**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant**

On December 29, 2009, Piper Jaffray & Co. ( PJ&Co. ), a wholly-owned subsidiary of Piper Jaffray Companies (the Company ) initiated a commercial paper program in the ordinary course of its business to fund a portion of its securities inventories. The maximum amount of senior secured commercial paper notes (the Series A CP Notes ) that may be issued under the program is \$300 million and the Series A CP Notes will be pari passu with other senior indebtedness of PJ&Co. The Series A CP Notes will be issued pursuant to the terms of an Indenture dated as of December 28, 2009 (the Indenture ) between PJ&Co. and The Bank of New York Mellon ( Indenture Trustee ). The Indenture Trustee will also serve as Issuing and Paying Agent for the Series A CP Notes. PJ&Co. is offering the Series A CP Notes only to certain institutional investors satisfying the requirements of the Indenture.

The Series A CP Notes will not be redeemable prior to maturity or subject to voluntary prepayment and will be interest bearing or sold at a discount to par, with maturities ranging from thirty days to two hundred seventy days from date of issuance. The interest rate (or the discount to maturity) will be based on LIBOR (a rate per annum determined by reference to the British Bankers Association Interest Settlement Rates for deposits in dollars offered on the London interbank dollar market) plus an applicable margin. The minimum purchase amount is \$1,000,000, with denominations of \$250,000 and integral multiples of \$5,000 in excess of this denomination. The Series A CP Notes will be issued and purchases will be recorded through the book-entry system of The Depository Trust Company ( DTC ). The face amount of each Series A CP Note will be paid upon maturity in immediately available funds to DTC.

The Series A CP Notes will be secured by a pledge of collateral owned by PJ&Co., as specified and defined in the Indenture ( Collateral ) and a Collateral Account Control Agreement dated as of December 28, 2009 between PJ&Co. and the Indenture Trustee. The Collateral will be maintained by the Indenture Trustee, as securities intermediary, in a control account held for its benefit, as secured party, on behalf of the holders of the Series A CP Notes. PJ&Co. will be required to maintain a level of Collateral in the control account that exceeds the principal amount of the Series A CP Notes outstanding by a percentage determined by the type of eligible collateral pledged on any business day.

The net proceeds (after deducting related issuance expenses) from the sale of Series A CP Notes will be used for general corporate purposes, including working capital.

PJ&Co. is a broker-dealer and its sales representatives will market the Series A CP Notes directly to prospective investors on behalf of PJ&Co. The foregoing description of the Indenture and the Series A CP Notes does not purport to be complete and is qualified in its entirety by reference to the Indenture, a copy of which is filed as Exhibit 10.1 hereto and incorporated by reference in this Current Report on Form 8-K.
