PART I

Item 1 - Description of Business

(a) General Development of Business

Megatech Corporation (Megatech or the Company) was established in 1970 and is engaged in the production and sale of educational training programs and equipment in the energy power and transportation areas sold domestically and internationally to educational institutions and government agencies.

Megatech manufactures educational training equipment which consist of modular technology workstations which are designed to provide students with hands-on experience working with various technologies such as: automotive, environmental, fiber-optic, microwave, laser, alternate energies, electronic, personal computer kits and multi-media. In conjunction with the educational equipment, Megatech produces over 200 video training programs and student manuals which enable students to follow a self-paced self-guided program to learn the technologies described above.

The Company competes with a number of major suppliers of school training equipment and several small single product line companies through the uniqueness of its products, and the quality of its training programs. Most of the sales to states, cities, towns and school districts are the results of having submitted sealed bids and having been awarded the sale based on being the lowest bidder, directly or through independent sales rep organizations.

There were two customers which accounted for 63% of sales for the year ended December 31, 2000, and one customer which accounted for 36% and 28% of sales for the years ended December 31, 1999 and 1998, respectively. No other customers accounted for more than 10% of sales in each of the years ended December 31, 2000, 1999 and 1998.

Approximately 28%, 39% and 46% of sales during the years ended December 31, 2000, 1999 and 1998, respectively, were from international sales.

The Company's backlog as of December 31, 2000 and 1999 was \$216,434 and \$803,524, respectively.

As of December 31, 2000, the Company had 9 full-time and 0 part-time employees, in addition to it's independent domestic and international sales rep organizations.

Item 7 - Management's Discussion and Analysis of Financial Condition and Results of Operation

2000 Compared with 1999

Sales for 2000 increased from the corresponding period of 1999 by \$0.28 million or 16%, to \$2.1 million. This increase was primarily due to an increase in overall sales volume. Domestic sales in 2000 were \$1.5 million or 72% of total sales, compared to \$1.1 million or 61% of total sales in 1999. International sales in 2000 were \$0.6 million or 28% of total sales, compared to \$0.7 million or 39% of total sales in 1999. The Company believes

Edgar Filing: MEGATECH CORP - Form 10-K

that the increase in overall sales is due to increased domestic sales.

Gross profit for 2000 increased from the corresponding period of 1999 by \$0.29 million, or 38%, to \$1.0 million. As a percentage of total sales, gross profit was 50% and 42% for 2000 and 1999, respectively. Currently, there are no known future increases in costs of materials, labor or other price increases which could have an effect on sales other than normal inflation increases.

Selling and marketing expenses for 2000 increased from the corresponding period of 1999 by approximately \$0.2 million or 36% to \$0.8 million. As a percentage of total sales, selling and marketing expenses increased to 37% for 2000 compared to 32% for 1999. The increase is primarily due to changes in marketing staff and increased commissions.

General and administrative expenses for 2000 decreased from the corresponding period of 1999 by \$.01 million, or 4% to \$0.16 million. The decrease in G & A expenses is the result of changes in office staff. As a percentage of total sales, G & A expenses decreased to 7.7% in 2000 compared to 9.3% in 1999.

Research and development expenses for 2000 increased from the corresponding period of 1999 by \$.01 million or 61%. As a percentage of sales, R & D expenses increased to 2% of sales in 2000 compared to 1% of sales in 1999.

Income from operations for 2000 as compared to the same period of 1999 increased by \$.07 million. As a percentage of total sales, operating income increased to 3.5% for 2000 compared to .11% for 1999. Operating income is the result of the factors indicated above.

1999 Compared with 1998

Sales for 1999 decreased from the corresponding period of 1998 by \$0.05 million or 3%, to \$1.8 million. This decrease was primarily due to a decrease in international sales. Domestic sales in 1999 were \$1.1 million or 61% of total sales, compared to \$1 million or 54% of total sales in 1998. International sales in 1999 were \$0.7 million or 39% of total sales, compared to \$0.8 million or 46% of total sales in 1998.

Gross profit for 1999 increased from the corresponding period of 1998 by \$0.04 million, or 5%, to \$0.8 million. As a percentage of total sales, gross profit increased to 42% in 1999 compared to 39% in 1998. Currently, there are no known future increases in costs of materials, labor or other price increases which could have an effect on sales other than normal inflation increases.

Selling and marketing expenses for 1999 decreased from the corresponding period of 1998 by approximately \$0.06 million or 9% to \$0.6 million. As a percentage of total sales, selling and marketing expenses decreased to 32% for 1999 compared to 34% for 1998. The decrease is primarily due to a decrease in commissions paid to sales reps.

General and administrative expenses for 1999 remained steady at \$.16 million and 9% of sales in 1999 and 1998.

Research and development expenses for 1999 remained steady at \$.02 million and 1% of sales in 1999 and 1998.

Income from operations for 1999 as compared to the same period of 1998 increased by \$.10 million. As a percentage of total sales, operating income increased to .11% for 1999 compared to operating losses of 5.4% in 1998. The

Edgar Filing: MEGATECH CORP - Form 10-K

operating income in 1999 are a result of the factors indicated above.

Liquidity and capital resources

Working capital at December 31, 2000 was \$397,809 as compared to \$376,983 in working capital at December 31, 1999. The increase was attributable to the net income for the year ended December 31, 2000.

The Company maintains a \$200,000 line-of-credit agreement with a bank. The line is collateralized by a security interest in substantially all assets of the Company. Interest is payable monthly at the bank's prime rate plus 1.5%. There were no borrowings outstanding on this line at December 31, 2000.

Capital expenditures totaled approximately \$27,000 in 2000 and \$16,000 in 1999. No material purchase or capital commitments exist at December 31, 2000.

The Company believes that cash generated from operations, together with the existing sources of debt financing, will be sufficient to meet foreseeable cash requirements through 2001.

ownership and management and certain beneficial owners of the Company is incorporated by reference to the caption "Stock Ownership of Directors, Executive Officers and Principal Stockholders" contained in the Proxy Statement and is incorporated herein by reference.

The Company knows of no arrangements, including any pledge by any person of securities of the Company, the operation of which may at a subsequent date result in a change in control of the Company. The Company also knows of no agreements among its shareholders which relate to voting or investment power of its shares of Common Stock.

Item 13 - Certain Relationships and Related Transactions

Commissions paid to a related entity for the years ended December 31, 2000, 1999 and 1998 were approximately \$1,800, \$12,000 and \$27,000, respectively.

The Company has entered into a lease agreement for its Tewksbury, Massachusetts facility with Lorig Corporation, which is owned by members of the family of an officer and majority stockholder of the Company. The Company believes the lease agreement is either favorable or comparable to others based on a market value of the facility. The lease expired in November, 1999 and the Company now leases the facility on a tenant at will basis.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Board of Directors and Stockholders of
Megatech Corporation

We have audited the accompanying balance sheet of Megatech Corporation as of December 31, 2000 and 1999, and the related statements of operations, stockholders' equity and cash flows for the years ended December 31, 2000, 1999 and 1998. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Megatech Corporation as of December 31, 2000 and 1999, and the results of its operations and its cash flows for the years ended December 31, 2000, 1999 and 1998 in conformity with accounting principles generally accepted in the United States of America.

Our audits, referred to above, also include the financial schedules listed in the Index at Item 14(a)(2). In our opinion, based on our audit, such financial schedules present fairly the information required to be set forth therein.

MEGATECH CORPORATION

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2000, 1999 AND 1998

1. OPERATIONS

Megatech Corporation is engaged in the production and sale of educational training programs in the energy, power and transportation areas which are sold domestically and internationally to educational institutions and government agencies. Inherent in the line of business in which the Company is engaged is the risk of product line obsolescence due to technological advances. There also exists the risk that certain customers, such as governmental agencies, which are funded by tax revenues, may be subject to budget reductions. The Company grants credit to its customers. Approximately 28%, 39% and 46% of sales during the years ended December 31, 2000, 1999 and 1998, respectively, were from international sales.

There were two customers that accounted for 63% of sales for the year ended December 31, 2000 and one customer that accounted for 36% and 28% of sales for the years ended December 31, 1999 and 1998, respectively. No other customers accounted for more than 10% of sales in each of the years ended December 31, 2000, 1999 and 1998.

2. SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition

Edgar Filing: MEGATECH CORP - Form 10-K

Revenue from product sales are recognized upon shipment. Revenue for maintenance and service and other revenues are recognized as the services are performed.

Cash and Cash Equivalents

For purposes of reporting cash flows, cash and cash equivalents include cash and all highly liquid investments with original maturities of three months or less.

Inventories

Inventories are valued at the lower of cost (first-in-first-out method) or market.

Property and Equipment

Property and equipment are recorded at cost. Depreciation and amortization are computed principally on the straight-line method for financial accounting purposes, and accelerated methods for tax purposes, over the estimated useful lives of the assets.

Leasehold improvements are amortized on the straight-line method over their respective lives or the lease terms, whichever is shorter.

Costs of maintenance and repairs are charged to expense while costs of significant renewals and betterments are capitalized.

Income Taxes

Income taxes are accounted for under the asset and liability method. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance is used to reduce deferred tax assets when it is "more likely than not" that some portion or all of the deferred tax assets will not be realized.

10. EMPLOYEE BENEFIT PLAN

The Company has a SIMPLE IRA Plan (the Plan), which covers all employees who meet certain requirements. Under the terms of the Plan, the Board of Directors determines annually the amount of the matching contribution. The matching contribution for the years ended December 31, 2000, 1999 and 1998 were approximately \$5,400, \$4,400 and \$6,300, respectively.

11. NET INCOME (LOSS) PER SHARE

Edgar Filing: MEGATECH CORP - Form 10-K

Basic net income (loss) per share has been computed using the weighted average number of common shares outstanding.

Diluted net income (loss) per share gives effect to all dilutive potential common shares that were outstanding during the period. None of the convertible debt or options outstanding at period end were included in the diluted net income (loss) per share calculation for the years ended December 31, 2000, 1999 and 1998, since they were anti-dilutive.

The weighted average number of shares outstanding is as follows:

Year Ended December 31,	Number of Shares
-----	-----
2000	3,813,719
1999	3,805,239
1998	3,792,308

12. STOCK OPTIONS PLANS

The Company had issued stock options to various directors, officers, employees and others under various stock option plans. Under the terms of the plans, one third of the options become exercisable one year from the date of grant, two thirds two years from the date of grant and all options expire three years from the date of grant.

The following table summarizes stock option activity:

	Stock Options	Price Per Share
	-----	-----
Outstanding at December 31, 1997	42,000	\$1.00 - \$2.75
Expired	(42,000)	1.00 - 2.75
