	5,900	1.7%	50.355	Jan. 31, 2012	108,826	

(1) The amounts listed under this column represent the number of shares of the Company's Class A Stock covered by options granted to the named executive officers during fiscal 2002 under the provisions of the 1996 Employee Non-Qualified Stock Option Plan (the 1996 Plan). The options that expire on Dec. 31, 2011, were exercisable on the date of the grant and expire 10 years after the date of the grant. The options that expire on Jan. 31, 2012, are exercisable in one-third increments over a three-year period and expire 10 years after the date of grant. Any options not exercisable become so, and must be exercised within 12 months of, the optionee's death during employment or retirement after age 55.

(2) Option values were computed using the Black-Scholes pricing model. The assumptions used in the model were: expected volatility of .2286; zero-coupon government bond yield of 5.6%; dividend yield of 1.33%; and time to exercise of 10 years. Additionally, a 5.71% discount was applied to reflect three-year pro rata vesting (3% per year probability of forfeiture) on the options that expire on Jan. 31, 2012. The actual value, if any, an executive may realize will depend on the amount by which the stock price on the date of exercise exceeds the exercise price. There is no assurance that the value actually realized by an executive will be at or near the value estimated by use of the Black-Scholes model.

The following table reflects the estimated aggregate retirement benefits to which certain executive officers of the Company, including each of the named executive officers in the Summary Compensation Table, are entitled under the provisions of the Company's non-contributory, funded Employees Retirement Plan and the Executive Supplemental Retirement Plan (the Plans). The amount of benefit assumes that the executive has completed a minimum of 15 years of service. The benefit amount will be reduced for service of less than 15 years, or if the executive retires prior to attaining age 63. Additional benefits are not earned for service in addition to 15 years.

## Edgar Filing: MEDIA GENERAL INC - Form DEF 14A

The amount of benefit for the executive officers named in the Summary Compensation Table is derived by averaging each officer's five highest years of Annual Compensation, as reflected in the Salary and Bonus columns of such tables. Retirement benefits shown are payable without offset.

for Social Security in monthly installments as life annuities, or in other optional forms, upon retirement after attaining age 63. Benefits for executives who participated in both plans prior to January 1, 1991, are reduced by the amount of benefits payable to them under pension plans of former employers.

### **Audit Committee Report**

*An amended charter for the Audit Committee was approved by the Board of Directors on March 28, 2003. The text of this charter is reproduced as Appendix A to this Proxy Statement.*

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors and operates under a written charter adopted by the Board. Company management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling these oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

In addition, the Committee reviewed with the independent auditors their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. The Committee also has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures and letter required by the Independence Standards Board and received by the Committee, and considered the compatibility of non-audit services with the auditors' independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. The Committee held two meetings during 2002.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements at, and for the three years ended December 29, 2002, be included in the Annual Report on Form 10-K for filing with the SEC.

**Audit and Non-Audit Fees**

The following table presents fees rendered by Ernst & Young LLP for fiscal 2002:

	<u>Amount</u>
Audit Fees (a)	\$ 662,000
Financial Information Systems Design and Implementation Fees	0
All Other Fees (b)	311,000

- (a) Fees billed by Ernst & Young for professional services rendered for the audit of the Company's annual financial statements and for the reviews of the financial statements included in the Company's quarterly reports on Form 10-Q for the fiscal year ended December 29, 2002.
- (b) Fees billed by Ernst & Young for services rendered to the Company during fiscal 2002, other than the services described above under Audit Fees. These fees consisted of \$201,000 for audit-related services, mainly services performed in connection with reviews of internal control matters and statutory or regulatory audits of employee benefit plans, and \$110,000, principally for tax-related advice.

**Compensation Committee Report**

Media General's compensation system is a management tool that is used to support and reinforce key operating and strategic goals. It is applied consistently to all salaried employees.

The Company's compensation programs for management employees are designed to build a strong link between an individual's performance and his or her related compensation opportunities as well as to align the interests of key Media General employees with those of the Stockholders. These two elements induce eligible employees to be more responsive to the needs of the Company. Periodically, the Company reviews its compensation programs with independent consultants who report directly to the Committee to ensure that, corporately, it is competitive and is taking advantage of current thinking in the field of compensation management.

The Compensation Committee feels that a tightly administered program that rewards eligible managers for appropriate performance is a constructive way to attract and retain talented personnel. Eligibility to participate in Media General's annual and long-term incentive programs is determined by the Committee assisted by recommendations from the Chief Executive Officer.

There are three components to total executive compensation at Media General: base salary and short- and long-term incentives. Using both general and specific media industry surveys targeted to the Company's size along with published data on executive compensation levels, the Committee has established second quartile (51st-75th percentile) targets for each component. The number of companies participating in such surveys varies but provides for a statistically meaningful group in any given year.

Base salary levels are determined with reference to external competitive levels (as described previously) and internal equity. Pay and performance then are linked through the use of the two incentive programs.

The short-term incentive program combines specific threshold, target and maximum performance goals established at the beginning of the measurement year with award targets, as described previously. All goals are based on profit and asset utilization levels and are established individually for each business unit and for the Company. No awards are paid until an aggregate corporate cash flow goal (which is reset annually) is attained. Cash awards are paid based on the accomplishment of these goals. Maximum awards are attained at 150% of target. Barring exceptional circumstances, which, in the Committee's opinion, were not under operating unit control, no bonuses are paid to units earning less than 80% of their target.

A long-term incentive program is used to reward sustained stock price growth and/or achievement of long-term, pre-established earnings per share growth targets. Awards in this program are made in the form of stock options (typically awarded to eligible participants annually at fair market value on the grant date, vesting over a three-year period) and restricted stock (typically granted to selected executive officers every other year with restrictions (currently ten years) on sale that may be lifted if pre-established earnings per share growth targets are met). The combined expected value of stock-based awards is targeted to achieve competitive levels of total compensation as described earlier; for those selected executive officers who are eligible to receive both restricted stock and stock options, annual grants are awarded on the basis that 60% of the competitive long-term incentive target would be delivered through restricted stock. The Committee notes that the relative value of a given award at the end of the measurement period will depend on the growth in value of the common stock of the Company over the time period. The vesting and ten-year trading restrictions emphasize the long-term nature of these awards and encourage eligible employees to remain in the employ of the Company.

Section 162(m) of the Internal Revenue Code disallows a deduction for compensation in excess of \$1,000,000 paid to any of the executive officers named in the Summary Compensation Table, unless such excess compensation qualifies as performance-based compensation under Section 162(m) and related Internal Revenue Service regulations. The Compensation Committee seeks to maximize the deductibility of compensation paid to executive officers but also recognizes that the payment of non-deductible compensation may at times be in the best interests of the Company.

#### *CEO Compensation During 2002*

Mr. Bryan's base salary in 2002 of \$875,000 was unchanged from that of the preceding year. Year-over-year corporate performance was substantially better in 2002 and slightly exceeded the return on assets target established by the Compensation Committee and approved by the Board of Directors at the beginning of the year. As a result, Mr. Bryan received a bonus of \$558,683, in accordance with strict application of the bonus payout formula. The Company also paid \$372,407 of premium on Mr. Bryan's behalf and a tax gross-up of \$301,500 during the year related to a variable life insurance policy. At the beginning of fiscal year 2002, two stock option awards, totaling 48,500 shares of Media General Class A Stock, were made to Mr. Bryan. As in the past, these awards, as well as Mr. Bryan's base salary and bonus formula, were developed in accordance with competitive practice, as outlined previously, and were based on the standard provisions of Media General's annual and long-term incentive plans.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 (Exchange Act) requires that the Company's Executive Officers, Directors and persons owning more than 10% of the Company's Class A Stock file reports of ownership and changes in ownership with the SEC and with the Company.

Based solely upon a review of such reports furnished to the Company, the Company believes that during the fiscal year ended December 29, 2002, the Executive Officers, Directors and persons owning in excess of 10% of the outstanding shares of the Company's Class A Stock complied with the filing requirements of Section 16(a), except that Mr. Zimmerman filed two forms, each reporting two transactions, after the prescribed filing dates, and except that no Section 16(a) filings were made by GAMCO Investors, Inc., or Gabelli Funds, LLC (the Gabelli entities), each a 10% holder. The Gabelli entities previously have asserted that such filings were not required by reason of an exemption for shares held by an institution without the purpose or effect of changing or influencing the control of an issuer. The foregoing exemption is not available to the Gabelli entities, in the Company's view. Several of the Gabelli entities previously also have asserted the absence of a pecuniary interest in the shares they beneficially own. See Voting Securities and Principal Holders Thereof.

**Performance Graph**

The following graph shows the cumulative total Stockholder return on the Company's Class A Stock over the last five fiscal years as compared to the returns of the Standard & Poor's (S&P) Publishing and Printing Index, and the New York Stock Exchange (NYSE) Market Index. The S&P Publishing and Printing Index formerly comprised Dow Jones & Company, Inc., Gannett Co., Inc., Knight-Ridder, Inc., The New York Times Company and Tribune Company. However, S&P recently expanded that index to include Meredith Corporation and the McGraw-Hill Companies. Accordingly, all seven of these companies have been included in the expanded S&P Publishing and Printing Index for all periods presented. The graph assumes \$100 was invested on December 26, 1997, in the Company's Class A Stock, the S&P Publishing and Printing Index and the NYSE Market Index and also assumes reinvestment of dividends.

### **RETENTION OF INDEPENDENT AUDITORS**

At its January 2003 meeting, the Audit Committee retained the firm of Ernst & Young LLP as the independent auditors of the Company for the 2003 fiscal year. Ernst & Young LLP has examined the accounts of the Company for many years, including 2002. Ernst & Young LLP advises that it is an independent public accounting firm with respect to the Company within the meaning of the applicable rules and regulations of the SEC. A representative of Ernst & Young LLP will be present at the Annual Meeting to make a statement, if he desires to do so, and to respond to appropriate questions from Stockholders.

### **STOCKHOLDER NOMINATIONS AND PROPOSALS**

Stockholders who believe they are eligible to have their proposals included in the Company's Proxy Statement for the 2004 Annual Meeting of Stockholders, in addition to other applicable requirements established by the SEC, must ensure that their proposals are received by the Secretary of the Company not later than December 9, 2003.

The By-laws of the Company establish an advance notice procedure for eligible Stockholders to make nominations for Director and to propose business to be transacted at an Annual Meeting. The Company's By-laws additionally provide that nominations for Director and proposals for business must be given to the Secretary of the Company not less than 90 days nor more than 120 days prior to the date of an Annual Meeting. The Company's By-laws also require that certain specific information accompany a Stockholder notice of nomination or proposal for business.

The By-laws of the Company provide that the Annual Meeting of Stockholders shall be held during the Company's second fiscal quarter on a date fixed by the Board of Directors. The Company's 2004 Annual Meeting will be held on April 22, 2004. A copy of the Company's By-laws may be obtained by writing to the Secretary of the Company.

### **SOLICITATION OF PROXIES**

The Company may solicit proxies in person or by telephone or mail. The cost of solicitation of proxies, including the reimbursement to banks and brokers for reasonable expenses in sending proxy material to their principals, will be borne by the Company. Officers and other employees of the Company may participate in such solicitation, for which they will receive no special or additional compensation. In addition, the Company has retained D. F. King & Co. to assist in the solicitation of proxies for a basic fee of \$8,000, plus reimbursement of out-of-pocket expenses.

#### OTHER MATTERS

Management does not intend to present, nor, in accordance with the Company's By-laws, has it received proper notice from any person who intends to present, any matter for action by Stockholders at the Annual Meeting, other than as stated in the accompanying Notice. However, the enclosed proxy confers discretionary authority with respect to the transaction of any other business which properly may come before the meeting, and it is the intention of the persons named in the enclosed proxy to vote the same in accordance with their best judgment.

#### Electronic Delivery of Proxy Materials and Annual Report

The Notice of Annual Meeting, Proxy Statement and 2002 Annual Report are available at [www.mediageneral.com](http://www.mediageneral.com). Instead of receiving paper copies of these materials in the mail in the future, most Stockholders can elect to receive an email which will provide a link to these documents on the Internet. Opting to receive proxy materials online helps to reduce the Company's printing and mailing costs and provides Stockholders with a convenient, automatic link to the proxy vote site.

Most Stockholders desiring to enroll in this electronic delivery service may do so by visiting [www.amstock.com](http://www.amstock.com) and following the prompts for email enrollment; others will find a separate page with electronic delivery information in the envelope containing their proxy materials. Street name Stockholders can check the information in the proxy materials provided by their bank or broker.

Enrollment is effective until cancelled, and Stockholders may withdraw consent to electronic delivery at anytime and resume receiving Stockholder communications in printed form. Please call Media General Investor Relations at (804) 649-6103 with any questions.
