REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To Bunge Savings Plan – Supplement A:

We have audited the accompanying statements of net assets available for benefits of the Bunge Savings Plan – Supplement A (the “Plan”) as of December 31, 2008 and 2007, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2008 and 2007, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule listed in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the basic 2008 financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan’s management. Such supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic 2008 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic 2008 financial statements taken as a whole.

BUNGE SAVINGS PLAN – SUPPLEMENT A

NOTES TO FINANCIAL STATEMENTS

---

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

The Bunge Savings Plan – Supplement A (the “Plan”) is a subplan of the Bunge Savings Plan (the “Savings Plan”), which was established as of April 1, 1996. Prior to January 1, 2004, the Plan was a stand-alone plan known as the Central Soya 401(k) Plan for Hourly Employees. The Savings Plan was amended effective January 1, 2004, to transfer the assets of the Central Soya 401(k) Plan for Hourly Employees to the Savings Plan and master trust. The Savings Plan was further amended to provide that the plan provisions applicable to the participants in the Central Soya 401(k) Plan for Hourly Employees are set forth in a separate subplan known as the Bunge Savings Plan – Supplement A. Effective January 1, 2005, Bunge Limited (the parent of the Plan sponsor) separated the Plan from the Savings Plan.

**Basis of Accounting** — The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

**Investment Valuation and Income Recognition** — Investments in Bunge Limited common shares, common collective trusts, and mutual funds are stated at estimated fair value, which is based on quoted market prices. Purchases and sales of investments are accounted for on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Earnings on investments are allocated to participants based on account balances.

**Administrative Expenses** — Administrative expenses of the Plan are paid by the participants as provided in the Plan document.

**Use of Estimates** — The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Risks and Uncertainties** — The Plan invests in various securities, including mutual funds, common collective trusts, and common stock. These investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

**New Accounting Pronouncements** — The financial statements reflect the prospective adoption of Financial Accounting Standards Board (FASB) Statement No. 157, Fair Value Measurement (SFAS No. 157), as of the beginning of the year ended December 31, 2008 (see Note 9). SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007 and establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. The effect of the adoption of SFAS No. 157 had no impact on the statements of net assets available for benefits and statements of changes in net assets available for benefits.

2. PLAN DESCRIPTION

The Plan is a defined contribution plan designed to qualify under Section 401(k) of the Internal Revenue Code ("IRC") and is administered by the Savings Plan Committee (the "Committee") appointed by the Board of Directors of Bunge North America, Inc. (the "Company"). The Company has appointed Fidelity Management Trust Company ("Fidelity") to serve as recordkeeper, administrator, and trustee of the Plan. The descriptions of Plan terms in the following notes to financial statements are provided for general information purposes only and are qualified in their entirety by reference to the Plan document. Participants should refer to the Plan document for more complete information. All regular hourly employees of Bunge North America (East), L.L.C., whose terms and conditions of employment are subject to a collective bargaining agreement that bargained to participate in the Plan, are eligible participants. Individual accounts are maintained for each Plan participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

3. CONTRIBUTIONS AND WITHDRAWALS

Contribution limits for participants are based on their respective collective bargaining agreements. The total amount which a participant could elect to contribute to the Plan on a pre-tax basis in 2008 and 2007 could not exceed \$15,500. However, in 2008 and 2007, if a participant reached age 50 by December 31 of that year, they were able to contribute an additional \$5,000 "catch up" contribution to the Plan on a pre-tax basis.

The contribution amounts and allocation between pre-tax and post-tax basis of participant accounts are subject to Internal Revenue Service ("IRS") discrimination tests. The participants' contributions, plus any actual earnings thereon, vest immediately.

Participants may elect from a number of investment alternatives for their contributions.

Participants may not withdraw pre-tax contributions except as provided for hardship withdrawals permitted by the Plan. Following normal retirement, participants must withdraw their entire account balances in a lump sum or any other form of payment allowed by the Plan. Withdrawals by participants are recorded upon distribution.

The Plan allows participants the option of making qualified (as defined by the Plan document and the IRC) rollover contributions into the Plan.

4. PARTICIPANT LOANS

Plan participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years with the exception of loans for the purchase of a primary residence, which may have a longer term. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with the prevailing interest rate charged on similar commercial loans by lending institutions as determined by the plan administrator. Loan payments, including interest due, are paid ratably through payroll deductions. Participant loans are valued at the outstanding loan balance. As of December 31, 2008, participant loans bear interest rates from 4.5% to 8.75% and maturities through June 2013.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants will become 100% vested in their accounts.

6.

## FEDERAL INCOME TAX STATUS

The IRS has determined and informed the Plan administrator by a letter, dated February 6, 2003, that the Plan and related trust were designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter (see Note 1). However, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax exempt. Accordingly, no provision for income taxes has been recorded in the Plan's financial statements.

7.

## EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are in shares of funds offered by the Trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. Such investments as of December 31, 2008 are disclosed in the supplemental schedule of assets held for investment purposes.

Personnel and facilities of the Company have been used by the Plan for its accounting and other activities at no charge to the Plan.

8.

- (1) The Plan allows for participants to invest in Bunge Limited common shares. Bunge Limited is the parent company of the sponsoring employer. The Plan held 2,025 and 1,064 common shares of Bunge Limited at December 31, 2008 and 2007, respectively. During 2008 and 2007, the Plan recorded dividend income of \$3,776 and \$579, respectively, and net (depreciation) appreciation in fair value of \$(83,092) and \$51,065, respectively, from Bunge Limited common shares.

## 9. FAIR VALUE MEASUREMENTS

Effective January 1, 2008, the Plan adopted SFAS No. 157, Fair Value Measurements, which provides a framework for measuring fair value.

In accordance with SFAS No. 157, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2008.

Fair Value Measurements at December 31, 2008, Using				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	\$ 1,203,938	\$ -	\$ -	\$ 1,203,938
Interest in Bunge Limited common shares	-	104,818	-	104,818
Participant loans	-	111,899	-	111,899
Total	\$ 1,203,938	\$ 216,717	\$ -	\$ 1,420,655

The Plan has no assets or liabilities carried at Level 3 fair value.

## 10. PLAN TRANSFERS

Certain Plan participants had accounts in another defined contribution plan sponsored by the Company or a company within the same control group. Plan transfers included in the statements of changes in net assets available for benefits reflect transfers made to combine multiple participant accounts into each participant's active account. In addition, if a change in a participant's employment classification

- 7 -

---

occurs during a Plan year (for example, transfer from union to non-union classification), the assets related to such participant would be transferred to the applicable plan within the control group for such participant's new employment status. Such transfer will be made within a reasonable period of time following the change in employment classification. Timing of such transfers may, from time to time, result in Plan payables or receivables in the respective plans.

# 11. ASSET TRANSFER

Effective January 1, 2008, CitiStreet and State Street were terminated as recordkeeper, and administrator and trustee, of the assets related to the Plan, respectively. Fidelity was named as successor recordkeeper, administrator and trustee. The market value of the assets transferred from CitiStreet to Fidelity on January 1, 2008 was as follows:
