Unless the context otherwise requires, as used in this prospectus, the terms "Company," "we," "us," and "our" refer to Scorpio Bulk Inc. and all of its subsidiaries. "Scorpio Bulk Inc." refers only to Scorpio Bulk Inc. and not its subsidiaries. The term "Selling Shareholder" refers to the shareholder described in the section entitled "Selling Shareholder," on page 16.

We use the term deadweight, or dwt, expressed in metric tons, each of which is equivalent to 1,000 kilograms, in describing the size of our vessels. Unless otherwise indicated, all references to "U.S. dollars," "dollars," "U.S.\$" and "\$" in this prospectus are to the lawful currency of the United States of America.

The term "Scorpio Group Pools" refers to the Scorpio Kamsarmax Pool and the Scorpio Ultramax Pool, which are spot market-oriented pools of similarly sized vessels operated by companies affiliated with us.

On December 31, 2015, we effected a one-for-twelve reverse stock split. All share and per share information throughout this prospectus has been retroactively adjusted to reflect the reverse stock split. The par value was not adjusted as a result of the reverse stock split.

Our Company

We are an international shipping company that owns and operates the latest generation of newbuilding drybulk carriers with fuel-efficient specifications and carrying capacities of greater than 30,000 dwt. Our vessels transport a broad range of major and minor bulk commodities, including ores, coal, grains, and fertilizers, along worldwide shipping routes.

As of January 22, 2018, our operating fleet of 56 vessels consisted of 55 wholly-owned or finance leased drybulk vessels (including 18 Kamsarmax vessels and 37 Ultramax vessels), and one time chartered-in Ultramax vessel. In addition, one Kamsarmax vessel which is being constructed at Jiangsu New Yangzijiang Shipbuilding Co Ltd in China is expected to be delivered to us in the second quarter of 2018. We collectively refer to these vessels described above as our "Operating Fleet." All of the vessels in our Operating Fleet are employed, or are expected to be employed, in the Scorpio Group Pools. Upon final delivery of the last vessel, our owned fleet is expected to have a total carrying capacity of approximately 3.8 million dwt and all of our owned vessels will have carrying capacities of greater than 60,000 dwt.

On December 1, 2017, we entered into Addendum No. 2 to the Memorandum of Agreement dated September 23, 2017, by and between one of our wholly-owned subsidiaries and a subsidiary of Golden Ocean Group Limited, or the Amended Memorandum of Agreement, with respect to the acquisition of the 2015-built Ultramax vessel Golden Aries, or the Acquisition Vessel, which was built at Chengxi Shipyard Co Ltd in China. We refer to this acquisition as the Vessel Acquisition. Pursuant to the Amended Memorandum of Agreement, upon delivery of the Acquisition Vessel, a portion of the aggregate purchase price of the Acquisition Vessel was payable in cash and the remaining portion was payable in the form of 910,802 of our common shares to Golden Ocean Group Limited, the Selling Shareholder. The Acquisition Vessel was delivered to us on December 29, 2017, at which time we issued the 910,802 common shares offered pursuant to this prospectus to the Selling Shareholder. For further information regarding the Selling Shareholder, please see the section of this prospectus entitled "Selling Shareholder."

Our common shares are listed for trading on the New York Stock Exchange, or NYSE, under the symbol "SALT."

Employment of Our Fleet

We typically operate our vessels in spot market-oriented commercial pools, in the spot market or, under certain circumstances, on time charters.

Spot Market-Oriented Commercial Pools

To increase vessel utilization and thereby revenues, we participate in commercial pools with other shipowners with similar modern, well-maintained vessels. By operating a large number of vessels as an integrated transportation system, commercial pools offer customers greater flexibility and a higher level of service while achieving scheduling efficiencies. Pools employ experienced commercial managers and operators who have close working relationships with customers and brokers, while technical management is performed by each shipowner. The managers of the pools negotiate charters with customers primarily in the spot market but may also arrange time charter agreements. The size and scope of these pools enable them to enhance vessel utilization rates for pool vessels by securing backhaul voyages, which is when cargo is transported on the return leg of a journey, and contracts of affreightment, or COAs, thus generating higher effective time charter equivalent, or TCE, revenues than otherwise might be obtainable in the spot market, while providing a higher level of service offerings to customers.

As of the date of this prospectus, all of the vessels in our Operating Fleet are, or are expected to be, employed in a Scorpio Group Pool, which exposes us to fluctuations in spot market charter rates. Our vessels participate in the Scorpio Group Pools under the same contractual terms and conditions as the third party vessels in the pool. Each pool aggregates the revenues and expenses of all of the pool participants and distributes the net earnings calculated on (i) the number of pool points for the vessel, which are based on vessel attributes such as cargo carrying capacity, fuel consumption, and construction characteristics, and (ii) the number of days the vessel operated in the period. Scorpio Commercial Management S.A.M., or SCM, a Monaco corporation controlled by the Lolli-Ghetti family of which our co-founder, Chairman and Chief Executive Officer, and Vice President are members, is responsible for the administration of the pool and the commercial management of the participating vessels, including marketing the pool, negotiating charters, including voyage charters, short duration time charters and COAs, conducting pool operations, including the distribution of pool cash earnings, and managing bunker (fuel oil) purchases, port charges and administrative services for the vessels. SCM, as operator of the Scorpio Group Pools, charges \$300 a day for each vessel, whether owned by us or chartered-in, plus a 1.75% commission on the gross revenues per charter fixture. See "—Management of our Business" below.

The pool participants remain responsible for all other costs including the financing, insurance, manning and technical management of their vessels. The earnings of all of the vessels are aggregated and divided according to the relative performance capabilities of the vessel and the actual earning days each vessel is available.

Spot Market

A spot market voyage charter is generally a contract to carry a specific cargo from a load port to a discharge port for an agreed freight per ton of cargo or a specified total amount. Under spot market voyage charters, we pay specific voyage expenses such as port, canal and bunker costs. Spot charter rates are volatile and fluctuate on a seasonal and year-to-year basis.

Fluctuations derive from imbalances in the availability of cargoes for shipment and the number of vessels available at any given time to transport these cargoes. Vessels operating in the spot market generate revenue that is less predictable than those under time charters, but may enable us to capture increased profit margins during periods of improvements in drybulk vessel charter rates. Downturns in the drybulk industry would result in a reduction in profit margins.

Time Charters

Time charters give us a fixed and stable cash flow for a known period of time. Time charters also mitigate in part the volatility and seasonality of the spot market business, which is generally weaker in the second and third quarters of the year. We opportunistically employ vessels under time charter contracts. We may also enter into time charter contracts with profit sharing agreements, which enable us to benefit when the spot market rates increase.

Management of Our Business

Commercial and Technical Management - Amended and Restated Master Agreement

Our vessels are commercially managed by SCM, and technically managed by Scorpio Ship Management S.A.M., or SSM, which are companies affiliated with us, pursuant to the Amended and Restated Master Agreement.

SCM's services include securing employment for our vessels in the spot market or on time charters. SCM also manages the Scorpio Group Pools in which our vessels are, or are expected to be, employed. For commercial management of any of our vessels that does not operate in one of these pools, we pay SCM a daily fee of \$300 per vessel, plus a 1.75% commission on the gross revenues per charter fixture. The Scorpio Group Pool participants, including us and third-party owners, are each expected to pay SCM a pool management fee of \$300 per vessel per day, plus a 1.75% commission on the gross revenues per charter fixture.

SSM's services include providing technical support, such as arranging the hiring of qualified officers and crew, supervising the maintenance and performance of vessels, purchasing supplies, spare parts and new equipment, arranging and supervising drydocking and repairs, and monitoring regulatory and classification society compliance and customer standards. We pay SSM an annual fee of \$200,000 per vessel to provide technical management services for each of our owned vessels.

The Amended and Restated Master Agreement may be terminated by either party upon 24 months' notice, unless terminated earlier in accordance with the provisions of the Amended and Restated Master Agreement. In the event of the sale of one or more vessels, a notice period of three months' and a payment equal to three months of management fees will apply, provided that the termination does not amount to a change of control, including a sale of substantially all vessels, in which case a payment equal to 24 months of management fees will apply.

Amended Administrative Services Agreement

We have entered into an amended administrative services agreement, or the Amended Administrative Services Agreement, with Scorpio Services Holdings Limited, or SSH, for the provision of administrative staff, office space and accounting, legal compliance, financial and information technology services. SSH is a company affiliated with us. The services provided to us by SSH may be sub-contracted to other entities within the Scorpio Group. Pursuant to the Amended Administrative Services Agreement, we reimburse the SSH for the reasonable direct or indirect expenses it incurs in providing us with the administrative services described above. SSH has agreed not to own any drybulk carriers greater than 30,000 dwt for so long as the Amended Administrative Services Agreement is in full force and effect. This agreement may be terminated by SSH upon 12 months' prior written notice or by us with 24 months' notice.

SERVICE OF PROCESS AND ENFORCEMENT OF CIVIL LIABILITIES

We are organized under the laws of the Marshall Islands as a corporation. The Marshall Islands has a less developed body of securities laws as compared to the United States and provides protections for investors to a significantly lesser extent.

Most of our directors and officers and those of our subsidiaries are residents of countries other than the United States. Substantially all of our and our subsidiaries' assets and a substantial portion of the assets of our directors and officers are located outside the United States. As a result, it may be difficult or impossible for United States investors to effect service of process within the United States upon us, our directors or officers, or our subsidiaries or to realize against us or them judgments obtained in United States courts, including judgments predicated upon the civil liability provisions of the securities laws of the United States or any state in the United States. However, we have expressly submitted to the jurisdiction of the U.S. federal and New York state courts sitting in the City of New York for the purpose of any suit, action or proceeding arising under the securities laws of the United States or any state in the United States. The Trust Company of the Marshall Islands, Inc., Trust Company Complex, Ajeltake Island, Ajeltake Road, Majuro, Marshall Islands MH96960, as our registered agent, can accept service of process on our behalf in any such action.

In addition, there is uncertainty as to whether the courts of the Marshall Islands would (1) recognize or enforce against us or our directors or officers judgments of courts of the United States based on civil liability provisions of applicable U.S. federal and state securities laws; or (2) impose liabilities against us or our directors and officers in original actions brought in the Marshall Islands, based on these laws.

The Selling Shareholder may, from time to time, pledge or grant a security interest in some or all of the common shares owned by it and, if it defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell the common shares, from time to time, under this prospectus, or under an amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act of 1933, as amended, or the Securities Act, amending the list of selling shareholders to include the pledgees, transferees or other successors in interest as selling shareholders under this prospectus. The Selling Shareholder may also sell common shares short and deliver these securities to close out its short positions, or loan or pledge common shares to broker-dealers that in turn may sell these securities. The Selling Shareholder may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of common shares offered by this prospectus, which common shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the Selling Shareholder from the sale of common shares offered by it will be the purchase price of the common shares less discounts or commissions, if any. The Selling Shareholder reserves the right to accept and, together with its agents from time to time, to reject, in whole or in part, any proposed purchase of common shares to be made directly or through agents. We will not receive any of the proceeds from this offering.

The Selling Shareholder also may resell all or a portion of the common shares in open market transactions in reliance upon Rule 144 under the Securities Act, provided that it meets the criteria and conforms to the requirements of that rule.

The Selling Shareholder and any underwriters, broker-dealers or agents that participate in the sale of common shares or interests therein may be deemed to be "underwriters" within the meaning of Section 2(a)(11) of the Securities Act. Any discounts, commissions, concessions or profit that it earns on any resale of the common shares may be deemed to be underwriting discounts and commissions under the Securities Act. A Selling Shareholder who is deemed to be an "underwriter" within the meaning of Section 2(a)(11) of the Securities Act may be subject to certain statutory liabilities as underwriters under the Securities Act.

In order to comply with the securities laws of some states, if applicable, the common shares may be sold in those jurisdictions only through registered or licensed brokers or dealers. In addition, in some states common shares may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

We have informed the Selling Shareholder that the anti-manipulation rules of Regulation M under the Exchange Act of 1934, as amended, or the Exchange Act, may apply to sales of common shares in the market and to the activities of the Selling Shareholder and their affiliates. In addition, we will make copies of this prospectus available to the Selling Shareholder for the purpose of satisfying any applicable prospectus delivery requirements of the Securities Act. The Selling Shareholder may indemnify any broker-dealer that participates in transactions involving the sale of the common shares against certain liabilities, including liabilities arising under the Securities Act. We have agreed to provide customary indemnification to the Selling Shareholder.

We know of no existing arrangements between any Selling Shareholder and any broker, dealer, underwriter, or agent relating to the sale or distribution of the common shares offered by this prospectus. There can be no assurance that the Selling Shareholder will sell any or all of the common shares pursuant to this prospectus.

As of January 22, 2018, we had 60 shareholders of record, 12 of which were located in the United States and held an aggregate of 70,809,771 of our common shares, representing 94.5% of our outstanding common shares. However, one of the U.S. shareholders of record is CEDE & CO., a nominee of The Depository Trust Company, which held 69,074,721 of our common shares as of January 22, 2018. Accordingly, we believe that the shares held by CEDE & CO. include common shares beneficially owned by both holders in the United States and non-U.S. beneficial owners. SELLING SHAREHOLDER

This prospectus relates to the proposed sale from time to time of up to 910,802 of our common shares issued to the Selling Shareholder named in the table below. We have filed the registration statement of which this prospectus forms a part in order to permit the Selling Shareholder to offer these shares for resale or transfer from time to time as set forth above in "Plan of Distribution."

On December 1, 2017, we entered into the Amended Memorandum of Agreement with respect to the Vessel Acquisition. Pursuant to the Amended Memorandum of Agreement, a portion of the aggregate purchase price of the Acquisition Vessel was payable in cash and the remaining portion was payable in the form of 910,802 of our common shares to the Selling Shareholder. The Acquisition Vessel was delivered to us on December 29, 2017, at which time we issued the 910,802 common shares offered pursuant to this prospectus to the Selling Shareholder. This registration statement is being filed pursuant to the Registration Rights Agreement, dated December 1, 2017, entered into between us and the Selling Shareholder in connection with the Vessel Acquisition.

The following table sets forth certain information regarding the Selling Shareholder and its beneficial ownership of our common shares as of January 22, 2018. The table is based upon information provided by the Selling Shareholder. The table assumes that all the shares being offered by the Selling Shareholder pursuant to this prospectus are ultimately sold in the offering. The Selling Shareholder may sell some, all or none of its shares covered by this prospectus, and as a result the actual number of shares that will be held by the Selling Shareholder upon termination of the offering may exceed the minimum number set forth in the table.

DESCRIPTION OF CAPITAL STOCK

The following is a description of the material terms of our amended and restated articles of incorporation and amended and restated bylaws. Copies of our amended and restated articles of incorporation and bylaws have been filed as exhibits to the registration statement of which this prospectus forms a part.

Purpose

Our purpose, as stated in our amended and restated articles of incorporation, is to engage in any lawful act or activity for which corporations may now or hereafter be organized under the Marshall Islands Business Corporations Act, or the BCA. Our amended and restated articles of incorporation and bylaws do not impose any limitations on the ownership rights of our shareholders.

Authorized Capital Stock

Under our amended and restated articles of incorporation our authorized capital stock consists of 112,500,000 common shares, par value \$0.01 per share, of which 74,902,364 common shares were issued and outstanding as of January 22, 2018, and 50,000,000 preferred shares, par value \$0.01 per share, of which no shares are issued and outstanding.

Share History

On December 29, 2017, we issued 910,802 common shares, par value \$0.01 per share, at \$8.10 per share to the Selling Shareholder in connection with the Vessel Acquisition, which represented \$7.38 million of the purchase price of the Acquisition Vessel.

On June 20, 2016, we issued 23.0 million common shares, par value \$0.01 per share, at \$3.05 per share in an underwritten public offering. We received approximately \$67.5 million of net proceeds from the issuance.

On June 1, 2016, our shareholders approved an amendment to our Amended and Restated Articles of Incorporation to increase our total number of authorized common shares to 112.5 million shares at the annual general meeting of shareholders.

On March 22, 2016, we issued 21.0 million common shares, par value \$0.01 per share, at \$3.00 per share in an underwritten public offering. We received approximately \$60.6 million of net proceeds from the issuance.

On December 31, 2015, our board of directors effected a one-for-twelve reverse stock split of our common shares, par value \$0.01 per share, and a reduction in the total number of authorized common shares to approximately 56.3 million shares. Our shareholders approved the reverse stock split and change in authorized common shares at a special meeting of shareholders held on December 23, 2015. The reverse stock split reduced the number of outstanding common shares from approximately 344.2 million shares to approximately 28.7 million shares.

On June 23, 2015, underwriters exercised their option to purchase approximately 1.7 million additional common shares in connection with the offering. The sale of these common shares resulted in net proceeds to us of approximately \$28.4 million, after deducting underwriters' discounts and commissions.

On June 16, 2015, we issued approximately 11.1 million common shares, par value \$0.01 per share at \$18.00 per share in an underwritten public offering. We received \$190.2 million of proceeds from the issuance.

On November 20, 2014, we issued and sold an aggregate of 3.3 million common shares, par value \$0.01 per share, in a private offering exempt from registration under the Securities Act, pursuant to a Securities Purchase Agreement, for gross proceeds of \$150.0 million. In connection with this transaction, we also entered into a Registration Rights Agreement with the purchasers in the offering, pursuant to which we filed a registration statement under the Securities Act covering the resale of common shares held by the investors.

Common Shares

Each outstanding common share entitles the holder to one vote on all matters submitted to a vote of shareholders. Subject to preferences that may be applicable to any outstanding preferred shares, holders of common shares are entitled to receive ratably all dividends, if any, declared by our board of directors out of funds legally available for dividends. Upon our dissolution or liquidation or the sale of all or substantially all of our assets, after payment in full of all amounts required to be paid to creditors and to the holders of preferred stock having liquidation preferences, if any, the holders of our common shares are entitled to receive pro rata our remaining assets available for distribution. Holders of common shares do not have conversion, redemption or pre-emptive rights to subscribe to any of our securities. The rights, preferences and privileges of holders of our common shares are subject to the rights of the holders of any preferred shares, which we may issue in the future.

Preferred Shares

Our amended and restated articles of incorporation authorize our board of directors to establish one or more series of preferred shares and to determine, with respect to any series of preferred shares, the terms and rights of that series, including:

- the designation of the series;
- the number of shares of the series;
- the preferences and relative, participating, option or other special rights, if any, and any qualifications, limitations or restrictions of such series; and
- the voting rights, if any, of the holders of the series.

Directors

Our directors are elected by a plurality of the votes cast by shareholders entitled to vote. There is no provision for cumulative voting.

Our amended and restated bylaws require our board of directors to consist of at least one member. Our board of directors currently consists of seven members. Our amended and restated bylaws may be amended by the vote of a majority of our entire board of directors.

Directors are elected annually on a staggered basis, and each director elected holds office for a three year term or until his successor shall have been duly elected and qualified, except in the event of his death, resignation, removal, or the earlier termination of his term of office.

Shareholder Meetings

Under our amended and restated bylaws, annual meetings of shareholders will be held at a time and place selected by our board of directors. The meetings may be held in or outside of the Marshall Islands. Special meetings may be called at any time by a majority of our board of directors, the chairman of our board of directors, an officer of the Company who is also a director or a majority of the shares then outstanding and eligible to vote. Our board of directors may set a record date between 15 and 60 days before the date of any meeting to determine the shareholders that will be eligible to receive notice and vote at the meeting. One or more shareholders representing at least one-third of the total voting rights of our total issued and outstanding shares present in person or by proxy at a shareholder meeting shall constitute a quorum for the purposes of the meeting.

Dissenters' Rights of Appraisal and Payment

Under the BCA, our shareholders have the right to dissent from various corporate actions, including any merger or consolidation and the sale of all or substantially all of our assets not made in the usual course of our business, and receive payment of the fair value of their shares. In the event of any further amendment of our amended and restated articles of incorporation, a shareholder also has the right to dissent and receive payment for his or her shares if the amendment alters certain rights in respect of those shares. The dissenting shareholder must follow the procedures set forth in the BCA to receive payment. In the event that we and any dissenting shareholder fail to agree on a price for the common shares, the BCA procedures involve, among other things, the institution of proceedings in the high court of the Republic of The Marshall Islands or in any appropriate court in any jurisdiction in which our shares are primarily traded on a local or national securities exchange.

Shareholders' Derivative Actions

Under the BCA, any of our shareholders may bring an action in our name to procure a judgment in our favor, also known as a derivative action, provided that the shareholder bringing the action is a holder of common shares both at the time the derivative action is commenced and at the time of the transaction to which the action relates.

Limitations on Liability and Indemnification of Officers and Directors

The BCA authorizes corporations to limit or eliminate the personal liability of directors to corporations and their shareholders for monetary damages for breaches of directors' fiduciary duties. Our amended and restated articles of incorporation and bylaws include a provision that eliminates the personal liability of directors for monetary damages for actions taken as a director to the fullest extent permitted by law.

Our amended and restated bylaws provide that we must indemnify our directors and officers to the fullest extent authorized by law. We are also expressly authorized to advance certain expenses (including attorney's fees and disbursements and court costs) to our directors and officers and carry directors' and officers' insurance providing indemnification for our directors, officers and certain employees for some liabilities. We believe that these indemnification provisions and this insurance are useful to attract and retain qualified directors and officers.

The limitation of liability and indemnification provisions in our amended and restated articles of incorporation and bylaws may discourage shareholders from bringing a lawsuit against directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against directors and officers, even though such an action, if successful, might otherwise benefit us and our shareholders. In addition, your investment may be adversely affected to the extent we pay the costs of settlement and damage awards against directors and officers pursuant to these indemnification provisions.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been informed that in the opinion of the Commission, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

There is currently no pending material litigation or proceeding involving any of our directors, officers or employees for which indemnification is sought.

Anti-takeover Effect of Certain Provisions of our Amended and Restated Articles of Incorporation and Bylaws

Several provisions of our amended and restated articles of incorporation and bylaws, which are summarized below, may have anti-takeover effects. These provisions are intended to avoid costly takeover battles, lessen our vulnerability to a hostile change of control and enhance the ability of our board of directors to maximize shareholder value in connection with any unsolicited offer to acquire us. However, these anti-takeover provisions, which are summarized below, could also discourage, delay or prevent (1) the merger or acquisition of us by means of a tender offer, a proxy contest or otherwise that a shareholder may consider in its best interest and (2) the removal of incumbent officers and directors.

Blank check preferred stock

Under the terms of our amended and restated articles of incorporation, our board of directors has authority, without any further vote or action by our shareholders, to issue up to 50,000,000 shares of blank check preferred stock. Our board of directors may issue preferred shares on terms calculated to discourage, delay or prevent a change of control of us or the removal of our management and might harm the market price of our common shares. We have no current plans to issue any preferred shares.

Election and removal of directors

Our amended and restated articles of incorporation prohibit cumulative voting in the election of directors. Our amended and restated bylaws require parties other than the board of directors to give advance written notice of nominations for the election of directors. Our amended and restated articles of incorporation also provide that our directors may be removed for cause upon the affirmative vote of not less than two-thirds of the outstanding shares of our capital stock entitled to vote for those directors. These provisions may discourage, delay or prevent the removal of incumbent officers and directors.

Limited actions by shareholders

Our amended and restated articles of incorporation and our amended and restated bylaws provide that any action required or permitted to be taken by our shareholders must be effected at an annual or special meeting of shareholders or by the unanimous written consent of our shareholders. Our amended and restated articles of incorporation and our amended and restated bylaws provide that, unless otherwise prescribed by law, only a majority of our board of directors, the chairman of our board of directors or an officer of the Company who is also a director may call special meetings of our shareholders and the business transacted at the special meeting is limited to the purposes stated in the notice. Accordingly, a shareholder will be prevented from calling a special meeting for shareholder consideration of a proposal unless scheduled by our board of directors and shareholder consideration of a proposal may be delayed until the next annual meeting.

Advance notice requirements for shareholder proposals and director nominations

Our amended and restated bylaws provide that shareholders seeking to nominate candidates for election as directors or to bring business before an annual meeting of shareholders must provide timely notice of their proposal in writing to the corporate secretary. Generally, to be timely, a shareholder's notice must be received at our principal executive offices not less than 150 days nor more than 180 days prior to the one year anniversary of the immediately preceding annual meeting of shareholders. Our amended and restated bylaws also specify requirements as to the form and content of a shareholder's notice. These provisions may impede shareholders' ability to bring matters before an annual meeting of shareholders or make nominations for directors at an annual meeting of shareholders.

Classified board of directors

As described above, our amended and restated articles of incorporation provide for the division of our board of directors into three classes of directors, with each class as nearly equal in number as possible, serving staggered three year terms beginning on the expiration of the initial term for each class. Accordingly, approximately one-third of our board of directors will be elected each year. This classified board provision could discourage a third party from making a tender offer for our shares or attempting to obtain control of us. It could also delay shareholders who do not agree with the policies of our board of directors from removing a majority of our board of directors for two years.

Business combinations

Although the BCA does not contain specific provisions regarding "business combinations" between companies organized under the laws of the Marshall Islands and "interested shareholders," we have included these provisions in our amended and restated articles of incorporation. Specifically, our amended and restated articles of incorporation prohibit us from engaging in a "business combination" with certain persons for three years following the date the person becomes an interested shareholder. Interested shareholders generally include:

- any person who is the beneficial owner of 15% or more of our outstanding voting shares; or
- any person who is our affiliate or associate and who held 15% or more of our outstanding voting shares at any time within three years before the date on which the person's status as an interested shareholder is determined, and the affiliates and associates of such person.

Subject to certain exceptions, a business combination includes, among other things:

- certain mergers or consolidations of us or any direct or indirect majority-owned subsidiary of ours;
- any sale, lease, exchange, mortgage, pledge, transfer or other disposition of our assets or of any subsidiary of ours
- having an aggregate market value equal to 10% or more of either the aggregate market value of all of our assets, determined on a combined basis, or the aggregate value of all of our outstanding shares;
- certain transactions that result in the issuance or transfer by us of any shares of ours to the interested shareholder;
- any transaction involving us or any of our subsidiaries that has the effect of increasing the proportionate share of any class or series of stock, or securities convertible into any class or series of stock, of ours or any such subsidiary that is owned directly or indirectly by the interested shareholder or any affiliate or associate of the interested shareholder;
- and
- any receipt by the interested shareholder of the benefit directly or indirectly (except proportionately as a shareholder) of any loans, advances, guarantees, pledges or other financial benefits provided by or through us.

These provisions of our amended and restated articles of incorporation do not apply to a business combination if:

- before a person became an interested shareholder, our board of directors approved either the business combination or the transaction in which the shareholder became an interested shareholder;
- upon consummation of the transaction which resulted in the shareholder becoming an interested shareholder, the interested shareholder owned at least 85% of our voting shares outstanding at the time the transaction commenced, other than certain excluded shares;
- at or following the transaction in which the person became an interested shareholder, the business combination is approved by our board of directors and authorized at an annual or special meeting of shareholders, and not by written consent, by the affirmative vote of the holders of at least two-thirds of our outstanding voting shares that is not owned by the interest shareholder;
- the shareholder was or became an interested shareholder prior to the closing of this offering;
- a shareholder became an interested shareholder inadvertently and (i) as soon as practicable divested itself of ownership of sufficient shares so that the shareholder ceased to be an interested shareholder; and (ii) would not, at any time within the three-year period immediately prior to a business combination between us and such shareholder, have been an interested shareholder but for the inadvertent acquisition of ownership; or
- the business combination is proposed prior to the consummation or abandonment of and subsequent to the earlier of the public announcement or the notice required under our amended and restated articles of incorporation which (i) constitutes one of the transactions described in the following sentence; (ii) is with or by a person who either was not an interested shareholder during the previous three years or who became an interested shareholder with the approval of the board; and (iii) is approved or not opposed by a majority of the members of the board of directors then in office (but not less than one) who were directors prior to any person becoming an interested shareholder during the previous three years or were recommended for election or elected to succeed such directors by a majority of such directors.

The proposed transactions referred to in the preceding sentence are limited to:

- a merger or consolidation of us (except for a merger in respect of which, pursuant to the BCA, no vote of our shareholders is required);
- a sale, lease, exchange, mortgage, pledge, transfer or other disposition (in one transaction or a series of transactions), whether as part of a dissolution or otherwise, of assets of us or of any direct or indirect majority-owned subsidiary of ours (other than to any direct or indirect wholly-owned subsidiary or to us) having an aggregate market value equal to 50% or more of either the aggregate market value of all of our assets determined on a consolidated basis or the aggregate market value of all the outstanding shares; or
- a proposed tender or exchange offer for 50% or more of our outstanding voting shares.
