Item 1.01. Entry into a Material Definitive Agreement

On June 19, 2007, Quest Diagnostics Incorporated (the Company) and certain of the Company s subsidiaries (the Guarantors) entered into an underwriting agreement (the Underwriting Agreement) with Morgan Stanley & Co. Incorporated, Banc of America Securities LLC, Merrill Lynch, Pierce Fenner & Smith Incorporated (the Underwriters), to sell \$375,000,000 aggregate principal amount of the Company s 6.40% Senior Notes due 2017 (the Notes due 2017) and \$425,000,000 aggregate principal amount of the Company s 6.95% Senior Notes due 2037 (the Notes due 2037) and, together with the Notes due 2017, the Notes) and the guarantees of the Notes (the Guarantees) in an offering registered pursuant to the Securities Act of 1933, as amended. The Company completed the sale of the Notes to the Underwriters on June 22, 2007 with net proceeds to the Company of \$788,300,000. The Underwriting Agreement contains customary terms and conditions.

The Company will pay interest on the Notes on July 1 and January 1 of each year, beginning on January 1, 2008. The Notes due 2017 will mature on July 1, 2017. The Notes due 2037 will mature on July 1, 2037. The Notes are senior unsecured obligations of the Company and will rank equally with the Company s other and future senior unsecured obligations. Each Guarantee will be a senior unsecured obligation of the Guarantor issuing such Guarantee and will rank equally with other existing and future senior unsecured obligations of such Guarantor. The Company may redeem some or all of the Notes of each series, at any time, at applicable redemption prices. The Notes will not be entitled to the benefit of any sinking fund.

The Notes were issued pursuant to an indenture dated as of June 27, 2001 among the Company, the guarantors (as defined therein) and The Bank of New York, as trustee (the Trustee), as supplemented by the first through ninth supplemental indentures of various dates, among the Company, the Trustee, and the subsidiary guarantors party thereto and further supplemented by a tenth supplemental indenture dated June 22, 2007 (collectively, the Indenture) among the Company, the subsidiary guarantors party thereto and the Trustee. The Indenture contains covenants that, among other things, will limit the ability of the Company and the Guarantors to create certain liens; enter into certain sale and leaseback transactions; consolidate; merge or transfer all or substantially all of the Company s assets and the assets of the Company s subsidiaries on a consolidated basis; incur indebtedness of non-guarantor subsidiaries; and make restricted payments to certain non-guarantor subsidiaries. The Indenture provides for customary events of default. Upon a change of control triggering event (as defined in the Indenture), the Company will be required to make an offer to purchase the Notes at a price equal to 101% of their principal amount plus accrued and unpaid interest to the date of repurchase. In addition, the Company may redeem the Notes at any time at the redemption prices described in the Notes.

Effective as of June 22, 2007, the Company and certain subsidiaries of the Company acquired in the HemoCue and AmeriPath acquisitions (the Additional Subsidiaries), and the Trustee entered into the eleventh supplemental indenture to the Indenture. The eleventh supplemental indenture supplements the Indenture and adds the Additional Subsidiaries as Additional Subsidiary Guarantors to the outstanding notes previously issued under the Indenture with the same force and effect as if originally named as Subsidiary Guarantors.

Effective as of June 25, 2007, the Company, MedPlus, Inc. (MedPlus), AmeriPath Group Holdings, Inc., AmeriPath Holdings, Inc. and AmeriPath Intermediate Holdings, Inc.

(collectively, AmeriPath Holding Companies) and the Trustee, entered into the twelfth supplemental indenture to the Indenture. The twelfth supplemental indenture supplements the Indenture and adds MedPlus as an Additional Subsidiary Guarantor with respect to the Company's Notes due 2017 and Notes due 2037; and adds the AmeriPath Holding Companies as Additional Subsidiary Guarantors to all outstanding notes issued under the Indenture with the same force and effect as if originally named as Subsidiary Guarantors. As a result of a previous supplemental indenture, MedPlus was already an Additional Subsidiary Guarantor with respect to the outstanding notes previously issued under the Indenture.

After giving effect to the tenth, eleventh and twelfth supplemental indentures, all of the outstanding notes issued by the Company pursuant to the Indenture, as well as the Company's borrowings under its bank credit facility will have been guaranteed by the same subsidiaries of the Company.

The foregoing descriptions of the Underwriting Agreement and the Indenture do not purport to be complete and are qualified in their entirety by reference to the text of the applicable agreement, each of which is included as an exhibit to this Current Report on Form 8-K and incorporated by reference herein.
