## THE COMPANY

SCP Pool Corporation (the *Company*, which may be referred to as *POOL*, *we*, *us* or *our*) was incorporated under the laws of the State of Delaware in 1993 under the name SCP Holding Corp, and in 1995 changed its name to SCP Pool Corporation. POOL, through its subsidiaries, is the world's largest wholesale distributor of swimming pool supplies, equipment and related leisure products. As such, POOL adds considerable value to the swimming pool supply chain by purchasing products from a large number of manufacturers and then distributing the products to a highly fragmented customer base on conditions that are more favorable than these customers could obtain on their own.

We have grown internally through increases in base business sales of 11% in 2003, 10% in 2002 and 3% in 2001. Additionally, since 1999, we have opened 31 new service centers, and expect to continue to open five to ten new service centers each year. Externally, since 1999, we have grown through the successful completion of 15 acquisitions, consisting of 77 service centers (net of service center closings and consolidations).

As of February 13, 2004, we conducted our operations through 198 service centers in North America and Europe. Our primary markets are California, Florida, Texas and Arizona, representing approximately 51% of our net sales.

We operate two national distribution networks: the SCP Distributors network (SCP) and the Superior Pool Products network (SPP). The SCP network consists of 141 service centers and the SPP network consists of 57 service

centers.

We offer more than 91,000 national brand and private label products. We believe that our selection of pool equipment and supplies, chemicals, replacement parts and complementary products is the most comprehensive in the swimming pool industry

We serve nearly 48,000 customers, none of which account for more than 1% of our sales. We primarily serve three types of customers:

- swimming pool remodelers and builders;
- retail swimming pool stores; and
- swimming pool repair and service companies.

SCP Pool Corporation is a Delaware corporation, and the mailing address of our executive offices is 109 Northpark Boulevard, Covington, Louisiana 70433-5001. Our telephone number is (985) 892-5521.

## RISK FACTORS

**An investment in our securities involves significant risks. You should carefully consider the following risk factors before you decide to buy any of our securities. You should also carefully read and consider all of the information we have included, or incorporated by reference, in this prospectus before you decide to buy any of our securities.**

### ***We are susceptible to adverse weather conditions.***

Weather is the principal external factor affecting our business. For example, unseasonably late warming trends can decrease the length of the pool season and unseasonably cool weather or extraordinary rainfall during the peak season can decrease swimming pool use, installation and maintenance.

### ***Our business is highly seasonal.***

In 2003, approximately 66% of our net sales were generated in the second and third quarters of the year, which represent the peak months of swimming pool use, installation, remodeling and repair, and 100% of our operating income was generated in the same period. Our sales are substantially lower during the first and fourth quarters of the year, when we may incur net losses.

### ***Our industry is highly competitive.***

We face competition from both outside our industry with sellers of other leisure product alternatives, such as boats and motor homes, and from within our industry with various regional and local distributors, several companies that distribute swimming pool supplies on a national basis and, to a lesser extent, mass market retailers and large pool supply retailers. New competitors may emerge as there are low barriers to entry in our industry. Our largest geographic markets that we service, such as California, Texas and Florida, also tend to be more competitive than others.

***Our business depends on favorable general economic conditions.***

Our industry is somewhat dependent upon overall economic and market conditions. For example, in economic downturns, the demand for swimming pool or leisure related products may decline as discretionary consumer spending, new housing construction and swimming pool construction decline.

***The nature of our business subjects us to compliance with Environmental, Health, Transportation and Safety Regulations.***

We are subject to regulation under federal, state and local environmental, health, transportation and safety requirements, which govern such things as packaging, labeling, handling, transportation, storage and sale of pool chemicals and other products. Failure to comply with these laws and regulations may result in the assessment of administrative, civil, and criminal penalties or the imposition of injunctive relief. Moreover, compliance with such laws and regulations in the future could prove to be costly, and there can be no assurance that we will not incur such costs in material amounts. These laws and regulations have changed substantially and rapidly over the last 20 years, and we anticipate that there will be continuing changes. The clear trend in environmental, health, transportation and safety regulation is to place more restrictions and limitations on activities that impact the environment, such as the use and handling of chemical substances, and protect the health and safety of individuals. Increasingly, strict restrictions and limitations have resulted in increased operating costs for us and other businesses throughout the United States, and it is possible that the costs of compliance with such laws and regulations will continue to increase. We will attempt to anticipate future regulatory requirements that might be imposed and to plan accordingly in order to remain in compliance with changing regulations and to minimize the costs of such compliance.

***Our business involves fire, safety and casualty risks.***

We store chemicals at our service centers and central stocking locations, including certain combustible, oxidizing compounds. A fire, explosion or flood affecting one of our facilities could give rise to fire, safety and casualty losses and related liability claims. We maintain what we believe is prudent insurance protection.

6

---

However, we cannot guarantee that we will be able to maintain adequate insurance in the future at rates we consider reasonable or that our insurance coverage will be adequate to cover future claims that may arise. Successful claims for which we are not fully insured may adversely affect our working capital and profitability. In addition, changes in the insurance industry have generally led to higher insurance costs and decreased availability of coverage.

***We are vulnerable to the potential difficulties associated with rapid growth.***

We have experienced substantial growth in recent years through acquisitions and the opening of new locations that have increased our size, scope and geographic distribution. While we contemplate continued growth through acquisitions and internal expansion, no assurance can be made as to our ability to:

- penetrate new markets;
- identify appropriate acquisition candidates;
- complete acquisitions on satisfactory terms and successfully integrate acquired businesses;
- obtain financing;
- generate sufficient cash flows to support expansion plans and general operating activities;

- maintain favorable supplier arrangements and relationships; and
- identify and divest assets which do not continue to create value consistent with our objectives.

If we do not manage these potential difficulties successfully, our operating results could be adversely affected.

***As we expand our international operations, we will be subject to additional political, economic and other uncertainties.***

During 2003, international sales accounted for approximately 5% of our total net sales. We anticipate that future international sales will increase and may account for a more significant percentage of our sales. Risks associated with our international operations include:

- political and economic instability;
- export controls;
- foreign government tax policies and regulatory requirements;
- United States and foreign government policy changes;
- convertibility and transferability of international currencies; and
- restrictions on the movement of funds or goods.

Our operations have not yet been affected by such conditions or events, but as our international operations expand, the exposure to these risks will increase.

***We depend on key personnel.***

Our future success depends to a significant extent upon the continued service of our executive officers and other key management and personnel, and on our ability to continue to attract, retain and motivate qualified personnel. The loss of one or more of our key employees or our failure to attract, retain and motivate qualified personnel could have a material adverse effect on our business.

7

---

***We depend on favorable supplier relationships.***

We presently purchase product from over 1,200 manufacturers. Our inability to maintain favorable supplier arrangements and relationships could have a material adverse effect on our business.

***Our industry depends on effective marketing programs.***

Our inability to sufficiently develop effective advertising, marketing and promotional programs to succeed in a weakened national economy and an increasingly competitive marketplace in which we also compete with other luxury product alternatives, could have a material adverse effect on our business. In addition, changes in public and consumer tastes could also have an effect on our business.

***A terrorist attack or the threat of a terrorist attack could have a material adverse effect on our business.***

The terrorist attacks that took place on September 11, 2001, in the U.S. were unprecedented events that have

created many economic and political uncertainties, some of which may materially impact our business. The potential for future terrorist attacks, the national and international responses to terrorist attacks, and other acts of war or hostility have created many economic and political uncertainties, which could adversely affect our business for the short or long-term in ways that cannot presently be predicted.

Equity Incentive Plan. CHS Management paid no consideration to either Mr. Code or Mr. Gotsch for the transfer of such options.

## **PLAN OF DISTRIBUTION**

We are registering for resale 98,646 shares of our common stock on behalf of CHS Management Limited Partnership, and its transferees or other successors in interest that receive the shares as a partnership distribution or other non-sale related transfer from them. Such transferees together with the foregoing named partnership are referred to in this prospectus as the selling stockholders. The selling stockholders may offer and sell shares of common stock from time to time as follows (if at all):

- in transactions otherwise than on exchanges or services or in the over-the-counter market;
- through the writing of options;
- through privately negotiated transactions; or
- through other types of transactions.

In connection with sales of common stock or otherwise, and subject to applicable restrictions under the Securities Exchange Act of 1934, referred to in this prospectus as the Exchange Act, including Regulation M thereunder, the selling stockholders may enter into hedging transactions with broker-dealers or others, who may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling

stockholders also may transfer shares of common stock in other circumstances in which case the transferees or other successors in interest will be the selling stockholders for purposes of this prospectus. The selling stockholders may sell short the common stock in connection with establishing put-equivalent positions permitted under Section 16(c) of the Exchange Act, and may deliver this prospectus in connection with short sales and use the shares of common stock covered by the prospectus to cover these short sales. In addition, any shares of common stock covered by this prospectus that qualify for sale pursuant to Rule 144 or any other available exemption from registration under the Securities Act may be sold under Rule 144 or another available exemption.

---

The selling stockholders have advised us that they expect to sell all of the shares registered hereby in the open market through licensed brokers-dealers upon the payment of standard commissions. We will distribute a prospectus supplement if any other method of distribution is used. Any such prospectus supplement, if required, will set forth the aggregate amount of shares of common stock being offered and the terms of the offering, including the name or names of any underwriters, dealers, brokers or agents, if any, and any discounts, commissions or concessions allowed or reallocated to be paid to brokers or dealers.

The selling stockholders and any other person participating in a distribution of the shares of common stock will be subject to applicable provisions of the Exchange Act, and the rules and regulations under the Exchange Act, including, without limitation, Regulation M which may limit the timing of purchases and sales of shares of common stock by the selling stockholders and any other person participating in the distribution. Furthermore, Regulation M under the Exchange Act may restrict the ability of any person engaged in a distribution of the shares of common stock to engage in market-making activities with respect to the shares of common stock being distributed for a period of up to five business days prior to the commencement of the distribution. All of the foregoing may affect the marketability of the shares of common stock and the ability of any person or entity to engage in market-making activities with respect to the shares of common stock.

All expenses incurred in connection with the registration of the shares, including printer's and accounting fees and the fees, disbursements and expenses of our counsel will be borne by us. Commissions, brokerage fees and discounts, if any, attributable to the sales of the shares of common stock by the selling stockholders will be borne by the selling stockholders. The selling stockholders may agree to indemnify any broker-dealer or agent that participates in transactions involving sales of the shares of common stock against certain liabilities, including liabilities arising under the Securities Act. We and the selling stockholders may be indemnified by the other against liabilities under the Securities Act.

## Item 17. Undertakings.

(a) The registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(A) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(B) To reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement; notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(C) To include any material information with respect to the plan of distribution not previously disclosed in this registration statement or any material change to such information in this registration statement;

provided, however, that paragraphs (a)(1)(B) and (a)(1)(C) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Company's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered herein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

II-2

---

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
