THE COMPANY

Corn Products International, Inc. was incorporated as a Delaware corporation in 1997 and our common stock is traded on the New York Stock Exchange. We manufacture and sell a number of ingredients to a wide variety of food and industrial customers.

We are one of the world's largest corn refiners and a major supplier of high-quality food ingredients and industrial products derived from wet milling and processing of corn and other starch-based materials.

Our consolidated net sales were \$3.67 billion in 2009. Approximately 62 percent of our 2009 net sales were provided from our North American operations, while our South American and Asia/African operations contributed approximately 27 percent and 11 percent, respectively.

Our products are derived primarily from the processing of corn and other starch-based materials, such as tapioca. Corn refining is a capital-intensive, two-step process that involves the wet milling and processing of corn. During the front-end process, corn is steeped in a water-based solution and separated into starch and co-products such as animal feed and corn oil. The starch is then either dried for sale or further processed to make sweeteners and other ingredients that serve the particular needs of various industries.

Our sweetener products include high fructose corn syrup, or HFCS, glucose corn syrups, high maltose corn syrups, caramel color, dextrose, polyols, maltodextrins and glucose and corn syrup solids. Our starch-based products include both industrial and food-grade starches.

Corn Products supplies a broad range of customers in many diverse industries around the world, including the food and beverage, pharmaceutical, paper products, corrugated, laminated paper, textile and brewing industries, as well as the global animal feed and corn oil markets.

We believe our approach to production and service, which focuses on local management and production improvements of our worldwide operations, provides us with a unique understanding of the cultures and product requirements in each of the geographic markets in which we operate, bringing added value to our customers.

Our principal executive offices are located at 5 Westbrook Corporate Center, Westchester, Illinois 60154 and our telephone number is (708) 551-2600.

RISK FACTORS

An investment in our debt securities involves significant risks. Before purchasing any debt securities, you should carefully consider and evaluate all of the information included and incorporated by reference in this prospectus or the applicable prospectus supplement, including the risk factors incorporated by reference herein from our Annual Report on Form 10-K for the year ended December 31, 2009, as updated by subsequent annual, quarterly and other reports and documents we file with the SEC that are incorporated by reference herein or in the applicable prospectus supplement. Our business, financial condition, results of operations or liquidity could be adversely affected by any of these risks.

The risks and uncertainties we describe are not the only ones we face. Additional risks and uncertainties not known to us or that we deem immaterial may also impair our business or operations. Any adverse effect on our business, financial condition, results of operations or liquidity could result in a decline in the value of the debt securities and the

loss of all or part of your investment.

USE OF PROCEEDS

Unless otherwise specified in a prospectus supplement accompanying this prospectus, the net proceeds from the sale of the debt securities to which this prospectus relates will be used for general corporate purposes. General corporate purposes may include repayment of debt, acquisitions, additions to working capital, capital expenditures and investments in our subsidiaries. Net proceeds may be temporarily invested prior to use.

DESCRIPTION OF DEBT SECURITIES

We will issue the debt securities under an indenture between us and The Bank of New York Mellon Trust Company, N.A. (as successor trustee to The Bank of New York), as trustee. We have summarized selected provisions of the indenture and the debt securities below. This summary is not complete and is qualified in its entirety by reference to the indenture. If you would like more information on the provisions of the indenture, you should review the indenture which is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part.

You should carefully read the summary below, the applicable prospectus supplement and the provisions of the indenture before investing in our debt securities.

References in this section of the prospectus to **Corn Products**, **the Company**, **we**, **us** and **our** are to **Corn Products International, Inc.**, the issuer of the debt securities.

General

We may issue debt securities at any time and from time to time in one or more series without limitation on the aggregate principal amount. The indenture gives us the ability to reopen a previous issue of a series of debt securities and issue additional debt securities of the same series, but we will not reopen a series unless the additional notes are fungible with the previously issued notes for U.S. federal income tax purposes. The debt securities will be unsecured and will rank equally with all our unsecured and unsubordinated indebtedness. The terms of any series of debt securities will be set forth in (or determined in accordance with) a resolution of our Board of Directors or in a supplement to the indenture relating to that series. The terms of our debt securities will include those set forth in the indenture and those made a part of the indenture by the Trust Indenture Act of 1939, as amended.

A supplement to this prospectus will describe specific terms relating to the series of debt securities being offered. If any particular terms of the debt securities described in a prospectus supplement differ from any of the terms described in this prospectus, then the terms described in the applicable prospectus supplement will supersede the terms described in this prospectus. These terms will include some or all of the following:

the title of the series of debt securities;

the total principal amount;

the interest rate or rates, if any (which may be fixed or variable), interest payment dates, and whether we may defer interest payments;

the date or dates of maturity;

whether the debt securities can be redeemed by us;

Table of Contents

whether the holders will have the right to cause us to repurchase the debt securities;

whether there will be a sinking fund;

the portion of the debt securities due upon acceleration of maturity in the event of a default;

the denominations in which the debt securities will be issuable if other than denominations of \$1,000 and any integral multiple of \$1,000;

the form used to evidence ownership of the debt securities;

whether the debt securities are convertible;

the manner of payment of principal and interest;

additional offices or agencies for registration of transfer and exchange and for payment of the principal, premium (if any), and interest;

whether the debt securities will be registered or unregistered, and the circumstances upon which such debt securities may be exchanged for debt securities issued in a different form (if any);

if denominated in a currency other than United States dollars, the currency or composite currency in which the debt securities are to be denominated, or in which payments of the principal, premium (if any), and interest will be made and the circumstances when the currency of payment may be changed (if any);

if we or a holder can choose to have the payments of the principal, premium (if any), or interest made in a currency or composite currency other than that in which the debt securities are denominated or payable, how such a choice will be made and how the exchange rate between the two currencies will be determined;

if the payments of principal, premium (if any), or interest may be determined with reference to one or more securities issued by us, or another company, or any index, how those amounts will be determined;

whether defeasance provisions will apply; and

any other terms consistent with the indenture.

Each series of debt securities will be a new issue with no established trading market. There can be no assurance that there will be a liquid trading market for the debt securities.

We may purchase debt securities at any time in the open market or otherwise. Debt securities we purchase may, in our discretion, be held or resold, canceled or used by us to satisfy any sinking fund or redemption requirements.

Debt securities bearing no interest or interest at a rate which, at the time of issuance, is below the prevailing market rate may be sold at a substantial discount below their stated principal amount. Special United States federal income tax considerations applicable to any of these discounted debt securities (or to certain other debt securities issued at par which are treated as having been issued at a discount for United States federal income tax purposes) will be described in a prospectus supplement.

Certain Restrictions

The restrictions summarized in this section apply to all debt securities unless a prospectus supplement indicates otherwise. Certain terms used in the following description of these restrictions are defined under the caption **Certain Definitions** at the end of this section.

Limitations on Secured Debt. The debt securities will not be secured. If we or our Tax Consolidated Subsidiaries incur debt secured by an interest on Principal Property (including Capital Stock or indebtedness of any Subsidiary), we are required to secure the then outstanding debt securities equally and ratably with (or prior to) our secured debt.

Table of Contents

The indenture permits us to create the following types of liens, which we refer to as Permitted Encumbrances, without securing the debt securities:

liens existing at the time of acquisition of the affected property or purchase money liens incurred within 270 days after acquisition of the property;

liens affecting property of a corporation existing at the time it becomes a Subsidiary or at the time it is merged into or consolidated with or purchased by us or a Tax Consolidated Subsidiary;

liens existing on the date of the indenture;

certain liens in connection with legal proceedings and government contracts and certain deposits or liens made to comply with government contracts or statutes;

certain statutory liens or similar liens arising in the ordinary course of business;

liens for certain judgments and awards; and

certain extensions, renewals or replacements of any liens referred to above.

Limitations on Sale and Lease-Back Transactions. We and our Tax Consolidated Subsidiaries may not sell or transfer any Principal Property with the intention of entering into a lease of such facility (except for temporary leases of a term, including renewals, not exceeding five years) unless any one of the following is true:

the transaction is to finance the purchase price of property acquired or constructed;

the transaction involves the property of someone who is merging with us or one of our Tax Consolidated Subsidiaries who is selling substantially all of its assets to us or one of our Tax Consolidated Subsidiaries;

the transaction is with a governmental entity;

the transaction is an extension, renewal or replacement of one of the items listed above; or

within 120 days after the effective date of such transaction, we or our Tax Consolidated Subsidiaries repay our Funded Debt or purchase other property in an amount equal to the greater of (1) the net proceeds of the sale of the property leased in such transaction or (2) the fair value, in the opinion of our board of directors, of the leased property at the time of such transaction.

Exempted Indebtedness. Notwithstanding the limitations on secured debt and sale and lease-back transactions, we and our Tax Consolidated Subsidiaries may issue, assume, or guarantee indebtedness secured by a lien or other encumbrance without securing the debt securities, or may enter into sale and lease-back transactions without retiring Funded Debt, or enter into a combination of such transactions, if the sum of the principal amount of all such indebtedness and the aggregate value of all such sale and lease-back transactions does not at any such time exceed 10% of our Consolidated Net Tangible Assets.

Merger, Consolidation and Sale of Assets. We may not consolidate or merge with or into any other corporation, or sell, lease or transfer all or substantially all of our assets to any other entity, unless:

we survive the merger or consolidation or the surviving or successor corporation is a United States, United Kingdom, Italian, French, German, Japanese or Canadian corporation which assumes all of our obligations under the debt securities and under the indenture; and

after giving effect to the merger, consolidation, sale, lease or transfer, no event of default under the indenture or no event which, after notice or lapse of time or both, would become an event of default under the indenture shall have occurred and be continuing.

If we sell or transfer substantially all our assets and the purchaser assumes our obligations under the indenture, we will be discharged from all obligations under the indenture and the debt securities.

Table of Contents

Certain Definitions

Set forth below is a summary of certain defined terms as used in the indenture. See Article One of the indenture for the full definition of all such terms.

Capital Stock means and includes any and all shares, interests, participations or other equivalents (however designated) of ownership in a corporation or other person.

Consolidated Net Tangible Assets means the aggregate amount of all assets (less depreciation, valuation and other reserves and items deductible therefrom under generally accepted accounting principles) after deducting (a) all goodwill, patents, trademarks and other like intangibles and (b) all current liabilities (excluding any current liabilities that are extendible or renewable at our option for a time more than twelve months from the time of the calculation) as shown on our most recent consolidated quarterly balance sheet.

Funded Debt means any Indebtedness maturing by its terms more than one year from its date of issuance (notwithstanding that any portion of such Indebtedness is included in current liabilities).

Indebtedness means with respect to any person (i) any liability of such person (a) for borrowed money, or (b) evidenced by a bond, note, debenture or similar instrument (including purchase money obligations but excluding trade payables), or (c) for the payment of money relating to a lease that is required to be classified as a capitalized lease obligation in accordance with generally accepted accounting principles; (ii) any liability of others described in the preceding clause (i) that such person has guaranteed, that is recourse to such person or that is otherwise its legal liability; and (iii) any amendment, supplement, modification, deferral, renewal, extension or refunding of any liability of the types referred to in clauses (i) and (ii) above.

Principal Property means any manufacturing plant or warehouse owned or leased by us or one of our Tax Consolidated Subsidiaries located within the United States, the gross book value of which exceeds one percent of Consolidated Net Tangible Assets, other than manufacturing plants and warehouses that are financed by a governmental entity or that, in the opinion of our board of directors, is not of material importance to the business conducted by us and our Tax Consolidated Subsidiaries, taken as a whole.

Subsidiary means any corporation of which we control at least a majority of the outstanding stock capable of electing a majority of the directors of such corporation. In this context, control means that we or our Subsidiaries own the stock, or that we or our subsidiaries have the power to direct the voting of the stock, or any combination of these items so long as we have the ability to elect a majority of the directors.

Tax Consolidated Subsidiary means a Subsidiary with which we would be entitled to file a consolidated federal income tax return.

Events of Default

Under the indenture, *Event of Default* means, with respect to any series of debt securities:

failure to pay interest that continues for 30 days after payment is due;

failure to make any principal or premium payment when due;

default in the deposit of any sinking fund payment in respect of the debt securities of such series;

failure to comply with any of our other agreements contained in the indenture or in the debt securities for 90 days after the trustee notifies us of such failure (or the holders of at least 25% in principal amount of the outstanding debt securities affected by such failure notify us and the trustee);

failure to pay any principal, premium or interest on any of our Indebtedness which is outstanding in a principal amount of at least \$25 million in the aggregate (excluding Indebtedness evidenced by the debt securities or otherwise arising under the indenture), and the continuation of such failure after the applicable grace period, if any, specified in the agreement or instrument relating to such Indebtedness, or

Table of Contents

the occurrence or existence of any other event or condition under any agreement or instrument relating to any such Indebtedness that continues after the applicable grace period, if any, specified in such agreement or instrument, if the effect of such event or condition is to accelerate, or to permit the acceleration of, the maturity of such Indebtedness, or

the declaration that any such Indebtedness is due and payable, or required to be prepaid (other than by a regularly scheduled required prepayment), redeemed, purchased or defeased, or the requirement that an offer to prepay, redeem, purchase or defease such Indebtedness be made, in each case prior to the stated maturity thereof;

certain events of bankruptcy, insolvency or reorganization involving us; or

any other event of default described in the prospectus supplement.

In general, the trustee must give both us and you notice of a default for the debt securities you hold. The trustee may withhold notice to you (except defaults as to payment of principal, premium or interest) if it determines that the withholding of such notice is in the best interest of the holders affected by the default.

If a default is caused because we fail to comply with any of our agreements contained in the indenture or in the debt securities, either the trustee or the holders of at least 25% principal amount of the debt securities affected by the default may require us to immediately repay the principal and accrued interest on the affected series.

The trustee may refuse to exercise any of its rights or powers under the indenture unless it first receives satisfactory security or indemnity. Subject to certain limitations specified in the indenture, the holders of a majority in principal amount of the then outstanding debt securities of an affected series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture or exercising any trust or power conferred on the trustee with respect to the debt securities of the affected series.

Modification of the Indenture

With the consent of the holders of at least a majority of the principal amount of a series of the debt securities outstanding, we may change the indenture or enter into a supplemental indenture that will then be binding upon that series. However, no changes may be made in this way to any of the following terms:

maturity;

payment of principal or interest;

the currency of the debt;

the premium (if any) payable upon redemption;

the amount to be paid upon acceleration of maturity; or

reducing the percentage required for changes to the indenture.

In addition, we may modify the indenture without the consent of the holders to, among other things:

add covenants;

change or eliminate provisions of the indenture so long as such changes do not adversely affect current holders; and

cure any ambiguity or correct defective provisions.

Discharge of the Indenture

We will be discharged from certain of our obligations relating to the outstanding debt securities of a series if we deposit with the trustee money or certain government obligations sufficient for payment of all

Table of Contents

principal and interest on those debt securities, when due. However, our obligation to pay the principal of and interest on those debt securities will continue.

We may discharge obligations as described in the preceding paragraph only if, among other things, we have received an opinion of counsel stating that holders of debt securities of the relevant series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit and discharge which will be any different than if the deposit and discharge had not occurred.

Book-Entry Securities

The debt securities of a series will be represented by one or more global securities. Unless otherwise indicated in the prospectus supplement, the global security representing the debt securities of a series will be deposited with, or on behalf of, The Depository Trust Company, New York, New York, or DTC, or other successor depository we appoint and registered in the name of the depository or its nominee. Unless and until it is exchanged in whole or in part for individual certificates evidencing debt securities, a global security may not be transferred except as a whole by the depository to its nominee or by the nominee to the depository, or by the depository or its nominee to a successor depository or to a nominee of the successor depository. The debt securities will not be issued in definitive form unless otherwise provided in the prospectus supplement.

We anticipate that DTC will act as depository for the debt securities. The debt securities will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee). One fully-registered global security will be issued with respect to each \$500 million of principal amount of debt securities of a series, and an additional certificate will be issued with respect to any remaining principal amount of debt securities of such series.

DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds securities that its participants deposit with DTC. DTC also facilitates the settlement among participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly owned subsidiary of The Depository Trust & Clearing Corporation, or DTCC. DTCC, in turn is owned by a number of direct participants of DTC and members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation (which are also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to indirect participants such as securities brokers and dealers, banks and trust companies that clear transactions through or maintain a custodial relationship with a direct participant, either directly or indirectly. The rules applicable to DTC and its participants are on file with the SEC. More information about DTC can be found at www.dtcc.com.

Purchases of debt securities under the DTC system must be made by or through direct participants, which will receive a credit for the debt securities on DTC's records. The ownership interest of each actual purchaser of each debt security will be recorded on the direct and indirect participants' records. These beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to receive a written confirmation providing details of the transaction, as well as periodic statements of their holdings, from the direct or indirect participants through which the beneficial owner entered into the transaction. Transfers of ownership interests in the debt securities are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in debt securities, except

in the event that use of the book-entry system for the debt securities is discontinued.

To facilitate subsequent transfers, all debt securities deposited by participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co. The deposit of debt securities with DTC and their

Table of Contents

registration in the name of Cede & Co. will not change the beneficial ownership of the debt securities. DTC has no knowledge of the actual beneficial owners of the debt securities; DTC's records reflect only the identity of the direct participants to whose accounts the debt securities are credited, which may or may not be the beneficial owners. The participants are responsible for keeping account of their holdings on behalf of their customers.

Conveyances of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the debt securities of a series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in such series to be redeemed.

In any case where a vote may be required with respect to the debt securities of any series, neither DTC nor Cede & Co. will consent or vote with respect to such debt securities unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the debt securities of the series are credited on the record date (identified in a listing attached to the omnibus proxy).

Principal of, and premium, if any, and interest, if any, on the debt securities will be paid to Cede & Co., as nominee of DTC. DTC's practice is to credit direct participants' accounts, upon DTC's receipt of funds and corresponding detail information from us or the trustee, on the applicable payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in street name, and will be the responsibility of that participant and not of DTC, the trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium and interest to Cede & Co. is the responsibility of us or the trustee. Disbursement of payments from Cede & Co. to direct participants is DTC's responsibility. Disbursement of payments to beneficial owners is the responsibility of direct and indirect participants.

In any case where we have made a tender offer for the purchase of any debt securities, a beneficial owner must give notice through a participant to a tender agent to elect to have its debt securities purchased or tendered. The beneficial owner must deliver debt securities by causing the direct participants to transfer the participant's interest in the debt securities, on DTC's records, to a tender agent. The requirement for physical delivery of debt securities in connection with an optional tender or a mandatory purchase is satisfied when the ownership rights in the debt securities are transferred by direct participants on DTC's records and followed by a book-entry credit of tendered debt securities to the tender agent's account.

DTC may discontinue providing its services as depository for the debt securities at any time by giving reasonable notice to us or the trustee. Under these circumstances, if a successor depository is not obtained, then debt security certificates must be delivered.

We may decide to discontinue use of the system of book-entry transfers through DTC (or a successor depository). In that event, debt security certificates will be printed and delivered.

We obtained the information in this section concerning DTC and DTC's book-entry system from sources that we believe to be reliable, but we take no responsibility for the accuracy of this information.

INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution.

An estimate of the various expenses in connection with the sale and distribution of the debt securities being offered will be included in the applicable prospectus supplement.

Item 15. Indemnification of Directors and Officers.

Corn Products is a Delaware corporation. Section 145 of the General Corporation Law of the State of Delaware, as amended, provides that under certain circumstances a corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that such person is or was a director, officer, employee or agent of the corporation or is or was serving at its request in such capacity in another corporation or business association, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful. The statute provides that indemnification pursuant to its provisions is not exclusive of other rights of indemnification to which a person may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors, or otherwise.

Article VII of our By-Laws provides that Corn Products shall indemnify our directors and officers and the directors and officers of our subsidiaries against certain liabilities (including attorneys' fees related thereto) that may arise as a result of such service to the fullest extent permitted by the General Corporation Law of the State of Delaware as the same exists now or may hereafter be amended.

Corn Products is also empowered by Section 102(b)(7) of the General Corporation Law of the State of Delaware to include a provision in its certificate of incorporation to limit under certain circumstances a director's liability to Corn Products or its stockholders for monetary damages for breaches of fiduciary duty as a director. Article Tenth of Corn Products' Amended and Restated Certificate of Incorporation states that directors of Corn Products shall not be liable to Corn Products or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to Corn Products or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) unlawful dividend payments, stock repurchases or redemptions, or (iv) for any transaction from which the director derived an improper personal benefit.

Corn Products maintains insurance policies under which the directors and officers of Corn Products are insured, within the limits and subject to the limitations of the policies, against certain expenses in connection with the defense of actions, suits or proceedings, and certain liabilities which might be imposed as a result of such actions, suits or proceedings, to which they are parties by reason of being or having been such directors or officers which could include liabilities under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended.

Corn Products has entered into indemnification agreements with all its officers and directors. These agreements provide such officers and directors with indemnification against certain liabilities (including attorneys' fees related thereto) that may arise as a result of such service to the fullest extent permitted by the General Corporation Law of the State of Delaware as the same exists now or may hereafter be amended.

Item 17. Undertakings.

The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

- (i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
- (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; *provided, however*, that the undertakings set forth in paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

- (i) Each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and
- (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the

registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;
- (iii) the portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and
- (iv) any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the provisions described under Item 15 above, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
