INDEPENDENT AUDITORS' REPORT

The 401(k) Committee of  
The Rockland Trust Company  
Employee Savings and Profit Sharing Plan and Trust:

We have audited the accompanying statement of net assets available for benefits of The Rockland Trust Company Employee Savings and Profit Sharing Plan and Trust as of December 31, 2001 and the related statement of changes in net assets available for benefits for the year then ended. These financial statements and the schedule referred to below are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements and schedule based on our audit. The statement of net assets available for benefits of The Rockland Trust Company Employee Savings and Profit Sharing Plan and Trust as of December 31, 2000 was audited by other auditors, whose report dated May 10, 2001, expressed an unqualified opinion on that statement.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and the changes in its net assets available for benefits for

Edgar Filing: INDEPENDENT BANK CORP - Form 11-K

the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## THE ROCKLAND TRUST COMPANY EMPLOYEE SAVINGS AND PROFIT SHARING PLAN AND TRUST

### Notes to Financial Statements

December 31, 2001 and 2000

#### (1) DESCRIPTION OF THE PLAN

The following description of the Rockland Trust Company (Company) Employee Savings and Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

##### (A) GENERAL

The Plan is a defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was created on September 9, 1971 and restated effective January 1, 1989. Effective January 1, 1994, the Plan was amended to include provisions of the Internal Revenue Code (IRC) Section 401(k) and the Tax Reform Act of 1986. Other subsequent amendments have also been made to the Plan. The Plan covers employees of the Company who meet specified eligibility requirements. Scudder Investments is the custodian and trustee of the Plan. A new plan document was also adopted effective August 1, 1999.

##### (B) ELIGIBILITY

An employee becomes a participant in the Plan upon completion of one year of service (1,000 or more hours of service during the plan year). In order to share in the Company's contribution to the Plan for any year, a participant must:

1. Have worked 1,000 or more hours during the year.
2. Be employed by the Company on the last business day of the year. However, those participants whose employment terminated during the year because of retirement under the Company's retirement plan or because of disability, death or for any reason after the attainment of age 65 shall share in the Company's contribution.

##### (C) CONTRIBUTIONS

Each year, employees who participate in the Plan may contribute up to 15% of their salary (6% as a basic elective deferral and 9% as a supplementary elective deferral), on a pretax basis, and up to an additional 10% of their salary on an after-tax basis. The Company matches pre-tax contributions equal to 50% of a participant's basic elective deferral. The Company may also make discretionary profit sharing contributions. No such discretionary contributions were made in 2001.

##### (D) BENEFITS AND VESTING

Participants are immediately 100% vested in all contributions plus actual earnings thereon upon eligibility.

Edgar Filing: INDEPENDENT BANK CORP - Form 11-K

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's interest in his or her account. The form of payment is a lump-sum distribution (rollover treatment, if eligible), a stream of payments to be paid in monthly installments over a 10- to 15-year period, or installment payments in a fixed amount.

(E) PARTICIPANT'S ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (i) the Company's contribution and (ii) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(F) INVESTMENT OPTIONS

Participants are offered 12 investment portfolios into which they can direct their contributions.

Employer matching contributions are allocated among options in the same percentages as the employee contributions. A description of each investment option is provided below:

Loans must be repaid within five years; however, loans for the purchase of a primary residence must be repaid within 30 years.

#### (H) PRIORITIES OF THE PLAN UPON TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the trustee shall liquidate the entire investment in the Plan after payment of all expenses and after proportional adjustment of accounts to reflect such expenses, portfolio losses or profits, and reallocations to the date of liquidation. outstanding to the credit of the participating employee's account as of the date of liquidation.

### (2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### (A) BASIS OF ACCOUNTING

The accompanying financial statements are prepared on the accrual basis of accounting. Contributions, interest, and other income are recorded as earned on the accrual basis.

#### (B) EXPENSES

The Company pays all expenses of the Plan at the option of the Company.

#### (C) USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

#### (D) INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend rate.

The variety of investment options are exposed to various risks, such as interest rate risk, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

#### (E) NEW ACCOUNTING PRONOUNCEMENTS

In June 1998, the Financial Accounting Standards Board issued SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" (SFAS No. 133). SFAS No. 133 requires that an entity recognize all derivatives and measure those instruments at fair value.

SFAS No. 133 is effective for fiscal years beginning after June 15, 2000. Pursuant to SFAS No. 137, the Plan is required to adopt SFAS No. 133 effective January 1, 2001. The impact of SFAS No. 133 on the Plan financial statements was not material at January 1, 2001.

Edgar Filing: INDEPENDENT BANK CORP - Form 11-K

Scudder Investments. Independent Bank Corp. is the parent company of the Company, and Scudder Investments is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

(5) TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated March 15, 1995 that the Plan and related trust are designed in accordance with applicable sections of the IRC.
