PART I

ITEM 1. DESCRIPTION OF BUSINESS

Lumalite Holdings, Inc. ("Lumalite Holdings," the "Company," "we," and "us"), formally Consil Corp., was originally formed to hold certain mineral properties in Shoshone County, Idaho known as the "Silver Summit mine." In 1995, our stockholders approved the sale of our interest in the Silver Summit mine and adjacent mining properties to Sunshine Precious Metals, Inc. for a cash payment of \$750,000 plus a variable production royalty tied to the price of silver. In 2000, Sunshine filed for bankruptcy under Title 11 Chapter 11 of the U.S. Code and shut down operations at the Sunshine Mine.

Following the sale of the Silver Summit mine in 1995, we were actively involved in mineral exploration and acquisition activities, primarily in Mexico. These activities were unsuccessful and, beginning in the fourth quarter of 1997 and continuing through late 2001, we engaged in no active business operations, had no employees and maintained only minimal accounting, management and officer functions.

Beginning in late 2001 and continuing through early 2002, we entered into a series of transactions that resulted in our resuming business operations, although in a significantly different industry than the traditional industries in which we have operated. Those transactions, which are described in more detail below, include the following transactions:

- o In December 2001, we entered into a merger agreement with Lumalite, Inc. ("Lumalite"). Lumalite is a California corporation that develops and manufactures dental products.
- o In early January 2002, we completed a private placement of

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

shares with three accredited investors for \$500,000.

- o In March 2002, our stockholders approved, and in April 2002 we effected, a number of corporate actions that our management believes will enhance our business operations following the merger with Lumalite. Those actions included changing our corporate name from "Consil Corp." to "Lumalite Holdings, Inc.", effecting a 25 for 1 reverse split of our outstanding shares of common stock, amending and restating our articles and bylaws and moving our state of incorporation from Idaho to Nevada.
- o In connection with our merger with Lumalite, we converted a significant amount of our debt into shares of our common stock and one of our principal shareholders contributed its holdings to our capital. Our management believes these actions had a beneficial effect on our financial position.

THE YEAR 2002 OPERATIONS

THE MERGER

In January 2002, we entered into an Agreement and Plan of Merger with LumaLite, Consil Merger Corp., a Nevada corporation that we formed as a wholly-owned subsidiary to effect the

merger, and certain shareholders of LumaLite. Under the terms of the merger agreement, Consil Merger Corp. merged with and into LumaLite, with LumaLite surviving the merger and becoming our wholly-owned subsidiary. The merger was completed during April 2002.

Upon completion of the merger, all of the issued and outstanding shares of common stock of LumaLite were cancelled and converted into and became a right to receive, in the aggregate, 17,800,000 post-reverse split shares (as described below) of our common stock. In connection with the merger, we assumed all of the then outstanding options (whether vested or un-vested) to purchase LumaLite's common stock and we have reserved an aggregate of 98,298 post-reverse split shares of our common stock for issuance under the options. The 17,800,000 post-reverse split shares of common stock issued to the LumaLite stockholders in the merger collectively represent approximately 62.46% of our voting stock. As a result, if the LumaLite stockholders act in concert, they will have significant control over our business and operations, including the right to elect our Board of Directors.

In connection with the merger, our sole director appointed four nominees of LumaLite to fill the existing vacancies on our Board of Directors and then resigned as a member of our board. The four new directors are named, and their backgrounds are described, in the section entitled "Directors, Executive Officers, Promoters and Control Person; Compliance with Section 16(a) of the Exchange Act," below.

LumaLite was incorporated in California in June 1999 to develop, manufacture and sell advanced medical devices for the dental industry that use its proprietary technology. LumaLite's current business consists of selling teeth-whitening systems and whitening gels to dentists through a nation-wide and international system of distributors. LumaLite's business will constitute our

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

primary business operations for the foreseeable future.

Dental patients interested in whitening their teeth have several options, including home-bleaching techniques and "power bleaching" techniques provided in dentists' offices. For at-home bleaching, the dentist provides the patient with a special custom-fitted bleaching tray and a bleaching or whitening gel. The patient then wears the gel for a few hours each day for up to two weeks. Power bleaching, which is considered to be superior to at-home bleaching, is generally done at a dentists' office using a system that allows maximum contact for the bleaching gel with the teeth, while minimizing the gel's contact with the mouth's soft tissue. Power bleaching is often combined with applications of heat and/or light, which activates the solution used for the whitening process. Lumalite's products are primarily power bleaching products marketed to dentists and, under normal office conditions, provide what Lumalite considers to be a significant whitening effect during each office visit.

In the fourth quarter of 2000, Lumalite introduced the LumaArch™, a tooth whitening system that takes approximately 30 to 40 minutes to simultaneously whiten both upper and lower teeth, which is approximately one-half the time that its primary competitor's technology takes. The LumaArch uses LumaLite's patented liquid light technology and special optics to provide what LumaLite believes is a highly reliable in-office teeth whitening system at a relatively low cost. LumaLite's principal competitors include BriteSmile (which markets in-office teeth whitening products through a system of affiliated dental offices), Discus Dental (which markets both in-office and home whitening products) and Den-Mart, Inc. (which offers teeth whitening and other dental products for dentists).

LumaLite's current business strategy is comprised of four elements: (i) an internal effort to

develop product line extensions to take advantage of existing distribution channels; (ii) potential acquisition of targeted companies and/or assets to enhance its existing products and technology; (iii) accessing public capital markets with a view to more effectively expanding its business and providing greater liquidity for its present shareholders and potential investors; and (iv) seeking new business opportunities in the dental and medical device and instrumentation industries.

LumaLite's audited financials for the period ended December 31, 2002 show revenues of \$2,099,944 for the year ended December 31, 2001 and \$4,020,359 for the year ended December 31, 2001. Pre-tax net income (loss) for the years ended December 31, 2002 and 2001 were (\$535,617) and \$688,013, respectively. Despite having commenced operations and having revenue, LumaLite may be considered to be an early operational stage and, therefore, subject to risk factors that affect any start-up or newly-emerging business. Accordingly, there is no assurance that LumaLite will achieve its business strategy.

THE PRIVATE PLACEMENT

In January 2002, we completed a private placement of 12,500,000 shares of our common stock with three accredited investors for an aggregate purchase price of \$500,000. Following the reverse split of our common stock, as described below, the three accredited investors hold a total of 500,000 post-reverse split shares of our common stock. We believe the placement qualified for the exemption from registration provided under ss. 4 (2) of the Securities Act of 1933, as amended.

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

The proceeds from the placement of the 12,500,000 shares of common stock were placed in escrow. Under the terms of the escrow, \$100,000 was released to us on the execution of the escrow agreement, which occurred on January 7, 2002, and the balance of the escrow funds were released to us in March and April 2002. The escrowed amounts used primarily to pay costs and expenses associated with our merger with LumaLite and for general corporate expenses and working capital.

OUR NAME CHANGE AND THE REVERSE SPLIT

On April 11, 2002, we amended our Articles of Incorporation to change our name from "ConSil Corp." to "LumaLite Holdings Inc." The purpose of this amendment was to reflect the scope and type of our business activities following the completion of the merger. At the same time, we effected a reduction in our outstanding capitalization by effecting a "reverse split" pursuant to which we issued one share of our common stock in exchange for every twenty-five (25) outstanding shares of our common stock. As a result of the reverse split, the pre-merger number of issued and outstanding shares of our common stock was reduced from 21,949,707 shares to approximately 877,988 shares. The rights and preferences of our common stock were not modified or amended in connection with the reverse split.

THE AMENDMENT AND THE RESTATEMENT OF OUR ARTICLES OF INCORPORATION AND BYLAWS

In connection with the merger with LumaLite, we adopted new Articles of Incorporation and Bylaws with the intent of "modernizing" our Article of Incorporation and Bylaws, and providing provisions in those documents which are normally found in charter documents for public corporations (including such matters as the use of teleconferencing, facsimile and telephone devices and public trading securities procedures).

OUR CHANGE OF DOMICILE

On April 11, 2002, we changed our state of incorporation from Idaho to Nevada. In connection with the change of domicile, we adopted a new certificate of incorporation and bylaws essentially identical (except for required state-law imposed changes) to the amended Articles of Incorporation and Bylaws described above.

The change in domicile effected a change only in our legal domicile. It did not result in any change in our business, our management, the location of our principal facilities, our fiscal year, or our assets or liabilities or, except to the extent of any difference between Idaho and Nevada law, the general legal principals under which we will operate. For a comparison of the differences between Idaho and Nevada corporate law provisions, see the summary of those changes set forth in our proxy statement on Schedule 14A filed with the Securities and Exchange Commission on February 21, 2002.

THE DEBT CONVERSION

In June 1996, we entered into a loan agreement with Hecla Mining Company, our former principal shareholder. The original principal amount of the loan was \$725,000 and we amended the agreement several times to extend the due

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

date of the loan. In July 2001, Hecla assigned its interest in the loan. Upon the effectiveness of the merger, the current holders of the debt converted the principal amount of the debt, plus accrued interest, into 10,118,744 post-reverse split shares of our common stock. Those shares represent approximately 35.5% of our outstanding common stock on a post-reverse split and post-merger basis, although none of the holders will individually hold 10% or more of our common stock.

CONTRIBUTION OF SHARES

In connection with the merger, Lincoln Properties Ltd L.C., one of our principal stockholders prior to the private placement, the reverse split and the merger, contributed its shares of common stock back to us. Lincoln Properties held and contributed a total of 296,732 post-reverse split shares of our common stock.

OUR CORPORATE STRUCTURE

We conduct our business operations through a parent corporation, LumaLite Holdings, Inc. (formally ConSil Corp.), and our wholly-owned subsidiaries, LumaLite, Inc. and Minera ConsSil, S.A. de C.V. Minera has no assets and conducts no operations. Our parent corporations's assets primarily consist of its direct interest in our wholly-owned subsidiaries. Our operations are primarily conducted through our LumaLite, Inc. subsidiary.

Our principal operating office is located at 2810 Via Orange Way, Suite B, Spring Valley, California, and our telephone number there is (800) 400-2262.

Our worldwide website is located at www.luma-lite.com. The information on that site is not part of this report. Our logo and certain titles and logos for our services are our property. Each trademark, trade-name or service mark of any other company appearing in this report belongs to its holder. We have previously reported some of the information regarding the transactions and operations set forth in this report in greater detail in other reports we have filed with the Securities and Exchange Commission, including in reports described below in the section entitled "Reports on

Form 8-K" and our proxy statement on Schedule 14(a) filed February 21, 2002. You should read the information in this report in connection with those reports and filings which are incorporated herein by this reference.

COMPETITION

The Company expects to encounter substantial competition in its efforts to locate attractive opportunities, primarily from business development companies, venture capital partnerships and corporations, venture capital affiliates of large industrial and financial companies, small investment companies, and wealthy individuals. Many of these entities will have significantly greater experience, resources and managerial capabilities than the Company and will therefore be in a better position than the Company to obtain access to attractive business opportunities.

EMPLOYEES

The Company's employees at the present time consist of 12 full time employees, none of whom are represented by a union.

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

ITEM 2. DESCRIPTION OF PROPERTY

LumaLite's principal business operations are conducted from a leased 6,000 sq. ft. combination administrative, research, manufacturing and warehouse space located in Spring Valley, California. The lease for the property expires in November 2005. We believe the lease is on commercially reasonable terms and that it is adequate for LumaLite's current needs. LumaLite believes there is additional lease space available on commercially reasonable terms in the same general area if it requires additional space for its operations.

LumaLite maintains administrative and manufacturing equipment, as well as supplies and inventory, at its principal business location. Its manufacturing equipment consists primarily of assembly and final-testing machines and equipment. LumaLite has the ability to source its manufacturing equipment and components from a number of equipment vendors. LumaLite believes that all of its manufacturing equipment is in good condition, normal wear and tear excepted.

In connection with our business activities, we have not historically engaged, and do not intend in the future to engage, in any significant investment activities, including investments in real estate or interests in real estate, investments in real estate mortgages or in securities or interests of persons primarily engaged in real estate activities.

ITEM 3. LEGAL PROCEEDINGS

We are not subject to any material actual or pending legal proceedings.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

During the fourth quarter of the fiscal year covered by this report, we did not submit any matter to a vote of our security holders, through the solicitation of proxies or otherwise.

PART II

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Our common stock is traded on the over-the-counter market. Quotations have been published on the OTC Bulletin Board and in the National Quotation Bureau "pink sheets" under the symbol CSLV. Our common stock was listed for trading on the CDNX in Vancouver, British Columbia, Canada, on April 2, 1996 under the symbol CS. In connection with our name change and our merger with LumaLite, our symbol was changed to "LMIT." There has not been an active market for the common stock and the below-described quotations, when available, do not constitute a reliable indication of the price that a holder of the common stock could expect to receive upon sale of any particular quantity thereof.

The following high and low bid information was provided by PC Financial Network. The quotations provided reflect inter-dealer prices, without retail mark-up, mark-down or commission and may not represent actual transactions.

We had 3,223 holders of record of our common stock as of December 31, 2002.

We have not declared or paid dividends since our inception in 1969 and we do not expect to declare or pay dividends in the foreseeable future.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following information should be read in conjunction with the information in Item 7, Financial Statements, and other information regarding our financial performance for the period covered by this report included elsewhere in this report. The following discussions and other parts of this report may contain forward-looking statements that involve risks and uncertainties. Our actual results may differ significantly from the results discussed in those forward-looking statements. Factors that might cause such differences include, but are not limited to, our history of unprofitability and the uncertainty of our profitability, our ability to develop and introduce new services and products, the uncertainty of market acceptance of those services or products, our potential reliance on collaborative industries in which we operate and general economic and business conditions, some or all of which may be beyond our ability to control.

OVERVIEW

We have historically engaged in mining or mining-related activities. We were initially formed to hold certain mining properties known as the Silver Summit Mine, but in 1995 we sold that property to Sunshine Precious Metals, Inc., which filed for Chapter 11 reorganization in 2000 and which has subsequently shut down its operations.

Following the sale of the Silver Summit Mine in 1995, we engaged in mineral exploration and acquisition activities, primarily in Mexico. Those efforts were unsuccessful and during the fourth quarter of 1997 we essentially discontinued all active business operations.

In late 2001, we initiated a number of actions which were intended to (i) modernize our organizational documents, (ii) improve our financial status and (iii) provide us with active ongoing operations, including the merger with LumaLite. As noted above in the section entitled "Business," those actions were completed April 2002. As a result, the financial information set forth in this section relates primarily to our financial condition during a portion of the

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

period that we did not have any active or ongoing business operations.

RESULTS OF OPERATIONS

The following table set forth, for the years ended December 31, 2002 and 2001, certain items from the Company's Condensed Statements of Operations expressed as a percentage of net sales.

	2002	2001
	-----	-----
Sales, Net	100.0%	100.0%

	=====	=====

NET SALES

Net sales for December 31, 2002 compared to December 31, 2001 decreased by approximately \$1,920,000 or 48%. This decrease was due primarily to the lack of new product introductions as well as slowing economy, lack of funding for development and marketing and the distraction of top management to complete the merger with LumaLite.

COST OF SALES

Cost of sales for 2002 decreased approximately \$533,000 or 31% compared to 2001. As a percentage of sales, cost of sales increased 13.4% from 42.4% to 55.8%. This decrease in cost of sales was due to the slowing economy and decreasing sales.

OPERATING EXPENSES

Operating expenses during 2002 decreased approximately \$185,000 or 11.3% compared to 2001 from \$1,640,748 to \$1,455,534. As a percentage of sales, operating expenses increased 28.5% from 40.8% to 69.3%. This decrease in operating expenses is attributable to decreased sales and business activity due

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

to slowing economy.

FINANCIAL CONDITIONS AND LIQUIDITY

For the past several years, we have funded our cash requirements at the parent company level through debt and equity transactions. The proceeds from these transactions were primarily used to fund our exploration activities and, once we ceased active operations, to maintain our limited assets and minimal accounting, management and reporting functions. Our foreign subsidiary interest has been financed by a combination of equity investments and shareholders loans, but since 1997 that funding has been limited to the amounts necessary to maintain that entity's corporate existence and minimal administrative functions.

Our principal source of funding during the past few years has been advances from Hecla Mining Company, which was, until mid-2001, our principal shareholder. In July 2001, Hecla transferred to REA, LLC, all outstanding debt owed to them. As of December 31, 2001, our obligations to REA (including interest) totaled \$971,163. As part of the transactions related to the merger with LumaLite, REA agreed to convert the outstanding debt into equity. See "Business" above.

As of December 31, 2002, we had current assets of \$757,000, compared to \$1,293,000 of current liabilities. Our operations did not generate any cash flow (other than minimal interest income from investments of our cash), and that cash flow was marginally sufficient to cover our operational expenses, which provided \$83,000 of cash during the year ended December 31, 2002. The primary use of cash for operating activities was for funding our general and administrative expenses. At December 31, 2002, we had a stockholders deficit totaling \$227,000.

In late 2001, our management began actively pursuing a number of strategies to either increase our cash flow from operations or to provide working capital for our ongoing operations. These strategies included:

- o The sale of equity securities;
- o Extending or modifying repayment terms of the Hecla indebtedness;
- o Incurring additional debt;
- o Reduction in capital expenditures and control of operating expenses;
- o A merger, strategic relationship or other transaction.

Absent the infusion of either debt or equity financing, substantial reductions in our operating expenses and/or a merger or strategic relationship with a third party, management believes we would not have continued as a going concern.

In late 2001, our management began negotiations with LumaLite regarding a potential merger or other transaction. As noted above in the section entitled "Business" in late December 2001, we entered into a merger agreement with LumaLite and closed that transaction the week of April 15, 2002. As a result of the consummation of the merger and the acquisition of LumaLite's ongoing business operations, we believe that our options to acquire additional debt or equity financing will be enhanced.

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

To the extent we acquire the amounts necessary to fund our ongoing business plan through the issuance of equity securities, our shareholders may experience dilution in the value per share of their equity securities. The acquisition of funding through the issuance of debt could result in a substantial portion of our cash flow from operations being dedicated to the payment of principal and interest on that indebtedness, and could render us more vulnerable to competitive pressures and economic downturns. There are no assurances that our subsidiaries will be able to obtain the financing required to make planned capital expenditures, provide working capital or meet other cash needs on terms which are economically acceptable to us.

CRITICAL ACCOUNTING POLICIES

Our critical accounting policies are those which we believe require significant judgements, often as a result of the need to make estimates about the effect of matters that are inherently uncertain. A discussion of our critical accounting policies is set forth in the Notes to our Financial Statements included as part of this Report.

RECENTLY ISSUED FINANCIAL ACCOUNTING STANDARDS

From time to time, the Financial Accounting Standards Board ("FASB") issues pronouncements regarding financial accounting standards, including standards regarding accounting and reporting standards for business combinations and other matters. For more information regarding the significant accounting policies and standards applicable to our operations, see the Notes to the Financial Statements.

OPERATIONS

The Company intends to seek, investigate and, if such investigation warrants, acquire an interest in one or more business opportunities presented to it by persons or firms who or which desire to seek perceived advantages of a publicly held corporation.

The Company will not restrict its search to any specific business, industry or geographical location, and the Company may participate in a business venture of virtually any kind or nature. The discussion of the proposed business under this caption and throughout is purposefully general and is not meant to be restrictive of the Company's virtually unlimited discretion to search for and enter into potential business opportunities.

The Company may obtain funds in one or more private placements to finance the operation of any acquired business, if necessary. Persons purchasing securities in these placements and other shareholders will likely not have the opportunity to participate in the decision relating to any

acquisition. The Company's proposed business is sometimes referred to as a "blind pool" because any investors will entrust their investment monies to the Company's management before they have a chance to analyze any ultimate use to which their money may be put. Consequently, the Company's potential success is heavily dependent on the Company's management, which will have unlimited discretion in searching for and entering into a business opportunity. There can be no assurance that the Company will be able to raise any funds in private placement.

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

NEED FOR ADDITIONAL FINANCING

The Company believes that its existing capital will be insufficient to meet the Company's cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934, as amended, for the coming year. There is no assurance, however, that the available funds will ultimately prove to be adequate to allow it to complete a business combination, and once a business combination is completed, the Company's needs for additional financing are likely to increase substantially.

FEDERAL INCOME TAX ASPECTS OF INVESTMENT IN THE COMPANY

The discussion contained herein has been prepared by the Company and is based on existing law as contained in the Code, amended United States Treasury Regulations ("Treasury Regulations"), administrative rulings and court decisions as of the date of this Annual Report. No assurance can be given that future legislative enactments, administrative rulings or court decisions will not modify the legal basis for statements contained in this discussion. Any such development may be applied retroactively to transactions completed prior to the date thereof, and could contain provisions having an adverse affect upon the Company and the holders of the Common Stock. In addition, several of the issues dealt with in this summary are the subjects of proposed and temporary Treasury Regulations. No assurance can be given that these regulations will be finally adopted in their present form.

FORWARD LOOKING STATEMENT

This Management's Discussion and Analysis of Financial Condition and Results of Operations includes a number of forward-looking statements that reflect Management's current views with respect to future events and financial performance. Those statements include statements regarding the intent, belief or current expectations of the Company and members of its management team as well as the assumptions on which such statements are based. Prospective investors are cautioned that any such forward-looking statements are not guarantees of future performance and involve risk and uncertainties, and that actual results may differ materially from those contemplated by such forward-looking statements. Readers are urged to carefully review and consider the various disclosures made by the Company in this report and in the Company's other reports filed with the Securities and Exchange Commission. Important factors currently known to Management could cause actual results to differ materially from those in forward-looking statements. The Company undertakes no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes in the future operating results over time. The Company believes that its assumptions are based upon reasonable data derived from and known about its business and operations and the business and operations of the Company. No assurances are made that actual results of operations or the results of the Company's future activities will not differ materially from its assumptions.

ITEM 7. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The financial statements of the Company and supplementary data are included beginning immediately following the signature page to this report. See Item 13 for a list of the financial statements and financial statement schedules included.

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

We are not generally subject to any foreign currency risk, and we are, in management's opinion, subject to only minimum interest rate risk. Our interest rate risk generally arises from our variable interest rate loans, as described in our Financial Statements below and from fluctuations in interest earnings arising from our limited investment portfolio. As noted above in the section entitled "Business", our debt with Hecla was assigned to third parties and, in connection with the consummation of our merger with LumaLite, was converted into shares of our common stock. With respect to market risk arising from our investment portfolio, we have taken measures which we believe minimize fluctuations in those interest rates. We do not use derivative financial investments in our financial portfolio. Based on the recent actions of the Federal Research Board, our management believes that both interest rates and inflation will be stable for the remainder of 2003. As a result, our management believes that we will suffer minimal market risk from our operations.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

PART III

ITEM 9. DIRECTORS, EXECUTIVE OFFICERS, PROMOTERS AND CONTROL PERSONS

DIRECTORS AND EXECUTIVE OFFICERS.

All directors of our company hold office until the next annual meeting of the shareholders or until their successors have been elected and qualified. The officers of our company are appointed by our board of directors and hold office until their death, resignation or removal from office. As at the date of this annual report, our officers and directors, their ages, positions held and duration of positions held are as follows. Joseph Forehand	47	Director, Vice President of Operations	April 15, 2003

BUSINESS EXPERIENCE

The following is a brief account of the education and business experience during at least the past five years of each director, executive officer and significant employee, indicating the principal occupation during that period, and the name and principal business of the organization in which such occupation and employment were carried out.

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

DR. DALE RORABAUGH. Dr. Rorabaugh joined us in connection with the merger with LumaLite and is the Chairman of our parent corporation's Board of Directors and its Chief Executive Officer. He also serves as C.E.O. and as a director of LumaLite. Dr. Rorabaugh was one of the founders of LumaLite. He was most recently President of the Aurora Group, a company specializing in Research & Development of new products for the medical profession. Prior to that he was President of Eclipse Ventures from 1994-2000, which developed a Corneal Topographer used in Lasik surgery in the ophthalmic industry, prior to this he was President of Dicon where he developed an automated visual field device. The company was sold to Cooper-Vision. Dr. Rorabaugh holds a degree in Physics from the University of Virginia and a Doctor of Optometry degree from the University of California at Berkeley.

MICHAEL JACKSON. Michael Jackson joined us in connection with the merger with LumaLite and is a member of our Board of Directors and our President. He also serves as President and as a director of LumaLite. Before joining LumaLite, Mr. Jackson was most recently Vice President of Marketing and Sales with HGM Medical Laser, a medical sales business. Before that, Mr. Jackson was Vice President of Sales for the Western Region for Kreativ, Inc., a dental sales organization. Mr. Jackson attended Virginia Polytechnic Institution, where he studied engineering.

HANK SCHUMER. Hank Schumer joined us in connection with the merger as our Secretary- Treasurer, Chief Financial Officer, and as a member of its Board of Directors. Mr. Schumer previously was a partner in the Aurora Group and Eclipse Ventures. Mr. Schumer has a Bachelor of Electrical Engineering degree from C.C.N.Y. and a Masters in Business Administration from Drexel Institute of Technology.

JOSEPH FOREHAND. Joined us in connection with the merger as a member of our Board of Directors, and Vice President of Operations. Before joining LumaLite, he was Vice President of Operations at Kreativ, Inc., a dental equipment manufacturing concern. Mr. Forehand attended the University of Alabama, where he studied engineering.

STRUCTURE OF OUR BOARD OF DIRECTORS

At each annual meeting of our shareholders, the directors are elected and hold office for a term expiring at the annual meeting of our shareholders held the next succeeding year, or until their earlier resignation or removal. Our Certificate of Incorporation provides that our directors may be removed only for cause, and only by the affirmative vote of the holders of two-thirds of the common shares entitled to vote at a meeting of our shareholders.

During 2002, our Board of Directors consisted of four persons. We did not have any standing committees. Our directors did not receive cash compensation for serving on our Board (or any committee of our Board), or for any other services they provide to us in their capacity as directors. They are, however, entitled to reimbursement for expenses they incur in connection with attending Board or Committee meetings.

LIMITATIONS OF LIABILITY AND INDEMNIFICATION

Our certificate of incorporation limits the personal liability of our directors and officers for monetary damages to the maximum extent permitted by

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

Nevada law. Under Nevada law, those limitations include limitations on monetary damages for any action taken or failed to be taken as an officer or director, except for an act or omission that involves intentional misconduct or a knowing violation of the law, or payment of proper distributions. Nevada law also permits a corporation to indemnify any current or former director, officer, employee or agent if the person acted in good faith in a manner in which he reasonably believed to be in, or not opposed to, the best interests of the corporation. In the case of a criminal proceeding, the indemnified person must also have had no reasonable cause to believe that his conduct was unlawful.

Our bylaws provide that, to the full extent permitted by our certificate of incorporation and the Nevada Business Corporation Act, we will indemnify, and advance expenses to, our officers, directors and employees in connection with any action, suit or proceeding, civil or criminal, to which those persons are made a party by reason of their being a director, officer or employee. That indemnification is in addition to the advancement of expenses.

At present, we are not involved in any litigation or proceeding involving any director or officer where indemnification by us would be required or permitted.

CONFLICTS OF INTEREST

Certain conflicts of interest existed at December 31, 2002 and may continue to exist between the Company and its officers and directors due to the fact that each has other business interests to which he devotes attention. Each officer and director may continue to do so notwithstanding the fact that management time should be devoted to the business of the Company.

Certain conflicts of interest may exist between the Company and its management, and conflicts may develop in the future. The Company has not established policies or procedures for the resolution of current or potential conflicts of interests between the Company, its officers and directors or affiliated entities. There can be no assurance that management will resolve all conflicts of interest in favor of the Company, and failure by management to conduct the Company's business in the Company's best interest may result in liability to the management. The officers and directors are accountable to the Company as fiduciaries, which means that they are required to exercise good faith and integrity in handling the Company's affairs. Shareholders who believe that the Company has been harmed by failure of an officer or director to appropriately resolve any conflict of interest may, subject to applicable rule of civil procedure, be able to bring a class action or derivative suit to enforce their rights and the Company's rights.

COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT.

Section 16(a) of the Securities Exchange Act of 1934, or the "Exchange Act," requires our executive officers and directors, and persons who own 10% or more of a registered class of our equity securities (all of whom we refer to collectively as "reporting persons") to file reports of ownership and changes in ownership with the Securities and Exchange Commission if we and our equity securities meet certain requirements. We have not received copies of filings on forms 3, 4 or 5 for any such reporting person for the year ended December 31, 2002.

ITEM 10. EXECUTIVE COMPENSATION

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

Prior to the merger, LumaLite entered into written employment agreements with the four persons named in Item 9 above. Those persons served as LumaLite's executive officers and directors prior to the merger and, with the completion of the merger, also serve as executive officers and directors of our parent corporation.

The employment agreements are all dated effective January 1, 2002 and have initial terms of five years. The agreements are automatically renewable for one-year extension terms, subject to notice by either party of his or its intent to terminate the agreement. The agreements provide for stated base salary amounts (\$120,000 per year in the case of Mr. Jackson, \$130,000 per year in the case of Dr. Rorabaugh, \$120,000 in the case of Mr. Forehand, and \$80,000 in the case of Mr. Schumer), payable in monthly installments. Compensation for any extension terms will be as mutually agreed to by the parties at the beginning of the extension period. The contract may be terminated upon the mutual agreement of the parties, upon the death of the employee or upon LumaLite's dissolution, bankruptcy or receivership.

The contracts do not provide for any "change of control" payments, severance payments or other provisions relating to payments to the employee in the event of any fundamental change in LumaLite's business, operations or ownership. The agreements also do not contain any non-competition, non-solicitation or assignment of inventions provisions, although they do require the employee and LumaLite, during the term of the agreement, to use their best efforts to avoid areas which may involve conflicts of interest between LumaLite and the employee with respect to activities engaged in by the employee.

We have maintained one stock option plan. The LumaLite Holdings, Inc. 2002-2003 Consultants and Employees Stock Option Plan provides for stock-based grants to selected consultants, officers, directors and other key employees. The options have a five or ten-year life. The following summarizes stock option activity during the years ended December 31, 2002 and 2001:

	December 31, 2002		December 31,
	Shares	Exercise Price/Share	Shares
Options outstanding,			
Beginning of period:	98,298	\$0.0292-\$0.117	2,581,496

	-----		-----
Options outstanding,			
End of period:	465,945	\$0.0292-\$0.272	98,298
	=====		=====

Of the aggregate options, 98,298 of the options have a vesting schedule that permits exercise of twenty-five percent of such amount (24,575 options on the date one year from the date of grant and an additional twenty-five percent of such amount on each of the second, third and fourth anniversary dates from the dates of grant (24,575, 24,575 and 24,573 options, respectively).

ITEM 11. SECURITY OWNERSHIP OF BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding beneficial

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

ownership of shares of our common stock by (i) each person known by us to own more than 5% of our outstanding

common stock, (ii) each of our directors and, (iii) all of our executive officers and directors as a group. Except as noted, each person has sole voting and sole investment or dispositive power with respect to the shares shown. The information presented is based on information as of December 31, 2002, and is based on 28,964,234 outstanding shares of common stock. The inclusion of any shares of common stock as "beneficially owned" in this chart does not constitute an admission of actual beneficial ownership (which is a broad definition under the securities laws) of those shares. Unless otherwise indicated, each person is deemed to beneficially own any shares issuable on exercise of stock options or warrants held by that person that are currently exercisable or become exercisable within 60 days after the record date:

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During the third quarter of 2000, Helca forgave \$248,897 of our accounts payable to Helca Mining Company and Minera Helca, S.A. de C.V. (Helca's wholly owned subsidiary). We recorded the forgiveness of the accounts payable as an equity contribution.

LumaLite Holdings, Inc. (formerly Consil Corp.) And LumaLite, Inc., a California corporation, developers and marketers of medical products for the dental industry, a wholly owned subsidiary of LumaLite Holdings, Inc., concluded an Exchange Agreement on March 14th, 2003 which effectively returns LumaLite,

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

Inc. to a non-public entity. This action was taken due to the fact

that LumaLite Holdings, Inc. was unable to raise the capital necessary to properly fund LumaLite, Inc. and establish a liquid market for the LumaLite Holdings, Inc.'s stock. As a result, LumaLite, Inc. has incurred substantial debt that in turn is having an adverse effect on the market for the LumaLite Holdings, Inc.'s stock. The terms of the Exchange Agreement may be summarized as follows:

Both parties desire to cause a divestiture of LumaLite, Inc. from LumaLite Holdings, Inc. by exchanging the shares of LumaLite, Inc. held by LumaLite Holdings, Inc. for all of the outstanding shares of LumaLite Holdings, Inc. stock held by shareholders of LumaLite, Inc. prior to the merger, who desire to exchange such stock.

1. The shares of stock of LumaLite, Inc. held by LumaLite Holdings, Inc. shall be cancelled..
2. LumaLite, Inc. agrees to the return and cancellation of any shares of stock in LumaLite Holdings, Inc. which were delivered to shareholders of LumaLite, Inc. who consent to have their shares of LumaLite Holdings, Inc. stock exchanged for LumaLite, Inc. shares. LumaLite, Inc. will deliver at least 80% of the shares held by shareholders of LumaLite, Inc. prior to the merger who received shares of LumaLite Holdings, Inc. subsequent to the merger.
3. LumaLite, Inc. agrees to assume all debts of LumaLite, Inc. with certain minor exceptions.

ITEM 14. CONTROLS AND PROCEDURES

The Company's Chief Executive Officer and Chief Financial Officer have concluded, based on an evaluation conducted within 90 days prior to the filing date of this annual report on Form 10-KSB, that the Company's disclosure controls and procedures have functioned effectively so as to provide those officers the information necessary whether:

(i) this annual report on Form 10-KSB contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this annual report on Form 10-KSB, and

(ii) the financial statements, and other financial information included in this annual report on Form 10-KSB, fairly present in all material respects the financial condition, results of operations and cash flows of the Company as of, and for, the periods presented in this annual report on Form 10-KSB.

There have been no significant changes in the Company's internal controls or in other factors since the date of the Chief Executive Officer's and Chief Financial Officer's evaluation that could significantly affect these internal controls, including any corrective actions with regards to significant deficiencies and material weaknesses.

INDEPENDENT ACCOUNTANTS' REPORT

LumaLite Holdings, Inc.

We have audited the accompanying consolidated balance sheets of LumaLite Holdings, Inc. as of December 31, 2002 and 2001, and the related consolidated statements of operations, cash flows, and stockholders' equity (deficit) for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the December 31, 2002 and 2001 consolidated financial statements referred to above present fairly, in all material respects, the financial position of LumaLite Holdings, Inc. as of December 31, 2002 and 2001, and the results of its operations and its cash flows for the years then ended in conformity with generally accepted accounting principles in the United States of America.

LUMALITE HOLDINGS, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2002 AND 2001

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

This summary of accounting policies for LumaLite Holdings, Inc. (the "Company" or "LHI") is presented to assist in understanding the Company's financial statements. The accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Organization and Basis of Presentation

The accompanying consolidated financial statements include the accounts of the Company and its wholly owned subsidiary LumaLite, Inc. "(LLI)" During the year ended December 31, 2001, the Company had no operations under its prior name, Consil Corporation. On April 10, 2002, the Company changed its name to LumaLite Holdings, Inc. and through a series of transactions, reincorporated in Nevada from Idaho. On April 16, 2002, the Company closed on a transaction with LLI whereby LLI merged into Consil Merger Corporation, a wholly owned subsidiary of the Company, in a "reverse merger" such that LLI was the surviving corporation and wholly owned by the Company.

Nature of Business

LHI and its subsidiary are in the business of developing, manufacturing and selling advanced medical devices for the dental industry that use the Company's proprietary technology. LHI and its subsidiary operate from its sole location in Spring Valley, California..

Principles of Consolidation

The consolidated financial statements for the years ended December 31, 2002 and 2001 include the accounts of the parent entity and its wholly owned subsidiary LLI.

All significant intercompany balances and transactions have been eliminated.

Pervasiveness of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made in the 2001 financial statements to conform with the 2002 presentation.

Depreciation and Amortization

Fixed assets are stated at cost. Depreciation is calculated using the 200 percent declining balance and straight-line methods over the estimated useful lives of the assets as follows:

Asset	Rate
Manufacturing equipment	7 years
Demo equipment	7 years
Computer equipment	5 years
Furniture & fixtures	7 years
Test equipment	7 years

Maintenance and repairs are charged to operations; betterments are capitalized. The cost of property sold or otherwise disposed of and the accumulated depreciation thereon are eliminated from the property and related accumulated depreciation accounts, and any resulting gain or loss is credited or charged to income.

Licensing Rights are being amortized over the life of the license agreement.

Inventories

Inventories are stated at lower of cost or market, with cost determined on the first-in, first-out method.

Inventories consist of:

	Year Ended December 31, 2002	2001
Finished Goods	\$ 151,154	\$ 112,543
Raw Materials	208,740	204,164
Total Inventory	\$ 359,894	\$ 316,707
	=====	=====

Concentrations of Credit Risk

The Company has no significant off-balance-sheet concentrations of credit risk such as foreign exchange contracts, options contracts or other foreign hedging arrangements. The Company maintains the majority of its cash balances with two financial institutions, in the form of demand deposits.

Loss per Share

The reconciliations of the numerators and denominators of the basic loss per share computations are as follows:

	Income (Numerator)	Shares (Denominator)

For the Year Ended December 31		

BASIC EARNINGS PER SHARE		
Income to common shareholders	\$ (432,165)	28,964,234
	=====	=====
For the Year Ended December 31		

BASIC LOSS PER SHARE		
Loss to common shareholders	\$ 403,981	17,800,000
	=====	=====

The effect of outstanding common stock equivalents would be anti-dilutive for December 31, 2002 and are thus not considered. Options to purchase 98,298 shares of common stock were outstanding during December 31, 2001 but were not included in the computation of diluted Earnings Per Share because the options' exercise price was greater than the average market price of the common shares.

Income Taxes

The Company accounts for income taxes under the provisions of SFAS No. 109, "Accounting for Income Taxes." SFAS No. 109 requires recognition of deferred income tax assets and liabilities for the expected future income tax consequences, based on enacted tax laws, of temporary differences between the financial reporting and tax bases of assets and liabilities.

As of December 31, 2002, the Company had a net operating loss carryforward for income tax reporting purposes of approximately \$1,181,000 that may be offset against future taxable income through 2022. Current tax laws limit the amount of loss available to be offset against future taxable income when a substantial change in ownership occurs. Therefore, the amount available to offset future taxable income may be limited. Accordingly, the potential tax benefits of the loss carryforwards are offset by a valuation allowance of the same amount. Carryback of net operating losses resulted in a tax benefit of \$103,000.

At December 31, 2001 there were no deferred taxes resulting from temporary differences in the recognition of income and expenses for income tax reporting and financial statement reporting purposes. The tax expense consists of Federal tax \$224,000 and California State tax \$59,000.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents to the extent the funds are not being held for investment purposes.

Revenue recognition

Revenue is recognized from sales of product at the time of shipment to customers.

Advertising Expense

Advertising costs are expensed when the services are provided.

NOTE 2 - STOCK OPTIONS

The options have a five or ten-year life. The following summarizes stock option activity during the years ended December 31, 2002 and 2001:

	December 31, 2002		December 31,
	Shares	Exercise Price/Share	Shares
Options outstanding,			
Beginning of period:	98,298	\$0.0292-\$0.117	2,581,496

NOTE 3 - ECONOMIC DEPENDENCE

The Company does not utilize any specialized raw materials and as such any and all materials are readily available. The Company is not aware of any problem that exist at present time or that is projected to occur within the near future that will materially affect the source and availability of raw materials, which would be required by the Company. The Company acquires approximately 5% of the products it produces and markets from a single supplier. Although there are other suppliers, a change in suppliers would cause a delay in the production process, which could ultimately affect operating results.

NOTE 4 - RELATED PARTY TRANSACTIONS

Notes payable to related parties are as follows:

	December 31,	
	2002	2001
	-----	-----
Promissory note, repayable to Officers of the Company, due on demand including interest at 15%, unsecured	\$ 110,000	\$ -
	=====	=====

NOTE 5 - COMMITMENTS

The Company has entered into a lease agreement for its office and warehouse facilities. The rental charges are approximately \$5,426 per month. The lease expires November 30, 2005.

The minimum future lease payments under these leases for the next five years are:

Twelve Months Ended December 31:	Real Property	Equipment
-----	-----	-----
2003	\$ 63,176	-
2004	65,727	-

NOTE 6 - SHORT-TERM LOANS & NOTES PAYABLE

Short-term notes payable consist of an 18 month amortized loan with a bank in the amount of \$100,000 at 7.75% interest which matures January 1, 2004.

NOTE 7 - REVERSE MERGER

In December 2001, the Company entered into an agreement with LLI. Pursuant to which a newly formed wholly owned Company subsidiary merged with and into LLI (the "Merger"). In connection with the Merger, in early January 2002, the Company completed a private placement of 12,500,000 shares of common stock with three accredited investors for an aggregate purchase price of \$500,000. Following the reverse split, as described below, the three accredited investors held 500,000 shares of common stock of the Company. The stock was sold in reliance on the exemption from registration provided under ss. 4(2) of the Securities Act of 1933, as amended. The Proceeds from the private placement were placed in escrow and were used primarily to pay costs and expenses associated with the Merger.

As contemplated by the Merger, in March 2002, the stockholders of the Company approved a 25 for 1 reverse split of its outstanding shares of common stock, amended and restated the Company's articles and bylaws and moved the state of incorporation from Idaho to Nevada. The Company also changed its name to LumaLite Holdings, Inc. and, through a series of transactions, amended and restated its articles of incorporation and its bylaws. On April 16, 2002 the Company completed the Merger.

In the Merger, all of LLI's issued and outstanding shares of common stock were cancelled and converted into a right to receive 17,800,000 post reverse split common shares of the Company (approximately 62.46% of the outstanding common stock of the Company following the reverse split of the common shares of the Company).

In connection with the Merger, one of the Company's principal stockholders prior to the Merger, contributed 296,732 post reverse split shares of common stock of the Company, back to the Company and holders of debt in the original amount of \$725,000 converted the principal amount of the debt, plus accrued interest, into 10,118,744 post reverse split shares of common stock of the Company (approximately 35.5% of the outstanding common stock of the Company).

NOTE 8 - DEFAULT ON SALE OF COMMON STOCK

On January 2, 2002, prior to the Merger and pursuant to written agreements for the purchase and sale of stock, LLI sold an aggregate of 502,758 shares of common stock of LLI to five investors for an aggregate purchase price

Edgar Filing: LUMALITE HOLDINGS INC - Form 10KSB

of \$1.5 million. The shares of LLI were issued and in accordance with the stock purchase agreement, the buyers were to pay six equal monthly installments beginning on May 1, 2002. The buyers are in default under the terms of the stock purchase agreements and the Company, after review of the matter, is attempting a settlement with the buyers. Although as of the date of this report, the settlement has not been

completed, it is the Company's intent to complete such a settlement. Accordingly, the Company has not recorded the receivable from the buyers of the \$1.5 million and the corresponding increase to additional paid in capital. However, since the shares of common stock of the Company are issued and outstanding and the Company has not received any consideration for such issuance, the Company has recorded the issuance of 502,758 shares of common stock of the Company and has reduced additional paid in capital in the aggregate amount of \$178, representing the aggregate of the par value of such shares that has not been collected.

NOTE 9 - DIVESTITURE OF LUMALITE, INC.

LumaLite Holdings, Inc. (formerly Consil Corp.) And LumaLite, Inc., a wholly owned subsidiary of LumaLite Holdings, Inc., concluded an Exchange Agreement on March 14th, 2003 which effectively returns LumaLite, Inc. to a non-public entity. This action was taken due to the fact that LumaLite Holdings, Inc. was unable to raise the capital necessary to properly fund LumaLite, Inc. and establish a liquid market for the LumaLite Holdings, Inc.'s stock. As a result, LumaLite, Inc. has incurred substantial debt that in turn is having an adverse effect on the market for the LumaLite Holdings, Inc.'s stock. The terms of the Exchange Agreement may be summarized as follows:

Both parties desire to cause a divestiture of LumaLite, Inc. from LumaLite Holdings, Inc. by exchanging the shares of LumaLite, Inc. held by LumaLite Holdings, Inc. for all of the outstanding shares of LumaLite Holdings, Inc. stock held by shareholders of LumaLite, Inc. prior to the merger, who desire to exchange such stock.

1. The shares of stock of LumaLite, Inc. held by LumaLite Holdings, Inc. shall be cancelled..
2. LumaLite, Inc. agrees to the return and cancellation of any shares of stock in LumaLite Holdings, Inc. which were delivered to shareholders of LumaLite, Inc. who consent to have their shares of LumaLite Holdings, Inc. stock exchanged for LumaLite, Inc. shares. LumaLite, Inc. will deliver at least 80% of the shares held by shareholders of LumaLite, Inc. prior to the merger who received shares of LumaLite Holdings, Inc. subsequent to the merger.
3. LumaLite, Inc. agrees to assume all debts of LumaLite, Inc. with certain minor exceptions.
