management to review the scope of the audit and the audit procedures, reviewing annually the responsibilities of the Audit Committee and recommending to our Board of Directors any changes to these responsibilities, and establishing and reviewing internal controls. The Audit Committee held four meetings during fiscal 2007.

All members of the Audit Committee are independent as that term is defined in the applicable standards of the NASDAQ Stock Market, Section 301 of the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley) and the rules adopted by the Securities and Exchange Commission (the SEC) pursuant to Sarbanes-Oxley. Our Board of Directors has determined that Daryl I. Skaar, G. Robert Gey and Eapen Chacko are audit committee financial experts, as the term is defined under Section 407 of the Sarbanes-Oxley Act and the rules promulgated by the SEC in furtherance of Section 407.

The responsibilities of the Audit Committee are set forth in the Audit Committee Charter. A current copy of the charter is available on our website (www.hawkinsinc.com).

Compensation Committee

The Compensation Committee, which consists of Duane M. Jergenson (Chair), Daryl I. Skaar and James A. Faulconbridge, is responsible for establishing compensation policies for our company and for reviewing and setting compensation for our executive officers. The Compensation Committee held six meetings during fiscal 2007.

All members of the Compensation Committee are independent as that term is defined in the applicable standards of the NASDAQ Stock Market.

In fiscal 2007, the Compensation Committee retained independent compensation consultant Towers Perrin, a nationally recognized compensation consulting firm with expertise in our industry, to provide the committee with independent advice regarding industry practices and peer company compensation programs. The Compensation Committee also regularly consults with our Chief Executive Officer, who makes recommendations to the committee regarding compensation of our executive officers other than the Chief Executive Officer. Additional information on

the role of the compensation consultant and management in the Compensation Committee's processes and procedures can be found in the Compensation Discussion and Analysis section below.

The responsibilities of the Compensation Committee are set forth in the Compensation Committee Charter. A current copy of the charter is available on our website (www.hawkinsinc.com).

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee, which consists of John S. McKeon (Chair), Duane M. Jergenson, G. Robert Gey and Eapen Chacko, is responsible for identifying individuals

4

qualified to become directors and recommending nominees to our Board for election at annual meetings of shareholders. In addition, the Corporate Governance and Nominating Committee monitors developments in director compensation and, as appropriate, recommends changes in director compensation to our Board. The Corporate Governance and Nominating Committee is also responsible for developing and recommending to our Board corporate governance principles applicable to us. Finally, the Corporate Governance and Nominating Committee oversees public policy matters and compliance with our Code of Conduct. The Corporate Governance and Nominating Committee held one meeting during fiscal 2007.

All members of the Corporate Governance and Nominating Committee, except for John S. McKeon, are independent as that term is defined in the applicable standards of the NASDAQ Stock Market.

The responsibilities of the Corporate Governance and Nominating Committee are set forth in the Corporate Governance and Nominating Committee Charter. A current copy of the charter is available on our website (www.hawkinsinc.com).

Nominating Process

During fiscal 2007, we created a Corporate Governance and Nominating Committee, whose responsibilities include identifying individuals qualified to become directors and recommending nominees to our Board for election at annual meetings of shareholders. Following such recommendation, all members of our Board of Directors participate in the consideration of director nominees, and the approval of a majority of the independent directors is required to nominate a director candidate. In order to maintain flexibility in its consideration of candidates, our Board of Directors does not have a formal policy regarding the consideration of any director candidates recommended by shareholders. However, the Corporate Governance and Nominating Committee would consider for possible nomination qualified nominees recommended by shareholders in compliance with our By-laws. To make a director nomination, a shareholder should send the director candidate's name, credentials and contact information, a signed statement consenting to his or her nomination and agreeing, if elected, to serve as a director, and a completed director nominee questionnaire (available from our Secretary upon request) to our Secretary no later than 60 days after the end of our fiscal year. The proposing shareholder should also include his or her contact information and a statement of his or her share ownership (how many shares of our company owned and for how long). The Corporate Governance and Nominating Committee will evaluate candidates (nominated by shareholders or otherwise) based on financial literacy, knowledge of our industry or other background relevant to our needs, status as a stakeholder in our company, independence for purposes of compliance with SEC rules and NASDAQ Stock Market listing standards, and willingness, ability and availability for

service.

Communications with Directors

Shareholders can contact the full Board of Directors, the independent directors as a group or any of the individual directors by writing to our Secretary at 3100 East Hennepin Avenue, Minneapolis, Minnesota 55413. All communications will be compiled by the Secretary and submitted to the addressees on a periodic basis.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee has (i) reviewed and discussed our audited financial statements for the fiscal year ended April 1, 2007 with both our management and our independent registered public accounting firm, Deloitte & Touche LLP (Deloitte); (ii) discussed with Deloitte the matters required to be discussed by Statement of Auditing Standards No. 61, as amended, regarding communications with audit committees; (iii) received from Deloitte the written disclosures and the letter required by Independence Standards Board Standard No. 1 and discussed with Deloitte its independence; and (iv) considered whether the level of non-audit services provided by Deloitte is compatible with maintaining the independence of Deloitte.

Based on the review and discussions described above, the Audit Committee recommended to our Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended April 1, 2007 for filing with the SEC.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM S FEES

The following table shows the aggregate fees billed to us by Deloitte for services rendered during the fiscal years 2007 and 2006. The Audit Committee pre-approved 100% of the services described below.

Description of Fees	Fiscal 2007	Fiscal 2006
Audit Fees	\$ 396,000	\$ 333,000
Audit-Related Fees (a)	22,000	19,000
Tax Fees (b)	40,000	2,000
Total	\$ 458,000	\$ 354,000

(a) Includes fees for audits in connection with our benefit plans.

(b) Includes tax preparation fees of \$32,000 and tax consulting fees of \$8,000 for fiscal 2007.

The Audit Committee's current practice on pre-approval of services performed by the independent registered public accounting firm is to approve annually all audit services and, on a case-by-case basis, recurring permissible non-audit services to be provided by Deloitte during the fiscal year. The Audit Committee reviews each non-audit service to be provided and assesses the impact of the service on the auditors' independence.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

Our executive compensation program is designed to attract and retain executives who will lead our company to achieve long-term success and growth in shareholder value. Consistent with that goal, our executive compensation is based on both individual performance and company performance and the alignment of the interests of our executive officers with those of our shareholders and is used to encourage our executive officers to remain with our company. We seek to reward current results and

6

motivate long-term performance through a combination of short- and long-term incentives that meet our performance, alignment and retention objectives.

Determining Executive Compensation for Fiscal 2007

Our executive compensation program for the last fiscal year consisted of the following elements:

- base salary,
- annual cash bonus compensation,
- contributions to long-term benefit plans,
- select equity awards in the form of restricted stock grants,
- matching contributions to our employee stock purchase plan, and
- other benefits.

The Compensation Committee did not apply a mechanical formula or target a specific amount relative to comparative data for each individual, nor did the committee target a specific amount or relative weight for each component of compensation. Rather, the committee members considered all elements of compensation together and utilized their experience and judgment in determining the total compensation opportunity and mix of compensation elements appropriate for each executive officer in light of our compensation objectives. The Compensation Committee also regularly consults with our Chief Executive Officer, who makes recommendations to the committee regarding compensation of our executive officers other than the Chief Executive Officer. Our Chief Executive Officer participates in the Compensation Committee's deliberations regarding compensation for our other executive officers, although all determinations are made by the Compensation Committee.

During the second half of fiscal 2007, the Compensation Committee retained independent compensation consultant Towers Perrin, a nationally recognized compensation consulting firm with expertise in our industry, to provide the committee with independent advice regarding industry practices and peer company compensation programs. The

Compensation Committee views the information provided by Towers Perrin as one of a number of tools available to the committee in assessing executive compensation. The comparative information provided by them was from companies offering products similar to ours and from companies of comparable size to us.

Elements of Executive Officer Compensation for Fiscal 2007

Base Salary

We provide base salaries to our executive officers to compensate them for fulfilling their primary responsibilities and to provide financial stability. Base salaries for our executive officers are reviewed annually by the Compensation Committee. Adjustments are typically made effective December 1st of each year and are generally based on changes in cost of living due to inflation, consistent with adjustments made to the salary or wages of our other employees. In addition, the Compensation Committee considers each executive officer's performance for the prior year; his or her experience, expertise and position within our company; overall company performance; and compensation levels for comparable positions at other competitive companies. Following the methodology described above, the Compensation Committee determined that modest increases in base salaries were appropriate for all executive officers in fiscal 2007. The base salaries paid to our executive officers during fiscal 2007 are listed in the Summary Compensation Table below.

7

Annual Cash Bonus Compensation

Annual cash bonus compensation is a key component of our executive compensation strategy. The purpose of annual cash bonus compensation is to provide cash compensation that is variable based on the achievement of performance goals established by the Compensation Committee. Our executive officers do not have a contractual right to receive a fixed bonus for any fiscal year.

Bonuses are paid twice each year with 60% of the bonus opportunity based on the first six months of our fiscal year and 40% based on the last six months. This split reflects the fact that we have historically generated a higher level of profits during the first six months of our fiscal year than the second half of our fiscal year.

For fiscal 2007, the Compensation Committee designated the following factors for determining whether a bonus would be paid and in what amount:

- corporate performance,
- business unit performance,
- success of company initiatives, and
- leadership.

The corporate performance portion of the bonus is based on our company-wide results for our current fiscal year as compared to the results for our prior fiscal year as measured by income before taxes. The business unit performance portion of the bonus is based on business unit profitability in our current fiscal year as compared to the performance in our prior fiscal year. The identified company initiatives were progress in implementing our new Enterprise Resource Planning, or ERP, system and complying with the requirements of Section 404 of Sarbanes-Oxley. Leadership is

based on a general perception of an individual's guidance and ability to direct others within our company. The Compensation Committee consulted with the Chief Executive Officer for his assessment of the degree to which the other executive officers had met their respective company initiatives and leadership goals. In fiscal 2007, the Compensation Committee excluded certain costs relating to the implementation of our new ERP system and compliance with Section 404 of Sarbanes-Oxley as well as a gain during fiscal 2006 related to a litigation settlement when determining the level of corporate and business unit performance.

The bonus opportunity for our Chief Executive Officer for the first six months of fiscal 2007 was weighted as follows: 50% based upon our company-wide performance against our income targets, 20% based on combined business unit performance, 20% based upon our progress in implementing our ERP system and complying with Section 404 of Sarbanes-Oxley, and 10% based upon leadership abilities. For the second six months of fiscal 2007, the bonus opportunity for our Chief Executive Officer was weighted as follows: 80% based upon our performance against our income targets, 10% based upon our progress in implementing our ERP system and complying with Section 404 of Sarbanes-Oxley, and 10% based upon leadership abilities.

The bonus opportunity for our Chief Financial Officer for the first six months of fiscal 2007 was weighted as follows: 50% based upon our company-wide performance against our income targets, 40% based upon our progress in implementing our ERP system and complying with Section 404 of Sarbanes-Oxley, and 10% based upon leadership abilities. For the second six months of fiscal 2007, the bonus opportunity for our Chief Financial Officer was weighted as follows: 80% based upon our performance against our income targets, 10% based upon our progress in implementing our ERP system and complying with Section 404 of Sarbanes-Oxley, and 10% based upon leadership abilities.

8

Our remaining executive officers were each responsible for one of our business units and their bonuses for both periods of fiscal 2007 were weighted as follows: 40% based upon our company-wide performance against our income targets, 40% based upon the performance of their respective business unit, 10% based upon our progress in implementing our ERP system and complying with Section 404 of Sarbanes-Oxley, and 10% based upon leadership abilities.

The targeted bonus opportunity for our executive officers ranged from 35% to 50% of the respective executive officer's base salary. Our participants are able to receive more than the targeted bonus opportunity if the Compensation Committee determines that they have exceeded their respective goals. Partial achievement of the goals will result in reduced bonus payments as determined by the Compensation Committee.

Contributions to Long-Term Benefit Plans

All of our executive officers as well as all other non-bargaining employees generally participate in two separate long-term benefit plans: our Money Purchase Pension Plan and our Employee Stock Ownership Plan, or ESOP. Contributions to these two plans by our company on behalf of our executive officers are a key component of our retention objectives since contributed benefits vest over a six-year period. In addition, contributions to our ESOP permit our executive officers to develop a meaningful stake in our company over time that better aligns their interests with those of our shareholders.

Under both plans, our executive officers participate on the same terms as all other eligible employees, with the annual compensation that was used to determine plan benefits being capped at \$220,000 for fiscal 2007. This limit will be adjusted in future years under federal tax law for cost-of-living increases. In addition, the aggregate amount contributed by our company in the current plan year for a participant under our Money Purchase Pension Plan and the ESOP was limited to \$44,000 for fiscal 2007.

Under our Money Purchase Pension Plan, we contribute a percentage of each eligible participant's compensation to an account maintained for the participant under the plan. Participant accounts are credited with the appropriate gains or losses resulting from employee-directed investments made by the plan. During recent years, including fiscal 2007, we made contributions to this plan equal to 15% of each participant's compensation. For fiscal 2007, we contributed \$33,000 on behalf of each executive officer other than Daniel E. Soderlund, on whose behalf we contributed \$32,316.

Under our ESOP, we contribute a percentage of each eligible participant's compensation to the plan, which is then credited to individual accounts maintained for participants under the plan. Contributions are made at the discretion of our Board of Directors. During recent years, including fiscal 2007, we made contributions to this plan equal to 5% of each participant's compensation. For fiscal 2007, we contributed \$11,000 on behalf of each executive officer other than Daniel E. Soderlund, on whose behalf we contributed \$10,772. Participant accounts in the plan are credited with the appropriate gains or losses resulting from plan investments.

Restricted Stock Awards

We have not traditionally used long-term equity incentive awards as part of our executive compensation program. More recently, the Compensation Committee has approved two separate grants of restricted stock in fiscal 2005 and fiscal 2007 to certain executive officers and other key employees in connection with the implementation of our ERP system and our efforts to comply with Section 404 of Sarbanes-Oxley. These grants were intended to reward participants for the extraordinary effort required to complete these important company initiatives and to retain participants through the one-year vesting

9

period. We believe these restricted stock awards also serve to align the interests of the participants with those of our shareholders. The Compensation Committee's action approving the grant of the restricted stock in fiscal 2007 was made effective several weeks following the grant's approval in order for our management to perform the administrative details required for the issuance of the stock. In fiscal 2007, the Compensation Committee approved restricted stock grants to three of our executive officers as reflected in the Grants of Plan-Based Awards in Fiscal 2007 table below.

Employee Stock Purchase Plan

Our employees, including our executive officers, may acquire our stock through an employee stock purchase plan, which is generally available to all employees. Purchases of common stock under this plan are made from accumulated contributions at the end of each month at the prevailing market price on the designated purchase date, with the objective of allowing our employees to profit when the value of our stock increases over time. Currently, a participant in this plan may authorize us to deduct up to \$500 a month from his or her paycheck, and we generally make a matching contribution of 75% of a participant's purchases under the plan.

Other Benefits

The Compensation Committee believes that we must offer a competitive benefits program to attract and retain our executive officers. During fiscal 2007, we provided medical and other benefits to our executive officers that are generally available to our other employees.

Chief Executive Officer Compensation

Mr. John R. Hawkins has been serving as our Chief Executive Officer since February 2000. For fiscal 2007, the Compensation Committee set Mr. Hawkins' base salary at \$271,780, which represented a 3.5% increase over fiscal 2006. For purposes of setting Mr. Hawkins' base salary, the Compensation Committee utilized the executive compensation practices and methodology described above. For fiscal 2007, Mr. Hawkins received a cash bonus pursuant to our executive bonus plan described above in the amount of \$135,873, which is equal to 50% of his base salary as of the end of the fiscal year. During fiscal 2007, Mr. Hawkins received 5,000 shares of restricted stock as described above. We believe Mr. Hawkins' salary and bonus potential continue to be competitive based on market data, his experience and his performance.

Other Agreements and Policies

Post-Retirement Healthcare Coverage

We currently permit any employee who retires after working for us for at least 25 years to continue to participate in our healthcare insurance coverage until that person reaches the age of 65. The cost to the retired employee for that coverage is equal to the amount that the retiree would have been obligated to pay for the coverage under COBRA (the Consolidated Omnibus Budget Reconciliation Act). This policy is based on the importance we place on the retention of executive officers and other employees.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the company's Chief Executive Officer or its other four most highly paid executive officers. This limitation does not apply to compensation that meets the requirements under Section 162(m) for qualifying performance-based compensation (i.e., compensation paid only if the individual's performance meets pre-established objective goals based on performance

10

criteria approved by shareholders). We did not believe that the cash bonus opportunity under our fiscal 2007 bonus plan for any of our covered executive officers would have exceeded the \$1 million limit when combined with other applicable cash compensation, and as a result the Compensation Committee did not take steps to have the potential bonus payments qualified as performance-based compensation for Section 162(m) purposes.

Compensation Committee Report

The Compensation Committee has discussed and reviewed the Compensation Discussion and Analysis with management. Based upon this review and discussion the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference in our Annual Report on Form 10-K.

(b) Restricted Stock Grants

Three of our named executive officers received restricted stock grants on December 15, 2006 pursuant to our 2004 Omnibus Stock Plan (the "Stock Plan"), which was adopted by shareholders on July 23, 2004. The values shown are derived by multiplying the number of shares awarded by the market price of the shares on the date of grant. The portion of the grant-date market value expensed in fiscal 2007 in accordance with FAS 123R is reflected in the table. The three named executive officers holding restricted stock held the following shares of restricted stock as of April 1, 2007: John R. Hawkins (5,000 shares), Marvin E. Dee (2,500 shares) and Keenan A. Paulson (1,034 shares). All of these shares vest in full on December 15, 2007 and are eligible to receive dividends paid on our common stock. As of April 1, 2007, we had a total of 45,257 shares of restricted stock outstanding with an aggregate value on that date of \$667,993 based on the market price of our common stock.

(c) Employee Stock Purchase Plan

All of our employees age 18 and over who have been employed by us for 90 days are eligible to participate in our Employee Stock Purchase Plan. Under the plan, each participant authorizes us to deduct a specified amount, not to exceed \$500, from the participant's paycheck each month, to which we

generally make a matching contribution of 75% of such amount, to be used by a depository agent to purchase shares of our common stock for the participant's individual account under the plan. For fiscal 2007, we contributed the following amounts to each named executive officer's account under this plan: John R. Hawkins (\$4,500), Marvin E. Dee (\$3,431), Keenan A. Paulson (\$4,500), John R. Sevenich (\$4,500), and Daniel E. Soderlund (\$4,500).

(d) Money Purchase Pension Plan

Non-bargaining employees age 21 and over who have been employed by us for one year are eligible to participate in our Money Purchase Pension Plan, a defined contribution pension plan. Each year, we contribute a percentage of each eligible participant's compensation to an account maintained for the participant under the plan. We contributed 15% for fiscal 2007. The annual compensation that was used to determine plan benefits was capped at \$220,000 for the plan year ended April 1, 2007; this limit will be adjusted in future years under federal tax law for cost-of-living increases. For fiscal 2007, we contributed the following amounts in respect to each named executive officer's compensation: John R. Hawkins (\$33,000), Marvin E. Dee (\$33,000), Keenan A. Paulson (\$33,000), John R. Sevenich (\$33,000), and Daniel E. Soderlund (\$32,316).

Participant accounts are credited with the appropriate gains or losses resulting from employee-directed investments made by our plan. A participant is fully vested after completing six years of service. At retirement, the participant may elect to receive the amount credited to his or her account either as a lump sum, in installments or in the form of an annuity contract.

(e) Employee Stock Ownership Plan

Non-bargaining employees age 21 and over who have been employed by us for one year are eligible to participate in our ESOP. Contributions to this plan, which are made at the discretion of our Board of Directors, are credited to individual accounts maintained for participants under the plan.

We contributed 5% of each participant's base salary for fiscal 2007. The annual compensation that was used to determine plan benefits was capped at \$220,000 for the plan year ended April 1, 2007; this limit will be adjusted in future years under federal tax law for cost-of-living increases. In addition, the aggregate amount contributed by our company in any one plan year for a participant under our Money Purchase Pension Plan and our ESOP may not exceed \$44,000. For fiscal 2007, we contributed the following amounts in respect to each named executive officer's compensation: John R. Hawkins (\$11,000), Marvin E. Dee (\$11,000), Keenan A.
